PROXY STATEMENT

GENERAL INFORMATION

This proxy statement is furnished in connection with the solicitation by the Board of Directors of SPACEHAB, Incorporated, (the Company or SPACEHAB) a Washington corporation, of proxies to be voted at the 2005 Annual Meeting of Shareholders on December 1, 2005 (the Annual Meeting). This proxy statement, the accompanying proxy card, and Annual Report on Form 10-K to Shareholders are first being mailed to Shareholders on or about October 31, 2005.

Voting Securities

The Board of Directors has fixed the close of business on October 17, 2005 as the record date for the determination of Shareholders entitled to notice of, and to vote at, the Annual Meeting. As of the record date, there were 12,717,727 shares of SPACEHAB 's Common Stock, no par value per share, outstanding and 1,333,334 shares of SPACEHAB 's Series B Senior Convertible Preferred Stock (the Preferred Stock), no par value per share, outstanding. Holders of Common Stock and Preferred Stock are entitled to notice of the Annual Meeting and to one vote per share of Common Stock or Preferred Stock owned as of the record date at the Annual Meeting. Holders of the Company 's Common Stock and Preferred Stock generally vote together as a single class, except that the holders of Preferred Stock, voting separately as a class, are entitled to elect one director and the holders of the Company 's Common Stock, voting separately as a class, are entitled to elect the remaining directors of the Company.

Proxies

Dr. Shelley A. Harrison and Mr. Michael E. Kearney, or each acting individually, the persons named as proxies on the proxy card accompanying this proxy statement, were selected by the Board of Directors to serve in such capacity. Dr. Harrison is Chairman of the Board of Directors and Mr. Kearney is a member of the Board of Directors, Chief Executive Officer and President. Each shareholder giving a proxy has the power to revoke it at any time before the shares represented by that proxy are voted. Revocation of a proxy is effective when the Secretary of the Company receives either (i) an instrument revoking the proxy or (ii) a duly executed proxy bearing a later date. Additionally, a shareholder may change or revoke a previously executed proxy by voting in person at the Annual Meeting.

Voting of Proxies

Edgar Filing: SPACEHAB INC \WA\ - Form DEF 14A

Because many SPACEHAB Shareholders are unable to attend the Annual Meeting, the Board of Directors solicits proxies to give each shareholder an opportunity to vote on all matters scheduled to come before the meeting and set forth in this proxy statement. Shareholders are urged to read carefully the material in this proxy statement, specify their choice on each matter by marking the appropriate boxes on the enclosed proxy card, and sign, date, and return the card in the enclosed stamped envelope.

If no choice is specified and the card is properly signed and returned, the shares will be voted by the persons named as proxies in accordance with the recommendations of the Board of Directors contained in this proxy statement.

Quorum; Method of Tabulation

The holders of at least one-third of all issued and outstanding shares of Common Stock and Preferred Stock, determined separately, who are entitled to vote at the Annual Meeting, whether represented in person or by proxy, will constitute a quorum at that meeting. At the Annual Meeting, the election of the seven directors to be elected by the holders of Common Stock requires the vote of a plurality of the shares of Common Stock represented at the meeting. The election of the director to be elected by Preferred Stockholders requires the vote of a plurality of the Preferred stock represented at the meeting. No shareholder shall be allowed to cumulate votes.

At the Annual Meeting the vote of the majority of the outstanding shares of Common Stock and Preferred Stock present (in person or by proxy) and entitled to vote at the meeting voting together is required to ratify the appointment of Grant Thornton LLP as the independent auditors of the Company's financial statements for the fiscal year ending June 30, 2006.

One or more inspectors of election appointed for the meeting will tabulate the votes cast in person or by proxy at the Annual Meeting and will determine whether or not a quorum is present. The inspectors of election will treat abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum, but as unvoted for purposes of determining the approval of any matter submitted to the Shareholders for a vote. If a broker indicates on a proxy that it does not have discretionary authority as to certain shares to vote on a particular matter, those shares will not be considered as present and entitled to vote with respect to that matter.

SPACEHAB's director nominees are approved by the Board after considering the recommendation of the Corporate Governance and Nominating Committee. A copy of the Corporate Governance and Nominating Committee's charter is available in the Investor Info section of the Company's website at www.spacehab.com.

