This proxy statement is first being released to stockholders by the Company on or about April 7, 2015.

Important Notice Regarding the Availability of Proxy Materials for the

Stockholder Meeting to be Held on May 13, 2015.

The proxy statement for the Annual Meeting and Annual Report

for the fiscal year ended December 31, 2014 are available at <http://wfss.mobular.net/wfss/h/>.

ARTICLE I: PROXY MATERIALS AND ANNUAL MEETING

QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND THE ANNUAL MEETING

1. Q: Why am I receiving these materials?

A. We are furnishing the enclosed Notice of Annual Meeting of Stockholders, proxy statement and proxy card to you, and to all stockholders of record as of the close of business on March 27, 2015, because the board of directors of Hyatt is soliciting your proxy to vote at the Annual Meeting and at any adjournment or postponement thereof. Also enclosed is our Annual Report for the fiscal year ended December 31, 2014, which, along with our proxy statement, is also available online at <http://wfss.mobular.net/wfss/h/>.

2. Q: When and where is the Annual Meeting?

Edgar Filing: Hyatt Hotels Corp - Form DEF 14A

A: The Annual Meeting will be held at The Standard Club, 320 South Plymouth Court, Chicago, Illinois, 60604, on Wednesday, May 13, 2015 at 9:30 a.m., local time.

3. Q: What is the purpose of the Annual Meeting?

A: At our Annual Meeting, stockholders will act upon the matters outlined in this proxy statement and in the Notice of Annual Meeting of Stockholders included with this proxy statement, including the election of four directors; the ratification of Deloitte & Touche LLP as our independent registered public accounting firm; the advisory vote to approve compensation paid to our named executive officers as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission (the *SEC*) (the *Say on Pay Advisory Vote*); and such other matters as may properly come before the meeting or any adjournment or postponement thereof.

Table of Contents

4. Q: How can I attend the Annual Meeting?

A: Only stockholders who own shares of Hyatt common stock as of the close of business on March 27, 2015, the record date, will be entitled to attend the Annual Meeting. A valid admittance slip (or other written proof of stock ownership as described below) and a photo identification (such as a valid driver's license or passport) will be required for admission to the Annual Meeting.

If your shares are registered in your name and you received your proxy materials by mail, an admittance slip appears at the back of this proxy statement. You should bring that admittance slip with you to the Annual Meeting.

If you are a beneficial owner of shares of common stock and your shares are held in a brokerage account or by another nominee as further described in Question 6 below, you will be admitted to the Annual Meeting only if you present either a valid legal proxy from your bank or broker as to your shares, an admittance slip, or a recent bank or brokerage statement demonstrating that you owned shares of Hyatt common stock as of the close of business on March 27, 2015.

No cameras, recording devices, other electronic devices or large packages will be permitted at the Annual Meeting. Photographs and videos taken at the Annual Meeting by or at the request of Hyatt may be used by Hyatt, and by attending the Annual Meeting, you waive any claim or rights with respect to those photographs and their use.

5. Q: What should I do if I receive more than one set of proxy materials?

A: You may receive more than one set of voting materials, including multiple copies of this proxy statement and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account. If you are a stockholder of record and your shares are registered in more than one name, you will receive more than one proxy card. Please vote each proxy card and voting instruction card that you receive.

6. Q: What is the difference between holding shares as a record holder versus a beneficial owner?

A: Most Hyatt stockholders hold their shares through a broker or other nominee rather than directly in their own name. There are some distinctions between shares held of record and those owned beneficially:

Record Holders: If your shares are registered directly in your name with our transfer agent, Wells Fargo Bank, N.A., you are considered, with respect to those shares, the stockholder of record or record holder. As the stockholder of record, you have the right to grant your voting proxy directly to Hyatt or to vote in person at the Annual Meeting. We have enclosed a proxy card for you to use.

Beneficial Owner: If your shares are held in a brokerage account or by another nominee, you are considered the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you automatically, along with a voting instruction card from your broker, bank or nominee. As a beneficial owner, you have the right to direct your broker, bank or nominee how to vote and are also invited to attend the Annual Meeting. Since a beneficial owner is not the stockholder of record, you may not vote these shares in person at the meeting unless you obtain a legal proxy from the broker, bank or nominee that holds your shares, giving you the right to vote the shares at the meeting. Your broker, bank or nominee has enclosed or provided voting instructions for you to use in directing how to vote your shares. If you do not provide specific

Table of Contents

voting instructions by the deadline set forth in the materials you receive from your broker, bank or other nominee, your broker, bank or nominee can vote your shares with respect to discretionary items, but not with respect to non-discretionary items. The election of directors and the Say on Pay Advisory Vote are considered non-discretionary items, while the ratification of the appointment of our independent registered public accounting firm is considered a discretionary item. For non-discretionary items for which you do not give your broker instructions, the shares will be treated as broker non-votes. See Question 12 below for more information about broker non-votes.

7. Q: Who can vote and how do I vote?

A: Only holders of our common stock at the close of business on March 27, 2015, the record date, will be entitled to notice of and to vote at the Annual Meeting. To ensure that your vote is recorded promptly, please vote as soon as possible, even if you plan to attend the Annual Meeting in person. Most stockholders have four options for submitting their votes:

in person at the Annual Meeting with a proxy card/legal proxy;

by mail, using the paper proxy card;

by telephone, by calling the toll-free telephone number on the proxy card; or

through the Internet, using the procedures and instructions described on the proxy card.

Beneficial owners may vote by telephone or Internet if their bank or broker makes those methods available, in which case the bank or broker will enclose the instructions with the proxy materials.

For further instructions on voting, see your proxy card. If you vote by proxy using the paper proxy card, by telephone or through the Internet, the shares represented by the proxy will be voted in accordance with your instructions. If you attend the Annual Meeting, you may also submit your vote in person, and any previous votes that you submitted by mail, telephone or Internet will be superseded by the vote that you cast at the Annual Meeting. Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to vote at the Annual Meeting, you must obtain from the record holder a legal proxy issued in your name.

8. Q: What are my voting choices, and how many votes are required for approval or election?

A: In the vote on the election of four director nominees identified in this proxy statement to serve until the 2018 annual meeting of stockholders and until their respective successors have been duly elected and qualified, stockholders may (1) vote in favor of all nominees or specific nominees; or (2) withhold authority to vote for all nominees or specific nominees. A plurality of the voting power of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote with respect to the election of directors shall elect the directors. **The board of directors unanimously recommends a vote FOR each of the nominees.**

In the vote on the ratification of the appointment of Deloitte & Touche LLP as Hyatt's independent registered public accounting firm for fiscal year 2015, stockholders may (1) vote in favor of the ratification; (2) vote against the ratification; or (3) abstain from voting on the ratification. Ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for 2015 will require the affirmative vote of a majority of the voting power of the shares present or represented by proxy at the Annual Meeting and entitled to vote on the proposal, however, stockholder ratification is not required to authorize the appointment of Deloitte & Touche LLP as our independent registered public accounting firm. **The board of directors unanimously recommends a vote FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for 2015.**

Table of Contents

In the Say on Pay Advisory Vote, stockholders may (1) vote in favor of the proposal; (2) vote against the proposal; or (3) abstain from voting on the proposal. Approval, on an advisory basis, of the compensation paid to our named executive officers as disclosed pursuant to the SEC's compensation disclosure rules will require the affirmative vote of a majority of the voting power of the shares present or represented by proxy at the Annual Meeting and entitled to vote on the proposal. **The board of directors unanimously recommends a vote FOR the approval, on an advisory basis, of the compensation paid to our named executive officers as disclosed pursuant to the SEC's compensation disclosure rules.**

9. Q: How will Hyatt's dual class ownership structure impact the outcome of the voting at the Annual Meeting?

A: The holders of our Class A common stock are entitled to one vote per share and the holders of our Class B common stock are entitled to ten votes per share on all matters to be voted upon at the Annual Meeting. Holders of Class A common stock and Class B common stock will vote together as a single class on all matters to be voted upon at the Annual Meeting.

At the close of business on March 27, 2015, we had outstanding and entitled to vote 35,776,899 shares of Class A common stock and 110,655,463 shares of Class B common stock. Collectively, the holders of Class A common stock on such date will be entitled to an aggregate of 35,776,899 votes, and, collectively, the holders of Class B common stock on such date will be entitled to an aggregate of 1,106,554,630 votes, on all matters to be voted upon at the Annual Meeting. Therefore, for all matters to be voted upon at the Annual Meeting, the holders of our Class B common stock will collectively hold approximately 96.9% of the total voting power of our outstanding common stock. See Question 10 for additional information.

10. Q: How will voting agreements entered into with or among Hyatt's major stockholders impact the outcome of the voting at the Annual Meeting?

A: Voting agreements entered into with or among Hyatt's major stockholders will result in all of the shares of our Class B common stock being voted consistent with the recommendations of Hyatt's board of directors. Pursuant to the terms of the Amended and Restated Global Hyatt Agreement (the "Amended and Restated Global Hyatt Agreement") and the Amended and Restated Foreign Global Hyatt Agreement (the "Amended and Restated Foreign Global Hyatt Agreement"), Pritzker family business interests, which beneficially own in the aggregate 85,543,377 shares of our Class B common stock, or approximately 74.9% of the total voting power of our outstanding common stock, have agreed to vote their shares of our common stock consistent with the recommendation of our board of directors with respect to all matters (assuming agreement as to any such matter by a majority of a minimum of three independent directors (excluding for such purposes any Pritzker)) or, in the case of transactions involving us and an affiliate, assuming agreement of all of such minimum of three independent directors (excluding for such purposes any Pritzker). This voting agreement expires on the date upon which more than 75% of our fully diluted shares of common stock is owned by non-Pritzker family business interests. In addition, other existing stockholders, including entities affiliated with Goldman, Sachs & Co. and Madrone GHC, LLC, that beneficially own in the aggregate 25,112,086 shares of our Class B common stock, or approximately 22.0% of the total voting power of our outstanding common stock, have entered into the Global Hyatt Corporation 2007 Stockholders' Agreement (the "2007 Stockholders Agreement") with us under which they have agreed to vote their shares of Class B common stock consistent with the recommendation of our board of directors, without any separate requirement that our independent directors agree with the recommendation. This voting agreement will expire on the date that Mr. Thomas J. Pritzker is no longer chairman of our board of directors. While these voting agreements are in effect, they may provide our board of directors with

Table of Contents

effective control over matters requiring stockholder approval. Because our board of directors (including all of our independent directors) has recommended a vote FOR proposal one, FOR proposal two and FOR proposal three each stockholder party to the voting agreements will be contractually obligated to vote in favor of proposal one, in favor of proposal two and in favor of proposal three. Because the holders of our Class B common stock hold approximately 96.9% of the total voting power of our outstanding common stock, these voting agreements will cause the outcome of the vote on each of the matters to be voted upon at the Annual Meeting to be consistent with the recommendations of our board of directors.

As used in this Proxy Statement, the term Pritzker family business interests means (1) various lineal descendants of Nicholas J. Pritzker (deceased) and spouses and adopted children of such descendants; (2) various trusts for the benefit of the individuals described in clause (1) and trustees thereof; and (3) various entities owned and/or controlled, directly and/or indirectly, by the individuals and trusts described in (1) and (2).

11. Q: What is the effect of an abstain vote on the proposals to be voted on at the Annual Meeting?

A: An abstain vote with respect to any proposal is considered present and entitled to vote with respect to that proposal, but is not considered a vote cast with respect to that proposal. Therefore, an abstention will not have any effect on the election of directors. Because each of the other proposals requires the affirmative vote of a majority of the voting power of the shares present or represented by proxy at the Annual Meeting and entitled to vote on the proposal in order to pass, an abstention will have the effect of a vote against the remaining proposals.

12. Q: What is the effect of a broker non-vote on the proposals to be voted on at the Annual Meeting?

A: A broker non-vote occurs if your shares are not registered in your name and you do not provide the record holder of your shares (usually a bank, broker, or other nominee) with voting instructions on a matter and the record holder is not permitted to vote on the matter without instructions from you under applicable rules of the New York Stock Exchange (NYSE). A broker non-vote is considered present for purposes of determining whether a quorum exists, but is not considered a vote cast or entitled to vote with respect to such matter. Therefore, broker non-votes will not have any effect on any of the matters to be voted on at the Annual Meeting.

Under NYSE rules, the election of directors and the Say on Pay Advisory Vote are not considered discretionary items. Therefore, if you do not provide instructions to the record holder of your shares with respect to these two proposals, broker non-votes will result with respect thereto. The ratification of appointment of our independent registered public accounting firm is a routine item under NYSE rules. As a result, brokers who do not receive instructions as to how to vote on these matters generally may vote on this matter in their discretion.

13. Q: Who counts the votes?

A: Wells Fargo Bank, N.A., will count the votes. The board of directors has appointed a representative of Wells Fargo Bank, N.A. as the inspector of elections.

