Dear Colleagues,

This afternoon we announced the acquisition of Yodlee, a leading technology and applications platform powering dynamic, cloud-based innovation for digital financial services.

Yodlee powers digital financial solutions for over 20 million paid users and over 850 financial institutions and financial technology innovators. Founded in 1999, the company has built a network of over 14,000 data sources and been awarded 72 patents.

The proposed transaction, which is expected to close early next year, will integrate Envestnet's wealth management network with Yodlee's personal financial network to create a network and technology platform that comprehensively connects financial advisors and consumers through data and services.

## Edgar Filing: YODLEE INC - Form 425

What we are proposing is a powerful combination of two highly innovative companies that share the same vision: enabling an unmatched level of wealth management customer engagement and simplifying the financial lives of the billions of consumers and small- to medium-sized business owners around the world. Yodlee's ability to bring financial data together in unique ways to drive innovative digital financial solutions and deliver critical data insights will strengthen Envestnet's wealth management solutions by providing a uniquely holistic view of an individual's financial profile that extends financial planning capabilities. As a result, every element of the financial advice process will be enhanced.

This acquisition is another example of a strategic transaction, enhancing a key component of our wealth management platform. Such acquisitions are a key part of our future growth strategy and we are fortunate to be in a position to make them.

We are excited about the power of the combined organization and how, together, we can empower advisors to Cross the Digital Divide.

Yodlee has more than 975 employees in four global offices: Redwood City, CA (headquarters); Bangalore, India; Brisbane, Australia; and London, UK.

Please join me in welcoming the Yodlee team to Envestnet.
