PROXY STATEMENT

SOLICITATION AND REVOCABILITY OF PROXIES

The accompanying proxy is solicited by the Board of Directors of Goodrich Petroleum Corporation, a Delaware corporation (the "Company"), for use at the 2004 Annual Meeting of Stockholders (the "Annual Meeting") to be held at the Lancaster Hotel, 701 Texas Avenue, Houston, Texas 77002, on June 8, 2004, at 11:00 a.m. local time, or at any adjournment(s) thereof. The solicitation of proxies by the Board of Directors will be conducted primarily by mail. In addition, directors, officers and employees of the Company may solicit proxies by fax, telex, telephone and personal interview. The Company will bear the cost of preparing and mailing proxy materials as well as the cost of soliciting proxies. The Company will reimburse banks, brokerage firms, custodians, nominees and fiduciaries for their expenses in sending proxy materials to the beneficial owners of shares of the Company's common stock (the "Common Stock"). The approximate date on which this Proxy Statement and the accompanying form of proxy will first be sent to stockholders is May 11, 2004.

A proxy may be revoked at any time (a) by execution and submission of a revised proxy, (b) by written notice to the Secretary of the Company or (c) by voting in person at the Annual Meeting. In the absence of such revocation, shares represented by the proxies will be voted at the Annual Meeting.

Only holders of record of shares of Common Stock at the close of business on May 4, 2004 (the "Record Date") will receive notice of and will be entitled to vote at the Annual Meeting. At the close of business on May 4, 2004, the Company anticipates that there will be 19,127,289 shares of Common Stock outstanding. Holders of record of shares of Common Stock on the Record Date are entitled to one vote for each share of Common Stock held with respect to each matter to be voted upon. The presence, in person or by proxy, of at least a majority of the outstanding shares of Common Stock is required for a quorum.

The Company's annual report to stockholders for the year ended December 31, 2003, including financial statements, is being mailed herewith to all stockholders entitled to vote at the Annual Meeting. The annual report does not constitute a part of the proxy soliciting material.

PROPOSAL 1 ELECTION OF DIRECTORS
General

Three directors are to be elected at the annual meeting. The Company's Bylaws provide for a classified Board of Directors. The Board of Directors is divided into Classes I, II and III, the terms of office of which are currently scheduled to expire, respectively, on the dates of the Company's Annual Meetings of Stockholders in 2005, 2006 and 2004. Walter G. Goodrich, John T. Callaghan and Arthur A. Seeligson have been nominated to serve as Class III directors and, if elected, will serve until the Company's 2007 Annual Meeting of Stockholders or until their respective successors shall have been elected and qualified. The remaining directors named below will not be required to stand for election at the Annual Meeting because their present terms expire in either 2005 or 2006.

A plurality of the votes cast in person or by proxy by the holders of Common Stock is required to elect a director. Accordingly, abstentions and broker non-votes will have no effect on the outcome of the election assuming a quorum is present or represented by proxy at the Annual Meeting. A broker non-vote occurs if a broker or other nominee does not have discretionary authority and has not received instructions with respect to a particular item. Stockholders may not cumulate their votes in the election of directors.

Unless otherwise instructed or unless authority to vote is withheld, the enclosed proxy will be voted FOR the election of the Class III nominees listed below. Although the Board of Directors does not contemplate that any of the nominees will be unable to serve, if such a situation arises prior to the Annual Meeting, the persons named in the enclosed proxy will vote for the election of such other person(s) as may be nominated by the Board of Directors.

General Information about the Board of Directors and its Committees

The Board of Directors held six meetings in 2003. The Company does not have a formal policy regarding director attendance at Board meetings. However, the Board of Directors must consider a director's history of attendance at Board and Committee meetings as well as the director's preparation for and participation in such meetings when considering the director for renomination to the Board. All of the Company's directors, who were in office at the time of the 2003 Annual Meeting of Stockholders, attended last year's annual meeting.

The Company's non-management directors have met separately in executive session without any members of management present. If any of the Company's non-management directors were to fail to meet the NYSE's criteria for independence, then the independent directors would meet separately at least once a year in accordance with the rules of the NYSE.

The Board of Directors of the Company had four standing committees during 2003: Executive Committee, Audit Committee, Compensation Committee and Hedging Committee. The membership and functions of each committee are described below. The Executive Committee, Audit Committee, Compensation Committee and Hedging Committee met two, six, two and five times, respectively, in 2003. Each director attended at least 75% of the aggregate number of meetings of the Board of Directors and any committee on which such director served.

