PROXY STATEMENT

General Information

This proxy statement contains information related to the Annual Meeting of Stockholders of Reliant Energy, Inc. (Reliant or the Company) to be held at 9:00 a.m., central daylight time, on Wednesday, June 2, 2004, at the Doubletree Hotel-Allen Center, 400 Dallas Street, Second Floor, Houston, Texas, in Granger Ballroom A. This proxy statement is being mailed to stockholders on or about May 4, 2004.

What is the purpose of the Annual Meeting?

At our Annual Meeting, stockholders will act upon the matters outlined in the notice of meeting on the cover page of this proxy statement, including the election of directors, ratification of our independent auditors and consideration of a stockholder proposal, if properly presented at the meeting.

What happened to the Company's former name, Reliant Resources?

Prior to April 26, 2004, the Company's corporate name was Reliant Resources, Inc. On April 26, 2004, we changed our corporate name to Reliant Energy, Inc. We changed our name in order to align our corporate name with our brand name. No action is required on your part in connection with the name change and your rights as a stockholder were not affected by the name change.

Who is entitled to vote at the meeting?

Only stockholders of record at the close of business on April 7, 2004, the record date for the meeting, are entitled to receive notice of and participate in the Annual Meeting. If you were a stockholder of record on that date, you will be entitled to vote all of the shares that you held on that date at the meeting, or any postponements or adjournments of the meeting.

Edgar Filing: RELIANT ENERGY INC - Form DEF 14A

You may own common shares 1) directly in your name as the stockholder of record, 2) indirectly through a broker, bank or other holder of record or 3) indirectly in any of the following plans (collectively, the Reliant Benefit Plans):

Reliant Savings Plan; and

Reliant Union Savings Plan.

If your shares are registered directly in your name, you are the holder of record of these shares and we are sending these proxy materials directly to you. As the holder of record, you have the right to give your proxy directly to us, give your voting instructions on the Internet or by telephone or to vote in person at the Annual Meeting.

If you hold your shares in a brokerage account or through a bank or other holder of record, you hold the shares in street name, and your broker, bank or other holder of record is sending these proxy materials to you. As a holder in street name, you have the right to direct your broker, bank or other holder of record how to vote by following the instructions that accompany your proxy materials.

If you hold your shares indirectly in the Reliant Benefit Plans, you have the right to direct the trustee of the Reliant Benefit Plans how to vote by following the instructions that accompany your proxy materials.

Table of Contents

What are the voting rights of holders of Reliant common stock?

Each outstanding share of Reliant common stock will be entitled to one vote on each matter considered at the meeting.

Who can attend the meeting?

Subject to space availability, all stockholders as of the record date, or their duly appointed proxies, may attend the meeting. Registration and seating will begin at 8:15 a.m. Each stockholder may be asked to present valid picture identification, such as a driver's license or passport. Cameras, recording devices and other electronic devices will not be permitted at the meeting.

If you hold your shares in street name (that is, through a broker or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the record date.

How do I vote?

If you are a holder of record, you can vote by signing and returning your proxy card by mail in the enclosed postage-paid envelope. If you hold your shares in street name, please complete and mail the voting instruction form that accompanies your proxy materials.

If you are a registered stockholder and attend the meeting, you may deliver your completed proxy card in person. Street name stockholders who wish to vote at the meeting will need to obtain a proxy form from the institution that holds their shares. If you hold your shares in street name, you must obtain a proxy, executed in your favor, from the holder of record if you wish to vote these shares at the Annual Meeting. The way you vote your shares now will not limit your right to change your vote at the Annual Meeting if you attend in person.

Can I vote by Internet?

If you are a registered stockholder (that is, if you hold shares in your name), you may vote your shares electronically through the Internet. Simply follow the instructions included with your proxy card. A vote through the Internet authorizes the named proxies in the same manner as if you signed and returned your proxy card by mail. If you hold your shares through a broker or nominee, please check your proxy voting instruction form to determine how you can vote through the Internet.

Can I vote by telephone?

Edgar Filing: RELIANT ENERGY INC - Form DEF 14A

If you are a registered stockholder (that is, if you hold shares in your name), you may vote by telephone by following the instructions included with your proxy card. A vote by telephone authorizes the named proxies in the same manner as if you signed and returned your proxy card by mail. If you hold your shares through a broker or nominee, please check your proxy voting instruction form to determine how you can vote by telephone. You may vote by telephone 24 hours a day.

Can I change my vote?

You can revoke your proxy at any time before your shares are voted if you 1) submit a written revocation to our Assistant Corporate Secretary by mail to Reliant Energy, Inc., 1000 Main Street, 12th Floor, Houston, Texas 77002 or by facsimile at (713) 497-0140, 2) submit a later-dated proxy (or voting instructions if you hold shares in street name), 3) provide subsequent telephone or Internet voting instructions or (4) vote in person at the Annual Meeting.

How do I vote shares in the Reliant Benefit Plans?

If you participate in the Reliant Savings Plan or the Reliant Union Savings Plan, you must return your voting instructions by 11:59 p.m., central daylight time on May 27, 2004. If your instructions are not received

Table of Contents

by that time, your shares will be voted in the same proportion as the shares for which timely participant directions have been received, except where doing so would be inconsistent with the provisions of Title I of the Employee Retirement Income Security Act of 1974 (as amended).

What are the Board's recommendations?

The Board's recommendations are set forth together with the description of each item in this proxy statement. In summary, the Board and, with respect to the ratification of the auditors, the Audit Committee, recommends a vote:

For election of the nominated slate of directors (see Item 1);

For ratification of the appointment of Deloitte & Touche LLP as our independent auditors for fiscal 2004 (see Item 2); and

Against approval of the stockholder proposal (see Item 3).

With respect to any other matter that properly comes before the meeting, the proxy holders will vote as recommended by the Board or, if no recommendation is given, in their own discretion.

What constitutes a quorum?

We will have a quorum, and will be able to conduct the business of the Annual Meeting, if the holders of a majority of the shares entitled to vote are represented in person or by proxy at the meeting. As of the record date, 295,675,405 shares of common stock, representing the same number of votes, were outstanding. Thus, the presence of the holders of at least 147,837,703 shares of common stock will be required to establish a quorum. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the votes considered to be present at the meeting. A broker non-vote occurs when a broker lacks discretionary voting power to vote on a specific matter (e.g., non-routine proposals) and a beneficial owner fails to give the broker voting instructions on that matter.

What vote is required to approve each item?

Election of Directors. The affirmative vote of a plurality of the votes cast by the holders of shares entitled to vote at the meeting is required for the election of directors. A properly executed proxy card marked "Withhold authority" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

Ratification of Our Auditors. The affirmative vote of the holders of a majority of the shares entitled to vote on, and voted for or against, the item will be required for ratification. A properly executed proxy card marked "Abstain" with respect to this matter will not be voted, although it will be counted for purposes of determining whether there is a quorum.

Edgar Filing: RELIANT ENERGY INC - Form DEF 14A

Adoption of Stockholder Proposal. The affirmative vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote on the item will be required for approval. A properly executed proxy card marked "Abstain" with respect to this matter will not be voted, although it will be counted for purposes of determining whether there is a quorum.

How are votes counted?

In determining whether we have a quorum, we count abstentions and broker non-votes as present and entitled to vote. In counting votes on the proposals:

We count votes withheld for one or more nominees as votes cast for the election of directors. Brokers have discretion to vote on election of directors absent voting instructions.

Table of Contents

We do not count abstentions as votes cast on our proposal to ratify the selection of auditors. Therefore, abstentions will have no impact on the outcome of this proposal. Brokers have discretion to vote on the proposal to ratify the selection of auditors absent voting instructions.

