PROXY STATEMENT

ABOUT THE ANNUAL MEETING

What will I be voting on?

You will be voting on:

the election of five directors, one of whom will serve until the 2007 annual meeting and four of whom will serve until the 2008 annual meeting;

the approval of the adoption of an amendment to our articles of incorporation to clarify the length of the initial term a board member may serve when appointed by the board of directors to fill a vacancy;

the approval of the AGL Resources Inc. Amended and Restated Employee Stock Purchase Plan;

the ratification of the appointment of PricewaterhouseCoopers LLP as our independent auditor for 2005; and

such other business as may properly come before the annual meeting or any adjournments.

Who is soliciting my vote?

The board of directors of AGL Resources is soliciting your vote for all shares of AGL Resources common stock that you own.

How does the board recommend I vote on the proposals?

The board of directors recommends you vote **FOR** each of the four specific proposals listed above.

How do I vote?

There are four different ways you may cast your vote. You can vote by:

telephone, using the toll-free telephone number listed on each proxy card (if you are a shareholder of record) or vote instruction card (if your shares are held by a broker or a bank);

the internet, at the address provided on your proxy or vote instruction card;

marking, signing and dating your proxy card or vote instruction card and mailing it in the enclosed postage-paid envelope; or

attending the meeting, if your shares are registered directly on the books kept by our transfer agent and are not held as 401(k) plan shares or through a broker, bank or other nominee. If you want to vote in person at the annual meeting and your shares are held through a broker, bank or other nominee (that is, in street name), you must obtain a proxy from your street name nominee and bring that proxy to the meeting.

For AGL Resources 401(k) plan participants: If you participate in the AGL Resources Inc. Retirement Savings Plus Plan, or RSP Plan, only the trustee can vote your plan shares even if you attend the annual meeting in person. Your telephone, internet or proxy vote will serve as voting instructions to the trustee of the RSP Plan.

Can I revoke my proxy?

Yes. You may revoke your proxy at any time before the annual meeting by timely voting again by telephone or via the internet or by timely signing and returning another proxy or vote instruction card with a later date. Shareholders of record and street name holders who have obtained a proxy card from their street name nominee also may attend the meeting and vote in person. If you attend the annual meeting and want to vote in person, you can request that your previously submitted proxy or vote instruction card not be used.

Table of Contents

What if I don't specify my choices when returning my proxy or vote instruction card?

If you return a signed and dated proxy or vote instruction card without indicating your vote, your shares will be voted FOR each of the four proposals specified in the notice of the meeting except for with respect to broker non-votes as described further below.

If you hold AGL Resources shares through the RSP Plan and (1) you do not return the proxy card for those plan shares and do not vote by telephone or via the internet or (2) you return the proxy card but do not properly sign or date it or specify how you want your plan shares voted, the trustee, upon instruction from the Administrative Committee of the RSP Plan, will vote your plan shares FOR each of the four proposals specified in the notice of the meeting and as instructed by the Administrative Committee on any other proposals that may properly come before the meeting.

Can my shares be voted if I don't submit any voting instructions and don't attend the annual meeting?

If your AGL Resources shares are registered in your name on the books kept by our transfer agent and you do not return a signed proxy or vote instruction card and do not vote by telephone or via the internet, your shares will not be voted.

If your AGL Resources shares are held in street name and you do not submit any voting instructions, your brokerage firm or bank, under certain circumstances, may vote your shares. We believe that under applicable stock exchange rules, brokerage firms and banks will be able to vote their customers' unvoted shares with regard to the proposals to elect directors, amend the articles of incorporation and ratify the selection of the independent auditor but not with regard to approve the Amended and Restated Employee Stock Purchase Plan. When brokerage firms and banks are not permitted to vote their customers' unvoted shares, the affected shares are referred to as broker non-votes.

How many shares can vote?

As of February 18, 2005 (*the record date*), _____ shares of common stock of AGL Resources were outstanding and entitled to vote at the annual meeting. This total includes shares issued to certain grantor trusts, which are not considered outstanding for financial reporting purposes. You are entitled to one vote for each share of AGL Resources common stock you owned on the record date.

How many votes must be present to hold the annual meeting?

A majority of the _____ shares of AGL Resources common stock outstanding on the record date, including the shares issued to the grantor trusts, must be present, either in person or represented by proxy, to conduct the annual meeting.

How many votes are needed to elect directors?

Directors are elected by a plurality of the total number of votes cast, which means the five nominees who receive the largest number of properly cast votes will be elected as directors.

What if I vote withhold authority to elect directors?

In voting for the election of directors, a vote to withhold authority for the election of one or more director nominees will be counted for quorum purposes but will not be counted in determining the number of votes cast and therefore will not affect the outcome.

How many votes are required to adopt the proposed amendment to the articles of incorporation?

The adoption of the amendment to our articles of incorporation to clarify the length of the initial term a new board member may serve when appointed by the board of directors to fill a vacancy caused by a newly created directorship requires the approval of a majority of the outstanding shares of common stock.

Table of Contents

How many votes are required to approve the AGL Resources Inc. Amended and Restated Employee Stock Purchase Plan?

The approval of our Amended and Restated Employee Stock Purchase Plan requires a majority of the votes cast on the proposal, provided that the total votes cast on the proposal constitute a majority of the outstanding shares of common stock.

How many votes are required to ratify the appointment of PricewaterhouseCoopers LLP as our independent auditor?

The ratification of the appointment of PricewaterhouseCoopers LLP as our independent auditor requires the votes cast for to exceed the votes cast against the proposal.

How will abstentions and broker non-votes be treated?

Abstentions will be treated as shares present and entitled to vote for quorum purposes. Abstentions will be counted as votes against the adoption of the proposed amendment to our articles of incorporation (Proposal 2) and against the approval of our Amended and Restated Employee Stock Purchase Plan (Proposal 3) but will not be counted as votes for or against, and therefore will not affect the outcome of, the proposal to ratify the appointment of PricewaterhouseCoopers LLP as our independent auditor (Proposal 4).

Absent instructions from you, your broker may not vote your shares on the approval of our Amended and Restated Employee Stock Purchase Plan (Proposal 3). Broker non-votes will be counted for the purpose of establishing a quorum. Broker non-votes will have the same effect as votes against Proposal 3 unless holders of a majority of our outstanding shares of common stock vote on the proposal, in which case broker non-votes will not have any effect on the approval of Proposal 3.

Could other matters be decided at the annual meeting?

We do not know of any other matters that will be considered at the annual meeting. If a matter that is not listed on the proxy or voting instruction card is properly brought before the annual meeting in accordance with Section 1.2 of our bylaws, the proxies will vote in accordance with their judgment of what is in the best interest of the Company, based on the discretionary voting authority conferred on them by the voting instructions.

Who will count the vote?

Representatives of EquiServe Trust Company, N.A., our transfer and shareholder services agent, will count the votes and act as inspector of elections.

Where and when will I be able to find the voting results?

AGL Resources will post the voting results on our web site at www.aglresources.com approximately two weeks after the annual meeting. You also can find the results in our Form 10-Q for the second quarter of 2005, which we will file with the Securities and Exchange Commission, or SEC, no later than August 9, 2005.

What does it mean if I receive more than one proxy card?

It means that you have multiple accounts with brokerage firms, banks and/or our transfer agent. Please vote all of these shares. We recommend that you contact your broker, bank and/or our transfer agent to consolidate as many accounts as possible under the same name and address. All communications concerning accounts for shareholders of record, including address changes, name changes, inquiries to transfer shares and similar issues, can be handled by making a toll-free call to EquiServe Trust Company, N.A.'s AGL Resources Shareholder Services number at 1-800-633-4236.

Table of Contents

What do I need to bring with me if I want to attend the annual meeting?

The annual meeting is open to all holders of our common stock. To attend the annual meeting, you will need to bring evidence of your stock ownership. If your shares are registered in your name, your admission ticket is included inside the back of this proxy statement, and you will need to bring it with you to the meeting. If your shares are held in street name by your brokerage firm or bank, you will need to bring evidence of your stock ownership, such as a proxy obtained from your street name nominee (particularly if you want to vote your shares at the annual meeting) or your most recent brokerage account statement (in which case you will not be able to vote your shares at the meeting), together with valid picture identification. If you do not have either an admission ticket or proof that you own our common stock, you may not be admitted into the meeting.

What happens if the annual meeting is postponed or adjourned?

Your proxy will still be valid and may be voted at a postponed or adjourned meeting, unless the board of directors fixes a new record date for the postponed or adjourned meeting, which the board is required to do if the postponement or adjournment is for more than 120 days. If the meeting is postponed or adjourned, you will still be able to change or revoke your proxy until it is voted.

When are shareholder proposals for the 2006 annual meeting due?

Our bylaws require shareholders to give advance notice of any shareholder nominations of directors and of any other matters shareholders wish to present for action at an annual meeting of shareholders. The required notice must be given within a prescribed time frame, which is calculated by reference to the date of the proxy statement relating to our most recent annual meeting. Accordingly, with respect to our 2006 annual meeting of shareholders, our bylaws require notice to be provided to our Corporate Secretary at AGL Resources Inc., P.O. Box 4569, Location 1466, Atlanta, GA 30302-4569 no later than November 15, 2005. If a shareholder fails to provide timely notice of a proposal to be presented at the 2006 annual meeting, the persons designated as proxies by the board of directors will have discretionary authority to vote, and the trustee of the RSP Plan will vote in accordance with the discretionary authority of the Administrative Committee of the RSP Plan, on any such proposal that may come before the meeting.

If you are interested in submitting a proposal for inclusion in the proxy statement for the annual meeting in 2006, you need to follow the procedures outlined in the SEC's Rule 14a-8. To be eligible for inclusion, your shareholder proposal intended for inclusion in the proxy statement for the 2006 annual meeting of shareholders must be received no later than November 15, 2005 by our Corporate Secretary at the address above.

This deadline does not apply to questions a shareholder may wish to ask at the annual meeting.

Who pays the costs associated with this proxy solicitation?

