PROXY STATEMENT

GENERAL INFORMATION

The Board of Directors of Seagate Technology, an exempted company incorporated with limited liability under the laws of the Cayman Islands, is soliciting your proxy for use at the 2005 Annual General Meeting of shareholders, which we refer to as the Annual General Meeting, to be held on October 27, 2005, and at any postponement or adjournment of the meeting. These proxy materials are first being mailed to shareholders on or about October 7, 2005. Our headquarters are located in the Cayman Islands at P.O. Box 309GT, Ugland House, South Church Street, George Town, Grand Cayman, Cayman Islands. Seagate Technology's telephone number at that address is (345) 949-8066. Our U.S. executive offices are located at 920 Disc Drive, Scotts Valley, California 95066 and our telephone number at this address is (831) 438-6550. Our website address is www.seagate.com. Information contained on, or accessible through, our website is not a part of this proxy statement.

References in this proxy statement to we, our and us are to Seagate Technology.

Date, Time and Place

We will hold the Annual General Meeting at the Quadrus Conference Center at 2400 Sand Hill Road, Menlo Park, California 94025, on Thursday, October 27, 2005 at 10:00 am Pacific Daylight Time, subject to any adjournments or postponements.

Who Can Vote; Votes Per Share

Our only outstanding class of voting securities is our common shares, par value \$0.00001 per share. All persons who are registered holders of our common shares at the close of business on September 2, 2005, the record date for the Annual General Meeting, will be entitled to notice of, and to vote at, the Annual General Meeting. As of the close of business on the record date there were outstanding 480,008,435 common shares held by 889 shareholders of record. These shareholders will be entitled to one vote per common share on all matters submitted to a vote of shareholders, so long as those shares are represented at the Annual General Meeting in person or by proxy. Your shares will be represented if you attend and vote at the Annual General Meeting or if you submit a proxy. Under Cayman Islands law, holders of our common shares do not have appraisal rights with respect to matters to be voted on at the Annual General Meeting.

How to Vote; Submitting Your Proxy

If you are a shareholder of record, you may vote your shares either by voting in person at the Annual General Meeting or by submitting a completed proxy. By completing and submitting the enclosed proxy, you are legally designating Donald E. Kiernan, James A. Davidson and

Edgar Filing: SEAGATE TECHNOLOGY - Form DEF 14A

Stephen J. Luczo to vote your shares in accordance with the instructions you have indicated on the proxy.

If your shares are held not in your name but in the street name of a bank, broker or other holder of record (a nominee), then your name will not appear in our register of shareholders and the nominee will be entitled to vote your shares. In order to be admitted to the Annual General Meeting, you must bring a letter or account statement showing that you beneficially own the shares held by the nominee. Even if you attend the Annual General Meeting, you will not be able to vote the shares that you hold in street name. Rather, you should instruct your nominee how to vote those shares on your behalf.

Table of Contents

If you appoint the individuals named in the enclosed proxy card as your proxies but do not indicate how your shares are to be voted, then your shares will be voted FOR the election of all nominees for director named in Proposal 1 and FOR Proposal 2. In addition, if any matters other than the proposals contained in this proxy statement are properly brought up at the Annual General Meeting, then the proxies will have the authority to vote your shares on those matters in accordance with their discretion and judgment if we did not receive notice of such matters by August 23, 2005. We do not presently know of any other business that may come before the Annual General Meeting.

Shares Registered Directly in the Name of the Shareholder

If you hold shares of our common stock registered directly in your name in our register of shareholders, you may submit your proxy by mailing your signed proxy card to us. Specific instructions to be followed by registered shareholders are set forth on the enclosed proxy card.

Shares Registered in the Name of a Nominee

Most beneficial owners whose shares are held in the street name of a nominee receive instructions for granting proxies from their banks, brokers or other agents, rather than from a company's proxy card.

A number of brokerage firms and banks participate in a program that offers the ability to grant proxies to vote shares by means of the telephone and Internet. If your shares are held in an account at a brokerage firm or bank participating in such a program, you may grant a proxy to vote those shares by calling the telephone number that appears on the voting instruction form, or through the Internet in accordance with the instructions set forth on the voting instruction form, that you receive from your broker or bank. Votes submitted by telephone or Internet through such a program must be received by 11:59 p.m. Eastern Daylight Time on October 26, 2005.