Executive Committee. The members of the Executive Committee are Messrs. Malloy, Gil Goodrich, Henry Goodrich and Seeligson, with Mr. Malloy serving as Chairman. The Executive Committee is delegated the authority to approve any actions that the Board of Directors could approve, except to the extent restricted by law or by the Company's Restated Certificate of Incorporation or Bylaws.

Audit Committee. The members of the Audit Committee are Messrs. Perdue, Callaghan and Seeligson and Ms. Ferraro. Mr. Perdue is Chairman of the Audit Committee. The functions of the Audit Committee are to recommend to the Board of Directors the firm of independent public accountants to be engaged to audit our financial statements, meet with the auditors and our financial management to review with them our significant accounting policies and its internal controls, provide opportunities for the auditors to meet with the Audit Committee and our officers, discuss matters discussed at Audit Committee meetings with the full Board of Directors, investigate any matters brought to its attention within the scope of its duties, review and assess the adequacy of the Audit Committee charter on an annual basis, and have general responsibility in connection with related matters. See *Audit Committee Report* below.

Revisions to the Audit Committee's charter were approved by the Audit Committee in February 2004 and the revised charter is included as Appendix I to this Proxy Statement. In conjunction with the revision of its charter, the Audit Committee was designated by the Board of Directors to perform certain corporate governance functions until such time as the Company establishes a separate corporate governance committee of the Board of Directors. Those functions include assisting the Board of Directors in identifying individuals qualified to become members of the Board of Directors and recommending to the Board the slate of directors to be nominated by the Board at the Annual Stockholders Meeting and any director to fill a vacancy on the Board. The Audit Committee will also assist the Executive Committee in recommending directors to be appointed to committees of the Board, including in the event of vacancies. Beginning in June 2004, the revised Audit Committee charter as well as the Company's Code of Business Conduct and Ethics and its Corporate Governance Guidelines may be found on the Company's website at www.goodrichpetroleum.com.

Compensation Committee. The members of the Compensation Committee are Messrs. Austin, Seeligson, Washington and Webster. Mr. Austin is Chairman of the Compensation Committee. The Compensation Committee's functions include the general review of our compensation and benefit plans to ensure that they meet corporate objectives. In addition, the Compensation Committee makes recommendations to the Board of Directors on compensation of all of our officers, the granting of awards under and administering our stock option and other benefit plans, and adopting and changing our major compensation policies and practices. See *Compensation Committee Report* below.

Hedging Committee. Members of the Hedging Committee are Messrs. Malloy, Austin and Gil Goodrich, with Mr. Malloy serving as Chairman. The Hedging Committee's principle function is to assist management in establishing pricing and production guidelines to be used by management in entering into oil and gas hedging contracts in order to manage the commodity price risk for a portion of the Company's oil and gas production.

Director Nomination Process

When the Company's Chairman of the Board, Chief Executive Officer, or other board member identifies a need to add a new board member who meets specific criteria or to fill a vacancy on the Board, the Board of Directors, with assistance from the Audit Committee in its corporate governance role, initiates a search by seeking input from board members and senior management. The Board of Directors will also consider recommendations for nominees for directors submitted by stockholders. The Chairman of the Board and the Chief Executive Officer interviews prospective candidate(s). The Board of Directors offers other board members the opportunity to interview the candidate(s) and then meets to consider and approve the final candidate(s). The final candidate(s) are nominated by the Board or elected to fill a vacancy.

Director Qualifications

When identifying director nominees, the Board of Directors, with assistance from the Audit Committee in its corporate governance role, will consider the following:

The person's reputation, integrity and (for NYSE and SEC purposes) independence;

The person's skills and business, government or other professional experience and acumen, bearing in mind the composition of the board and the current state of the company and the energy industry generally at the time of determination;

The number of other public companies for which the person serves as a director and the availability of the person's time and commitment to the company;

The person's knowledge of a major geographical area in which the company operates; and

The person's age.

In the case of current directors being considered for renomination, the Committee will also take into account the director's history of attendance at board and committee meetings, the director's tenure as a member of the board and the director's preparation for and participation in such meetings.

Increase the annual retainer fee to be paid to the Company's nonemployee directors from \$5,000 to \$10,000 (and eliminate the option to receive such fees in common stock); and

Provide for additional annual retainer fees to be paid to the Chairman of the Company's Audit Committee in the amount of \$15,000 and to the Chairman of the Company's Compensation Committee in the amount of \$5,000.

