This immediate release contains statements that constitute forward-looking statements within the meaning of the United States Private Securities Litigation Reform Act of 1995, including estimates, forecasts, targets and plans. Such forward-looking statements do not represent any guarantee by management of future performance.

Edgar Filing: MIZUHO FINANCIAL GROUP INC - Form 6-K

In many cases, but not all, we use such words as aim, anticipate, believe, endeavor, estimate, expect, intend, may, plan, probability, project, risk, seek, should, strive, target and similar expressions in relation to us or our management to identify forward-looking statements. You can also identify forward-looking statements by discussions of strategy, plans or intentions. These statements reflect our current views with respect to future events and are subject to risks, uncertainties and assumptions.

We may not be successful in implementing our business strategies, and management may fail to achieve its targets, for a wide range of possible reasons, including, without limitation, incurrence of significant credit-related costs; declines in the value of our securities portfolio, including as a result of the impact of the dislocation in the global financial markets; changes in interest rates; foreign currency fluctuations; decrease in the market liquidity of our assets; revised assumptions or other changes related to our pension plans; a decline in our deferred tax assets; the effect of financial transactions entered into for hedging and other similar purposes; failure to maintain required capital adequacy ratio levels; downgrades in our credit ratings; the effect of changes in general economic conditions in Japan and elsewhere; our ability to avoid reputational harm; and the effectiveness of our operational, legal and other risk management policies.

Further information regarding factors that could affect our financial condition and results of operations is included in Item 3.D. Key Information-Risk Factors, and Item 5. Operating and Financial Review and Prospects in our most recent annual report on Form 20-F filed with the U.S. Securities and Exchange Commission (SEC), which is available in the Financial Information section of our web page at www.mizuho-fg.co.jp/english/ and also at the SEC 's web site at www.sec.gov.

We do not intend to update our forward-looking statements. We are under no obligation, and disclaim any obligation, to update or alter our forward-looking statements, whether as a result of new information, future events or otherwise, except as may be required by the rules of the Tokyo Stock Exchange.

We conducted an allotment of shares or fractions of a share without consideration on January 4, 2009.

[QUALITATIVE INFORMATION AND FINANCIAL STATEMENTS]

(Please refer to Summary Results for the First Quarter of Fiscal 2009 on page 2-1 for more information.)

1. Qualitative Information related to the Consolidated Results of Operations

Looking back over the economic climate during the first quarter of fiscal 2009, the global economy continues to be in a serious situation. However, after faster action to stabilize the financial system and improve the economy with cooperation between the major countries, there are some signs of stabilization with stock prices and the volume of trade transactions bottoming out, among other factors.

The financial environment in the United States and Europe continues to be severe, but against the backdrop of progress in inventory adjustments among others, there has been a slowing in the worsening of the economy, and with among others the strengthening of domestic demand in China attributable mainly to the effects of economic stimulus policies, there are indications of recovery in the Asian economies.

As for the Japanese economy, the situation continues to be severe as the worsening in business performance and in employment continues, with industrial production at an extremely low level. But the decline in the economy has stopped, with signs of improvement in exports and personal consumption as the foreign economic environment improves and economic stimulus policies take effect.

However, there is still the risk of falling once again into a vicious cycle of heightened financial uncertainty and a deterioration in the actual economy, and it is uncertain as to whether there will be steady future improvement in the global economy.

Given the above business environment, it is important for Mizuho Financial Group to strengthen further its profitability by allocating management resources flexibly and by providing superior financial services to meet customers' needs, while maintaining financial soundness and enhancing corporate governance such as risk management.

Reflecting the above economic environment, Net Loss for the First Quarter of Fiscal 2009 amounted to ¥4.4 billion.

As for credit and equity derivatives transactions entered into for hedging purposes at the banking subsidiaries, we recognized valuation losses related to such hedging transactions due to improvements in the credit and stock markets during the first quarter of fiscal 2009.

(- Losses on credit derivatives for credit risk hedging purposes: ¥(60.6) billion.

- Losses on equity derivatives: ¥(27.3) billion.)

Net Extraordinary Gains on our consolidated basis in connection with the consummation of the merger between Mizuho Securities and Shinko Securities in May 2009 amounted to ¥19.8 billion (negative goodwill incurred profits associated with the merger of these securities companies and other factors.)

