PROXY STATEMENT

2016 ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON April 29, 2016

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

Q: Why am I being asked to review these materials?

Ebix, Inc. (“Ebix,” the “Company” or “we”) is providing these proxy materials to you in connection with the solicitation of proxies by the Ebix Board of Directors (the “Board”) for use at the 2016 Annual Meeting of the Company’s Stockholders (the “Annual Meeting”). The Annual Meeting will take place at Embassy Suites Alpharetta, located at 5955 North Point Parkway, Alpharetta, GA 30022, at 9:00 a.m., Eastern Daylight Time, on Friday, April 29, 2016.

A: Stockholders are invited to attend the Annual Meeting and are requested to vote on the proposals described in this proxy statement. It is anticipated that this proxy statement and the form of proxy solicited on behalf of our Board of Directors will be filed with the Securities and Exchange Commission (“SEC”) and mailed to our stockholders on or about March 18, 2016.

Q: What information is contained in these materials?

The information included in this proxy statement relates to the proposals to be voted on at the Annual Meeting, the voting process, the compensation of certain of our most highly paid executive officers and our directors, and certain other required information. Our 2015 Annual Report on Form 10-K, which includes our audited consolidated financial statements for the year ended December 31, 2015, is also being furnished with this proxy statement.

Q: What does it mean if I received more than one proxy or voting instruction form?

A: It means that your shares are registered differently or are in more than one account. Please provide voting instructions for each proxy you receive to help ensure that all of your shares are voted.

Q: On what proposals will Ebix stockholders vote at the Annual Meeting?

A: There are three proposals to be considered and voted on at the Annual Meeting. The proposals to be voted on are as follows:

Proposal 1 — To elect eight directors, each to hold office for a one-year term ending on the date of the next succeeding annual meeting of stockholders or until such director's successor shall have been duly elected and qualified;

Proposal 2 — To ratify the appointment of Cherry Bekaert LLP as our independent registered public accounting firm for the year ending December 31, 2016;

Proposal 3 — To approve our Chief Executive Officer Annual Incentive Bonus Plan (the “Bonus Plan”) to qualify as performance-based compensation for tax deductibility under Section 162(m) of the Internal Revenue Code; and

Proposal 4 — To approve, by a non-binding advisory vote, the compensation of the Company’s named executive officers.

For a more detailed discussion of each of these proposals, please see the information included elsewhere in the proxy statement relating to these proposals.

Q: What are the Board’s voting recommendations?

A: The Board recommends that you vote your shares as follows:

- “FOR” the election of each of the eight nominees to the Board (Proposal 1);
- “FOR” the approval and ratification of the appointment of Cherry Bekaert LLP as our independent registered public accounting firm (Proposal 2);
- “FOR” the approval of the Bonus Plan to qualify as performance-based compensation for tax deductibility under Section 162(m) of the Internal Revenue Code (Proposal 3); and
- “FOR” the approval of the compensation of the Company’s named executive officers (Proposal 4).

If you give us your signed proxy but do not specify how to vote, we will vote your shares “FOR” each of the above proposals.

We are not aware of any matter to be presented at the Annual Meeting other than those described in the Notice of Meeting. If any other matters are properly brought before the Annual Meeting for consideration, the person named on your proxy will have the discretion to vote your shares according to such person’s best judgment.

Q: Who is entitled to vote at the Annual Meeting?

Holders of our common stock outstanding as of the close of business on March 11, 2016, the record date, are **A:** entitled to vote at the Annual Meeting. On each proposal presented for a vote at the Annual Meeting, each stockholder is entitled to one vote for each share of common stock owned as of the record date.

Q: What is the difference between a stockholder of record and a stockholder who holds stock in street name?

If your shares are registered in your name, you are a stockholder of record with respect to those shares. As a stockholder of record, you have the right to vote in person at the Annual Meeting or to vote by proxy on the proxy card included with these materials.

If your shares are held in the name of your broker, bank or other nominee, you are considered to be the “beneficial owner” of such shares, which are held in “street name.” If your shares are held in street name, your bank or brokerage firm (the record holder of your shares) forwarded these proxy materials, along with a voting instruction card, to you. As the beneficial owner, you have the right to direct your record holder how to vote your shares, and the record holder is required to vote your shares in accordance with your instructions. If you do not give instructions to your bank or brokerage firm, it will nevertheless be entitled to vote your shares with respect to “routine”

items, but it will not be permitted to vote your shares with respect to “non-routine” items. In the case of a non-routine item, your shares will be considered “broker non-votes” on that proposal.

Q: If I hold my shares in street name through my broker, will my broker vote these shares for me?

If you provide instructions on how to vote by following the instructions provided to you by your broker, your broker will vote your shares as you have instructed. If you do not provide your broker with voting instructions, **A:** your broker will vote your shares only if the proposal is a “routine” management proposal on which your broker has discretion to vote. On matters considered “non-routine,” brokers may not vote your shares without your instruction. Shares that brokers are not authorized to vote are referred to as “broker non-votes.”

Under NASDAQ Stock Market Business Conduct Rules, to which your broker is subject, brokers are prohibited from voting uninstructed shares for elections of directors, and the compensation of our named executive officers, in which case a broker non-vote will occur and your shares will **not** be voted on these matters.

Q: What are the quorum requirements for the Annual Meeting?

The presence of holders of a majority of our outstanding shares of common stock in person or by proxy constitutes **A:** a quorum for the Annual Meeting. Both abstentions and broker non-votes are counted as present for purpose of determining the presence of a quorum.

Q: What is the voting requirement to approve each of the proposals?

A: Proposal 1 — Pursuant to our Bylaws, the director candidates who receive the most votes will be elected to fill the eight available seats on our Board. This means that the eight director candidates or nominees who receive the greatest number of votes will be elected. Because abstentions, failures to vote or broker non-votes are not counted as “cast” votes, none of them will have any effect on the outcome of the proposal.

Proposal 2 — The proposal to ratify the appointment of Cherry Bekaert LLP as our independent registered public accounting firm requires the affirmative vote of a majority in voting interest of the Ebix stockholders present in person or by proxy and entitled to vote at the Annual Meeting and on the proposal. Because brokers may vote your shares on this proposal without instruction, there will be no broker non-votes for this proposal. If you fail to vote your shares in person or by proxy, your shares are not considered present at the Annual Meeting, and they will have no effect on the outcome of the proposal. If you return a signed proxy card but abstain from voting on the proposal, your shares will be considered as present and entitled to vote at the Annual Meeting and on the proposal but will not be voted “for” the proposal, and they will have the same effect as votes “against” the proposal.

Proposal 3 — The proposal to approve Company’s Bonus Plan to qualify as performance-based compensation for tax deductibility under Section 162(m) of the Internal Revenue Code requires the affirmative vote of a majority in voting interest of the Ebix stockholders present in person or by proxy and entitled to vote at the Annual Meeting and on the proposal. Because broker non-votes are not entitled to vote on the proposal because it is considered non-routine, broker non-votes have no effect on the outcome of the proposal. If you fail to vote your shares in person or by proxy, your shares are not considered present at the Annual Meeting, and they will have no effect on the outcome of the proposal. If you return a signed proxy card but abstain from voting on the proposal, your shares will be considered as present and entitled to vote at the Annual

Meeting and on the proposal but will not be voted “for” the proposal, and they will have the same effect as votes “against” the proposal.

Proposal 4 — The proposal to approve, by a non-binding advisory vote, the compensation of the Company’s named executive officers requires the affirmative vote of a majority in voting interest of the Ebix stockholders present in person or by proxy and entitled to vote at the Annual Meeting and on the proposal. The proposal with respect to the approval of the 2015 executive compensation paid to our named executive officers is “advisory” and not binding upon the Board. However, the Board will consider the results of the votes on this proposal in formulating future executive compensation policy. Because broker non-votes are not entitled to vote on the proposal because it is considered non-routine, broker non-votes have no effect on the outcome of the proposal. If you fail to vote your shares in person or by proxy, your shares are not considered present at the Annual Meeting, and they will have no effect on the outcome of the proposal. If you return a signed proxy card but abstain from voting on the proposal, your shares will be considered as present and entitled to vote at the Annual Meeting and on the proposal but will not be voted “for” the proposal, and they will have the same effect as votes “against” the proposal.

Q: What do I need to do now to vote at the Annual Meeting?

A: Stockholders of record may vote their shares in any of four ways:

Submitting a Proxy by Mail: If you choose to submit your proxy by mail, simply mark your proxy, date and sign it and return it in the postage-paid envelope provided;

Submitting a Proxy by Telephone: Submit a proxy for your shares by 11:59 p.m., Eastern Daylight Time, on April 28, 2016 by telephone by using the toll-free telephone number provided on your proxy card. Telephone voting is available 24 hours a day;

Submitting a Proxy by Internet: Submit your proxy via the internet. The website for internet proxy voting is on your proxy card. Internet proxy voting is also available 24 hours a day and will close at 11:59 p.m., Eastern Daylight Time, on April 28, 2016; or

Voting in Person: If you were registered as a stockholder on our books on March 11, 2016 or if you have a letter from your broker identifying you as a beneficial owner of our shares as of that date and granting you a legal proxy, you may vote in person by attending the Annual Meeting.

If you submit a proxy by telephone or via the internet, you should not return your proxy card. Instructions on how to submit a proxy by telephone or via the internet are located on the proxy card enclosed with this proxy statement.

Street name holders may submit a proxy by telephone or the internet, if their bank or broker makes these voting methods available, in which case the bank or broker will enclose related instructions with this proxy statement. If you hold your shares through a bank or broker, follow the voting instructions you receive from your bank or broker.

Q: Can I change my vote or revoke my proxy?

A: Yes. If you are a stockholder of record, you may change your vote or revoke your proxy at any time before the applicable vote at the Annual Meeting by:

Delivering to Computershare Shareowner Services a written notice, bearing a date later than the proxy, stating that you revoke the proxy;

Submitting a later-dated proxy relating to the same shares by mail, telephone or the internet prior to the applicable vote at the Annual Meeting; or

Attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not, by itself, revoke a proxy).

You should send any written notice or a new proxy card to: Ebix, Inc. c/o Computershare Shareowner Services, P.O. Box 3550, South Hackensack, NJ 07606-9250, or follow the instructions provided on your proxy card to submit a proxy by telephone or via the internet. You may request a new proxy card by calling Computershare Shareowner Services, Proxy Processing at 1-800-370-1163 (toll-free).

Q: Will anyone contact me regarding this vote?

We have retained Computershare Shareowner Services to distribute proxy solicitation materials to brokers, banks, and other nominees and to assist in the solicitation of proxies from our stockholders. The fee for this firm's services is estimated to be \$5,000, plus reimbursement for reasonable out-of-pocket costs and expenses.

In addition to solicitation by mail, our directors, officers and employees may solicit proxies from stockholders by telephone, letter, facsimile or in person but will not receive any additional compensation for these services. Following the original mailing of the proxy solicitation materials, we will request brokers, custodians, nominees and other record holders to forward copies of the proxy statement and related soliciting materials to beneficial owners for whom they hold shares of our common stock and to request authority for the exercise of proxies. In such cases, upon the request of the record holders, we will reimburse such holders for their reasonable expenses.

Q: Who has paid for this proxy solicitation?