14. Q: Revocation of proxy: May I change my vote after I return my proxy?

A: Yes, you may revoke your proxy if you are a record holder by:

filing written notice of revocation with Hyatt's corporate secretary at our principal executive offices at 71 South Wacker Drive, 12th Floor, Chicago, Illinois 60606;

Table of Contents

signing a proxy bearing a later date than the proxy being revoked and submitting it to Hyatt's corporate secretary at our principal executive offices at 71 South Wacker Drive, 12th Floor, Chicago, Illinois 60606; or

voting in person at the Annual Meeting.

If your shares are held in street name through a broker, bank, or other nominee, you need to contact the record holder of your shares regarding how to revoke your proxy.

15. Q: What if I sign and return a proxy card but do not specify a choice for a matter when returning the proxy?

A: Unless you indicate otherwise, the persons named as proxies on the proxy card will vote your shares: FOR all of the nominees for director named in this proxy statement; FOR the ratification of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal year 2015 and FOR the approval of the Say on Pay Advisory Vote.

16. Q: What constitutes a quorum?

A: Presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the voting power of the issued and outstanding shares of Hyatt's common stock entitled to vote at the Annual Meeting will constitute a quorum, permitting the Annual Meeting to proceed and business to be conducted. Proxies received but marked as abstentions or broker non-votes will be included in the calculation of the number of votes considered to be present at the meeting for purposes of determining whether a quorum is present.

17. Q: Where can I find the voting results of the Annual Meeting?

A: We will publish final results on a Current Report on Form 8-K within four business days after the Annual Meeting.

18. Q: Who will pay the costs of soliciting these proxies?

A: We will bear the entire cost of solicitation of proxies, including preparation, assembly, printing and mailing of this proxy statement, the proxy card and any additional information furnished to stockholders. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding shares of common stock beneficially owned by others to forward to such beneficial owners. We may reimburse persons representing beneficial owners of common stock for their reasonable costs of forwarding solicitation materials to such beneficial owners. Original solicitation of proxies may be supplemented by electronic means, mail, facsimile, telephone or personal solicitation by our directors, officers or other employees. No additional compensation will be paid to our directors, officers or other employees for such services.

19. Q: What happens if additional matters are presented at the Annual Meeting?

A: Other than the three proposals described in this proxy statement, we are not aware of any other properly submitted business to be acted upon at the Annual Meeting. If you grant a proxy, the persons named as proxy holders, Mr. Mark S. Hoplamazian and Ms. Rena Hozore Reiss, will have the discretion to vote your shares on any additional matters properly presented for a vote at the Annual Meeting, including matters of which the Company did not receive timely notice. If any of our nominees for

Edgar Filing: Hyatt Hotels Corp - Form DEF 14A

director are unavailable, or are unable to serve or for good cause will not serve, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the board of directors.

PROPOSAL 1 ELECTION OF DIRECTORS

Hyatt's Amended and Restated Certificate of Incorporation provides that the total number of members of the board of directors shall consist of not less than five nor more than 15 members, with the precise number of directors to be determined by a vote of a majority of the entire board of directors. At present, the board of directors has fixed the number of members of the board of directors at 12. Hyatt's Amended and Restated Certificate of Incorporation further provides that the board of directors will be divided into three classes, as nearly equal in number as is practicable, designated Class I, Class II and Class III. Members of each class of the board of directors are elected for a term of office to expire at the third succeeding annual meeting of stockholders after their election, with each director to hold office until his or her successor is duly elected and qualified.

Class III, the class of directors whose term expires at the Annual Meeting, currently consists of four persons. In accordance with the recommendation of the nominating and corporate governance committee, the board of directors has unanimously nominated Richard A. Friedman, Susan D. Kronick, Mackey J. McDonald and Jason Pritzker, the four incumbent directors whose terms expire at the Annual Meeting, to stand for re-election to the board of directors. Each of Messrs. Friedman, McDonald and Jason Pritzker and Ms. Kronick has been nominated to hold office until the 2018 annual meeting of stockholders and until their respective successors have been duly elected and qualified. Unless otherwise instructed by the stockholder, the persons named in the enclosed proxy card will vote the shares represented by such proxy for the election of the nominees named in this proxy statement.

Each of the nominees has consented to serve as a director if elected. If any of the nominees should be unavailable to serve for any reason, the board of directors may designate a substitute nominee or substitute nominees (in which event the persons named on the enclosed proxy card will vote the shares represented by all valid proxy cards for the election of such substitute nominee or nominees). Alternatively, the board of directors may reduce the size of the board of directors or allow the vacancy or vacancies to remain open until a suitable candidate or candidates are identified by the board of directors.

The board of directors unanimously recommends that the stockholders vote FOR each of Richard A. Friedman, Susan D. Kronick, Mackey J. Table of Contents

executive chairman and chief executive officer. Mr. Hoplamazian also serves on our board of directors. As chief executive officer, Mr. Hoplamazian is responsible for setting the strategic direction for the Company and the day-to-day leadership and performance of the Company, while Mr. Thomas J. Pritzker, as executive chairman, provides guidance to the chief executive officer on a variety of key issues and sets the agenda for board of directors meetings (with input from Mr. Hoplamazian) and presides over meetings of the full board of directors. Our board of directors has determined that Mr. Pritzker's active involvement as executive chairman while Mr. Hoplamazian serves as president and chief executive officer and a director benefits the Company as a result of Mr. Pritzker's deep understanding of the Company's operations, relationships with owners and developers and extensive knowledge of the hospitality industry.

Our Corporate Governance Guidelines also provide that from time to time, the independent directors may determine that the board of directors should have a lead director. In the event that the independent directors make such a determination, the chairman of the nominating and corporate governance committee shall become the lead director on an *ex officio* basis. In the event that a lead director is designated, his or her duties would include: assisting the chairman of the board and board of directors in assuring compliance with and implementation of the Company's Corporate Governance Guidelines, coordinating the agenda for and moderating sessions of the board of director's non-management directors and acting as principal liaison between the non-management directors and the chairman of the board on sensitive issues. The Company currently has nine independent directors and to date they have not determined that the board of directors should have a lead director.

Our board of directors believes that this current board leadership structure is in the best interests of the Company and its stockholders at this time. Our Corporate Governance Guidelines provide the flexibility for our board of directors to modify or continue our leadership structure in the future, as it deems appropriate.

Our non-management directors regularly meet in executive session without management present and our independent directors meet in executive session at least once a year. The chairman of the nominating and corporate governance committee presides at such sessions.

Board Role in Risk Oversight

Management is responsible for the Company's day-to-day risk management activities and processes, and our board of directors' role is to engage in informed oversight of and to provide direction with respect to such risk management activities and processes. In fulfilling this oversight role, our board of directors focuses on understanding the nature of our enterprise risks, including risk in our operations, finances and strategic direction. Our board of directors performs this oversight function in a variety of ways, including the following:

the board of directors receives management updates on our business operations, financial results and strategy and, as appropriate, discusses and provides feedback with respect to risks related to those topics;

the Company maintains a risk council that is led by our senior vice president, internal audit and is comprised of certain members of management from different functional areas and business units. The risk council is responsible for identifying, assessing, prioritizing and monitoring critical risks of the Company and periodically reports to the board of directors and the audit committee regarding the Company's risk management processes and procedures; and

while the full board is responsible to monitor enterprise risk management overall, the audit committee assists the board of directors in its oversight of risk management by discussing with management, the internal auditors and the independent auditors the Company's policies and procedures with respect to the process governing risk assessment and risk management. To this end, the audit committee discusses with management the Company's major financial, reporting and disclosure risk exposures and the steps management has taken to monitor and control such exposures. Additionally, the compensation committee helps assess risk associated with the Company's compensation policies and procedures.

DIRECTOR INDEPENDENCE

Under our Corporate Governance Guidelines, our board of directors will be comprised of a majority of directors who qualify as independent directors under the listing standards of the NYSE. Directors who do not meet the NYSE's independence standards, including current and former members of management, also make valuable contributions to the board of directors and to Hyatt by reason of their experience and wisdom, and the board of directors expects that some minority of its members will not meet the NYSE's independence standards.

Table of Contents

Only those directors who the board of directors affirmatively determines have no direct or indirect material relationship with the Company will be considered independent directors, subject to any additional qualifications prescribed under the listing standards of the NYSE. A material relationship is one that would interfere with the director's exercise of independent judgment in carrying out his or her duties and responsibilities as a director. The nominating and corporate governance committee and the board of directors annually review all relevant business relationships any director or nominee for director may have with Hyatt, including the relationships described in the section below titled "Certain Relationships and Related Party Transactions." As a result of this review, the board of directors has determined that each of Messrs. Friedman, McDonald, McMillan, Rocca, Tuttle, Wooten, Wrigley and Mss. Kronick and Nicholson is an independent director under applicable SEC rules and the listing standards of the NYSE, and that each of Messrs. Gregory B. Penner and Byron Trott was an independent director during the time he served as a director under such rules and listing standards. Mr. Trott resigned from the board of directors in January 2014 and Mr. Penner resigned from the board of directors in September 2014.

In making independence determinations, in addition to the relationships described below under "Certain Relationships and Related Party Transactions," the board of directors considered that certain of these directors serve or previously served together on other boards of directors, not-for-profit boards of directors and charitable organizations, certain directors serve as non-management directors or executive officers of companies with which Hyatt does business, and certain directors are affiliated with charitable organizations that received contributions from Hyatt of amounts within the criteria set forth in our Corporate Governance Guidelines. The board of directors also took into account that certain entities affiliated with the directors paid amounts to Hyatt for room accommodations and meeting space in the ordinary course of business. Relationships considered by the board of directors not otherwise described in this paragraph are disclosed below.

Mr. Byron Trott is the chairman and chief executive officer of BDT Capital Partners, LLC and BDT & Company. An affiliate of BDT Capital Partners, LLC is the general partner of BDT Capital Partners Fund I, L.P. Trusts for the benefit of Mr. Thomas J. Pritzker and members of his family and trusts for the benefit of certain other Pritzker family business interests have subscribed as limited partners in BDT Capital Partners Fund I, L.P. BDT & Company has been previously engaged by the former co-trustees of the Pritzker family U.S. situs trusts (including Mr. Thomas J. Pritzker) to provide financial advisory services on a broad range of matters. The board of directors affirmatively determined that such relationships would not interfere with Mr. Trott's exercise of independent judgment in carrying out his duties and responsibilities as a director. Mr. Trott resigned as a director of Hyatt in January 2014.

COMMITTEES OF THE BOARD OF DIRECTORS

Our board of directors has a nominating and corporate governance committee, an audit committee, a compensation committee and a finance committee, each of which has the composition and responsibilities described below. Our board of directors may also establish from time to time any other committees that it deems necessary or desirable. The composition of each committee complies with the listing requirements and other rules of the NYSE.

Nominating and Corporate Governance Committee

Our nominating and corporate governance committee consists of Messrs. McDonald and Tuttle and Ms. Nicholson, with Mr. Tuttle serving as chairman. Our board of directors has determined that each of Messrs. McDonald and Tuttle and Ms. Nicholson is independent within the meaning of the listing standards of the NYSE. The nominating and corporate governance committee is authorized to:

assist the board of directors in identifying individuals qualified to be members of the board of directors consistent with criteria approved by the board of directors and set forth in the Corporate Governance Guidelines and to recommend director nominees to the board of directors;

Table of Contents

take a leadership role in shaping Hyatt's corporate governance, including developing and recommending to the board of directors corporate governance guidelines and practices applicable to Hyatt;

Our board of directors has adopted a written charter for our nominating and corporate governance committee, which is available on our website at www.hyatt.com under the headings Investor Relations Corporate Governance Committee Composition Nominating and Corporate Governance Committee Charter.

Selection of Director Nominees

At an appropriate time prior to each annual meeting of stockholders, or if applicable, a special meeting of stockholders at which directors are to be elected or re-elected, the nominating and corporate governance committee will recommend to the board of directors for nomination such candidates as the nominating and corporate governance committee has found to be well qualified and willing and available to serve, and in each case, providing the nominating and corporate governance committee's assessment whether such candidate would satisfy the independence requirements of the NYSE.

Prior to making such recommendations to the board of directors, the nominating and corporate governance committee conducts inquiries into the background and qualifications of any potential candidates, including the following criteria set forth in our Corporate Governance Guidelines:

judgment, character, expertise, skills and knowledge useful to the oversight of Hyatt's business;

diversity of viewpoints, backgrounds and experiences;

business or other relevant experience; and

the extent to which the integrity of the candidate's expertise, skills, knowledge and experience with that of the other directors will build a board of directors that is effective, collegial and responsive to the needs of Hyatt.