In November 2003, the Compensation Committee of the Board of Directors also recommended that certain changes be made in the equity portion of the annual compensation provided to the Company's non-employee directors, subject to stockholder approval, as further described below (see Proposal 2 Approval of Amendments to 1997 Nonemployee Directors Compensation Plan).

In addition to the annual compensation amounts described above, each of the directors who are not officers or consultants of the Company or its subsidiaries has been paid \$1,000 for each meeting attended and \$500 for each committee meeting attended. In addition, directors were reimbursed for their reasonable out-of-pocket expenses incurred in connection with travel to meetings of the Board of Directors or committees thereof. The proposed amendments to the equity portion of the Nonemployee Director Compensation Plan will not affect such Board and committee meeting fees and travel expense reimbursement policies.

Nonemployee Director Compensation Plan. The Goodrich Petroleum Corporation 1997 Nonemployee Directors Compensation Plan (the Nonemployee Directors Compensation Plan) provides for both discretionary option and formula option grants and is administered by the Board of Directors of the Company, which may delegate all of its power of administration, with the exception of the power to authorize issuance of options. No director may vote or decide upon any matter relating solely to such director under the Nonemployee Directors Compensation Plan, nor may any director vote in any case in which the director's individual right to claim any benefit under the Nonemployee Directors Compensation Plan is particularly involved. The purposes of the Nonemployee Director Compensation Plan are to attract and retain the services of experienced and knowledgeable outside directors of the Company and to provide an incentive for such outside directors to increase their proprietary interest in the Company's long-term success and progress.

The maximum number of options to purchase shares of Common Stock that may be issued under the Nonemployee Directors Compensation Plan is 150,000. Options granted under the Nonemployee Directors Compensation Plan have a term of 10 years and are subject to earlier termination if the optionee's membership on the Board of Directors terminates for cause. If the optionee's membership on the Board of Directors is terminated for any reason other than cause, options may be exercised for up to four years from the date of such termination, but only as to the number of shares of Common Stock such optionee could have purchased on the date of termination from the Board of Directors. Discretionary option grants are exercisable as determined by the Board of Directors, and formula option grants are fully exercisable on the date of grant. The exercise price of an option shall be the closing stock price on the date of grant for both discretionary option grants and formula option grants.

The Nonemployee Directors Compensation Plan contains provisions whereby the Board of Directors may make adjustments to the number of shares of Common Stock to be acquired upon exercise of options in the event of a stock split, combination or stock dividend.

The Nonemployee Directors Compensation Plan may be amended or terminated at any time by the Board of Directors. Such amendment or termination will not impair the rights of a non-employee director or affect options previously granted and outstanding under the Nonemployee Directors Compensation Plan.

PROPOSAL 2 APPROVAL OF AMENDMENTS TO 1997 NONEMPLOYEE DIRECTORS COMPENSATION PLAN

Pursuant to a recommendation of the Compensation Committee made in November 2003, the Board of Directors has approved that certain changes be implemented in the equity portion of the Company's 1997 Nonemployee Directors Compensation Plan, subject to stockholder approval. The Board of Directors believes that the amendments are necessary in order to attract and retain high caliber individuals to serve as nonemployee directors of the Company. If the amendments are approved, they will take effect at the date of the 2004 Annual Meeting of Stockholders. The proposed amendments to the Nonemployee Directors Compensation Plan are reflected in Appendix II to this Proxy Statement and are summarized as follows:

- (1) Provide each nonemployee director a grant of common stock equal to \$30,000 (based on the average closing price of the Company's common stock for 20 trading days preceding the Annual Meeting of Stockholders) in lieu of granting options to purchase 4,000 shares of the Company's common stock.
- (2) Provide the Board of Directors the sole discretion to cashout any options issued under the Nonemployee Directors Compensation Plan in the event of a change in control of the Company.
- (3) Increase the total number of shares of common stock authorized to be issued under the Nonemployee Directors Compensation Plan from 150,000 shares to 300,000 shares.

The approval and adoption of this proposal requires the affirmative vote of a majority of the shares of Common Stock present, in person or by proxy, and entitled to vote at the annual meeting of stockholders. Accordingly, under Delaware law and the Company's Restated Certificate of Incorporation, as amended, and Bylaws, abstentions would have the same effect as a vote against this proposal, even though this may not be the intent of the person entitled to vote or giving the proxy. Broker non-votes on proposals are treated as votes withheld by the beneficial holders of the applicable shares and, therefore, such shares are treated as not voting on the proposal.