2. Qualitative Information related to the Consolidated Financial Conditions

Consolidated total assets as of June 30, 2009 amounted to ¥153,246.6 billion, increasing by ¥523.5 billion from the end of the previous fiscal year.

Net Assets amounted to ¥4,787.1 billion, increasing by ¥600.5 billion from the end of the previous fiscal year. Shareholders' Equity amounted to ¥2,419.1 billion, Valuation and Translation Adjustments amounted to ¥136.7 billion, and Minority Interests amounted to ¥2,230.4 billion.

In Assets, the balance of Loans and Bills Discounted amounted to ¥67,779.5 billion, decreasing by ¥2,740.6 billion from the end of the previous fiscal year while Securities were ¥34,610.2 billion, increasing by ¥4,436.6 billion from the end of the previous fiscal year. In Liabilities, Deposits amounted to ¥76,579.5 billion, decreasing by ¥599.9 billion from the end of the previous fiscal year.

3. Qualitative Information related to the Consolidated Earnings Estimates

Edgar Filing: MIZUHO FINANCIAL GROUP INC - Form 6-K

MHFG has not changed its consolidated earnings estimates for fiscal 2009, which had been announced on May 15, 2009.

The above estimates constitute forward-looking statements within the meaning of the United States Private Securities Litigation Reform Act of 1995. Please see the forward-looking statements legend on page 1-2 for a description of the factors that could affect our ability to meet these estimates.

4. Others

- (1) Changes in Significant Subsidiaries during the Period (changes in specified subsidiaries accompanying changes in the scope of consolidation)

On May 7, 2009, Shinko Securities Co., Ltd. (Shinko) (which was an affiliate of MHFG) and Mizuho Securities Co., Ltd. (MHSC) (which was a subsidiary of MHFG) consummated a merger, under which Shinko became the surviving entity and MHSC became the dissolving entity.

Accordingly, MHSC, which was a specified subsidiary of MHFG before the combination, ceased to be a specified subsidiary. Please refer to 5. QUARTERLY CONSOLIDATED FINANCIAL STATEMENTS (Additional Information) Matters related to Combination and others on page 1-11 for more information.

(2) Adopted Simplified Accounting Methods and Specified Accounting Methods for the Preparation of Quarterly Consolidated Financial Statements

(Simplified Accounting Methods)

Depreciation

As for tangible fixed assets that are depreciated by the declining-balance method, the depreciation expense is computed by the proportional distribution of the depreciation expense for the fiscal year.

Reserves for Possible Losses on Loans

For the claims mentioned below, reserves for possible losses on loans are maintained at the estimated rate of losses for the fiscal 2008.

a. The claims other than the claims extended to Bankrupt Obligors and Substantially Bankrupt Obligors.

b. The claims other than the claims extended to Intensive Control Obligors for which reserves are provided for the losses estimated for each individual loan.

(Specified Accounting Methods for the Preparation of Quarterly Consolidated Financial Statements)

None

(3) Changes of Accounting Methods and Presentation of Quarterly Consolidated Financial Statements

(Standards of Accounting Method)

Accounting Standard for Business Combinations and others

As Accounting Standard for Business Combinations (ASBJ Statement No.21, December 26, 2008), Accounting Standard for Consolidated Financial Statements (ASBJ Statement No.22, December 26, 2008), Partial amendments to Accounting Standard for Research and Development Costs (ASBJ Statement No.23, December 26, 2008), Revised Accounting Standard for Business Divestitures (ASBJ Statement No.7 (Revised 2008), December 26, 2008), Revised Accounting Standard for Equity Method of Accounting for Investments (ASBJ Statement No.16 (Revised 2008), released on December 26, 2008), and Revised Guidance on Accounting Standard for Business Combinations and Accounting Standard for Business Divestitures (ASBJ Guidance No.10 (Revised 2008), December 26, 2008) can be applied for the first business combination and business departure conducted in the fiscal year beginning on or after April 1, 2009, MHFG has applied these accounting standards and others beginning with the first quarter of fiscal 2009.

(Changes in Presentation of Financial Statements)

Quarterly consolidated statement of income

As Cabinet Office Ordinance Partially Revising Regulation on Terminology, Forms and Preparation of Financial Statements (Cabinet Office Ordinance No.5, March 24, 2009) can be applied from the beginning of the fiscal year which begins on or after April 1, 2009 based on Accounting Standard for Consolidated Financial Statements (ASBJ Statement No.22, December 26, 2008), MHFG has presented Income before Minority Interests beginning with the first quarter of fiscal 2009.