Revoking Your Proxy

You may revoke your proxy at any time before it is voted at the Annual General Meeting, by: (1) sending a signed revocation thereof to Seagate Technology at 920 Disc Drive, Scotts Valley, California 95066, Attention: Corporate Secretary, which we must receive at least one hour prior to the start of the Annual General Meeting; (2) signing, dating and mailing a new and different proxy card, which we must receive by 5:00 p.m., Pacific Daylight Time, on October 26, 2005, or (3) voting your shares in person at the meeting, if you are a shareholder of record. If your shares are registered in the name of a nominee and you submit your proxy by telephone or over the Internet, you may revoke your proxy only by submitting new voting instructions by telephone or Internet, as applicable, which must be received by 11:59 p.m. Eastern Daylight Time on October 26, 2005. Attending the Annual General Meeting alone will not revoke your proxy.

Proxy Solicitation

We will bear all costs and expenses of soliciting proxies from shareholders. We are initially soliciting these proxies by mail, but our directors, officers and selected other Seagate Technology employees may also solicit proxies by telephone, facsimile, or e-mail or in person. These people will not be specially compensated for their services, but may be reimbursed for out-of-pocket expenses incurred in connection with the

Edgar Filing: SEAGATE TECHNOLOGY - Form DEF 14A

solicitation. Brokerage houses, nominees, fiduciaries and other custodians will be requested to forward soliciting materials to beneficial owners and will be reimbursed by us for their reasonable out-of-pocket expenses incurred in connection with the solicitation.

Quorum and Voting Requirements

In order to establish a quorum at the Annual General Meeting, there must be one or more shareholders present at the meeting, either in person or by proxy, holding shares representing not less than a majority of our

Table of Contents

issued and outstanding shares entitled to vote at the meeting. For purposes of determining a quorum, abstentions and broker non-votes are counted as represented. A non-vote occurs when a nominee (such as a broker) holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power for that proposal and has not received instructions from the beneficial owner on how to vote those shares.

With respect to Proposal 1, the affirmative vote of a majority of all the votes cast by holders of common shares represented in person or by proxy at the Annual General Meeting is necessary to approve the election of each of the director nominees. Proposal 2 requires the affirmative vote of a majority of all the votes cast by holders of common shares represented in person or by proxy at the Annual General Meeting, in order to be approved.

Abstentions and broker non-votes are not counted and will have no effect on the result of the vote on any proposal.

Voting Procedures and Tabulation

We have appointed a representative of Computershare Trust Company as the inspector of elections to act at the Annual General Meeting and to make a written report thereof. Prior to the Annual General Meeting, the inspector will sign an oath to perform his or her duties in an impartial manner and according to the best of his or her ability. The inspector will ascertain the number of common shares outstanding and the voting power of each, determine the common shares represented at the Annual General Meeting and the validity of proxies and ballots, count all votes and ballots, and perform certain other duties. The determination of the inspector as to the validity of proxies will be final and binding.

PROPOSAL 1 ELECTION OF DIRECTORS

Upon the recommendation of the Nominating and Corporate Governance Committee, the Board of Directors has nominated for election at the 2005 Annual General Meeting a slate of 11 nominees, each of whom is currently a director of Seagate Technology. Under our articles of association, the Board of Directors may have any number of members up to 15. However, the Board of Directors has determined that, for the time being, the number of directors constituting the full Board of Directors shall be 11 members. The holders of common shares, voting as a class, have the right to elect all 11 members to the Board of Directors to serve until the 2006 Annual General Meeting of the common shareholders or until their respective successors are duly elected and qualified.

It is currently anticipated that all of the nominees will be willing and able to serve as directors. However, if any nominee becomes unwilling or unable to serve as a director, then the Board of Directors will propose a substitute nominee, and the individuals designated as your proxies will vote to appoint that proposed nominee.

THE BOARD OF DIRECTORS AND ITS COMMITTEES

Attendance at Meetings by Directors

The Board of Directors held nine meetings (including five special meetings) during our fiscal year ended July 1, 2005, which we refer to as fiscal year 2005. With the exception of Messrs. Marquardt and Thompson, all of the directors who served during fiscal year 2005 attended at least 75% of the aggregate of all Board of Directors meetings and all meetings of the committees of the Board of Directors on which they served, held during fiscal year 2005. The number of meetings held by each committee of the Board of Directors is set forth below, under the heading Committees of the Board of Directors .