Edgar Filing: SPACEHAB INC \WA\ - Form DEF 14A

A Board of eight directors will be elected at the annual meeting, comprised of (i) seven directors, which directors are elected by the holders of the outstanding shares of Common Stock pursuant to the Company's Articles of Incorporation, and (ii) one director elected by the holders of the outstanding shares of the Company's Preferred Stock. The Company's Articles of Incorporation provide that, with respect to any vacancies or newly created directorships, other than the director to be elected by the holders of the outstanding shares of Preferred Stock, the Board will nominate such individuals as may be specified by a majority vote of the then sitting directors.

Regarding nominations for directors, other than the Preferred Stock director, the Corporate Governance and Nominating Committee identifies nominees in various ways. The committee considers the current directors that have expressed interest in, and that continue to satisfy, the criteria for serving on the Board as established by the committee. Other nominees may be proposed by current directors, members of management, or by Shareholders. From time to time, the committee may engage a professional firm to identify and evaluate potential director nominees. The Preferred Stock director nominee set forth in this proxy statement was selected by the holder of the Preferred Stock.

All eight of the director nominees, including the Preferred Stock director, set forth in this proxy statement and the accompanying proxy card are current directors standing for re-election.

For purposes of the 2006 annual shareholder meeting, the committee will consider any nominations received by the Secretary from a shareholder of record on or before July 3, 2006 (the 120th calendar day before the one-year anniversary date of the release of these proxy materials to Shareholders). Any such nomination must be accompanied in writing by all information relating to such person that is required under the federal securities laws, including such

person's written consent to be named in the proxy statement as a nominee and to serving as a director, if elected, and to a background check. The nominating shareholder must also submit its name and address, as well as that of the beneficial owner if applicable, and the class and number of shares of SPACEHAB Common Stock that are owned beneficially and of record by such shareholder and such beneficial owner. Finally, the nominating shareholder must discuss the nominee's qualifications to serve as a director.

PROPOSAL 1 ELECTION OF DIRECTORS

A Board of eight directors will be elected at the Annual Meeting, seven by the holders of Common Stock and one by the holder of the Preferred Stock. All directors shall hold office until the next Annual Meeting of Shareholders and until their successors are duly elected and qualified. The Company's articles of incorporation authorize the Board of Directors from time to time to determine the number of its members. Vacancies in unexpired terms and any additional director positions created by Board action may be filled by action of the existing Board of Directors at that time, and any director who is appointed in this fashion will serve until the next Annual Meeting of Shareholders and until a successor is duly elected and qualified.

The nominees for whom the enclosed proxy is intended to be voted are set forth below. It is contemplated that all nominees will be available for election, but if one or more is not, the proxy will be voted in accordance with the best judgment of the proxy holder for such person or persons as may be designated by the Board of Directors unless the shareholder has directed otherwise. Messrs. Richard S. Bodman and Richard Fairbanks, currently members of the Company's Board of Directors, requested that they not be put up for re-election and as a result will retire from the Board of Directors as of the Annual Meeting of Shareholders. The Board of Directors has resolved to reduce the number of directors from ten to eight effective as of the Annual Meeting of Shareholders.

PROPOSAL 2 APPOINTMENT OF INDEPENDENT AUDITORS

General

The Audit Committee has appointed the firm of Grant Thornton LLP as independent auditors for fiscal year 2006. The Board of Directors recommends that the Shareholders ratify that appointment. Ratification requires the affirmative vote of a majority of the combined shares of Common Stock and Series B Convertible Preferred Stock, voting together as a single class, represented at the Annual Meeting in person or by proxy and entitled to vote on the matter. The persons named in the accompanying proxy card intend to vote for ratification of such appointment unless instructed otherwise on the proxy card.

Although there is no requirement that the Company submit the appointment of independent auditors to Shareholders for ratification or that the appointed auditors be terminated if the ratification fails, the Audit Committee will consider the appointment of other independent auditors if the Shareholders choose not to ratify the appointment of Grant Thornton LLP. The Audit Committee may terminate the appointment of Grant Thornton LLP as the Company's independent auditors without the approval of the Shareholders whenever the Audit Committee deems such termination appropriate.