(Additional Information)

Matters related to Combination and others

Mizuho Securities Co., Ltd. (former MHSC), MHFG's consolidated subsidiary, and Shinko Securities Co., Ltd. (Shinko), an affiliate under the equity method, signed the merger agreement following the resolutions of respective board meetings on March 4, 2009. Upon the approval of the merger agreement at the respective general shareholders meetings held on April 3, 2009, the merger (Merger) took effect on May 7, 2009.

This immediate release contains statements that constitute forward-looking statements within the meaning of the United States Private Securities Litigation Reform Act of 1995, including estimates, forecasts, targets and plans. Such forward-looking statements do not represent any guarantee by management of future performance.

In many cases, but not all, we use such words as aim, anticipate, believe, endeavor, estimate, expect, intend, may, plan, probability, project, risk, seek, should, strive, target and similar expressions in relation to us or our management to identify forward-looking statements. You can also identify forward-looking statements by discussions of strategy, plans or intentions. These statements reflect our current views with respect to future events and are subject to risks, uncertainties and assumptions.

We may not be successful in implementing our business strategies, and management may fail to achieve its targets, for a wide range of possible reasons, including, without limitation, incurrence of significant credit-related costs; declines in the value of our securities portfolio, including as a result of the impact of the dislocation in the global financial markets; changes in interest rates; foreign currency fluctuations; decrease in the market liquidity of our assets; revised assumptions or other changes related to our pension plans; a decline in our deferred tax assets; the effect of financial transactions entered into for hedging and other similar purposes; failure to maintain required capital adequacy ratio levels; downgrades in our credit ratings; the effect of changes in general economic conditions in Japan and elsewhere; our ability to avoid reputational harm; and the effectiveness of our operational, legal and other risk management policies.

Edgar Filing: MIZUHO FINANCIAL GROUP INC - Form 6-K

Further information regarding factors that could affect our financial condition and results of operations is included in Item 3.D. Key Information-Risk Factors, and Item 5. Operating and Financial Review and Prospects in our most recent annual report on Form 20-F filed with the U.S. Securities and Exchange Commission (SEC), which is available in the Financial Information section of our web page at www.mizuho-fg.co.jp/english/ and also at the SEC 's web site at www.sec.gov.

We do not intend to update our forward-looking statements. We are under no obligation, and disclaim any obligation, to update or alter our forward-looking statements, whether as a result of new information, future events or otherwise, except as may be required by the rules of the Tokyo Stock Exchange.

Summary Results for the First Quarter of Fiscal 2009

I. Summary of Income Analysis

- **Consolidated Net Business Profits**

Consolidated Gross Profits for the three months ended June 30, 2009 increased by JPY 59.9 billion on a year-on-year basis to JPY 483.7 billion.

Gross Profits of the banking subsidiaries increased by JPY 49.0 billion on a year-on-year basis, due to an increase in income derived from flexible and timely operations in the Trading segment and other factors partly offset by a decrease in income from Customer Groups mainly due to a decline in deposit income reflecting the drop in market interest rates. G&A expenses remained almost flat due to our overall cost reduction efforts, despite an approximately JPY 9.0 billion increase in expenses associated with employee retirement benefits.

Aggregated consolidated Gross Profits (Net Operating Revenues) of our two securities subsidiaries (Mizuho Securities* and Mizuho Investors Securities) increased by JPY 48.6 billion on a year-on-year basis, mainly due to, in addition to an increase in commission income, the effect of the merger with Shinko Securities.

[* Our financial results for the first quarter of fiscal 2008 did not include Net Operating Revenues of Shinko Securities (JPY 32.3 billion), since Shinko Securities was an affiliate under the equity method of our group at that time.]

As a result, Consolidated Net Business Profits amounted to JPY 160.1 billion, a year-on-year increase of JPY 33.0 billion.

- **Consolidated Net Income**

Consolidated Net Income for the three months ended June 30, 2009 amounted to JPY -4.4 billion, a year-on-year decrease of JPY 137.4 billion.

Consolidated Credit-related Costs amounted to JPY 76.0 billion, and Credit Cost Ratio of the 3 Banks was 35bps**, an improvement from 69bps for the full fiscal 2008.

** Credit-related Costs for the first quarter of fiscal 2009 x 4 / Total claims under the Financial Reconstruction Law as of June 30, 2009 (aggregated amount of banking account and trust account)

The total P&L impact of the global financial market turmoil for our group for the first quarter of fiscal 2009 stayed at a loss of approximately JPY 8.0 billion.