Edgar Filing: AGL RESOURCES INC - Form PRE 14A

AGL Resources pays the expenses of soliciting proxies. Proxies may be solicited on our behalf by directors, officers and employees, in person or by telephone, facsimile or electronic transmission. Directors, officers and employees will not be paid additional fees for those services. AGL Resources has hired Georgeson Shareholder Communications, Inc., a proxy solicitation firm, to assist in the distribution and solicitation of proxies. CORPORATE GOVERNANCE

Board of Directors

Our business affairs are managed under the direction of the board of directors in accordance with the Georgia Business Corporation Code, our articles of incorporation and our bylaws. The role of the board of directors is to govern our affairs for the benefit of our shareholders and other constituencies, which include our employees, customers, suppliers, creditors and the communities in which we do business. The board strives to ensure the success and continuity of our business through the appointment of qualified executive management, overseen by the board.

Director Independence

All of our directors are independent, non-employee directors except Ms. Reynolds, our Chairman, President and Chief Executive Officer. Ms. Reynolds does not participate in any action of the board relating to her compensation or any other matters requiring action by only non-employee directors. The board of directors has determined that each of the independent directors meets the standards adopted by the board of directors to determine director independence. These standards for determining director independence are attached as Annex A to this proxy statement and are also available on our web site at www.aglresources.com.

In making its determination as to the independence of each of its non-employee members, the board of directors considered certain transactions between our company and each of Messrs. Bell, Knox and Wolf. For more detailed information about these transactions and the board's determinations, please see Certain Relationships and Related Transactions.

Board and Committee Meetings

Members of the board are kept informed through reports routinely presented at board and committee meetings by the Chief Executive Officer and other officers and through other means. During 2004, the board of directors held eight meetings. Each director attended 75% or more of the aggregate of all meetings of the board and each committee on which he or she served.

Executive Sessions Without Management

To promote open discussion among the non-employee directors, the board of directors schedules regular executive sessions in which the non-employee directors meet without management's participation. Such sessions typically occur at every regularly scheduled board meeting. The presiding director at such executive sessions is the Chairman of the Executive Committee of the board of directors. D. Raymond Riddle served during 2004 and currently serves as Chairman of the Executive Committee. During 2004, the board met in executive session three times.

Committees of the Board

The board of directors has established seven standing committees to assist it in discharging its duties. Actions taken by any committee of the board are reported to the board, usually at the board meeting next following a committee meeting. The committees of the board and their current members are as shown below.

COMPENSATION AND MANAGEMENT DEVELOPMENT COMMITTEE REPORT

Introduction

The Compensation and Management Development Committee of the board of directors, which we refer to in this report as the Committee, has prepared the following report regarding 2004 executive compensation. All members of the Committee are independent, non-employee directors, as defined under the listing standards of the New York Stock Exchange. At least two members of the Committee are non-employee directors for purposes of Rule 16b-3 under the Securities Exchange Act of 1934, as amended, and outside directors for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended, which we refer to as the Code. The Committee is responsible for all components of the Company's management compensation programs, succession planning, director compensation and employee benefit plans. This report is required by rules established by the Securities and Exchange Commission and provides specific information regarding compensation for the Company's Chairman, President and Chief Executive Officer, the other named executive officers and all other executives of the Company.

Compensation Philosophy and Objectives of Executive Compensation Programs

It is the philosophy of the Company and the Committee that all executive compensation programs should (1) link pay and performance and (2) attract, motivate, reward and retain the executive talent required to achieve corporate objectives. AGL Resources also focuses strongly on compensation tied to stock price performance and the attainment of earnings per share targets, since the Committee believes that these measures provide a clear link to enhanced shareholder value.

The Company and the Committee believe that the Company's executive officers should have an ongoing stake in the success of the Company. The Company and the Committee also believe that these key employees should have a significant portion of their total compensation tied to the achievement of annual financial goals and the Company's long-term stock performance. In order to meet the objectives outlined above, the Committee retains the services of an independent compensation consultant to advise it on executive compensation matters.

For benchmarking executive compensation practices and levels, the Committee examines data from two primary sources:

Proxy peer group of natural gas service providers

Published compensation surveys of energy services industry companies

The natural gas service providers included in the proxy peer group are as follows:

Edgar Filing: AGL RESOURCES INC - Form PRE 14A

Atmos Energy
Energen
Equitable Resources
National Fuel Gas
New Jersey Resources

Nicor
ONEOK
Peoples Energy
Piedmont Natural Gas
Questar

UGI
Washington Gas
Western Gas Resources

While the proxy peer group includes companies from the S&P Utilities Index used in the stock performance graph provided later in this proxy statement, the Committee believes

Table of Contents

that the above peer group of companies is more comparable to the Company than is the broader S&P Utilities Index.

Given the limited detail associated with proxy pay data, the Committee also examines published compensation survey data for a broader range of energy services industry companies (i.e., electric utilities, gas utilities, exploration and production companies, etc.). While many of the energy services industry survey participants are in the S&P Utilities Index used in the stock performance graph provided later in this proxy statement, the two groups are not identical. The energy services market data are also utilized because it reflects energy service providers of a comparable revenue size to the Company and provides survey benchmarks with job duties and responsibilities comparable to those of the Company's named executive officers.

The Company's compensation program for executives includes base salaries, annual incentives and long-term incentives. Each year the Committee sets levels for base salary, target annual incentive pay and long-term incentives using both proxy peer group and survey data. The Committee does not place a particular emphasis on any one set of data but considers both market perspectives when making pay decisions.

In general, for 2004 the Committee established total compensation opportunities for the Company's executive officers between the 50th and 75th percentiles of the market of energy industry peers. Given that a majority of an executive's potential compensation is performance-based (i.e., pay at risk), actual total compensation may be above or below the market median based on individual and/or Company performance.

Base Salaries

In 2004, the Committee reviewed base salaries for the named executive officers and other executives. In determining base salary adjustments, the Committee considered several factors, including pay for comparable positions reported in the market data, a review of individual performance, time elapsed since the last increase and the Company's performance. The Committee does not consider any financial performance criteria on a formulaic basis in determining salary increases. In 2004, base salary adjustments included: for Ms. Reynolds, an 8% increase from \$625,000 to \$675,000; for Mr. O'Brien, a 3.1% increase from \$350,000 to \$361,000; for Mr. Madden, a 5.1% increase from \$295,000 to \$310,000; for Mr. Shlanta, a 3% increase from \$270,000 to \$278,000; and for Ms. Platt, a 2.3% increase from \$215,000 to \$220,000.

Annual Incentive Compensation

The Committee previously established the 2004 Annual Team Performance Incentive Plan, which is referred to as the 2004 ATPPI Plan. The 2004 ATPPI Plan was designed to motivate employees to devote their maximum efforts toward the realization by the Company of aggressive and significant, yet achievable, improvements in financial performance.

Eligibility

Edgar Filing: AGL RESOURCES INC - Form PRE 14A

Historically, all employees, including executives, have been eligible to participate in the Annual Team Performance Incentive Plan.

How the Plan Worked

Under the 2004 ATPI Plan, annual cash incentives were tied to the achievement of Company earnings per share targets, business unit goals and individual performance goals. Threshold, target and maximum performance benchmarks were developed for each performance measure. The Company must meet or surpass its corporate earnings per share, or EPS, performance threshold in order for any incentive payments to be made, irrespective of the level of business unit achievement or individual performance achievement. The Committee has discretion

Table of Contents

each year to remove the effects of all or a portion of significant one-time items from reported EPS.

For purposes of administering the 2004 ATPI Plan, business units included Distribution Operations, AGL Services Company and AGL Networks. Business unit performance for Distribution Operations was measured by a combination of Earnings Before Interest and Taxes, capital expenditures and service criteria. Performance for AGL Services Company was measured by a combination of direct operating and maintenance expenses and capital expenditures. Performance for AGL Networks was measured by a combination of Earnings Before Interest and Taxes and capital expenditures.

For the named executive officers, individual performance goals were linked directly to the Company's stated goals and objectives. For 2004, the Company's stated goals and objectives were:

Sustaining superior financial and operating performance

Reconfiguring our pipeline infrastructure to improve services to our customers

Marketing our products and services to improve business results

Driving technology throughout the Company

Under the 2004 ATPI Plan, each participant had a target annual incentive compensation opportunity, expressed as a percentage of annual base salary. The 2004 ATPI Plan gave weight to corporate performance, business unit performance and individual performance. For each of the named executive officers other than the Chief Executive Officer, target annual incentive compensation opportunity was based on the following weights: 50% corporate EPS performance and 50% individual performance. For the Chief Executive Officer, the weights are: 75% corporate EPS performance and 25% individual performance. Under the 2004 ATPI Plan, maximum awards for the named executive officers could be up to 200% of the target annual incentive compensation opportunity. In 2004, target annual incentive compensation opportunities for the named executive officers were not adjusted from 2003 and were as follows (as a percentage of 2004 base salary): for Ms. Reynolds 67%; for Messrs. O'Brien, Madden and Shlanta 50% and for Ms. Platt 40%.

Calculation and Payment of 2004 Annual Incentive Awards

For each of the named executive officers, based on achievement of corporate EPS above the maximum performance level in 2004, the corporate EPS component of the 2004 ATPI Plan paid out at the maximum level, while individual performance objectives were achieved in varying degrees by each executive officer. As set forth in the Summary Compensation Table, annual cash incentive payments under the 2004 ATPI Plan were as follows: for Ms. Reynolds, \$904,500; for Mr. O'Brien, \$361,000; for Mr. Madden, \$310,000; for Mr. Shlanta, \$278,000; and for Ms. Platt, \$132,000.

Long-Term Incentive Compensation

In order to link the interests of AGL Resources' shareholders and key executives and to encourage executive retention, AGL Resources maintains the Long-Term Incentive Plan. Stock options, restricted stock and performance shares and units may be granted under the plan. Awards are based on position and individual performance.

2002 Performance Unit Awards

In February 2002, the Company granted performance units with a performance measurement period that ended December 31, 2004. The performance measures under the units were intended to:

Increase shareholder value, and

Table of Contents

Motivate, retain and reward key executives who contribute to AGL Resources' financial performance.

