Item 7.01. Regulation FD.

In connection with the proposed acquisition (the Transaction) of Covidien plc (Covidien) by Medtronic, Inc. (Medtronic), Medtronic Holdings Limited (to be re-registered as a public limited company and renamed Medtronic plc) (New Medtronic) filed a registration statement on Form S-4 with the Securities and Exchange Commission, which was declared effective on November 20, 2014. The definitive joint proxy statement of Medtronic and Covidien, which also serves as a prospectus of New Medtronic and which forms a part of the Form S-4, was filed by each of Medtronic, Covidien and New Medtronic on November 20, 2014 (the Joint Proxy Statement/Prospectus).

Profit Forecast Document

In accordance with the Irish Takeover Panel Act, 1997, Takeover Rules 2013 (the Irish Takeover Rules), where Medtronic or Covidien issues earnings guidance (known as a profit forecast under the Irish Takeover Rules), that profit forecast must be repeated in the proxy statement sent to Covidien shareholders and certain attestations to that profit forecast must also be provided. As Medtronic has previously publicly disclosed a profit forecast for its 2015 fiscal year, that profit forecast has been repeated in the Joint Proxy Statement/Prospectus on pages 473 to 474, and also is enclosed with a letter (the Profit Forecast Document) being mailed to Covidien shareholders with the Joint Proxy Statement/Prospectus. In addition to setting out such profit forecast, the Profit Forecast Document includes reports from (1) Medtronic's reporting accountants, the Irish firm of PricewaterhouseCoopers, One Spencer Dock, North Wall Quay, Dublin 1, Ireland (PricewaterhouseCoopers) (the PricewaterhouseCoopers Report), confirming that the Medtronic profit forecast has been properly compiled on the basis of the assumptions made by the directors of Medtronic and the basis of accounting used is consistent with the accounting policies of Medtronic, and (2) Medtronic's financial advisor, Perella Weinberg Partners LP (Perella Weinberg) (the Perella Weinberg Report), confirming that it considers that the Medtronic profit forecast has been made with due care and consideration, each such report prepared solely for the purposes of complying with Rule 28.3 of the Irish Takeover Rules.

PricewaterhouseCoopers has prepared the PricewaterhouseCoopers Report at Medtronic's request solely to enable Medtronic to meet certain of its obligations pursuant to the Irish Takeover Rules. The PricewaterhouseCoopers Report was prepared in accordance with the Standards for Investment Reporting issued by the Auditing Practices Board for use in the United Kingdom and published by the Institute of Chartered Accountants in Ireland (the Applicable Standards). PricewaterhouseCoopers's work on the Medtronic profit forecast does not constitute an audit. It was not carried out in accordance with auditing standards generally accepted in the United States of America or auditing standards of the Public Company Accounting Oversight Board (United States) nor does the PricewaterhouseCoopers Report constitute an examination, compilation or review under those standards. Accordingly, it should not be relied upon as if it had been carried out in accordance with those United States standards and practices or any standards other than the Applicable Standards.

In accordance with the Irish Takeover Rules, Medtronic is furnishing to Covidien shareholders the PricewaterhouseCoopers Report and the Perella Weinberg Report, which are attached as Exhibits 99.1 and 99.2, respectively, to this Current Report on Form 8-K and which are incorporated herein by reference.

The Profit Forecast Document and a letter that includes a statement that Medtronic has previously publicly disclosed regarding the synergies that may result from the Transaction (known as a merger benefit statement under the Irish Takeover Rules) that has been repeated in the Joint Proxy Statement/Prospectus on pages 477 through 478 and certain attestations to that merger benefit statement are being filed separately by Medtronic under Rule 425 of the Securities Act of 1933, as amended, substantially concurrently with this Current Report on Form 8-K.

The information contained in this Form 8-K shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except as shall be expressly set forth by specific

Cautionary Statement Regarding Forward-Looking Statements

Statements contained in this communication that refer to New Medtronic's, Medtronic's and/or Covidien's estimated or anticipated future results, including estimated synergies, or other non-historical facts are forward-looking statements that reflect Medtronic's and/or Covidien's current perspective of existing trends and information as of the date of this communication. Forward-looking statements generally will be accompanied by words such as anticipate, believe, plan, could, should, estimate, expect, forecast, outlook, guidance, intend, may, might, will, project, or other similar words, phrases or expressions. It is important to note that these goals and expectations are not predictions of actual performance. Actual results may differ materially from current expectations depending upon a number of factors affecting New Medtronic's business, Medtronic's business, Covidien's business and risks associated with the proposed transactions. These factors include, among others, the inherent uncertainty associated with financial projections; restructuring in connection with, and successful close of, the Covidien acquisition; subsequent integration of the Covidien acquisition and the ability to recognize the anticipated synergies and benefits of the Covidien acquisition; the risk that the required regulatory approvals for the proposed transactions are not obtained, are delayed or are subject to conditions that are not anticipated; the anticipated size of the markets and continued demand for Medtronic's and Covidien's products; the impact of competitive products and pricing; access to available financing (including financing for the acquisition or refinancing of Medtronic or Covidien debt) on a timely basis and on reasonable terms; the risks of fluctuations in foreign currency exchange rates; the risks and uncertainties normally incident to the medical device industry, including competition in the medical device industry; product liability claims; the difficulty of predicting the timing or outcome of pending or future litigation or government investigations; variability of trade buying patterns; the timing and success of product launches; the difficulty of predicting the timing or outcome of product development efforts and regulatory agency approvals or actions, if any; potential for adverse pricing movement; costs and efforts to defend or enforce intellectual property rights; difficulties or delays in manufacturing; reduction or interruption in supply; product quality problems; the availability and pricing of third-party sourced products and materials; risks associated with self-insurance and commercial insurance; successful compliance with governmental regulations applicable to New Medtronic's, Medtronic's and Covidien's facilities, products and/or businesses; changes in the laws and regulations, affecting among other things, pricing and reimbursement of pharmaceutical products; health care policy changes; risks associated with international operations; changes in tax laws or interpretations that could increase New Medtronic's, Medtronic's and/or Covidien's consolidated tax liabilities, including, if the transaction is consummated, changes in tax laws that would result in New Medtronic being treated as a domestic corporation for United States federal tax purposes; the loss of key senior management or scientific staff; and such other risks and uncertainties detailed in Medtronic's periodic public filings with the SEC, including but not limited to Medtronic's Annual Report on Form 10-K for the fiscal year ended April 25, 2014, in Covidien's periodic public filings with the SEC, including but not limited to Covidien's Annual Report on Form 10-K for the fiscal year ended September 27, 2013, and from time to time in Medtronic's and Covidien's other investor communications. Except as expressly required by law, each of New Medtronic and Medtronic disclaims any intent or obligation to update or revise these forward-looking statements.