As for credit and equity derivatives transactions entered into for hedging purposes at the banking subsidiaries, we recognized valuation losses related to such hedging transactions due to improvements in the credit and stock markets during the first quarter of fiscal 2009.

Edgar Filing: MIZUHO FINANCIAL GROUP INC - Form 6-K

- Losses on credit derivatives for credit risk hedging purposes:	JPY -60.6 Bn
- Losses on equity derivatives:	JPY -27.3 Bn

Net Extraordinary Gains on our consolidated basis in connection with the consummation of the merger between Mizuho Securities and Shinko Securities in May 2009 amounted to JPY 19.8 billion (negative goodwill incurred profits associated with the merger of these securities companies and other factors. Please refer to page 2-4).

II. Enhancement of Profitability

- **Net Interest Income**

The average loan balance for the first quarter of fiscal 2009 increased by JPY 0.4 trillion from the second half of fiscal 2008.

The domestic loan-and-deposit rate margin for the same period increased at Mizuho Corporate Bank. Meanwhile, the aggregate figure of domestic operations decreased slightly by 0.02% from that for the first quarter and for the fourth quarter of fiscal 2008, respectively, as shown on the graph below.

As a result, Net Interest Income on a consolidated basis for the first quarter of fiscal 2009 increased by JPY 27.6 billion on a year-on-year basis to JPY 281.1 billion.

- *1 Aggregate average balance of the 3 Banks for the period, excluding Trust Account and loans to Mizuho Financial Group, Inc. Balance for overseas branches includes foreign exchange translation impact.
- *2 Aggregate figures of domestic operations of Mizuho Bank and Mizuho Corporate Bank after excluding loans to Mizuho Financial Group, Inc., Deposit Insurance Corporation of Japan and the Japanese Government

- **Non-Interest Income**

Net Fee and Commission Income of the 3 Banks for the first quarter of fiscal 2009 increased by JPY 0.2 billion on a year-on-year basis to JPY 62.0 billion.

As for our business with individual customers, fee income associated with sales of investment trusts and individual annuities for the first quarter of fiscal 2009 decreased on a year-on-year basis, due to stagnant stock market conditions and other factors.

As for our business with corporate customers on the other hand, fee and commission income from solution-related business increased on a year-on-year basis.

III. Financial Soundness

With respect to our financial soundness, although our NPL Ratio increased by 0.13% from March 31, 2009, it remained at a low level of 1.90%.

Unrealized Gains (Losses) on Other Securities improved by JPY 594.6 billion from March 31, 2009.

We will announce the Capital Adequacy Ratio (as of June 30, 2009) at a later date.

*1 The base amount to be recorded directly to Net Assets after tax and other necessary adjustments.

For Floating-rate Japanese Government Bonds and the vast majority of foreign currency denominated securitization products, we applied reasonably calculated prices based on the reasonable estimates of our management as fair value since fiscal 2008.

The total balance of securitization products and details as of June 30, 2009 are shown on the table below.

Please refer to the attachment, Summary of the impact of the dislocation in the global financial markets on our foreign currency denominated exposures .

Yen denominated		2,557 (143)
Securitization Products		3,159 (179)

*2 Figures in brackets are the balances of Mizuho Securities including its overseas subsidiaries (all of which are held in trading accounts)

IV. Disciplined Capital Management

In light of factors including the current financial market turmoil and global economic downturn, we have been putting more priority on strengthening of stable capital base in order to prepare for a further adverse business environment.

More specifically, our medium-term target is to increase our consolidated Tier 1 capital ratio to 8% level, and we aim to maintain our prime capital at a level of more than half of our Tier 1 capital.

- **Increase of our prime capital**

In July 2009, we decided to issue common stock (the number of shares to be issued (maximum): 3 billion shares, total amount to be paid (maximum): JPY 529.2 billion) for the purpose of increasing our prime capital. Our decision is aimed at, in light of the current uncertainty over the economy, securing a solid and sufficient capital buffer in preparation for a further adverse business environment and ensuring the flexibility to capture business opportunities leading to our future growth and to respond to customer needs.

- **Strengthening of our capital base through issuance of non-dilutive preferred securities**

We issued preferred debt securities in the amount of JPY 139.5 billion in June 2009 through our overseas special purpose subsidiaries, so as to further increase our group's capital base in light of the current financial market turmoil on top of securing the agility and improving the flexibility of our capital strategy.

