**PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS**

Our Board is soliciting proxies for use at the Annual Meeting of Stockholders to be held at our principal executive offices, 1787 Sentry Parkway West, Building 18, Suite 400, Blue Bell, Pennsylvania 19422 on May 22, 2014 at 9:00 a.m. local time, or any adjournment thereof, for the purposes set forth in the accompanying Notice of Annual Meeting. This Proxy Statement is dated March 27, 2014. We are mailing this Proxy Statement to our stockholders on or about April 11, 2014. Unless the context requires otherwise, references to we, us, our, Inovio, and Company refer to Inovio Pharmaceuticals, Inc.

**General Information**

**Voting Securities.** Only stockholders of record as of the close of business on March 24, 2014 will be entitled to vote at the meeting and any adjournment thereof. As of March 24, 2014, we had the following outstanding:

240,146,343 shares of common stock; and

26 shares of Series C Cumulative Convertible Preferred Stock, which are convertible into an aggregate of 38,233 shares of common stock.

You may vote in person or by proxy. On the proposals presented in this Proxy Statement, each holder of shares of our:

common stock is entitled to one vote for each share of stock held; and

Series C Preferred Stock is entitled to 1,470 votes for each share of Series C Preferred Stock held.

Holders of our common stock and Series C Preferred Stock vote together as a single class in connection with each of Proposal Nos. 1, 2, 3, 4, and 5. Our bylaws provide that one-third of all of the shares of the stock entitled to vote, whether present in person or represented by proxy, shall constitute a quorum for the transaction of business at the meeting. Thus, a quorum for this year's Annual Meeting consists of 80,061,525 shares.

The affirmative vote of a plurality of all of the votes cast at a meeting at which a quorum is present is necessary for the election of each of the nominees for director. For purposes of the election of directors, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote, although they will count toward the presence of a quorum. Broker non-votes occur when a broker holding a customer's securities in street name does not vote on a particular proposal because the broker has not received voting instructions from the customer on certain matters for which the broker is required to have instructions in order to vote.

The affirmative vote of the holders of a majority of the of the votes represented by shares present or represented by proxy and voting at the Annual Meeting is necessary for the approval of the Proposals Nos. 2, 4 and 5 set forth in this Proxy Statement, as explained under each

## Edgar Filing: INOVIO PHARMACEUTICALS, INC. - Form DEF 14A

proposal. Abstentions and broker non-votes will be counted as present for purposes of determining the presence of a quorum and could prevent the approval of a proposal because they do not count as affirmative votes. The affirmative vote of the holders of a majority of the votes represented by all outstanding shares of our voting securities is required to approve Proposal No. 3. As result, abstentions and broker non-votes will have the same effect as votes against this proposal.

***Solicitation of Proxies.*** We will bear the cost of soliciting proxies. In addition, we will solicit stockholders by mail, and will request banks and brokers, and other custodians, nominees and fiduciaries, to solicit their customers who have shares of our stock in the names of such persons and will reimburse them for their

reasonable, out-of-pocket costs. We may use the services of our officers, directors, and others to solicit proxies, personally or by telephone, without additional compensation.

***Voting of Proxies.*** If your shares are registered in your own name, you may vote by signing and mailing a completed proxy card or by voting via the Internet or by telephone. Instructions for voting via the Internet or by telephone are set forth on the enclosed proxy card. To vote by mailing a proxy card, sign and return the enclosed proxy card in the enclosed prepaid and addressed envelope, and your shares will be voted at the meeting in the manner you direct. In the event that you return a signed proxy card on which no directions are specified, your shares will be voted FOR each of the Board nominees (Proposal No. 1); FOR ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the year ending December 31, 2014 (Proposal No. 2); FOR approval of an amendment to the Certificate of Incorporation of the Company to effect a reverse stock split of the Company's Common Stock at a ratio not less than one-for-two and not greater than one-for-four, with the exact ratio to be set within such range in the discretion of the Board of Directors without further approval or authorization of the Company's stockholders (Proposal No. 3); FOR approval of an amendment to our 2007 Omnibus Incentive Plan to increase the number of shares available for grants under the Plan by 5,000,000 shares and so that all shares authorized for issuance under the Plan be eligible for grants as incentive stock options (ISOs) (Proposal No. 4); and FOR approval, by a non-binding vote, of the resolution regarding compensation of our named executive officers we describe in this Proxy Statement (Proposal No. 5), and in the discretion of the proxy holders as to any other matters that may properly come before the meeting. You may revoke or change a previously delivered proxy at any time before the meeting by delivering another proxy with a later date or by sending written notice of revocation of your proxy to our Secretary at our principal executive offices for receipt before the beginning of the meeting. You may also revoke your proxy by attending the meeting and voting in person. Attendance at the meeting will not in and of itself revoke a valid proxy that was previously delivered; you must also vote in person at the meeting to do so.

If your shares are registered in the name of a bank or brokerage firm, you will receive instructions from the holder of record that must be followed in order for the record holder to vote the shares in accordance with your instructions. Many banks and brokerage firms have a process for their beneficial holders to provide instructions over the phone or via the Internet. If Internet or telephone voting is unavailable from your bank or brokerage firm, please complete and return the enclosed voting instruction card in the addressed, postage paid envelope provided.

***Delivery of Proxy Materials to Households.*** Householding is a program, approved by the Securities and Exchange Commission, or the SEC, which allows companies and intermediaries such as banks or brokers to satisfy the delivery requirements for proxy statements and annual reports by delivering only one package of stockholder proxy material to any household at which two or more stockholders reside. If you and other residents at your mailing address own shares of our common stock in street name, your broker or bank may have notified you that your household will receive only one copy of our proxy materials. Once you have received notice from your broker that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, or if you are receiving multiple copies of the proxy statement and wish to receive only one, please notify your broker if your shares are held in a brokerage account. If you hold shares of our common stock in your own name as a holder of record, householding will not apply to your shares.

**IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE 2014 ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON MAY 22, 2014**

This analysis was used to determine appropriate levels of compensation for our executive officers and make recommendations regarding the amount and form of our executive and non-employee director compensation. The work of Barney & Barney did not raise any conflict of interest.

This is an informal advisory committee and does not have a formal charter. The members of the Finance Committee are currently Joseph Kim, Avtar Dhillon and Morton Collins.

#### ***Director Nominations***

The Nomination and Corporate Governance Committee evaluates and recommends to our Board director nominees for each election of directors. As stated in our Corporate Governance Policy, our Board seeks members from diverse professional and personal backgrounds who combine a broad spectrum of experience and expertise with a reputation for integrity.

Specifically, in fulfilling its responsibilities, the Nomination and Corporate Governance Committee considers the following factors: (i) the appropriate size of our Board and its committees; (ii) our needs with respect to the particular talents and experience of its directors; (iii) the knowledge, skills and experience of nominees, including experience in our industry, business, finance, administration or public service, in light of prevailing business conditions and the knowledge, skills and experience already possessed by other members of our Board; (iv) experience with accounting rules and practices; (v) applicable regulatory and securities exchange/association requirements (including the NYSE MKT qualitative listing standards); and (vi) a balance between the benefit of continuity and the desire for a fresh perspective provided by new members.

The Nomination and Corporate Governance Committee's goal is to assemble a board that brings to us a variety of perspectives and skills, and sound business understanding and judgment, derived from high quality business, professional, governmental, community, scientific or educational experience. In doing so, the Nomination and Corporate Governance Committee also considers candidates with appropriate non-business backgrounds.

Other than the foregoing factors, there are no stated minimum criteria for director nominees. However, the Nomination and Corporate Governance Committee may also consider such other factors as it may deem are in our best interests and the interests of our stockholders. The Nomination and Corporate Governance Committee does, however, recognize that under applicable regulatory requirements at least one member of our Board must meet the criteria for an audit committee financial expert as defined by SEC rules. The Nomination and Corporate Governance Committee also believes it appropriate for our Chief Executive Officer to participate as a member of our Board. Further, the Committee believes that the continuing service of qualified incumbent directors promotes stability and continuity in the board room, while giving us the benefit of familiarity and insight into our affairs that directors have accumulated during their tenure, and therefore generally re-nominates incumbent directors who continue to satisfy the Committee's criteria for membership on our Board.

All directors and director nominees are required to submit a completed form of directors' and officers' questionnaire as part of the nominating process. The process may also include interviews and additional background and reference checks for non-incumbent nominees, at the discretion of the Nomination and Corporate Governance Committee.

We do not have a written policy with respect to Board diversity; however, our Corporate Governance Policy states that the assessment of director nominees will include consideration of diversity, skills and experience in the context of the needs of our Board. The Nominating and Corporate Governance Committee and our Board believe that a diverse board leads to improved company performance by encouraging new ideas, expanding the knowledge base available to management and fostering a boardroom culture that promotes innovation and vigorous deliberation.

The Nomination and Corporate Governance Committee identifies nominees by first evaluating the current members of our Board who are willing to continue in service. The Committee considers for re-nomination current members of our Board with skills and experience that are relevant to our business balancing the value of continuity of service by existing members of our Board with that of obtaining a new perspective. If any member of our Board does not wish to continue in service, the Nomination and Corporate Governance Committee identifies the desired skills and experience of a new nominee in light of the criteria above. Current members of the Nomination and Corporate Governance Committee and our Board will be consulted for suggestions as to individuals meeting the criteria of the Nomination and Corporate Governance Committee. Research may also be performed to identify qualified individuals. If the Nomination and Corporate Governance Committee believes that our Board requires additional candidates for nomination, the Nomination and Corporate Governance Committee may explore alternative sources for identifying additional candidates. This may include engaging, as appropriate, a third party search firm to assist in identifying qualified candidates.

The Nomination and Corporate Governance Committee will consider nominees recommended by stockholders. Our bylaws provide that nominations shall be made pursuant to timely notice in writing to our corporate secretary. To be timely, in the case of a stockholder seeking to have a nomination included in our proxy statement, a stockholder's notice must be delivered to or mailed and received at our principal executive offices not less than 120 days or more than 180 days prior to the first anniversary of the date on which we first mailed our proxy materials (or, in the absence of proxy materials, our notice of meeting) for the previous year's annual meeting of stockholders. However, if we did not hold an annual meeting the previous year, or if the date of the annual meeting is advanced more than 30 days prior to or delayed by more than 30 days after the anniversary of the preceding year's annual meeting, then notice by the stockholder to be timely must be delivered to our corporate secretary at our principal executive offices not later than the close of business on the later of (i) the

90th day prior to such annual meeting or (ii) the 15th day following the day on which public announcement of the date of such meeting is first made. If the stockholder is not seeking inclusion of the nomination in our proxy statement, timely notice consists of a stockholder's notice delivered to or mailed and received at our principal executive offices not less than 90 days prior to the date of the annual meeting.