Due to the vote required to approve the stockholder proposal, abstentions will have the same impact as a negative vote on this proposal. We do not count broker non-votes as votes cast on this proposal, and broker non-votes will have no impact on the outcome of this proposal.

All shares that have been properly voted and not revoked will be voted at the Annual Meeting. If you sign and return your proxy card without any voting instructions, your shares will be voted by the persons named in the proxy card in accordance with the recommendations of the Board.

Is my vote confidential?

We maintain the confidentiality of the votes of individual stockholders. We do not disclose these votes to any member of management, unless we must disclose them for legal reasons. However, if a stockholder writes a comment on the proxy card, we will forward the comment to management. In reviewing the comment, management may learn how the stockholder voted. In addition, the Inspector of Election and selected employees of our independent tabulating agent may have access to individual votes in the normal course of counting and verifying the vote.

Table of Contents

Corporate Governance

The following sections summarize information about how we are governed by our Board of Directors, the criteria the Board uses in selecting its nominees, how stockholders may participate in the nomination process, and our Board's compensation.

Governance of the Company

Corporate Governance Guidelines

We are committed to having sound corporate governance principles. To evidence this commitment, the Board has adopted Corporate Governance Guidelines, which, along with the charters of the Board Committees, our Business Ethics Policy and our Corporate Compliance Program, provide the framework for the governance of the Company. A complete copy of our Corporate Governance Guidelines, the charters of all our Board Committees (Audit, Compensation and Nominating & Governance), the Business Ethics Policy and the Corporate Compliance Program are available on our Investor Relations website, which can be reached through a link at <http://www.reliant.com/corporate>. A copy of our Audit Committee charter is also attached as *Appendix A* to this proxy statement.

Substantial Majority of Independent Directors

Our Corporate Governance Guidelines require that the Board be composed of a substantial majority of directors who meet the criteria for independence established by the New York Stock Exchange.

Pursuant to our Corporate Governance Guidelines, the Nominating & Governance Committee of our Board annually reviews relationships between each director and the Company and reports the results of its review to the Board, which then determines which directors satisfy the applicable independence standards. In March 2004, the Committee undertook its annual review of director independence. The Committee considered, among other things, transactions and relationships between each director or any member of his or her immediate family and the Company and its subsidiaries and affiliates. The Committee also examined transactions and relationships between directors or their affiliates and members of our senior management or their affiliates. The purpose of this review was to determine whether any such relationships or transactions were inconsistent with a determination that the director is independent.

In March 2004, our Board determined that the following incumbent directors are independent of the Company and its management: Ms. Perez and Messrs. Barnett, Breeding, Caldwell, Miller, and Transier. The Board's determination was subject to further consultation with the New York Stock Exchange concerning the application of Section 303A.02(b)(v) of the Listed Company Manual to Mr. Barnett's relationship with his former law firm, Baker Botts LLP (Baker Botts). Baker Botts provides certain ongoing legal services to the Company, but given the limited nature of Mr. Barnett's relationship with Baker Botts (i.e., his status as a retired partner), the Board determined that he has no material relationship with the Company. Mr. Barnett, a former managing partner of Baker Botts, retired from the firm in 1997. He holds the title of Senior Counsel to the firm in recognition of his past services and contribution to the firm and his continued involvement in numerous charitable and civic activities. Since his retirement, he has received from the firm a fixed payment benefit, in addition to his normal retirement benefits, in recognition of his continued participation in these charitable and civic activities. Effective as of the date of our Annual Meeting, Mr. Barnett will relinquish his title as Senior Counsel and terminate the fixed payment arrangement thereby meeting the requirements specified in Section 303A.02(b)(v) of the Listed Company Manual. Mr. Staff, the Chairman of the Board and our Chief Executive Officer, is not considered an

independent director because he has an employment relationship with the Company.

Code of Business Conduct

We have adopted a Business Ethics Policy that constitutes a code of conduct and ethics for directors, officers and employees. The Policy requires that any waiver of the Policy be made only by the Board or an

Table of Contents

independent committee of the Board and that any such waiver be disclosed as required by law and regulation. In 2003, we granted no waivers of the Business Ethics Policy for any of our directors or executive officers.

Among other things, the Business Ethics Policy addresses:

Conflicts of interest

Corporate opportunities

Confidentiality

Fair dealing

Protection and use of our assets

Compliance with laws, rules and regulations (including insider trading laws)

Encouraging the reporting of any illegal or unethical behavior

Corporate Compliance Program

We have also adopted a Corporate Compliance Program that implements measures to ensure compliance with the terms of the Business Ethics Policy. The compliance program is subject to oversight by the Audit Committee. Additionally, we have a Corporate Compliance Officer responsible for implementing and reviewing measures to ensure compliance with the Business Ethics Policy. Our Corporate Compliance Officer works with the Office of Ethics and Compliance, a group composed of our senior executive management, as well as management representatives from each of our functional areas, to monitor compliance with the Business Ethics Policy and ensure the current policies and controls are adequate to ensure that our business practices are consistent with the Business Ethics Policy.

Table of Contents**Board Structure and Committee Composition***Board and Committee Meetings*

the quality and integrity of the financial statements;

our compliance with legal and regulatory requirements;

the independent auditor's qualifications and independence;

our compliance program and the activities of the Corporate Compliance Officer and Chief Risk Officer; and

the performance of our internal audit function and independent auditors.

In addition, our Audit Committee annually conducts a review of the Company's environmental policies and initiatives, including discussions with management about the Company's policies and initiatives relating to greenhouse emissions.

Laree E. Perez, Donald J. Breeding and William L. Transier serve on the Audit Committee. The Board has determined that all of the members of the Audit Committee are independent directors within the meaning of Securities and Exchange Commission (SEC) regulations, the listing standards of the New York Stock Exchange and our Corporate Governance Guidelines. Audit Committee has the accounting and related financial management expertise within the meaning of the listing standards of the New York Stock Exchange. None of the members of our Audit Committee simultaneously serves on the Audit Committee of more than three public companies.

Nominating & Governance Committee

The Nominating & Governance Committee is responsible for advising the Board about and recommending to the Board appropriate corporate governance practices and assisting the Board in implementing those practices. The Nominating & Governance Committee reports to the Board regarding, and recommends to the Board for adoption, appropriate corporate governance guidelines and modifications to these guidelines. In addition, the Nominating & Governance Committee assists the Board in identifying individuals qualified to become board members, and recommends to the Board director nominees for election at the Annual Meeting of Stockholders or for appointment to fill vacancies. The Nominating & Governance Committee also leads the Board in its annual review of the performance of the Board and its committees. The Nominating & Governance Committee also annually reviews relationships between each director and the Company and reports the results of its review and makes appropriate recommendations for final action to the Board. The chairman of the Nominating & Governance Committee is designated as the Lead Director who, in turn, is responsible for presiding over meetings of non-management directors as a whole and working with the Chairman of the Board to set agenda items for the Board's consideration.

E. William Barnett, Donald J. Breeding, Kirbyjon H. Caldwell, Steven L. Miller and Laree E. Perez serve on the Nominating & Governance Committee. The Board has determined that, as of the date of the Annual Meeting, all of the members of the Nominating & Governance Committee will be independent directors within the meaning of the listing standards of the New York Stock Exchange and our Corporate Governance Guidelines.

Compensation Committee

The Compensation Committee, in accordance with its charter, has direct responsibility for the following:

review, evaluation, and approval of agreements, plans, policies and programs to compensate our officers and directors;

oversight of plans, policies and programs to compensate employees;

the production of a report on executive compensation each year for inclusion in the proxy statement for the Annual Meeting of Stockholders;

evaluation of the performance of the Chief Executive Officer and executive management; and

the determination of compensation of the Chief Executive Officer and such other members of executive management as the Compensation Committee deems appropriate.