Meanwhile, we made a full redemption of JPY 176.0 billion of preferred debt securities which became redeemable at the issuer's option in June 2009.

* We may issue additional preferred debt securities through overseas special purpose subsidiaries in the near future. We continue to pursue disciplined capital management, optimally balancing strengthening of stable capital base and steady returns to shareholders in accordance with changes in the business environment, our financial condition or other factors.

*1 Except for the securitization products which were the reference assets of our securitization schemes for transferring credit risk to third parties (hedged portion), a Reserve for Possible Losses on Investments has been provided against unrealized losses on securitization products related to the discontinuation of business regarding credit investments primarily in Europe, which had been made as an alternative to loans. The balance of reserve was approximately JPY 28 billion as of Jun. 30, 2009. Since securities were recognized at fair value on the consolidated balance sheet, the relevant balances as of Mar. 31, 2009 and Jun. 30, 2009 were those after being offset by the amount of Reserve for Possible Losses on Investments.

*2 With respect to the vast majority of credit investments in securitization products made as an alternative to loans by our European and North American offices, we applied reasonably calculated prices based on the reasonable estimates of our management as fair value since fiscal 2008.

*3 The proportions of balances (fair value) of the securitization products, as of Jun. 30, 2009, which were the reference assets of our securitization schemes (with CDS and other means) for transferring credit risk to third parties until maturity.

In some of the securitization schemes, a portion of credit risk of the reference assets remained with Mizuho Financial Group through our retaining a small first loss position and a portion of senior tranches.

*4 The change in balance from Mar. 31, 2009 (approximately JPY +25 billion) included approximately JPY 11 billion increase in balance due to foreign exchange translation impact primarily caused by depreciation of Japanese yen against European currencies.

*5 The proportion of US subprime mortgage loan-related assets to the total underlying assets of this CDO was up to approximately 40%. The entire balance (fair value) consisted of Super Senior tranche.

*6 The entire balance consisted of securitization products backed by original assets (non-securitized assets).

*7 Excluded US government-owned corporation bonds and government-sponsored enterprise bonds (please refer to page 2-8 for the balances of those bonds held by Mizuho Financial Group).

*1 The change in balance from Mar. 31, 2009 (approximately JPY -3 billion) included approximately JPY 1 billion decrease in balance due to foreign exchange translation impact primarily caused by appreciation of Japanese yen against the US dollar.

*2 The proportion of US subprime mortgage loan-related assets to the total underlying assets was approximately 20%. Approximately 40% of the balance (fair value) consisted of Super Senior tranche.

*3 Excluded US government-owned corporation bonds and government-sponsored enterprise bonds (please refer to page 2-8 for the balances of those bonds held by Mizuho Financial Group).

*4 Obtained senior bonds issued by a SIV, in settlement of CDS transactions where such bonds were treated as collateral. These CDS transactions were related to CDO structuring business.

(Reference) Credit Default Swaps related to securitization products (as of Jun. 30, 2009)

The notional amount of CDS referring to securitization products at Mizuho Securities was approximately JPY 265 billion (approximately JPY 298 billion as of Mar. 31, 2009), and the fair value of the relevant reference assets (securitization products) was approximately JPY 222 billion (approximately JPY 208 billion as of Mar. 31, 2009). NPV, or the estimated amount claimable for the settlement of the CDS, was approximately JPY 43 billion, which was the difference between the notional amount and the fair value. The net estimated amount claimable for the settlement of the CDS after deducting reserves for counterparty risks (approximately JPY 10 billion) was approximately JPY 33 billion.

(The above included CDS contracts with a US monoline (external ratings as of Jun. 30, 2009: AA-^{*1}), of which the notional amount was approximately JPY 21 billion and the fair value of the relevant reference assets was approximately JPY 16 billion.)

*1 Based on the lowest external ratings as of Jun. 30, 2009.

More than 40% of the notional amount of the above CDS contracts was with counterparties with external ratings in the AA range or higher (as of Jun. 30, 2009), and the relevant reference assets were securitization products backed mainly by claims against corporations.