The Board of Directors recommends that stockholders vote FOR ratification of the amendments to the Nonemployee Directors Compensation Plan, and proxies executed and returned will be so voted unless contrary instructions are indicated thereon.

Goodrich Petroleum Corporation 1995 Stock Option Plan (Goodrich Plan)

The Goodrich Plan provides for the granting of options (either incentive stock options within the meaning of Section 422(b) of the Code, or options that do not constitute incentive stock options (nonqualified stock options)), restricted stock awards, stock appreciation rights, long-term incentive awards, and phantom stock awards, or any combination thereof. The Goodrich Plan covers an aggregate of 2,000,000 shares of Common Stock (subject to certain adjustments in the event of stock dividends, stock splits and certain other events). No more than 62,500 shares of Common Stock, subject to adjustments, may be issued pursuant to grants made under the Goodrich Plan to any one employee in any one year. The limitation set forth in the preceding sentence will be applied in a manner which permits compensation generated in connection with the exercise of options, stock appreciation rights and, if determined by the Compensation Committee, restricted stock awards to constitute performance-based compensation for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code).

Administration. The Goodrich Plan is administered by the Compensation Committee, which consists of members of the Board who are outside and disinterested directors for purposes of the Code and the Exchange Act. The Compensation Committee has the power to determine which employees will receive an award, the time or times when such award will be made, the type of award and the number of shares of Common Stock to be issued under the award or the value of the award. Only persons who at the time of the grant are employees or consultants of the Company or of any subsidiary of the Company are eligible to receive grants under the Goodrich Plan.

Options. The Goodrich Plan provides for two types of options: incentive stock options and nonqualified stock options. The Compensation Committee will designate the employees to receive the options, the number of shares subject to the options, and the terms and conditions of each option granted under the Goodrich Plan. The term of any option granted under the Goodrich Plan shall be determined by the Compensation Committee; provided, however, that the term of any incentive stock option cannot exceed ten years from the date of the grant and any incentive stock option granted to an employee who possesses more than 10% of the total combined voting power of all classes of stock of the Company or of its subsidiaries within the meaning of Section 422(b)(6) of the Code must not be exercisable after the expiration of five years from the date of grant. The exercise price per share of Common Stock of options granted under the Goodrich Plan is determined by the Compensation Committee; provided, however, that such exercise price cannot be less than the fair market value of a share of Common Stock on the date the option is granted (subject to adjustments). Further, the exercise price of any incentive stock option granted to an employee who possesses more than 10% of the total combined voting power of all classes of stock of the Company or of its subsidiaries within the meaning of Section 422(b)(6) of the Code must be at least 110% of the fair market value of the shares at the time such option is granted. The exercise price of options granted under the Goodrich Plan is paid in full in a manner prescribed by the Compensation Committee.

Restricted Stock Awards. Pursuant to a restricted stock award, shares of Common Stock will be issued or delivered to the employee at any time the award is made without any cash payment to the Company, except to the extent otherwise provided by the Compensation Committee or required by law; provided, however, that such shares will be subject to certain restrictions on the disposition thereof and certain obligations to forfeit such shares to the Company as may be determined in the discretion of the Compensation Committee. The restrictions on disposition may lapse based upon (a) the Company's attainment of specific performance targets established by the Compensation Committee such as (i) the price of a share of Common Stock, (ii) the Company's earnings per share, (iii) the Company's revenue, (iv) the revenue of a business unit of the Company designated by the Compensation Committee, (v) the return on stockholders' equity achieved by the Company, or (vi) the Company's pre-tax cash flow from operations; (b) the grantee's tenure with the Company; or (c) a combination of both factors. The Company retains custody of the shares of Common Stock issued pursuant to a restricted stock award until the disposition restrictions lapse. An employee may not sell, transfer, pledge, exchange, hypothecate, or otherwise dispose of such shares until the expiration of the restriction period. However, upon the

issuance to the employee of shares of Common Stock pursuant to a restricted stock award, except for the foregoing restrictions, such employee will have all the rights of a stockholder of the Company with respect to such shares, including the right to vote such shares and to receive all dividends and other distributions paid with respect to such shares.

Stock Appreciation Rights. A stock appreciation right permits the holder to receive an amount (in cash, Common Stock, or a combination thereof) equal to the number of stock appreciation rights exercised by the holder multiplied by the excess of the fair market value of Common Stock on the exercise date over the stock appreciation rights' exercise price. Stock appreciation rights may or may not be granted in connection with the grant of an option and no stock appreciation right may be exercised earlier than six months from the date of grant. A stock appreciation right may be exercised in whole or in such installments and at such times as determined by the Compensation Committee.