The nominating and corporate governance committee also considers such other relevant factors as it deems appropriate, including requirements that the members of the board of directors as a group maintain the requisite qualifications under the applicable NYSE listing standards for independence for the board of directors as a whole and for populating the audit, compensation and nominating and corporate governance committees. While there are no specific minimum qualifications that a director candidate must possess, the nominating and corporate governance committee recommends those candidates who possess the highest personal and professional integrity, have prior experience in corporate management or our industry, maintain academic or operational expertise in an area relating to our business and demonstrate practical and mature business judgment. As described above, our Corporate Governance Guidelines specify that the value of diversity of viewpoints, backgrounds and experiences on the board of directors should be considered by the nominating and corporate governance committee in the director identification and nomination process. The nominating and corporate governance committee seeks nominees with a broad diversity of experience, professions, skills, geographic representation and backgrounds. The nominating and corporate governance committee does not assign specific weighting to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. We believe that the backgrounds and qualifications of the directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the board of directors to fulfill its responsibilities. Nominees are not discriminated against on the basis of race, religion, national origin, sexual orientation, disability or any other basis proscribed by law.

Table of Contents

The nominating and corporate governance committee will consider stockholder recommendations for candidates to be nominated by our board of directors for election at the 2016 annual meeting of stockholders. Stockholders who want to recommend a potential director candidate for consideration by the nominating and corporate governance committee should send a written notice, addressed to the corporate secretary at our principal executive offices at 71 South Wacker Drive, 12th Floor, Chicago, Illinois 60606. This notice must include the same information as would be required under our bylaws in a stockholder's notice to nominate a director at the 2016 annual meeting of stockholders. These information requirements are set forth in Sections 3.8(a)(2)(x) and 3.8(a)(2)(z)(i) (vii) of our bylaws. We also consider potential director candidates recommended by current directors, officers, employees and others. We may also retain the services of search firms to provide us with candidates, especially when we are looking for a candidate with a particular expertise, quality, skill or background. In 2014, we engaged Heidrick & Struggles Inc., an executive search consulting firm, and paid related fees in the amount of \$10,314.

The nominating and corporate governance committee screens all potential candidates in the same manner, regardless of the source of the recommendation. The review is typically based on any written materials provided with respect to potential candidates, and the nominating and corporate governance committee reviews the materials to determine the qualifications, experience and background of the candidates. Final candidates are typically interviewed by one or more members of the nominating and corporate governance committee. In making its determinations, the nominating and corporate governance committee evaluates each individual in the context of our board of directors as a whole, with the objective of assembling a group that can best perpetuate the success of our company and represent stockholder interests through the exercise of sound judgment. After review and deliberation of all feedback and data, including input from our executive chairman and our chief executive officer, the nominating and corporate governance committee makes a recommendation to the full board of directors regarding whom should be nominated by the board of directors.

The nominating and corporate governance committee did not receive any timely director recommendations from a stockholder for consideration at the 2015 Annual Meeting. December 1, 2015 is the deadline established by the nominating and corporate governance committee for submission of potential director nominees for consideration by the nominating and corporate governance committee for nomination at the 2016 annual meeting of stockholders.

Hyatt's audit committee, which was established in accordance with section 3(a)(58)(A) of the Exchange Act, consists of Messrs. Rocca and McMillan is an audit committee financial expert, as such term is defined in the rules and regulations of the SEC. The audit committee has oversight responsibilities regarding:

Our finance committee consists of Messrs. Thomas J. Pritzker, Friedman and McMillan and Ms. Kronick, with Mr. Thomas J. Pritzker serving as chairman. The finance committee is responsible for reviewing with Company management strategies, plans, policies and significant actions relating to corporate finance matters, including, without limitation, the following matters (which are subject to the finance committee's approval to the extent the amounts in question are greater than the minimum value thresholds set forth in the finance committee charter for such matters):

Compensation Committee

Our compensation committee consists of Messrs. McDonald, Friedman, Wooten and Wrigley, with Mr. McDonald serving as chairman. Our board of directors has determined that each member of our compensation committee is independent within the meaning of the SEC rules and the listing standards of the NYSE applicable to compensation committee members. However, Mr. Friedman is not an outside director for purposes of Section 162(m) (*Section 162(m)*) of the Internal Revenue Code of 1986, as amended (the *Code*), or a non-employee director under Section 16 of the Exchange Act. Accordingly, the compensation committee has appointed a sub-committee consisting of Messrs. McDonald, Wooten and Wrigley (the *Section 162(m) and Section 16 subcommittee*) to take actions with respect to any compensation intended to qualify as performance-based compensation and be deductible under Section 162(m) or exempt from the short-swing rules under Rule 16b-3 of the Exchange Act. The compensation committee is authorized to discharge the responsibilities of the board of directors relating to:

the establishment, maintenance and administration of compensation and benefit policies and programs designed to attract, motivate and retain personnel with the requisite skills and abilities to enable the Company to achieve its business objectives;

the goals, objectives and compensation of our president and chief executive officer, including evaluating the performance of the president and chief executive officer in light of those goals;

the compensation of our other executive officers and non-management directors;

ensuring that succession planning takes place for the chief executive officer and other senior management positions;

our compliance with the compensation rules, regulations and guidelines promulgated by the NYSE, the SEC and other law, as applicable; and

the issuance of an annual report for inclusion in our annual proxy statement.

Our board of directors has adopted a written charter for our compensation committee, which is available on our website at www.hyatt.com under the headings Investor Relations Corporate Governance Committee Composition Compensation Committee Charter.

During 2014 the compensation committee relied upon information provided by Mercer (US) Inc. (*Mercer*) in setting compensation for our named executive officers, as more thoroughly discussed below under the section titled Compensation Consultant Fees and Services.

In making decisions about executive compensation, the compensation committee considered input from Mercer, our executive chairman, our president and chief executive officer and our chief human resources officer. However, the compensation committee ultimately makes all compensation decisions regarding our executive officers.

The compensation committee may delegate its duties to a subcommittee under the terms of its charter. In addition, under the terms of our Second Amended and Restated Long Term Incentive Plan, as amended (the

LTIP), the compensation committee may delegate to other members of the board of directors and to our officers the authority to make awards and to amend LTIP awards, except that it may not delegate to an officer the authority to make any awards to officers who are subject to Section 16 of the Exchange Act or who are covered employees within the meaning of Section 162(m), or to make awards to themselves. In addition to the delegation to the Section 162(m) and Section 16 subcommittee as described above, as part of the grant process the compensation committee delegates its authority to Messrs. Thomas Pritzker, Hoplamazian and certain other executive officers to amend or modify award agreements made under the LTIP and take other actions with respect to such awards as they deem necessary, appropriate or advisable to carry out the purposes and intent of the compensation committee's grant.

Compensation Consultant Fees and Services

During 2014 Mercer was engaged by the compensation committee to provide executive, director and other compensation services. During 2014, Mercer performed the following services:

provided information and data so that we could assess the competitiveness of our executive compensation programs;

advised on current base salary and incentive compensation;

provided analysis regarding our total rewards program, equity awards and dilution and burn-rate under the LTIP; and

assisted with the preparation of the Compensation Discussion and Analysis section of this proxy statement.

The compensation committee's decision to retain Mercer was based on Mercer's knowledge of Hyatt and the compensation committee's satisfaction with Mercer's services over the years. Mercer has been providing services to Hyatt since prior to our initial public offering in 2009. In connection with its decision to continue retaining Mercer, the compensation committee reviewed the nature and extent of the relationship among the compensation committee, Hyatt and Mercer and the individuals at Mercer providing advice to the compensation committee with respect to any conflicts or potential conflicts of interest. Based on that review, the compensation committee believes that there are no conflicts of interest or potential conflicts of interest that would unduly influence Mercer's provision of advice to the compensation committee. In that regard the individual executive compensation consultant:

receives no incentive or other compensation based on the fees charged to Hyatt for other services provided by Mercer or any of its affiliates;

is not responsible for selling other Mercer or affiliate services; and

is prohibited by Mercer's professional standards from considering any other relationships Mercer or any of its affiliates may have with Hyatt in rendering advice and recommendations.

The compensation committee delegated to the chief executive officer and chief human resources officer the authority to direct Mercer with respect to matters which are of general applicability to broad levels of employees, do not involve equity compensation, are not limited to executive officers and do not exceed \$200,000 in fees per individual statement of work. As such, management has the sole authority to engage Mercer for any such additional services without further approval so long as such services remain within the scope of the established parameters. During 2014, Mercer performed the following services:

advised on global mobility policies and practices;

provided market data for select international regional office positions;

assisted with communications of broad-based total rewards changes; and

assisted with international insurance renewal negotiations.

The following is a summary of the fees for professional services, as well as commissions with respect to international insurance matters, paid to Mercer and its affiliates for services rendered in 2014:

Compensation Risk Considerations

The compensation committee reviews and evaluates, in conjunction with management, the incentives and material risks arising from or relating to the Company's compensation programs and arrangements and determines whether such incentives and risks are appropriate. A team made up of members from our internal audit and human resources departments reviewed the Company's incentive compensation plans and programs in order to assess whether or not any such plans or programs could create risks that are reasonably likely to have a material adverse effect on the Company. Management then reviewed such assessment with the compensation committee. In such assessment, the Company determined that the following policies discourage unreasonable or excessive risk-taking by executives:

base salary levels are commensurate with the overall experience, time in the role, and performance of each named executive officer (*NEO*) (and the competitive market) so that the NEOs and other employees are not motivated to take excessive risks to achieve a level of financial security;

annual incentive plans include a diverse mix of corporate and individual performance metrics, including non-financial measures;

annual incentive payouts are capped to ensure that no payout exceeds a specified percentage of salary, thereby moderating the impact of short-term incentives;

the mix of short- and long-term incentives is weighted such that a significant percentage of total opportunity is in the form of long-term equity awards;

awards made under our LTIP to our NEOs are generally granted as a mix of time-vested stock appreciation rights (*SARs*), time-vested restricted stock units (*RSUs*) and performance-vested restricted shares (*PSs*) which, together, encourage NEOs to focus on earnings, returns and long-term stockholder value;

annual audit process and activities, controls and monitoring procedures are in place, including but not limited to compensation committee oversight, that mitigate risks associated with incentive compensation plans;

in addition to our chief executive officer and chief financial officer being subject to the claw-back provisions of the Sarbanes-Oxley Act of 2002, the Company has adopted a compensation recovery policy, described below in the section titled *Share Ownership Requirement and Compensation Recovery Policy* ;

hedging and pledging of our stock is generally prohibited under our Hyatt Hotels Corporation Insider Trading Compliance Program; and

share ownership requirements align the long-term interests of NEOs and directors with the interests of stockholders.

Table of Contents

Based on these and other considerations, the Company concluded that there are no compensation policies or practices that create risks that are reasonably likely to have a material adverse effect on the Company.

COMPENSATION OF DIRECTORS

We use a combination of cash and stock-based compensation to attract and retain qualified candidates to serve on the board of directors. In setting director compensation, we consider the significant amount of time that directors expend in fulfilling their duties as well as the skill level required by members of our board of directors.

Retainers and Committee Fees

Our directors who are also our employees do not receive any additional compensation for their services as directors. Accordingly, Messrs. Thomas J. Pritzker and Hoplamazian do not receive any compensation for their services as directors. For 2014, members of the board of directors who are not our employees were entitled to receive annual cash retainers of \$70,000 and stock compensation of \$115,000. Effective January 1, 2015 the annual cash and stock retainers were increased to \$75,000 and \$125,000, respectively. Directors may elect to receive their annual cash retainer in shares of Class A common stock. The annual cash retainer is paid on a quarterly basis. Directors who choose to receive cash do so at the end of each fiscal quarter. Directors who choose to receive shares of Class A common stock in lieu of cash receive shares with a grant date on the 15th day (or the next day the stock exchange is open) of the last month of the quarter. The annual cash retainer is prorated in the event the director did not serve for the full fiscal quarter.

Directors receive their annual stock retainer on the date of the Company's annual meeting of stockholders, payable in arrears for service since the prior annual meeting. The annual stock retainer is also prorated in the event the director does not serve for the full fiscal year.

The number of shares provided is calculated by dividing the value of the annual retainer (cash or stock) by the closing stock price on the date of grant.

Committee members and the chairman of each committee receive additional annual cash retainers in the amounts set below for 2014 and beginning in 2015:

Committee Name	2014 Retainers		2015 Retainers	
	Committee Member	Committee Chairman	Committee Member	Committee Chairman
Audit Committee	\$ 12,000	\$ 25,000	\$ 15,000	\$ 25,000
Compensation Committee	\$ 6,000	\$ 25,000	\$ 10,000	\$ 25,000
Nominating and Corporate Governance Committee	\$ 6,000	\$ 9,000	\$ 10,000	\$ 15,000
Finance Committee(1)	\$ 6,000	\$ 9,000	\$ 10,000	\$ 15,000

(1) As an employee of the Company, Mr. Thomas J. Pritzker was not eligible to receive and did not receive a retainer for his service as chairman of the finance committee in 2014.