All expenses incurred in connection with the solicitation of proxies, including the printing and mailing of this proxy statement, will be borne by Ebix.

Q: Where can I find the voting results of the Annual Meeting?

A:

We will announce preliminary voting results at the Annual Meeting and publish final detailed voting results on a Form 8-K, which we expect to file with the SEC within four business days after the Annual Meeting.

Q: Are there any dissenters' rights or appraisal rights with respect to any of the proposals described in this proxy statement?

A: There are no rights of appraisal or similar dissenter's rights with respect to any matter to be acted upon pursuant to this proxy statement.

Q: May I propose actions for consideration or nominate individuals to serve as directors at next year's annual meeting?

A: You may submit proposals for consideration at future annual stockholder meetings. In order for a stockholder proposal to be considered for inclusion in our proxy materials for the 2017 Annual Meeting of the Company's Stockholders (the "2017 Annual Meeting") pursuant to SEC Rule 14a-8, your proposal must be received by our Corporate Secretary no later than November 18, 2016 (unless the meeting date is changed by more than 30 days from April 29, 2017, in which case a proposal must be received a reasonable time before we print proxy materials for the 2017 Annual Meeting) and must be submitted in compliance with the rule. Proposals should be directed to our Corporate Secretary, Ebix, Inc., 1 Ebix Way, Johns Creek, Georgia 30097, and should comply with the requirements of Rule 14a-8 and the requirements of our Bylaws.

If our Corporate Secretary receives at the address listed above any stockholder proposal intended to be presented at the 2017 Annual Meeting without inclusion in the proxy statement for the meeting after February 2, 2017 (unless the meeting date is changed by more than 30 days from the anniversary of the Annual Meeting, in which case a proposal must be received a reasonable time before we print proxy materials for the 2017 Annual Meeting), SEC Rule 14a-4(c) provides that the proxies designated by the Board will have discretionary authority to vote on such proposal. The proxies designated by the Board also will have such discretionary authority, notwithstanding the stockholder's compliance with the deadlines described above, if we advise stockholders in the proxy statement for the meeting about the nature of the matter and how management intends to vote on such matter, and the stockholder does not comply with specified provisions of the SEC's rules.

In January 2015, the Company amended its Bylaws in a way that changed the procedures by which stockholders may recommend nominees to the Company's Board of Directors. Section 3.10 of the Amended and Restated Bylaws creates certain advance notice requirements for stockholder nominations of directors at both annual and special meetings. To be timely, a director nomination by a stockholder for an annual meeting must be submitted not less than 90 nor more than 120 days before the anniversary date of the immediately preceding annual meeting. In the case of a nomination at a special meeting, notice of such nomination must be given within 10 days that notice of such meeting was provided or made public. Stockholders who wish to submit nominees for the position of director should submit their nominees in writing by mail to our Corporate Secretary, Ebix, Inc., 1 Ebix Way, Johns Creek, Georgia 30097. Nominations for the 2017 Annual Meeting must be received by January 30, 2017.

PROPOSALS

THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR

EACH OF PROPOSALS 1 THROUGH 3 BELOW.

PROPOSAL 1 — ELECTION OF DIRECTORS

Proposal

Proposal 1 is the election of eight nominees to the Board. In accordance with our Bylaws, the number of directors constituting the entire Board is fixed between four and eight directors. In accordance with the Director Nomination Agreement, as amended (defined below), the Corporate Governance and Nominating Committee of the Board has recommended all of our current directors be nominated for re-

election. If elected, each will hold office until the next succeeding annual meeting of stockholders or until such director's successor shall have been duly elected and qualified. Information concerning all director nominees appears below.

The Board expects that all of the nominees will, if elected, be available to serve. Except as otherwise provided for in the Director Nomination Agreement, if a nominee should decline re-election or become unable to serve for any reason, votes will be cast for a substitute nominee, if the Board designates any such substitute nominee, or, if no substitute nominee is so designated prior to the election, votes will be cast according to the judgment of the person or persons named in the proxy.

He currently serves on President Obama's Defense Business Board.

Areas of Relevant Experience. Mr. Wright has extensive experience in leading businesses, having served as the Chief Executive Officer, Chairman or as a board member of numerous companies, as well as extensive commercial and governmental experience.

The Board unanimously recommends that stockholders vote FOR the election of each of its nominees for director named above.

PROPOSAL 2 — RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Proposal

Based on the recommendation of our Audit Committee, we have retained Cherry Bekaert LLP ("CB") as our independent registered public accounting firm for the fiscal year ending December 31, 2016. CB has served as our independent registered public accounting firm since December 2008.

Although our Bylaws do not require that the stockholders ratify the appointment of CB as our independent registered public accounting firm, we are submitting the appointment of CB to the stockholders for ratification as a matter of good corporate governance. If our stockholders do not ratify the appointment, the Board and the Audit Committee will reconsider whether or not to retain CB. Even if the appointment is ratified, the Board and the Audit Committee, in their discretion, may change the appointment at any time during the year if they determine that such a change would be in the best interests of Ebix and its stockholders.

A representative of CB is expected to be present at the Annual Meeting and will be given an opportunity to make a statement if he or she so chooses and will be available to respond to appropriate questions.

The Board unanimously recommends that the stockholders vote FOR ratification of the appointment of Cherry Bekaert LLP as our independent registered public accounting firm for 2016.

Fees Paid to Our Independent Registered Public Accounting Firm

CB served as our independent registered public accounting firm for the years ended December 31, 2015 and 2014.

The following table sets forth fees for all professional services rendered by CB for the audit of our financial statements for 2015 and 2014 and fees billed for other services rendered by CB:

Services Rendered by Cherry Bekaert LLP	2015	2014
Audit Fees ⁽¹⁾	\$548,100	\$522,000
Audit Related Fees ⁽²⁾	\$87,231	\$162,859
Tax Compliance Service Fees	\$27,269	\$71,181
All Other Fees ⁽³⁾	\$2,208	\$—

(1) Includes fees for the audit of our annual financial statements included in our Form 10-K and reviews of the financial statements in our Forms 10-Q, but excluding audit-related fees.

(2) Includes fees associated with the review of valuation reports associated with business acquisition and audits of the Company's 401(k) plans, and related out of pocket expenses incurred by the auditors.

(3) Includes fees related to the audit of the financial statements and the Company's purchase accounting for certain acquired businesses.

Audit and Non-Audit Services Pre-Approval Policy

Consistent with SEC policies regarding auditor independence, our Audit Committee has the responsibility to appoint, set compensation and oversee the work of our independent auditor. In recognition of this responsibility, the Audit Committee has established a policy that requires it to pre-approve all audit and permitted non-audit services performed by our independent registered public accounting firm. Pre-approval is generally detailed as to the particular service or category of services and is subject to a specified budget. Management is required to seek pre-approval of services that will exceed the budget or for services that are not detailed in an existing pre-approval. The Chair of the Audit Committee has been delegated the authority to pre-approve certain services between regularly scheduled meetings, with ratification by the Audit Committee at the next regularly scheduled meeting. Management reports quarterly to the Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval and the fees for the services performed to date. All services performed by CB during fiscal years 2015 and 2014 were approved in accordance with this policy.

PROPOSAL 3— APPROVAL OF CHIEF EXECUTIVE OFFICER

ANNUAL INCENTIVE BONUS PLAN TO QUALIFY AS PERFORMANCE-BASED COMPENSATION FOR TAX DEDUCTIBILITY UNDER SECTION 162(M) OF THE INTERNAL REVENUE CODE

On November 9, 2015, the Board adopted, subject to stockholder approval at the Annual Meeting, the Ebix, Inc. Chief Executive Officer Annual Incentive Bonus Plan (the “Bonus Plan”). The Board directed that the Bonus Plan be submitted to the stockholders at the Annual Meeting in order to permit the grant of awards that qualify as performance-based compensation for tax deductibility under Section 162(m) of the Internal Revenue Code of 1986, as amended (“Section 162(m)”). If the Bonus Plan is approved by the stockholders at the Annual Meeting, it will become effective as of January 1, 2016. If the Bonus Plan is not approved by the stockholders at the Annual Meeting, bonus payments to our Chief Executive Officer will not be made under this Bonus Plan and the Company will not be able to claim tax deductibility under Section 162(m) if any bonus payments are made to the Chief Executive Officer. The Bonus Plan is attached to this Proxy as Appendix A.

The Bonus Plan provides for the payment of annual cash incentive awards to the Company’s Chief Executive Officer based upon the achievement by the Company of specified performance goals, as discussed below. The Bonus Plan is intended to preserve the Company’s federal income tax deduction for annual incentive payments to the CEO by meeting the requirements for “qualified performance-based compensation” under Section 162(m).

Section 162(m) prevents a publicly-held corporation from claiming income tax deductions for compensation in excess of \$1 million paid to certain senior executives. Compensation is exempt from this limitation if it qualifies as performance-based compensation under Section 162(m). Compensation that is earned based on achievement of pre-established objective performance formulas may qualify as fully-deductible performance-based compensation if certain requirements, such as stockholder approval of the material terms of the performance goals, are met.

The following is a summary of the material terms of the Bonus Plan. The summary is qualified in its entirety by reference to the full text of the Bonus Plan, which is attached as Appendix A to this Proxy Statement.

Eligibility. Participation in the Bonus Plan is limited to the CEO of the Company. The Company does not anticipate that compensation paid to any of its other executive officers will be subject to the compensation deduction limits of Section 162(m).

Performance Goals. The CEO shall be eligible to receive cash incentives in connection with a particular fiscal year during the term of the Bonus Plan if the Company meets or exceeds certain performance goals (“Performance Goals”)

Edgar Filing: EBIX INC - Form DEF 14A

set each year by the Compensation Committee. Not later than ninety (90) days after the commencement of any fiscal year during the term of the Bonus Plan (or such other date as may be permitted or required by Section 162(m)), and at a time when the outcome is uncertain, the Compensation Committee will set in writing Performance Goals based on one or more of the following business criteria:

- Revenue
- Sales
- Profit (net profit, gross profit, operating profit or other corporate profit measures)
- Earnings (EBIT, EBITDA, earnings per share, or other corporate earnings measures)
- Net income (before or after taxes, operating income or other income measures)
- Cash (cash flow, cash generation or other cash measures)

- Total stockholder return (stock price appreciation plus reinvested dividends divided by beginning share price)
- Return measures (return on assets, capital, equity, investments or sales, and cash flow return on assets, capital, equity, or sales)
- Stock price or performance
- Market share
- Improvements in capital structure
- Expenses (expense management, expense ratio, expense efficiency ratios or other expense measures)
- Business expansion or consolidation (acquisitions and divestitures)
- Strategic plan development and implementation

At the time the Compensation Committee sets the Performance Goals for a particular fiscal year, it will also set in writing the CEO's incentive bonus opportunity, expressed as a dollar amount or a percentage of the CEO's base salary, which will be earned if the established Performance Goals are achieved.

Performance Goals may be specified in absolute terms, on an adjusted basis, in percentages, or in terms of growth from period to period or growth rates over time, as well as measured relative to the performance of a group of comparator companies, or a published or special index, or a stock market index. Performance Goals need not be based upon an increase or positive result under a business criterion and could include, for example, the maintenance of the status quo or the limitation of economic losses (measured, in each case, by reference to a specific business criterion). Performance measures may but need not be determinable in conformance with generally accepted accounting principles.