Long-Term Incentive and Phantom Stock Awards. The Goodrich Plan permits grants of long-term incentive awards (performance awards) and phantom stock awards, which may be paid in cash, Common Stock, or a combination thereof as determined by the Compensation Committee. Performance awards granted under the Goodrich Plan have a maximum value established by the Compensation Committee at the time of the grant. A grantee's receipt of such amount is contingent upon satisfaction by the Company, or any subsidiary, division or department thereof, of future performance conditions established by the Compensation Committee prior to the beginning of the performance period. Such performance awards, however, shall be subject to later revisions as the Compensation Committee shall deem appropriate to reflect significant unforeseen events or changes. A performance award will terminate if the grantee's employment with the Company terminates during the applicable performance period. Phantom stock awards granted under the Goodrich Plan are awards of Common Stock or rights to receive amounts equal to share appreciation over a specific period of time. Such awards vest over a period of time or upon the occurrence of a specific event(s) (including, without limitation, a change of control) established by the Compensation Committee, without payment of any amounts by the holder thereof (except to the extent required by law) or satisfaction of any performance criteria or objectives. A phantom stock award terminates if the grantee's employment with the Company terminates during the applicable vesting period or, if applicable, the occurrence of a specific event(s), except as otherwise provided by the Compensation Committee at the time of grant. In determining the value of performance awards or phantom stock awards, the Compensation Committee shall take into account the employee's responsibility level, performance, potential, other awards under the Goodrich Plan, and such other consideration as it deems appropriate. Such payment may be made in a lump sum or in installments as prescribed by the Compensation Committee. Any payment made in Common Stock will be based upon the fair market value of the Common Stock on the payment date.

Restricted Stock Awards

Concurrently with the purchase of outstanding employee stock options in February 2003 (see Stock Option Grants), the Company awarded 150,000 restricted shares of its common stock, with a three year vesting schedule, to various employees under the Goodrich Plan. The number of restricted shares of common stock that were granted to the Company's executive officers were as follows: Mr. Goodrich (25,050), Mr. Turnham (35,050), Mr. Ferchau (10,000), Mr. Selvius (10,000) and Mr. Watler (7,500). Such amounts are reflected in the Restricted Stock Awards column of the Summary Compensation Table.

Stock Option Grants

During the year ended December 31, 2003, the Company did not issue any stock options to the executive officers named in the Summary Compensation Table. On February 18, 2003, the Company purchased 1,016,500 outstanding employee stock options by issuing 125,157 shares of its common stock to the holders of such options. The value of such shares issued to the Company's executive officers is reflected in the LTIP Payouts column of the Summary Compensation Table.

Stock Option Exercises and Year-End Holdings

The following table sets forth information concerning stock option holdings and the value of unexercised in-the-money stock options held by the executive officers named in the Summary Compensation Table (all such options were issued pursuant to equity compensation plans approved by the Company's stockholders):

Severance Agreements

In May 2003, the Company's Board of Directors approved the execution of severance agreements with Messrs. Gil Goodrich and Turnham. In the event that the employment of either Mr. Goodrich or Mr. Turnham is terminated due to a change of control in the Company, the Company will pay each terminated executive an amount equal to two times his annual compensation and will also provide for continuation of the executive's health and life insurance benefits at no cost to the executive for two years following termination. Pursuant to the agreements, a change of control is defined to include: (1) Sale or other transfer of substantially all of the Company's assets; (2) Dissolution or liquidation of the Company; (3) Sale of more than 50% of the voting power of the Company's securities; and (4) Merger or consolidation of the Company.

COMPENSATION COMMITTEE REPORT

The Compensation Committee is responsible for evaluating the performance of management, determining the compensation for certain executive officers of the Company, and administering the Company's stock option plans under which stock-related grants and awards may be made to employees of the Company. The members of the Compensation Committee have furnished the following report on executive compensation for 2003.

The Company has developed a compensation policy which is designed to attract and retain key executives responsible for the success of the Company and motivate management to enhance long-term stockholder value. The annual compensation package of executive officers primarily consists of (i) a cash salary which reflects the responsibilities relating to the position and individual performance, (ii) variable performance awards payable in cash or stock and tied to the individual's and/or the Company's achievement of certain goals or milestones, and (iii) long-term stock based incentive awards which strengthen the mutuality of interest between the executive officers and the Company's stockholders.

