ITEM 7.01 Regulation FD Disclosure.

As previously announced on March 13, 2018, KBR, Inc. ("KBR") has launched its refinancing, which is expected to consist of secured credit facilities including a revolving credit agreement, a performance letter of credit facility, and two term loans. KBR will not issue equity to the market as part of this refinancing process.

On March 14, 2018, KBR will be presenting a lender presentation, an excerpt of which is being furnished as Exhibit 99.1 hereto, to certain lenders in connection with the contemplated refinancing. There can be no assurance that the contemplated refinancing will be completed.

KBR's presentation, in addition to containing results that are determined in accordance with accounting principles generally accepted in the United States of America ("GAAP"), contains a "non-GAAP financial measure" as that term is defined by the rules and regulations of the Securities and Exchange Commission ("SEC").

The non-GAAP financial measure used in the presentation should not be considered in isolation of, as a substitute for, or superior to, financial information prepared in accordance with GAAP. The non-GAAP financial measure as used in the presentation may differ from similarly titled measures presented by other companies. The non-GAAP financial measure, as well as other information in the presentation, should be read in conjunction with KBR's financial statements filed with the SEC. A reconciliation of the non-GAAP financial measure to GAAP appears at the end of the excerpt from the presentation furnished as Exhibit 99.1 hereto.

The information contained in this Item 7.01 and in the accompanying Exhibit 99.1 shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or incorporated by reference in any filing under the Exchange Act or the Securities Act of 1933, as amended, except as shall be expressly set forth by specific reference in such filing. KBR undertakes no duty or obligation to publicly update or revise this information.