Certification of Performance Goals. Payment of annual incentives under the Bonus Plan will be made promptly following the Compensation Committee's written certification that the Performance Goals and any other material conditions were satisfied. The Compensation Committee has the right to exercise negative discretion to pay out an annual incentive to the CEO under the Bonus Plan that is less than the amount that would have been payable based solely upon application of the applicable Performance Goals.

Limitation of Benefits. In no event shall the CEO receive bonus payments under the Bonus Plan in connection with any one fiscal year which exceed \$3,000,000.

Plan Administration. The Bonus Plan will be administered by the Compensation Committee. The Compensation Committee is empowered to set the Performance Goals in connection with each plan year during the term of the Bonus Plan. The Compensation Committee may amend the Bonus Plan at any time, provided that no such amendment may, without the approval of the stockholders of the Company, change the material terms of a Performance Goal or effect such other change that would cause the loss of any tax deduction to the Company under Code Section 162(m) absent stockholder approval.

Federal Income Tax Consequences. It is the intent of the Company that payments to the CEO under the Bonus Plan, if approved by the stockholders, will not count toward the \$1,000,000 annual deduction limit under Section 162(m).

The Board unanimously recommends that the stockholders vote FOR the approval of the Bonus Plan.

PROPOSAL 4 — ADVISORY VOTE ON EXECUTIVE COMPENSATION

Proposal

Proposal 4 is to approve the compensation of our named executive officers, disclosed pursuant to the SEC's compensation disclosure rules, including the compensation discussion and analysis, compensation tables and narrative discussion. As provided by the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act" or the "Act"), the Company submitted to a nonbinding vote of its stockholders at its 2011 Annual Meeting of Stockholders whether a nonbinding vote of stockholders as to the compensation paid its named executive officers (the so-called "say on pay" vote) should be held every one, two or three years (the "frequency vote"). The Company recommended, and the stockholders agreed, that the say-on-pay vote should be held annually. Thereafter, our Board confirmed the stockholders' recommendations.

As described more fully in the Compensation Discussion and Analysis (the "CD&A") section of this proxy statement, the compensation package of the Company's named executive officers (as identified in the Executive Compensation section of this proxy statement under the heading "*Compensation Discussion and Analysis — Named Executive Officers*") is designed to act as both an incentive for superior performance and as an inducement to attract and retain highly qualified senior executives, while at the same time mitigating against excessive risk. The Company's executive compensation program promotes a performance-based culture and aligns the interests of stockholders and executives through variable, at-risk compensation. The program is also designed to attract and retain highly talented executives who are critical to the successful implementation of the Company's strategic plan. A significant portion of an executive officer's overall compensation is performance-based, in that it is dependent upon the achievement of pre-determined corporate and/or personal performance goals and strategic objectives. Stockholders are encouraged to read the CD&A, which discusses in detail how our compensation policies and procedures implement our compensation philosophy.

The say-on-pay vote gives stockholders the opportunity to endorse or not endorse our executive compensation program by voting for or against the following resolution:

“RESOLVED, that the stockholders of Ebix approve, on an advisory basis, the compensation of the named executive officers of the Company, as disclosed in the Compensation Discussion and Analysis and the tabular and narrative disclosures contained in this proxy statement.”

The Board urges stockholders to endorse the executive compensation program by voting in favor of this resolution. This advisory vote is non-binding, meaning that our Board will not be obligated to take any compensation actions or adjust our executive compensation in response to the vote. Although the say-on-pay vote is non-binding, the Board

and the Compensation Committee will review the voting results and will consider the vote, as well as other communications from stockholders relating to our compensation practices and take them into account in future determinations concerning our executive compensation program. To the extent there is a significant vote against the compensation of our named executive officers, we would expect to communicate with our stockholders to better understand the concerns that influenced that vote. The Board and Compensation Committee would consider constructive feedback obtained through this process in making future determinations concerning our executive compensation.

The Board unanimously recommends that the stockholders vote FOR the approval, on an advisory basis, of the compensation paid to our named executive officers as described in the sections of this proxy statement entitled “Compensation Discussion and Analysis” and “Executive Compensation.”

INFORMATION CONCERNING THE BOARD OF DIRECTORS, EXECUTIVE OFFICERS AND THE CORPORATE GOVERNANCE OF THE COMPANY

Generally

Our business is managed by the Company's employees under the direction and oversight of the Board. Except for Mr. Raina, none of our current directors is an employee of the Company. We keep directors informed of our business through discussions with management, materials we provide to them, visits to our offices and facilities and their participation in Board and Board committee meetings.

The Board has three standing committees: the Audit Committee, the Compensation Committee and the Corporate Governance and Nominating Committee. Members of each of these committees are nominated by the Corporate Governance and Nominating Committee (the "Corporate Governance Committee") and are appointed annually at the meeting of the Board held following each annual meeting of stockholders. Each of these committees is composed entirely of independent, non-management directors and operates under a charter approved by the Board which sets out the purposes and responsibilities of each committee. These committees annually renew and, as appropriate, seek revisions of their charters to reflect, among other things, changing regulatory developments. All three of these charters are available for review at our website at www.ebix.com. The principal responsibilities of these committees are described below.

Our Board carefully follows the corporate governance requirements of the Sarbanes-Oxley Act of 2002, the Dodd-Frank Act, the rules adopted thereunder by the SEC and the NASDAQ Marketplace Rules. Our Board has established Corporate Governance Guidelines, which address, among other things, the Board's composition, qualifications and responsibilities, director education and stockholder communication with directors. These guidelines are reviewed annually and amended as necessary or appropriate in response to changing regulatory requirements and evolving best practices.

Director Independence

Under our Corporate Governance Guidelines, we require that a majority of the Board consist of independent, non-management directors, who also meet the criteria for independence required by the NASDAQ Marketplace Rules. Under such rules, a director is independent if he or she does not have a material relationship with the Company. Our Board annually evaluates each member's independent status.

The Board has determined that, as of January 1, 2016, the following seven of the Company's directors are independent under the NASDAQ Marketplace Rules: Messrs. Benz, Bhalla, Eckert, Hebard, Herter, Keller and Wright. Mr. Raina, as a management director, participates in the Board's activities and provides valuable insight and advice.

Non-management directors have access to individual members of management or to other employees of the Company on a confidential basis. Directors also have access to Company records and files and directors may contact other directors without informing Company management of the purpose or even the fact of such contact.

It is the Company's policy that directors should attend each meeting of the Board of Directors and each meeting of the committees on which they serve. During 2015 the Company's full Board of Directors met four times, with one of the meetings being in person and three of the meetings being conducted over telephonic conference calls. Each member of the Board of Directors attended all of the regular meetings of the Board and the Board committees on which the director served and for which they were eligible to

participate. In addition to participation at Board and committee meetings, our directors discharge their responsibilities throughout the year through personal meetings and other communications, including considerable telephone contact with the Chairman and Chief Executive Officer and sometimes with other pertinent members of management regarding matters of interest and concern to the Company.

Audit Committee

The Audit Committee's principal responsibility is to assist the Board in its general oversight of the Company's financial reporting, internal controls, ethics compliance and audit functions. This committee is directly responsible for the appointment, compensation and oversight of the work of the Company's independent public accounting firm, reviews the annual financial results and the annual audit of the Company's financial statements and approves the inclusion of the audited financial statements in the Company's Annual Report on Form 10-K.

The Audit Committee assists the Board in monitoring: (a) the integrity of our financial statements, (b) the effectiveness of our internal control over financial reporting, (c) the effectiveness of our disclosure controls, (d) the qualifications and independence of our independent registered public accounting firm, (e) the performance of our independent registered public accounting firm, and (f) our compliance with legal and regulatory requirements. The Audit Committee is also responsible for oversight of the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures, including the Company's risk assessment and risk management policies. The Audit Committee reviews all related party transactions in accordance with the Company's formal written policy and is responsible for reviewing and monitoring compliance with the Company's Code of Ethics for Senior Financial Officers. In addition, the Audit Committee has established procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, financial reporting, internal accounting controls or auditing matters and the confidential and anonymous submission by Company employees of concerns regarding accounting and auditing matters.

In discharging this responsibility, the Audit Committee, among other things, holds the authority to approve or remove the independent registered public accounting firm and to pre-approve the audit and any non-audit service to be provided by the auditors and reviews the results and scope of the annual audit performed by the auditors. The Audit Committee has three members, who currently are Messrs. Bhalla (Chairman), Benz and Keller. After reviewing the qualifications of the current members of the Audit Committee, and any relationships they may have with the Company that might affect their independence from the Company, our Board has determined that: (1) all current members of the Audit Committee are "independent" as that concept is defined in Section 10A of the Securities Exchange Act of 1934, (2) all current members of the Audit Committee are "independent" as that concept is defined in the NASDAQ listing standards, (3) all current members of the Audit Committee are financially literate, and (4) Mr. Bhalla qualifies as an "audit committee financial expert" as defined under SEC rules promulgated under the Sarbanes-Oxley Act of 2002. The Audit Committee met five times during 2015.

Compensation Committee

The principal responsibilities of the Compensation Committee are to: (a) review and make recommendations to the Board concerning the compensation of the named executive officers of the Company, (b) provide input and make recommendations to the Board regarding the general compensation goals, guidelines, and policies for the Company's employees, (c) administer the Company's equity incentive programs and awards under such programs, and (d) consider and make recommendations with respect to the Company's existing and proposed compensation and bonus plans, including the adoption of new equity incentive plans or other executive compensation programs. The Compensation Committee also is responsible for a review and recommendation to the Board as to the compensation and benefits to be paid to non-employee directors.

The Compensation Committee is responsible for periodically reviewing our incentive compensation arrangements to confirm that the design of incentive pay does not encourage unnecessary risk-taking. The Compensation Committee also reviews the Compensation Discussion and Analysis contained in our proxy statement and prepares a report for inclusion in our proxy statement. The Compensation Committee currently consists of Messrs. Keller (Chairman) and Benz. The Compensation Committee met seven times during 2015. The Compensation Committee does not delegate its authority to management.

Corporate Governance and Nominating Committee

The Corporate Governance Committee is responsible for developing and implementing policies and practices relating to corporate governance and oversight, including reviewing and monitoring implementation of our Corporate Governance Guidelines. It oversees the identification and evaluation of director candidates, consistent with the criteria approved by the Board, and it makes recommendations to the Board with respect to director nominees, membership on the Board committees, and the appointment of committee chairs. The Corporate Governance Committee also prepares and supervises the Board's annual review of director independence and the Board's performance self-evaluation. In addition, the Corporate Governance Committee considers matters of corporate governance generally and it annually evaluates our Corporate Governance Guidelines, making any recommendations or changes that it deems appropriate to the Board for its consideration. To the extent that we receive any stockholder proposals that relate to corporate governance matters, the Corporate Governance Committee is responsible for reviewing such proposals and making recommendations to the Board. The Corporate Governance Committee currently consists of Messrs. Eckert (Chairman) and Herter. The Corporate Governance Committee met once in 2015. See "*Director Qualifications*" and "*Our Director Nominations Process*" below.