We have no formal policy regarding attendance by our directors at our annual general meetings. Ten of our directors were present at the 2004 Annual General Meeting.

Controlled Company Status

As of January 3, 2005, the date on which New SAC's beneficial ownership of our issued and outstanding common shares dropped below 50%, we ceased to be a controlled company for purposes of Section 303A of the New York Stock Exchange Listed Company Manual (the NYSE Rules). As a controlled company, we were exempt from the provisions of Section 303A that require us to have a board of directors comprised of a majority of independent directors and to maintain compensation and nominating committees comprised solely of independent directors. As we are no longer a controlled company, we will adhere to the applicable transition periods provided for by the NYSE Rules in coming into full compliance with all of the requirements of Section 303A. For example, we intend to have a board of directors comprised of a majority of independent directors by January 3, 2006. Assuming the re-election of all of the nominees for director at the Annual General Meeting, the Board of Directors will have five members who have been determined by the Board of Directors to be independent, as of the date of our Annual General Meeting, under Section 303A.02 of the NYSE Rules. These directors are Messrs. Bradley, Kiernan, Reyes and Thompson and Ms. Marshall. The Board of Directors made this determination on the basis that none of these directors has any material relationship with Seagate Technology or any of its subsidiaries. In making its determinations of independence, the Board of Directors considered the following relationships:

Mr. Reyes is a director of LSI Logic Corp., a company with which we do business on a regular, arms-length basis; and

Mr. Thompson is Chairman of the Board and Chief Executive Officer of Symantec Corporation, which recently acquired Veritas Corporation. Mr. Thompson is also a director of United Parcel Service, Inc. We have done business on a regular, arms-length basis with Veritas Corporation and anticipate that we will also do business with Symantec Corporation on a regular, arms-length basis going forward. We also do business on a regular, arms-length basis with United Parcel Service, Inc. In addition, Mr. Thompson beneficially owns less than 1% of our outstanding common shares, including indirect beneficial ownership through his less than 1% interest in New SAC, our largest shareholder.

The Board of Directors determined that these relationships were not material because, with respect to the ongoing business relationships, such relationships arose from transactions that were conducted on an arms-length basis, and, with respect to Mr. Thompson's beneficial ownership of our outstanding common shares, such ownership does not differentiate Mr. Thompson's interests with respect to matters that affect Seagate Technology from those of our shareholders generally.

Table of Contents**Committees of the Board of Directors**

To assist the Board of Directors in fulfilling its oversight responsibilities, the Board of Directors maintains a standing Audit Committee, Compensation Committee, Nominating and Corporate Governance Committee and Strategic and Financial Transactions Committee. The current members of these committees are identified in the table below:

(2) Mr. Coulter resigned from our Nominating and Corporate Governance Committee on January 27, 2005. Ms. Marshall was appointed to our Nominating and Corporate Governance Committee on January 27, 2005.

(3) Mr. Kiernan was appointed to our Strategic and Financial Transactions Committee on April 28, 2005.

Audit Committee

The Audit Committee consists of three of our independent directors as required by Sections 303A.06 and 303A.07 of the NYSE Rules. The Board of Directors has determined that each of these committee members is an independent director under Section 303A.02 of the NYSE Rules. In addition, each of these committee members meets the independence and experience requirements for membership of the audit committee under the existing rules of the New York Stock Exchange and Rule 10A-3(b)(1) promulgated by the Securities and Exchange Commission (the SEC) under the Securities and Exchange Act of 1934, as amended (the Exchange Act). Mr. Kiernan currently serves as the Chairman of the Audit Committee. The Board of Directors has determined that Mr. Kiernan is an audit committee financial expert as defined under the rules of the SEC.

Mr. Kiernan currently serves on the audit committees of three other public companies, in addition to serving on our Audit Committee. The Board of Directors has determined that Mr. Kiernan's simultaneous service on these three other audit committees does not impair his ability to serve effectively on our Audit Committee.

Nominating and Corporate Governance Committee

Our Nominating and Corporate Governance Committee is comprised of three of our non-management directors. The Nominating and Corporate Governance Committee held six meetings during fiscal year 2005.

