**Item 7.01. Regulation FD Disclosure.**

YRC Worldwide Inc. (the Company) provided an update regarding the participation of several of its subsidiaries in the Central States Southeast and Southwest Areas Pension Plan (the Central States Plan) due to the press release issued by United Parcel Service, Inc. (UPS) on October 1, 2007, which stated that UPS has reached a tentative agreement with the International Brotherhood of Teamsters to withdraw from the Central States Plan.

A copy of the press release announcing the update is attached to this Form 8-K as Exhibit 99.1.

**Item 9.01. Financial Statements and Exhibits.**

(d) Exhibits

99.1 Press Release dated October 1, 2007

*This Current Report on Form 8-K contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. The words likely and believe and similar words or expressions are intended to identify forward-looking statements. These statements are only the Company's expectations regarding the likely withdrawal of UPS from the Central States Plan and its impact on the plan's funded percentage. Any such withdrawal is subject to the affected UPS Teamsters ratifying their tentative labor agreement with UPS and UPS making its cash withdrawal payment to the Central States Plan before the end of 2007. Information regarding the Central States Plan funded percentage is based on publicly available information, which is often dated, and on the limited information available to the Company from plan administrators or plan trustees, which may not be independently validated. Both the current funded percentage and the projected funded percentage if UPS withdraws from the plan by the end of 2007 are based on Central States Plan actuarial estimates that the plan has not formally certified and the Company has not independently verified. These actuarial estimates include actuarial projections that include assumptions regarding the following factors (among others): the number of participating active and retired employees, the number of contributing employers, the amount of each employer's contractual contributions, the investment returns of the plan, plan administrative costs, the number of employees and retirees participating in the plan who no longer have a contributing employer, the discount rate used to determine the funding percentage and the actuarial attributes of plan participants (such as age, estimated life and number of years until retirement). The Central States Plan is expected to determine its actual, certified funded percentage for the 2007 plan year in early 2008.*