Director Qualifications

The Board seeks members from diverse personal and professional backgrounds and who combine a broad spectrum of experience and expertise. At a minimum, directors should also have an inquisitive and objective perspective, practical wisdom and mature judgment. Directors should also possess the highest personal and professional ethics, integrity and values, and be committed to representing the long-term interest of the stockholders. While the Company's Corporate Governance Guidelines do not prescribe specific diversity standards, as a matter of practice, our Corporate Governance Committee takes into account the personal characteristics (e.g., gender, ethnicity and age) and experience (e.g., industry, professional and public service) of current and prospective directors to facilitate Board deliberations that reflect a broad range of perspectives.

In evaluating a director candidate, it is preferable that candidates possess a considerable amount of business management (such as experience as a chief executive officer or chief financial officer) and educational experience. However, the Corporate Governance Committee also considers other factors that are in the best interests of the

Company and its stockholders, including: (a) the knowledge, experience, candor, integrity and judgment of each candidate, (b) the alignment of the candidates' knowledge and experience, both individually and as a group, with the needs of the business, (c) the potential contribution of each candidate to the diversity of backgrounds, experience and competencies which the Board desires to have represented, (d) each candidate's ability to devote sufficient time and effort to his or her duties as a director, (e) independence and willingness to consider all strategic proposals, and (f) any other criteria established by the Board and any core competencies or technical expertise necessary to staff Board committees.

In addition, the Corporate Governance Committee assesses whether a candidate possesses the integrity, judgment, knowledge, experience, skills, and expertise that are likely to enhance the Board's ability to manage and direct the affairs and business of the Company, including, when applicable, to

enhance the ability of committees of the Board to fulfill their duties. The Corporate Governance Committee and the Board as a whole believe that diversity, including gender, race and national origin, education, professional experience, and differences of viewpoints and skills is an important consideration when screening and evaluating candidates for nomination to the Board. The Corporate Governance Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees and continuing directors.

The Corporate Governance Committee believes that it is important that the Board members have complementary skills that together can best guide the Company to a successful future. In considering whether the nominees meet the requirements necessary to enable the Board to satisfy its oversight responsibilities effectively in light of the Company's business and structure, the Corporate Governance Committee and the Board focused on the information provided in the directors' individual biographies set forth above, as well as their personal knowledge and experience in having worked with one another as members of the Board. Each nominee brings a strong and unique background and set of skills to the Board, giving the Board as a whole competence and experience in a wide variety of areas. Certain individual qualifications and skills of our directors that contribute to the Board's effectiveness as a whole are also described under "Proposal 1 — Election of Directors."

The information provided in Proposal 1 presents information as of the date of this proxy statement about each director nominee. The information presented includes the names of each of the nominees, along with his or her age, all positions held with the Company, term of office as a director, principal occupations or employment for the past five years or more, involvement in certain legal proceedings, if applicable, and the name of all other publicly-held companies of which he or she currently serves as a director or has served as a director during the past five years. In addition, the information presented also includes a description of the specific experience, qualifications, attributes and skills of each nominee and continuing director that led our Corporate Governance Committee to conclude that he or she should serve as a director of the Company for the ensuing term.

Director Nomination Agreement

On November 26, 2014, we entered into a Director Nomination Agreement, by and among the Company, Barington Companies Equity Partners, L.P., Barington Companies Investors, LLC (together with Barington Companies Equity Partners, L.P., "Barington"), Ancora Advisors, LLC (together with Barington, the "Barington Group"), James A. Mitarotonda and Joseph R. Wright, Jr. (the "Director Nomination Agreement"). Pursuant to the Director Nomination Agreement, the Board expanded the size of the Board by two directorships to eight directors, and nominated James A. Mitarotonda and Joseph R. Wright, Jr. (the "New Nominees"), as well as all of the incumbent directors, for election at the 2014 Annual Meeting. On March 23, 2015, the Director Nomination Agreement was amended to accept the resignation of Mr. Mitarotonda from the Board and to appoint Mr. George W. Hebard III as a new director and to provide that Mr. Hebard become a New Nominee under the Director Nomination Agreement. The Director Nomination Agreement, as amended, also provides, among other things, that:

The Board and the Corporate Governance Committee agreed to consider the New Nominees for inclusion on committees of the Board, in good faith and in a manner consistent with other members of the Board in accordance with past practice:

During the Standstill Period (defined below), if either New Nominee is unable to serve (or to continue to serve) as a director of the Company as a result of such person's death, incapacity or an impediment resulting from events or circumstances outside of his control, then Barington shall be entitled to designate a replacement New Nominee so long as such replacement is reasonably acceptable to the Board and the Corporate Governance Committee; Through the Standstill Period, the Barington Group and its affiliates are prohibited from taking certain actions, customarily

restricted by an agreement of this kind, including soliciting proxies or written consents of stockholders, presenting proposals for action by stockholders, commencing legal action against the Company or certain of its representatives or launching a tender offer for shares of the Company; and

Through the Standstill Period, the Barington Group must vote all of its Company common stock for the Company's nominees to the Board and according to the Board's recommendations on any other routine matters, such as ratification of auditors and the advisory vote on executive compensation.

With respect to the Director Nomination Agreement, as amended, the "Standstill Period" means the period from the effective date of the Director Nomination Agreement until 90 days before the date of the Company's 2015 Annual Meeting or, if earlier, 10 days before any advance notice deadline for making director nominations at the 2015 Annual Meeting; provided, that the Standstill Period will be extended each year through the annual meeting of stockholders of the Company to be held in 2018 for so long as the Company recommends (or has notified Barington in writing of its commitment to recommend) that its stockholders vote for the re-election of the New Nominees at the next annual meeting of stockholders (regardless of whether the New Nominees agree to stand for re-election) and supports the New Nominees for election in no less rigorously and favorably a manner than it supports all of its other nominees. The Board and the Corporate Governance Committee have nominated and are supporting the New Nominees at the 2016 Annual Meeting, thus the standstill is extended at least another year.

Our Director Nominations Process

The Board is responsible for selecting director candidates. The Board has delegated the process to the Corporate Governance Committee. Notwithstanding the requirements set forth in the Director Nomination Agreement, the Corporate Governance Committee identifies individuals qualified to become Board members and recommends such individuals to the Board for its consideration. While the Corporate Governance Committee has the authority to retain a third party to assist in the nomination process, it has not done so to date.

Directors may also be nominated by our stockholders. Eligible stockholders may nominate a candidate for election to the Board. Those stockholders who wish to submit nominees for election at an annual or special meeting of stockholders should follow the procedure generally described in *Stockholder Proposals* on page 41 of this proxy statement. The Board applies the same standards in considering candidates submitted by stockholders as it does in evaluating candidates submitted by members of the Board. The Board does not have a separate policy with regard to the consideration of candidates recommended by stockholders other than the procedures generally described in *Stockholder Proposals* on page 41 of this proxy statement.

Executive Sessions of the Board

On February 20, 2015, the Board appointed Hans Ueli Keller as Lead Independent Director. As Lead Independent Director, Mr. Keller's responsibilities include, but are not limited to: (i) coordinating the activities of the independent directors; (ii) setting the agenda for board meetings in conjunction with the CEO and corporate secretary; (iii) chairing executive sessions of the independent directors; and (iv) performing such other duties as are assigned from time to time by the Board. It is the policy of the Company for the independent directors of the Company to meet in executive session following meetings of the Board. The independent directors may call upon members of management and outside consultants, including auditors and executive compensation consultants to participate in executive sessions. To the extent any specific issues surface or it is appropriate to provide feedback to management following an executive session, the Lead Independent Director acts as a liaison with the Chairman to convey information or coordinate action with management.

Stockholder Communications

The Board has established a process for stockholders and other interested parties to communicate with the Board or to individual members of the Board. Such communications, whether by letter, e-mail or telephone, should be directed to the Secretary of the Company who will forward them to the intended recipients. However, unsolicited advertisements or invitations to conferences or promotional material, in the discretion of the Secretary or his designee, may not be forwarded to the directors. If the communication is specifically marked as a private communication for the Board, or for a specific director, the Secretary will not open the correspondence, but will forward it to the addressee. These procedures may change from time to time, and you are encouraged to visit our website for the most current means of contacting our directors.

If a stockholder wishes to communicate to the Chairman of the Audit Committee about a concern relating to the Company's financial statements, accounting practices or internal controls, the concern should be submitted in writing to the Chairman of the Audit Committee in care of the Company's Secretary at the Company's headquarters address. If the concern relates to the Company's governance practices, business ethics or corporate conduct, the concern likewise should be submitted in writing to the Chairman of the Audit Committee in care of the Company's Secretary at the Company's headquarters address. If the stockholder is unsure as to which category his or her concern relates, he or she may communicate it to any one of the independent directors in care of the Company's Secretary. The Company's "whistleblower" policy prohibits the Company or any of its employees from retaliating or taking any adverse action against anyone for raising a concern. If a stockholder or employee nonetheless prefers to raise his or her concern in a confidential or anonymous manner, the concern may be directed to the Secretary at the Company's headquarters or by telephone at (678) 281-2028.

The Board's Role in Risk Oversight

The Board has an active role, both as a whole and at the committee level, in overseeing the management of the Company's risk. The Board is responsible for establishing and reviewing the Company's strategic direction and determining the acceptable risk tolerance of the Company, engaging management to implement its strategic plan within approved risk tolerances and monitoring the effectiveness of and exercising oversight over management, the compensation of management and the Company's internal controls over financial reporting. Risk can take different forms, including operating risk, financial risk, risk related to the economy in general and unemployment in particular, risks related to management succession, risk of fraud and reputational risk. The Board discharges many of its responsibilities and oversight functions with respect to risk through its Audit Committee, Compensation Committee and Corporate Governance Committee. The Corporate Governance Committee is responsible for establishing corporate governance procedures designed to effectively administer the Board's strategic planning and oversight duties, including an annual evaluation of the Board's leadership structure, along with risks associated with the independence of the Board members and potential conflicts of interest. The Audit Committee supports the Board's risk oversight functions through its review of the Company's internal controls over financial reporting, fraud risks identified by management and the Company's financial statements and their preparation, as well as its oversight of the Company's Code of Conduct and the administration of the Company's whistleblower procedures. The Compensation Committee establishes the appropriate compensation incentives in light of its views regarding an appropriate impact that the Company's compensation policies have on risk. Because all of these committees are comprised solely of independent directors, our independent directors have a significant role in the Board's risk oversight function. While each committee is responsible for evaluating and overseeing certain risks, the entire Board is apprised of such risks through regular committee reports. This enables the Board and its committees to coordinate the risk oversight role, particularly with respect to risk interrelationships. See "*Board Committee Membership and Meetings*" for further discussion of the roles, responsibilities and inter-relationships of the Board Committees. We believe our current Board leadership structure is appropriate and helps ensure proper risk oversight for Ebix.

Board Leadership Structure

Robin Raina serves as both the CEO and Chairman of the Board. We combine this traditional leadership structure with a board structure in which Mr. Raina is the only non-independent director. The Board believes its members have no reticence about forcefully expressing their views while at the same time fully and fairly considering the views of their fellow directors, and that the members of the Board have the experience and ability to critically evaluate the performance of our CEO and chairman and in implementing the strategic, as well as day-to-day, goals of the Company. Although the Board periodically evaluates alternative board governance models and refinements to the existing structure, it believes, after

assessing the current service of the Company's CEO and chairman and the current composition of the Board, that the current Board leadership structure is appropriate for the Company.