Eligibility

The performance units were granted to a select group of key executives, including the named executive officers.

How the Performance Units Worked

At the end of the three-year performance period, a predetermined percentage of the units vested based on the highest average closing price of Company common stock over any ten consecutive trading days during the performance measurement period and could range from a minimum of 10% to 100% of the granted units. The performance units were entitled to dividend credits during a portion of the performance measurement period. Upon vesting, the performance units were payable in shares of the Company's common stock, provided, however, at the election of the participant, up to 50% was eligible for payment in cash.

Ms. Reynolds was granted 350,000 units, and the other named executive officers were granted between 125,000 and 175,000 units. Based on the highest average closing stock price over any ten consecutive trading days during the measurement period, 18.31% of the units vested. The corresponding dollar value of vested awards (including accrued dividend credits) for each of the named executive officers was as follows based on the closing price of the Company's common stock on December 31, 2004 of \$33.24 per share: for Ms. Reynolds, 67,461 units or \$2,242,418; for each of Messrs. O'Brien and Madden, 33,730 units or \$1,121,209; and for each of Mr. Shlanta and Ms. Platt, 24,093 units or \$800,863.

2003 Performance Share Awards

In 2003, the Company awarded performance shares to the named executive officers. The purpose of the awards was to align executives' and shareholders' interests and to encourage executive retention and serve as a bridge until the Committee could review the design of all long-term incentive compensation, with the goal being that a new overall plan would be adopted in 2004.

Eligibility

Participation was limited to the named executive officers.

How the Performance Shares Worked

Awards were made based on the executive's position and a subjective assessment of individual performance. The awards were scheduled to vest one year from grant based on the achievement of selected cash flow performance measures. Ms. Reynolds was

Edgar Filing: AGL RESOURCES INC - Form PRE 14A

granted 50,000 performance shares, and the other named executive officers were granted between 5,500 and 24,000 performance shares.

In August 2004, the performance shares vested based on the achievement of the pre-established performance criteria, which related to several measures of cash flow. The number and dollar value of performance shares earned in 2004 for the named executive officers was as follows based on the closing price of the Company's common stock on August 11, 2004 of \$29.02 per share: for Ms. Reynolds, 50,000 shares or \$1,451,000; for Mr. O'Brien, 24,000 shares or \$696,480; for Mr. Madden, 16,000 shares or \$464,320; for Mr. Shlanta, 8,500 shares or \$246,670; and for Ms. Platt, 5,500 shares or \$159,610.

Long-Term Incentive Structure

During 2004, the Committee considered alternatives to the Company's existing long-term incentive structure. As a result of the long-term incentive structure being under review, the Committee did not grant any

Table of Contents

annual long-term incentive awards to named executive officers during 2004.

However, in December 2004, the Committee granted restricted stock to select key employees in connection with their role in the acquisition of NUI Corporation. The number and dollar value of the restricted shares as of the date of grant that were issued to the named executive officers was as follows: 5,500 shares or \$182,545 for Messrs. O'Brien and Madden and 4,000 or \$133,760 shares for Mr. Shlanta. Effective January 3, 2005, the Committee made long-term incentive awards to the named executive officers in the form of stock options, restricted stock and performance cash. In the future, the Company anticipates making annual long-term incentive awards to the named executive officers.

Share Ownership Guidelines

Consistent with the Committee's belief that management's interests should be aligned with those of the shareholders, AGL Resources has adopted share ownership guidelines, expressed as a multiple of base salary, for every Company officer. Each executive's ownership guideline is based on the executive's position. The guideline for the Chairman of the Board, President and Chief Executive Officer is five times base salary. The guideline for other named executive officers ranges from two to three times base salary, and for the other officers of the Company, the guideline is one to two times base salary. Each current officer is expected to make progress every year toward achieving compliance with the applicable ownership guidelines and may not dispose of stock until such guideline levels of ownership are reached, absent extenuating circumstances. As of December 31, 2004, each of the named executive officers had exceeded his or her respective share ownership guideline.

Chief Executive Officer Compensation

The Committee reviews the performance and compensation of the Company's Chief Executive Officer, Ms. Reynolds, on an annual basis. The compensation policy described above is applied in setting Ms. Reynolds' compensation and includes consideration of factors such as Ms. Reynolds' (1) performance and accomplishments, including meeting the Company's goals for expansion, performance, technology implementation and business improvement; (2) demonstrated leadership abilities and vision in a complex marketplace of volatile energy pricing and significant industry distress; and (3) compensation relative to other energy industry executives. Ms. Reynolds participates in the same compensation programs available to other company executives. As noted above, in 2004, Ms. Reynolds received a base salary adjustment of 8% to \$675,000 due to base salary being below competitive norms. No adjustment was made to Ms. Reynolds' target annual incentive opportunity of 67% (expressed as a percentage of 2004 base salary).

Ms. Reynolds' cash compensation in 2004 was \$1,579,500, which includes her base salary and an ATPI payout of \$904,500. For the 2004 measurement period, Ms. Reynolds' ATPI award represented a payout of 200% of target and is the result of the Company exceeding the maximum corporate EPS target and Ms. Reynolds' individual performance exceeding the Committee's expectations. Ms. Reynolds' 2004 ATPI payout was determined as follows: 75% was determined by the Company's financial EPS performance, and 25% was determined by achievement of individual performance objectives established by the Committee. Ms. Reynolds, like other executive officers, receives no incentive payment under the ATPI Plan unless the threshold levels of Company performance are met or surpassed.

Table of Contents

As discussed previously in this report, the Committee did not grant any long-term incentive awards to Ms. Reynolds in 2004 as the current long-term incentive structure was being reviewed by the Committee and alternative designs were being considered. Long-term incentive awards made in prior years to Ms. Reynolds that paid out in 2004 include:

2002 Performance Units for the three-year performance period (2002-2004), based on the highest average closing stock price over any ten consecutive trading days, 18.31% of the units vested. This represents 67,461 units (including accrued dividend credits) or \$2,242,418, paid in January 2005 based on the closing price of the Company's common stock on December 31, 2004.

2003 Performance Shares for the one-year (2004) performance period, the Company achieved its cash flow performance measures. Accordingly, the vested value of Ms. Reynolds' 50,000 performance shares was \$1,451,000, paid in August 2004 based on the closing price of the Company's common stock on August 13, 2004.

Other Compensation Plans

The Company maintains a competitive package of employee benefit plans which are generally available to all employees. Executives are eligible to participate in the RSP Plan, which is the Company's qualified 401(k) plan, the Company's Nonqualified Savings Plan and the Company's Employee Stock Purchase Plan. Under the terms of the Company's RSP Plan and Nonqualified Savings Plan, the Company provides a matching contribution of 65%, which under the two plans is capped at an aggregate of 8% of covered compensation as defined under each of the plans. Under the Employee Stock Purchase Plan, employees may purchase Company common stock at a 15% discount.

Code Section 162(m) Implications for Executive Compensation

It is the responsibility of the Committee to address the issues raised by Section 162(m) of the Code. Code Section 162(m) limits the Company's annual deduction to \$1,000,000 for compensation paid to its Chief Executive Officer and to each of the next four most highly compensated executives of the Company. Certain compensation which qualifies as performance-based or which meets other requirements under the Code may be exempt from the Code Section 162(m) limit. The Company intends to qualify certain compensation paid to executive officers for deductibility under the Code, including Code Section 162(m). The Committee anticipates that awards under the Company's long-term incentive program and the corporate portion of the ATP award will continue to qualify as performance-based compensation. However, since the Committee believes that a company's and shareholders' interests may sometimes be best served by providing compensation which is not deductible in order to attract, retain, motivate and reward executive talent, the Committee retains the flexibility to provide for payments of such compensation.

COMPENSATION AND MANAGEMENT DEVELOPMENT COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The following directors served on the Compensation and Management Development Committee during 2004: Thomas D. Bell, Jr., Arthur E. Johnson, Dennis M. Love, D. Raymond Riddle, James A. Rubright and Bettina M. Whyte. None of such persons was, during 2004 or previously, an officer or employee of AGL Resources or any of its subsidiaries.

Mr. Thomas D. Bell, Jr. is Chief Executive Officer of Cousins Properties Incorporated, or Cousins. Cousins holds a 50% general partnership interest in Ten Peachtree Place Associates, or TPPA, which owns the building where we lease space for our corporate headquarters. Mr. Bell is not an officer of TPPA. Although Cousins is the managing member of TPPA, major business decisions for the TPPA partnership must be

decided unanimously by Cousins and its partner. Prior to Mr. Bell joining our board of directors, we entered into a ten-year lease agreement with TPPA that commenced in 2003. Cousins' 50% interest in the amount we paid in lease payments to TPPA in 2004, approximately \$2,863,000, and that we expect to pay in 2005, approximately \$2,920,796, does not and will not exceed 5% of our consolidated gross revenues or Cousins' consolidated gross revenues for the year ended December 31, 2004. The board of directors determined that Mr. Bell is independent because our business relationship with TPPA is not material as our payments to TPPA in 2003 and 2004 did not exceed 1% of either our consolidated gross revenues or Cousins', which is the standard as set forth in our Standards for Determining Director Independence.

DIRECTOR COMPENSATION

General

A director who is one of our employees receives no additional compensation for his or her services as a director or as a member of a committee of the board. A director who is not one of our employees receives compensation for his or her services as described in the following paragraphs. All directors are reimbursed for reasonable expenses incurred in connection with attendance at board and committee meetings.

Initial Stock Award

Following initial election to the board, each non-employee director receives 1,000 shares of AGL Resources common stock on the first day of board service.

Annual Retainer

Each non-employee director receives on the first day of each annual service term (1) \$30,000 payable, at the election of each director, in cash, shares of AGL Resources common stock or deferred under the 1998 Common Stock Equivalent Plan for Non-Employee Directors, which we refer to as the CSE Plan, and (2) \$30,000 payable, at the election of each director, in shares of AGL Resources common stock or deferred under the CSE Plan.

