### NOTES TO FINANCIAL STATEMENTS

For Three Months Ended September 30, 2002 and 2001, and for the period  
From December 23, 1999 (Date of Inception) to September 30, 2002  
(Unaudited)

#### Note 1. Organization and Description of Business

RJV Network, Inc. ("the Company"), a development stage company, was incorporated under the laws of the State of Nevada on December 23, 1999. The Company is involved in the development of an internet-based listing site that will provide detailed commercial real estate property listings and related data. The Company plans to generate revenues by charging a one-time fee or subscription-based access to the website to interested users of the information provided. This plan is subject to change based on a proposed acquisition, see Note 4.

#### Note 2. Summary of Significant Accounting Policies

The interim period financial statements have been prepared by the Company pursuant to the rules and regulations of the U.S. Securities and Exchange Commission (the "SEC"). Certain information and footnote disclosure normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States have been condensed or omitted pursuant to such SEC rules and regulations. The interim period financial statements should be read together with the audited financial statements and accompanying notes included in the Company's audited financial statements for the years ended December 31, 2001 and 2000. In the opinion of the Company, the unaudited financial statements contained herein contain all adjustments necessary to present a fair statement of the results of the interim periods presented.

## Edgar Filing: RJV NETWORK INC - Form 10QSB/A

### Note 3. Earnings per Share

Basic earnings per share is computed by dividing income available to common shareholders by the weighted average number of common shares outstanding in the period. The Company's stock split 75 for 1 on August 24, 2001. In April 2002, the Board of Directors approved a 2.5 for 1 split of the Company's stock. The accompanying financial statements are presented on a post-split basis. The earnings per share for the periods ended September 30, 2002 and 2001, and the period cumulative during the development stage have been adjusted accordingly. Diluted earnings per share takes into consideration common shares outstanding (computed under basic earnings per share) and potentially dilutive securities. There were no dilutive securities outstanding during the period December 23, 1999 to September 30, 2002.

### Note 4. Subsequent Events

The Company is seeking approval of a proposed acquisition of Bio Kinetix, an Alberta, Canada, corporation. The proposed Acquisition Agreement provides that the Company will acquire Bio Kinetix as a wholly-owned subsidiary by issuing shares of its stock to the shareholders of Bio Kinetix resulting in the shareholders of Bio Kinetix having a controlling ownership of the Company. If the acquisition is approved, the Company will change its name to Bio Kinetix Research, Inc., abandon its planned operations and continue operations under the business plan of Bio Kinetix. Bio Kinetix has acquired rights (by way of sublicenses) to proprietary methods for treating breast cancer and has obtained preliminary financing commitments. The reverse acquisition will be accounted for by the purchase method.

### ITEM 2. PLAN OF OPERATION

RJV Network, Inc., is presently seeking approval of a proposed acquisition of Bio Kinetix, an Alberta, Canada, corporation. The proposed Acquisition Agreement provides that the Company will acquire Bio Kinetix as a wholly owned subsidiary by issuing 16,000,000 shares of its stock to the shareholders of Bio Kinetix, resulting in the shareholders of Bio Kinetix having a controlling ownership of the Company. If the acquisition is approved, the Company will change its name to Bio Kinetix Research, Inc., abandon its planned operations and continue operations under the business plan of Bio Kinetix.

Bio Kinetix Research Inc.'s mission is to develop a new generation of medicines and diagnostics for the treatment of malignancies. The Company will be focused on the anti-cancer applications of certain monoclonal antibodies, termed "Superantibodies," that may improve medicinal and treatment potencies and increase sensitivity in use as diagnostics. Bio Kinetix hopes to use this technology to create new antibodies and diagnostic assays that will be able to be used to treat and detect certain cancers.

In particular, Bio Kinetix will attempt to create a Superantibody that will attach to RECAF molecules. The RECAF molecules with the Superantibody attached are theoretically expected to then attach to cancer cells, with minimal or no harm to non-cancerous cells, so that the Superantibody can destroy the cancer cells.

Please note that Bio Kinetix is a development stage company that has not yet begun operations. It is also important to understand that there has been no development of any product (antibodies) to date by the Company, and that such development may never begin, and there can be no certainty that any such antibodies will be developed by the Company, and, even if a product is developed, that the desired results for which it was originally intended will be achieved.

## Edgar Filing: RJV NETWORK INC - Form 10QSB/A

Definitions of the terms used above are as follows:

"SuperAntibody" is an industry-adopted term used to describe genetically-engineered antibodies, isolated from a single blood cell, which have been expanded in the laboratory to attack or have a desired effect on certain targeted antigens, such as cancer cells.

"RECAF" - Receptor Alpha Fetaprotein. This is a carbohydrate molecule that is located on the surface of cancer cells.

"Receptor" - A structure exposed on the cell surface used for signaling or transport of molecules into the cell.

Bio Kinetix Corp., (the "Company," "Bio Kinetix" or "BIO KIN") is a biotechnology research and development company focused on the application of SuperAntibody-based products for the treatment and diagnosis of certain cancers.

The Bio Kinetix business plan is based primarily on the furtherance of certain intellectual property rights obtained by way of "sub-licenses" of technology from other companies. At present, BIO KIN has no product or products, and has received no patents or FDA approval for any product or diagnostic procedures.

For more detailed and specific information on the proposed Acquisition, you are encouraged to read the materials previously filed by the Company with the Securities and Exchange Commission ("SEC"). On April 30, 2002, RJV Network filed a Preliminary Proxy Statement with the SEC. On July 1, 2002, RJV Network filed an amendment to the Preliminary Proxy Statement that had previously been filed. The public may read and copy any materials RJV files with the SEC at the SEC's Public Reference Room at 450 Fifth Street, N.W., Washington, D.C. 20549. The Public may obtain information on the operation of the Public Reference Room by calling the SEC at 1-800-SEC-0330 or visit [www.sec.gov](http://www.sec.gov).

If the proposed acquisition described above is not successful, RJV Network, Inc. will then have to determine whether to continue to pursue its original business plan, adopt a new plan of operations, or seek to be a merger or acquisition candidate. It is very likely that the Company will be required to find additional financing in order to maintain a going concern status. There can be no guarantee or assurance that the Company would be successful in raising additional proceeds. If additional financing cannot be secured, RJV Network, Inc. would likely be unable to continue its proposed business plan of developing an online real estate listing service.

### STATEMENT REGARDING FORWARD-LOOKING INFORMATION

This report contains various forward-looking statements that are based on the Company's beliefs as well as assumptions made by and information currently available to the Company. When used in this report, the words "believe," "expect," "anticipate," "estimate" and similar expressions are intended to identify forward-looking statements. Such statements may include statements regarding seeking business opportunities, payment of operating expenses, and the like, and are subject to certain risks, uncertainties and assumptions which could cause actual results to differ materially from projections or estimates contained herein. Factors which could cause actual results to differ materially include, among others, unanticipated delays or difficulties in location of a suitable business acquisition candidate, unanticipated or unexpected costs and expenses, competition and changes in market conditions, lack of adequate management personnel and the like. Should one or more of these risks or uncertainties materialize, or should underlying assumptions