2. Other relevant information (June 30, 2009)

(The figures below are rounded to JPY 1 Bn)

Banking Subsidiaries

• **Loans Held for Sale (for which Reserve for Possible Losses on Sales of Loans was recorded)**

Approximately JPY 33 billion of Reserve for Possible Losses on Sales of Loans was recorded against approximately JPY 99 billion of Loans Held for Sale associated with overseas LBO and other transactions (Reserve ratio: 33.4%)

(Note) The figures shown above exclude those related to Intensive Control Obligors or below. The reserve ratio would be 38.7%, if including the balances of Loans Held for Sale to such obligors and the amounts of both Reserves for Possible Losses on Loans and Reserve for Contingencies in relation to the relevant balances.

Out of the above-mentioned JPY 99 billion, the LBO/MBO related Loans Held for Sale amounted to approximately JPY 84 billion, and the relevant reserve ratio was 35.4%.

(Note) The figures shown above exclude those related to Intensive Control Obligors or below. The reserve ratio would be 41.0%, if including the balances of Loans Held for Sale to such obligors and the amounts of both Reserves for Possible Losses on Loans and Reserve for Contingencies in relation to the relevant balances.

• **Overseas ABCP program-related**

The total assets of approximately JPY 96 billion acquired by overseas ABCP conduits, for which Mizuho Corporate Bank acted as a sponsor, included approximately JPY 36 billion of securitization products that were backed by credit card receivables and account receivables. No US subprime mortgage loan-related assets were included.

The balance of securitization products acquired by the aforementioned overseas ABCP conduits decreased by approximately JPY 46 billion from that as of Mar. 31, 2009 primarily due to redemptions at maturities.

• **Securitization products and loans guaranteed by US financial guarantors (monolines)**

Securitization products guaranteed by US monolines

Approximately JPY 4 billion of securitization products held by Mizuho Corporate Bank, which were backed by auto lease receivables.

(Mizuho Corporate Bank acquired these securitization products as a substitution payment of a loan provided to its sponsoring overseas ABCP conduit in the first quarter of fiscal 2009. (As of Mar. 31, 2009, Mizuho Corporate Bank recorded approximately JPY 4 billion of Reserve for Contingencies for the equivalent amount of the entire valuation losses on approximately JPY 7 billion of these securitization products as shown in our fiscal 2008 financial results.) The balance of these securitization products was included in line 12 (ABS) in the table on page 2-5.)

Loans guaranteed by US monolines

Approximately JPY 15 billion of Mizuho Corporate Bank's loan commitments to overseas infrastructure projects (of which approximately JPY 7 billion was drawn down). No US subprime mortgage loan-related exposures were included.

There were no particular concerns about the credit conditions of the aforementioned projects as of Jun. 30, 2009.

(Note) For the purpose of reference to the Mizuho Financial Group's exposures related to US monolines, page 2-6 describes our securities subsidiaries' exposures to such counterparties of credit default swaps (CDS) referring to securitization products, in addition to the above-mentioned transactions of the banking subsidiaries.

- **Investments and loans associated with SIVs**

All exposures had already been written-off in fiscal 2007.

- **Warehousing loan business*¹ related to US subprime mortgage loans**

Nil

*1 Loans provided to other financial institutions in connection with their structuring of securitization products until such products are sold.

- **Loans to mortgage lenders in US (working capital, etc.)**

Approximately JPY 34 billion (Approximately 20% of the lenders concerned had external ratings in the A range*² and the rest had ratings in the BB range).

*2 Based on the lowest external ratings as of Jun. 30, 2009.

(The figures below are rounded to JPY 1 Bn)

Banking and Securities Subsidiaries

- **US government-owned corporation (Ginnie Mae) bonds and GSE (government-sponsored enterprises: Fannie Mae, Freddie Mac) bonds**

Banking Subsidiaries (Banking Account)

The total balance of the above bonds held was approximately JPY 672 billion, with approximately JPY 3 billion of unrealized gains.

Out of the total balance, approximately JPY 669 billion was RMBS guaranteed by the Government National Mortgage Association (Ginnie Mae), a corporation wholly-owned by the US government.

Securities Subsidiaries (Trading Account)

The total balance of RMBS, which were issued or guaranteed by the US government-owned corporation or GSE, was minimal.

Approximately JPY 137 billion of the corporate bonds issued by Fannie Mae and Freddie Mac was held for the purpose of, among other things, market-making activities in the US, and all the bonds were subject to mark-to-market accounting so that there were no unrealized losses (The recorded losses in the first quarter of fiscal 2009 were minimal).

There was no holding of stocks of these entities.