Amounts deferred under the CSE Plan are invested in common stock equivalents that track the performance of AGL Resources common stock and are credited with equivalents to dividend payments that are made on AGL Resources common stock. At the end of their board service, participating directors receive a cash distribution based on the market value of their common stock equivalents and dividend equivalents.

Meeting Fees

Effective November 2004, each non-employee director receives \$2,000 for attendance at each meeting of the board and any committee of the board of which he or she is a member. Prior to November 2004, the meeting fee for directors was \$1,000 for each meeting of the board and any committee.

Meeting fees may be paid in cash or, at the election of a director, may be deferred under the CSE Plan. As noted above, under the CSE Plan, deferred meeting fees are invested in common stock equivalents that track the performance of AGL Resources common stock and are credited with dividend equivalent payments. At the end of their board service, participating directors receive a cash

distribution based on the market value of their common stock equivalents and dividend equivalents.

Non-Employee Director Compensation Paid

As noted above, each non-employee director receives an annual retainer valued at \$60,000. Based on the election by each director, for the 2004 term of service that commenced on April 28, 2004 and expires at the 2005 annual meeting, the share amounts and common stock equivalent amounts indicated in the table below were calculated by dividing the applicable retainer by the per share fair market value of AGL Resources common stock as of the date the retainer was paid. The following table reflects compensation paid to each non-employee director for the 2004 term of service that expires at the 2005 annual meeting.

Notes to Option Grants Table

- (1) Options were granted at prices equal to the fair market value of our common stock on the date of grant. These 2004 grants were reload options and first became exercisable six months after the date of grant. A reload option is an option granted to an employee for the same number of shares as is exchanged in payment of the exercise price and is subject to all of the same terms and conditions as the original option except for the exercise price for an option being exercised, which is determined on the basis of the fair market value of our common stock on the date the reload option is granted. Option grants no longer include a reload option provision. Options are subject to early termination upon the occurrence of certain events related to termination of employment. All options immediately become exercisable in the event of a change in control.
- (2) The exercise price of options may be paid in cash, by delivery of already-owned shares of our common stock or by any other approved method.
- (3) Grant date present value represents the estimated present value of stock options, measured at the date of grant, using the standard Black-Scholes Warrant Valuation Call Option Model.

With respect to the options granted to Ms. Reynolds, the model assumes the following underlying assumptions used in developing the grant valuations: (a) an exercise price equal to the fair market value on the date of grant; (b) expected volatility - 13.82%; (c) annual risk free rate of return (represents the yield on the date of a grant zero coupon United States Treasury security with a maturity date corresponding to the contractual term of the option) - 3.09% for the option grant of 3,711 shares and 3.70% for the option grant of 28,202 shares; (d) annual dividend yield as of the date of grant - 3.74%; and (e) an exercise period of 4.15 years for the option grant of 3,711 shares and 5.96 years for the option

Table of Contents

grant of 28,202 shares.

With respect to the options granted to Mr. Madden, the model assumes the following underlying assumptions used in developing the grant valuations: (a) an exercise price equal to the fair market value on the date of grant; (b) expected volatility - 13.82%; (c) annual risk free rate of return (represents the yield on the date of a grant zero coupon United States Treasury security with a maturity date corresponding to the contractual term of the option) - 4.05% for the first option grant of 1,000 shares and 4.02% for the second option grant of 1,000 shares; (d) annual dividend yield as of the date of grant - 3.91% for the first option grant of 1,000 shares and 3.84% for the second option grant of 1,000 shares; and (e) an exercise period of 7.02 years for the first option grant of 1,000 shares and 7.01 years for the second option grant of 1,000 shares.

With respect to the options granted to Mr. Shlanta, the model assumes the following underlying assumptions used in developing the grant valuations: (a) an exercise price equal to the fair market value on the date of grant; (b) expected volatility - 13.82%; (c) annual risk free rate of return (represents the yield on the

date of a grant zero coupon United States Treasury security with a maturity date corresponding to the contractual term of the option) - 3.53%; (d) annual dividend yield as of the date of grant - 3.94%; and an exercise period of 5 years.

With respect to the options granted to Ms. Platt, the model assumes the following underlying assumptions used in developing the grant valuations: (a) an exercise price equal to the fair market value on the date of grant; (b) expected volatility - 13.82%; (c) annual risk free rate of return (represents the yield on the date of a grant zero coupon United States Treasury security with a maturity date corresponding to the contractual term of the option) - 3.77%; (d) annual dividend yield as of the date of grant - 3.77%; and an exercise period of 6 years.

An option holder realizes value from a stock option only to the extent that the price of AGL Resources common stock on the exercise date exceeds the price of the option on the grant date. Consequently, there is no assurance that the value realized by an option holder will be at or near the estimated grant date present value. Those amounts should not be used to predict stock performance.

The Pension Plan Table shows the estimated annual lifetime benefits calculated on a straight life annuity basis and payable under the AGL Resources Inc. Retirement Plan and the AGL Resources Inc. Excess Benefit Plan under the career average earnings formula to persons in specified compensation and years of service classifications upon retirement at age 65. We calculate the career average earnings formula based on 1% of total compensation plus .5% of total compensation in excess of 50% of the Social Security Wage Base for each year, which is payable as an annuity at normal retirement age (65 years). The annuity amount is adjusted for optional forms of payment or different commencement dates. Benefit amounts shown in the table above are based on continued employment to age 65, assume a level Social Security wage base at the current rate, and assume that the career average earnings formula applies to all years of service.

As December 31, 2004, the estimated years of benefit accrual service for each of the named executive officers were as follows: Ms. Reynolds and Mr. Shlanta, 6 years Mr. O'Brien 4 years Mr. Madden 3 years Ms. Platt 10 years.

Table of Contents

Change in Control Agreements

All named executive officers have continuity agreements with us. The purpose of these agreements is to retain key management personnel and assure continued productivity of such personnel in the event of a change in control of our company.

The continuity agreements define a change in control to generally mean the occurrence of any of the following events:

the acquisition by a person or group of persons of 20% or more of our voting securities;

the approval by the shareholders of a merger, business combination or sale of 50% or more of our assets, the result of which is that less than 80% of the voting securities of the resulting corporation is owned by our former shareholders; or

the failure, during any two-year period, of incumbent directors to constitute at least a majority of our board of directors.

Generally, no benefits are provided under the continuity agreements for any type of termination that occurs before our announcement of our intention to engage in a transaction that is expected to result in a change in control, which we refer to as a change in control transaction, or for terminations that occur after such an announcement due to death, disability, voluntary termination without good reason or any termination for cause, which includes failure to perform duties and responsibilities and fraud or dishonesty. Good reason includes a material diminution of position or duties, adverse changes in compensation, adverse changes in benefits (unless all executives suffer the same changes) and failure of a successor to assume the agreement.

A named executive officer who experiences a qualifying termination following the announcement of a change in control transaction will be entitled to a severance benefit equal to three times the sum of his or her base salary plus the highest annual incentive compensation during the three years prior to the year of the qualifying termination. In addition, at the time of the qualifying termination, the named executive officer will also be entitled to a prorated annual incentive compensation payment for the year of the qualifying termination, based on the number of days the named executive officer was employed by us during that year. A named executive officer experiences a qualifying termination when such officer's employment is involuntarily terminated without cause or voluntarily terminated for good reason. The severance benefit remains payable in connection with any qualifying termination that occurs through the second anniversary of the date of the consummation of the change in control.

The continuity agreements also provide a three-year continuation of medical, dental and life insurance benefits, full vesting of all long-term incentive compensation, payment of any forgone employer contributions under the RSP and NSP, an additional payment, based upon participation in the Retirement Plan and the Excess Benefit Plan and outplacement assistance. We will pay any additional retirement benefit payable due to these provisions of the continuity agreements from general assets. The officers may also receive reimbursement of legal fees in connection with the enforcement of payouts under the continuity agreements.

If the payments under the continuity agreements exceed the base amount permitted under Code Section 280G(b)(3) by 10% or more, we will pay the affected officer an additional amount equal to the excise tax, plus an amount equal to the state, federal and FICA taxes on the additional amount.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Mr. Thomas D. Bell, Jr., a member of our board of directors, is Chief Executive Officer of Cousins Properties Incorporated, or Cousins. Cousins holds a 50% general partnership interest in Ten Peachtree Place Associates, or TPPA, which owns the building where we lease space for our corporate headquarters. Mr. Bell is not an officer of TPPA. Although Cousins is the managing member of TPPA, major business decisions for the TPPA partnership must be decided unanimously by Cousins and its partner. Prior to Mr. Bell joining our board of directors, we entered into a ten-year lease agreement with TPPA that commenced in 2003. Cousins' 50% interest in the amount we paid in lease payments to TPPA in 2004, approximately \$2,863,000, and that we expect to pay in 2005, approximately \$2,920,796, does not and will not exceed 5% of our consolidated gross revenues or Cousins' consolidated gross revenues for the year ended December 31, 2004. The board of directors determined that Mr. Bell is independent because our business relationship with TPPA is not material as our payments to TPPA in 2003 and 2004 did not exceed 1% of either our consolidated gross revenues or Cousins', which is the standard as set forth in our Standards for Determining Director Independence.

Mr. Wyck A. Knox, Jr., a member of our board of directors, is a partner in the law firm of Kilpatrick Stockton, LLP. During the year ended December 31, 2004, we retained Kilpatrick Stockton with regard to a variety of legal matters. The amount of fees paid to Kilpatrick Stockton for such services during 2004, and that we expect to pay for similar services in 2005, does not and will not exceed 5% of Kilpatrick Stockton's gross revenues for the year ended December 31, 2004. The board of directors determined that Mr. Knox is independent because our business relationship with Kilpatrick Stockton is not material as our payments to Kilpatrick Stockton in each of the last three years have not exceeded 1% of either our consolidated gross revenues or Kilpatrick Stockton's, which is the standard as set forth in our Standards for Determining Director Independence.

