Item 8.01. Other Events.

On July 22, 2010, Raytheon Systems Limited (RSL) was notified by the United Kingdom Border Agency (the Authority) that it has been terminated for default on the eBorders program. The termination notice includes allegations that RSL failed to perform on certain key milestones and other matters as well as claims to recover certain losses incurred and previous payments.

As of June 27, 2010, we had approximately \$400 million in assets and letters of credit, which includes approximately \$300 million of billed and unbilled receivables, relating to the eBorders program. We believe that RSL has performed well and delivered substantial capabilities to the Authority under the program, which has been operating successfully and providing actionable information since live operations began in May 2009. As a result, we intend to pursue vigorously the collection of the unbilled receivables and damages and defend ourselves against the Authority's claims for losses and payments. We are continuing to evaluate the Authority's allegations and claims set forth in the termination notice and assessing the potential financial impact of such notice.