Edgar Filing: RELIANT ENERGY INC - Form DEF 14A

William L. Transier, E. William Barnett and Steven L. Miller serve on the Compensation Committee. The Board has determined that, as of the date of the Annual Meeting, all of the members of the Compensation Committee will be independent directors within the meaning of the listing standards of the New York Stock Exchange and our Corporate Governance Guidelines.

Meetings of Non-Management Directors

To facilitate candid discussion by our non-management directors regarding our management, the agenda for every regularly-scheduled Board meeting provides for a meeting of non-management directors in executive session. The Chairman of the Nominating & Governance Committee is designated as the Lead Director empowered under our Corporate Governance Guidelines to preside over meetings of non-management directors as a whole, assist in the preparation of the agenda for each meeting and review each such agenda in advance of the meeting for which it was prepared.

Table of Contents

Director Nominations

Director Qualifications and Nomination Process

The Nominating & Governance Committee considers candidates for Board membership suggested by its members and other Board members, as well as management and stockholders. The Committee may retain a third-party executive search firm to assist it in identifying candidates. The Committee maintains a current biographical profile of potential director candidates.

Once the Nominating & Governance Committee has identified a prospective nominee, the Committee makes an initial determination as to whether to conduct a full evaluation of the candidate. The initial determination is based on whatever information is provided to the Committee with the recommendation of the prospective candidate, as well as the Committee's own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation or others. The preliminary determination is based primarily on the need for additional board members to fill vacancies or expand the size of the Board and the likelihood that the prospective nominee can satisfy the evaluation factors described below.

If the Committee determines, in consultation with the Chairman of the Board and other members, as appropriate, that additional consideration is warranted, it may request a third-party search firm to gather additional information about the prospective nominee's background and experience and report its findings to the Committee. The Committee then evaluates the prospective nominee against the standards and qualifications set out in our Corporate Governance Guidelines and the charter of the Nominating & Governance Committee, including:

A candidate's experience;

Independence (as defined by applicable New York Stock Exchange and SEC rules);

Knowledge;

Commitment to our core values;

Skills, expertise, independence of mind and integrity;

Relationships with the Company;

Service on the boards of directors of other companies;

Openness, ability to work as part of a team and willingness to commit the required time; and

Familiarity with the Company and its industry.

Edgar Filing: RELIANT ENERGY INC - Form DEF 14A

The Nominating & Governance Committee also considers the diversity of, and the optimal enhancement of the current mix of talent and experience on, the Board and other factors as it deems relevant, including the current composition of the Board, the balance of management and independent directors, and the need for Audit Committee expertise.

In connection with its evaluation, the Committee determines whether to interview the prospective nominee and, if warranted, one or more members of the Committee, and others as appropriate, may interview prospective nominees in person. After completing this evaluation and interview, the Committee makes a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation and report of the Committee.

We did not pay any third party a fee to assist in the process of identifying or evaluating nominees for election as Class II directors at the 2004 Annual Meeting. We did not receive any director candidates for election as Class II directors at the 2004 Annual Meeting put forward by a stockholder or group of stockholders who beneficially own more than 5 percent of our common stock.

Table of Contents

Submission of Stockholder Nominations to the Board of Directors

A stockholder who wishes to recommend a prospective nominee for the Board should notify the Corporate Secretary, Reliant Energy, Inc., 1000 Main Street, 12th Floor, Houston, Texas 77002. The notice should be addressed to the attention of the Corporate Secretary or any member of the Nominating & Governance Committee in care of the Corporate Secretary. The notice should include whatever supporting material the stockholder considers appropriate. The Nominating & Governance Committee will also consider whether to nominate any person nominated by a stockholder pursuant to the provisions of our bylaws relating to stockholder nominations as described in Additional Information Stockholder Proposals, below.

ITEM 3: Stockholder Proposal Executive Compensation (Mr. Charlie Gus Nelson, Jr.)

We have been notified that Mr. Charlie Gus Nelson, Jr., whose address is 4345 Allen Genoa, Pasadena, Texas 77504 and who is a holder of 1,784 shares of our common stock, intends to present the following proposal for consideration at the Annual Meeting:

RESOLVED, that the shareholders of RELIANT RESOURCES corporation (the Company) request the Compensation Committee (the Committee) of the Board of Directors to adopt a policy requiring its executive officers to retain any shares of the Company common stock acquired through the exercise of stock options or restricted stocks until 90 days after their termination from employment or other service with the Company (except to the extent necessary to pay the exercise price and/or any accompanying tax obligations.)

Statement of Support: According to the performance chart in the Company's 2003 proxy statement, its total return to shareholders dropped over \$80 in the 20 month period since its initial public offering in May 2001, which was worse than the performance of its broad market and peer group indexes for the same period. Despite the Company's under performance, in 2002 all its executive officers received increased cash compensation and option grants ranging from 130,000 to 700,000. In our opinion, the Company's compensation needs to be revised. We specifically urge the Company to align its executive officers interest with long-term shareholders interest by limiting the danger of pump and dump stock compensation plans.

An article in the October 11th 2003 issue of The Economist magazine observed that top executives at many corporations have pumped up their company's share price in the short term so that they could exercise their options and dump their stock for a quick profit.

We submit that the stock ownership policy at Cinergy, another electric utilities company, is an effective way to combat pump and dump and to align the interest of executive officers with shareholders. Cinergy has adopted a policy where its directors, the Chief Executive Officer and the executive officers have agreed to retain shares of common stock acquired through the exercise of stock options until 91 days after their termination from employment or other services with Cinergy. We urge that this same policy be adopted by the Company for its executive officers and be expanded to include restricted stock as well.

We urge stockholders to vote FOR this proposal.

OUR BOARD RECOMMENDS THAT YOU VOTE AGAINST THIS PROPOSAL FOR THESE REASONS:

The Board believes that the stockholder's proposal, which calls for the Board to adopt a policy requiring its executive officers to retain any shares of our common stock acquired through the exercise of stock options or restricted stock until 90 days after their termination from employment or other service with the Company, is unduly restrictive.

It is the Board's judgment that imposition of the proposed restriction could impede the ability of the Company to recruit or retain talented management. Among other things, the Board notes that the imposition of fixed retention periods for common stock acquired through option exercise is a minority practice among its competitors.

To encourage stock ownership by management and alleviate concerns regarding a pump and dump strategy by our officers, the Company encourages each officer to own stock in the Company in an amount appropriate to his or her financial circumstances.

Table of Contents

The Board believes that the concerns raised in the proponent's supporting statement regarding the misuse of inside information by executive officers are addressed by existing criminal and civil legal prohibitions against insider trading. In addition, the Company has adopted a strict insider trading policy applicable to all employees, including executives, that prohibits employees from selling shares, or entering into derivative transactions with respect to Company securities, at a time when the employee is in possession of material non-public information. Pursuant to Section 16 of the Securities Exchange Act of 1934, our named executive officers must also report specified transactions in Company stock within two business days of the completion of such transactions. These filings are available for review by our stockholders on our Investor Relations website at <http://www.reliant.com/corporate>.

As a result of the foregoing, it is the Board's opinion that the proposal is unnecessary and that you should vote AGAINST the submitted proposal.