Mr. Henry C. Wolf, a member of our board of directors, is the Chief Financial Officer of Norfolk Southern Corporation, or NSC, T-Cubed of North America, Inc., or T-Cubed, is a wholly-owned subsidiary of NSC. Mr. Wolf is a director, but not an officer or major shareholder, of T-Cubed. Prior to Mr. Wolf being nominated to our board of directors, our wholly-owned subsidiary, AGL Networks LLC, entered into a Duct Purchase Agreement and a Right-of-Way Sublease Agreement with T-Cubed. The amount we paid T-Cubed in 2004, \$113,400, and the amount that we expect to pay in 2005, approximately \$13,650, under the agreements, do not and will not exceed 5% of our consolidated gross revenues or NSC's consolidated gross revenues for the year ended December 31, 2004. The board of directors determined that Mr. Wolf is independent from management because our business relationship with T-Cubed is not material as our payments to T-Cubed in each of the last three years have not exceeded 1% of either our consolidated gross revenues or NSC's, which is the standard as set forth in our Standards for Determining Director Independence.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers and any person who owns more than 10% of our common stock to file reports of initial common stock ownership and changes in common stock ownership with the SEC and the New York Stock Exchange. Such persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms that they file.

To our knowledge, based solely on our review of the copies of such reports received by us and written representations that no other reports were required for those persons, during 2004, all filing requirements were met except that the Forms 4 reporting dispositions of shares of common stock by Mr. Madden

and Ms. Platt on August 19, 2004 and option exercises and sales of common stock by Mr. Madden on August 25-27, 2004 were not timely filed. Mr. Madden's and Ms. Platt's filings were not accepted by the SEC until August 30, 2004 and are deemed late due to attempted filings with expired EDGAR filing system codes. We have since rectified the process for Section 16 filings. In addition, Ms. Reynolds and each of Messrs. O'Brien and Madden did not correctly or timely report holdings of common stock equivalents and dividend credits acquired under the NSP on Forms 4. Ms. Reynolds and each of Messrs. O'Brien and Madden intend to correct the filings.

PROPOSAL 2 AMENDMENT TO THE ARTICLES OF INCORPORATION TO CLARIFY THE LENGTH OF THE INITIAL TERM A NEW BOARD MEMBER MAY SERVE WHEN APPOINTED BY THE BOARD OF DIRECTORS TO FILL A VACANCY CAUSED BY A NEWLY CREATED DIRECTORSHIP

The board of directors recommends that the articles of incorporation be amended to clarify the length of the initial term a new board member may serve when appointed by the board of directors to fill a vacancy caused by a newly created directorship.

Section 14-2-805(d) of the Georgia Business Corporation Code provides that:

Any directorship to be filled by reason of an increase in the number of directors may be filled by the board of directors, but only for a term of office continuing until the next election of directors by the shareholders and until the election and qualification of the successor.

Our articles of incorporation currently provide that a new board member appointed by the board of directors to fill a vacancy caused by a newly created directorship may serve until the next election of the class for which such director has been chosen.

The board of directors has determined that our articles of incorporation should be amended to clarify that a director chosen to fill a newly created directorship shall hold office only until the election and qualification of his or her successor at the next election of directors by the shareholders. The current provision in our articles of incorporation allows a director appointed to fill a newly created vacancy to serve out the term of the class he or she was assigned to, which could be up to three years from the date of his or her appointment by the Board. The proposed amendment would instead require a director appointed by the Board to fill a vacancy it created by increasing the size of the Board to stand for shareholder election at the first annual meeting of shareholders following such new director's appointment. The proposed amendment to our articles of incorporation is attached to this proxy statement as Annex C.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE PROPOSED AMENDMENT TO THE ARTICLES OF INCORPORATION.

PROPOSAL 3 APPROVAL OF OUR AMENDED AND RESTATED EMPLOYEE STOCK PURCHASE PLAN

We currently maintain the AGL Resources Inc. Employee Stock Purchase Plan, or ESPP, under which our employees may purchase common stock from the Company at a discount to market prices. The ESPP was adopted by our board of directors on October 30, 2001, with an initial term of four years expiring in January 2005. The board of directors adopted an amendment to extend term of the ESPP through January 31, 2015, which, under the listing standards of the New York Stock Exchange and the rules of the SEC, is a material modification of the ESPP. In the event of a material modification of a non-shareholder approved plan, such as the ESPP, the New York Stock Exchange listing standards require shareholder approval of the ESPP as a whole. Therefore, the shareholders are asked to approve the ESPP, as amended and restated with retroactive effect to January 31, 2005. A copy of the ESPP adopted by the board of directors is attached to this proxy statement as Annex D and incorporated herein. The summary below is qualified by reference to the plan.

General

The ESPP is a plan that provides eligible employees an opportunity to purchase shares of our common stock at a discount through accumulated payroll deductions. A total of 600,000 shares of common stock are available for purchase under the ESPP, of which 73,254 have been purchased as of December 31, 2004, leaving 526,746 shares available for future purchase. The source of shares purchased under the plan is the open market.

Purpose

The purpose of the ESPP is to provide our employees with an opportunity to purchase common stock at a discount from market prices through accumulated payroll deductions, thereby providing additional incentives to participating employees and aligning the economic interests of our employees with those of our shareholders.

Administration

The ESPP is administered and interpreted by the Administrative Committee. The board of directors appoints, from time to time, the Administrative Committee to serve at the pleasure of the board of directors. The Administrative Committee will at all times be composed of at least one member.

Eligibility

Any of our current employees (including employees of our wholly owned subsidiaries) is eligible to enroll in the ESPP if (1) he or she is a regular, full-time employee who regularly works 36 or more hours per week; (2) he or she has reached the age of 21; and (3) he or she has completed 30 or more days of employment. Members of the board who are eligible employees may participate in the ESPP, provided that any such member of the board may not vote on any matter affecting the administration of the plan and no

such member of the board may be a member of the Administrative Committee.

Offering Periods

Employees may purchase shares of common stock through the ESPP during quarterly offering periods, which are: February 1 through April 30; May 1 through July 31; August 1 through October 31; and November 1 through January 31 of each calendar year. Purchase rights are exercisable on February 1, May 1, August 1 and November 1 of each offering period.

Exercise Dates

Unless a participant terminates participation in the plan, a participant's option to purchase shares will automatically be exercised

Table of Contents

beginning on the first trading date following the end of each offering period.

Limit for Certain Participants

No participant will be granted an option to purchase shares if such participant owns 5% or more of the Company's common stock or 5% or more of the total combined voting power or value of all classes of stock of the Company or any of its subsidiaries.

Elections

Payroll deductions under the ESPP are made in one-dollar increments and in a minimum amount of \$25 and a maximum amount of \$960 per pay period. Payroll deductions are made on an after-tax basis and are subject to the following conditions: aggregate payroll deductions for all offering periods during any calendar year may not exceed the sum of \$25,000, and the total amount of payroll deductions during any pay period may not exceed the total amount of the participant's pay for such period.

Exercise Price

With respect to any offering period, the exercise price is 85% of the fair market value of the shares on the exercise date. For purposes of the ESPP, the fair market value of the common stock is the actual price paid by the Company to purchase the shares in the open market on a given date.

Transferability

Neither payroll deductions withheld by the Company on behalf of a participant nor any rights with regard to the exercise of an option or to receive shares under the ESPP may be assigned, transferred, pledged or otherwise disposed of other than by will or by the laws of descent and distribution.

Termination of Employment

In the event of a participant's termination of employment for any reason, including death and disability, authorized payroll deductions will generally cease as of the date of such termination and all payroll deductions previously accumulated will generally be refunded to the participant.

Amendment and Termination of the ESPP

The board of directors may at any time amend or terminate the ESPP, except that no amendment or termination may impair purchase rights granted previously. No amendment may be made to the ESPP without prior approval of our shareholders if such approval is required in order to comply with applicable tax or other regulatory requirements. The ESPP will terminate January 31, 2015.

Tax Information

The ESPP is not a qualified plan under Code Section 423. At the time an option to purchase shares is exercised, a participant will recognize taxable income equal to the purchase discount, and the Company will be entitled to an offsetting tax deduction. A participant must make adequate provision for the Company's federal, state or other tax withholding obligations which arise upon the exercise of the option. When a participant sells or otherwise disposes of shares of common stock purchased under the ESPP, any profit realized in excess of the participant's tax basis, which generally will be equal to the fair market value of the shares on the purchase date, will be taxed as a capital gain. If the shares were held for at least one year, the capital gain will be considered long-term.

The foregoing summary of the effect of federal income taxation upon the participant and us with respect to the shares purchased under the ESPP does not purport to be complete. In addition, the summary does not discuss the provisions of the income tax laws of any municipality, state or foreign country in which the participant may reside. It is advisable that a participant in the ESPP consults his or her own tax advisor concerning application of these tax laws.

Table of Contents**Benefits to Named Executive Officers and Others**

During fiscal year 2004, the following employees and groups participated in the ESPP. Participation in the ESPP is voluntary and depends on each eligible employee's election to participate and his or her determination of the level of payroll deductions. Accordingly, future purchases under the ESPP are not determinable. The closing price of our common stock on February 1, 2005, as reported in *The Wall Street Journal*, was \$34.79 per share. Non-employee directors are not eligible to participate in the ESPP.

Audit Committee Audit and Non-Audit Services Approval Policy

Consistent with SEC policies regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the independent auditor. In recognition of this responsibility, the Audit Committee adopted a policy that requires specific Audit Committee approval before any services are provided by the independent auditor.

Prior to engagement of the independent auditor for the next year's audit, management submits to the Audit Committee for approval a summary of services expected to be rendered during that year for (1) audit services, (2) audit-related services, (3) tax services, and (4) all other services. The Audit Committee pre-approves these services by category of service and budget amount. The Audit Committee requires the independent auditor and management to report actual fees versus

the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires that management obtain specific approval from the Audit Committee before engaging the independent auditor.

The Audit Committee may delegate approval authority to one or more of its members. The member to whom such authority is delegated must present for ratification any approval decisions to the Audit Committee at its next scheduled meeting.

In the event shareholders do not ratify the appointment, the Audit Committee will review its future selection of the independent auditor.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE PROPOSAL TO RATIFY THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS OUR INDEPENDENT AUDITOR FOR 2005.

ANNEX A

AGL RESOURCES INC.

