ITEM 2.01. COMPLETION OF ACQUISITION OR DISPOSITION OF ASSETS.

Effective March 1, 2013, Addus HealthCare, Inc. ("Addus HealthCare"), a wholly-owned subsidiary of Addus HomeCare Corporation (the "Corporation"), and certain subsidiaries of Addus HealthCare (together with Addus HealthCare, the "Sellers") completed the sale (the "Transaction") to certain subsidiaries of LHC Group, Inc. (the "Purchasers") of substantially all of the assets of the Sellers used in their home health business (the "Home Health Business") in Arkansas, Nevada and South Carolina and 90% of the Home Health Business in California and Illinois, with Sellers retaining a 10% ownership interest in those locations, for a cash purchase price of approximately \$20 million. In addition, the Purchasers assumed certain liabilities related to the Home Health Business. The Transaction was consummated pursuant to an Asset Purchase Agreement entered into on February 7, 2013 by the Sellers, the Purchasers and LHC Group, Inc. (the "Purchase Agreement"). The assets sold in the Transaction include 19 home health agencies and two hospice agencies in five states. These home health agencies provide physical, occupational and speech therapy, as well as skilled nursing services to pediatric, adult infirm and elderly patients. The management team of the Home Health Business has transferred to the Purchasers in connection with the Transaction. Neither the Corporation nor any of its affiliates, nor any director or officer of the Corporation, nor any associate of any such director or officer, has any material relationship with LHC Group, Inc. or any of the Purchasers.

In connection with the consummation of the Transaction, the Sellers have licensed certain trademarks to the Purchasers and have agreed not to compete with the business of owning and operating traditional Medicare home health and hospice businesses for a period of two years in the geographic area for which each home health and hospice agency included in the sale is licensed; provided, that such non-competition obligation does not extend to the Sellers' ability to engage in the business of the development or management of home care networks under contracts with managed care organizations, which may include enrolling and referring to third party providers of home health and hospice services, and the business of paying home health and hospice agencies to provide such services on behalf of members of managed care organizations.

The foregoing description of the Purchase Agreement does not purport to be complete and is qualified in its entirety by reference to the Purchase Agreement, a copy of which is attached to this report as Exhibit 99.1 and is incorporated by reference herein. The representations and warranties of the parties in the Purchase Agreement have been made solely for the benefit of the other parties to the Purchase Agreement, and were not intended to be, and should not be relied upon by any other persons or entities and should not otherwise in any way be treated as categorical statements of fact, but rather as a way of allocating risk among the parties thereto. Such representations and warranties have in some cases been qualified by disclosures that were made by one party to another in connection with the negotiation of the Purchase Agreement, which disclosures are not necessarily reflected in such Purchase Agreement, and may apply standards of materiality in a way that is different from what may be material to investors. Finally, such representations and warranties were made only as of the date of the Purchase Agreement or such other date or dates as may be specified in the Purchase Agreement and are subject to more recent developments.