The performance vesting restricted stock units are presented at the target payout levels and the awards vest at the end of a three-year performance period. If the required Company performance targets are not met at the end of the period and the officer is an active employee at the end of such period, all unvested restricted stock units are forfeited. If at any time during the performance period, the officer's employment is terminated due to death, disability or retirement, the officer's right to receive the target performance restricted stock units shall vest at the time of such termination in the same proportion as the number of days elapsed in the period as of the date of such termination of employment bears to the total number of days in the period. Upon a change of control (as defined under the plan), the officer would receive a cash payment equal the value of the maximum number of performance shares that may be awarded under the terms of the agreement. Shares of restricted stock units that are subject to a time vesting schedule will vest in accordance with the terms and conditions detailed in the underlying award agreements. In the event dividends are paid on the underlying restricted stock units, dividend equivalents accrue on the restricted stock units.

- (3) Securities underlying options are shares of our common stock.

- (1) Unless otherwise noted herein, the options reported in the table have a term of 10 years, subject to earlier termination in most cases upon the executive officer's termination of service with the Company. The stock options granted in 2003 vest one-third on each of the first three anniversaries of the grant. Generally, any unvested options become fully exercisable in the event of a change in control or upon retirement, disability or death as defined in the underlying stock option award agreements.
- (2) The Black-Scholes pricing model was used to calculate the grant date present value of the stock options. The actual value, if any, that an executive may realize will depend on the excess of the stock price over the exercise price on the date the option is exercised, so that there is no assurance the value realized will be at or near the value estimated based upon the Black-Scholes model. The values shown have not been reduced to reflect the non-transferability of the options or the vesting or forfeiture provisions. The following table lists key input variables used in valuing the options:

The Board authorized 6,000,000 shares for grant upon adoption of the 2002 Stock Plan. To the extent these 6,000,000 shares were not granted in 2002, the excess shares were canceled. An additional 6,000,000 shares were authorized for 2003, with no more than 25% available for grant as awards of restricted stock and non-restricted grants of common stock or units denominated in common stock. The total number of shares available for future issuance is adjusted for new grants, exercises, forfeitures, cancellations and terminations of outstanding awards under the plan throughout the year. We do not plan to submit future requests for authorization of additional shares under the 2002 Stock Plan.

Awards granted under the 2002 Stock Plan may be granted singly, in combination or in tandem and may consist of stock options, stock appreciation rights, time vesting restricted stock awards, performance vesting restricted stock awards and cash awards. All employees other than the Company officers subject to Section 16 of the Securities Exchange Act of 1934 as amended, are eligible for awards under the 2002 Stock Plan. The 2002 Stock Plan is administered by the Compensation Committee, which may delegate to officers of the Company certain of its duties, powers and authority. Awards are not transferable or assignable except (i) by law, will or the laws of descent and distribution, (ii) pursuant to a qualified domestic relations order as defined by the Internal Revenue Code of 1986, as amended, or Title I of the Employee Retirement Income Security Act of 1974, as amended, or the rules thereunder, or (iii) with the approval of the Committee.

Employment Agreements

We have entered into severance and/or employment agreements with our executive officers as a means of attracting and retaining certain key employees. The following is a description of the terms and conditions under our severance and/or employment agreements with each of the executive officers named in the summary compensation table.

Severance Agreements. We have entered into severance and/or employment agreements with each of the named executive officers. As required by its charter, the Compensation Committee of our Board has reviewed and approved each of these agreements. The severance agreement of Mr. Jacobs will become effective upon the expiration of his present employment agreement (described below) on July 31, 2005.

The severance agreements provide for payments and other benefits upon a Covered Termination, defined as:

Termination of the executive's employment by the Company that did not result from death, disability or termination for cause; or

Termination by the executive for Good Reason following a change of control (as defined in the severance agreement).

Good Reason is defined as a (i) a significant reduction in duties and responsibilities, (ii) a reduction in annual base salary, (iii) the failure by the executive's employer to continue certain benefits and material compensation plans (or comparable benefits plans), or (iv) a change in the location of the executive's principal place of employment (generally a relocation of more than 50 miles).

If the payment obligations under the severance agreement are triggered, we are required to provide the following severance benefits:

A cash severance payment equal to the product of a multiple (3 in the case of Messrs. Staff, Harvey and Jacobs and 2 in the case of Messrs. Jines and Robb) times the sum of (i) the executive's base salary in effect immediately prior to the termination of his employment or, if higher, the base salary in effect immediately prior to the first occurrence of an event or circumstance constituting Good Reason (Salary) and (ii) the product of salary multiplied by target annual incentive compensation percentage under our Annual Incentive Compensation Plan (or any successor plan) (AICP);

A pro rated bonus equal to the product of (i) the executive's Salary and (ii) the executive's target percentage under the AICP in effect immediately prior to the termination of his employment or, if higher, the base salary in effect immediately prior to the first occurrence of an event or circumstance constituting Good Reason. The foregoing product is prorated based on the number of days the executive was employed during the bonus year in which his employment was terminated;

Any benefits that the executive would have been entitled to receive immediately upon a change of control or, if earlier, a Covered Termination, with respect to any equity based compensation in accordance with applicable plans and agreements;

Continuation of life insurance, medical, dental and vision benefits for the executive and his/her eligible dependents at the active employee rate for a period of (i) 3 years following the date of the executive's Covered Termination which occurs following a change of control or (ii) 18 months following any other Covered Termination; and

Outplacement fees (up to \$100,000 for Messrs. Staff, Harvey and Jacobs and up to \$50,000 for Messrs. Jines and Robb) incurred within 24 months of termination, financial planning services for a specified period following termination, and legal fees.

The severance agreements provide for gross-up payments intended to reimburse the executive for any excise taxes imposed by Section 4999 of the Internal Revenue Code in connection with the agreement.

Other Agreements with Named Executive Officers.

Mr. Harvey. In addition to the standard severance agreement terms, Mr. Harvey has the right to terminate his employment and receive severance benefits if, without regard to a change in control, any of the following events occur: (i) assignment to Mr. Harvey of duties inconsistent with his position, authority, duties or responsibilities; (ii) removal of Mr. Harvey from his current duties; (iii) action that results in a diminution in position, authority, duties, status or responsibilities; (iv) reduction in his annual base salary; (v) reduction in annual bonus opportunity; (vi) relocation outside of Houston; (vii) failure to continue benefits; or (viii) failure to provide adequate support staff. Mr. Harvey's severance agreement also provides that, in connection with any event that results in his being entitled to collect severance benefits, he will become fully vested in each outstanding stock option, restricted stock, performance share and other equity award from us granted prior to January 1, 2004 (including, without limitation, the grant of 212,000 shares of restricted stock made to him in May 2003). The agreement also extends the term under which Mr. Harvey can exercise his vested stock option grants following a covered termination (as defined under his employment agreement) from 90 days to a term equal to the original term of the stock option grant (typically a ten-year term from the date of issuance). Pursuant to a separate arrangement entered into with Mr. Harvey at the time of his initial employment with the Company, we credited an amount equal to \$481,000 to Mr. Harvey's nonqualified retirement plan on May 31, 2003.

Mr. Jacobs. In July 2002, we entered into an employment agreement with Mr. Jacobs. Under the agreement, we agreed to employ Mr. Jacobs in the capacity of Executive Vice President and Chief Financial Officer. The employment agreement terminates on July 31, 2005. Upon termination, the employment agreement will be replaced by a severance agreement (as described above).