In determining the level and position of compensation for each of the Company's executive officers, the Board of Directors took into account various qualitative and quantitative indicators of corporate and individual performance. The Board of Directors generally seeks to set salaries at the low to medium end of the range in comparison to peer group companies. In setting such salaries, the Board of Directors considers its peer group to be certain companies in the energy exploration and production industry with market capitalizations similar to that of the Company. In addition, in evaluating the performance of management, the Board of Directors takes into consideration such factors as oil and gas drilling results, successful acquisitions and operating results. The Board of Directors also recognizes performance and achievements that are more difficult to quantify, such as the successful supervision of major corporate projects, demonstrated leadership ability, and contributions to the industry and community development.

For 2003, the Board of Directors included in its evaluations the exploration and financial results of the Company along with each individual's job performance. Base compensation is established by the Compensation Committee, subject to the approval of the Board of Directors, and reviewed annually. When establishing or reviewing base compensation levels for each executive officer, the Compensation Committee, in accordance with its general compensation policy, considers numerous factors, including the responsibilities relating to the position, the qualifications of the executive, and the relevant experience the individual brings to the Company, strategic goals for which the executive has responsibility and compensation levels of comparable companies. No predetermined weights are given to any one of such factors. The salaries for each of the executive officers in 2003 were determined based on the foregoing factors.

In addition to each executive officer's base compensation, the Board may award cash bonuses and/or stock grant awards under the Company's stock option plan to chosen executive officers depending on the extent to which certain personal and corporate performance goals are achieved. Such goals are the same as discussed above. For 2003, cash bonuses were awarded to executive officers as disclosed in the Summary Compensation Table.

The Company's Chief Executive Officer, Walter G. Goodrich, participates in the executive compensation program described above. In establishing the base salary for Mr. Goodrich, the Compensation Committee assessed the pay levels for chief executive officers in similar companies in the oil and gas exploration and production industry and our profit performance. In 2003, Mr. Goodrich's base salary was \$208,125. For his performance in 2003, Mr. Goodrich was awarded a cash bonus of \$125,000 and received 25,050 shares of restricted stock. In determining Mr. Goodrich's compensation for 2003, the committee noted that the Company has achieved success in 2003 toward implementing its overall business strategy and accomplishing goals that had been set by the management team and approved by the Board. This success included achieving significant increases in oil and gas production volumes and operating cash flows in the year ended December 31, 2003.

The Board of Directors has not yet adopted a policy with respect to the limitation under the Federal Tax Code that generally limits the Company's ability to deduct compensation in excess of \$1,000,000 to a particular executive officer in any year.

Compensation Committee Interlocks and Insider Participation

During 2003, no executive officer of the Company served as (i) a member of the Compensation Committee (or other Board committees performing equivalent functions or, in the absence of any such committee, the entire Board of Directors) of another entity, one of whose executive officers served on the Board of Directors of the Company, or (ii) a director of another entity, one of whose executive officers served on the Board of Directors of the Company or its subsidiaries.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's directors and officers, and persons who own more than ten percent of the Common Stock, to file initial reports of share ownership and reports of changes in ownership (Forms 3, 4, and 5) of Common Stock with the Securities and Exchange Commission (the SEC) and the New York Stock Exchange. Officers, directors and greater than 10% stockholders are required by SEC regulation to furnish the Company with copies of all such forms that they file. The Company believes that during the fiscal year ended December 31, 2003, all Section 16(a) filing requirements applicable to its officers, directors and greater than 10% stockholders were complied with.

Certain Relationships and Other Transactions

Related Party Transactions with Patrick E. Malloy III and Josiah T. Austin

On June 1, 2001, the Company entered into a consulting agreement with Patrick E. Malloy, III, a director (Mr. Malloy is now chairman of the Company's Board of Directors), under which Mr. Malloy provided the Company advice on hedging and financial matters. The contract, which expired in May 2003, provided for payments to Mr. Malloy of \$120,000 per year. Pursuant to this arrangement, the Company paid Mr. Malloy \$50,000 in 2003 for services rendered through May 2003.

