2003 ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD ON TUESDAY, APRIL 15, 2003**

SOLICITATION, REVOCABILITY AND VOTING OF PROXIES

This Proxy Statement is being issued in connection with the solicitation of proxies by the Board of Directors of Guaranty Bancshares, Inc. (the Company) for use at the 2003 Annual Meeting of Shareholders of the Company to be held at 100 West Arkansas, Mount Pleasant, Texas, on Tuesday, April 15, 2003, beginning at 2:00 p.m. (local time), and any adjournment thereof (the Meeting), for the purposes set forth in this Proxy Statement and the accompanying Notice of 2003 Annual Meeting of Shareholders (Notice of Meeting). This Proxy Statement, the Notice of Meeting and the enclosed form of proxy will first be sent to shareholders on or about March 14, 2003.

Voting of Proxies

Shares represented at the Meeting by an executed and unrevoked proxy in the form enclosed will be voted in accordance with the instructions contained therein. If no instructions are given on an executed and returned form of proxy, the proxies intend to vote the shares represented thereby in favor of each of the proposals to be presented to and voted upon by the shareholders as set forth herein.

The Board of Directors knows of no other matters to be presented at the Meeting. If any other matter should be presented at the Meeting upon which a vote may be properly taken, shares represented by an executed and unrevoked proxy received by the Board of Directors may be voted with respect thereto in accordance with the judgment of the proxies. The proxy also confers on the proxies the discretionary authority to vote with respect to any matter presented at the Meeting for which the Company, in accordance with the Company's Bylaws, did not receive advance notice.

Revocability of Proxies

Any proxy given by a shareholder may be revoked by such shareholder at any time before it is exercised by submitting to the Secretary of the Company a duly executed proxy bearing a later date, delivering to the Secretary of the Company a written notice of revocation, or attending the Meeting and voting in person. In the event a shareholder's shares are held in street name, such shareholder must contact his bank or broker to revoke his proxy.

- 2 -

Solicitation

The cost of this solicitation of proxies is being borne by the Company. Solicitations will be made only by the use of the mail, except that, if deemed desirable, officers and regular employees of the Company may solicit proxies by telephone, telegraph or personal calls, without being paid additional compensation for such services. Brokerage houses, custodians, nominees and fiduciaries will be requested to forward the proxy soliciting material to the beneficial owners of the common stock, par value \$1.00 per share, of the Company (the Common Stock) held of record by such persons, and the Company will reimburse them for their reasonable expenses incurred in this connection.

Annual Report

The Company's Annual Report to Shareholders, including financial statements, for the year ended December 31, 2002, accompanies but does not constitute part of this Proxy Statement.

VOTING SHARES AND VOTING RIGHTS

Only holders of record of Common Stock at the close of business on March 3, 2003 (the Record Date), are entitled to notice of and to vote at the Meeting and any adjournments or postponements thereof. At that time, there were outstanding 2,921,928 shares of Common Stock, which is the only outstanding class of voting securities of the Company. A majority of the outstanding shares of Common Stock must be represented at the Meeting in person or by proxy in order to constitute a quorum for the transaction of business. Each holder of Common Stock shall have one vote for each share of Common Stock registered on the Record Date, in such holder's name on the books of the Company.

The affirmative vote of the holders of a plurality of the outstanding shares of Common Stock represented at the Meeting is required to elect the Class III nominees to the Board of Directors. There will be no cumulative voting in the election of directors. Abstentions and shares held of record by a broker or nominee that are voted on in any matter are included in determining whether a quorum exists. An abstention, a non-vote or a withholding of authority to vote, with respect to one or more nominees for director will not have the effect of a vote against such nominee or nominees.

The affirmative vote of the holders of a majority of the outstanding shares of Common Stock represented at the Meeting is required to approve the appointment of the auditors. An abstention will have the effect of a vote against the appointment. However, a broker non-vote will be deemed shares not present to vote on such matter and will have no effect on such matter.