The chairman of a committee receives only the chairman retainer and does not also receive the committee member retainer. Committee retainers are paid in quarterly installments at the end of each fiscal quarter. All of our directors are reimbursed for reasonable expenses incurred in connection with attending board of director meetings and committee meetings and for attending corporate functions on our behalf. To encourage our directors to visit and personally evaluate our properties, the directors are eligible for complimentary and discounted rooms at Hyatt-owned, operated or franchised hotels, as well as the use of hotel-related services when on personal travel.

New Directors

In addition to the annual cash and stock compensation, each new non-employee director receives an initial equity retainer of \$75,000 payable in shares of our Class A common stock. The initial equity retainer is payable

Table of Contents

on the date the director is first elected or appointed to the board of directors. The number of shares provided is calculated by dividing the value of the initial equity retainer by the closing stock price on the date of grant.

Non-Employee Director Stock Ownership Guidelines

Our Corporate Governance Guidelines require that each non-employee director accumulate and own, directly or indirectly, at least \$225,000 worth of our common stock (or common stock equivalents held under the Directors Deferred Compensation Plan described below) at all times during his or her tenure on the board of directors. Effective January 1, 2015 this guideline amount increases to \$300,000. Non-employee directors have up to five years to meet this ownership requirement. If, after the relevant accumulation period, the market value of such director's stock should fall below the target level, the director will not be permitted to sell any of our common stock until the market value again exceeds the target level. These sale limitations do not apply where the decline in value of the director's holdings of our common stock is in connection with a change of control transaction. Each non-employee director currently meets the guidelines with the exception of Messrs. McMillan, Jason Pritzker and Wrigley and Ms. Nicholson who have up to five years from the date of their joining the board (until June 2018 for Mr. McMillan and until March 2019 for Messrs. Jason Pritzker and Wrigley and Ms. Nicholson) to meet the guideline.

Directors Deferred Compensation Plan

Each non-employee director may elect to defer all or any portion of his or her annual cash and annual stock retainers under our Directors Deferred Compensation Plan. Once an election is made to defer a retainer, the decision may be revoked or changed only for subsequent calendar years. Under the Directors Deferred Compensation Plan, a director who elects to defer any of his or her annual cash retainer may elect to have such amount invested in a notional cash account, which is credited with interest quarterly at the prime rate, or in stock units equivalent to our Class A common stock. Deferrals of annual stock retainers are invested in stock units equivalent to our Class A common stock. Any retainers deferred into stock units are entitled to receive additional stock units equal to the amount of any dividends payable on the stock units held by the director. The director may also elect to receive payment for any such deferrals at either January 31st of the year following the director's departure from the board of directors or on the last business day of March of the fifth year following the year in which such retainer was earned. Stock units are paid in shares of our Class A common stock from shares reserved for issuance under our LTIP.

Friedman, McDonald, and Ms. Kronick received 1,210 shares in payment of the annual cash retainer and Mr. Tuttle received 908 shares. COMPENSATION COMMITTEE REPORT

The compensation committee has reviewed the Compensation Discussion and Analysis set forth below and discussed its contents with the Company's management. Based on this review and discussion, the compensation committee recommended to the board of directors that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference in our Annual Report on Form 10-K for the fiscal year ended December 31, 2014.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During 2014, each of Messrs. McDonald, Friedman, Gregory B. Penner, Wooten, Wrigley and Ms. Kronick served on our compensation committee, with Mr. McDonald serving as chairman. Ms. Kronick and Mr. Gregory B. Penner served on the committee until May 15, 2014 and September 11, 2014, respectively. Messrs. Wooten and Wrigley joined the committee effective May 15, 2014. None of these members of our compensation committee has at any time been one of our executive officers or employees. None of our executive officers currently serves, or has served during the last completed fiscal year, on the compensation committee or board of directors of any other entity that has one or more executive officers serving as a member of our compensation committee. None of our executive officers currently serves, or has served during the last completed fiscal year, on the compensation committee of any other entity that has one or more executive officers serving as a member of our board of directors. Because of his affiliation with Goldman, Sachs & Co., Mr. Friedman had certain relationships with the Company during 2014 that are required to be disclosed under the SEC rules relating to disclosure of related party transactions. See the section below titled "Certain Relationships and Related Party Transactions" for more information.

Table of Contents**ARTICLE III: EXECUTIVE COMPENSATION****COMPENSATION DISCUSSION AND ANALYSIS**

The following discussion describes the compensation elements of our total rewards program for our NEOs, consisting of our executive chairman, principal executive officer (*PEO*), principal financial officer (*PFO*), our two other most highly compensated executive officers and Mr. Sarna who would have been one of our three most highly compensated executive officers, had he not retired in 2014. Note that we have historically included our executive chairman Mr. Thomas J. Pritzker as an NEO, given his role and identity with the Hyatt brand, even if his compensation did not otherwise make him one of our three most highly compensated executive officers. However, due to the departure of Messrs. Rainer and Sarna, Mr. Thomas J. Pritzker's compensation in 2014 did make him one of our three most highly compensated executive officers.

Our NEOs for 2014 were:

Name	Position
Thomas J. Pritzker	Executive Chairman of the Board
Mark S. Hoplamazian (PEO)	President and Chief Executive Officer
Gebhard F. Rainer (Former PFO)	Former Executive Vice President, Chief Financial Officer
Rakesh K. Sarna	Former Executive Vice President, Group President Americas
H. Charles Floyd	Executive Vice President, Global President of Operations
Stephen G. Haggerty	Executive Vice President, Global Head of Capital Strategy, Franchise & Select Service

2014 Executive Transitions

Mr. Rainer resigned effective September 26, 2014. Mr. Hoplamazian assumed Mr. Rainer's duties as principal financial officer pending a search for a replacement.

In June, Mr. Sarna announced his plan to retire at the end of August. In order to ensure an orderly transition of his duties and responsibilities we entered into a transition agreement with Mr. Sarna which is more fully described in the narrative to the Summary Compensation Table below. Mr. Sarna retired on August 31, 2014.

Our compensation committee is responsible for establishing, maintaining and administering our compensation programs for our NEOs and other executives.

Philosophy and Goals of Our Executive Compensation Program

Our goal is to be the most preferred brand in each customer segment that we serve for our associates, guests and owners. We believe that this goal is central to and best promotes value creation for our stockholders. Our compensation philosophy is to provide an appropriate base of cash compensation and to align all incentive and long-term components of compensation to support long-term value creation for our stockholders. We have focused on defining annual financial and non-financial goals around metrics that we believe support and promote enhancement of long-term brand value. To attract, recruit, develop, engage and retain the talent needed to deliver on this goal, our compensation programs are designed to:

appropriately motivate associates through the alignment of total rewards with performance goals;

Table of Contents

be innovative and competitive, recognizing the ever-changing dynamics of the labor market and acknowledging that, in attracting, retaining and developing talent globally, we need to offer compelling career opportunities;

address the needs and preferences of associates as individuals and as members of high-performing teams;

retain the associates with capabilities required to achieve our goal; and

be cost effective and financially sustainable over time under varying business conditions.

To accomplish these goals, our executive compensation program is based on a total rewards program, which provides:

compensation, including cash (salary and incentive compensation), as well as long-term stock-based compensation;

benefits, including retirement-related, healthcare and other welfare programs;

work/lifestyle programs, including paid-time off, a specified number of free hotel stays and other programs that promote well-being; and

individual development.

Our total rewards program is designed to provide rewards for individual and organizational achievement of business objectives and to emphasize long-term incentive compensation and variable compensation.

Executive Compensation Practices and Alignment with Stockholder Interests

The compensation committee periodically reviews what it considers to be best practices in governance and executive compensation. Based on this review, the compensation committee believes that Hyatt's executive compensation program is aligned with stockholders because Hyatt:

does not provide for tax reimbursement payments or gross-ups except in limited cases for new hire relocation;

provides limited executive perquisites;

does not generally allow hedging and pledging as stated in the Hyatt Hotels Corporation Insider Trading Compliance Program;

requires executive officers and non-employee directors to maintain specific stock ownership levels to align their interests with stockholders;

has policies in place that provide for the forfeiture of vested and unvested equity awards as well as recovery of cash and equity compensation received in the event that an NEO or any other executive officer violates certain restrictive covenants or engages in fraudulent or willful misconduct that results in a restatement of Hyatt's financial statements;

does not permit repricing of SARs or options without stockholder approval;

does not provide supplemental defined benefit pensions to executives;

generally provides limited severance protections for NEOs (see the section below titled "Potential Payments on Termination or Change in Control");

does not use automatic single trigger arrangements that provide change in control payments or vesting of time vested equity compensation without loss of employment or material adverse change in job duties;

Table of Contents

annually conducts risk assessments; and

provides equity based compensation in the form of SARs which will only deliver value if our stock price increases, RSUs which will fluctuate in value depending on our stock price, and performance shares which are only earned based on performance against specified three-year financial goals.

Impact of Advisory Vote Approving Executive Compensation

At the Company's 2014 annual meeting of stockholders, stockholders were provided the opportunity to cast an advisory vote approving the compensation programs for our NEOs (*say-on-pay*). That say-on-pay proposal received support from over 99.9% of the shares present and entitled to vote at the annual meeting, indicating stockholder approval of the compensation paid to our NEOs. Among other considerations, including the result of that vote, the compensation committee did not change its approach to executive compensation. The compensation committee will continue to consider the outcome of the Company's say-on-pay votes when making future compensation decisions for our NEOs.

Role of the Outside Consultant

Mercer provides consulting services to our compensation committee to help:

assess the competitiveness of our executive compensation programs;

advise on current base salary, incentive compensation and long-term stock-based compensation;

provide analysis regarding our equity awards and dilution and burn-rate under the LTIP; and

assist with the preparation of this Compensation Discussion and Analysis.

Mercer consultants also conduct studies on our plan design for retirement and international benefits. See the section above titled "Compensation Consultant Fees and Services" for further information regarding services performed by Mercer in 2014.

Role of Executive Officers

In making decisions about executive compensation, the compensation committee invites our executive chairman, our president and chief executive officer and our chief human resources officer to present various compensation proposals at the committee meetings and to answer any questions the committee may have. The compensation committee meets in executive session to determine Mr. Thomas J. Pritzker's compensation. With respect to the compensation of our chief executive officer, the compensation committee meets in executive session with our executive chairman and, from time to time, our chief human resources officer is present at such meetings. Mr. Hoplamazian provides input and recommendations to the compensation committee for each NEO (other than Mr. Thomas J. Pritzker and himself) with respect to achievement of their individual goals under our annual incentive plan.

Market Data

Mercer helps us assess the market competitiveness of our NEOs' annual cash and long-term incentives. In doing so, Mercer uses several sources of information:

A primary peer group of publicly traded companies in the hospitality industry;

Edgar Filing: Hyatt Hotels Corp - Form DEF 14A

A secondary peer group consisting of a sub-set of the primary peer group;

Survey data for comparable positions in the hospitality/restaurant or lodging industry; and

General industry survey data for the compensation committee's consideration which includes companies with which we compete for management talent, have a similar business profile to ours, have global operations and scope, and are in a consumer facing and customer oriented service business.

Table of Contents

In 2014, we reviewed the competitiveness of our NEO compensation against the primary peer group and then against the secondary peer group. The primary peer group for 2014 was the same as for 2013 except that due to the similarity of its business we added Hilton Worldwide Holdings, Inc. which went public in December 2013. The primary peer group was selected based on several factors, including business mix and model, revenues, global presence and the strength of their brands. The primary peer group included:

Boyd Gaming Corporation*	MGM Resorts International*
Brinker International, Inc.*	Royal Caribbean Cruises, Ltd.*
Carnival Corporation	Starbucks Corporation
Darden Restaurants, Inc.*	Starwood Hotels and Resorts Worldwide, Inc.*
Hilton Worldwide Holdings, Inc.*	The Wendy's Company*
Host Hotels & Resorts, Inc.*	Wyndham Worldwide Corporation*
Las Vegas Sands Corporation	Wynn Resorts*
Marriott International Inc.	Yum! Brands, Inc.

The secondary peer group (*) consists of companies with revenues ranging from 0.4x - 2.5x Hyatt's revenues and a market cap ranging from 0.25x - 4x Hyatt's market cap.

For 2014 we set our base salaries, annual incentive targets and long-term incentives so that total compensation references the market 50th percentile of the primary and secondary peer groups with the opportunity for upside based on superior performance. Our pay mix is generally consistent with market practice.

Table of Contents**Key Elements of Total Rewards in 2014**

Our total rewards programs include fixed and variable compensation as well as other benefits. We provide the following compensation elements to our NEOs:

Compensation Element	Purpose	Description
Base Salary	Fixed component of pay that fairly compensates the individual based upon level of responsibilities	Fixed cash payments
Annual Incentive	Align compensation with performance at the enterprise and regional or functional level	Variable annual cash award based on achievement of performance objectives
Long-Term Incentive	Reward for creating long-term stockholder value and provide alignment with stockholder interests	Value delivered as one-third stock appreciation rights, one-third time-vested restricted stock units and one-third performance shares, with the exception of Mr. Thomas J. Pritzker who receives 100% value in stock appreciation rights
Employee Benefits	Retirement, health and other benefits that provide comprehensive long-term financial security to a globally mobile workforce, enable us to maintain a healthy and productive workforce and attract and retain employees	401(k) plan and deferred compensation programs with matching and retirement contributions, paid-time off (<i>PTO</i>), health, life and disability insurance, severance and change in control protections, and limited perquisites

Salary

Salaries for our NEOs are reviewed annually. Our NEOs' salaries for 2014 reflected several factors, including overall experience, time in the role, performance, market levels and the desire to provide an appropriate base as part of their overall total rewards. During 2014, each NEO's base salary was increased by approximately 2.5% in connection with our annual merit review.

