For election of directors, the three individuals receiving the most votes will be elected for the term indicated. Approval of any other item of business to be voted upon at the Annual Meeting will require the affirmative vote of a majority of the votes cast by the holders of common shares at the meeting and entitled to vote. Abstentions, withheld votes and broker nonvotes will not be deemed votes cast in determining approval of any proposal, but will be counted in determining the number of common shares present or represented by proxy in determining whether a quorum is present.

The cost of soliciting proxies will be borne by the Company. The Company has retained the services of American Stock Transfer & Trust to aid in the solicitation of proxies. The Company estimates that the cost of soliciting proxies will be less than \$2,000 including out-of-pocket expenses. The Company may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners. Proxies may also be solicited by certain of the Company's directors, officers, and regular employees, without additional compensation, personally or by telephone, e-mail, facsimile or letter.

**COMPENSATION AND STOCK OPTION COMMITTEE'S REPORT ON EXECUTIVE COMPENSATION**

*General.* The Compensation Committee's overall compensation policy applicable to the Company's executive officers is to provide a compensation program that is intended to attract and retain qualified executives for the Company and to provide them with incentives to achieve Company goals and increase shareholder value. The Compensation Committee implements this policy through establishing salaries and bonuses. The Compensation Committee's current policy does not provide significant pension or other retirement benefits for the Company's employees.

*Salaries.* The Compensation Committee's policy is to provide salaries that are generally similar to those of similar executive officers in similar companies. The Compensation Committee determines comparable salaries through discussions with candidates for such positions, Company research and independent surveys concerning the salaries paid by similar companies.

*Performance Bonuses.* The payment of bonuses to executive officers is directly related to their achievement of corporate and individual performance goals established at the beginning of the year. The amount of the bonus paid, if any, varies among the executive officers depending on their success in achieving individual performance goals and on their contribution to the achievement of corporate performance goals.

*Stock Options.* Stock options are awarded by the Stock Option Committee of the Board of Directors. The Stock Option Committee's policy is to award stock options to the Company's officers in amounts reflecting the participant's position and ability to influence the Company's overall performance. Options are intended to provide participants with an increased incentive to make contributions to the long-term performance and growth of the Company, to join the interests of participants with the interests of shareholders of the Company and to attract and retain qualified employees. The Stock Option Committee's policy has been to grant options with terms of five to ten years to provide a long-term incentive and to fix the exercise price of the options at the fair market value of the underlying shares on the date of grant. As a result, such options will only have value if the price of the underlying shares increases.

*Fiscal 2006 Compensation Decisions Regarding James Herbert.* The compensation of James L. Herbert, Chairman and Chief Executive Officer, is recommended by the Compensation Committee to the Board of Directors based on the Committee's knowledge of the level necessary to enable the Company to remain competitive and retain top management.

In addition, Mr. Herbert's compensation is based on the Committee's subjective assessment of his progress toward achieving Company goals and objectives pertaining to the development and marketing of products dedicated to food and animal safety. Particular consideration is given to progress toward enhancing long-term shareholder value that includes overall growth in sales and operating and net income for the Company's most recent fiscal year.

Incentive compensation payments to Mr. Herbert are made partially in the form of cash intended to reward Mr. Herbert for achievement of individual and corporate objectives, partially in the form of stock options, intended to provide Mr. Herbert with increased incentive to focus on long-term performance growth of the Company that will enhance shareholder value, and partially in the form of contributions to an annuity owned by the Company and payable to Mr. Herbert or his estate upon death, retirement or termination of employment.

Mr. Herbert did not participate in the approval of his own compensation, but did participate in discussion of the Company's performance for fiscal 2006 and the determination of bonuses for other executive officers of the Company.

The primary function of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities with respect to the Company's financial matters. The Board of Directors has adopted and approved a charter for the Audit Committee. Under the charter, the duties and responsibilities of the Audit Committee include:

1. Directly appoint, retain compensation, evaluate and terminate the Company's Independent Auditors.
2. Oversight of the Company's Independent Auditors.
3. Review and discussion of the Company's financial controls, accounting policies and answer financial statements.
4. Compliance and regulatory oversight responsibilities including related party transactions and the Company's compliance system.

At the Board of Directors meeting on October 13, 2005, Mr. Thomas H. Reed, Mr. Robert M. Book and Dr. Gordon E. Guyer were reappointed as committee members. Mr. Reed was appointed as Audit Committee chairman.

Following is the report of the Audit Committee:

The Audit Committee selected Ernst & Young (E&Y) as the Company's independent Registered Public Accounting Firm for the year ended May 31, 2006. The Audit Committee discussed with E&Y its independence from the Company and management, including the matters in Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees).

Additionally, consideration was given to whether non-audit services provided by E&Y were compatible with maintaining the auditors independence.

Without management present the Audit Committee met separately with E&Y to review the results of the audit, its evaluation of the Company's internal controls and the quality of the Company's accounting and financial reporting. The Committee reviewed and discussed the Company's audited financial statements with management and E&Y. Management and E&Y represented that the Company's audited financial statements were fairly stated in accordance with generally accepted accounting principles. Additionally, the matters covered by Statement on Auditing Standards No. 61 (Communications with Audit Committees) were discussed with E&Y.

Following these actions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended May 31, 2006 for filing with the United States Securities and Exchange Commission.