A broker non-vote occurs if a broker or other nominee of shares does not have discretionary authority to vote the shares and has not received voting instructions with respect to a particular matter. Under the applicable rules, all of the proposals for consideration at the Meeting are considered discretionary items upon which brokers or other nominees may vote in their discretion on behalf of their clients if such clients have not furnished voting instructions.

ELECTION OF DIRECTORS

Election Procedures; Term of Office

The Board of Directors currently consists of eleven directors. In accordance with the Company's Amended and Restated Bylaws, members of the Board of Directors are divided into three classes, Class I, Class II and Class III. The members of each class are elected for a term of office to expire at the third succeeding annual meeting of shareholders following their election. The term of office of the current Class III directors expires at the Meeting. The terms of the current Class I and Class II directors expire at the annual meeting of shareholders in 2004 and 2005, respectively. The four Class III nominees, if elected at the Meeting, will serve until the annual meeting of shareholders in 2006.

- 3 -

Unless the authority to vote for the election of directors is withheld as to one or more of the nominees, all shares of Common Stock represented by proxy will be voted **FOR** the election of all four nominees. If the authority to vote for the election of directors is withheld as to one but not all of the nominees, all shares of Common Stock represented by any such proxy will be voted **FOR** the election of the nominee as to whom such authority is not withheld.

If a nominee becomes unavailable to serve as a director for any reason before the election, the shares represented by proxy will be voted for such other person, if any, as may be designated by the Board of Directors. The Board of Directors, however, has no reason to believe that any nominee will be unavailable to serve as a director. All of the nominees have

Stock Option Plan

The Company's Board of Directors and shareholders approved the Guaranty Bancshares, Inc. 1998 Stock Incentive Plan in 1998 (the 1998 Plan), which authorizes the issuance of up to 1,000,000 shares of Common Stock under both non-qualified and incentive stock options to employees and non-qualified stock options to directors who are not employees. Generally, under the 1998 Plan it is intended that the options will vest 20% at the end of the first year following the date of grant and an additional 20% at the end of each subsequent year and becoming fully vested at the end of year five. Options under the 1998 Plan generally must be exercised within ten years following the date of grant or no later than three months after optionee's termination with the Company, if earlier. The 1998 Plan also provides for the granting of restricted stock awards, stock appreciation rights, phantom stock awards and performance awards on substantially similar terms. The 1998 Plan provides that in the event of a change in control of the Company, all options granted immediately vest and become exercisable. In addition, the 1998 Plan permits the Compensation Committee, which administers the 1998 Plan, discretion in the event of a change in control to modify in certain respects the term of awards under the 1998 Plan, including (i) providing for the payment of cash in lieu of such award, (ii) limiting the time during which an option may be exercised (iii) making adjustments to options to reflect the change in control and (iv) providing that options shall be exercisable for another form of consideration in lieu of the Common Stock pursuant to the terms of the transaction resulting in a change in control. For the year ended December 31, 2002, 20,000 options were granted under the 1998 Plan, 5% of which were granted to the named executive officers. Options to purchase an additional 893,500 shares are available for issuance under the 1998 Plan. Certain other named officers have previously received stock options as indicated on page 10.

Option Grants for Year Ended December 31, 2002

Name	Individual Grants				Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term (2)	
	Number of Shares Underlying Options (1)	% of Total Options Granted to Employees in 2002	Exercise Price	Expiration Date	5% Appreciation \$ Gain	10% Appreciation \$ Gain

----------	-------	------	-------	---------	-------	--------

- (1) Options to purchase 20,000 shares of common stock were granted to the Company's employees during 2002.
- (2) The potential realizable value portion of the foregoing table illustrates values that might be realized upon exercise of the options immediately prior to the expiration of their term assuming the specified compounded rates of appreciation of the Company's Common Stock over the term of the options. These numbers do not take into account provisions of certain options providing for termination of the options following termination of employment, non-transferability or differences in vesting periods. Regardless of the theoretical value of an option, its ultimate value will depend on the market value of the Common Stock at a future date, and that value will depend on a variety of factors, including the overall condition of the stock market and the Company's results of operations and financial condition. Accordingly, the ultimate value realized may be materially different from the amounts presented in the foregoing table.