The employment agreement provides that Mr. Jacobs' short-term incentive bonus target under our AICP is 100% of his annual base salary with a maximum payout of 2 times target. In addition, the agreement provides for the payment of a special retention bonus of \$650,000 upon the expiration of the agreement, with interest at the rate of 7% per annum, compounded annually, until paid. The retention bonus is subject, with certain exceptions, to Mr. Jacobs' remaining in active employment with us through July 31, 2005. Pursuant to the employment agreement, we also granted to Mr. Jacobs the specified number of stock options, time-based restricted stock shares and performance shares identified in the summary compensation table and notes thereto

The agreement also provides for payment of a Target Bonus to Mr. Jacobs. The Target Bonus is calculated by adding the fair market value of (i) the initial restricted stock awards to Mr. Jacobs (205,488 shares of common stock) plus (ii) the initial stock option grants to Mr. Jacobs (179,334 options to purchase common stock). If the value of the grants does not exceed \$1,850,000 on July 31, 2005, we will pay Mr. Jacobs a lump sum cash payment equal to the difference.

Mr. Jacobs can terminate his employment for Good Reason, which is defined to include (i) a reduction in base salary, (ii) if Mr. Jacobs is no longer reported by the Company pursuant to the Securities Exchange Act of 1934 among our 5 highest compensated officers; or (iii) an adverse change in his duties, responsibilities and status. Upon termination of employment without cause or good reason, Mr. Jacobs is entitled to receive a severance amount that includes (i) a lump sum payment equal to three-times the sum of his base salary and short-term incentive bonus, and (ii) the product of his base salary and target incentive award opportunity under the applicable short-term incentive bonus plan in effect immediately prior to termination with the product of such amounts being pro rated based on the number of days that Mr. Jacobs was employed during the bonus year in which his employment was terminated.

Arrangements entered into with Former CEO. Mr. Letbetter, our former chief executive officer, entered into a severance agreement with the Company on January 14, 2003 on substantially the same terms as the base severance agreement discussed above.

In connection with his resignation in April 2003, the board approved an amendment to Mr. Letbetter's severance agreement in order to facilitate his transition out of the Company. The amended severance agreement provided for (i) a cash severance payment of \$6.9 million; (ii) payment of a pro rated bonus for 2003 (\$747,946); and (iii) vesting of his restricted stock units in April 2004 provided he does not breach a non-competition agreement. Additionally, in accordance with the terms of his stock option grant awards, all of his unvested options immediately vested upon his resignation. Mr. Letbetter is entitled to receive certain benefits under deferred compensation plan arrangements entered into with our former parent company but for which we have assumed liability. We will pay him his accrued benefits under these plans in 15 annual installments of \$49,152.

Following his retirement, Mr. Letbetter entered into a consulting agreement with us under which he was paid an aggregate of \$1,000,000 for one year. In April 2004, we terminated this agreement.

**Report of the Compensation Committee of the
Board of Directors on Executive Compensation**

Overview

The Compensation Committee of the Board of Directors (the Committee) reviews the Company's compensation practices and policies, annually reviews and approves (subject to ratification by the independent directors of the Board) the compensation of the Chief Executive Officer, annually reviews and approves the compensation for the Company's other senior executives, evaluates the performance of the Chief Executive Officer, and annually prepares this report on executive compensation for inclusion in the proxy statement. The Board of Directors determines the Committee's membership.

In its report, the Committee presents the following:

Compensation Committee Responsibilities This discussion includes a summary of the responsibilities of the Committee with respect to executive compensation.

Executive Compensation Philosophy This discussion includes compensation policies applicable generally to the Company's executive officers, including the specific relationship of the Company's performance to executive compensation during 2003.

Compensation of the Chief Executive This discussion includes the Committee's bases for Chief Executive Officer compensation in 2003, including the relationship to the Company's performance in 2003. In April 2003, Mr. Letbetter resigned as the Company's Chief Executive Officer and Chairman of the Board and Mr. Staff became the Company's Chief Executive Officer and Chairman of the Board, initially on an interim basis. Mr. Staff was named permanent Chief Executive Officer and Chairman of the Board in August 2003. Accordingly, the report of the Committee discusses the Committee's determinations of both Mr. Letbetter's and Mr. Staff's compensation.

Compensation Committee Responsibilities

The charter of the Compensation Committee, which is available on the Company's Investor Relations website through a link at <http://www.reliant.com/corporate>, gives the Committee direct responsibility to:

Review, evaluate, and approve the agreements, plans, policies and programs of the Company to compensate the officers and directors of the Company;

Oversee plans, policies and programs of the Company to compensate the employees of the Company;

Produce a report on executive compensation each year and to publish the report in the Company's proxy statement for its Annual Meeting of stockholders; and

In consultation with the non-management members of the Board, evaluate the performance of the Chief Executive Officer; in consultation with the Chief Executive Officer, evaluate the Company's executive management; set the compensation of the Chief Executive Officer and such other members of the Company's executive management as it deems appropriate; and otherwise discharge the Board's responsibilities relating to compensation of the Company's officers and directors.

The Committee's specific responsibilities include:

Setting the compensation of the Chief Executive Officer and such other members of executive management as the Committee deems appropriate, including the annual base salary, annual incentive opportunity level, long-term incentive opportunity level and special or supplemental benefits;

Taking steps to modify any executive compensation program to ensure payments and benefits are reasonably related to executive and corporate performance and are comparable to programs of peer businesses;

Table of Contents

Approving all executive officer employment agreements, severance arrangements, and change-in-control agreements and provisions;

Recommending to the Board the form and amount of director compensation, taking into account the Company's belief that director compensation should encourage ownership of the Company's stock and should be competitive with comparable companies; and

Ensuring that stockholders are given the opportunity to vote on equity-compensation plans, as required by law, applicable listing standards, the Company's certificate of incorporation or bylaws or the Company's Corporate Governance Guidelines.

In carrying out its responsibilities, the Committee is authorized to engage, and has engaged, outside advisers to consult as the Committee deems appropriate.

Executive Compensation Philosophy

The Committee believes that compensation for executives should (a) be competitive with other companies in order to attract, motivate and retain the talent needed to lead and grow the Company's business; (b) be based on performance of the individual and performance of the business; (c) provide a strong incentive for key managers to achieve the Company's goals; and (d) make prudent use of the Company's resources. The Committee further believes that a substantial portion of executive compensation should be comprised of variable, at-risk elements with the majority of such elements being based on the Company's long-term success.

In making compensation decisions, the Committee also reviews and considers compensation data for executives at other leading merchant energy companies, corporations of a size comparable to the Company and companies with whom the Company must compete in hiring and retaining executive management. For 2003, the Committee considered compensation data from Duke Energy Corp., Dynegy, Inc., Entergy Corporation, El Paso Corp., Mirant Corp. and The Williams Companies, Inc. All of these companies, other than Entergy Corporation, are included in the composite group index shown on the performance graph.

Components of Executive Compensation

The compensation program for executive officers of the Company consists of the following components: base salary, annual incentive cash payment awards, and long term incentive awards consisting of stock options, restricted stock awards and cash awards.

Base Salary

The Committee annually reviews the base salaries of the Company's executive officers. The Committee approves adjustments in base salaries based on a variety of factors, including comparative compensation data from the foregoing peer group companies, results of operations and financial performance, and the Committee's assessment of the performance, skills and responsibilities of individual executive officers.

Edgar Filing: RELIANT ENERGY INC - Form DEF 14A

For 2003, the Committee elected not to make changes in the base salaries of its executive officers (other than Mr. Staff, who transitioned from interim to permanent Chief Executive Officer of the Company in August 2003, and Mr. Jacobs). The increase in Mr. Jacob's compensation was based primarily on the Committee's assessment of Mr. Jacob's performance and a comparison to similarly-situated executives within the Company.