In making its recommendation to ratify the appointment of Grant Thornton LLP as the Company's independent auditors for the fiscal year ending June 30, 2006, the Audit Committee has considered whether the provision of non-audit services by Grant Thornton LLP is compatible with maintaining the independence of Grant Thornton LLP.

Representatives of Grant Thornton LLP are expected to be present at the Annual Meeting and will have the opportunity to make such statements as they may desire. They are also expected to be available to respond to appropriate questions from the Shareholders present.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF GRANT THORNTON LLP AS INDEPENDENT AUDITORS OF THE COMPANY FOR THE FISCAL YEAR ENDING JUNE 30, 2006.

COMMITTEE REPORTS TO THE BOARD OF DIRECTORS

Compensation Committee Report on Executive Compensation

The Compensation Committee of the Board of Directors, which is comprised solely of independent directors in accordance with NASDAQ Listing Standards, administers the Company's executive compensation program. The Compensation Committee's primary responsibility is to administer this program in furtherance of the Company's interests and those of the Company's Shareholders. The Compensation Committee has furnished the following report on executive compensation for fiscal year 2005.

General Compensation Philosophy. The Company's primary mission is to ensure that SPACEHAB's executive compensation program is adequate to attract, motivate and retain highly qualified executive personnel and, at the same time, reward performance that advances both the short- and long-term interests of the Company's Shareholders. The Company has taken a pay-for-performance approach to executive compensation with a total compensation package that includes base salary, potential for an annual cash incentive bonus and an opportunity to earn long-term incentive awards in the form of equity-based grants. The Company believes that equity compensation remains a strong long-term incentive for rewarding individual performance as well as closely aligning management's interests with the interests of the Company's Shareholders. At expected levels of performance, the Company seeks to provide a total compensation package that is competitive with the market median for executives who hold comparable positions and/or have similar qualifications in similarly situated organizations.

Each component of the Company's executive compensation program is dependent upon both SPACEHAB's performance and individual executive performance. The Company determines SPACEHAB's performance for compensation purposes by analyzing its attainment of key financial and non-financial goals, as well as its achievement of critical strategic objectives, that in each case are set by management, and reviewed and approved by the Board, at the beginning of each fiscal year. In reviewing these achievements, particularly the key financial goals, the Company generally will exclude the negative impact of opportunistic transactions that the Company believes supports the long-term interests of SPACEHAB and its Shareholders but that were not reflected in the goals that were established at the beginning of the year. The Company determines individual executive performance for compensation purposes by reviewing the individual executive's contributions toward the attainment and achievement of the aforementioned goals and objectives, as well as their demonstration of the key leadership and other behavioral attributes that the Company's executive compensation program was designed to foster and reward.

The Compensation Committee compares the Company's executive compensation program to data from benchmark companies within the aerospace and similar high technology industries or similar lines of business or are otherwise considered peers, as well as general industry companies of comparable size. The Compensation Committee also consults with outside consultants experienced in executive compensation and utilizes survey data that tracks compensation trends for peer and general industry companies against which the Company's pay levels are benchmarked.

SPACEHAB's Compensation Program and Compensation of Chief Executive Officer

During fiscal year 2005 the Company's executive compensation program consisted of three main components:

(1) base salary;

(2)

Edgar Filing: SPACEHAB INC \WA\ - Form DEF 14A

potential for an annual cash bonus based on overall company performance, achievement of Board-approved strategic goals and objectives, and individual performance; and

- (3) potential for stock-based incentives, which are intended to encourage superior performance and to align executive officer and shareholder interests.

The second and third elements constitute the at risk portion of the compensation program.

The Compensation Committee's policies with respect to each component of the program, including the basis for the compensation of the CEO, are described below. The Compensation Committee consults with the CEO in reviewing the individual performance and compensation of key executives (other than the CEO). The Compensation Committee reviews the CEO's performance and compensation at least annually and, for fiscal year 2005, such compensation was approved by the non-management directors.

Base Salaries. The Compensation Committee reviews at least annually the base salaries of key executive officers and determines whether salaries should be adjusted. Any adjustments are made based upon the executive's position relative to competitive market medians as measured by periodic compensation surveys, as well as individual performance as measured against pre-established individual objectives. Base salaries are targeted at slightly below competitive median levels when compared to an industry group that includes peer group companies and general industry companies similar in size to SPACEHAB. The base salaries of certain executive officers are subject to minimums set forth in individual employment agreements as described above under Employment Agreements.