Code of Conduct and Ethics

The Board has adopted the Code of Conduct and Ethics (the "Code of Ethics"), which applies to the senior financial officers (the "Senior Financial Officers") of the Company and its subsidiaries, including its principal executive officer, principal financial officer and principal accounting officer. Our Board also has adopted a Code of Conduct, articulating standards of business and professional ethics, which is applicable to all of our directors, officers and employees. The Company is committed to the highest standards of professional and ethical conduct, and the Code of Ethics and Code of Conduct provide guidance as to upholding these standards.

The Code of Ethics consists of basic standards of business practice, as well as professional and personal conduct, including prohibitions against any conduct or transactions that might constitute a conflict of interest between the Senior Financial Officers and the Company. Any action that might constitute a conflict of interest is reviewed by Company management, and potential conflicts of executive officers or members of the Board are reviewed by the Board.

This Code of Ethics is posted on the Company's website at www.ebix.com, where it may be found by navigating to "Ebix Inc.'s Code of Ethics" under Corporate Governance within the Investor section of the website. Any amendment to or waiver of the Code of Ethics must be approved by the Audit Committee and will be promptly disclosed by the Company. The Company intends to satisfy the disclosure requirement under Form 8-K regarding an amendment to, or waiver from, a provision of the Code of Ethics by posting such information on the Company's website, at the address and location specified above. The Company's Compliance Officer, Robert Kerris, is charged with monitoring, overseeing and reviewing compliance with the Code of Ethics and Code of Conduct. These codes are reviewed annually and amended as necessary or appropriate in response to changing regulatory requirements and evolving best practices.

During his over 32 years with Acclamation/Ebix, Mr. Senge has been involved with all facets of the EbixHealth division, including being responsible for the strategic direction and day to day operations of the divisions. Mr. Senge's focus is on expanding the Company's reach into the on-demand, end-to-end technology solutions for the health insurance and healthcare markets. Mr. Senge works from Ebix's Pittsburgh, Pennsylvania office.

EXECUTIVE COMPENSATION

Compensation Disclosure and Analysis

Objectives and Goals

The objectives of the Compensation Committee have been to adopt a compensation approach that is simple, internally equitable, and externally competitive, and that attracts, motivates, and retains qualified people capable of contributing to the growth, success and profitability of the Company, thereby contributing to long-term stockholder value.

Simplicity. The Compensation Committee believes that a compensation package with three major elements of compensation is the simplest approach, consistent with the Company's goals. The Company generally does not utilize special personal perquisites such as private jets, payment of country club dues, Company-furnished motor vehicles, permanent lodging, or defrayment of the cost of personal entertainment.

-

Internal Equity. Internal equity has generally been evaluated based on an assessment of the relative contributions of the members of the management team. In 2015, the Compensation Committee did not undertake any formal audit or similar analysis of compensation equity with respect to either the CEO relative to the other members of the management team or with respect to the management team relative to the Company's employees generally. However, the Compensation Committee believes that the relative difference between CEO compensation and the compensation of the Company's other executives is consistent with such differences found in the Company's insurance services peer group and the market for executive level personnel for public companies of similar size.

External Competitiveness. The Compensation Committee believes it is important to management retention and morale that compensation be competitive with our competitors. In setting annual compensation, the Compensation Committee generally reviews market data and compares total annual compensation opportunities for our executive officers with compensation opportunities for similar positions at comparable companies. Based on this review, the Compensation Committee approves compensation levels and opportunities for our CEO and our other executive officers that

the Compensation Committee believes are competitive with the marketplace and provide appropriate retention and incentive value.

Major Compensation Components

The principal components of compensation for our executive officers are: (i) base salary, (ii) short-term incentives, generally in the form of cash bonus programs, and (iii) long-term incentives, generally in the form of equity-based awards such as stock awards. We believe the Company's goals are best met by utilizing an approach to compensation with these three distinct elements.

Base Salaries. The Company's base salaries are intended to be consistent with the committee's understanding of competitive practices, levels of executive responsibility, qualifications necessary for the particular executive position, and the expertise and experience of the executive officer. Salary adjustments reflect the committee's belief as to competitive trends, the performance of the individual and, to some extent, the overall financial condition of the Company.

Base salaries for our executive officers are established based on the scope of their responsibilities, prior relevant background, professional experience, and technical training. Also in this regard, the Compensation Committee takes into account competitive market compensation paid by the companies represented in the compensation data it reviews for similar positions, and the overall market demand for such executives. Although the Company considered the same factors in establishing the base salaries of each of its executive officers, due to the different levels of roles played by each executive, the base salaries are justifiably substantially different.

Effective August 16, 2012, the Compensation Committee increased the base salary of Robin Raina, the Company's President Chief Executive Officer (CEO), from \$800,000 to \$1,300,000, in recognition of his leadership and significant contributions to the growth of the Company and the creation of stockholder value. This was the first increase to the CEO's base salary since 2008. No changes to his salary were made for 2015.

Short-Term Incentives. Executive officers have the opportunity to earn short-term incentives in the form of discretionary annual cash bonuses. These annual bonus opportunities are not guaranteed or formulaic, but rather are approved by the Compensation Committee following the end of the fiscal year based on the committee's qualitative, subjective assessment of the Company's overall performance and the executive's individual performance and contributions to the Company's success.

For the fiscal year ended December 31, 2015, the Company's CEO, Robin Raina, was awarded an incentive bonus of \$1,000,000 based on his service and strong leadership of the Company. For 2015, the Compensation Committee awarded Robert Kerris, the Company's Executive Vice President & Chief Financial Officer (CFO), an incentive bonus of \$50,000 based on his exemplary service and his strong leadership in the role of CFO, and for maintaining an effective regulatory and compliance framework across the Company. No short-term incentives for 2015 were paid to the Company's other executive officers.

As a part of the items being voted on by the stockholders, the Company has presented a Bonus Plan for Mr. Raina for 2016. The Bonus Plan provides for the payment of annual cash incentive awards to the Company's Chief Executive Officer based upon the achievement by the Company of specified performance goals. The Bonus Plan is intended to preserve the Company's federal income tax deduction for annual incentive payments to the CEO by meeting the requirements for

“qualified performance-based compensation” under Section 162(m). See “*Proposal 3— Approval of Chief Executive Officer Annual Incentive Bonus Plan*” for a detailed description of the Bonus Plan.

Long-Term Incentives. While salary and short-term incentives are primarily designed to compensate current and past performance, the primary goal of the long-term incentives, such as stock options and restricted stock awards, is to link executive officer compensation with the long-term interests of the stockholders.

On November 5, 2015, the Compensation Committee, in consultation with the entire Board granted 98,684 shares of restricted stock to Mr. Raina under the 2010 Plan. The shares vest over a three year period. The first one-third of these awards vest after one year on November 5, 2016. The remaining two-thirds vest in quarterly installments over the next eight quarters, with the first quarterly installment vesting on February 5, 2017.

Use of Compensation Consultants and Benchmarking

During 2015, the Compensation Committee did not retain any compensation consultants or engage in any formal benchmarking. The compensation committee may decide to retain (but not yet retained) a compensation consulting firm to review and evaluate the compensation arrangements for the Company’s executive officers for future periods.

While the Company does not formally engage in benchmarking, the Compensation Committee does review and consider the compensation of its peer group. In 2015, the Compensation Committee compiled two distinct comparable groups to frame the Compensation Committee’s deliberations on prospective executive compensation for the Company’s executive officers. One group is a conventionally arranged comparator group that is comprised of a number of companies engaged in insurance and/or finance related activities in the United States market within a range of net revenue and market capitalization that is comparable to Ebix (the “Insurance & Finance Group”). In selecting this group of companies, the Compensation Committee focused on companies with market capitalization from \$650 million to \$5 billion and a Chief Executive Officer of these companies being either a Founder Chief Executive Officer or a Chief Executive Officer who has led a successful turnaround. Because of the extent of the difference between the Company’s growth and the performance of these comparable companies, the Compensation Committee believed it important to review the executive compensation practices at those companies that reflected the growth characteristics of Ebix as nearly as could be determined. Accordingly, the Compensation Committee also searched public filings for companies beyond just the insurance and finance industry with annualized three year revenue growth between 3% and 154%, market capitalization between \$150 million and \$3.5 billion and either a Founder CEO or a CEO who has successfully engineered a high growth trajectory for these companies (the “Growth Group”). The Compensation Committee believes that the dual comparator groups approach is appropriate to accurately assess the performance and compensation of the Company’s executive officers. The Insurance & Finance Group provides valuable information for use by the Compensation Committee concerning companies in the same industry sector. The Growth Group provides valuable information for use by the Compensation Committee about how the Company compared with other companies with similar performance. Consideration was also given to the differences in size, scope, and complexity between the

Company and the various members of the respective comparator groups. Such considerations comprise the judgmental factors that the Compensation Committee considers and are not based on a specific formula or tied to a comparator group.

For 2015, the Compensation Committee determined that the following companies met the criteria for the Insurance & Finance Group:

- Universal Insurance Holdings
- Safety Insurance Group, Inc.
- RLI Corp (RLI)
- Amtrust Financial Services, Inc.
- The Hanover Insurance Group, Inc.
- The Navigators Group, Inc.
- Evercore Partners Inc.
- Horace Mann Educators Corp.
- Selective Insurance Group Inc.
- Financial Engines, Inc.

and that the following companies met the criteria for the Growth Group:

- K12 Inc.
- Blackbaud Inc.
- CSG Systems International, Inc.
- ComScore, Inc.
- LogMeIn, Inc.
- Willis Lease Finance Corporation
- Epiq Systems, Inc.
- Higher One Holdings, Inc.
- Bottomline Technologies, Inc.
- 2 Global, Inc.
- Limelight Networks, Inc.
- Blucora, Inc.

The Compensation Committee's survey of the Insurance & Finance Group indicates that the total compensation of the CEO's within this group ranged from \$2.7 million to \$22 million for 2015. The total compensation for Ebix's Chief Executive Officer for 2015 was below the compensation of two of the ten CEO's in this group and was 20% below the average for the Insurance & Finance Group for 2015. The Compensation Committee's survey of the Growth Group indicates that total compensation of the Ebix's Chief Executive Officer for 2015 was only 8% above the average for the Growth Group for 2015.

Other Compensation Components

Company executives are eligible to participate in the Company's health care, insurance and other welfare and employee benefit programs, which are the same for all eligible employees, including Ebix's executive officers.

Use of Employment and Severance Agreements

In the past, the Compensation Committee has determined that competitive considerations merit the use of employment contracts or severance agreements for certain members of senior management. Presently, however, no member of senior management is employed under an employment contract.

Recapture and Forfeiture Policies

Historically the Company has not had formal policies with respect to the adjustment or recapture of performance based awards where the financial measures on which such awards are based or to be

based are adjusted for changes in reported results such as, but not limited to, instances where the Company's financial statements are restated. The Compensation Committee does not believe that repayment should be required where the Plan participant has acted in good faith and the errors are not attributable to the participant's gross negligence or willful misconduct. In such later situations, the Compensation Committee believes the Company has or will have available negotiated or legal remedies. However, the Compensation Committee may elect to take into account factors such as the timing and amount of any financial restatement or adjustment, the amounts of benefits received, and the clarity of accounting requirements leading to any restatement in fixing of future compensation.