Annual Incentive Compensation

The purpose of the Company's 2002 Annual Incentive Compensation Plan for Executive Officers (AICP) is to encourage a high level of corporate performance through the establishment of predetermined corporate and other goals, the attainment of which requires a high degree of competence and diligence on the part of the

Table of Contents

Company's executive officers. Payment of AICP awards, which is calculated as a specified target percentage of the participant's base salary, is subject to the satisfaction of the specified performance goals and achievement levels.

For 2003, the Committee established two AICP performance goals for the purpose of determining eligibility for funding of awards. The first goal required the Company to enter into a restructured credit facility with no default clauses triggered (unless subject to a waiver). The Committee established an achievement level for this goal of 0% or 100%. The second goal required the Company to meet specified adjusted earnings targets for the fiscal year 2003. The adjusted earnings targets (and corresponding achievement levels) were: \$0.60 per share (25%), \$1.00 per share (50%), and \$1.20 per share (100%). In March 2004, the Committee determined that Company had earned a total achievement level of 138% based on the successful completion of a restructured credit facility and adjusted earnings per share of \$0.81. In determining individual award amounts under the AICP, the Committee also took into account the performance and contributions of individual employees to the Company.

Long-Term Incentives

The purpose of the Company's 2002 Long-Term Incentive Plan (LTIP), which was approved by the Company's stockholders in 2002, is to further the interest of the Company and its stockholders by providing incentives in the form of awards to key employees in order to recognize outstanding performances and individual contributions and give participants in the plan an interest parallel to that of stockholders. Awards available under the LTIP consist of stock options, stock appreciation rights, restricted stock, common stock, and cash.

In 2003, each of the Company's executive officers received grants under the LTIP comprised of approximately equal amounts of stock options and restricted stock. In total, the number of grants awarded to the Company's executive officers amounted to 1,272,000 shares of restricted stock and 1,289,000 shares of stock subject to stock options. The exercise price for each stock option, as determined by reference to the closing price for the Company's stock on the date of the grant, is \$3.505. For each executive officer, the Committee considered the number of shares received by each officer in the prior year, without adjustment for the interim decline in the market value of the Company's common stock.

Recent Executive Compensation Policy Actions

In February 2004, the Committee granted performance awards to 26 key employees of the Company (including each of the Company's named executive officers) under a Key Employee Award Program (Key Employee Program) established under the LTIP. The Key Employee Program is intended to provide incentives to the group of key executive and other officers expected to be significant contributors to the achievement of the Company's three-year strategic plan.

Under the Key Employee Program, participants received an aggregate of 93 award units ranging from a minimum of one to a maximum of 16 units per participant. Each unit consisted of the following targeted awards: (i) 68,000 stock options (exercise price of \$8.135 per share); (ii) 16,000 shares of restricted stock; and (iii) 16,000 cash performance units (convertible into a cash amount equal to the market value of one share of the Company's common stock on the date of vesting). Participants in the Key Employee Program are not eligible to receive additional LTIP grants until December 31, 2006. Awards granted under the Key Employee Program are forfeited if the participant ceases for any reason to be an employee of the Company before the award vests except in connection with a change of control. Pursuant to the Key Employee Award Program, the Committee granted the following awards to the executive officers of the Company named in the summary compensation table: Mr. Staff (16), Mr. Harvey (9), Mr. Jacobs (9), Mr. Jines (4) and Mr. Robb (5).

Edgar Filing: RELIANT ENERGY INC - Form DEF 14A

No awards will be granted under the Key Employee Program unless the Company meets specified qualitative and quantitative performance goals. These goals include achieving an adjusted debt to adjusted

EBITDA ratio of at least 3.5 as of December 31, 2006, subject to Committee discretion based on market conditions, delivering superior customer value and building of a great company for which to work. The amount of payout (60% to 140% of the targeted award) will depend on the Company's achievement of the performance goals as determined in the Committee's discretion. The Committee can increase or decrease payout percentages if it determines it would be in the Company's best interest to do so.

Limitation of Deductions

Section 162(m) of the Internal Revenue Code generally limits the deductibility of executive compensation paid to the Company's named executive officers to \$1,000,000 per year for federal income tax purposes, but contains an exception for certain performance-based compensation. In making compensation decisions, the Committee considers the potential deductibility of proposed compensation arrangement for the Company's executive officers. However, the Committee may elect to approve non-deductible compensation arrangements if the Committee believes that such arrangements are in the best interests of the Company and its stockholders. As part of its analysis, the Committee may take into account a variety of factors, including the Company's ability to utilize the deduction based on projected taxable income.

Compensation of the Chief Executive Officer

The Board of Directors appointed Mr. Staff as the Company's permanent Chief Executive Officer and Chairman of the Board in August of 2003. Between April 2003 and August 2003, Mr. Staff served as the Company's interim Chief Executive Officer.

The Committee determined the compensation of Mr. Staff in accordance with the compensation principles and plans discussed in this report and the Compensation Committee's charter. In making its compensation decision, the Committee also relied upon an analysis prepared by a compensation consultant retained by the Committee. The analysis took into consideration a number of factors, including (i) the significant financial, legal and regulatory challenges faced by the Company and (ii) the Committee's wish to present a competitive pay package containing an equity element that would strengthen the alignment between Mr. Staff's interests and those of the stockholders. On the basis of the foregoing, and the consultant's review of the compensation paid to other chief executive officers, the consultant concluded that Mr. Staff's compensation fell close to the median of the market in terms of value as determined by reference to the peer companies identified earlier in this report.

Determination of Base Salary

Prior to his appointment as the Company's full-time Chief Executive Officer and Chairman of the Board, Mr. Staff did not receive a base salary; in lieu of a salary, the Committee granted Mr. Staff 550,315 stock options that vested monthly over the period of one year from the date of grant.

Following his full-time appointment, the Committee approved a base salary for Mr. Staff of \$1,000,000 effective August 11, 2003. In determining the amount of the base salary, the Committee took into account Mr. Staff's performance as the Company's interim Chief Executive Officer as well as the criteria described above.

Determination of Annual Incentive Payment

The Committee established a target AICP award for Mr. Staff equal to 100% of his base salary. In addition to the general performance targets established by the Committee for all executive officers, the Committee designated the following additional performance goals for Mr. Staff:

1. Demonstrate substantial progress toward resolving major legal and regulatory issues and develop road map for ultimate resolution.

Table of Contents

2. Complete and present to the Board a comprehensive 3-year strategy for the Company including (a) complete design of the wholesale business model and (b) develop and implement an ERCOT supply strategy.
3. Implement disciplined planning and accountability processes throughout the Company.
4. Execute \$140 million cost reduction plan and initiate process improvements that will contribute significantly to 2004 earnings.
5. Ensure Company values and importance of compliance are understood and honored throughout the organization.

On March 30, 2004, the Committee approved an AICP Award for Mr. Staff for 2003 performance in the amount of \$833,333 which was 200% of his target award.

Determination of Long-Term Incentive Awards

On August 28, 2003, following Mr. Staff's election as the Company's permanent Chief Executive Officer and Chairman of the Board the Committee approved the base salary and annual incentive targets, and additional long term awards were approved consisting of (i) 633,125 stock options and (ii) 337,500 restricted shares.

Former Chief Executive Officer

In 2003, the Committee made no changes to the base salary of the Company's former chief executive officer, Mr. Letbetter, who resigned in April of that year. In addition, the Committee determined that Mr. Letbetter was not eligible to receive an AICP Award. The Board also made a long-term incentive award to Mr. Letbetter of 500,000 stock options and 500,000 shares of restricted stock.

In April 2003, the Company announced that Mr. Letbetter had resigned as the Company's Chairman of the Board and Chief Executive Officer. For information regarding the terms of Mr. Letbetter's severance agreement, reference is made to Employment Agreements Arrangements entered into with Former CEO as set forth in this proxy statement.