The stockholder's notice relating to director nomination(s) shall set forth (a) as to each person whom the stockholder proposes to nominate for election or re-election as a director, (i) the name, age, business address and residence address of the person, (ii) the principal occupation or employment of the person, (iii) the class and number of shares of our capital stock which are beneficially owned by the person, and (iv) any other information relating to the person that is required to be disclosed in solicitations for proxies for election of directors pursuant to Regulation 14A under the Securities Exchange Act of 1934, or the Exchange Act; (b) as to the stockholder giving the notice, (i) the name and record address of the stockholder, and (ii) the class and number of shares of our capital stock that are beneficially owned by the stockholder; (c) as to the stockholder giving the notice and any Stockholder Associated Person, as described below, to the extent not set forth pursuant to the immediately preceding clause, whether and the extent to which any Relevant Hedge Transaction, as described below, has been entered into, and (d) as to the stockholder giving the notice and any Stockholder Associated Person, (1) whether and the extent to which any Derivative Instrument is directly or indirectly beneficially owned, (2) any rights to dividends on our shares owned beneficially by such stockholder that are separated or separable from the underlying shares, (3) any proportionate interest in our shares or Derivative Instruments, as described below, held, directly or indirectly, by a general or limited partnership in which such stockholder is a general partner or, directly or indirectly, beneficially owns an interest in a general partner and (4) any performance-related fees (other than an asset-based fee) that such stockholder is entitled to based on any increase or decrease in the value of our shares or Derivative Instruments, if any, as of the date of such notice, including without limitation any such interests held by members of such stockholder's immediate family sharing the same household, which information shall be supplemented by such stockholder and beneficial owner, if any, not later than 10 days after the record date for the meeting to disclose such ownership as of the record date. We may require any proposed nominee to furnish such other information as may reasonably be required by us to determine the eligibility of such proposed nominee to serve as a director.

For purposes of our bylaws:

A **Stockholder Associated Person** of any stockholder means (i) any person controlling or controlled by, directly or indirectly, or acting in concert with, such stockholder, (ii) any beneficial owner of shares of our stock owned of record or beneficially by such stockholder and (iii) any person controlling, controlled by or under common control with such Stockholder Associated Person;

A **Relevant Hedge Transaction** is any hedging or other transaction or series of transactions, or any other agreement, arrangement or understanding (including, but not limited to, any short position or any borrowing or lending of shares of stock), the effect or intent of which is to mitigate loss or increase profit to or manage the risk or benefit of stock price changes for, or to increase or decrease the voting power of, a stockholder with respect to any share of our stock; and

**Derivative Instrument** means any option, warrant, convertible security, stock appreciation right, or similar right with an exercise or conversion privilege or a settlement payment or mechanism at a price related to any class or series of our shares, whether or not such instrument or right shall be subject to settlement in the underlying class or series of our capital stock or otherwise, or any other direct or indirect opportunity to profit or share in any profit derived from any increase or decrease in the value of our shares.

#### **Corporate Governance**

Our Corporate Governance Policy, our Code of Business Conduct and Ethics, including our Code of Ethics, and the charters of the committees of our Board are available on our website, [www.inovio.com](http://www.inovio.com).

### **Communications Policy**

Our Board has procedures in place designed to ensure effective communication among us, our stockholders, prospective investors and the public, including the dissemination of information on a regular and timely basis. Stockholders who want to communicate with our Board or any individual director can write to our Secretary at the following address: 1787 Sentry Parkway West, Building 18, Suite 400, Blue Bell, Pennsylvania 19422. Your letter should indicate that you are one of our stockholders. Depending on the subject matter, management will:

Forward the communication to the director or directors to whom it is addressed;

Attempt to handle the inquiry directly, for example, where it is a request for information about us or it is a stock-related matter; or

Not forward the communication if it is primarily commercial in nature or if it relates to an improper or irrelevant topic.

### **Board Leadership Structure**

Our Board currently separates the roles of Chief Executive Officer and Chairman of the Board in recognition of the differences between the two roles. Our Chief Executive Officer is responsible for setting our strategic direction and our day-to-day leadership and performance, while the Chairman of the Board provides guidance to the Chief Executive Officer, works with the Chief Executive Officer in setting the agenda for Board meetings and presides over meetings of the full Board. However, our Board believes it should be able to freely select the Chairman of the Board based on criteria that it deems to be in our best interests and the interests of our stockholders, and therefore one person may, in the future, serve as both our Chief Executive Officer and Chairman of the Board.

The functions of our Board are carried out by the full Board and, when delegated, by the Board committees. Each director participates in our major strategic and policy decisions.

### **Board Role in Risk Management**

The risk oversight function of our Board is carried out by both the Board and the Audit Committee. Management prepares and presents an annual business plan to the Board, which identifies risks associated with our operations and is reviewed quarterly by the Board. As provided in its charter, the Audit Committee meets periodically with management to discuss major financial and operating risk exposures and the steps, guidelines and policies taken or implemented related to risk assessment and risk management. Matters of strategic risk are considered by our Board. Each quarter management reports to the Audit Committee on legal, finance, accounting and tax matters. Our Board is provided with reports on legal matters at least quarterly and on other matters related to risk oversight on an as needed basis.

### **Code of Ethics**

We have adopted a Code of Ethics, which applies to all directors, officers and employees, including the principal executive officer, principal financial and accounting officer and controller. The purpose of the Code is to promote honest and ethical conduct. The Code of Ethics is included in our Code of Business Conduct and Ethics and is available on our website and is also available in print, without charge, upon written request to our corporate secretary at 1787 Sentry Parkway West, Building 18, Suite 400, Blue Bell, Pennsylvania 19422. Any amendments to or waivers of the Code will be promptly posted on our website at [www.Inovio.com](http://www.Inovio.com) or in a report on Form 8-K, as required by applicable laws.

### **Board Member Independence**

Our Board has determined that, except for Drs. Dhillon and Kim, all of the nominees for election to our Board listed above are, and all other individuals who served as members of our Board in 2013 were,

independent as independence is defined in the NYSE MKT qualification standards. Dr. Kim was not considered independent because he is a current employee. Dr. Dhillon was not considered independent because he was an employee until his transition to Non-Executive Chairman effective August 1, 2011.

**Our Board unanimously recommends that you vote FOR each nominee listed above. The proxy holders will vote your proxy in that manner unless you specify otherwise on the accompanying proxy card.**

#### **Report of the Audit Committee**

The Audit Committee oversees our financial reporting process on behalf of our Board. Management has the primary responsibility for the financial statements, for maintaining effective internal control over financial reporting, and for assessing the effectiveness of internal control over financial reporting. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited consolidated financial statements in our annual report with management, including a discussion of the quality, not just the acceptability, of the accounting principles; the reasonableness of significant judgments; and the clarity of disclosures in the financial statements.

The Audit Committee reviewed with Ernst & Young LLP, who are responsible for expressing an opinion on the conformity of these audited consolidated financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of our accounting principles and such other matters as are required to be discussed with the Audit Committee by the Standards of the Public Company Accounting Oversight Board (United States) (PCAOB), including PCAOB Auditing Standard No. 16, *Communications With Audit Committees*, the rules of the Securities and Exchange Commission (SEC) and other applicable regulations. In addition, the Audit Committee has discussed with Ernst & Young LLP their independence from management and the Company, has received from Ernst & Young LLP the written disclosures and the letter required by Rule 3526 of the PCAOB regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and has considered the compatibility of non-audit services with Ernst and Young's independence.

The Audit Committee met with Ernst & Young LLP to discuss the overall scope of their audit services, the results of the audit and reviews, its evaluation of our internal controls, including internal control over financial reporting, and the overall quality of our financial reporting. Ernst & Young LLP, as our independent registered public accounting firm, also periodically updates the audit committee about new accounting developments and their potential impact on our reporting. The meetings with Ernst & Young LLP were held with and without management present. The Audit Committee is not employed by us, nor does it provide any expert assurance or professional certification regarding our consolidated financial statements. The Audit Committee relies, without independent verification, on the accuracy and integrity of the information provided, and representations made, by management and our independent registered public accounting firm.

Based on the reviews and discussions referred to above, the Audit Committee has recommended to our Board, and the Board has approved, that the audited consolidated financial statements and management's assessment of the effectiveness of the Company's internal control over financial reporting be included in our annual report on Form 10-K for the year ended December 31, 2013, filed by the Company with the SEC. The Audit Committee and the Board also have recommended the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2014.

This Audit Committee Report is not soliciting material, is not deemed to be filed with the SEC, and is not incorporated by reference in any of our filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, whether made by us before or after the date hereof, regardless of any general incorporation language in any such filing, except to the extent we specifically incorporate this material by reference into any such filing.

The foregoing report has been furnished by the Audit Committee.

#### **Family Relationships**

No family relationships exist between any of our directors or executive officers.

#### **Non-Binding Vote Regarding Compensation of Our Named Executive Officers**

At our 2011 Annual Meeting of Stockholders, our stockholders voted to approve, by a non-binding vote, the compensation of our named executive officers. At that meeting our stockholders also determined, by a non-binding vote, that this matter will be submitted to our stockholders for approval every three years. Therefore, we are submitting the proposals regarding executive compensation to our stockholders at our 2014 Annual Meeting of Stockholders.

### **COMPENSATION DISCUSSION AND ANALYSIS**

#### **Overview**

We are a biopharmaceutical company focused on the discovery, development and delivery of a new generation of vaccines and immune therapies, called synthetic vaccines, focused on cancers and infectious diseases. The success of development companies is significantly influenced by the quality and motivation of their work force. Our compensation programs are straightforward and do not materially change from year to year. The core principle of our compensation philosophy for executive officers continues to be a strong pay-for-performance structure that ties a significant portion of each executive officer's compensation to corporate performance. We seek to provide a competitive total compensation opportunity for our executive management team through a combination of base salary, cash incentive bonuses, long-term equity incentive compensation and benefit programs. Our pay-for-performance philosophy drives the amount of pay that is actually realized.

This Compensation Discussion and Analysis describes our compensation objectives, our executive compensation process and our policies and actions with respect to each compensation element. We describe the rationale for compensation decisions made in 2013 with respect to our President and Chief Executive Officer, our Chief Medical Officer, our Chief Financial Officer and our Chief Operating Officer, who we refer to as our named executive officers.

#### **Our Executive Compensation Program**

##### ***Program Objectives***

We design our executive compensation program to achieve the following objectives:

Motivate and reward executives whose knowledge, skills and performance are essential to our success;

Align the performance of our executives and the interests of our stockholders;

Recruit and retain executive talent; and

Support the corporate business strategy and business plan by rewarding achievement based on our expectations for results and attainment of short-term and long-term goals by our executives.

***Compensation Process***

The Compensation Committee of our Board has the primary responsibility for determining compensation of our executives. Our Board has determined that each member of our Compensation Committee is independent as that term is defined by applicable NYSE MKT rules, is an outside director as defined in Section 162(m) of the Internal Revenue Code, or the Code, and a non-employee director as defined under Section 16 of the Exchange Act.