STANDARDS FOR DETERMINING DIRECTOR INDEPENDENCE

I. General

The Board of Directors of AGL Resources Inc. (AGL Resources or the Company) must consist of at least a majority of independent directors. No director shall qualify as independent unless the Board of Directors affirmatively determines that the director has no material relationship with AGL Resources (directly or as a partner, shareholder or officer of an organization that has a relationship with the Company). In making its independence determination for each director, the Board of Directors shall consider all relevant facts and circumstances. In particular, when assessing the materiality of a director's relationship with the Company, the Board will consider the issue not merely from the standpoint of the director, but also from the standpoint of persons or organizations with which the director has an affiliation. Material relationships can include commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships, among others.

II. Relationships that are Conclusively Deemed to be Material

The following categories of relationships shall conclusively be deemed to be material and shall preclude the Board of Directors from making a determination that a director who has such a relationship is independent until expiration of the cooling off periods described below:

- A. A director who is, or has been within the last three years, an employee, or whose Immediate Family Member¹ is, or has been within the last three years, an Executive Officer,² of the Company is not independent.

- B. With regard to a firm that is the Company's internal or external auditor:
 - 1. A director who is, or whose Immediate Family Member is, a current partner of such firm is not independent.

 - 2. A director who is a current employee of such firm is not independent.

 - 3. A director whose Immediate Family Member is a current employee of such firm and participates in the firm's audit, assurance or tax compliance (but not tax planning) practice is not independent.

¹ Immediate Family Member includes a person's spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law and anyone (other than domestic employees) who shares such person's home.

Edgar Filing: AGL RESOURCES INC - Form PRE 14A

- 2 Executive Officer has the same meaning as officer as defined in Rule 16a-1(f) of the Securities Exchange Act of 1934, as amended (the Exchange Act), and includes an issuer s president, principal financial officer, principal accounting officer (or, if there is no such accounting officer, the controller), any vice-president of the issuer in charge of a principal business unit, division or function (such as sales, administration or finance), any other officer who performs a policy-making function, or any other person who performs similar policy-making functions for the issuer. Officers of the issuer s parent(s) or subsidiaries shall be deemed officers of the issuer if they perform such policy-making functions for the issuer.

A-1

Table of Contents

4. A director who was, or whose Immediate Family Member was, within the last three years (but is no longer) a partner or employee of such firm and personally worked on the Company's audit within that time is not independent.

- C. A director who is, or has been within the last three years, or whose Immediate Family Member is, or has been in the last three years, employed as an Executive Officer of another company where any of the Company's present Executive Officers at the same time serves or served on that company's compensation committee is not independent.

- D. A director who is a current employee, or whose Immediate Family Member is a current Executive Officer, of another company that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues is not independent.

- E. A director who has received, or whose Immediate Family Member has received, during any twelve-month period within the last three years, more than \$100,000 in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), is not independent.

III. Relationships that Create a Presumption of Materiality

The following categories of relationships shall create a presumption of materiality. The Board of Directors may negate this presumption with respect to a director and one or more of the following relationships if the Board determines (and no independent director dissents) that, based upon the relevant facts and circumstances, such relationship is not material:

- A. A director who is an executive officer, employee, partner, member or Significant Owner³, or whose Immediate Family Member is an executive officer, partner, member or Significant Owner, of another company (1) that accounts for at least one percent of the Company's consolidated gross revenues, or (2) for which the Company accounts for at least one percent of such other company's consolidated gross revenues, in each case is presumed not to be independent.

- B. A director who is an executive officer, employee, partner, member or Significant Owner, or whose Immediate Family Member is an executive officer, partner, member or Significant Owner, of another company to which the Company and its subsidiaries, collectively, were indebted at the end of the Company's last full fiscal year, in an aggregate amount in excess of five percent of the Company's total consolidated assets at the end of such fiscal year, is presumed not to be independent.

- C. A director who is an executive officer of a charitable organization to which the Company has made charitable contributions in any of the three preceding fiscal years, in an amount in excess of the greater of \$1 million or 2% of such charitable organization's consolidated gross revenues for any such preceding fiscal year, is presumed not to be independent.

3 Significant Owner means an owner of record or beneficially of in excess of a ten percent equity interest.

IV. Additional Independence Standards for Certain Committees

A. Audit Committee Member Independence

In addition to being determined by the Board of Directors to be independent under the standards described in Sections II and III above, directors who serve on the Audit Committee of the Board of Directors of the Company must satisfy the following additional standards:

1. A member of the Audit Committee, other than in his or her capacity as a member of the board or committee of the board, cannot accept directly or indirectly any consulting, advisory or other compensatory fees from the Company or any of its subsidiaries, other than fixed amounts of compensation under a retirement plan (including deferred compensation) for prior service with the Company (provided that such compensation is not contingent in any way on continued service).
2. A member of the Audit Committee cannot be an affiliated person⁴ of the Company or any of its subsidiaries.

B. Compensation Committee Member Independence

In addition to being determined by the Board of Directors to be independent under the standards described in Sections II and III above, a minimum of two directors (Qualifying Directors) who serve on the Compensation Committee of the Board of Directors of the Company must satisfy the following additional standards:

1. No Qualifying Director may be a former employee of the Company receiving compensation for prior services (other than under a tax-qualified retirement plan).
2. No Qualifying Director may be a former officer⁵ of the Company.
3. No Qualifying Director may have an interest in any transaction requiring disclosure under Item 404(a) or in a business relationship requiring disclosure under Item 404(b) of Regulation S-K (attached hereto as Exhibit A).

Any director serving on the Compensation Committee who does not meet all of the requirements of paragraphs B.1-3 above for Qualifying Directors, shall not participate in any proceeding or action that must be conducted and/or approved by a committee composed solely of at least two members who meet the qualifications for Non-employee Directors and Outside Directors, as set forth under Rule 16b-3 of the Exchange Act or Section 162(m) of the Internal Revenue Code of 1986, as amended, respectively.

4 As defined under the Exchange Act, an affiliate of, or a person affiliated with, a specified person, is a person that directly, or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with, the person specified. The term control (including the terms controlling, controlled by and under common control with) means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract, or otherwise.

Edgar Filing: AGL RESOURCES INC - Form PRE 14A

- 5 An officer means an administrative executive who is or was in regular and continued service. Someone who only has or had the title of officer but lacked the authority of an officer is not an officer. Whether or not the individual is or was an officer depends on the facts and circumstances (including the source of the individual's authority, the term for which the individual is elected or appointed, and the nature and extent of the individual's duties). Treas. Reg. § 1.162-27(e)(3)(vii) (as amended in 1996); Priv. Ltr. Rul. 9732011.

6. Information shall be furnished in answer to paragraph (a) with respect to transactions that involve remuneration from the registrant or its subsidiaries, directly or indirectly, to any of the persons specified in paragraphs (a)(1) through (4) for services in any capacity unless the interest of such person arises solely from the ownership individually and in the aggregate of less than ten percent of any class of equity securities of another corporation furnishing the services to the registrant or its subsidiaries.
7. No information need be given in answer to paragraph (a) as to any transactions where:
 - A. The rates or charges involved in the transaction are determined by competitive bids, or the transaction involves the rendering of services as a common or contract carrier, or public utility, at rates or charges fixed in conformity with law or governmental authority;

 - B. The interest arises only from such person's position as a limited partner in a partnership in which the person and all other persons specified in paragraphs (a)(1) through (4) have an interest of less than ten percent; or
 - C. The interest of such person arises solely from the holding of an equity interest or a creditor interest in another person that is a party to the transaction with the registrant or any of its subsidiaries, and the transaction is not material to such other person.

There may be situations where, although these instructions do not expressly authorize nondisclosure, the interest of a person specified in paragraphs (a)(1) through (4) in a particular transaction or series of transactions is not a direct or indirect material interest. In that case, information regarding such interest and transaction is not required to be disclosed in response to this paragraph.

Its primary function is to assist the Board in fulfilling its oversight responsibilities with respect to (a) accuracy and integrity of the Company's financial statements and periodic financial reports, and (b) compliance with legal and regulatory requirements. The Committee shall also (a) have direct responsibility for the engagement of the independent auditors based on an assessment of their qualifications and independence, and (b) evaluate the performance of the independent auditors and internal audit function, and (c) prepare the Audit Committee Report required by SEC rules to be included in the Company's proxy statement. In discharging its oversight and other responsibilities, the Committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities and personnel of the Company and has the authority to retain outside legal, accounting or other advisors, at the expense of the Company, to advise the Committee. The Committee shall produce an annual report for inclusion in the Company's proxy statement for the annual meeting of shareholders, in accordance with applicable rules and regulations. The composition and responsibilities of the Committee are described in this Audit Committee Charter (the *Charter*).

While the Committee has oversight responsibilities and powers as set forth in this Charter, it is not the responsibility of the Committee to prepare the Company's financial statements or to plan or conduct audits to determine if such statements are complete, accurate and in accordance with Generally Accepted Accounting Principles (GAAP). These are the responsibilities of management and the independent auditors, respectively. Management also is responsible for compliance with applicable laws, regulations, internal controls and procedures, and with the Company's disclosure controls and procedures, internal operating and compliance policies, and codes of conduct and ethics.

I. Composition

In accordance with Article III of the Bylaws of the Company, the Board of Directors, by resolution adopted by a majority of the whole Board of Directors, may designate an Audit Committee. The Committee shall consist of four (4) or more Directors. The Committee shall be composed entirely of independent, non-employee Directors of the Company, in accordance with applicable rules and regulations. Each member of the Committee shall be financially literate, as defined by applicable rule or regulation and by the Board of Directors, or must become financially literate within a reasonable period of time after his or her appointment to the Committee. Additionally, the Board will ensure that at least one member of the Committee will have accounting or related financial management expertise and will qualify as a financial expert as defined by the Securities and Exchange Commission.

If a Committee member simultaneously serves on the audit committees of more than three companies subject to the periodic reporting requirements of the Securities Exchange Act of 1934, then the Board must make a determination that such simultaneous service would not impair the ability of such member to effectively serve on the Committee.