In September 2004 the Compensation Committee reviewed Mr. Kearney's base salary of \$315,000 and determined not to increase his salary for 2005, as his current salary was determined to be competitively positioned near the market median. Base salary increases awarded to the Named Executive Officers are described above under Employment Agreements and Change-in-Control Agreements.

Annual Cash Incentive Bonuses. Annual cash bonuses are designed to provide incentives based on individual contribution to the achievement of the Company's annual business goals. The Compensation Committee makes a determination as to incentive bonus payments at the end of each year based on an objective and subjective evaluation of the contributions of individual executive officers to the achievement of the Company's annual business goals. The amount of individual incentive bonus payments is determined by percentage ranges established annually by the Compensation Committee and derived from management recommendations. Bonus payments have generally been reflective of the Company's performance in achieving revenues, profitability and other operating and corporate objectives, as well as the scope of an executive officer's responsibilities.

Based on these factors, including significant achievements relative to the Board-approved strategic goals and objectives, the Compensation Committee determined in August 2005 to pay bonuses based upon performance in meeting fiscal year 2005 objectives. Mr. Kearney was awarded a bonus in the amount of \$110,250 based on SPACEHAB's fiscal year 2005 performance relative to the Board-approved strategic goals and objectives and Mr. Kearney's leadership in achieving such performance.

Long-Term Stock Incentives. The long-term stock incentive component of the Company's executive compensation program is designed to align executive and shareholder interests by rewarding executives for the attainment of stock price appreciation and total shareholder return. The Company awards long-term stock incentives pursuant to the 2000 Long-Term Incentive Plan, the 2002 Long-Term Incentive Plan, and the 2001 Non-Executive Stock Incentive Plan.

Historically, the Compensation Committee administered the Company's long-term stock incentive program through annual grants of stock options to executive officers and key employees. For 2005 the Compensation Committee continued its practice of granting conventional stock options to a limited number of executives and key employees based on a rigorous performance review process in amounts designed to reflect an appropriate balance between cash and equity compensation. These options were granted on August 3, 2005 with an exercise price equal to the market price for the Company's common stock on that date and vest in one-quarter increments over the next four years.

Employment Contracts. The Company's approach has been to minimize the number of employment agreements between SPACEHAB and the Company's executives and to achieve uniformity in these agreements through the adoption of a standard form agreement. Among other things, this form agreement limits the amount of severance payments that may be owed upon certain termination events. To this end the Company has restricted employment agreements with change of control provisions to a limited group of senior executive officers. Please read Employment Agreements for further details.

Compliance with Internal Revenue Code Section 162(m). Section 162(m) of the Internal Revenue Code, enacted in 1993, generally disallows a tax deduction to public companies for certain compensation over \$1.0 million paid to the company's CEO and four other most highly compensated executive officers, as reported in this proxy statement. Excluded from the limitation is compensation that is performance based. For compensation to be performance based, it must meet certain criteria, including being based on predetermined objective standards. The Company believes that the stock options granted in fiscal year 2005 and prior years satisfied the requirements of federal tax law and thus compensation recognized in connection with such awards should be fully deductible. It is the Company's intention to maximize the deductibility of compensation paid to its officers, to the extent consistent with the best interests of the Company. During fiscal year 2005 the Company did not exceed the \$1.0 million deductibility cap with respect to any officer covered by Section 162(m).

Conclusion. The Compensation Committee believes that the executive compensation philosophy that it has adopted effectively serves SPACEHAB's interests and those of the Company's Shareholders. It is the Compensation Committee's intention that the compensation delivered to executive officers be commensurate with company performance.

The individuals who served as members of the Compensation Committee during deliberations concerning executive compensation for fiscal year 2005 are listed below. No member of the Compensation Committee was an officer or employee of SPACEHAB or any of its subsidiaries during 2005.