Our Compensation Committee determines all compensation matters for our named executive officers, including base salary, bonuses, and equity compensations. Utilizing input from our Chief Executive Officer as well as those of independent compensation consultants as needed, the Compensation Committee makes an independent decision on compensation for each executive. The Compensation Committee also oversees the Chief Executive Officers and other senior officers in making compensation determinations of our non-executive staff. The primary goal of our Compensation Committee is to closely align the interests of our named executive officers and staff with those of our stockholders. To achieve this goal, our Compensation Committee relies on compensation that is designed to attract and retain executives and other staff whose abilities are critical to our long term success, that motivates individuals to perform at their highest level and that rewards achievement. The Compensation Committee assesses performance on a number of subjective and objective factors, including the achievement of company and individual performance goals.

In making decisions regarding executive compensation, our Compensation Committee considers, among other things:

Measurable accomplishments and performance of the company in meeting the annual objectives;

Past compensation levels of each executive and the executives as a group;

Consistency of current compensation with previous compensation decisions and benchmarks;

Existing levels of stock and stock option ownership among our executives, previous stock option grants and vesting schedules to ensure executive retention and alignment with stockholder interests;

Management recommendations; and

General trends in executive compensation.

The Compensation Committee conducts an annual review of the Chief Executive Officer's performance and reports its evaluation to the Board. The Board reviews the Compensation Committee's evaluation and recommendation and also evaluates the Chief Executive Officer's performance according to the goals and objectives established periodically by the full Board. This review serves as the basis for the recommendation of the Compensation Committee on Chief Executive Officer compensation.

In 2013, the Compensation Committee engaged Barney & Barney, an independent compensation consultant, to provide information to them on compensation trends and practices and to assist them in evaluating our executive compensation policy and programs. To facilitate the Compensation Committee's review and decision making for the overall compensation strategy, Barney & Barney provided the Compensation Committee with a survey group proxy study, general healthcare industry market data, benchmarks for stock options issuances and recommendations on types of equity awards for executives. Barney & Barney does not provide services to our management without the Compensation Committee's approval, but has been directed by the Compensation Committee to work in cooperation with management as necessary to gather information to carry out its obligation

to the Compensation Committee. The Compensation Committee has assessed the independence of Barney & Barney pursuant to SEC rules and concluded that no conflict of interest exists that would prevent Barney & Barney from serving as an independent consultant to the Compensation Committee.

***Competitive Considerations***

In 2013, the Compensation Committee engaged Barney & Barney, an independent compensation consultant. As part of the Compensation Committee's ongoing review of our compensation programs for fiscal year 2013, the Committee determined the aggregate level of total compensation of our executives, the combination of elements used to compensate our executives as well as a comparison to the compensation of named executive officers of other companies. The Compensation Committee reviewed compensation levels of the companies referred to as our peer group as a reference point of compensation levels. The peer group companies are referred to collectively as our survey group. The 24 companies in our survey group were selected based on comparability, size and similarity in the stage of product development. The criteria for the selection were as follows:

United States-based public biotech companies with a focus on oncology;

Lead program in Phase II or later;

Market capitalization of less than \$1.2 billion;

Less than 200 employees; and

Less than \$50 million in revenues.

Using the above criteria, the following companies were used to comprise the survey group:

Agios Pharmaceuticals

Anacor Pharmaceuticals

Ariad Pharmaceuticals

BioCryst Pharmaceuticals

Cell Therapeutics

ChemoCentryx

Dendreon

Dynavax Technologies

Endocyte

Galena Biopharma

Geron Corporation

Hemispherx Biopharma

KaloBios Pharmaceuticals

Keryx Pharmaceuticals

Ligand Pharmaceuticals

NeoStem

Novavax

OncoMed Pharmaceuticals

Peregrine Pharmaceuticals

Progenics Pharmaceuticals

Sangamo BioSciences

Sarepta Therapeutics

Verastem

Vical Incorporated

The survey group provides a gauge of compensation levels from external sources and allows us to assess their compensation practices. We believe that executive compensation should consist of base salary that is competitive with those in our survey group, an annual incentive plan designed to incentivize our executive officers and equity incentive awards. We target these items of compensation to be at the 50<sup>th</sup> percentile of a combination of our survey group and market studies. For instance, at the time of the survey, our market capitalization was above the 50<sup>th</sup> percentile but less than the 75<sup>th</sup> percentile of the survey group's market capitalization. We believe that this level appropriately reflects our size and the goals we have for our growth, and that will allow us to attract and retain quality executives.

#### **Compensation Components**

Our executive compensation primarily consists of base salary, cash incentive compensation and long-term equity-based compensation. We place significant emphasis on performance-based incentive compensation that focuses on our executives' efforts on delivering short-term and long-term value for our stockholders without encouraging excessive risk taking.

The factors our Compensation Committee considered for each of our executives in 2013 included:

Overall corporate performance during 2013 as measured against predetermined performance goals;

The roles and responsibilities of our executives in executing the corporate goals;

Our executives' performance during 2013 in general and as measured against predetermined performance goals;

The roles and responsibilities of our executives;

The individual experience and skills of our executives;

Any contractual commitments we have made to our executives regarding compensation; and

Compensation paid by similar companies to their executives with similar roles and responsibilities.

We have an executive compensation philosophy and goals based on attracting, retaining and rewarding experienced and talented executive officers. In addition, we believe that executive compensation should be linked to corporate performance and accomplishments that increase stockholder value. As such, our executive compensation policy focuses on aligning the interests of our executive officers with the long-term interests of our stockholders and with our corporate strategies and goals.

Base salaries of executive officers are reviewed and approved annually by our Compensation Committee and adjustments are made based on (i) salary recommendations from our Chief Executive Officer, (ii) individual performance of executive officers for the previous fiscal year, (iii) our financial results for the previous year, and (iv) our financial condition. Our Chief Executive Officer does not make recommendations regarding his own compensation. In addition, in establishing the total compensation package for our Chief Executive Officer, the Compensation Committee pursues the same objectives and policies that apply for our other executive officers.

#### ***Base Salary***

Base salary reflects job responsibilities, value to us and individual performance, taking into consideration the need to attract and retain our executives. We determine salaries for our named executive officers initially by reference to each executive's employment agreement, which we describe below. The Compensation Committee determines any increase over these salaries based upon recommendations of our Chief Executive Officer, except in the case of the Chief Executive Officer's own compensation. The Compensation Committee generally reviews base salaries of our executives annually and adjusts salaries from time to time to realign salaries with market levels, individual performance and the performance of the company.

Achievement of individual and corporate accomplishments along with the executive officer's level of responsibility, competitive factors and our internal policies regarding salary increases were considered regarding 2013 salary increases.

Merit-based salary increases for 2013 were approximately 4% for J. Joseph Kim, Mark Bagarazzi, Peter Kies and Niranjana Sardesai. In March 2014, we set the annual base salary for 2014 for Dr. J. Joseph Kim, our President and Chief Executive Officer, at \$569,000, for Peter Kies, our Chief Financial Officer, at \$343,000, for Mark Bagarazzi, our Chief Medical Officer, at \$371,000 and for Niranjana Sardesai, our Chief Operating Officer, at \$371,000. Salary increases for 2014 were between 14%-19%. Compensation levels for our officers were adjusted in 2014 to be more in line with our survey group and be more competitive. We target these items of compensation to be at the 50th percentile of a combination of our survey group and market studies.

#### ***Performance-Based Annual Cash Incentive Compensation***

## Edgar Filing: INOVIO PHARMACEUTICALS, INC. - Form DEF 14A

We provide for an annual cash incentive that reinforces our pay-for-performance approach. This incentive compensation is a short-term incentive program that rewards achievement of annual goals and objectives. Annual

incentive awards are awarded at the sole determination of the Compensation Committee (on behalf of the Board) based on the actual and measurable performance of the company based on a set of corporate objectives for the previous year.

Each year, the Chief Executive Officer provides company goals to the Board for review and the Board approves the goals and assigned weightings. The weightings for each goal vary year to year depending on the importance of the goal for a particular year. At the end of the year, the Compensation Committee measures actual performance against the predetermined performance goals, using measurable performance parameters. The total corporate performance measurement score could range from 80 to 120% (with the target of 100%), based on the corporate accomplishments measured against that year's objectives. For instance, the 2012 corporate score was 80% while the 2013 score was 114%. These scores are then weighted to the target bonus numbers.

Under the 2013 annual incentive plan, the named executive officers had a targeted annual payout of between 30% and 55% of their base salary, based on the achievement of the corporate goals.

***Highlights of the 2013 accomplishments taken into account by the Compensation Committee to determine overall corporate performance included the following:***

Completed the enrollment and dosing of the Phase II study for the lead drug VGX-3100;

Achieved a partnership with Roche exceeding \$400 million in potential milestone payments;

Advanced a high-quality and market competitive research and development pipeline with 18 peer-reviewed publications and 82 filed patents in 2013;

Received revenue and funding from non-dilutive sources; and

Maintained strong financial position with combination of equity, licensing and grant funding.

***Long-Term Equity-Based Incentive Compensation***

Our long-term incentive program provides an annual award, with the potential for periodic awards, which is performance based. The objective of the program is to align compensation for named executive officers over a multi-year period directly with the interests of our stockholders by motivating and rewarding creation and preservation of long-term stockholder value. We believe that we can maximize our long-term performance best if we tie the value of the long-term benefits our executives receive to our long-term performance.

The primary form of equity compensation that we have historically awarded to our executive officers is stock options. Our Compensation Committee receives preliminary recommendations for periodic stock option grants from our Chief Executive Officer. Our Compensation Committee then reviews the recommendations and recommends stock option grants for all of our officers, including our Chief Executive Officer and the other named executive officers, to our Board for approval.

Stock option awards provide our executive officers with the right to purchase shares of our common stock at a fixed exercise price typically for a period of up to ten years, subject to continued service with us in accordance with the terms of our equity incentive plans, and generally vest over four years. We do not grant stock options that have exercise prices below the fair market values of our common stock on the date of grant. We do not reduce the exercise price of stock options if the price of our common stock subsequently declines below the exercise price unless we first obtain stockholder approval. However, we do adjust the exercise price of previously granted stock options to reflect recapitalizations, stock splits, mergers, and similar events as permitted by the applicable stock plans.

We generally grant stock options to our employees, including our named executive officers, in connection with their initial employment with us. We also typically grant stock options on an annual basis as part of annual

performance reviews of our employees. We grant equity incentive compensation to our executive officers because we believe doing so will motivate our executives by aligning their interest more closely with the interest of our stockholders.

On March 14, 2013, we granted stock options to purchase 430,000 shares, 180,000 shares, 180,000 shares and 180,000 shares of our common stock to J. Joseph Kim, Mark L. Bagarazzi, Peter D. Kies and Niranjana Y. Sardesai, respectively, at an exercise price of \$0.54 per share. On March 26, 2014, we granted stock options to purchase 300,000 shares, 150,000 shares, 150,000 shares and 150,000 shares of our common stock to J. Joseph Kim, Mark L. Bagarazzi, Peter D. Kies and Niranjana Y. Sardesai, respectively, at an exercise price of \$3.23 per share. All stock option awards vest in four equal installments of 25% immediately as of the grant date and 25% on each anniversary thereafter.