Deductibility of Compensation and Related Tax Considerations

As one of the factors in its review of compensation matters, the Compensation Committee considers the anticipated tax treatment to the Company and to the executives of various payments and benefits.

Section 162(m). Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code") generally limits to \$1 million the amount that a publicly-held corporation is allowed each year to deduct for the compensation paid to each of the corporation's chief executive officer and the corporation's three most highly compensated executive officers, other than the chief executive officer and chief financial officer. However, compensation that qualifies as "performance-based" under Section 162(m) is not subject to the \$1 million deduction limit.

Although the Company's stock option plans generally have been structured with the goal of complying with the requirements of Section 162(m), and the Compensation Committee believes stock options awarded thereunder should qualify as "performance-based" compensation exempt from limitations on deductibility under Section 162(m), the deductibility of any compensation was not a condition to any compensation decision. With the exception of compensation payable to the CEO, the Company does not expect its ability to deduct executive compensation to be limited by operation of Section 162(m). However, due to interpretations and changes in the tax laws, some types of compensation payments and their deductibility depend on the timing of an executive's vesting or exercise of previously granted rights and other factors beyond the Compensation Committee's control which could affect the deductibility of compensation.

The Bonus Plan is intended to preserve the Company's federal income tax deduction for annual incentive payments to the CEO by meeting the requirements for "qualified performance-based compensation" under Section 162(m). The Compensation Committee will continue to consider carefully the impact of Section 162(m) when designing compensation programs, and in making compensation decisions affecting the Company's Section 162(m) covered executives. The Compensation Committee believes, however, that in certain circumstances factors other than tax deductibility are more important in determining the forms and levels of executive compensation most appropriate and in the best interests of the Company and its stockholders. Accordingly, it may award compensation in excess of the deductibility limit, with or without requiring a detailed analysis of the estimated tax cost of non-deductible awards to the Company. Given our dynamic and rapidly changing industry and business, as well as the competitive market for

outstanding leadership talent, the Compensation Committee believes it is important to retain the flexibility to design compensation programs consistent with its compensation philosophy for the Company, even if some executive compensation is not fully deductible.

Section 280G. Code Section 280G generally denies a deduction for a significant portion of certain compensatory payments made to corporate officers, certain stockholders and certain highly-compensated employees if the payments are contingent on a change of control of the employer and the aggregate amounts of the payments to the relevant individual exceed a specified relationship to that individual's average compensation from the employer over the preceding five

years. In addition, Code Section 4999 imposes on that individual a 20% excise tax on the same portion of the payments received for which the employer is denied a deduction under Section 280G. In determining whether to approve an obligation to make payments for which Section 280G would deny the Company a deduction or whether to approve an obligation to indemnify (or “gross-up”) an executive against the effects of the Section 4999 excise tax, the Compensation Committee has adopted an approach similar to that described above with respect to payments which may be subject to the deduction limitations of Section 162(m).

Compensation Committee Conclusion

Attracting and retaining talented and motivated management and employees is essential to create long-term stockholder value. Offering a competitive, performance-based compensation program with a large equity component helps to achieve this objective by aligning the interests of the Company’s CEO and other executive officers with those of stockholders. The Compensation Committee believes that Ebix’s 2015 compensation program met these objectives. Likewise, based on our review, the Compensation Committee finds the total compensation (and, in the case of the severance and change-in-control scenarios, the potential payouts) to the Company’s CEO and other named executive officer in the aggregate to be reasonable and not excessive.

Stockholder Advisory Vote

At the last Annual Meeting of Stockholders, a majority of the votes cast by the Ebix stockholders present in person or by proxy and entitled to vote at the Annual Meeting and on the proposal were cast in support of the compensation of the Company’s named executive officers, as discussed and disclosed in the proxy statement. The Board and the Compensation Committee appreciate and value the views of our stockholders. In considering the results of this advisory vote on executive compensation, the Compensation Committee concluded that the compensation paid to our executive officers and the Company’s overall pay practices are supported by our stockholders.

In light of the stockholder support of the compensation paid to our executive officers evidenced by the results of this advisory vote, the Board and the Compensation Committee did not make any specific changes to our executive compensation program for 2015. Going forward, future advisory votes on executive compensation will serve as an additional tool to guide the Board and the Compensation Committee in evaluating the alignment of the Company’s executive compensation program with the interests of the Company and its stockholders.

Risk Considerations

Our Compensation Committee has reviewed risks arising from our compensation policies and practices for both our executives and non-executive employees and has determined that they are not reasonably likely to have a material adverse effect on the Company.

Compensation Committee Report

The Compensation Committee has reviewed and discussed with the Company's Chief Executive Officer and Chief Financial Officer the above Compensation Disclosure and Analysis. Based on such review and discussion, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in the Company's annual report on Form 10-K and in this annual proxy statement.

This report has been submitted by the Compensation Committee:

Pension Benefits and Nonqualified Deferred Compensation

The Company does not sponsor or maintain any tax-qualified defined benefit plans, supplemental executive retirement plans or nonqualified deferred compensation plans.

Potential Payments for Mr. Raina Upon a Change of Control

As mentioned previously, no member of senior management other than Mr. Raina has an employment or severance agreement. Except as described below for Mr. Raina, upon a termination or change of control, each of the executive officers will receive only the unpaid portion of their salary and benefits through the date of termination. No severance payments, acceleration of equity vesting, or other special payments will be due to such executive officers, regardless of the circumstances of the termination.

In 2009 our independent directors unanimously approved the recommendation of the Compensation Committee regarding changes to the compensation structure for Mr. Raina. Specifically in this regard, the independent directors unanimously approved the Company's execution of and entry into the Acquisition Bonus Agreement (the "Agreement") between the Company and Mr. Raina. The Agreement aligns both the interests of the Company's stockholders and Mr. Raina. Considering the continued healthy growth of the Company and the prevailing comparatively low price to earnings multiple of Ebix's common stock, the Board has evaluated the potential threat of the Company itself being an acquisition target. The Agreement serves in part to allow for stockholder value to be maximized by dissuading a potentially hostile acquisition attempt at an unacceptable price. Also, the Board acknowledges that Mr. Raina's retention is critical to the future success and growth of Ebix, and as such, the Agreement helps to ensure that Mr. Raina will be appropriately awarded for his contributions prior to any potential acquisition event as well as to further motivate Mr. Raina to maximize the value received by all stockholders of Ebix if the Company were to be acquired.

Under the terms of the Agreement the occurrence of any of the following events shall constitute an "Acquisition Event": (a) more the 50% of the voting stock of Ebix is sold, transferred, or exchanged; (b) a merger or consolidation of the Company occurs; (c) the sale, exchange, or transfer of substantially all of the Company's assets; or (d) the Company is acquired or dissolved; provided, however, an

Acquisition Event also must qualify as a “change in control” event as such term is defined in Treasury Regulation 1.409A-3. Upon the occurrence of an Acquisition Event, Mr. Raina shall receive from the acquiring company, in cash, an amount that is determined by multiplying the “Share Base” by the “Spread”.

“Spread” is calculated by subtracting \$7.95 (prior to the three-for-one split that occurred on January 4, 2010, this value was \$23.84) from the Net Proceeds per share.

“Share Base” shall be the positive number, if any, that is determined when the number of Shares Deemed Held by Mr. Raina immediately prior to the Closing Date is subtracted from the number of shares that is 20% of the total shares of common stock outstanding immediately prior to the Closing Date on a fully diluted basis, taking into account the effect of the occurrence of the Acquisition Event on the vesting, repurchase of any stock by the Company, conversion or exercise terms of any outstanding securities or other instruments exercisable for, or convertible into, shares of common stock; provided that the difference that is so obtained shall be reduced by the number of shares, if any, sold by Executive after the first public announcement by the Company or any other party of any agreement, arrangement, Agreement, proposal or intent to engage in a transaction which would constitute an Acquisition Event.

The number of Shares Deemed Held by Mr. Raina immediately prior to the Closing Date shall equal the number of shares of common stock of the Company then beneficially owned by Mr. Raina plus any shares sold by Mr. Raina between the signing of the agreement and the Closing Date, plus any additional shares issuable to Mr. Raina (other than pursuant to this Agreement) immediately prior to or upon the Closing Date upon the exercise of stock options or the conversion of convertible securities, after giving effect to any acceleration of vesting that will occur due to the occurrence of the Acquisition Event.

As defined in the Agreement, Net Proceeds shall equal the sum of any cash consideration received for each share of Company common stock plus the Fair Market Value of any securities received or receivable per share of Company common stock held by the stockholders of the Company by virtue of an Acquisition Event.

The “Fair Market Value” of any securities received by Company stockholders shall be determined as follows: (i) if such securities are listed and traded on a national securities exchange (as such term is defined by the Securities Exchange Act of 1934) on the date of determination, the Fair Market Value per share shall be the average of the closing prices of the securities on such national securities exchange, over the twenty trading day period ending three trading days prior to the closing date of an Acquisition Event; (ii) if such securities are traded in the over-the-counter market, the Fair Market Value per share shall be the average of the closing bid and asked prices on the day immediately prior to the closing date of an Acquisition Event; or (iii) if such securities are not listed on a national securities exchange or, if such securities are traded in the over-the-counter market but there shall be no published closing bid and asked prices available on the date immediately prior to the Closing Date, then the Board shall determine the Fair Market Value of such securities from all relevant available facts, which may include the average of the closing bid and ask prices reflected in the over-the-counter market on a date within a reasonable period either before or after the date of determination, or opinions of independent experts as to value and may take into account any recent sales and

purchases of such securities to the extent they are representative.

In the event of a determination by an accounting firm of national standing that any payment or distribution by the Company to or for the benefit of Mr. Raina, whether paid, payable, distributed or distributable pursuant to the Agreement or otherwise would be subject to the excise tax imposed by

Section 4999 of the Internal Revenue Code of 1986 as amended (or any successor provision) or any interest or penalties with respect to such excise tax, then Mr. Raina shall be entitled to receive an additional payment in an amount such that after the payment by Mr. Raina of all taxes (including any interest or penalties imposed with respect to such taxes), Mr. Raina retains an amount equal to any such tax.

The base price of \$7.95 (post-stock split) from which any Net Proceeds will be subtracted represents the approximate price per share of the Company's common stock on March 25, 2009 when the independent members of the Board agreed on the desirability of this type of agreement.

In the event that an Acquisition Event had occurred on December 31, 2015, and assuming that the Company received Net Proceeds of \$32.79 per share (the closing price of the Company's common stock on December 31, 2015), Mr. Raina would have received a \$150.4 million payment upon the Acquisition Event, which payment does not include any tax gross-up payment described above.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

The following table sets forth certain information regarding the beneficial ownership of our outstanding shares of common stock as of March 11, 2016 by: (a) each person known by us to beneficially own 5% or more of our shares of common stock, (b) each of our directors and each of our named executive officers, and (c) all of our directors and executive officers as a group. REPORT OF THE AUDIT COMMITTEE

The audited financial statements of the Company, as of and for the three year period ended on December 31, 2015, are included in our 2015 Annual Report on Form 10-K. The Audit Committee oversees the Company's financial reporting process and the independent audit of the annual consolidated financial statements on behalf of the Board. The Audit Committee reviews and reassesses the adequacy of the Audit Committee Charter at least annually.