Audit Committee Report

The Company's Board of Directors has established an Audit Committee of independent directors which operates under a written charter adopted by the Board of Directors. The charter was amended and restated in May 2004. The Company's management is responsible for establishing a system of internal controls and for preparing the Company's consolidated financial statements in accordance with generally accepted accounting principles. The Company's independent accountants, Grant Thornton LLP, are responsible for auditing the Company's consolidated financial statements in accordance with standards of the Public Company Accounting Oversight Board (United States) and issuing their report based on that audit. Under the Audit Committee's charter, the primary function of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities as to (i) the integrity of the Company's financial statements, (ii) the Company's compliance with legal and regulatory requirements and SPACEHAB's Code of Business Conduct and Ethics, (iii) the independent auditors' qualifications and independence, and (iv) the performance of the independent auditors. The Audit Committee is also directly responsible for selecting and evaluating the independent auditors; reviewing, with the independent auditors, the plans and scope of the audit engagement; and reviewing with the independent auditors their objectivity and independence.

The members of the Audit Committee are not professional accountants or auditors and, in performing their oversight role, rely without independent verification on the information and representations provided to them by management and Grant Thornton. Accordingly, the Audit Committee's oversight does not provide an independent basis to certify that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with accounting principles generally accepted in the United States or that Grant Thornton is in fact independent for fiscal year 2005. The Board of Directors has determined that Mr. Richard S. Bodman is an audit committee financial expert and such person is independent as defined under the Securities laws.

In connection with the preparation of the audited financial statements included in the Company's Annual Report on Form 10-K for the year ended June 30, 2005:

The Audit Committee reviewed and discussed the audited financial statements with the independent auditors and management.

The Audit Committee discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, as amended. In general these auditing standards require the auditors to communicate to the Audit Committee certain matters that are incidental to the audit, such as any initiation of, or changes to, significant accounting policies, management judgments, accounting estimates and audit adjustments; disagreements with management; and the auditors' judgment about the quality of the Company's accounting principles.

The Audit Committee received from the independent auditors written disclosures regarding their independence required by Independence Standards Board Standard No. 1 and discussed with the auditors their independence. In general Independence Standards Board Standard No. 1 requires the auditors to disclose to the Audit Committee any relationship between the auditors and its related entities and SPACEHAB that in the auditors' professional judgment may reasonably be thought to bear on independence. The Audit Committee also considered whether the independent auditors' provision of non-audit services to SPACEHAB was compatible with maintaining their independence.

Based on the review and discussions noted above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements for the year ended June 30, 2005 be included in the Company's Annual Report on Form 10-K filed with the SEC.

This report is submitted by the members of the Audit Committee of the Board of Directors:

Principal Accounting Fees and Services

The firm of Grant Thornton LLP was engaged as the Company's independent auditors in April 2004, and the Company's Audit Committee selected Grant Thornton LLP as the independent auditors to examine the Company's accounts and the accounts of the Company's consolidated subsidiaries for the fiscal year ending June 30, 2005. Ernst & Young LLP had served as independent auditors to the Company for the Company's fiscal years 2000 through 2003. Set forth below is a summary of the fees SPACEHAB has paid Ernst & Young LLP and Grant Thornton LLP for professional services rendered for the fiscal years ended June 30, 2005 and 2004.

Audit Fees. As of July 31, 2005 audit fees billed or to be billed by Grant Thornton LLP & Ernst & Young LLP for professional services provided in the fiscal years ended June 30, 2005 and June 30, 2004 were \$200,875 and \$173,267, respectively.

Audit-Related Fees. As of July 31, 2005 there were no audit-related fees billed or to be billed by Grant Thornton LLP or Ernst & Young LLP for the fiscal years ended June 30, 2005 or 2004.

Tax Fees. As of July 31, 2005 tax fees billed or to be billed by Grant Thornton LLP & Ernst & Young LLP for professional services provided in the fiscal year ended June 30, 2004 was \$46,653. There were no tax fees billed or to be billed by the Company's principal auditor(s) for fiscal year ended June 30, 2005.

All Other Fees. As of July 31, 2005 all other fees billed or to be billed by Grant Thornton LLP & Ernst & Young LLP for professional services provided in the fiscal years ended June 30, 2005 and June 30, 2004 were \$71,500 and \$48,500, respectively.