#### **Other Aspects of Our Compensation Philosophy**

##### ***Other Benefits***

We provide our named executive officers with the same employee benefits that all of our other employees receive under our broad-based benefit plans. These plans provide for health benefits, life insurance and other welfare benefits.

##### ***Perquisites***

We do not provide our named executive officers with any retirement or welfare plan benefits that we do not provide to all of our other employees.

##### ***Risks Related to Compensation Policies and Practices***

The Compensation Committee has considered whether our overall compensation program for employees in 2014 creates incentives for employees to take excessive or unreasonable risks that could materially harm our Company. We believe that several features of our compensation policies for management employees appropriately mitigate such risks, including a mix of long- and short-term compensation incentives that we believe is properly weighted, the uniformity of compensation practices across our Company and the use of our 2014 business plan, which the Compensation Committee regards as setting an appropriate level of risk taking for us, as a baseline for bonus plan targets for our management. We also believe our internal legal and financial controls appropriately mitigate the probability and potential impact of an individual employee committing us to a harmful long-term business transaction in exchange for short-term compensation benefits.

##### ***Recoupment Policy***

In order to align further management's interests with the interests of our stockholders and to support good corporate governance practices, it is the intention of our Board to adopt a recoupment policy applicable to our annual bonus based on our results of operations and to stock options we have granted to our executive officers promptly following the definitive adoption of regulations under the Dodd-Frank Act. Subject to rules of the SEC and NYSE MKT, in the event that we are required to prepare an accounting restatement due to the material noncompliance with any financial reporting requirement under the federal securities laws, we will recover from any of our current or former executive officers, as determined in accordance with such rules, who received incentive-based compensation (including stock options awarded as compensation) during the three-year period preceding the date on which we are required to prepare an accounting restatement, based on the erroneous data, in excess of what would have been paid to the executive officer under the accounting restatement and any respective profits that officer has realized from the sale of our securities during the 12-month period preceding the date on which we are required to prepare an accounting restatement.

Under an executive employment agreement, J. Joseph Kim, Ph.D. serves as our Chief Executive Officer. The agreement provides that Dr. Kim is entitled to receive an annual salary of \$254,616, subject to upward

adjustment. He is also eligible to receive an incentive cash bonus up to the amount, based upon the criteria as may be determined by our Board and targeted at 30% or more of the base salary. In addition to the salary and cash bonus, he is also entitled to participate in our employee benefit plans or programs, and shall be entitled to such other fringe benefits, as are from time to time adopted by the our Board. Dr. Kim's current base salary is \$569,000.

Under Dr. Kim's employment agreement, if we terminate his employment at any time without cause, as defined in the employment agreement, Dr. Kim is entitled to receive severance compensation in the form of monthly payments of his then-current base salary and of the pro rata bonus amount for a period of 24 months following the effective date of such termination. The pro rata bonus amount shall mean one-twelfth of the greater of (A) the most recent annual cash bonus paid prior to his termination, or (B) the average of the three most recent annual cash bonuses paid prior to his termination. We will also continue to pay his COBRA premiums for 18 months thereafter.

If Dr. Kim is terminated as a result of change-in-control, Dr. Kim is entitled to receive payments due to him under the conditions of termination without cause as outlined above and a lump-sum cash severance payment equal to his then-current monthly base salary and the pro rata bonus amount multiplied by 24 but discounted to present value based on applicable federal rate under the Code.

For purposes of Dr. Kim's employment agreement, cause means (1) conviction of Dr. Kim of any felony; (2) participation by Dr. Kim in any fraud or act of dishonesty against us; (3) material violation by Dr. Kim of (i) any contract between us and Dr. Kim, or (ii) any statutory duty of Dr. Kim to us; (4) conduct of Dr. Kim that, based upon a good faith and reasonable factual investigation and determination by our Board, demonstrates Dr. Kim's gross unfitness to serve; or (5) the continued, willful refusal or failure by Dr. Kim to perform any material duties reasonably requested by our Board; provided, however, that in the case of conduct described in clauses (3), (4) and (5) above, such conduct shall not constitute cause unless (a) our Board shall have given Dr. Kim written notice setting forth with specificity (i) the conduct deemed to constitute cause, (ii) reasonable action that would remedy the objectionable conduct and (iii) a reasonable time (not less than 10 days) within which Dr. Kim may take such remedial action, and (b) Dr. Kim shall not have taken such specified remedial action within such specified reasonable time.

Under the employment agreement, a change in control shall be deemed to have occurred upon:

(i) an acquisition by any person, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Exchange Act), of beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of 30% or more of either (A) our then outstanding shares of common stock or (B) the combined voting power of our then outstanding voting securities entitled to vote generally in the election of directors; excluding, however, the following: (1) any acquisition directly from us, other than an acquisition by virtue of the exercise of a conversion privilege unless the security being so converted was itself acquired directly from us; (2) any acquisition by us; and (3) any acquisition by an employee benefit plan (or related trust) sponsored or maintained by us;

(ii) a change in the composition of our Board such that during any period of two consecutive years, individuals who at the beginning of such period constitute our Board, and any new director (other than a director designated by a person who has entered into an agreement with us to effect a transaction described in clause (i), (iii) or (iv) of this definition whose election by our Board or nomination for election by our stockholders was approved by a vote of at least two-thirds of the directors then still in office who either were directors at the beginning of the period or whose election or nomination for election was previously so approved, cease for any reason to constitute at least a majority of the members thereof;

(iii) the approval by our stockholders of a merger, consolidation, reorganization or similar corporate transaction, whether or not we are the surviving corporation in such transaction, in which outstanding shares of our common stock are converted into (A) shares of stock of another company, other than a conversion into shares of voting common stock of the successor corporation (or a holding company thereof)

representing 51% or more of the voting power of all capital stock thereof outstanding immediately after the merger or consolidation or (B) other securities (of either our securities or securities of another company) or cash or other property;

(iv) the approval by our stockholders of the issuance of shares of our common stock in connection with a merger, consolidation, reorganization or similar corporate transaction in an amount in excess of 49% of the number of shares of our common stock outstanding immediately prior to the consummation of such transaction; or

(v) the approval by our stockholders of (A) the sale or other disposition of all or substantially all of our assets or (B) our complete liquidation or dissolution.

#### **Employment Agreement with Mark L. Bagarazzi, M. D.**

In January 2012, we entered into an employment agreement with Dr. Bagarazzi pursuant to which he serves as Chief Medical Officer. The employment agreement provides an annual base salary in the amount of \$312,000 for Dr. Bagarazzi, subject to upward adjustment yearly by our Compensation Committee. If Dr. Bagarazzi's employment is terminated by reason of death or total disability, we will pay Dr. Bagarazzi or his estate or representative, as applicable, any unpaid portion of his base salary computed on a pro rata basis through the date of termination, any unreimbursed expenses, all other accrued but unpaid rights as determined under any of our plans and programs in which Dr. Bagarazzi is then participating, and, in the case of total disability, a continuation of medical benefits for up to 60 days and COBRA premiums for six months thereafter. In the case of total disability, Dr. Bagarazzi will also receive a lump-sum payment equal to six months of his aggregate base salary then in effect.

If we terminate Dr. Bagarazzi's employment for cause, as defined in the agreement, or if Dr. Bagarazzi terminates employment for other than good reason, as defined in the agreement, we will pay him any unpaid portion of his base salary computed on a pro rata basis through the date of termination, any unreimbursed expenses and all other accrued but unpaid rights as determined under our plans and programs in which he is then participating.

If we terminate Dr. Bagarazzi's employment other than on account of death, total disability or cause or Dr. Bagarazzi terminates his employment for good reason, as defined in the agreement, on 30 days' prior written notice, we will pay him any unpaid portion of his base salary computed on a pro-rata basis through the date of termination, any unreimbursed expenses, all other accrued but unpaid rights as determined under our plans and programs in which Dr. Bagarazzi is then participating, a severance payment in the form of monthly payments of base salary for a period of 12 months following the effective date of termination and COBRA payments for 12 months following the effective date of termination. If Mr. Kies is terminated involuntarily without cause, other than on account of death, Mr. Kies shall receive severance payments in the form of monthly payments of his base salary and COBRA premiums for a period of twelve months.

If Mr. Kies terminates the agreement due to our material breach or default, a change in his position or duties or a company relocation of his position without his consent within the initial term of the agreement or after a change of control, or we terminate Mr. Kies without cause or upon death or disability, Mr. Kies (or his estate as applicable) may be entitled to an amount equal to the annual bonus, if any, multiplied by the fraction of which the number of days between the fiscal year end related to the bonus and the date of termination is the numerator, and 365 is the denominator.

In addition, for purposes of the employment agreement, we may immediately terminate Mr. Kies for cause upon the occurrence of any of the following events: (i) Mr. Kies acts unlawfully, dishonestly, in bad faith or grossly negligent with respect to our business as determined by our Board (in some cases, upon completion of a reasonable investigation and provision of a detailed report of the results of such investigation to Mr. Kies); (ii) Mr. Kies commits any crime or fraud against us or our property or the conviction of employee of any felony offense or crime reasonably likely to bring discredit upon the employee or us; or (iii) a material breach or default of any term of the employment agreement by Mr. Kies if such material breach or default remains unremedied 30 days after we deliver written notice of the material breach or default to Mr. Kies.

Mr. Sardesai's current base salary is \$371,000.

If Dr. Sardesai's employment is terminated by reason of death or total disability, we will pay Dr. Sardesai or his estate or representative, as applicable, any unpaid portion of his base salary computed on a pro rata basis through the date of termination, any unreimbursed expenses, all other accrued but unpaid rights as determined under any of our plans and programs in which Mr. Sardesai is then participating, and, in the case of total disability, a continuation of medical benefits for up to 60 days and COBRA premiums for six months thereafter. In the case of total disability, Dr. Sardesai will also receive a lump-sum payment equal to six months of his aggregate base salary then in effect.

As of January 1, 2014 the number of securities available for future issuance under the 2007 Omnibus Incentive Plan increased by 2,055,331.

**Certain Relationships and Related Transactions**

Since January 1, 2013, there has not been, nor is there currently proposed, any transaction or series of similar transactions to which we were or are a party in which the amount involved exceeds \$120,000 and in which any director, executive officer or beneficial holder of more than 5% of any class of our voting securities or members of such person's immediate family had or will have a direct or indirect material interest.

**SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Exchange Act requires our officers, directors and persons who beneficially own more than ten percent of our common stock to file with the SEC initial reports of ownership and reports of changes in beneficial ownership of our common stock. Officers, directors and 10% or greater stockholders are required by the SEC regulations to furnish us with copies of all Section 16(a) forms they file.