A Participant may make a separate payroll deduction election in one-dollar (\$1.00) increments and in a minimum amount of twenty-five dollars (\$25.00) with respect to such Participant's compensation under the Company's Annual Team Performance Incentive Plan (or a successor to such plan) or under any annual bonus or incentive compensation plan maintained by a Subsidiary. Payroll deductions shall be on an after-tax basis and shall be subject to the following conditions:

- (a) The aggregate payroll deductions for any Participant for all Offering Periods during any calendar year, including any deductions with respect to any annual incentive compensation plan, shall not exceed the sum of twenty-five thousand dollars (\$25,000);

- (b) The total amount of payroll deductions during any pay period shall not exceed the total amount of a Participant's pay for such pay period, net of any other applicable deductions; and

D-4

Table of Contents

- (c) If a Participant has authorized payroll deductions in an amount equal to or greater than the minimum amount and, due to extraordinary circumstances occurring during any one pay period (*e.g.*, temporary reduction in number of hours worked, change in status of employment to short-term disability, etc.), such Participant's net pay for such period is insufficient to permit deductions in the authorized amount, such Participant's total net pay for such pay period shall be deducted and held in accordance with the provisions of Section 5.2.

5.2 *Crediting of Contributions.* Each Participant's payroll deductions will be held by the Company in accordance with the provisions of Article 12 pending application to the purchase of shares of Common Stock and crediting of same to such Participant's Plan Account. A Participant may not make payments or contributions to purchase shares of Common Stock in addition to amounts contributed through payroll deductions. Except for shares of Common Stock credited to a Participant's Plan Account upon purchase hereunder, a Participant may not transfer or deposit shares of Common Stock to such Participant's Plan Account. No interest shall be paid on any amounts held by the Company from time to time pending application to the purchase of shares of Common Stock on behalf of a Participant.

5.3 *Election Changes.* Subject to the provisions of Article 8, a Participant may change the amount of payroll deductions by complying with the Company's procedures for effecting such changes as established and in effect from time to time, which may include, but are not limited to, completing and filing with the Company or the Custodian a change form authorizing a change in the amount of payroll deductions from such employee's compensation or responding to payroll deduction change procedures set forth in an automated voice response system or Internet site maintained by the Custodian. Any such change must be received no later than the twenty-fifth (25th) day of the calendar month immediately preceding the next applicable Grant Date and shall become effective for the Offering Period during which such Grant Date occurs.

5.4 *Continuation of Elections.* So long as a Participant remains an Eligible Employee, payroll deductions will continue in effect from Offering Period to Offering Period unless the Participant elects a different rate of payroll deductions in accordance with the provisions of Section 5.3 or terminates participation in the Plan in accordance with the provisions of Article 8.

ARTICLE 6

OPTION AND PURCHASE OF COMMON STOCK

6.1 *Option to Purchase Shares.* Subject to the provisions of Section 6.2, on each Grant Date of each Offering Period, each Participant shall be deemed to have been granted an option to purchase on the following Exercise Date a number of whole and fractional shares (computed to three (3) decimal places) of Common Stock equal to the quotient of (i) the balance of funds held by the Company on behalf of such Participant pending application to the purchase of shares of Common Stock as of such Exercise Date, divided by (ii) the Exercise Price.

6.2 *Limit for Certain Participants.* No Participant shall be granted an option to purchase shares of Common Stock on any Grant Date if such Participant, immediately after the option is granted, owns stock constituting five percent (5%) or more of the Company's outstanding Common Stock or five percent (5%) or more of the total combined voting power or value of all classes of stock of the Company or any Subsidiary. For purposes of this Section 6.2, the rules of Section 424(d)

Table of Contents

of the Internal Revenue Code of 1986, as amended (relating to attribution of stock ownership), shall apply in determining the stock ownership of the Participant, and stock that the Participant may purchase under outstanding options shall be treated as stock owned by such Participant.

6.3 *Exercise of Options.* Unless a Participant terminates participation in the Plan in accordance with the provisions of Article 8, such Participant's option to purchase shares of Common Stock during an Offering Period will be exercised automatically on the Exercise Date, and the maximum number of full and/or fractional shares (computed to three (3) decimal places) of Common Stock shall be purchased for such Participant at the applicable Exercise Price and credited to such Participant's Plan Account. During a Participant's lifetime, a Participant's option to purchase shares of Common Stock hereunder is exercisable only by the Participant.

6.4 *Account Statement.* As soon as practicable after each Exercise Date, the Company shall deliver or shall cause the Custodian to deliver a statement to the Participant regarding such Participant's Plan Account, which may include, among other things and to the extent necessary and appropriate: (i) the name and address of the Company and the Participant; (ii) the amount of payroll deductions withheld by the Company on behalf of such Participant; (iii) the Exercise Price and Fair Market Value for the Offering Period corresponding to such Exercise Date; (iv) the date of purchase; (v) the number of full and fractional shares of Common Stock purchased; (vi) the balance of shares of Common Stock in the Participant's Plan Account; and (vii) current and year-to-date dividend reinvestment information.

ARTICLE 7

RIGHTS AS A SHAREHOLDER

7.1 *Crediting and Issuance of Shares.* As promptly as practicable after each Exercise Date, a Participant shall be treated as the beneficial owner of the shares of Common Stock purchased for such Participant pursuant to the Plan, and such shares shall be credited to the Plan Account maintained for the benefit of the Participant by the Custodian. A Participant may request that a stock certificate for all or a portion of the whole shares of Common Stock credited to the Participant's Plan Account be issued. A cash payment shall be made for any fraction of a share of Common Stock in the Plan Account, if necessary to close the Plan Account.

7.2 *Ownership of Shares.* A Participant shall have all ownership rights with respect to the number of shares of Common Stock credited to the Plan Account, including the right to vote such shares of Common Stock and to receive dividends or other distributions, if any. Any dividends or distributions that may be declared on such shares by the Board will be reinvested (without any discount) by the Custodian in additional shares of Common Stock for the Participant on or promptly following such dividend payment date or distribution date pursuant to the terms of the Company's Direct Stock Purchase and Dividend Reinvestment Plan (Resources Direct). All such shares purchased through reinvestment of dividends or distributions will be credited to the Participant's Plan Account.

7.3 *Sale of Shares.* In the event that a Participant elects to sell any shares of Common Stock purchased under the Plan or transfer any such shares to a general brokerage account maintained for the benefit of such Participant, the Participant shall be responsible for the payment of any applicable brokerage fees and associated costs related to such sale or transfer. Within ten (10) business days after receipt of instructions from a Participant, the Custodian will sell at open market through an independent brokerage organization all or any portion of the shares held in the Participant's Plan Account, but none of the Company, the Board,

Table of Contents

nor the Administrative Committee shall be liable for any delay in the execution of such request. Each Participant shall bear the risk of stock price fluctuations between the time such Participant places an order to sell and the time the shares of Common Stock are actually sold. As soon after the sale as is practicable, the Custodian will mail (by U.S. first class mail) to the Participant a check representing the proceeds from the sale of the shares, net of brokerage fees and transfer taxes incurred in connection with effecting such sale. The brokerage fees generally are negotiated for each sale and vary upon the number of shares sold.

ARTICLE 8

TERMINATION OF CONTRIBUTIONS OR PARTICIPATION

8.1 *Revocation by Participant.* A Participant may, at any time and for any reason, voluntarily revoke his or her contributions into the Plan by complying with the Company's procedures for revoking a payroll deduction election as established and in effect from time to time, which may include, but are not limited to, delivering written notification of revocation to the Company or the Custodian or responding to revocation procedures set forth in an automated voice response system or Internet site maintained by the Custodian. Any such revocation will become effective, and payroll deductions will cease to be made on behalf of such Participant, as soon as practicable following receipt by the Company of notice of revocation. All payroll deductions previously accumulated and held by the Company on behalf of such Participant pending application to purchase shares of Common Stock shall be used to purchase shares of Common Stock on the Exercise Date corresponding to the Offering Period during which such revocation occurs, and the purchased shares shall be allocated to the Participant's Plan Account. A Participant's revocation of his election to contribute into the Plan will not have any effect upon the Participant's eligibility to participate in the Plan during any succeeding Offering Periods commencing after termination of the Offering Period during which the Participant so elects to revoke or in any similar plan which may hereafter be adopted by the Company.

8.2 *Change in Employment Status.* A Participant's contributions in the Plan will be terminated upon a change in the employment status of a Participant that results in the Participant no longer being an Eligible Employee. In such event, authorized payroll deductions shall cease as of the date of such change of status, and all payroll deductions previously accumulated and held by the Company on behalf of such Participant pending application to purchase shares of Common Stock shall be used to purchase shares of Common Stock on the Exercise Date corresponding to the Offering Period during which such change of status occurs, and the purchased shares shall be allocated to the Participant's Plan Account.

8.3 *Termination of Employment.* In the event of a Participant's termination of employment (for any reason, including death and disability), authorized payroll deductions shall cease as of the date of such termination, and all payroll deductions previously accumulated and held by the Company on behalf of such Participant pending application to purchase shares of Common Stock shall be refunded to the Participant, without interest, as soon as practicable following such termination; however, if such termination occurs without sufficient time to process same prior to the Exercise Date corresponding to the Offering Period during which such termination occurs (generally the twenty-fifth (25th) day of the calendar month immediately preceding the month in which such Exercise Date occurs), all such accumulated payroll deductions will be applied to purchase shares of Common Stock on the Exercise Date corresponding to the Offering Period during which such termination

occurs; provided, however, that the Administrative Committee may determine, in the exercise of its sole discretion and on a case-by-case basis, to refund any such accumulated payroll deductions if necessary to avoid financial hardship on the part of such Participant.