The Nominating and Corporate Governance Committee is responsible for, among other things:

identifying individuals who are qualified to become members of the Board of Directors and selecting, or recommending that the Board of Directors select, the candidates for directorships;

reviewing and making recommendations to the Board of Directors with respect to any shareholder proposal that relates to corporate governance, including director nomination by shareholders;

recommending to the Board of Directors a set of corporate governance principles applicable to Seagate Technology and overseeing the implementation of those principles;

establishing the criteria for selecting new directors;

overseeing the evaluation of the members of the Board of Directors and senior members of our management;

overseeing the continuity planning for the senior members of our management; and

reviewing and evaluating, at least annually, the performance of the Nominating and Corporate Governance Committee and its members, including the compliance of the Nominating and Corporate Governance Committee with its charter.

The Nominating and Corporate Governance Committee has not established any specific, minimum qualification standards for nominees to the Board of Directors. From time to time, the Nominating and Corporate Governance Committee may identify certain skills or attributes as being particularly desirable for specific director nominees. These skills or attributes may include, but are not limited to, strength of character, mature judgment, industry knowledge, business sophistication, career experience, relevant technical skills, financial expertise, diversity, ability to work collegially with others and the extent to which the candidate would fill a present need on the Board of Directors.

The Nominating and Corporate Governance Committee's process for identifying and evaluating nominees for directors includes, but is not limited to, the following:

collection of a list of potential candidates (i) based on recommendations or referrals from directors, officers, shareholders or third parties or (ii) through the engagement of a search firm;

Edgar Filing: SEAGATE TECHNOLOGY - Form DEF 14A

communications with members of the Board of Directors and management to identify possible nominees;

evaluation of (i) potential conflicts, including financial relationships, and (ii) whether the candidate would be a special interest or single issue director to an extent that would impair such director's ability to represent the interests of all shareholders;

committee meetings to narrow the list of potential candidates;

interviews with a select group of candidates; and

selection of a candidate most likely to advance the best interests of Seagate Technology and its shareholders.

Based on its annual evaluation of the performance of the current directors in fiscal year 2005, the Nominating and Corporate Governance Committee determined to recommend each of the nominees for director named in Proposal 1 for re-election at the Annual General Meeting.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors reviews and approves the remuneration for our executive officers. The following is the report of the Compensation Committee describing the remuneration policies applicable to our executive officers, including our Chief Executive Officer, and the decisions made by the Compensation Committee with respect to the remuneration paid to our executive officers for the fiscal year ended July 1, 2005.

Basis for Executive Compensation

Our executive remuneration is designed (i) to provide competitive levels of overall remuneration in order to attract and retain high performing qualified executives, (ii) to motivate executive officers to achieve our business objectives, (iii) to reward executive officers for their achievements on behalf of Seagate Technology, and (iv) to align executive remuneration with long-term increases in shareholder value. To support these goals, the Compensation Committee and the Board of Directors have established an executive remuneration program primarily consisting of three integrated components: base salary, performance-based awards, and stock options. The Compensation Committee's decisions concerning the specific compensation elements for individual executive officers, including the Chief Executive Officer, for the fiscal year ended July 1, 2005 were made within this framework. In addition, from time to time, the Compensation Committee engages the services of outside consultants to review our Executive Compensation practices against the industry practices benchmarks and trends. The Compensation Committee employed outside consultants to provide guidance with respect to its compensation decisions during or regarding fiscal year 2005.

Base Salary. Base salary is paid for ongoing performance throughout the year. The base salary component of each executive's total remuneration, including the base salary of our Chief Executive Officer, is designed to be competitive and fall within approximately the 75th percentile for similar companies in terms of industry group, technology, complexity and company size based on revenue.

The Compensation Committee, on behalf of the Board of Directors, exercises its discretion in determining individual salary amounts for executive officers and does not apply any specific formula. The Compensation Committee relies on extensive competitive analyses, including three published national pay surveys and proxy statement pay comparisons for similar companies in the comparative category as described above. Several of the companies on which the Compensation Committee focused as comparisons for this purpose are also companies that are included in the Dow Jones US Computers Index, which index is used in the Performance Graph included in this proxy statement. Generally, our executive officers' salaries, including the Chief Executive Officer's, are reviewed on an annual basis; however, salary action is taken only when indicated by market data or individual performance.