Based solely on our review of the copies of such reports furnished to us, management believes that all officers, directors and greater than ten percent stockholders complied with the filing requirements of Section 16(a) for the year ended December 31, 2013.

**PROPOSAL NO. 2****RATIFICATION OF APPOINTMENT OF INDEPENDENT****REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has appointed Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014 and has further directed that the appointment of the independent registered public accounting firm be submitted for ratification by our stockholders at the Annual Meeting. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting, will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Stockholder ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm is not required by our bylaws or otherwise. However, our Board is submitting the appointment of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate practice. If our stockholders fail to ratify the appointment, the Audit Committee will reconsider whether or not to retain that firm. Even if the appointment is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of us and our stockholders.

The affirmative vote of the holders of a majority of the shares present or represented by proxy and voting at the Annual Meeting is required to ratify the appointment of Ernst & Young LLP.

The following table sets forth the aggregate fees billed to us for the fiscal years ended December 31, 2013 and 2012 by Ernst & Young LLP:

<b>Year</b>	<b>Audit Fees</b>	<b>Tax Fees</b>	<b>Total Fees</b>
2013	\$ 789,882	\$ 139,500	\$ 929,382
2012	\$ 560,450	\$ 124,500	\$ 684,950

**Audit Fees.** Audit fees consist of fees billed for professional services rendered in connection with the audit of our consolidated annual financial statements and internal control over financial reporting, review of the interim consolidated financial statements included in quarterly reports, as well as fees incurred for audit services that are normally provided by Ernst & Young LLP in connection with other regulatory filings or engagements.

**Tax Fees.** Tax fees include fees for services performed by the professional staff in the tax department of Ernst & Young LLP except for those tax services that could be classified as audit services. These include tax compliance and various tax consultation fees.

Our Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by our independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. The Audit Committee considers whether the provision of each non-audit service is compatible with maintaining the independence of our auditors. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services. The independent registered public accounting firm and management are required to periodically report to our Audit Committee regarding the extent of services provided by the independent auditor in accordance with this pre-approval. Our Audit Committee approved all Tax Fees listed in the table above pursuant to its pre-approval policies and procedures.

**Our Board unanimously recommends that you vote FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the year ending December 31, 2014.**

**PROPOSAL NO. 3**

**REVERSE STOCK SPLIT OF THE COMMON STOCK OF THE COMPANY**

On March 14, 2014, our Board approved an amendment to our Certificate of Incorporation, which the Board is recommending to the stockholders for approval, to implement a reverse split of our common stock at a ratio not less than one-for-two and not greater than to one-for-four, with the exact ratio to be set within the range in the discretion of the Board of Directors without further approval or authorization of the Company's stockholders, provided that the Board of Directors determines to effect the reverse stock split and such amendment is filed with the Delaware Secretary of State no later than December 31, 2014.

Based on the number of shares currently issued and outstanding, immediately following the reverse split the Company would have approximately 120,073,172 shares of Common Stock issued and outstanding (without giving effect to rounding for fractional shares) if the ratio for the reverse split is one-for-two, and 60,036,586 shares of Common Stock issued and outstanding (without giving effect to rounding for fractional shares) if the ratio for the reverse split is one-for-four. Any other ratio selected within such range would result in a number of shares of Common Stock issued and outstanding following the transaction of between two and four shares. Also, immediately following the reverse stock split the holders of 26 shares of our Series C Preferred Stock will have the right to convert those shares into an aggregate of 19,117 shares of Common Stock issued and outstanding (without giving effect to rounding for fractional shares) if the ratio for the reverse split is one-for-two and 9,559 shares of Common Stock issued and outstanding (without giving effect to rounding for fractional shares) if the ratio for the reverse split is one-for-four, with any other ratio selected within such range resulting in a number following the transaction between those share amounts, and the holder each share of Series C Preferred Stock will be entitled to the number of votes for each share of Series C Preferred Stock held as adjusted by the reverse split.

The reverse split will be effective upon the filing of a Certificate of Amendment to the Certificate of Incorporation with the Secretary of State of the State of Delaware. The Board of Directors will determine the exact ratio of the reverse split and the actual time of filing of the applicable Certificate of Amendment, provided that such amendment is filed no later than December 31, 2014. The Board reserves the right, notwithstanding stockholder approval and without further action by stockholders, to elect not to proceed with the reverse split if the Board determines that the reverse split is no longer in our best interests and the interests of our stockholders.

If the proposed reverse split proposal is approved by our stockholders, and if the Board of Directors in its discretion still believes at that time the reverse split is in the best interests of the Company and its stockholders, after the Board of Directors votes in favor of effecting the reverse split, the reverse split will be implemented by filing a Certificate of Amendment to the Company's Certificate of Incorporation with the Secretary of State of the State of Delaware, in the form of Appendix A hereto, and the reverse split will become effective on the date of the filing (the ***Split Effective Date***). We will obtain a new CUSIP number for the new Common Stock effective at the time of the reverse split. Stockholders who held shares of our Common Stock as of the close of business on the Split Effective Date (***Record Holders***) will be notified as soon as practicable after the Effective Date that the reverse split has been effected. Our transfer agent will act as its exchange agent (the ***Exchange Agent***) in implementing the exchange of their certificates. As soon as practicable after the Split Effective Date, Record Holders will be notified and requested to surrender their certificates representing shares of pre-split Common Stock (***Old Common Stock***) to the Exchange Agent in exchange for certificates representing post-split Common Stock (***New Common Stock***). Any fractional shares resulting from the reverse split will be rounded up to nearest whole number. At the Split Effective Date, each lot between two and four shares of Old Common Stock issued and outstanding immediately prior to the effective time will, automatically and without any further action on the part of our stockholders, be combined into and become one share of New Common Stock, subject to the treatment for fractional shares described above, and each certificate that, immediately prior to the effective time represented Old Common Stock, will be deemed cancelled and, for all corporate purposes, will be deemed to evidence ownership of New Common Stock.

As soon as practicable after the Split Effective Date, a letter of transmittal will be sent to stockholders of record as of the Split Effective Date for purposes of surrendering to the transfer agent certificates representing Old Common Stock in exchange for certificates representing New Common Stock shares in accordance with the procedures set forth in the letter of transmittal. No new certificates will be issued to a stockholder until such stockholder has surrendered such stockholder's outstanding certificate(s), together with the properly completed and executed letter of transmittal, to the Exchange Agent. From and after the Split Effective Date, any certificates representing Old Common Stock which are submitted for transfer, whether pursuant to a sale, other disposition or otherwise, will be exchanged for certificates representing New Common Stock. STOCKHOLDERS SHOULD NOT DESTROY ANY STOCK CERTIFICATE(S) AND SHOULD NOT SUBMIT ANY CERTIFICATE(S) UNTIL REQUESTED TO DO SO.

The number of shares which will result in fractional interests cannot be precisely predicted as we cannot determine in advance the number of stockholders whose total holdings are not evenly divisible by the exchange ratio. It is not anticipated that a substantial number of shares will be required to be issued.

#### **Reasons for the Reverse Stock Split**

Our Common Stock is quoted on the NYSE MKT under the symbol **INO**. As of March 26, 2014, the last reported closing price of the Company's Common Stock was \$3.23. The reverse stock split is intended to expand our audience of potential investors, both institutional and retail, by increasing the per share stock price. There are two main factors to consider.

The first factor is that some institutional investors have internal policies preventing the purchase of low-priced stocks. Similarly, non-solicitation rules at most broker-dealers prevent financial advisors or brokers within those firms from soliciting orders in low-priced stocks. In both cases, five dollars is a price level that is commonly set as the minimum price requirement for such institutions or broker-dealers to purchase a common stock.

The second factor is investor psychology related to low-priced stocks or penny stocks. While there may not be a specific price that defines a low-priced or penny stock, we have been repeatedly advised that stocks priced below five or even ten dollars are viewed with hesitation by many institutions and retail investors and their advisors. Price is frequently used as a proxy for quality and low-priced stocks are considered to potentially be of lower investing quality and/or less desirable relative to a company's peers with higher share prices. In a recent comparison of Inovio's peers in terms of market capitalization, very few traded at a share price below five dollars and Inovio ranked almost last in comparative share price.

We believe that the institutional and retail investors who are unable to or choose not to invest in the Company because of our share price and share structure are investors who are more fundamentally oriented and have a longer term investment horizon. We believe that a higher share price and lower share count will increase the perceived quality and appeal of the Company's shares for investment purposes and will significantly expand our audience of potential investors in general and increase our shareholder base of investors with longer term investment horizons specifically. In accomplishing this goal, we may also reduce share price volatility.

We therefore believe that implementing a reverse split will improve the strength and quality of our shareholder base and enhance our potential to appeal to investors with long term investment time horizons that mirror the long-term vision the Company's management has for building shareholder value.

In evaluating the reverse stock split, our Board of Directors also took into consideration negative factors associated with reverse stock splits. These factors include the negative perception of reverse stock splits held by many investors, analysts and other stock market participants, as well as the fact that the stock price of some companies that have effected reverse stock splits has subsequently declined back to pre-reverse stock split levels. The Board, however, determined that these potential negative factors were significantly outweighed by the

potential benefits, and believes that by increasing the per share market price of our common stock as a result of the reverse stock split, we may encourage greater interest in our common stock and enhance the acceptability and marketability of our common stock to the financial community and investing public as well as promote greater liquidity for our stockholders.

#### **Potential Effects of the Reverse Stock Split**

The immediate effect of a reverse stock split will be to reduce the number of shares of Common Stock outstanding, and to increase the trading price of the Common Stock. The reverse stock split also will not affect the number of shares of common stock that our Board of Directors is authorized to issue under our certificate of incorporation, which will remain unchanged at 600,000,000 shares. However, the effect of any reverse stock split upon the market price of the Common Stock cannot be predicted and the history of reverse stock splits for companies in similar circumstances is varied. We cannot assure you that the trading price of the Common Stock after the reverse stock split will rise in exact proportion to the reduction in the number of shares of the Common Stock outstanding as a result of the reverse stock split. Also, as stated above, we cannot assure you that a reverse stock split will lead to a sustained increase in the trading price of the Common Stock. The trading price of the Common Stock may change due to a variety of other factors, including our operating results, other factors related to our business, and general market conditions.

#### **Effect on Ownership by Individual Stockholders**

The New Common Stock issued pursuant to the reverse stock split will be fully paid and non-assessable. All New Common Stock will have the same voting rights and other rights as the Old Common Stock. Our stockholders do not have preemptive rights to acquire additional shares of Common Stock. The reverse stock split will not alter any stockholder's percentage interest in our equity, except to the extent that the reverse stock split results in any of our stockholders owning a fractional share, which will be rounded up to the next whole number of shares.

#### **Effect on Options, Warrants and other Securities**

All outstanding options, warrants, notes, debentures and other securities, including our Series C Preferred Stock, entitling their holders to purchase shares of Common Stock or acquire shares of Common Stock upon conversion, as the case may be, will be adjusted as a result of the reverse stock split, as required by the terms of these securities. In particular, the shares to be acquired upon exercise or conversion for such securities will be reduced, and the exercise price, if applicable, will be increased, in accordance with the terms of each instrument or the applicable provisions of our Certificate of Incorporation.