Audit Committee Pre-Approval Policy

The Audit Committee is responsible for appointing, setting compensation for, and overseeing the work of Grant Thornton LLP, the Company's independent auditors. The Audit Committee has established a policy requiring its pre-approval of all audit and permissible non-audit services to be provided by independent auditors in order to assure that the provision of such services does not impair the auditors' independence. The policy, as amended, provides for the general pre-approval of specific types of services and gives detailed guidance to management as to the specific audit, audit-related and tax services that are eligible for general pre-approval. The policy requires specific pre-approval of the annual audit engagement, most statutory or subsidiary audits, and all permissible non-audit services for which no general pre-approval exists. For both audit and non-audit pre-approvals, the Audit Committee will consider whether such services are consistent with applicable law and SEC rules and regulations concerning auditor independence.

The policy delegates to the Chairman the authority to grant certain specific pre-approvals; provided, however, that the Chairman is required to report the granting of any pre-approvals to the Audit Committee at its next regularly scheduled meeting. The policy prohibits the Audit Committee from delegating to management the committee's responsibility to pre-approve services performed by the independent auditors.

Requests for pre-approval of services must be detailed as to the particular services proposed to be provided and are to be submitted by the CFO. In addition, each such request generally must include a detailed description of the type and scope of services, proposed staffing, a budget of the proposed fees for such services, and a general timetable for the performance of such services.

OTHER MATTERS

The Board of Directors for the Company knows of no matters to be presented at the Annual Meeting other than those described in this proxy statement. In the event that other business properly comes before the meeting, the persons named as proxies will have discretionary authority to vote the shares represented by the accompanying proxy in accordance with their own judgment.

Proxy Solicitation Expense

The cost of the solicitation of proxies, of approximately \$10,000, will be borne by the Company. In addition to solicitation by mail, directors, officers, and employees of the Company and its subsidiaries, without receiving any additional compensation, may solicit proxies personally or by telephone or facsimile. The Company has retained ADP Investor Communication Services to request brokerage houses, banks, and other custodians or nominees holding stock in their names for others to forward proxy materials to their customers or principals who are the beneficial owners of shares and will reimburse them for their expenses in doing so. The Company does not anticipate that the costs and expenses incurred in connection with this proxy solicitation will exceed those normally expended for a proxy solicitation for those matters to be voted on in the Annual Meeting.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers and persons who beneficially own more than 10% of the Company's Common Stock to file reports of ownership and changes in ownership with the SEC. Such directors, executive officers and greater than 10% Shareholders are required by SEC regulation to furnish to the Company copies of all Section 16(a) forms they file. Due dates for the reports are specified by those laws, and the Company is required to disclose in this document any failure in the past fiscal year to file by the required dates. Based solely on written representations of the Company's directors and executive officers and on copies of the reports that they have filed with the SEC, the Company's belief is that all of SPACEHAB's directors and executive officers complied with all filing requirements applicable to them with respect to transaction in the Company's equity securities during fiscal year 2005, except as described below.

Mr. Bain and Mr. Chewning were appointed as executive officers of the Company on May 12, 2005 and filed Form 3 on May 25, 2005. Stock options granted to Dr. Harrison on April 1, 2003 and November 14, 2003 were reported on Form 4 filed on April 7, 2005.

Deadline for Submission of Shareholder Proposals for Next Year's Annual Meeting

The proxy rules adopted by the SEC provide that certain shareholder proposals must be included in the proxy statement for the Company's 2006 Annual Meeting. For a proposal to be considered for inclusion in the Company's proxy materials for the Company's Annual Meeting of Shareholders, it must be received in writing by the Company on or before July 3, 2006 at its principal office, 12130 Highway 3, Building 1, Webster, Texas 77598, Attention: Secretary. If the Company receives notice after October 16, 2006 of a shareholder's intent to present a proposal at the Company's 2006 Annual Meeting, the Company will have the right to exercise discretionary voting authority with respect to such proposal, if presented at the meeting, without including information regarding such proposal in the Company's proxy materials. Shareholders who wish to submit a proposal at next year's Annual Meeting must submit notice of the proposal, in writing and setting forth the information required by the Company's by-laws, to the Company at the address set forth above. Under the Company's by-laws, Shareholders who give notice of a proposal after November 3, 2006 will not be permitted to present the proposal to the Shareholders for a vote at the 2006 Annual Meeting.

The Company's Annual Report on Form 10-K, including the Company's audited financial statements for the year ended June 30, 2005, is being mailed herewith to all Shareholders of record on the record date.