Performance-Based Awards. All of our executive officers, including the Chief Executive Officer, participate in our Annual Incentive Bonus Plan, which we refer to as the Executive Bonus Plan. Awards under the Executive Bonus Plan are intended to reflect the Compensation Committee's belief that a significant portion of the annual remuneration of each executive officer should be contingent upon the financial performance and the achievement of key goals of Seagate Technology, as well as the individual contribution of each executive officer. The objective in granting awards under the Executive Bonus Plan is to create a performance-based means of compensation that, when combined with their base salaries, will provide executive officers with total annual remuneration in the upper quartile of the competitive market if the specified performance goals are met or exceeded.

The Executive Bonus Plan is funded based on our achievement of certain financial goals. If our financial goals are met or exceeded, individual executive officers may receive payments under the Executive Bonus Plan, determined by comparing our performance against pre-determined financial goals, and assessing whether each executive has attained his or her pre-determined individual goals. However, the Board of Directors,

or its

Table of Contents

authorized committee, retains the authority under the Executive Bonus Plan to pay a different cash bonus than the amount calculated solely by comparing Seagate Technology's and the individual executive's performance to the pre-determined goals.

For the fiscal year ended July 1, 2005, the sole criterion established by the Compensation Committee to determine the funding of the Executive Bonus Plan was the achievement by Seagate Technology of a level of earnings per share (EPS) established by the Compensation Committee. The Compensation Committee established no other company performance goals for the purposes of funding the Executive Bonus Plan. Although in fiscal year 2005, our EPS earnings generated a maximum pre-established awards under the Executive Bonus Plan, we exercised negative discretion to reduce the amount of bonuses awarded to some of our executive officers below target levels in order to maintain projected payout in line with our historical practice and industry standards.

Executive and Position	Bonus
William D. Watkins, President and Chief Executive Officer	\$ 3,000,000
Charles C. Pope, Executive Vice President, Finance and Chief Financial Officer	\$ 1,750,000
David A. Wickersham, Executive Vice President and Chief Operating Officer	\$ 2,000,000
Brian S. Dexheimer, Executive Vice President, Worldwide Sales, Marketing and Customer Service	\$ 1,250,000
William L. Hudson, Executive Vice President, General Counsel and Corporate Secretary	\$ 850,000

Stock Options. The Compensation Committee believes that the grant of stock options to executive officers creates a direct link between executive remuneration and long-term increases in shareholder value. The Compensation Committee believes that stock option grants provide incentives that focus the executive officers' attention on managing Seagate Technology from the perspective of an owner with an equity stake in the business. Options are subject to periodic vesting provisions to encourage executive officers to remain employed with Seagate Technology. The Compensation Committee has established option grant guidelines to be used to determine the size and timing of the option grants for executive officers other than the Chief Executive Officer. Awards for the Chief Executive Officer are made at the discretion of the Board of Directors and the Compensation Committee. The guidelines take into account option grant values for similar positions at comparison companies. In addition to the guidelines, and in the case of awards to the Chief Executive Officer, the Compensation Committee considers the executive's contributions to Seagate Technology's success, past option grant history, the number of unvested options held by the executive, the Compensation Committee's judgment with respect to the individual's impact on shareholder value and the need for a retention incentive. Stock options are granted only when the Compensation Committee determines they are warranted. As a result of recent changes to financial accounting rules first applicable to us in fiscal year 2006 and an analysis of the equity compensation practices of similar companies, the Compensation Committee has determined that awards granted to executive officers in fiscal year 2006 will be composed of a mix of stock options and restricted stock awards, and will generally be subject to vesting over a four or five year period.

Basis for Chief Executive Officer Compensation

The compensation package for Mr. Watkins, our Chief Executive Officer in the fiscal year ended July 1, 2005 included his base salary and the cash bonus payment referred to above. The Compensation Committee did not award Mr. Watkins an option grant during fiscal year 2005 due to the substantial award that Mr. Watkins received in 2003. The actual compensation paid to Mr. Watkins is described in the section of this proxy statement entitled "Compensation of Named Executive Officers." The Compensation Committee considers the total remuneration provided to the Chief Executive Officer in fiscal year 2005 appropriate, based on his role in leading us in an extremely challenging global economic environment, in further establishing our position as a leader in the industry, in developing and retaining a high performing and cohesive management team, and in strengthening our customer relationships.