On March 12, 2002, the Company, monetized a portion of the value created in its Burrwood and West Delta 83 fields by selling a 30% working interest in the existing production and shallow rights, and a 15% working interest in the deep rights below 10,600 feet, in its Burrwood and West Delta 83 fields for \$12 million to Malloy Energy Company, LLC (MEC), led by Patrick E. Malloy, III and participated in by Sheldon Appel, who was a member of the Company's Board of Directors at that time, as well as Josiah Austin, who subsequently became a member of the Company's Board of Directors (Mr. Malloy is now Chairman of the Company's Board of Directors and Mr. Appel retired from the Board of Directors in February 2004). The sale price was determined by discounting to present value the acquired interest in the field's proved, probable and possible reserves using prevailing oil and gas prices. The Company retained an approximate 65% working interest in the existing production and shallow rights, and a 32.5% working interest in the deep rights after the close of the transaction. In conjunction with the sale, MEC provided a \$7.7 million line of credit, which was reduced to \$5.0 million on January 1, 2003. The credit line is subordinate to the Company's senior credit facility and can be used for acquisitions, drilling, development and general corporate purposes until December 31, 2004. MEC retains the option to convert the amount outstanding under the credit line, and/or provide cash on any unused credit into 30% of the Company's working interests in any acquisition(s) the Company makes in Louisiana prior to January 1, 2005. In the third quarter of 2003, the Company announced two Louisiana property acquisitions in which MEC has elected to participate for 30% of the Company's working interest. Since the Company has made no borrowings under the MEC credit line to date, MEC funded its share of the acquisition costs and will fund its share of the subsequent capital costs related to these acquisitions on a direct basis, rather than by converting borrowings under the credit line.

Edgar Filing: GOODRICH PETROLEUM CORP - Form DEF 14A

In accordance with industry standard joint operating agreements, the Company bills MEC on a monthly basis for its share of the capital and operating costs of the Burrwood/West Delta 83 fields and the other two Louisiana fields in which MEC acquired a 30% working interest in the third quarter of 2003. As of December 31, 2003, the amount billed and outstanding to MEC for its share of monthly capital and operating costs was

\$1,129,000 and is included in trade and other accounts receivable on the Company's consolidated balance sheet at that date. Such amount was paid by MEC to the Company in the month subsequent to billing and MEC is current on payment of its billings.

The Company also serves as the operator for other oil and gas wells owned by Malloy Oil & Gas, LLC (MOG), an affiliate of MEC in which the Company owns a 7% after payout working interest. In accordance with industry standard joint operating agreements, the Company bills MOG on a monthly basis for its share of the capital and operating costs of these wells. As of December 31, 2003, the amount billed and outstanding to MOG for its share of monthly capital and operating costs was \$535,000 and is included in trade and other accounts receivable on the Company's consolidated balance sheet at that date. Such amount was paid by MOG to the Company in the month subsequent to billing and MOG is current on payment of its billings.

Consulting Agreement with Henry Goodrich

The Company has a consulting agreement with Henry Goodrich, Chairman Emeritus, which commenced on August 15, 1995. Mr. Goodrich provides consulting services to the Company with regard to the identification and evaluation of acquisition and drilling opportunities, financing transactions, investor relations and other matters. Mr. Goodrich receives annual consulting fees from the Company of \$175,000 for such services. Mr. Goodrich was awarded a bonus of \$45,000 related to the Company's performance in 2003.

Employment of Henry Goodrich, Jr.

Henry Goodrich, Jr., son of Henry Goodrich and brother of Walter G. Goodrich, has been employed by the Company since April 2000 as a Senior Acquisitions Analyst and was promoted to Vice President Corporate Planning and Business Development in February 2003. His annual compensation for 2003 was \$105,000, which consisted of a salary of \$80,000 and a bonus of \$25,000 related to the Company's performance in 2003.

Working Interest Ownership by Executive Officers

In connection with the cessation of new prospect activities by Goodrich Oil Company in 1995, the former investors of Goodrich Oil Company, including Henry Goodrich and Walter G. Goodrich, became working interest owners in certain of the drilling prospects of the Company. In that regard, each individually participated as working interest owners in a number of wells drilled by the Company prior to 2003, however, they did not participate in any wells drilled by the Company in the year ended December, 31, 2003.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors of the Company was established to implement and to support the Board's oversight function with respect to the Company's financial reporting, accounting policies, internal controls and independent outside auditors.

The Audit Committee is comprised of four non-employee members of the Company's Board of Directors. After reviewing the qualifications of the current members of the Committee, and any relationships they may have with the Company that might affect their independence from the Company, the Board has determined that (1) all current Committee members are independent as that concept is defined in Section 10A of the Securities Exchange Act, (2) all current Committee members are independent as that concept is defined in the applicable rules of the NYSE, (3) all current Committee members are financially literate, and (4) Mr. Perdue qualifies as an audit committee financial expert under the applicable rules promulgated pursuant to the Securities Exchange Act.