#### **Other Effects on Outstanding Shares**

As stated above, the rights of the outstanding shares of Common Stock will remain the same after the reverse stock split.

The reverse stock split may result in some stockholders owning "odd-lots" of less than 100 shares of Common Stock. Brokerage commissions and other costs of transactions in odd-lots are generally higher than the costs of transactions in "round-lots" of even multiples of 100 shares.

Our Common Stock is currently registered under Section 12(b) of the Exchange Act. As a result, we are subject to the periodic reporting and other requirements of the Exchange Act. The reverse stock split will not affect the registration of our Common Stock under the Exchange Act.

#### **Fractional Shares**

We will not issue fractional shares in connection with the reverse stock split. Instead, any fractional share resulting from the reverse stock split will be rounded up to the nearest whole share.

### **Accounting Consequences**

The par value of our Common Stock will remain unchanged at \$0.001 per share after the reverse stock split. Also, the capital account of the Company will remain unchanged, and the Company does not anticipate that any other accounting consequences will arise as a result of the reverse stock split.

### **Effectiveness of Amendment**

If the proposed amendment is adopted, it will become effective upon the filing of a certificate of amendment to the Certificate of Incorporation with the Secretary of State of the State of Delaware.

### **Vote Required**

The affirmative vote of the holders of a majority of the votes represented by all outstanding shares of our voting securities is required to approve the amendment to the certificate of incorporation. As result, abstentions and broker non-votes will have the same effect as votes against this proposal.

### **Federal Income Tax Consequences**

We believe that the United States federal income tax consequences of the reverse stock split to holders of Common Stock will be as follows:

- (i) Except as explained in (v) below with respect to fractional shares, no income gain or loss will be recognized by a stockholder on the surrender of the current shares or receipt of the certificate representing new post-split shares.
- (ii) Except as explained in (v) below with respect to fractional shares, the tax basis of the New Common Stock will equal the tax basis of the Old Common Stock exchanged therefore.
- (iii) Except as explained in (v) below, the holding period of the New Common Stock will include the holding period of the Old Common Stock if such Old Common Stock were held as capital assets.
- (iv) The conversion of the Old Common Stock into the New Common Stock will produce no taxable income or gain or loss to us.
- (v) The federal income tax treatment of the receipt of the additional fractional interest by a stockholder is not clear and may result in tax liability not material in amount in view of the low value of such fractional interest.

Our opinion is not binding upon the Internal Revenue Service or the courts, and there can be no assurance that the Internal Revenue Service or the courts will accept the positions expressed above.

THE ABOVE REFERENCED IS A BRIEF SUMMARY OF THE EFFECT OF FEDERAL INCOME TAXATION UPON THE PARTICIPANTS AND THE COMPANY WITH RESPECT TO THE REVERSE STOCK SPLIT, AND DOES NOT CONSTITUTE A TAX OPINION. THIS SUMMARY DOES NOT PURPORT TO BE COMPLETE AND DOES NOT ADDRESS THE FEDERAL INCOME TAX CONSEQUENCES TO TAXPAYERS WITH SPECIAL TAX STATUS. IN ADDITION, THIS SUMMARY DOES NOT DISCUSS THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE OR FOREIGN COUNTRY IN WHICH THE STOCKHOLDER MAY RESIDE, AND DOES NOT DISCUSS ESTATE, GIFT OR OTHER TAX CONSEQUENCES OTHER THAN INCOME TAX CONSEQUENCES. THE COMPANY ADVISES EACH PARTICIPANT TO CONSULT HIS OR HER OWN TAX ADVISOR REGARDING THE TAX CONSEQUENCES OF THE REVERSE STOCK SPLIT AND FOR REFERENCE TO APPLICABLE PROVISIONS OF THE CODE.

### **Recommendation of our Board**

**Our Board unanimously recommends a vote FOR the amendment to the Certificate of Incorporation to effect the reverse split of the Common Stock of the Company under Proposal 3.**

**PROPOSAL NO. 4 APPROVAL OF AN AMENDMENT TO THE 2007 OMNIBUS INCENTIVE PLAN**

Our 2007 Omnibus Incentive Plan, as amended (the Plan), was approved by our stockholders in May 2007. Our Board of Directors approved amendments to the plan in 2008, 2009, 2010 and 2012, each of which were approved by our stockholders. In March 2014, our Board of Directors adopted and approved an amendment to the Plan to increase the number of shares available for grants under the Plan by 5,000,000 shares and so that all shares authorized for issuance under the Plan be eligible for grants as incentive stock options (ISOs) under Section 422 of the Internal Revenue Code of 1986, as amended (the Code), and directed that we submit that amendment for approval at the Annual Meeting. As a result of the prior amendments, including annual share increases as provided under the Plan, an aggregate of 13,971,324 shares of our common stock currently are authorized for issuance under the Plan. If the amendment is approved by our stockholders at the Annual Meeting, Section 4.1 of the Plan, as amended, will read in its entirety as follows:

4.1 Number of Shares Issuable. The maximum aggregate number of shares of Common Stock that may be issued pursuant to Awards shall be 18,971,324 shares of Common Stock, and commencing with the first business day of each calendar year beginning with January 1, 2011, such maximum aggregate number of shares of Common Stock shall be increased by a number equal to the lesser of (i) 2,055,331 or (ii) such lesser number of shares of Common Stock as may be determined by the Board. No more than 18,971,324 shares of Common Stock may be issued under the Plan as Incentive Stock Options, and such number shall not be subject to annual adjustment as described above. The foregoing share limits shall be subject to adjustment in accordance with Section 11.07.

In light of our currently anticipated need to grant additional equity incentives in the future, our Board believes the amendment described above is appropriate to ensure that we continue to have a sufficient number of shares in order to meet our retention and hiring needs. Under applicable NYSE MKT rules, we are required to obtain stockholder approval of this amendment to the Plan. Such approval is also necessary to permit us to continue to grant ISOs to employees under Section 422 of the Code, and to ensure that compensation paid under the Plan continues to be eligible for an exemption from the limits on the tax deductibility imposed by Section 162(m) of Code. Code Section 162(m) limits the deductibility of certain compensation paid to individuals who are covered employees as defined under Section 162(m) and described in more detail below.

As of March 26, 2014, there were awards outstanding under the Plan to acquire 11,942,335 shares of common stock at a weighted average exercise price of \$1.46 per share. As of March 26, 2014, 4 executive officers, 5 non-employee Board members and approximately 70 other employees and consultants were eligible to participate in the Plan. Our common stock is traded on the NYSE MKT under the symbol INO. On March 26, 2014, the last reported sales price for our common stock as quoted on the NYSE MKT was \$3.23 per share.

The purpose of the Plan is to promote the interests of the Company and its stockholders by providing incentives to motivate selected employees, directors and consultants of the Company to achieve long-term corporate objectives and to enable stock-based and cash-based incentive awards to qualify as performance-based compensation for purposes of the tax deduction limitations under Section 162(m) of the Code. As of March 26, 2014, 210,845 shares of common stock remained available for issuance under the Plan. In light of the small number of shares available for issuance under the Plan, the Board believes it is necessary to adopt and approve the amendment of the Plan in order to accomplish the purpose of the Plan and enable us to attract, hire, retain and motivate the skilled employees we need to be successful, especially in the competitive labor markets in which we compete. If the stockholders do not approve this amendment, the Plan will continue in full force in accordance with its terms as they are now in effect.

Approval of the amendment to the Plan will require the affirmative vote of at least a majority in voting interest of the stockholders present in person or by proxy and voting at the Annual Meeting, assuming the presence of a quorum. If the stockholders do not approve the amendment to the Plan, it will not be implemented,

but the Company reserves the right to adopt such other compensation plans and programs that do not otherwise require stockholder approval as it deems appropriate and in the best interests of the Company and its stockholders.

**The Board of Directors Unanimously Recommends a Vote FOR the proposal to approve the amendment to the Plan.**

**General.** The Plan provides for the grant of ISOs, Nonstatutory Stock Options ( NSOs ), Stock Appreciation Rights ( SARs ), Restricted Shares, Restricted Stock Units ( RSUs ), Performance Awards, and other stock-based awards or short-term cash incentive awards.

**Shares Subject to the Plan.** If our stockholders approve the amendment to the Plan, the maximum number of shares of the Company's common stock available for issuance over the term of the Plan may not exceed 18,971,324 shares, provided that commencing with the first business day of each calendar year beginning with January 1, 2011, such maximum number of shares shall be increased by a number equal to the lesser of (i) 2,055,313 or (ii) such lesser number of shares of Common Stock as may be determined by the Board; The maximum number of shares of the Company's common stock available for issuance as ISOs over the term of the Plan may not exceed 18,971,324 shares.

In the event of any merger, consolidation, reorganization, recapitalization, separation, partial or complete liquidation, stock dividend, stock split, reverse stock split, split up, spin-off, or other distribution of our stock or property, a combination or exchange of our common stock, dividend in kind, or other like change in capital structure, change in the number of outstanding shares of common stock, distribution (other than normal cash dividends) to stockholders of the Company, or any similar corporate event, the Compensation Committee shall make appropriate adjustments to the number and kind of shares subject to outstanding awards, the purchase price or exercise price for such shares, the number and kind of shares available for future issuance under the Plan, the maximum number of shares in respect of which awards can be made to any participant in a calendar year, and other determinations applicable to outstanding awards. Therefore, if our stockholders approve Proposal No. 3 and our Board of Directors effects a reverse stock split of our common stock, the Compensation Committee will make appropriate adjustments to the number and kind of shares subject to outstanding awards, the purchase price or exercise price for such shares, the number and kind of shares available for future issuance under the Plan, the maximum number of shares in respect of which awards can be made to any participant in a calendar year, and other determinations applicable to outstanding awards as a result of the reverse stock split.

Common stock covered by any unexercised portions of terminated or forfeited options, common stock subject to Restricted Share awards, RSUs and other stock-based awards that are terminated or forfeited and common stock subject to awards that are otherwise surrendered by a participant may again be subject to new awards under the Plan. Shares of common stock surrendered to or withheld by the Company in payment or satisfaction of an option's purchase price or tax withholding obligation with respect to an award will be available for the grant of new awards under the Plan. In the event of the exercise of SARs, whether or not granted in tandem with options, only the number of shares of common stock actually issued in payment of such SARs will be changed against the number of shares of common stock available for the grant of awards under the Plan.