The Company, acting through its management and Board, has the primary responsibility for the financial statements and reporting process, including the system of internal accounting controls. Management of the Company is responsible for the preparation, presentation, and integrity of the Company's financial statements, the financial reporting process, and internal controls.

Cherry Bekaert LLP, an independent registered public accounting firm engaged by the Company, is responsible for auditing the Company's annual financial statements and expressing its opinion thereon in accordance with auditing standards and accounting principles generally accepted in the United States of America.

In addition, the members of the Audit Committee reviewed, and the chairman of the Audit Committee discussed with management and CB, the interim financial information contained in each quarterly earnings release prior to the release of such information to the public.

The Audit Committee met five times during 2015. In performing its oversight function, the Audit Committee reviewed the audited financial statements with the Company's management, including a discussion of the quality, not merely the acceptability, of the accounting principles used, the reasonableness of significant judgments and the clarity of the disclosures in the financial statements. The Audit Committee also has reviewed with CB its judgments as to the quality and the acceptability of the Company's accounting principles. Management and CB have advised the Audit Committee that the Company's consolidated financial statements were fairly stated in accordance with generally accepted accounting principles. The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed under auditing standards generally accepted in the United States, including those matters set forth in Statement on Auditing Standards No. 61 (Communication with Audit Committees), as currently in effect, and amended by Statement on Auditing Standards No. 89 (Audit Adjustments) and Statement on Auditing Standards No. 90 (Audit Committee Communications).

In addition, the Audit Committee has received the written disclosures and the letter from CB required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as currently in effect, and has reviewed, evaluated, and discussed with that firm its independence from the Company.

In fiscal year 2015, all of the audit fees, audit-related fees and tax fees were approved by either the Audit Committee or its designee. The Audit Committee has considered whether the provision of non-audit services by the Company's independent registered public accounting firm is compatible with maintaining auditor independence and believes that the provision of such services is compatible. Pursuant to the requirements of the Sarbanes-Oxley Act of 2002, the terms of the engagement of CB are subject to the specific pre-approval of the Audit Committee. All audit and permitted non-audit services to be performed by CB require pre-approval by the Audit Committee in accordance with pre-approved procedures established by the Audit Committee. The procedures require all proposed engagements of CB for services of any kind to be directed to the Company's CFO and then submitted for approval to the Audit Committee prior to the beginning of any services. Following its consideration of all such factors, the Audit Committee has concluded that the independent registered public accountants are independent from the Company and its management.

Further, the Audit Committee discussed with CB the overall scope and plans for their respective audits. The Audit Committee conferred with CB, with and without management present, to discuss the results of their examinations, their evaluation of the Company's internal controls, and the overall quality of the Company's financial reporting. The Audit Committee reviewed and discussed the audited consolidated financial statements of the Company, as of and for the year ended December 31, 2015, with management and CB.

Based upon the reviews and discussions with management and CB referred to above, in reliance on management and CB, and subject to the limitations of the role of the Audit Committee, the Audit Committee recommended to the Board, and the Board has approved, that the inclusion of the audited

financial statements of the Company in the Annual Report on Form 10-K for the fiscal year ended December 31, 2015, for filing with the SEC. The Audit Committee also has approved, and is recommending stockholder approval and ratification of, the appointment of CB to audit the Company's financial statements for its 2016 fiscal year.

This report has been submitted by the Audit Committee:

Respectfully submitted,

The Members of the Audit Committee

Pavan Bhalla

RELATED PARTY TRANSACTIONS

Under the Audit Committee’s charter, and consistent with SEC rules, any material potential or actual conflict of interest or transaction between the Company and any “related person” of the Company must be reviewed and approved by the Audit Committee. SEC rules define a “related person” of the Company as any director (or nominee), executive officer, 5%-or-greater stockholder or immediate family member of any of these persons.

We consider Regions Bank (“Regions”) to be a related party because Regions provides financing to the Company via a syndicated commercial banking facility, and because Regions is also a customer to whom the Company sells products and services. Revenues recognized from Regions were \$300 thousand, \$281 thousand, and \$292 thousand, for each of the years ending December 31, 2015, 2014, and 2013, respectively.

Rahul Raina, is the Company's Corporate Vice President - Operations Ebix RCS & A.D.A.M. International Business Development and the brother of Robin Raina, our Chairman of the Board, President, and Chief Executive Officer. During 2015 and 2014 he was paid a salary of \$120,000 and received a cash bonus of \$25,000 in 2015 and no cash bonus in 2014. He received no share-based compensation awards in either 2005 or 2014.

During the year ended December 31, 2015 Ebix made no donations to the Robin Raina Foundation, a non-profit 501(c) charity in support of the cause of building and providing homes for the severely underprivileged in India.

On November 26, 2014, we entered into the Director Nomination Agreement, which was amended in March 2015. See "*Information Concerning the Board of Directors, Executive Officers and the Corporate Governance of the Company – Director Nomination Agreement*" on page 18 for a description of the Director Nomination Agreement. Under the Director Nomination Agreement, the Company reimbursed \$140,000 of the Barington Group's out-of-pocket expenses in connection with, relating to or resulting from its letters to the Company dated November 10 and 11, 2014, the 2014 Annual Meeting, the negotiation and execution of the Director Nomination Agreement and the Barington Group's efforts and actions, and any preparations therefor, before the execution and delivery of the Director Nomination Agreement, to consider means by which to alter the composition of the Board and related activities.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's officers and directors and persons who beneficially own more than ten percent of a registered class of our equity securities to file with the SEC reports of securities ownership on Form 3 and changes in such ownership on Forms 4 and 5. Officers, directors and more than ten percent beneficial owners also are required by rules promulgated by the SEC to furnish the Company with copies of all such Section 16(a) reports that they file. Based solely upon a review of the copies of Forms 3, 4, and 5 furnished to the Company or representations by certain executive officers and directors that no such reports were required for them, the Company believes that during 2015 all of the Company's directors, officers and more than ten-percent beneficial owners filed all such reports on a timely basis except for Joseph Wright who filed one Form 4 one day late, Robin Raina who filed one Form 4 one day late, James Mitarotonda who filed one Form 4 two months late, and George Hebard who filed one Form 4 twelve days late. In addition, Rennes Foundation is a ten percent stockholder located in Liechtenstein who filed its Form 3 ten days late, three Form 4s each one day late and one Form 4 two days late.

OTHER MATTERS

At the time of the preparation of this proxy statement, the Board has not been informed of any other matters to be brought before the Annual Meeting other than those proposals specifically set forth in the Notice of Annual Meeting and referred to herein. If you execute the enclosed proxy and any other business should come before the meeting, we expect that the persons named in the enclosed proxy will vote your shares in accordance with their best judgment on that matter.

STOCKHOLDER PROPOSALS

The Company encourages stockholders to contact the Corporate Secretary prior to submitting a stockholder proposal. Stockholder proposals must conform to the Company's Bylaws and the requirements of the SEC.

Pursuant to Rule 14a-8 under the Exchange Act, some stockholder proposals may be eligible for inclusion in our 2017 proxy statement. In order for a stockholder proposal to be considered for inclusion in the proxy material for our 2017 Annual Meeting of Stockholders pursuant to SEC Rule 14a-8, your proposal must be received by our Corporate Secretary no later than November 19, 2016 (unless the meeting date is changed by more than 30 days from April 29, 2017, in which case a proposal must be received a reasonable time before we print proxy materials for the 2017 Annual Meeting) and must be submitted in compliance with the rule. Proposals should be directed to our Corporate Secretary, Ebix, Inc., 1 Ebix Way, Johns Creek, Georgia 30097, and should comply with the requirements of Rule 14a-8.

If our Corporate Secretary receives at the address listed above any stockholder proposal intended to be presented at the 2017 Annual Meeting without inclusion in the proxy statement for the meeting after February 2, 2017 (unless the meeting date is changed by more than 30 days from the anniversary of the 2016 Annual Meeting, in which case a proposal must be received a reasonable time before we print proxy materials for the 2017 Annual Meeting), SEC Rule 14a-4(c) provides that the proxies designated by the Board will have discretionary authority to vote on such proposal. The proxies designated by the Board also will have such discretionary authority, notwithstanding the stockholder's compliance with the deadlines described above, if we advise stockholders in the proxy statement for the meeting about the nature of the matter and how management intends to vote on such matter, and the stockholder does not comply with specified provisions of the SEC's rules.

Stockholders who wish the Corporate Governance Committee to consider their recommendations for nominees for the position of director should submit their recommendations in writing by mail to our Corporate Secretary, Ebix, Inc., 1 Ebix Way, Johns Creek, Georgia 30097.

Section 3.10 of our Bylaws creates certain advance notice requirements for stockholder nominations of directors at both annual and special meetings. To be timely, a director nomination by a stockholder for an annual meeting must be submitted not less than 90 nor more than 120 days before the anniversary date of the immediately preceding annual meeting. In the case of a nomination at a special meeting, notice of such nomination must be given within 10 days that notice of such meeting was provided or made public. Nominations for the 2017 Annual Meeting of Stockholders must be received between November 19 and December 19, 2016.

In addition, Section 3.10 requires disclosures relating to the nominees and their relationships with stockholders proposing their nomination. Among other things, Section 3.10 requires a proposed nominee to: (1) represent and promise that the nominee is not, nor will become, party to any understanding with another person (a) to vote or act as a Director in a certain manner or (b) concerning compensation, reimbursement or indemnification without disclosure to the Company; and (2) represent that, if elected to the Board, such nominee would comply with Regulation FD and Company governance, trading, ethics, stock ownership and other policies.

Section 3.10 also requires disclosures similar to a stockholder proposing business for an annual meeting. In addition, a proposing stockholder, including its affiliates, must disclose all agreements or other understandings with a director nominee it has proposed, as well as any other material interest involved in such nomination.

WHERE YOU CAN FIND ADDITIONAL INFORMATION

The Company will provide without charge to any stockholder upon written request, a copy of the Company's Annual Report on Form 10-K, including financial statements and schedules thereto, for the fiscal year ended December 31, 2015, as filed with the SEC (without exhibits). All such requests should be delivered to Aaron Tikkoo, Investor Relations, Ebix, Inc., at the address set forth on the front page of this proxy statement. Copies of exhibits will be provided upon written request and payment of a reasonable fee to cover the costs of reproducing and mailing.

Please date, sign and return the proxy card at your earliest convenience in the enclosed return envelope. No postage is required if mailed in the United States.

Performance Criteria. The performance criteria listed in Section 5.2 from among which the Committee may set Performance Goals in each Plan Year.

Performance Goals. The performance goals established each Plan Year by the Committee from among the Performance Criteria listed in Section 5.2.

Plan. The EBIX, Inc. Chief Executive Officer Annual Incentive Bonus Plan, as set forth in this document together with any subsequent amendments hereto.

Plan Year. The calendar year.