AUDIT MATTERS

Report of the Audit Committee

The Audit Committee operates under a written charter approved by the Board of Directors. A copy of the charter is attached as Appendix A to the proxy statement.

Each member of the Audit Committee is an independent director as determined by the Board of Directors, based on New York Stock Exchange listing rules. Each member of the Committee also satisfies the Securities and Exchange Commission's (SEC) additional independence requirements for members of audit committees. In addition, our Board of Directors has designated Ms. Laree E. Perez and Mr. William L. Transier as audit committee financial experts, as defined by SEC's rules.

In the performance of its oversight function of the Company's financial reporting and disclosure, the Audit Committee has reviewed and discussed with management and the independent auditors the annual and all quarterly financial statements prior to their issuance in the Company's periodic reports filed with the SEC. In connection with such financial statement and disclosure reviews, management advised the Audit Committee that each set of financial statements reviewed had been prepared in accordance with generally accepted accounting principles, and reviewed significant accounting and disclosure issues with the Audit Committee. These reviews included discussions with the independent auditors of the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committee), including the quality of the Company's accounting principles, the reasonableness of management's significant accounting judgments and estimates and the clarity and completeness of disclosures in the financial statements.

In addition, the Audit Committee has received from the independent auditors written disclosures and a letter as required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, discussed with the independent auditors their independence from the Company and its management, and considered whether the independent auditor's provision of non-audit services to the Company is compatible with maintaining the auditor's independence.

The Audit Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting. In addition, the Audit Committee met with the Chief Executive Officer and Chief Financial Officer of the Company to discuss the processes that they have undertaken to evaluate the accuracy and fair presentation of the Company's financial statements and the effectiveness of the Company's system of disclosure controls and procedures.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2003 for filing with the Securities and Exchange Commission.

Additional Information

Stockholder Proposals. Our bylaws require advance notice of proposals by stockholders to be presented for action at an annual meeting. In the case of the 2005 annual meeting, the required notice must be received by our corporate secretary between December 4, 2004 and March 4, 2005; however, if you would like such proposal to be included in our 2005 Proxy Statement, the proposal must also be received on or before January 4, 2005, see "Deadline for Inclusion in 2005 Proxy Statement" below. Our bylaws require that the proposal must constitute a proper subject to be brought before the meeting and that the notice must contain prescribed information, including a description of the proposal and the reasons for bringing it before the meeting, proof of the proponent's status as a stockholder and the number of shares held and a description of all arrangements and understandings between the proponent and anyone else in connection with the proposal as well as other procedural requirements. A copy of our bylaws describing the requirements for notice of stockholder proposals may be obtained by writing our corporate secretary.

Our bylaws provide that a stockholder may nominate a director for election if the stockholder sends a notice to our corporate secretary identifying any other person making such nomination with the stockholder and providing proof of stockholder status. This notice must be received at our principal executive offices between December 4, 2004 and March 4, 2005. The stockholder must also provide the information about the nominee that would be required to be disclosed in the proxy statement. We are not required to include any stockholder-proposed nominee in the proxy statement. A copy of our bylaws describing the requirements for nomination of director candidates by stockholders may be obtained by writing our corporate secretary.

Deadline for Inclusion in 2005 Proxy Statement. Although, as discussed above, our bylaws allow a stockholder to present notice of a proposal to be acted on at a stockholder meeting from December 4, 2004 until March 4, 2005, Rule 14a-8 under the Securities Exchange Act of 1934 addresses when a company must include a stockholder's proposal in its proxy statement and identify the proposal in its form of proxy when the company holds an annual or special meeting of stockholders. In general, under Rule 14a-8 a proposal for a regularly scheduled annual meeting must be received at the company's principal executive offices not less than 120 calendar days before the date of the company's proxy statement released to stockholders in connection with the previous year's annual meeting or, if the company did not hold an annual meeting the previous year, or if the date of the annual meeting has been changed by more than 30 days from the date of the previous year's annual meeting, a reasonable time before the company begins to print and mail its proxy materials. For a special meeting, the deadline is a reasonable time before the company begins to print and mail its proxy materials. In addition to complying with the applicable deadline, stockholder proposals must also be otherwise eligible for inclusion.

We expect to hold our 2005 annual meeting on or about June 2, 2005, which is a change of not more than 30 days from this year's annual meeting. As a result, any stockholder who intends to present a proposal at the 2005 annual meeting and who requests inclusion of the proposal in our 2005 proxy statement and form of proxy in accordance with applicable SEC rules should file the proposal with us by January 4, 2005.

Edgar Filing: RELIANT ENERGY INC - Form DEF 14A

Where to Submit Stockholder Proposals. If you would like to submit a stockholder proposal, you may do so by sending the proposal in writing during the periods specified above to the attention of our Corporate Secretary via mail to Reliant Energy, Inc., 1000 Main Street, 12th Floor, Houston, Texas 77002 or via facsimile to (713) 497-0140

Multiple Stockholders Sharing the Same Address. The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to these stockholders. This practice, which is commonly referred to as householding, potentially provides extra convenience for stockholders and cost savings for companies. Currently, some brokers household proxy materials sent to stockholders who hold their shares indirectly through a broker or nominee, delivering a single proxy statement to multiple stockholders sharing an address. Any registered stockholder (that is, a stockholder holding shares in his/her name) who shares an address with another registered stockholder who wishes to receive a separate copy of future proxy statements should return the attached proxy card and indicate on such card that he/she prefers not to participate in the householding program.

Proxy Solicitation Costs. We have retained Innisfree M&A Incorporated (Innisfree), 501 Madison Avenueth Floor, New York, New York, 10022, to aid in the solicitation of votes. For these services, we will pay Innisfree a fee of \$10,000 and reimburse it for certain expenses. In addition, we will reimburse brokerage firms, nominees, fiduciaries, custodians and other agents for their expenses in distributing proxy material to the beneficial owners of our common stock. Certain of our directors, officers and employees may solicit proxies by further mailing, telephone, telex, facsimile, electronic means or personal contact.

Annual Report to Stockholders

Our Annual Report on Form 10-K, which includes our consolidated financial statements for the year ended December 31, 2003, accompanies the proxy material being mailed to all stockholders. The annual report is not a part of the proxy solicitation material.

The Board of Directors of Reliant Energy, Inc. (the "Company") has established the Audit Committee of the Board and has adopted this Charter, which is dated July 7, 2003 as amended effective March 31, 2004, and reflects the Company's current circumstances and current best practices. It is the intention of the Board that this Charter be a dynamic document, to be regularly reviewed and updated to ensure that it represents evolving best practices on a basis consistent with the Reliant Resources, Inc. Statement of Objectives, as set forth below:

The objective of the Board of Directors (the "Board") is to govern the affairs of the Company for the benefit of our shareholders and other constituencies, including our employees, customers and the communities in which we do business. The Board strives to ensure the success and continuity of the Company's business by electing qualified management and fostering an environment in which the Company's activities are conducted in a legally-compliant, responsible and ethical manner.

Strong principles of corporate governance are critical to achieving these objectives. Accordingly, the Board has committed to:

High Corporate Governance Standards Engaging in conduct that conforms to current corporate governance standards and monitoring evolving standards of corporate governance in an effort to substantially exceed the consensus view of the minimally-acceptable standards;

Responsible Decision Making Acting in the best interests of the Company and its shareholders, taking into account the effect of its actions on the Company's employees, customers, the environment and the communities in which it operates;

Transparency in Reporting Ensuring transparency in the Company's reporting of its financial condition and results of operations, business activities and other disclosure by the Company to regulatory authorities, shareholders and other constituencies; and

Ethical Behavior Conducting the Company's business in a fashion consistent with the highest standards of ethical conduct and in such a fashion that complies with both the letter and the spirit of the applicable laws, rules and regulations.