**Administration.** The Compensation Committee of the Board administers the Plan. All awards are approved by the Compensation Committee, except that our Chief Executive Officer and/or Chairman of the Board of Directors may approve option grants to persons below the level of Vice President of the Company to a maximum individual grant of 50,000 options. With respect to the participation of individuals whose transactions in the Company's equity securities are subject to Section 16 of the Exchange Act, the Plan must be administered in compliance with the requirements, if any, of Rule 16b-3 under the Exchange Act. Subject to the provisions of the Plan, the Compensation Committee determines the persons to whom awards are to be granted, the number of shares to be covered by each award, whether an option is to be an ISO or a NSO, the terms of vesting and exercisability of each option or other award, including the effect thereon of an optionee's termination of service,

the type of consideration to be paid to the Company upon exercise of an option, the duration of each award, and all other terms and conditions of the awards, subject to the condition that neither our board of directors nor the Compensation Committee may reprice stock options. Future grants under the Plan are not yet determinable.

**Eligibility.** Generally, all employees, directors and consultants of the Company or of any present or future parent or subsidiary corporations of the Company are eligible to participate in the Plan. Any person eligible under the Plan may be granted a NSO. However, only employees may be granted ISOs.

**Terms and conditions of awards.** Each award granted under the Plan is evidenced by a written agreement between the Company and the participant specifying the number of shares subject to the award and the other terms and conditions of the award, consistent with the requirements of the Plan. The purchase price per share subject to an option (or the exercise price per share in the case of a SAR) must equal at least the fair market value of a share of the Company's common stock on the date of grant. The purchase price of any ISO granted to a person who at the time of grant owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or any parent or subsidiary corporation of the Company, referred to as a 10% Stockholder, must be at least 110% of the fair market value of a share of the Company's common stock on the date of grant. The term of any award under the Plan may not be for more than ten years or five years in the case of ISOs awarded to any 10% Stockholder. To the extent that the aggregate fair market value of shares of the Company's common stock subject to options designated as ISOs that become exercisable for the first time by a participant during any calendar year exceeds \$100,000, such excess options shall be treated as NSOs.

Generally, an option's purchase price may be paid in cash, by check, or in cash equivalent, by tender of shares of the Company's common stock owned by the optionee having a fair market value not less than the exercise price, or by any lawful method approved by the board or by any combination of these. The Compensation Committee may nevertheless restrict the forms of payment permitted in connection with any option grant.

The Compensation Committee will specify when options granted under the Plan will become exercisable and vested. Shares subject to options generally vest and become exercisable in installments, subject to the optionee's continued employment or service or achievement of specified milestones.

Awards of Restricted Shares consist of a specified number of shares of common stock subject to such terms, conditions and transfer restrictions based on performance standards, periods of service, retention by the participant of a specified number of shares of common stock or other criteria. Awards of RSUs give participants a right to receive shares of common stock in the future subject to such terms, conditions and restrictions as established by the Compensation Committee. RSUs will be settled for common stock, cash or a combination of both as soon as practicable after the Compensation Committee has determined that the terms and conditions of the RSU has been satisfied (or at a later date if the distribution has been deferred).

Performance Awards consist of the right to receive a payment contingent on the extent to which predetermined performance targets have been met during an award period, which shall be two or more fiscal or calendar years. In the Compensation Committee's discretion, newly hired or eligible participants may be allowed to receive Performance Awards after an award period has commenced. Payments of earned Performance Awards will be made in cash, common stock, or a combination of cash and common stock.

Other stock-based awards such as stock purchase rights (with or without loans to participants by the Company), awards of common stock, or awards valued in whole or in part by reference to common stock or dividends on common stock may be granted either alone or in addition to other awards under the Plan. If specified by the Compensation Committee in the award agreement, the recipient of a stock-based award may be entitled to receive, currently or on a deferred basis, interest, dividends or dividend equivalents with respect to the common stock or other securities covered by the award.

Executive officers of the Company who are covered employees for purposes of Section 162(m) of the Code will be eligible to receive short-term cash incentive awards under the Plan. The Compensation Committee will establish objective performance targets for a fiscal year based on one or more performance criteria, and awards will be payable to participants in cash each year upon written certification by the Compensation Committee of attaining the specified performance targets for the preceding fiscal year. Notwithstanding the attainment by the Company of the specified performance criteria, the Committee has the discretion, which need not be applied uniformly among all participants, to reduce or eliminate the award that would be otherwise paid.

**Transferability of awards.** Restricted Shares may not be assigned, transferred (other than by will or the laws of descent and distribution, or to an inter vivos trust), pledged or sold prior to lapse of their restrictions. All other awards may not be assigned or transferred (other than by will or the laws of descent and distribution), and during the lifetime of a participant, only the participant (or a personal representative) may exercise rights under the Plan. A participant's beneficiary may exercise the participant's rights to the extent they are exercisable under the Plan following the death of the participant.

**Section 162(m) of the Code.** The maximum number of shares of common stock with respect to which awards may be granted to a participant during a calendar year is 500,000 shares and the maximum amount cash-based awards a participant may be granted to a participant during a calendar year is \$1,500,000. The foregoing share limitation shall be adjusted proportionately by the Compensation Committee in connection with any change in the Company's capitalization due to a stock split, stock dividend, merger or similar event affecting the common stock and its determination shall be final, binding and conclusive. Under Code Section 162(m) no deduction is allowed in any taxable year of the Company for compensation in excess of \$1 million paid to the Company's covered employees. An exception to this rule applies to compensation that is paid to a covered employee pursuant to a stock incentive plan approved by shareholders and that specifies, among other things, the maximum number of shares with respect to which options and stock appreciation rights may be granted to eligible participants under such plan during a specified period. Compensation paid pursuant to options granted under such a plan and with an exercise price equal to the fair market value of common stock on the date of grant is deemed to be inherently performance-based, since such awards provide value to participants only if the stock price appreciates. To the extent required by Section 162(m) of the Code or the regulations thereunder, in applying the foregoing limitation, if any award is canceled, the canceled award shall continue to count against the maximum number of shares of common stock with respect to which an award may be granted to a participant.

In order for Restricted Stock and Restricted Stock Units to qualify as performance-based compensation, the Compensation Committee must establish a performance goal with respect to such award in writing not later than 90 days after the commencement of the services to which it relates and while the outcome is substantially uncertain. In addition, the performance goal must be stated in terms of an objective formula or standard.

Under Code Section 162(m), a covered employee is the Company's chief executive officer and the three other most highly compensated officers of the Company other than the chief financial officer.

The Plan includes the following performance criteria that may be considered by the Compensation Committee when granting performance-based awards: (i) net earnings or net income (before or after taxes), (ii) earnings per share or earnings per share growth, total units or unit growth, (iii) net sales, sales growth, total revenue, or revenue growth, (iv) net operating profit, (v) return measures (including, but not limited to, return on assets, capital, invested capital, equity, sales or revenue), (vi) cash flow (including, but not limited to, operating cash flow, free cash flow, cash flow return on equity, and cash flow return on investment), (vii) earnings before or after taxes, interest, depreciation and/or amortization, (viii) gross or operating margins, (ix) productivity ratios, (x) share price or relative share price (including, but not limited to, growth measures and total stockholder return), (xi) expense targets, (xii) margins, (xiii) operating efficiency, (xiv) market share or change in market share, (xv) customer retention or satisfaction, (xvi) working capital targets, (xvii) completion of strategic financing goals, acquisitions or alliances and clinical progress, (xviii) Company project milestones and (xvii) economic value added (net operating profit after tax minus the sum of capital multiplied by the cost of capital).

**Merger.** Effective upon a merger, as defined in the Plan, all outstanding awards shall terminate unless they are assumed or continued in connection with the merger. The Compensation Committee has the authority to provide for full or partial vesting of unvested awards and the release from restrictions on transfer and repurchase or forfeiture rights of awards in connection with a merger. The Compensation Committee may condition any such award vesting and exercisability or release from restrictions on the termination of service of the participant to the Company within a specified period following the effective date of the merger.

**Change in control.** Unless otherwise provided in the applicable award agreement, effective upon a change in control, as defined in the Plan, all options and SARs outstanding on the date of such change in control will become immediately and fully exercisable, except as to options or SARs granted to a participant where a change in control resulted from such participant's beneficial ownership of the Company's securities. Unless otherwise provided in the applicable award agreement, effective upon a change in control, all restrictions applicable to Restricted Share and RSU awards will terminate fully and the full number of shares subject to each Restricted Share award or the number of shares subject to settlement under each RSU will immediately be delivered, except as to Restricted Share and RSU awards granted to a participant where a change in control resulted from such participant's beneficial ownership of the Company's securities. Unless otherwise provided in the applicable award agreement, in the event of a change in control, all Performance Awards shall immediately become vested and payable to all participants as provided in the Plan, within 30 days after such change in control, except as to Performance Awards granted to a participant where a change in control resulted from such participant's beneficial ownership of the Company's securities.

**Termination or amendment.** Unless sooner terminated, no awards may be granted under the Plan after March 31, 2017. The Board may terminate or amend the Plan at any time, but, no amendment may adversely affect an outstanding award without the consent of the participant, or make any amendment that requires stockholder approval under the Code or under any other applicable law or rule of any stock exchange that lists the Company's common stock without stockholder approval.

#### **Federal Income Tax Consequences of the 2007 Omnibus Incentive Plan**

The following summary is intended only as a general guide as to the United States federal income tax consequences under current law of participation in the Plan and does not attempt to describe all possible federal or other tax consequences of such participation or tax consequences based on particular circumstances.

**ISOs.** The grant of an ISO under the Plan will not result in any federal income tax consequences to the optionee or the Company. An optionee recognizes no federal taxable income upon exercising an ISO (subject to the alternative minimum tax rules discussed below), and the Company receives no deduction at the time of exercise. In the event of a disposition of stock acquired upon exercise of an ISO, the tax consequences depend upon how long the optionee has held the shares of common stock. If the optionee does not dispose of the shares within two years after the ISO was granted, nor within one year after the ISO was exercised, the optionee will recognize a long-term capital gain (or loss) equal to the difference between the sale price of the shares and the purchase price. The Company is not entitled to any deduction under these circumstances.

If the optionee fails to satisfy either of the foregoing holding periods, he or she must recognize ordinary income in the year of the disposition (referred to as a "disqualifying disposition"). The amount of such ordinary income generally is the lesser of (i) the difference between the amount realized on the disposition and the purchase price or (ii) the difference between the fair market value of the stock on the exercise date and the purchase price. Any gain in excess of the amount taxed as ordinary income will be treated as a long or short-term capital gain, depending on whether the stock was held for more than one year. In the year of the disqualifying disposition, the Company is entitled to a deduction equal to the amount of ordinary income recognized by the optionee, subject to possible limitations imposed by Section 162(m) of the Code and so long as the optionee's total compensation is deemed reasonable in amount.

The spread under an ISO i.e., the difference between the fair market value of the shares at the time of exercise and the purchase price is classified as an item of adjustment in the year of exercise for purposes of the alternative minimum tax. If an optionee's alternative minimum tax liability exceeds such optionee's regular income tax liability, the optionee will owe the larger amount of taxes. In order to avoid the application of alternative minimum tax with respect to ISOs, the optionee must sell the shares within the same calendar year in which the ISOs are exercised. However, such a sale of shares within the same year of exercise will constitute a disqualifying disposition, as described above.