Bonus Plan

The Company has established an incentive compensation program (the Bonus Plan) for its officers, including executive officers, and employees of the Company and the Bank. The Bonus Plan provides for a bonus pool in an amount based on a graduated percentage of the Bank's return on equity. For the year ended December 31, 2002, the bonus pool is funded with 10% of after-tax income based upon the Bank achieving a return on equity of 10.6%. The bonus pool increases to a maximum of 14.5% of after-tax income if the Bank achieves a return on equity of 16.0% or greater. The Bank's actual return on equity for the year ended December 31, 2002 was 13.84% and the bonus pool was funded with 13.6% of after-tax income. The percent of after-tax income used to fund the bonus pool and the minimum return on equity requirements are determined annually by the Board of Directors based on the Company's and the Bank's budget for that year. Allocation of the bonus pool is in the discretion of the Board of Directors and is generally based upon management's recommendations regarding an employee's merit. The bonus pool was \$874,000, \$679,000, and \$444,000 for the year ended December 31, 2002, 2001 and 2000, respectively.

The 401(k) Plan calls for an employer matching contribution on behalf of each 401(k) Plan participant of up to 4.0% of such participant's qualified compensation. At December 31, 2002, the book value of 401(k) Plan assets was approximately \$6.5 million, with an approximate market value of \$10.1 million. Supplemental Retirement Plan. In 1992, the Company established a non-qualified, non-contributory retirement plan for the Company's Chairman Bill G. Jones who retired from the Bank in 1996. The plan generally provides benefits equal to amounts payable under the Bank's retirement plan and certain social security benefits to aggregate a predetermined percentage of Mr. Jones' average salary over the five year period immediately prior to his retirement. Accordingly, this plan amount is not based on the salary and bonus of Mr. Jones as listed in the Summary Compensation Table on page 8. The recorded accrued liability with respect to this plan accrues an annual interest rate of 9%. The Company pays to Mr. Jones \$35,326 each year with respect to this plan without withholding any social security tax from such amount. Plan expenses are as follows:

	Years Ended December 31,		
	2002	2001	2000
Supplemental retirement plan expense	\$ 11,000	\$ 13,000	\$ 15,000

Executive Incentive Retirement Plan. In 1998, the Company established a non-qualified, non-contributory incentive retirement plan for certain executive officers of the Company and the Bank. The plan provides retirement benefits in amounts based on a selected percentage of salary, which varies depending upon each officer's responsibility and longevity with the Company or the Bank. Accordingly, an executive officer's bonus as listed in the Summary Compensation Table on page 8 is not used in calculating this benefit. The percentage of salary which is contributed to the retirement plan by the Company is determined by the performance of the Company, however, no contribution to this plan is made in any given year in which the Company's earnings fail to meet the minimum targeted performance goal for that year. The executive officer is not required to pay social security tax until a payment is received by the executive officer under the plan. The plan is non-funded. Plan expenses are as follows:

	Years Ended December 31,		
	2002	2001	2000
Executive incentive retirement plan expense	\$ 50,000	\$ 35,000	\$ 29,000

Salary Continuation Plan. In August 1998, the Company established a non-qualified, non-contributory salary continuation plan for the Company's President Arthur B. Scharlach, Jr. The plan is designed to provide benefits over a ten-year

period equal to 75% of Mr. Scharlach's projected compensation at retirement as adjusted for amounts payable under the Company's retirement plan and certain social security benefits. Mr. Scharlach pays social security tax on this benefit on an annual basis. The plan is non-funded. Plan expenses are as follows:

	Years Ended December 31,		
	2002	2001	2000
Salary continuation plan expense	\$ 116,000	\$ 111,000	\$ 100,000

BOARD COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The following is a report from the Compensation Committee of the Company describing the policies pursuant to which compensation is paid to executive officers of the Company and the Bank during 2002.