I. Purposes

The purposes of the Audit Committee are:

Edgar Filing: RELIANT ENERGY INC - Form DEF 14A

1. To oversee the quality and integrity of the financial statements;
2. To oversee the Company's compliance with legal and regulatory requirements;
3. To oversee the qualifications and independence of the registered public accounting firm engaged for the purpose of preparing or issuing an audit report for inclusion in the Company's Annual Report on Form 10-K (referred to herein as the independent public accountants);
4. To oversee the Company's compliance program and the activities of the Corporate Compliance Officer and Chief Risk Officer;
5. To oversee the performance of the Company's internal audit function and independent public accountants; and

II. Membership

The Audit Committee shall be comprised of three or more Directors, as determined by the Board. Audit Committee members are appointed by the Board upon recommendation of the Nominating & Governance Committee, and shall serve until their successors are duly elected and qualified. Each member of the Audit Committee shall be qualified to serve on the Audit Committee pursuant to the requirements of the New York Stock Exchange (the "NYSE"), and shall also satisfy any additional requirements deemed appropriate by the Board. No member shall serve on an audit committee of more than two other public companies.

Each member shall be (or shall become within a reasonable time after appointment) financially literate, as the Board, in its business judgment, interprets the term. Additionally, at least one member of the Audit Committee must have accounting or related financial management expertise, as the Board, in its business judgment, interprets the term. Either at least one member of the Audit Committee must be an audit committee financial expert (as defined by the SEC pursuant to the Sarbanes-Oxley Act of 2002 (the "Act")) or the fact that the Audit Committee has no financial expert must be disclosed in the Company's SEC filings. The Board may presume that a person who is an audit committee financial expert as defined by the SEC's rules has accounting or related financial management expertise. Members of the Audit Committee may enhance their familiarity with finance and accounting principals by participating in educational programs that the Company or an outside consultant conducts.

Notwithstanding the foregoing membership requirements, no action of the Audit Committee shall be invalid by reason of any such requirement not being met at the time such action is taken.

III. Meetings and Structure

The Audit Committee shall meet at least four times per year to review the financial information of the Company, consistent with its duties and responsibilities, and as many additional times as the members deem necessary. Members are expected to regularly attend Audit Committee meetings, and to spend the time needed to properly discharge their responsibilities. An Audit Committee member who is unable to attend an Audit Committee meeting is expected to notify the chairperson of the Audit Committee prior to the meeting.

The schedule for each Audit Committee meeting shall be furnished to all directors, and the agenda for each Audit Committee meeting shall be furnished to the Audit Committee members as well as to the chairperson of each other committee of the Board. Additionally, all non-management directors are invited to attend every meeting of the Audit Committee and receive copies of all materials distributed at such meetings, with the understanding that non-management directors that do not sit on the Audit Committee will have only observer status. The Audit Committee may meet in person, by telephone conference call, or in any other manner in which the Board is permitted to meet under law or the Company's bylaws.

Information and data important to the Board's understanding of the business to be conducted at an Audit Committee meeting should be distributed in writing to the attendees before the meeting (taking into account that there may be exigent circumstances in which it is not possible to do so), and directors are expected to review these materials prior to the meeting. Materials should be physically delivered at least four calendar days prior to the meeting in question.

Edgar Filing: RELIANT ENERGY INC - Form DEF 14A

The Audit Committee shall meet periodically with management (including not less than annually with each of the Chief Executive Officer and the Chief Financial Officer, meeting separately), the Company's Controller, the Company's Director of Internal Auditing, the Company's Corporate Compliance Officer, the Company's Chief Risk Officer and the independent public accountants in separate executive sessions to discuss any matters that the Audit Committee or each of these groups believe should be discussed privately.

The Board shall appoint one member of the Audit Committee as chairperson. The chairperson shall be responsible for leadership of the Audit Committee, including developing the agenda with the assistance of and in consultation with appropriate members of the Audit Committee and management, presiding over the meetings,

making assignments and reporting to the Board. The agenda for each Audit Committee meeting shall provide for a meeting of the members of the Audit Committee in executive session. The chairperson will also maintain regular liaison with the Chief Executive Officer, the Chief Financial Officer, the lead audit partner of the Company's independent public accountants and the Company's Director of Internal Auditing.

Any vacancy on the Audit Committee shall be filled by majority vote of the Board. Audit Committee members may be removed only by a majority vote of the directors then in office who qualify as independent under NYSE listing standards.

A majority of the members of the Audit Committee shall constitute a quorum. The Audit Committee shall act on the affirmative vote of a majority of members present at a meeting at which a quorum is present. The Audit Committee may also act by unanimous written consent in lieu of a meeting.

IV. Authority and Responsibilities

The Audit Committee shall have the sole authority and responsibility with respect to the selection, engagement, compensation, oversight, evaluation and, where appropriate, dismissal of the Company's independent public accountants. The independent public accountants report directly to and are accountable to the Audit Committee.

The Audit Committee shall have the authority to take all actions it deems advisable to fulfill its responsibilities and duties. The Audit Committee may form, and delegate some or all of its authority to, subcommittees as it deems appropriate; provided, however, that it shall not delegate to a subcommittee any power or authority required by any law, regulation or listing standard to be exercised by the Audit Committee as a whole. The Audit Committee shall have authority to obtain advice and assistance from internal or external legal, accounting or other advisors, as it deems necessary, without consulting or obtaining advance approval of any officer of the Company and without approval of the full Board. The Audit Committee shall have the authority to approve the fees and expenses of such advisors and have the Company pay such fees and expenses, as well as any administrative expenses of the Audit Committee.

If the Audit Committee retains an independent advisor, it must notify the Board and, if the Chief Executive Officer is not a member of the Board at such time, the Chief Executive Officer. The Audit Committee may request any officer or employee of the Company or any of its subsidiaries, the Company's outside legal counsel, and the Company's external auditors to meet with the Audit Committee or any member of the Audit Committee.

The Audit Committee shall be responsible for the resolution of any disagreements between the independent public accountants and management regarding the Company's financial reporting.

The Audit Committee shall have the following duties and responsibilities:

Independent Public Accountants

5. Ensure the independent public accountants do not provide any services to the Company that are prohibited by applicable laws; carefully evaluate and continually reevaluate those permitted services provided by its accountants to ensure that they remain within the scope of services allowed by applicable laws and that they otherwise are consistent with and do not compromise the auditor's independence.
6. Establish hiring policies for employees or former employees of the Company's independent public accountants.

Discuss with financial management the Company's earnings releases, including the use of pro forma or adjusted non-GAAP information, as well as financial information and earnings guidance provided to analysts and rating agencies, if any.

Review and discuss with management and the independent public accountants the disclosures made in management's discussion and analysis of financial condition and results of operations in any of the Company's reports on Form 10-Q and Form 10-K.

Edgar Filing: RELIANT ENERGY INC - Form DEF 14A

Establish regular and separate procedures of reporting to the Audit Committee by each of the Chief Financial Officer and the independent public accountants regarding any significant judgments made in management's preparation of the financial statements and the view of each as to appropriateness of such judgments.

10. Upon completion of any annual audit, meet separately with the independent public accountants and management and review the Company's financial statements and related notes, the results of their audit, any report or opinion rendered in connection therewith, any significant difficulties encountered during the course of the audit, including any restrictions on the scope of work or access to required information, any significant disagreements with management concerning accounting or disclosure matters and any significant adjustment proposed by the independent public accountants.