8.4 *Plan Accounts of Former Participants.* The shares of Common Stock credited to a Former Participant's Plan Account shall remain therein or be withdrawn therefrom as follows:

- (a) If such Former Participant's contributions into the Plan are terminated due to revocation under Section 8.1 or due to the change in employment status under Section 8.2, then all shares of Common Stock credited to such Former Participant's Plan Account shall automatically remain therein, subject to the provisions of Article 7 and Section 15.2; and
- (b) If such Former Participant's participation in the Plan is terminated due to a termination of employment under Section 8.3, all shares of Common Stock credited to such Former Participant's Plan Account shall automatically be transferred to a shareholder account maintained by the Company's transfer agent for the benefit of the Former Participant. The Company will not be responsible for the payment of any fees related to the maintenance of such Former Participant's individual shareholder account with the transfer agent.

ARTICLE 9

ADMINISTRATION

9.1 *Administration by Administrative Committee.*

- (a) The Plan shall be administered and interpreted by the Administrative Committee. Subject to the express provisions of the Plan, the Administrative Committee shall have authority to interpret the Plan, to prescribe, amend and rescind rules and regulations relating to the Plan, and to make all other determinations necessary or advisable for the administration of the Plan, all of which determinations shall be final, binding and conclusive.
- (b) Neither the Administrative Committee nor the Company will be liable for any act performed in good faith or as required by applicable securities law or for any omission to act made in good faith, including without limitation, any claim of liability arising out of failure to terminate a Participant's Plan Account upon the Participant's death prior to the receipt of notice in writing of such death.

9.2 *Appointment of Administrative Committee.* The Board shall appoint the Administrative Committee to serve at the pleasure of the Board. The Board from time to time may remove members from, or add members to, the Administrative Committee and shall fill all vacancies thereon. The Administrative Committee shall at all times be composed of at least one member.

9.3 *Delegation by Administrative Committee.* Unless prohibited by applicable law or the applicable rules of a stock exchange, the Administrative Committee may delegate all or some of its responsibilities and powers to any one or more of its members. In addition, the Administrative Committee may delegate all or some of its responsibilities and powers to any person or persons it

selects. The Administrative Committee may revoke any such delegation at any time.

9.4 Rule 16b-3 Limitation. Notwithstanding any provisions of the Plan to the contrary, in the event that Rule 16b-3 provides specific requirements for administrators of plans such as the Plan, the Plan shall only be administered by such body and in such

Table of Contents

manner as shall comply with the applicable requirements of Rule 16b-3. Unless permitted by Rule 16b-3, no discretion concerning decisions regarding the Plan shall be afforded to any person that is not a Non-Employee Director or to the Administrative Committee or any other committee of the Board that is not composed of Non-Employee Directors, as such term is defined in Rule 16b-3. Persons who are affiliates of the Company (as defined under the Exchange Act) may not acquire or dispose of any shares of Company Stock without prior notification to the Company.

ARTICLE 10

TRANSFERABILITY

Neither payroll deductions withheld by the Company on behalf of a Participant pending application to the purchase of shares of Common Stock nor any rights with regard to the exercise of an option or to receive shares of Common Stock under the Plan may be assigned, transferred, pledged or otherwise disposed of in any way by such Participant other than by will or the laws of descent and distribution. Any such attempted assignment, transfer, pledge or other disposition shall be of no force and effect.

ARTICLE 11

APPLICATION OF FUNDS

All payroll deductions of a Participant withheld by the Company under the Plan may be commingled with the general funds and assets of the Company and used by the Company for any corporate purpose, and the Company shall not be obligated to segregate any such payroll deductions.

ARTICLE 12

ADJUSTMENTS UPON CHANGES IN CAPITALIZATION

12.1 The number of shares of Common Stock covered by each option under the Plan which has not yet been exercised and the number of shares of Common Stock that have been made available for purchase under the Plan but have not yet been placed under option (collectively, the Reserves), as well as the price per share of Common Stock covered by each option under the Plan which has not yet been exercised, shall be proportionately adjusted, for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, reorganization, recapitalization, rights offering or any other similar event. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an option.

12.2 In the event of the proposed dissolution or liquidation of the Company, the Offering Period then in progress shall be shortened by setting a new Determination Date (the "New Determination Date") and a new Exercise Date (the "New Exercise Date") and shall terminate prior to the consummation of such proposed dissolution or liquidation, unless otherwise provided by the Administrative Committee in its sole discretion. The New Exercise Date shall be before the date of the Company's proposed dissolution or liquidation. The Administrative Committee shall notify each Participant in writing, at least ten (10) Trading Days prior to the New Exercise Date, (i) that the Determination Date and the Exercise Date for the Participant's option have been changed to the New Determination Date and the New Exercise Date, respectively, and (ii) that the Participant's option shall be exercised automatically on the New Exercise Date unless the Participant has terminated participation in the Plan prior to such date and accumulated payroll deductions withheld by the Company on behalf of such Participant have been

returned to such Participant in accordance with the provisions of Article 8.

12.3 In the event of a Change of Control of the Company, the Administrative Committee may take such action as it deems necessary including, without limitation, (i) providing that each outstanding option shall be assumed or an equivalent option substituted by the successor corporation or a parent or subsidiary of such successor corporation, (ii) setting a New Exercise Date and a New Determination Date for the Offering Period then in progress, terminating such Offering Period on such New Exercise Date and terminating the Plan on or at any time after such New Exercise Date, or (iii) making provision for adjusting the Reserves, as well as the price per share of Common Stock covered by each option under the Plan which has not yet been exercised, in the event of such consolidation or merger. In the event the Administrative Committee elects to set a New Exercise Date and a New Determination Date in accordance with clause (ii) of the preceding sentence, the New Exercise Date shall be before the date of the Company's proposed sale or merger. The Administrative Committee shall notify each Participant in writing, at least ten (10) Trading Days prior to the New Exercise Date, (i) that the Determination Date and the Exercise Date for the Participant's option have been changed to the New Determination Date and the New Exercise Date, respectively, and (ii) that the Participant's option shall be exercised automatically on the New Exercise Date unless the Participant has terminated participation in the Plan prior to such date and accumulated payroll deductions withheld by the Company on behalf of such Participant have been returned to such Participant in accordance with the provisions of Article 8.

ARTICLE 13

AMENDMENT OR TERMINATION

The Board may at any time and for any reason terminate or amend the Plan. Except as provided in Article 13, no such termination or amendment shall affect options previously granted or adversely affect the rights of any Participant with respect thereto. Without regard to whether any Participant's rights may be considered to have been adversely affected, the Board may amend the Plan prospectively, among other things, to change the Offering Period, the Grant Date or the Exercise Date, to increase the Exercise Price or limit the frequency and/or number of changes in the amount of payroll deductions withheld during an Offering Period, to change the provisions regarding liability of the Company for payment of any costs, expenses or fees incurred in connection with the administration and maintenance of the Plan, to establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of shares of Common Stock for each Participant properly correspond with payroll deductions withheld from such Participant's compensation, and to establish such other limitations or procedures as the Board determines in its sole discretion to be necessary or advisable and which are consistent with the Plan. In addition, to the extent necessary to comply with any tax or securities law or regulation, the Company shall obtain shareholder approval in such manner and to such degree as so required.

ARTICLE 14

MISCELLANEOUS

14.1 *Effective Date and Term of Plan.*

Edgar Filing: AGL RESOURCES INC - Form PRE 14A

The Plan became effective as of January 1, 2002, and the original term of the plan was to expire on January 31, 2005. Prior to the expiration of the Plan, the Board authorized, subject to approval by the Company's shareholders, an amendment to the Plan to extend its term until January 31, 2015, which amendment was approved by the Company's shareholders on April 27, 2005. Accordingly,

the Plan shall continue in effect until January 31, 2015, unless earlier terminated in accordance with the provisions of Article 13.

14.2 Costs.

The costs, expenses and fees incurred in connection with the purchase of shares of Common Stock under the Plan, the general administration of the Plan and the maintenance of the Plan Accounts with the Custodian will be paid by the Company. Any brokerage fees and associated costs related to a sale by a Participant of shares of Common Stock or a transfer of shares of Common Stock to an individual registered shareholder account maintained by the Company's transfer agent or a general brokerage account for the benefit of such Participant, and any other fees and expenses under the Plan shall be paid by such Participant.

14.3 Taxes.

At the time an option to purchase shares of Common Stock is exercised, a Participant must make adequate provision for the Company's federal, state or other tax withholding obligations which arise upon the exercise of the option. At any time, the Company may withhold from a Participant's compensation or other amounts payable to such Participant the amount necessary for the Company to meet applicable withholding obligations (regardless of whether such person at the time continues to participate or be eligible to participate in the Plan, and regardless of whether or not such person at the time continues to be employed by the Company or any Subsidiary) the amount necessary for the Company to meet applicable withholding obligations.

14.4 Effect on Employment.

Participation in the Plan will not impose any obligation upon the Company or any Subsidiary to continue the employment of a Participant for any specific period of time and will not affect the right of the Company or any Subsidiary to terminate a Participant's employment at any time, with or without cause. Any income a Participant may realize as a result of participation in the Plan shall not be considered as a part of such Participant's compensation for the calculation of any other pay, allowance, pension or other benefit unless otherwise required under other benefit plans provided by the Company or its Subsidiaries or required by law or contractual obligation of the Company or its Subsidiaries.

14.5 Compliance with Law.

(a) Notwithstanding any other provision of the Plan, options to purchase shares of Common Stock under the Plan shall not be exercisable or exercised, and shares of Common Stock shall not be issued with respect to any such option, unless the exercise of such option and the issuance and delivery of such shares of Common Stock pursuant thereto shall comply with all applicable provisions of law, domestic or foreign, including, without limitation, the Securities Act of 1933, as amended, the Exchange Act, and the rules and regulations promulgated thereunder, and the requirements of any stock exchange upon which shares of Common Stock may then be listed.

(b)

Edgar Filing: AGL RESOURCES INC - Form PRE 14A

Without limiting the generality of the foregoing, the terms and conditions of all options granted under the Plan to, and the purchase of all shares of Common Stock by, any Participant subject to Section 16 of the Exchange Act shall comply with the applicable provisions of Rule 16b-3. The Plan and any options thereunder shall be deemed to contain, and the shares issued upon exercise of such options shall be subject to, such additional conditions and restrictions as may be required by Rule 16b-3 to qualify for the maximum exemption from Section 16 of the Exchange Act with respect to transactions under the Plan.