In connection with the December 31, 2003 financial statements, the Audit Committee reviewed and discussed the audited financial statements with management; discussed with the auditors the matters required by Statement on Auditing Standards No. 61; and received and discussed with the auditors the matters required by Independence Standards Board Statement No. 1 and considered the compatibility of non-audit services with the auditor's independence.

Based on these reviews and discussions, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2003.

PROPOSAL 3 APPROVAL OF AUDITORS

Pursuant to the recommendation of the Audit Committee, the Board of Directors has appointed the firm of KPMG LLP as the Company's independent auditors for the fiscal year ending December 31, 2004, subject to ratification by the Company's stockholders. KPMG LLP has acted as the Company's auditors since its inception in 1995. A representative of KPMG LLP is expected to be present at the Annual Meeting, will be offered the opportunity to make a statement if such representative desires to do so and will be available to respond to appropriate questions.

The approval and adoption of this proposal requires the affirmative vote of a majority of the shares of Common Stock present, in person or by proxy, and entitled to vote at the annual meeting of stockholders. Accordingly, under Delaware law and the Company's Restated Certificate of Incorporation, as amended, and Bylaws, abstentions would have the same effect as a vote against this proposal, even though this may not be the intent of the person entitled to vote or giving the proxy. Broker non-votes on proposals are treated as votes withheld by the beneficial holders of the applicable shares and, therefore, such shares are treated as not voting on the proposal.

The Board of Directors recommends that stockholders vote FOR ratification of the appointment of KPMG LLP, and proxies executed and returned will be so voted unless contrary instructions are indicated thereon.

In addition to the responsibilities outline above and detailed hereinafter, the Audit Committee is appointed by the Board to fulfill the Board's corporate governance function, the responsibilities of which are described in Appendix A hereto.

Membership

The Audit Committee shall be comprised of three or more Directors, as determined by the Board or a nominating committee of the Board, none of whom shall be an affiliate of the Company or an employee or a person who receives any compensation from the Company other than fees paid for service as a Director. The members of the Audit Committee shall be elected by the Board or a nominating committee of the Board annually and shall serve until their successors shall be duly elected and qualified.

Each member shall be independent as defined from time to time by the listing standards of the New York Stock Exchange (the **NYSE**) and by applicable regulations of the Securities and Exchange Commission (the **SEC**) and shall meet any other applicable independence requirements of the NYSE and SEC. No member may accept, directly or indirectly, any

consulting, advisory, or other compensatory fees from the Company or any subsidiary other than director or committee fees. No member shall serve on an audit committee of more than two other public companies unless the Board determines that such simultaneous service would not impair the ability of such director to effectively serve on the Audit Committee.

Each member shall be (or shall become within a reasonable time after appointment) financially literate, and at least one member shall be a financial expert as defined from time to time by applicable NYSE rules. Members of the Audit Committee may enhance their familiarity with finance and accounting principles by participating in educational programs that the Company or an outside consultant conducts.

The chairperson will also maintain regular liaison with the Chief Executive Officer, the Chief Financial Officer, the lead audit partner of the Company's independent auditors and the Company's Director of Internal Auditing.

The Audit Committee shall consider whether there should be a regular rotation of the Company's independent auditors. The Audit Committee, or a member thereof, must pre-approve any non-audit service provided to the Company by the Company's independent auditors.

Audit Committee Authority and Responsibilities

The Audit Committee shall have the authority to take all actions it deems advisable to fulfill its responsibilities and duties. The Audit Committee shall have the authority to retain professional advisors including, without limitation, special legal counsel, accounting experts, or other consultants to advise the Audit Committee, which may be the same as or different from the Company's primary legal counsel, accounting experts and other consultants as the Audit Committee deems necessary or advisable in connection with the exercise of its powers and responsibilities as set forth in this Audit Committee Charter, all on such terms as the Audit Committee deems necessary and advisable. The Audit Committee may require any officer or employee of the Company or any of its subsidiaries, the Company's outside legal counsel, and the Company's external auditors to attend a meeting of the Audit Committee or to meet with any member of, or consultant to, the Audit Committee. The Audit Committee chairperson, or other designee of the Audit Committee, may also meet with the Company's investment bankers or financial analysts who follow the Company.