Annual Incentive

Our annual incentive plan provides at-risk compensation designed to reward executives for achievement of operating results over a one-year performance period. Incentives are based on both financial and non-financial metrics that are intended to balance overall focus on enterprise financial performance, regional/functional financial performance and other strategic priorities that will strengthen our competitive position. Our annual incentive plan also includes a leadership component that provides flexibility in assessing how our executives are meeting the needs of our business.

Under the terms of his letter agreement, Mr. Thomas J. Pritzker is not eligible for annual incentives under our plan as his role is to focus on Hyatt's long-term development. As such, he is eligible to receive long-term incentive awards through our long-term incentive program. Mr. Hoplamazian's target and maximum incentives are set according to the terms of his letter agreement. The target and maximum incentive opportunities for our other NEOs are determined based on references to market data and the individual's role in the organization,

Table of Contents

overall experience and time in the role. In particular, the compensation committee considered the total compensation market data for these positions. The compensation committee focused on delivering a total compensation package which would attract a high level of talent while weighting more of the NEOs' total compensation potential on variable and long-term incentives, thereby aligning their interests with those of our stockholders. For 2014 performance, the target and maximum annual incentive opportunities as a percentage of base salary for each NEO who participated in our annual incentive plan were as follows:

Name	Target	Maximum
Mark S. Hoplamazian	150%	225%
Gebhard F. Rainer	90%	135%
Rakesh K. Sarna	100%	150%
H. Charles Floyd	100%	150%
Stephen G. Haggerty	90%	135%

For 2014, we established an initial financial goal of \$709.5 million of Adjusted Compensation EBITDA¹ (*Threshold Goal*) which needed to be met before any annual incentive would be payable. If the Threshold Goal was met, then the maximum annual incentive was earned by the executive. However, the compensation committee retained discretion to reduce the annual incentive earned based on such other factors or metrics as it determined. The Threshold Goal was set for purposes of enabling the annual incentives to be tax deductible under Section 162(m) of the Internal Revenue Code, while retaining the compensation committee's ability to apply certain qualitative metrics to the annual incentive program. For 2014 we achieved Adjusted Compensation EBITDA of \$776.4 so the Threshold Goal was met. The compensation committee then applied the following incentive goals similar to those used in prior years to determine our NEOs' actual annual incentives:

Hyatt Financial Performance (40% of overall target award): Similar to prior years, the compensation committee used Adjusted Compensation EBITDA for purposes of determining the payout of this component.

	Threshold	Target	Maximum
Adjusted Compensation EBITDA Goal	\$748.9 million	\$788.3 million	\$867.1 million
Payout	50%	100%	150%

Applying the payout scale for Adjusted Compensation EBITDA, the compensation committee awarded the NEOs 84.8% of the target annual incentive for this component. The results are interpolated for performance between threshold and target and maximum.

Strategic Priorities (20% of overall target award): In 2014, five strategic priorities were identified: talent and reputation, brand and innovation, hotel profitability, corporate resource efficiency, and growth and capital strategy. In support of this, a dashboard was developed with various metrics under each priority to help the compensation committee assess achievement of this component. Based on an assessment of the progress made towards the five strategic priorities in 2014, the compensation committee awarded the NEOs 75% of the target annual incentive related to this component.

Individual Management Objectives (MBO's) (40% of overall target award): Financial and non-financial MBOs applied to each individual were designed to incentivize each NEO in his area of responsibility, as well as build brand value over time. Based on an assessment of achievement of these goals, awards to the NEOs ranged from 96% to 100% of the target annual incentive related to this component.

¹ Adjusted Compensation EBITDA means our Adjusted EBITDA as described in Part II, Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations – Key Business Metrics Evaluated by Management – Adjusted EBITDA, of our Annual Report on Form 10-K for the fiscal year ended December 31, 2014, as further adjusted to exclude \$48.6M of expenses relating to the annual incentive, a nonrecurring LTIP expense which relates to prior period grants for certain individuals, and any performance shares.

Table of Contents

The actual annual incentive compensation earned for 2014 performance expressed as a percentage of base salary as in effect at year-end and the resulting percentage of target incentive for each NEO who participated in the annual incentive plan was as follows:

Name	Actual
Mark S. Hoplamazian	131.1% of year-end salary (87.4% of target)
H. Charles Floyd	88.9% of year-end salary (88.9% of target)
Stephen G. Haggerty	80.0% of year-end salary (88.9% of target)

For 2014, the annual incentive payments were rounded up to the nearest hundreds.

As part of his transition agreement, Mr. Sarna received a pro-rata payout of his target incentive (\$475,000). Mr. Rainer resigned effective September 26, 2014 and was not eligible to receive an annual incentive for 2014.

Hoplamazian's 2014 Annual Incentive

Mr. Hoplamazian's individual MBOs for 2014 were:

Growth. Achieve the Company's development goals as measured by the value of individual development opportunities added to the pipeline in 2014, the market ranking of those opportunities, attrition, and actual openings.

Asset Recycling. Improve shareholder value through application of capital and achievement of returns.

Organization. Implement refinements to the organizational structure.

Human Capital. Advance the organizational strategy through integration of the new leader profile with established business processes and practices. Provide leadership for the diversity and inclusion strategy and refine succession planning processes. Based on input from our executive chairman and the review of our performance during 2014, the compensation committee awarded Mr. Hoplamazian 96% of his individual MBO component.

Accordingly, based on Hyatt Financial Performance and the factors and considerations discussed above, the compensation committee awarded Mr. Hoplamazian a 2014 annual incentive payment of \$1,363,800, representing a payout of 87.4% of target.

Floyd's 2014 Annual Incentive

Mr. Floyd's individual MBOs for 2014 were:

Managed Costs. Completion of the Managed Cost assessment and allocation process.

Technology. Continued integration of the technology function including development of a three-year roadmap for all major systems. Continued globalization of strategic systems resulting in reduced operating expenses.

Operations/Human Resources. Manage regional participation in the global talent review.

Edgar Filing: Hyatt Hotels Corp - Form DEF 14A

Brand. Support the brand team in the creation, rollout and training for brand guides and completion of the remaining documentation. Establish a task force for deployment of a new tool kit for hotels.

Global Sales. Achieve global sales goals and create a plan for management of strategic accounts. Work with the regions to create long-term sustainable sales functions.

Other MBOs. Develop and implement individual development plans for the team that align with the new leader profile. Mentor high-potential, diverse leaders. Support the alignment of the leader profile within each brand. Identify refinements in processes that result in improved organizational agility and adaptability.

Table of Contents

The compensation committee awarded Mr. Floyd 100% of his individual MBO component.

Accordingly, based on Hyatt Financial Performance and the factors and considerations discussed above, the compensation committee awarded Mr. Floyd a 2014 annual incentive payment of \$633,600, representing a payout of 88.9% of target.

Haggerty's 2014 Annual Incentive

Mr. Haggerty's individual MBOs for 2014 were:

Asset Recycling. Demonstrate increased shareholder value through application of capital and achievement of returns.

Construction. Manage corporate development projects according to budget and timeline.

Growth Capital. Support transactions and deployment of growth capital including mergers and acquisitions.

Capital Expenditures and Investments. Completion of capital expenditure programs for owned properties on time and on budget. Successful execution of development efforts and identification of financing sources for new projects.

Other MBOs. Define individual development plans for the team that align with the new leader profile. Support diversity and inclusion initiatives including mentoring high-potential, diverse leaders. Support and provide resources that advance the organizational strategy.

The compensation committee awarded Mr. Haggerty 100% of his individual MBO component.

Accordingly, based on Hyatt Financial Performance and the factors and considerations discussed above, the compensation committee awarded Mr. Haggerty a 2014 incentive payment of \$488,200, representing a payout of 88.9% of target.

Long-Term Incentive

In 2014, we used equity in the form of SARs, RSUs and PSs granted under our LTIP as the means of providing long-term incentives to our executives. These grants are designed to:

drive and reward performance over an extended period of time to promote creation of long-term value for our stockholders;

create strong alignment with the long-term interests of our stockholders;

assist in retaining highly qualified executives; and

contribute to competitive total rewards.

In determining the value of long-term incentive grants, we considered market data, the individual's potential contribution to our success and the relationship between each NEO's short-term and long-term compensation. For 2014, the compensation committee determined that the value of long-term incentive awards to NEOs, other than Mr. Thomas J. Pritzker, would be delivered one-third in SARs, one-third in RSUs, and one-third (at target performance) in PSs. The compensation committee believes that awarding an equal mix of SARs, RSUs and PSs achieves a balance in

Edgar Filing: Hyatt Hotels Corp - Form DEF 14A

linking NEO long-term rewards to company performance. SARs do not provide any value unless the stock price appreciates, the value of RSUs increases or decreases in the same way stockholders' stock value increases or decreases, and PSs focus NEOs on company performance objectives. The actual number of SARs, RSUs and PSs granted was determined based on applying a Black-Scholes value for the SARs and the value of our common stock for the RSUs and PSs based on the closing stock price on the date of grant. Mr. Thomas J. Pritzker received his long-term incentive award in the form of SARs.

Table of Contents

SARs

SARs are designed to deliver value to NEOs only if our stock price increases over the value at the time of grant. Each vested SAR gives the holder the right to receive the appreciation in the value of one share of our Class A common stock at the exercise date over the value of one share of our Class A common stock at the date of grant. Generally, SARs vest equally over four years and are settled by delivery of our Class A common stock.

RSUs

RSUs are designed to align the interests of our NEOs with the interests of our stockholders, to reward performance and to promote retention of our executives by providing equity-based compensation that fluctuates with our stock price. RSUs were also granted in light of the fact that the lodging industry is cyclical, and the volatility of the value of an RSU is lower than the volatility of the value of a SAR. RSUs, accordingly, are intended to create a sense of ownership and to better align executives' interests with our stockholders' interests. Generally, RSUs vest equally over four years and are settled by delivery of shares of our Class A common stock.

PSs

PSs are designed to align the interests of our NEOs with the interests of our stockholders, to reward performance against specified three-year financial goals and to promote retention of our executives by providing equity-based compensation that fluctuates with our stock price. The PSs are earned only if the NEOs achieve what the compensation committee establishes as challenging three-year economic profit goals. Economic profit is generally defined as Adjusted EBITDA less 10% of the Company's average invested capital for each year of the three-year performance period and excluding expenses relating to the annual incentive plan and the PSs. For this purpose Adjusted EBITDA is defined as set forth in Part II, Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations—Key Business Metrics Evaluated by Management—Adjusted EBITDA, of our Annual Report on Form 10-K for the fiscal year ended December 31, 2014. If the threshold goal is not achieved at the end of the three-year performance period, then the PSs will be forfeited and none will vest.

In 2012, the compensation committee granted PSs with a three-year performance period that vested based on similar economic profit goals. Economic profit achieved for the 2012 through 2014 period was \$303 million, above the target of \$274 million resulting in a payout of 111% of the target award.

Equity Practices

The Company makes grants pursuant to our Third Amended and Restated Summary of Non-Employee Director Compensation policy and the Second Amended and Restated Hyatt Hotels Corporation Long-Term Incentive Plan during regularly scheduled board meetings or during periods when we are not in possession of material non-public information. Pursuant to the Hyatt Hotels Corporation Insider Trading Compliance Program, neither the Company, nor executive officers, directors or covered employees may trade in any securities of the Company during the period beginning two weeks before the end of any fiscal quarter of the Company and ending two business days after the public release of earnings data for such quarter whether or not the Company or any of the executive officers, directors or covered employees is in possession of material, non-public information.

Employee Benefits

Our NEOs receive employee benefits similar to other salaried associates, such as participation in our 401(k) Plan, Deferred Compensation Plan (DCP) with matching contributions, health, life and disability plans and severance benefits, as described in more detail in the section below titled Potential Payments on Termination or Change in Control. In addition, as described in more detail in the section below titled Narrative to Summary Compensation Table, we provide certain additional retirement and deferred compensation benefits to our NEOs, as well as limited perquisites. These additional employee benefits and perquisites make up the benefits/work/lifestyle portion of our total rewards package and allow us to compete in attracting and retaining executives.

Table of Contents

Regulatory Considerations

Our incentive compensation programs have been designed and administered in a manner generally intended to preserve federal income tax deductions. However, the compensation committee considers the tax and accounting consequences of utilizing various forms of compensation and retains the discretion to pay compensation that is not tax deductible or could have adverse accounting consequences.