Subsidiary. Any corporation, limited liability company, partnership or other entity of which a majority of the outstanding voting stock or voting power is beneficially owned directly or indirectly by the Company.

Target Bonus. Has the meaning described in Section 5.3.

ARTICLE 3

ADMINISTRATION

3.1 COMMITTEE. The Plan shall be administered by the Committee.

3.2 AUTHORITY OF COMMITTEE. The Committee has the exclusive power, authority and discretion to:

(a) Establish Performance Goals and weightings for different Performance Goals;

(c) Establish target Incentive Bonuses for the Participant;

(d) Determine whether and to what extent Performance Goals were achieved in a given Plan Year;

(e) Reduce any Incentive Bonus, regardless of the achievement of Performance Goals;

A-2

(f) Establish, adopt or revise any rules and regulations as it may deem necessary or advisable to administer the Plan; and

(g) Make all other decisions and determinations that may be required under the Plan or as the Committee deems necessary or advisable to administer the Plan; and

(h) Amend the Plan as provided herein.

3.3. DECISIONS BINDING. The Committee's interpretation of the Plan and all decisions and determinations by the Committee with respect to the Plan are final, binding, and conclusive.

ARTICLE 4

ELIGIBILITY

The Chief Executive Officer of the Company shall be eligible to participate in the Plan.

ARTICLE 5

OPERATION OF THE PLAN

5.1 PLAN STRUCTURE. The Participant shall be eligible to receive payment of an Incentive Bonus in connection with a particular Plan Year if the Company meets or exceeds certain Performance Goals set by the Committee, together with the satisfaction of any other conditions, such as continued employment, as the Committee may determine to be appropriate provided, however, that the Committee may provide, either in connection with the grant thereof or by amendment thereafter, that achievement of such performance goals will be waived, in whole or in part, upon (i) the termination of employment of the Participant by reason of death or Disability, or (ii) the occurrence of a change in control of the Company. The Committee has the right, in connection with the payment of an Incentive Bonus, to exercise negative discretion to determine that the portion of such Incentive Bonus actually earned, vested and/or payable (as applicable) shall be less than the portion that would be earned, vested and/or payable based solely upon application of the applicable Performance Goals.

5.2 Establishment of Performance Goals. Not later than ninety (90) days after the commencement of any Plan Year (or such other date as may be permitted or required by Section 162(m) of the Code), the Committee will set in writing Performance Goals for such Plan Year based upon one or more of the following Performance Criteria:

- Revenue
- Sales
- Profit (net profit, gross profit, operating profit or other corporate profit measures)
- Earnings (EBIT, EBITDA, earnings per share, or other corporate earnings measures)
- Net income (before or after taxes, operating income or other income measures)

A-3

- Cash (cash flow, cash generation or other cash measures)
- Stock price or performance
- Total stockholder return (stock price appreciation plus reinvested dividends divided by beginning share price)
- Return measures (return on assets, capital, equity, investments or sales, and cash flow return on assets, capital, equity, or sales)
- Market share
- Improvements in capital structure
- Expenses (expense management, expense ratio, expense efficiency ratios or other expense measures)
- Business expansion or consolidation (acquisitions and divestitures)
- Strategic plan development and implementation

Performance Goals with respect to the foregoing Performance Criteria may be specified in absolute terms, on an adjusted basis, in percentages, or in terms of growth from period to period or growth rates over time, as well as measured relative to the performance of a group of comparator companies, or a published or special index, or a stock market index, that the Committee deems appropriate. Any member of a comparator group or an index that ceases to exist during a measurement period shall be disregarded for the entire measurement period. Performance Goals need not be based upon an increase or positive result under a business criterion and could include, for example, the maintenance of the status quo or the limitation of economic losses (measured, in each case, by reference to a specific business criterion). Performance measures may but need not be determinable in conformance with generally accepted accounting principles.

At the time Performance Goals are established, the Committee may provide that any evaluation of performance shall exclude or otherwise objectively adjust for any specified circumstance or event that occurs during a Plan Year, including by way of example but without limitation the following: (a) asset write-downs or impairment charges; (b) litigation or claim judgments or settlements; (c) the effect of changes in tax laws, accounting principles or other laws or provisions affecting reported results; (d) accruals for reorganization and restructuring programs; (e) extraordinary nonrecurring items as described in then-current accounting principles; (f) extraordinary nonrecurring items as described in management's discussion and analysis of financial condition and results of operations appearing in the Company's annual report to stockholders for the applicable year; (g) acquisitions or divestitures; and (h) foreign exchange gains and losses.

5.3. Establishment of Incentive Bonus TARGETS. At the time the Committee sets the Performance Goals for a particular Plan Year, it shall also set in writing the Participant's bonus opportunity, expressed as a dollar amount or a percentage of the Participant's base salary, which will be earned by the Participant if the established Performance Goals are achieved (the "Target Bonus"). The basis for amount of the Target Bonus amount will be competitive practice, as determined by the Committee. The Target Bonus will be communicated in writing to the Participant at the beginning of the performance period.

The Committee may, but is not required to, establish the weightings for the Participant for performance within any category of the Performance Goals. If established, the weightings would be expressed as a percent of the Target Bonus (or a stated dollar amount of the Incentive Bonus) that can be earned by the Participant from performance in each category.

5.4 AMOUNT OF INCENTIVE BONUS EARNED. At the beginning of each Plan Year, the Committee may, but is not required to, identify an amount of Incentive Bonus, which may be expressed as a dollar amount or as a percentage of the Target Bonus, that will be earned at various performance levels. For example, the Committee may establish separately for each category of performance (e.g., net income, earnings per share, etc.) a level of "Expected," "Threshold," and "Outstanding" performance, and provide that a percent of Target Bonus (or a stated dollar amount) will correspond to each level of performance, such as:

- Outstanding: 150% of Target Bonus (or a stated dollar amount)
- Expected: 100% of Target Bonus (or a stated dollar amount)
- Threshold: 50% of Target Bonus (or a stated dollar amount)
- Below Threshold: 0%

5.5 ACHIEVEMENT AND CERTIFICATION OF PERFORMANCE GOALS. Payment of an Incentive Bonus shall be conditioned on the written certification of the Committee that the Performance Goals and any other material conditions were satisfied. Except as specifically provided in Section 5.1, an Incentive Bonus may not be amended, nor may the Committee exercise any discretionary authority it may otherwise have under the Plan, in any manner to waive the achievement of the applicable Performance Goal or to increase the amount payable pursuant thereto or the value thereof, or otherwise in a manner that would cause the Incentive Bonus to fail to meet the requirements for performance-based compensation under Section 162(m) of the Code.

5.6 PAYOUT FORM AND TIMING. Incentive Bonuses will be made not later than March 15 of the calendar year following the Plan Year, and as soon as possible after the audited results for the Company are available for the Plan Year. Notwithstanding the above, the Committee may, in its discretion, reduce the amount of an Incentive Bonus otherwise payable to the Participant under the Plan.

5.7. Annual Limit. In no event shall the Participant receive bonus payments under the Plan in connection with any one Plan Year which exceed \$3,000,000.

5.8 DEATH AND DISABILITY. In the event of the Participant's termination of employment by reason of death or Disability, a pro rata Incentive Bonus will be made, based on the number of days in the Plan Year preceding the date of termination. Performance criteria will be based on full-year performance. Incentive Bonuses in these situations will be calculated and paid after the end of the Plan Year, according to the regular schedule. In the event of the Participant's death, amounts will be paid to the Participant's Beneficiary.

5.9 OTHER TERMINATIONS OF EMPLOYMENT. In the event of a termination of employment other than by reason of death or Disability, the Participant will forfeit any right to

A-5

an Incentive Bonus for the Plan Year in which the termination of employment occurs. For terminations after a Plan Year, but before payout from the Plan for such Plan Year, payout will be made as though the termination had not occurred. Whether military, government or other service or other leave of absence shall constitute a termination of employment shall be determined in each case by the Committee at its discretion, and any determination by the Committee shall be final and conclusive. A termination of employment shall not occur in a circumstance in which a Participant transfers from the Company to one of its Subsidiaries, transfers from a Subsidiary to the Company, or transfers from one Subsidiary to another Subsidiary.

ARTICLE 6

AMENDMENT, MODIFICATION AND TERMINATION

6.1. AMENDMENT, MODIFICATION AND TERMINATION. The Committee may, at any time and from time to time, amend, modify or terminate the Plan; provided, however, that (i) no such amendment may, without the approval of the stockholders of the Company, change the material terms of the Performance Goals or Performance Criteria or effect such other change that would cause the loss of any tax deduction to the Company under Code Section 162(m) absent stockholder approval. The Committee may condition any other amendment or modification on the approval of stockholders of the Company if such approval is necessary or deemed advisable with respect to tax, securities or other applicable laws, policies or regulations.

6.2. Termination AFTER OR during a Plan Year. Termination of the Plan after a Plan Year but before Incentive Bonuses are made will not reduce the Participant's rights to receive Incentive Bonuses. Termination or amendment of the Plan during a Plan Year may be retroactive to the beginning of the Plan Year, at the discretion of the Committee. If any amendment or termination occurs during the Plan Year, the Committee shall determine when and to what extent awards, if any, shall be paid for the portion of the Plan Year preceding the amendment or termination.

ARTICLE 7

GENERAL PROVISIONS

7.3. WITHHOLDING. The Company or any Subsidiary shall have the authority and the right to deduct or withhold, or require a Participant to remit to the Company, an amount sufficient to satisfy federal, state, and local taxes (including the Participant's FICA obligation) required by law to be withheld with respect to any taxable event arising as a result of the Plan.

7.4. UNFUNDED STATUS OF AWARDS. The Plan is intended to be an "unfunded" plan for incentive and deferred compensation. With respect to any payments not yet made to a Participant pursuant to the Plan, nothing contained in the Plan shall give the Participant any rights that are greater than those of a general creditor of the Company or any Subsidiary.

7.5. INDEMNIFICATION. To the extent allowable under applicable law, each member of the Committee shall be indemnified and held harmless by the Company from any loss, cost,

A-6

liability, or expense that may be imposed upon or reasonably incurred by such person in connection with or resulting from any claim, action, suit, or proceeding to which such person may be a party or in which he may be involved by reason of any action or failure to act under the Plan and against and from any and all amounts paid by such person in satisfaction of judgment in such action, suit, or proceeding against him provided he gives the Company an opportunity, at its own expense, to handle and defend the same before he undertakes to handle and defend it on his own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such person may be entitled under the Company's Articles of Incorporation or Bylaws, as a matter of law, or otherwise, or any power that the Company may have to indemnify him or hold him harmless.

7.6. EXPENSES. The expenses of administering the Plan shall be borne by the Company and its Subsidiaries.

7.7. TITLES AND HEADINGS. The titles and headings of the Sections in the Plan are for convenience of reference only, and in the event of any conflict, the text of the Plan, rather than such titles or headings, shall control.

7.8. GOVERNING LAW. To the extent not governed by federal law, the Plan shall be construed in accordance with and governed by the laws of the State of Delaware.

The foregoing is hereby acknowledged as being the EBIX, Inc. Chief Executive Officer Annual Incentive Plan as adopted by the Board on November 9, 2015 and approved by the stockholders of the Company on _____, 2016.