Table of Contents

Impact of Section 162(m) of the Internal Revenue Code

The Compensation Committee has considered the potential impact of Section 162(m) of the Internal Revenue Code of 1986, as amended, on the compensation paid to our executive officers. In general, Section 162(m) disallows a tax deduction for any publicly held corporation or its subsidiaries for individual compensation exceeding \$1 million in any taxable year for the Chief Executive Officer and the four highest compensated officers on the last day of the fiscal year (for fiscal year 2005, the last day was July 1, 2005), unless compensation is considered performance-based. In general, it is our policy to qualify our executives' compensation for deductibility under applicable tax laws to the greatest extent possible. Our then existing executive remuneration plans and our 2001 Share Option Plan were approved by our shareholders prior to our initial public offering in December 2002. In addition, the Executive Bonus Plan was approved by shareholders at the 2003 annual general meeting of shareholders and for the fiscal year ended July 1, 2005, that plan was administered by the Compensation Committee in order not to disqualify any portion of any payments made under the Executive Bonus Plan with respect to that fiscal year from deductibility under federal income tax law. The portion of the cash bonus payments made outside of the Executive Bonus Plan will generally not qualify for deductibility under federal income tax law. Finally, the 2004 Stock Compensation Plan was approved by our shareholders at the 2004 annual general meeting and for the fiscal year ended July 1, 2005, that plan was administered by the Compensation Committee with respect to all of our executive officers in order not to disqualify any portion of any income recognized under stock options granted under the 2004 Stock Compensation Plan from deductibility under federal income tax law. Pursuant to certain reliance period exceptions granted under the Section 162(m) regulations for executive remuneration plans that existed during the period in which we were not publicly held, we believe that the Section 162(m) disallowance provisions are generally not applicable to corporate tax deductions claimed for compensation paid pursuant to such plans or otherwise, except for options granted after October 27, 2004 to executive officers under the 2001 Share Option Plan.

In approving the amount and form of compensation for our executive officers, the Compensation Committee will continue to consider all elements of the cost to us of providing such compensation, including the potential impact of Section 162(m).

Respectfully submitted,

THE COMPENSATION COMMITTEE

- (3) Potential gains are net of exercise price but before taxes associated with exercise. These amounts represent certain assumed rates for appreciation only, based on SEC rules, and do not represent our estimate or projection of the price of our common shares in the future. Actual gains, if any, on stock option exercises depend upon the actual future performance of the common shares and the continued employment of the option holders throughout the vesting period. Accordingly, the potential realizable values set forth in this table may not be achieved.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Seagate Technology Shareholders Agreement

The Seagate Technology Shareholders Agreement, to which New SAC, members of our sponsor group and certain members of our management, among others, are party, became effective upon the closing of our initial public offering on December 13, 2002 and was amended on April 23, 2004 and September 2, 2004. The remaining principal terms of this agreement are summarized below. Other than the registration rights provisions, all of the substantive provisions of the Seagate Technology Shareholders Agreement terminated pursuant to its terms in January 2005 when New SAC ceased to beneficially own more than 50% of our issued and outstanding common shares.

Registration Rights. Subject to specified limitations, we have agreed to include any of our common shares owned by New SAC or any shareholder of New SAC, on a proportional basis, in any public offering of our common shares that takes place after June 12, 2003, by granting these persons unlimited piggyback registration rights, granting New SAC six demand registrations, granting each of Silver Lake Partners and Texas Pacific Group three demand registrations and granting August Capital one demand registration. In addition, after June 14, 2004, if our shares are held by New SAC, any of Silver Lake Partners, Texas Pacific Group or August Capital may exercise their demand rights by requiring that New SAC register any of our shares held by it.

Indemnification Agreement and Reimbursement Agreement

At the same time that New SAC acquired the operating subsidiaries of our predecessor, which we refer to as Seagate Delaware, Seagate Delaware and VERITAS Software Corporation (VERITAS) entered into an agreement and plan of merger and reorganization, under which VERITAS agreed to acquire the remainder of Seagate Delaware. In connection with this transaction, on March 29, 2000, New SAC entered into an indemnification agreement with Seagate Delaware and VERITAS. Under the indemnification agreement, New SAC and its subsidiaries jointly and severally agreed to indemnify Seagate Delaware and VERITAS and their affiliates from and against specified losses relating to taxes and other liabilities incurred as a result of the ownership and operation by Seagate Delaware and its predecessors or affiliates, other than VERITAS and its subsidiaries, of their businesses, properties and assets prior to, and certain conduct by New SAC and its affiliates after, the closing of the November 2000 transactions. In addition, Seagate Delaware, VERITAS and their affiliates jointly and severally agreed to indemnify New SAC and its subsidiaries from and against specified losses relating to taxes and other liabilities incurred as a result of their ownership and operation of their businesses, properties and assets prior to, and certain conduct by them after, the closing of the November 2000 transactions.