Share Ownership Requirement and Compensation Recovery Policy

In 2009, we adopted share ownership guidelines that require each of our named executive officers (other than Mr. Thomas J. Pritzker) to hold SARs, RSUs (whether vested or not) or stock with a value within the following guidelines:

	NEO	Multiple of salary
Mr. Hoplamazian		5 times base salary
Messrs. Floyd and Haggerty		3 times base salary

Once an NEO reaches age 55 his ownership guideline reduces by 10% per year until age 60. Our NEOs have five years to meet these goals. We adopted these share ownership guidelines as a means of requiring executives to hold equity and tie their interests to the interests of our stockholders. Each NEO currently meets the guidelines. Given that trusts for the benefit of Mr. Thomas J. Pritzker and his lineal descendants directly and indirectly own a significant percentage of our outstanding common stock, it was determined that Mr. Thomas J. Pritzker did not need to be subject to the share ownership guidelines, although his ownership of SARs alone would satisfy the guidelines at a five times base salary level.

We also have a compensation recovery policy, which, if the board of directors determines that an executive has engaged in fraudulent or willful misconduct that resulted in a restatement of our financial results, allows the board of directors (or a committee thereof) in its discretion to recover from such executive any bonus, equity compensation or profits received on equity compensation by such executive.

Narrative to Summary Compensation Table

The actual value, if any, which an executive may realize from a SAR, RSU or PS is contingent upon the satisfaction of the conditions to vesting in that award, and with respect to SARs, upon the excess of the stock price over the base price on the date the award is exercised. Thus, there is no assurance that the value, if any, eventually realized by the executive will correspond to the amount shown in the table above. The amounts shown in the table above are computed in accordance with FASB (ASC) Topic 718, *Compensation - Stock Compensation*.

In connection with his announced retirement Mr. Sarna entered into a transition agreement pursuant to which he agreed to transition his duties and responsibilities and subject to certain conditions he would receive the following compensation and benefits: (i) a bonus equal to \$475,000 payable at the same time as other executives' bonuses are paid in 2015, (ii) \$712,500 paid six months after his retirement, (iii) \$750,000 paid upon a general release becoming effective following his retirement, (iv) continued health benefits for twelve months following retirement, (v) reimbursement of legal expenses, and (vi) retention of his phone and Hyatt courtesy card for up to two years.

As part of our total rewards program, we offer the following employee benefit plans and perquisites:

Retirement Programs

In addition to our 401(k) plan that is available to employees generally, our NEOs may participate in the DCP which is a non-qualified deferred compensation plan.

401(k) Plan

Our 401(k) plan is an on-going, tax-qualified 401(k) plan that matches 100% on the first 3% an employee contributes and 50% on the next 2% an employee contributes for a total match of 4% of an employee's compensation up to the IRS limits for tax qualified plans.

Deferred Compensation Plan

The DCP allows executives to defer up to 75% of their base salary and all or a portion of their annual incentive. We will make an employer contribution to the plan based on a designated contribution schedule. Messrs. Thomas J. Pritzker, Hoplamazian, Floyd and Haggerty receive a dollar for dollar match on deferrals up to \$12,000 annually. Mr. Rainer did not receive an employer contribution in the DCP for 2014 as he was not employed on December 31, 2014 as required under the plan. Mr. Sarna received an employer contribution equal to 10.5% of his salary through his termination date, which is 50% of the normal contribution rate under a legacy plan based on his age and years of service and was agreed to as part of our prior consolidation of our non-qualified retirement plans. Executives in the DCP can select among various market based investment options and are eligible to receive their account balances when they terminate employment.

Perquisites

We offer limited perquisites to our executives which we believe are reasonable and consistent with our total rewards program and our intention to attract and retain key executives. Perquisites that are provided include:

limited use of Hyatt hotel properties per the policy that is applicable to all Hyatt associates;

corporate dining room use; and

parking.

Messrs. Thomas J. Pritzker and Hoplamazian are permitted to use our corporate aircraft lease for personal travel. Under our aircraft usage policy, Mr. Hoplamazian may use up to 30 hours per year with Mr. Thomas J. Pritzker's prior approval, and the compensation committee's approval for personal travel over 30 hours. Mr. Hoplamazian and Mr. Thomas J. Pritzker did not use the corporate aircraft for personal travel in 2014.

(1) The amounts shown represent the threshold, target and maximum potential payments under the annual incentive program based on multiples of the NEO's base salary as of December 31, 2014. See the section in the Compensation Discussion and Analysis section of this proxy titled "Annual Incentive" for a more detailed description of the incentive compensation program.

(2) The amounts shown represent the potential PSs that may be earned under the LTIP at each of the threshold, target and maximum performance levels. Each NEO was granted the maximum PSs at 200% of target, but the number of PSs that will vest and be retained by the NEO will be determined at the conclusion of the 2014 through 2016 performance period and will depend on the attainment of performance goals which generally are based on Adjusted EBITDA less a specified percentage of the Company's average invested capital for each year of the three-year performance period ending December 31, 2016. For this purpose Adjusted EBITDA is defined as set forth in Part II, Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations Key Business Metrics Evaluated by Management Adjusted EBITDA," of our Annual Report on Form 10-K for the fiscal year ended December 31, 2014 filed with the SEC, and based upon the relevant accounting principles at the time. If the threshold performance goal is not achieved at the end of the three-year performance period, then all of the PSs will be forfeited and none will vest. If the threshold performance goal is achieved, 25% of the PSs will vest. If the target performance goal is achieved, 50% of the PSs will vest. If the maximum performance goal is achieved, 100% of the PSs will vest. Achievement between the threshold and maximum performance goals will be interpolated linearly based on level of achievement.

- (6) Mr. Sarna retired on August 31, 2014 and all SARs, RSUs and PSs granted in 2014 as well as any other previously granted awards continue to be eligible to vest based on the terms of the designated awards agreements in accordance with our Retirement Policy Regarding Equity Vesting and Exercise.

Table of Contents**Narrative to Grants of Plan-Based Awards Table**

The actual value, if any, that an executive may realize from a SAR, RSU or a PS is contingent upon the satisfaction of the conditions to vesting in that award, and with respect to SARs, upon there being a positive excess of the stock price on the date the award is exercised over the base price established on the award date. Thus, there is no assurance that the value, if any, eventually realized by the executive will correspond to the grant date fair value shown in the table above.

Potential Payments on Termination or Change in Control**Severance**

In 2014, all NEOs were entitled to severance in the event of a termination of employment under the Hyatt Hotels Corporation Corporate Office Severance Plan, which is applicable to U.S. based corporate headquarters and certain regional office employees. Benefits are paid under the plan only if the eligible employees are laid off or terminated without cause and are offset by any amounts required to be paid in lieu of notice under WARN or WARN-like state laws. In addition, if the eligible employee elects COBRA continuation coverage under our group health plan, we

Edgar Filing: Hyatt Hotels Corp - Form DEF 14A

will pay the eligible employee the difference between the premiums charged for COBRA and the amount the eligible employee would have paid as an active employee for such coverage during the

eligible employee's severance period. Severance can be paid in a lump sum or over the severance period in the discretion of the Company; however, severance will not be paid in a lump sum if it would violate Section 409A of the Code. All severance is subject to execution of a general release of claims.

Under the terms of the Severance Plan our NEOs are eligible to receive the following severance for the following severance periods:

Position	Severance Period (Weeks of Base Salary)
Executive Chairman of the Board	78
Chief Executive Officer Executive Officers of Hyatt Hotels Corporation	52

as defined by the Chief Executive Officer

Mr. Thomas J. Pritzker's employment agreement provides that he is entitled to terminate his employment and claim severance under the Severance Plan or the Executive Officer Change in Control Plan (if applicable) if he is not re-appointed as executive chairman.

Mr. Hoplamazian's employment agreement provides that he is entitled to terminate his employment and claim severance under the Severance Plan or the Executive Officer Change in Control Plan (if applicable) if he is not re-elected to serve as a director.

Change in Control

Each executive officer is entitled to enhanced severance benefits under our Executive Officer Change in Control Plan, if the executive officer's employment is terminated without cause or the executive officer is constructively terminated within 24 months following a change in control or within three months prior to the change in control. In such event, our executive chairman and chief executive officer would each receive severance equal to two times his base salary and target annual incentive for the year of termination, and all other executive officers would receive severance equal to one times their base salary and target annual incentive for the year of termination. All of the executive officers would also be eligible for a pro-rata target annual incentive for the year of termination. Additionally, we will pay the executive officer the difference between the premiums charged for COBRA and the amount the executive officer would have paid as an active employee for such coverage, regardless of whether or not they elect COBRA coverage. All severance will be paid in a lump sum if permitted by Section 409A of the Code. Otherwise severance will be paid in installments over 24 months for our executive chairman and chief executive officer, or 12 months for all other executive officers. All severance benefits are subject to execution of a general release of claims, and are offset by any other severance or pay in lieu of notice under WARN or WARN-like state laws. We do not provide for tax reimbursement payments or gross-ups related to a change in control.

Equity Awards

Outstanding awards under our LTIP will fully vest if a participant's employment is terminated within 12 months following a change in control, provided such awards are assumed by a successor in the change in control. If awards are not assumed by a successor, the compensation committee may in its discretion fully vest the awards upon the change in control. In addition, outstanding PSs will vest upon a change in control and will be deemed to have been earned at the greater of (i) the target award level or (ii) the number of PSs that would be payable based on actual performance through the date of the change in control.

Outstanding SAR, RSU and PS awards will fully vest if a participant's employment is terminated by reason of death or disability (with PSs being earned as if the participant remained employed through the last day of the performance period). If Messrs. Thomas J. Pritzker or Hoplamazian are terminated other than for cause, provided they execute a general release of claims and do not compete with us, following termination they will continue to vest in their SARs and Mr. Hoplamazian will be fully vested in his RSUs (including continuing to earn outstanding PSs), although such RSUs and PSs will not be payable until the vesting dates set forth in his award agreements.

Table of Contents

Messrs. Thomas J. Pritzker and Floyd are retirement eligible under the Retirement Policy Regarding Equity Vesting and Exercise, and as a result their awards under the LTIP will continue to become exercisable and payable following their retirement, subject only to forfeiture for violating the policy.

The following table summarizes the severance, the value of SARs, RSUs and PSs (at the target level of achievement) that would vest, and the value of other benefits that our NEOs would receive upon (i) retirement/voluntary termination, (ii) termination of employment by the Company without cause not in connection with a change in control, or (iii) termination of employment without cause or a constructive termination in connection with a change in control. The following assumptions were used in creating the table:

a stock price of \$60.21 per share, which was the closing price of our Class A common stock on December 31, 2014; and

termination of employment as of December 31, 2014 (for the scenarios that include a termination of employment).

The amounts shown do not include payments of vested benefits under our tax qualified and non-qualified retirement and deferred compensation plans or the value of vested SARs and RSUs that were vested prior to December 31, 2014. Mr. Rainer resigned effective September 26, 2014 and, as a result, was not entitled to any severance. On August 31, 2014 Mr. Sarna retired and received amounts under his transition agreement described in the narrative to the Summary Compensation Table.

Table of Contents**ARTICLE IV: INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM****PROPOSAL 2 RATIFICATION OF APPOINTMENT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The audit committee of the board of directors has appointed Deloitte & Touche LLP (*D&T*) as our independent registered public accounting firm for the fiscal year ending December 31, 2015. D&T also served as Hyatt's independent registered accounting firm for fiscal year 2014, and the services provided to us by D&T in fiscal year 2014 are described under *Independent Registered Public Accounting Firm's Fees* below. Representatives of D&T will be present at the Annual Meeting to respond to appropriate questions and to make such statements as they may desire.

Stockholder ratification of the selection of D&T as our independent registered public accounting firm is not required by our bylaws or otherwise. However, the board of directors is submitting the selection of D&T to the stockholders for ratification as a matter of good corporate governance practice. Furthermore, the audit committee will take the results of the stockholder vote regarding D&T's appointment into consideration in future deliberations. Even if the selection is ratified, the audit committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of Hyatt and our stockholders.

The board of directors unanimously recommends that the stockholders vote *FOR* Proposal No. 2 to ratify the appointment of Deloitte & Touche LLP as the independent registered public accounting firm of Hyatt Hotels Corporation for the fiscal year ended December 31, 2015.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM'S FEES

In addition to retaining D&T to audit the Company's consolidated financial statements, the audit committee retained D&T to provide various other services in fiscal years 2014 and 2013. The following table presents fees for professional services rendered by D&T for fiscal years 2014 and 2013. The audit committee approved all of the fees presented in the table below.