In the event an ISO is amended, such option may be considered deferred compensation and subject to the rules of Section 409A of the Code. An option subject to Section 409A of the Code that fails to comply with the rules of Section 409A can result in the acceleration of income recognition, a 20% additional tax obligation, plus penalties and interest. In addition, the amendment of an ISO may convert the option from an ISO to a NSO.

**NSOs.** The grant of a NSO under the Plan will not result in any federal income tax consequences to the optionee or the Company. Upon exercise of a NSO, the optionee is subject to income taxes at the rate applicable to ordinary compensation income on the difference between the option purchase price and the fair market value of the shares on the date of exercise. This income is subject to withholding for federal income and employment tax purposes. The Company is entitled to an income tax deduction in the amount of the income recognized by the optionee, subject to possible limitations imposed by Section 162(m) of the Code and so long as the Company withholds the appropriate taxes with respect to such income (if required) and the optionee's total compensation is deemed reasonable in amount. Any gain or loss on the optionee's subsequent disposition of the shares of common stock will receive long or short-term capital gain or loss treatment, depending on whether the shares are held for more than one year following exercise. The Company will not receive a tax deduction for any such gain.

In the event a NSO is amended, such option may be considered deferred compensation and subject to the rules of Section 409A of the Code, which provide rules regarding the timing of payment of deferred compensation. An option subject to Section 409A of the Code that fails to comply with the rules of Section 409A may result in the acceleration of income recognition, a 20% additional tax obligation, plus penalties and interest.

**Restricted Shares.** The grant of Restricted Shares will subject the recipient to ordinary compensation income on the difference between the amount paid (if any) for such stock and the fair market value of the shares on the date that the restrictions lapse. This income is subject to withholding for federal income and employment tax purposes. The Company is entitled to an income tax deduction in the amount of the ordinary income recognized by the recipient, subject to possible limitations imposed by Section 162(m) of the Code and so long as the Company withholds the appropriate taxes with respect to such income (if required) and the recipient's total compensation is deemed reasonable in amount. Any gain or loss on the recipient's subsequent disposition of the shares will receive long or short-term capital gain or loss treatment depending on how long the stock has been held since the restrictions lapsed. The Company will not receive a tax deduction for any such gain.

Recipients of Restricted Shares may make an election under Section 83(b) of the Code (a Section 83(b) Election) to recognize as ordinary compensation income in the year that such Restricted Shares are granted, the amount equal to the spread between the amount paid for such stock and the fair market value on the date of the issuance of the stock. If such an election is made, the recipient recognizes no further amounts of compensation income upon the lapse of any restrictions and any gain or loss on subsequent disposition will be long or short-term capital gain to the recipient. A Section 83(b) Election must be made within 30 days from the time the Restricted Shares are issued.

**SARs.** Recipients of SARs generally should not recognize income until a SAR is exercised (assuming there is no ceiling on the value of the right). Upon exercise, the recipient will normally recognize taxable ordinary income for federal income tax purposes equal to the amount of cash and fair market value of the shares, if any, received upon such exercise. Recipients who are employees generally will be subject to withholding for federal income and employment tax purposes with respect to income recognized upon exercise of a SAR. Recipients will

recognize gain upon the disposition of any shares received on exercise of a SAR equal to the excess of (i) the amount realized on such disposition over (ii) the ordinary income recognized with respect to such shares under the principles set forth above. That gain will be taxable as long or short-term capital gain depending on whether the shares were held for more than one year. The Company will be entitled to a tax deduction to the extent and in the year that ordinary income is recognized by the recipient, subject to possible limitations imposed by Section 162(m) of the Code and so long as the Company withholds the appropriate taxes with respect to such income (if required) and the recipient's total compensation is deemed reasonable in amount.

In the event a SAR is amended, such SAR may be considered deferred compensation and subject to the rules of Section 409A of the Code, which provide rules regarding the timing of payment of deferred compensation. A SAR subject to Section 409A of the Code that fails to comply with the rules of Section 409A may result in the acceleration of income recognition, a 20% additional tax obligation, plus penalties and interest.

**RSUs.** Recipients of RSUs generally should not recognize income until such units are converted into cash or shares of stock. Upon conversion, the recipient will normally recognize taxable ordinary income for federal income tax purposes equal to the amount of cash and fair market value of the shares, if any, received upon such conversion. Recipients who are employees generally will be subject to withholding for federal income tax purposes upon conversion of the RSUs and withholding for employment tax purposes when the RSUs vest. Participants will recognize gain upon the disposition of any shares received upon conversion of the RSUs equal to the excess of (i) the amount realized on such disposition over (ii) the ordinary income recognized with respect to such shares under the principles set forth above. That gain will be taxable as long or short-term capital gain depending on whether the shares were held for more than one year. The Company will be entitled to a tax deduction to the extent and in the year that ordinary income is recognized by the recipient, subject to possible limitations imposed by Section 162(m) of the Code and so long as the Company withholds the appropriate taxes with respect to such income (if required) and the recipient's total compensation is deemed reasonable in amount.

RSUs also can be considered nonqualified deferred compensation and subject to the Section 409A of the Code. A grant of RSUs that does not meet the requirements of Section 409A of the Code will result in the acceleration of income recognition, a 20% additional tax obligation, plus penalties and interest.

**Performance Awards.** Recipients of Performance Awards generally should not recognize income until such awards are paid in cash or shares of stock. Upon payment, the recipient will normally recognize taxable ordinary income for federal income tax purposes equal to the amount of cash and fair market value of the shares, if any, received in such payment. Recipients who are employees generally will be subject to withholding for federal income and employment tax purposes with respect to income recognized upon the payment of Performance Awards. Participants will recognize gain upon the disposition of any shares received upon the payment of Performance Awards equal to the excess of (i) the amount realized on such disposition over (ii) the ordinary income recognized with respect to such shares under the principles set forth above. That gain will be taxable as long or short-term capital gain depending on whether the shares were held for more than one year. The Company will be entitled to a tax deduction to the extent and in the year that ordinary income is recognized by the recipient, subject to possible limitations imposed by Section 162(m) of the Code and so long as the Company withholds the appropriate taxes with respect to such income (if required) and the recipient's total compensation is deemed reasonable in amount.

**Other stock-based awards.** Recipients of unrestricted stock will recognize ordinary income equal to the difference between the amount paid for such unrestricted stock and the fair market value of the unrestricted stock on the grant date. This income is subject to withholding for federal income and employment tax purposes. Any gain or loss on the recipient's subsequent disposition of the shares receives long or short-term capital gain or loss treatment depending on how long the stock has been held since the date such unrestricted stock was granted. The Company will be entitled to a tax deduction to the extent and in the year that ordinary income is recognized by the recipient, subject to possible limitations imposed by Section 162(m) of the Code and so long as the Company withholds the appropriate taxes with respect to such income (if required) and the recipient's total compensation is deemed reasonable in amount.

**Dividends and dividend equivalents.** Recipients of awards that earn dividends or dividend equivalents recognize ordinary income on any dividend payments received with respect to unvested and/or unexercised shares subject to such awards, which income is subject to withholding for federal income and employment tax purposes.

**Short-term cash incentive awards.** Recipients of short-term cash incentive awards will recognize ordinary income equal to the amount paid under such awards. This income is subject to withholding for federal income and employment tax purposes. The Company will be entitled to a tax deduction to the extent and in the year that ordinary income is recognized by the recipient, subject to possible limitations imposed by Section 162(m) of the Code and so long as the Company withholds the appropriate taxes with respect to such income (if required) and the recipient's total compensation is deemed reasonable in amount.

**PROPOSAL NO. 5**

**NON-BINDING, ADVISORY VOTE ON EXECUTIVE COMPENSATION**

We are providing our stockholders with the opportunity to vote on the compensation of our named executive officers as disclosed in this Proxy Statement. We must submit this non-binding, advisory vote to our stockholders no less frequently than once every three years. At the 2014 Annual Meeting, our stockholders will vote whether to approve the following non-binding, advisory resolution on the approval of the compensation of the named executive officers:

RESOLVED, that the stockholders of the Company approve the compensation of the Company's named executive officers, as disclosed in the Company's proxy statement with respect to its 2014 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the SEC, including the compensation disclosure and analysis, or CD&A, the compensation tables and the narrative disclosures that accompany those tables in the Company's proxy statement for its 2014 annual meeting of stockholders.

The compensation of our named executive officers that is the subject of the foregoing resolution is the compensation disclosed in the sections titled Compensation Discussion and Analysis, Executive Compensation, Summary Compensation Table, Grants of Plan-Based Awards, Exercised, and Outstanding Equity Awards at Fiscal Year End, and the accompanying narrative disclosures. You are encouraged to carefully review these sections.

The section of this Proxy Statement titled Compensation Discussion and Analysis includes a detailed discussion of each of the following as it relates to our named executive officers:

the objectives of our compensation programs;

what our compensation programs are designed to reward;

each element of compensation;

why we choose to pay each element of compensation;

how we determine the amount, and, where applicable, the formula, for each element to pay; and

how each compensation element and our decisions regarding that element fit into our overall compensation objectives.

**The Compensation Committee evaluated the named executive officers performance in 2013 and concluded that they had earned a 14%-19% based salary increase, effective March 2014, primarily due to the execution of the fiscal 2013 strategy and corporate objectives. Compensation levels for our officers were adjusted in 2014 to be more in line with our survey group and be more competitive. We target these items of compensation to be at the 50th percentile of a combination of our survey group and market studies.**

Our Board unanimously recommends that you approve the foregoing resolution for the same reasons that we decided to provide this compensation to our named executive officers as articulated in the Compensation Discussion and Analysis section.

**Vote Required; Effect of Vote**

The approval of the resolution in this Proposal 5 requires the affirmative vote of the holders of a majority of the shares present or represented by proxy and voting at the Annual Meeting. Abstentions and broker non-votes could prevent the approval of Proposal 5 because they do not count as affirmative votes.

## Edgar Filing: INOVIO PHARMACEUTICALS, INC. - Form DEF 14A

The resolution that is the subject of this Proposal 5 is a non-binding, advisory resolution. Accordingly, the resolution will not have any binding legal effect regardless of whether it is approved or not and will not be

construed as overruling a decision by us or our Board or to create or imply any change to the fiduciary duties of our Board or any additional fiduciary duties for us or our Board. Furthermore, because this non-binding, advisory resolution primarily relates to compensation of our named executive officers that has already been paid or contractually committed, there is generally no opportunity for us to revisit those decisions. However, our Compensation Committee does intend to take the results of the vote on this Proposal 5 into account in its future decisions regarding the compensation of our named executive officers.

#### **Recommendation of our Board**

**Our Board unanimously recommends a vote FOR the approval of this resolution under Proposal 5.**

You are also advised to review our bylaws, which may be requested in writing from our Secretary at the address above and which contain additional requirements about advance notice of stockholder proposals.