The Compensation Committee of the Board of Directors is responsible for developing and making recommendations to the Board with respect to the Company's executive compensation policies. C. A. Hinton, Sr. (Chairman), Weldon Miller, and Jonice Crane serve on the Compensation Committee. The Compensation Committee prepares a report which sets forth the components of the Company's executive officer compensation program and describes the basis on which the 2002 compensation determinations are made by the Compensation Committee with respect to the executive officers of the Company and the Bank.

Compensation Philosophy and Base Salary

The Company believes that compensation of its executive officers should enhance and reinforce the goals of the Company for profitable growth and continuation of a sound overall condition by providing key employees with additional financial rewards for the attainment of such growth and stable financial and operating conditions. The Compensation Committee believes that these goals are best supported by rewarding individuals for outstanding contributions to the Company's success and by compensating its executive officers competitively with the compensation of similarly situated executive officers.

The base salary levels for each officer are determined by comparisons to salary levels for executive officers of selected banks and bank holding companies of similar size in the Company's market. In addition, the Compensation Committee takes into account individual experience, individual performance, individual potential, cost of living considerations and specific issues particular to the Company. Base levels approximate the median level of such comparative rates and are considered by the Compensation Committee to be competitive and reasonable.

The Compensation Committee monitors the base salary levels and the various incentives of the named executive officers of the Company and the Bank to ensure that overall compensation is consistent with the Company's objectives and remains competitive within the area of the Company's operations. In setting the goals and measuring an executive's performance against those goals, the Company considers the performance of its competitors and general economic and market conditions. None of the factors included in the Company's strategic and business goals are assigned a specific weight. Instead, the Compensation Committee recognizes that the relative importance of these factors may change in order to adapt the Company's operations to specific business challenges and to reflect changing economic and marketplace conditions.

- 12 -

Bonus Plan

In addition to the base salary, the Bonus Plan allows certain officers, including the named executive officers of the Company and the Bank, to receive incentive compensation which is based on individual as well as Company performance. The aggregate amount of bonus awarded to all eligible participants is based on the funding of the bonus pool. For the year ended December 31, 2002, the maximum funding occurred if the Bank's return on equity was 16.0% or greater. For 2002, the bonus pool was funded with 13.6% of after-tax income. The bonus pool is allocated among all employees, including the named executive officers, of the Company and the Bank based on a number of factors including level of responsibility, individual

performance and Company and Bank performance.

Contributory Profit Sharing Plan

In addition, each of the named executive officers are participants in the Company's 401(k) Plan established pursuant to Internal Revenue Code Section 401(k) covering substantially all employees. The Company partially matches employee contributions to this plan up to 4% of the employee's base salary.

Incentive Stock Options

Stock options have been the Company's primary form of long-term incentive compensation. Each of the named executive officers and other senior officers of the Company and the Bank are eligible to participate in the Company's 1998 Plan. During the year ended December 31, 2002, there were 20,000 non-qualified stock options granted, 5% of which were granted to the named executive officers.

2002 Compensation of the Chief Executive Officer and President

In reviewing the 2002 compensation of the Company's Chairman of the Board, Bill G. Jones, and the Company's President and Chief Executive Officer, Arthur B. Scharlach, Jr., the Compensation Committee undertook the same evaluation set forth above with respect to its other executive officers. In addition, the Compensation Committee reviewed each of their compensation history, executive compensation survey data and comparative performance information.

Base Salary. For comparative compensation purposes for the year 2002, the Compensation Committee identified a peer group of banks. The base salary for each officer was determined on the basis of the peer group banks (determined on the basis of their published 2001 market data), the experience and personal performance of the officer and internal comparable considerations. The weight given to each of these factors differs from individual to individual, as the Compensation Committee deems appropriate. The compensation levels for these officers for the year 2002 is within the same range as other executive officers holding comparable positions at peer group banks, based on the published 2001 market data for those banks.