Type of Fees	FY 2014	FY 2013
Audit Fees(1)	\$ 5,137,817	\$ 5,216,000
Audit-Related Fees(2)	\$ 1,348,600	\$ 1,879,425
Tax Fees(3)	\$ 1,943,435	\$ 2,121,500
All Other Fees(4)	\$ 99,750	\$ 1,772,500
Total	\$ 8,529,602	\$ 10,989,425

The following are footnotes to the above table, in accordance with SEC definitions:

- (1) Audit fees represent D&T fees for professional services for the audit of the Company's consolidated financial statements included in our Annual Reports on Form 10-K for the fiscal years ended December 31, 2014 and December 31, 2013 filed with the SEC, review of quarterly financial statements, accounting consultation and other attest services that are typically performed by the independent public accountant, and services that are provided by D&T in connection with statutory and regulatory filings.
- (2) Audit-related fees consist principally of D&T fees for audits as required under our agreements with our hotel owners. Audit-related fees for 2013 also include due diligence and XBRL review procedures.
- (3) Tax fees are fees for tax compliance, tax advice and tax planning.

Edgar Filing: Hyatt Hotels Corp - Form DEF 14A

POLICY ON AUDIT COMMITTEE PREAPPROVAL OF AUDIT AND PERMISSIBLE NONAUDIT

SERVICES OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The audit committee has adopted a policy requiring that all audit, audit-related and non-audit services provided by the independent auditor be pre-approved by the audit committee. The policy also requires additional approval of any engagements that were previously approved but are anticipated to exceed pre-approved fee levels. The policy permits the audit committee chair to pre-approve principal independent auditor services where the Company deems it necessary or advisable that such services commence prior to the next regularly scheduled meeting (provided that the audit committee chair must report to the full audit committee on any pre-approval determinations). All services provided to us by D&T for fiscal years 2014 and 2013 were pre-approved by the audit committee. D&T may only perform non-prohibited non-audit services that have been specifically approved in advance by the audit committee. In addition, before the audit committee will consider granting its approval, the Company's management must have determined that such specific non-prohibited non-audit services can be best performed by D&T based on its in-depth knowledge of our business, processes and policies. The audit committee, as part of its approval process, considers the potential impact of any proposed work on the independent auditors' independence.

The audit committee has adopted a policy that prohibits our independent auditors from providing:

bookkeeping or other services related to the accounting records or financial statements of the Company;

financial information systems design and implementation services;

appraisal or valuation services, fairness opinions or contribution-in-kind reports;

actuarial services;

internal audit outsourcing services;

management functions or human resources services;

broker or dealer, investment adviser or investment banking services;

legal services and expert services unrelated to the audit; and

any other service that the Public Company Accounting Oversight Board (the "PCAOB") or the SEC determines, by regulation, is impermissible.

ARTICLE V: REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS¹

The audit committee reviews the Company's financial reporting process on behalf of the board of directors. Management has the primary responsibility for the financial statements, the reporting process and maintaining an effective system of internal controls over financial reporting. The Company's independent auditors are engaged to audit and express opinions on the conformity of the Company's financial statements to United States generally accepted accounting principles.

Edgar Filing: Hyatt Hotels Corp - Form DEF 14A

In addition to fulfilling its oversight responsibilities as set forth in its charter and further described above in the section titled "Audit Committee," the audit committee has done the following things:

Prior to the filing of our Annual Report on Form 10-K for the fiscal year ended December 31, 2014, reviewed and discussed with management and D&T the Company's audited consolidated financial statements.

¹ This report is not soliciting material, is not deemed filed with the SEC, and is not to be incorporated by reference into any Hyatt filing under the Securities Act of 1933, as amended (the *Securities Act*), or the Exchange Act, whether made before or after the date hereof and irrespective of any general incorporation language contained in such filing.

Table of Contents

Discussed with D&T the matters required to be discussed by Auditing Standard No. 16 (Communications with Audit Committees), as adopted by the PCAOB and any other matters required to be communicated to the committee by D&T under auditing standards established from time to time by the PCAOB or SEC rules and regulations.

Evaluated D&T's qualifications, performance and independence (consistent with SEC requirements), which included the receipt and review of the written disclosures and the letter from D&T required by applicable requirements of the PCAOB regarding D&T's communications with the audit committee concerning independence and discussions with D&T regarding its independence.

Based on the reviews and discussions with management and D&T cited above, including the review of D&T's disclosures and letter to the audit committee and review of the representations of management and the reports of D&T, the audit committee recommended to the board of directors that the Company's audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2014 filed with the SEC.

ARTICLE VI: ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

PROPOSAL 3 ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

As required pursuant to Section 14A of the Exchange Act, the Company requests stockholder approval, on an advisory basis, of the compensation paid to our named executive officers as disclosed pursuant to the SEC's compensation disclosure rules (which disclosure includes the Compensation Discussion and Analysis and the accompanying compensation tables and related narrative in this proxy statement).

As described under Compensation Discussion and Analysis, our executive compensation program is designed to promote long-term brand value for the Company, a goal which we believe, in turn, is central to the creation of long-term economic value for our stockholders. Our compensation program is designed to attract, recruit, develop, engage and retain the talent needed to achieve long-term brand value and to appropriately motivate our executive officers. As such, we believe that our executive compensation program and the corresponding executive compensation detailed in the compensation tables and related narrative set forth above are strongly aligned with the long-term interests of our stockholders.

As an advisory vote, this proposal is not binding upon the Company. However, our compensation committee, which is responsible for designing and administering our executive compensation program, values the opinions expressed by stockholders in their vote on this proposal, and will carefully consider the outcome of the vote when making future compensation decisions for named executive officers.

At the Company's 2011 annual meeting of stockholders, the Company's stockholders determined, on an advisory basis, to hold an advisory vote on executive compensation every year. Subsequently, the board of directors considered this determination and agreed that it will hold a non-binding advisory vote on executive compensation on an annual basis. As such, following the advisory vote to approve executive compensation that will take place at the Annual Meeting, the next advisory vote on executive compensation will occur at the Company's 2016 annual meeting of stockholders.

Table of Contents

The board of directors strongly endorses the Company's executive compensation program and recommends that stockholders vote in favor of the following resolution:

RESOLVED, that the compensation paid to the Company's named executive officers as disclosed pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the compensation tables and any related discussion as disclosed in this proxy statement, is hereby APPROVED.

The board of directors unanimously recommends that the stockholders vote FOR Proposal No. 3 to approve, on an advisory basis, the compensation paid to our named executive officers as disclosed pursuant to the SEC's compensation disclosure rules.

ARTICLE VII: STOCK

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth as of March 27, 2015 information regarding:

each person known to us to be the beneficial owner of more than 5% of our outstanding shares of Class A common stock or Class B common stock;

each of our NEOs;

each of our directors and nominees for the board of directors; and

all of our directors and executive officers as a group.

The information shown in the table with respect to the percentage of shares of Class A common stock beneficially owned is based on 35,776,899 shares of Class A common stock outstanding as of March 27, 2015 (and does not assume the conversion of any outstanding shares of Class B common stock). The information shown in the table with respect to the percentage of shares of Class B common stock beneficially owned is based on 110,655,463 shares of Class B common stock outstanding as of March 27, 2015. Each share of Class B common stock is convertible at any time into one share of Class A common stock. The information shown in the table with respect to the percentage of total common stock beneficially owned is based on 146,432,362 shares of common stock outstanding as of March 27, 2015. The information shown in the table with respect to the percentage of total voting power is based on 146,432,362 shares of common stock outstanding as of March 27, 2015, and assumes that no shares of Class B common stock outstanding as of March 27, 2015 have been converted into shares of Class A common stock.

Information with respect to beneficial ownership is based on our records, information filed with the SEC or information furnished to us by each director, director nominee, executive officer or beneficial owner of more than 5% of our Class A common stock or Class B common stock. Beneficial ownership rules generally attribute beneficial ownership of securities to persons who possess sole or shared voting power and investment power with respect to those securities. Unless otherwise indicated by footnote, and subject to applicable community property laws, we believe, based on the information furnished to us, that the persons and entities named in the table have sole voting and investment power with respect to all shares of common stock shown as beneficially owned by them. Unless otherwise provided, the address of each individual listed below is c/o Hyatt Hotels Corporation, 71 S. Wacker Drive, 12th Floor, Chicago, Illinois 60606.

- (1) Holders of our Class A common stock and our Class B common stock vote together as a single class on all matters submitted to a vote of our stockholders. The holders of Class A common stock are entitled to one vote per share and the holders of Class B common stock are entitled to ten votes per share. However, if on any record date for determining the stockholders entitled to vote at an annual or special meeting of stockholders, the aggregate number of shares of our Class A common stock and Class B common stock owned, directly or indirectly, by the holders of our Class B common stock is less than 15% of the aggregate number of shares of Class A common stock and Class B common stock then outstanding, then at such time all shares of Class B common stock will automatically convert into shares of Class A common stock and all outstanding common stock will be entitled to one vote per share on all matters submitted to a vote of our stockholders. The information shown in the table with respect to the percentage of total voting power is based on 146,432,362 shares of common stock outstanding as of March 27, 2015, and assumes that no shares of Class B common stock outstanding as of March 27, 2015 have been converted into shares of Class A common stock.

ARTICLE VIII: CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS**CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS****Current Relationships and Related Party Transactions***Agreements Relating to the Hyatt Center**Sublease Agreements*

Simultaneously with our entering into our office lease at 71 South Wacker Drive, Chicago, Illinois (commonly known as the Hyatt Center) in June 2004, we entered into sublease agreements with each of CC-Development Group, Inc. (*Vi*) and TPO, among others, under which we sublease a portion of our rentable space at the Hyatt Center. *Vi* is owned by Pritzker family business interests. TPO is owned by a trust for the benefit of Mr. Thomas J. Pritzker, our executive chairman. Mr. Thomas Pritzker is also the chairman and chief executive officer of TPO. Mr. Jason Pritzker, one of our directors, is employed as an investment professional at TPO. Mr. Jason Pritzker is the son of Mr. Thomas J. Pritzker. The square footage of the subleased premises, the commencement date and the termination date of the sublease term, and the annual net rent per square foot during the initial sublease term, payable in monthly installments, under our sublease agreements, as amended, with *Vi* and TPO are as follows:

	Square Footage	Commencement Date	Initial Termination Date	Annual Net Rent Per Square Foot	
<i>Vi</i>	31,184	February 1, 2005	February 29, 2020	\$ 25.85	\$34.11
TPO	33,371	July 1, 2005	February 29, 2020	\$ 12.50	\$30.68

Each subtenant is also obligated to pay as additional rent its respective share of taxes, operating expenses and shared facilities costs related to the subleased premises. In 2012, our landlord no longer collected the rent from our subtenants and we began paying the owner of the Hyatt Center directly for all subleased space and collected the rent from our subtenants directly. In 2014, *Vi* and TPO made payments to us of \$1,677,625, and \$1,063,192 respectively for their respective portion of the rent, taxes, operating expenses and shared facilities costs related to the subleased premises.

With respect to each sublease agreement, at the time we entered into these sublease agreements, our landlord at the Hyatt Center executed a master landlord recognition agreement whereby it acknowledged the applicable sublease agreement and agreed to recognize the subtenant on a direct lease basis in the event the office lease with us is terminated or if the subtenant elects to extend the term of the sublease beyond the initial term. We are not released from any liability or obligations under the office lease as a result of our sublease arrangements.

Tax Separation Agreement

Prior to June 30, 2004, Hyatt Corporation, which primarily consisted of the North American hotel management and franchise companies, was owned by HG, Inc. (*HG*). H Group Holding, Inc. (*H Group*) owns HG. In addition to owning Hyatt Corporation, HG owned various other North American hospitality related businesses (primarily consisting of hotel properties and the vacation ownership business) and on June 30, 2004 contributed these hospitality related businesses to Hyatt Corporation. Following such contribution, the stock of Hyatt Corporation was distributed to the Pritzker family business interests that owned H Group. We refer to this transaction as the June 2004 Transaction.

Prior to the June 2004 Transaction, H Group, Hyatt Corporation, Vi and their respective subsidiaries were members of a consolidated group and were included in the consolidated federal income tax return as well as various consolidated or combined state, local and foreign tax returns filed by H Group. As a result of the June 2004 Transaction, Hyatt Corporation and Vi ceased to be members of the H Group consolidated group and following the contribution of stock of Hyatt Corporation to us, Hyatt Corporation became a member of our consolidated group and became included in the consolidated federal and certain other consolidated or combined state, local and foreign income tax returns filed by us.

In connection with the June 2004 Transaction, H Group, Hyatt Corporation, Vi and their respective direct and indirect subsidiaries entered into a tax separation agreement, as amended. In general, H Group agreed to indemnify Hyatt Corporation, Vi and their subsidiaries against: (i) taxes of the members of H Group's group prior to the June 2004 Transaction; (ii) taxes attributable to the June 2004 Transaction and related transactions; and (iii) liabilities of certain members of H Group's group prior to the June 2004 Transaction under the consolidated return rules or similar rules.