Transactions With Our Affiliates

Tax Sharing Agreement. Our U.S. subsidiaries are or were included in certain U.S. state unitary and combined returns with Certance (US) Holdings (Certance), which was an indirect subsidiary of New SAC and one of our affiliates, until its sale to a third party in January 2005. We entered into a state tax sharing agreement with this entity effective as of November 23, 2000. Under the terms of the state tax sharing agreement, Certance computed hypothetical tax returns (with certain modifications) as if Certance were not included in combined returns with the other New SAC affiliates. Pursuant to the terms of the state tax sharing agreement, our U.S. subsidiaries were reimbursed for their tax attributes used by Certance, whose participation in the tax sharing agreement was then terminated. As of September 20, 2005, there were no tax related amounts owed to or due from any New SAC affiliates.

Other Affiliate Transactions. In fiscal year 2005, we recorded revenue from Xiotech Corporation (Xiotech) of approximately \$7 million for the sale of rigid disc drives. We are a guarantor on the real estate lease of Xiotech 's corporate headquarters, which has annual rental payments of approximately \$1.5 million and expires in April 2007. Xiotech also reimburses us for the cost (approximate remaining lease liability of \$160,000

per year) of renting certain facilities used by them pursuant to a lease agreement, which expires in June 2006. New SAC, our largest shareholder, owns approximately 20% of Xiotech and may be deemed, by virtue of this ownership, to have an indirect material interest in transactions we enter into with Xiotech.

Up through January 2005, in fiscal year 2005, we recorded revenue from Certance of approximately \$2 million. Certance was an indirect subsidiary of New SAC, our largest shareholder, until January 2005, when New SAC sold Certance to a third party which is not affiliated with New SAC or us. Because of its ownership of Certance, New SAC may be deemed to have had an indirect material interest in transactions we entered into with Certance prior to January 2005.

Transactions Involving Our Management

Brian S. Dexheimer, who is one of our executive vice presidents, borrowed \$500,000 from our indirect subsidiary, Seagate Technology LLC, pursuant to a promissory note dated October 10, 2000. The principal of, and the accrued but unpaid interest on, this note will be due and payable on October 10, 2005. Interest on this note accrues at a rate of 8% per year but will be forgiven every year so long as Mr. Dexheimer remains employed by Seagate Technology LLC. Additionally, \$83,333 of the principal of the note will be forgiven on the second, third and fourth anniversaries of the effective date of the note as long as Mr. Dexheimer remains employed by Seagate Technology LLC. In the event that Mr. Dexheimer voluntarily resigns or is terminated for cause before October 10, 2005, all of the unforgiven principal plus any accrued interest will become immediately due and payable. If, however, Mr. Dexheimer is terminated as a result of a reduction in workforce initiated by Seagate Technology LLC or becomes deceased, then the principal amount of the note will be due and payable on October 10, 2005 and all interest will be forgiven. The maximum aggregate amount outstanding under this loan during fiscal year 2005 was \$333,334. As of September 20, 2005, \$250,001 of the principal amount of this loan was outstanding.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, and the related rules of the SEC require our directors and officers, and any person who beneficially owns more than ten percent of our common shares, to file reports of securities ownership on Form 3 and changes in ownership on Form 4 or 5 with the SEC. Such officers, directors and greater than ten percent shareholders are also required by SEC rules to furnish us with copies of all Section 16(a) forms that they file.

Based solely on our review of copies of such reports furnished to us, the absence of a Form 3 or Form 5 or written representations that no Form 5 was required, we believe that all Section 16(a) filing requirements applicable to our officers, directors and beneficial owners of more than 10% of our common shares during the fiscal year ended July 1, 2005 were satisfied, with one exception. One Form 4, covering one transaction in August 2004, was filed late for Karen Rogge, our Vice President, Corporate Finance and Treasurer.