For purposes of the stock price performance graph, which appears later in this proxy statement, the Company has selected the Southwest Bank Index, the SNL Southwest Bank Index and the S&P 500 Total Return Index. However, in selecting companies to survey for such comparison purposes, the Compensation Committee considers many factors not directly associated with stock price performance, such as geographic location, growth rate, annual revenue, profitability, and market capitalization. For this reason, the number of companies surveyed for compensation data was substantially less than the number of companies included in the stock price performance graph.

Annual Incentive Compensation. Annual bonuses are earned by each officer primarily on the basis of the Company's achievement of certain corporate financial performance targets established each year. For the year ended December 31, 2002, bonuses are earned on the basis of the following factors: (i) Company net earnings targets established for each six month period; and (ii) the Company's achievement of certain established goals and objectives for the year. The actual bonus paid for the three years ended December 31 to each of the officers is listed in the Summary Compensation Table on page 8 as indicated in the bonus column.

Actual Compensation. Upon recommendation by the Compensation Committee, the Board of Directors of the Company set Mr. Jones' salary for 2002 at \$53,400 and the Board of Directors of both the Company and the Bank set Mr. Scharlach's salary for 2002 at \$256,625. In addition to his base salary, Mr. Jones and Mr. Scharlach each participates in the Company's Bonus Plan and the amount of bonus received is based primarily on the Bank's return on equity. From the Bonus Plan 2002, Mr. Jones earned a bonus of \$17,422 resulting in approximately 33% of his 2002 compensation being dependent on the success of the Company, and Mr. Scharlach earned a bonus of \$68,034 resulting in approximately 27% of his 2002 compensation being dependent on the success of the Company. The amount contributed by the Company to the 401(k) Plan in fiscal year 2002 for the benefit of Mr. Jones was \$5,312 and for the benefit of Mr. Scharlach was \$15,000. Mr. Jones also received a payment of \$35,326 in 2002 pursuant to a supplemental retirement plan. During 2002, the Company accrued approximately \$116,280 for the benefit of Mr. Scharlach pursuant to a salary continuation plan. The Compensation Committee believes that each of Mr. Jones' and Mr. Scharlach's total compensation is reasonable and competitive based on comparative performance information and the overall performance of the Company.

INTERESTS OF MANAGEMENT AND OTHERS IN CERTAIN TRANSACTIONS

Many of the directors, executive officers and principal shareholders of the Company (i.e., those who own 10% or more of the Common Stock) and their associates, which include corporations, partnerships and other organizations in which they are officers or partners or in which they and their immediate families have at least a 5% interest, are customers of the Bank. During 2002, the Bank made loans in the ordinary course of business to many of the directors, executive officers and principal shareholders of the Company and their associates, all of which were on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with persons unaffiliated with the Company and did not involve more than the normal risk of collectability or present other unfavorable features. Loans to directors, executive officers and principal shareholders of the Company are subject to limitations contained in the Federal Reserve Act the principal effect of which is to require that extensions of credit by the Bank to executive officers, directors and principal shareholders satisfy the foregoing standards. As of December 31, 2002, all of such loans aggregated \$6.1 million which was approximately 14.4% of the Company's Tier I capital at such date. The Company expects the Bank to continue to enter into such transactions, or transactions on a similar basis, with the directors, executive officers and principal shareholders of the Company and the Bank and their associates in the future.

PERFORMANCE GRAPH

The following Performance Graph compares the cumulative total shareholder return on the Company's Common Stock for the period from May 21, 1998, when the Common Stock was first listed on the Nasdaq National Market, to December 31, 2002, with the cumulative total return of the S&P 500 Total Return Index (S&P 500), the SNL Southwest Bank Index (SNL) and the Southwest Bank Index (SWBI) for the same period. Dividend reinvestment has been assumed. The Performance Graph assumes \$100 invested on May 21, 1998 in the Company's Common Stock, the S&P 500, the SNL and the SWBI. The Company has selected the SNL Index to replace the SWBI Index going forward. Management believes that the SNL Index includes banks and bank holding companies which are more similar in asset size to, and therefore, more representative of, the Company. The

historical stock price performance for the Company's stock shown on the graph below is not necessarily indicative of future stock performance.