In general, Hyatt Corporation agreed to indemnify H Group, Vi and their respective subsidiaries following the June 2004 Transaction against: (i) Hyatt Corporation group's share of H Group's taxes for the year of the June 2004 Transaction, calculated as if the Hyatt Corporation group was a separate group for that year; (ii) Hyatt Corporation's post-June 2004 Transaction taxes; (iii) final audit adjustments in periods prior to the June 2004 Transaction attributable to Hyatt Corporation's group members; and (iv) certain specific pre-June 2004 Transaction tax matters.

In general, Vi agreed to indemnify H Group, Hyatt Corporation and their respective subsidiaries following the June 2004 Transaction against: (i) Vi group's share of H Group's taxes for the year of the June 2004 Transaction, calculated as if the Vi group was a separate group for that year; (ii) Vi's post-June 2004 Transaction taxes; and (iii) final audit adjustments in periods prior to the June 2004 Transaction attributable to Vi's group members.

The tax separation agreement also addresses other tax related matters, including the preparation and filing of returns, tax contests and refunds.

H Group agreed to prepare and file all income tax returns for periods prior to the June 2004 Transaction and periods that include the June 2004 Transaction. Hyatt Corporation and Vi each agreed to prepare and file their own income tax returns for periods beginning after the June 2004 Transaction.

Under the tax separation agreement, as amended, H Group generally controls tax audits and proceedings for periods prior to and including the June 2004 Transaction, other than certain specified tax audits and proceedings that impact Hyatt Corporation and Vi. The party controlling the tax audit or proceeding must consult with the affected parties and may not enter into any settlement agreement that gives rise to an indemnification obligation under the tax separation agreement without the consent of the indemnifying party.

Table of Contents

H Group is entitled to refunds and other tax benefits from periods prior to the June 2004 Transaction, provided H Group reimburses Hyatt Corporation and Vi for any refunds or tax benefits attributable to the Hyatt Corporation or Vi group members, as applicable, resulting from settlements of audits for periods prior to the June 2004 Transaction. Refunds for tax periods that include the June 2004 Transaction will be allocated in a way that is consistent with how taxes for such periods are allocated. If H Group realizes a tax benefit with respect to deductions associated with payment obligations assumed from Hyatt Corporation in connection with the June 2004 Transaction, then H Group will pay the amount of such tax benefit to Hyatt Corporation.

In 2014, Hyatt Corporation paid \$307,000 under the tax separation agreement for amounts effectively settled with the Illinois and California taxing authorities.

In connection with the June 2004 Transaction, H Group assumed Hyatt Corporation's benefit liabilities, currently estimated to be \$27.2 million, under certain deferred compensation and executive retirement plans with respect to certain former and retired employees of Hyatt Corporation. While H Group retains the liability for such payments, we retain the tax benefits. In 2014, we recorded tax deductions of \$2,548,130.

Transition Services Agreements

In connection with the June 2004 Transaction, on June 30, 2004, Hyatt Corporation entered into a transition services agreement with H Group, pursuant to which Hyatt Corporation agreed to provide certain transition services, including human resources, payroll, employee benefits, accounting, financial, legal, tax, software and technology, call center and reservation, purchasing, travel, insurance and treasury banking services, to allow such companies to develop the internal resources and capabilities to arrange for third-party providers for such services. The H Group transition services agreement terminated on June 30, 2007. We continue to provide H Group payroll services for approximately \$300 a month. In 2014, H Group made payments to us of \$2,170 under the H Group transition services agreement.

Employee Benefits Agreement

In connection with the June 2004 Transaction, on July 1, 2004, Hyatt Corporation entered into an employee benefits and other employment matters allocation and separation agreement with H Group, certain subsidiaries of H Group and Grand Victoria Casino & Resort, L.P., a company that is 50% owned by Pritzker family business interests, pursuant to which we continue to provide administrative services to the parties. The services include payment processing, coordinating third-party administration for retirement plans, coordinating third-party administration for health and dental plans, providing claims administration for unemployment insurance claims, and for a short period of time, payroll services. The parties agree to reimburse each other for any costs or expenses incurred in connection with any of the plans which are the responsibility of the other party. In 2014, H Group made reimbursement payments of \$2,764,558 to us under the agreement.

In February 2015, limited partnerships owned indirectly by trusts for the benefit of Daniel F. Pritzker and/or certain of his lineal descendants sold to us an aggregate of 750,000 shares of Class A common stock issuable upon conversion of Class B common stock. As of March 27, 2015, after giving effect to this repurchase transaction, 14,391,517 shares of the 15,141,517 shares originally registered for resale on the May 2014 shelf registration statement continue to be eligible to be sold pursuant to the shelf registration statement during the 12 month period commencing November 5, 2014 through November 5, 2015 under the lock-up restrictions contained in the Amended and Restated Global Hyatt Agreement and the Amended and Restated Foreign Global Hyatt Agreement. Additional shares may be registered on the shelf registration statement in the future as such shares are eligible to be sold in accordance with the registration rights agreements and lock-up restrictions.

The holders of approximately 110,655,463 shares of our Class B common stock are entitled to certain demand registration rights.

Long-Form Demand Registration Rights

Each stockholder party to the 2007 Registration Rights Agreement may, on not more than two occasions, request that we register all or a portion of such stockholder's shares of Class A common stock issuable upon conversion of shares of Class B common stock under the Securities Act on Form S-1 if the anticipated aggregate offering price of such shares of Class A common stock exceeds \$750,000,000, the stockholder making the request is (or will be at the anticipated time of effectiveness of the applicable registration statement) permitted to sell shares of its common stock under the lock-up provisions contained in the 2007 Stockholders' Agreement and we are not otherwise eligible at the time of the request to file a registration statement on Form S-3 for the re-sale of such stockholder's shares.

The stockholders party to the 2009 Registration Rights Agreement may, on not more than one occasion, request that we register all or a portion of the shares of Class A common stock issuable upon conversion of such stockholders' shares of Class B common stock under the Securities Act on Form S-1 if the anticipated aggregate offering price of such shares of Class A common stock exceeds \$750,000,000 (net of underwriting discounts and commissions), the stockholders making the request are, at the anticipated time of effectiveness of the applicable registration statement, permitted to sell shares of their common stock under the applicable lock-up provisions contained in the Amended and Restated Global Hyatt Agreement and Amended and Restated Foreign Global Hyatt Agreement, and we are not otherwise prohibited from filing such registration statement under the 2007 Registration Rights Agreement, and we are not otherwise eligible at the time of the request to file a registration statement on Form S-3 for the re-sale of such stockholder's shares.

Short-Form Demand Registration Rights

The holders of approximately 110,655,463 shares of our Class B common stock are entitled to certain Form S-3 demand registration rights.

Each stockholder party to the 2007 Registration Rights Agreement may, on not more than two occasions during each calendar year, request registration of their shares of Class A common stock issuable upon conversion of shares of Class B common stock under the Securities Act on Form S-3 if the anticipated aggregate offering amount of such shares of Class A common stock exceeds \$100,000,000 and the stockholder making the request is (or will be at the anticipated time of effectiveness of the applicable registration statement) permitted to sell shares of its common stock under the lock-up provisions contained in the 2007 Stockholders' Agreement.

Stockholders party to the 2009 Registration Rights Agreement holding at least 20% of the then issued and outstanding common stock may, on not more than one occasion during each calendar year, request registration of their shares of Class A common stock issuable upon conversion of shares of Class B common stock under the Securities Act on Form S-3 if the anticipated aggregate offering amount of such shares of Class A common stock exceeds \$100,000,000 (net of underwriting discounts and commissions) and the stockholders making the request

are, at the anticipated time of effectiveness of the applicable registration statement, permitted to sell shares of their common stock under the applicable lock-up provisions contained in the Amended and Restated Global Hyatt Agreement and Amended and Restated Foreign Global Hyatt Agreement, and we are not otherwise prohibited from filing such registration statement under the 2007 Registration Rights Agreement.

Under each of the 2007 Registration Rights Agreement and the 2009 Registration Rights Agreement, we will not be required to affect a demand registration or a Form S-3 demand registration within 180 days after the effective date of a registration statement related to a previous demand registration or Form S-3 demand registration. In addition, once every 12 months, we may postpone for up to 120 days the filing or the effectiveness of a registration statement for a demand registration or a Form S-3 demand registration, if our board of directors determines in good faith that such a filing (1) would be materially detrimental to us, (2) would require a disclosure of a material fact that might reasonably be expected to have a material adverse effect on us or any plan or proposal by us to engage in any acquisition or disposition of assets or equity securities or any merger, consolidation, tender offer, material financing or other significant transactions, or (3) is inadvisable because we are planning to prepare and file a registration statement for a primary offering of our securities.

Shelf Registration Rights

The holders of approximately 85,543,377 shares of our Class B common stock are entitled under the 2009 Registration Rights Agreement to certain shelf registration rights with respect to shares of Class A common stock issuable upon conversion of such shares of Class B common stock. During 2014, pursuant to the 2009 Registration Rights Agreement, certain of the selling stockholders exercised their right to require us to register 6,603,055 shares of Class A common stock issuable upon conversion of such stockholders' shares of Class B common stock on a shelf registration statement. On May 29, 2014 we filed a Form S-3 shelf registration statement to satisfy our obligations with respect to these shares.

Stockholders party to the 2009 Registration Rights Agreement may, in addition to the demand registration rights described above, request that we register all or a portion of shares of Class A common stock issuable upon conversion of such stockholders' shares of Class B common stock on a shelf registration statement on Form S-3 pursuant to Rule 415 of the Securities Act, provided that the stockholders making the request are, at the anticipated time of effectiveness of the applicable registration statement, permitted to sell such shares of their common stock under the applicable lock-up provisions contained in the Amended and Restated Global Hyatt Agreement and Amended and Restated Foreign Global Hyatt Agreement. We have agreed to use our reasonable best efforts to keep any such shelf registration statement effective and updated for a period of three years (or, if earlier, such time as all the shares covered thereby have been sold). We have also agreed that, at the end of such three year period, we will refile a new shelf registration upon the request of stockholders party to the 2009 Registration Rights Agreement holding at least 1% of our outstanding common stock at such time.

Piggyback Registration Rights

The holders of 110,655,463 shares of Class B common stock are entitled to certain piggyback registration rights with respect to shares of Class A common stock issuable upon conversion of such shares of Class B common stock.

In the event that we propose to register shares of Class A common stock under the Securities Act, either for our own account or for the account of other security holders, we will notify each stockholder party to the 2007 Registration Rights Agreement and the 2009 Registration Rights Agreement that is, or will be at the anticipated time of effectiveness of the applicable registration statement, permitted to sell shares of its common stock under the applicable lock-up provisions contained in the 2007 Stockholders' Agreement, the Amended and Restated Global Hyatt Agreement and the Amended and Restated Foreign Global Hyatt Agreement of our intention to effect such a registration and will use our reasonable best efforts to include in such registration all shares requested to be included in the registration by each such stockholder, subject to certain marketing and other limitations.

Table of Contents

Following our receipt of the demand notice from certain selling stockholders party to the 2009 Registration Rights Agreement requesting us to file a shelf registration statement, in accordance with the registration rights agreements, in 2014 we notified the other stockholders party to the 2009 Registration Rights Agreement and the 2007 Registration Rights Agreement of our intention to file a shelf registration statement and gave such stockholders the right to piggyback and register shares of Class A common stock issuable upon conversion of shares of Class B common stock owned by them and eligible to be sold under applicable lock-up agreements on the shelf registration statement. Certain stockholders party to the 2009 Registration Rights Agreement elected to exercise their piggyback registration rights with respect to 8,470 shares of Class A common stock and 8,529,992 shares of Class A common stock issuable upon conversion of shares of Class B common stock and those shares were included in the Form S-3 shelf registration statement that we filed on May 29, 2014.

In February 2015, limited partnerships owned indirectly by trusts for the benefit of Daniel F. Pritzker and/or certain of his lineal descendants sold to us an aggregate of 750,000 shares of Class A common stock issuable upon conversion of Class B common stock. As of March 27, 2015, 7,779,992 of the 8,529,992 shares originally registered for resale on the May 2014 shelf registration statement pursuant to piggyback registration rights continue to be eligible to be sold pursuant to the shelf registration statement during the 12 month period commencing November 5, 2014 through November 4, 2015 under the lock-up restrictions contained in the Amended and Restated Global Hyatt Agreement and the Amended and Restated Foreign Global Hyatt Agreement. Additional shares may be registered on the shelf registration statement in the future as such shares are eligible to be sold in accordance with the registration rights agreements and lock-up restrictions.

Expenses of Registration, Restrictions and Indemnification

We will pay all registration expenses, including the legal fees of one counsel for all holders under the 2007 Registration Rights Agreement and one counsel for all holders under the 2009 Registration Rights Agreement, other than underwriting discounts, commissions and transfer taxes, in connection with the registration of any shares of Class A common stock pursuant to any demand registration, Form S-3 demand or piggyback registration described above. Under the 2007 Registration Rights Agreement and the 2009 Registration Rights Agreement, if a request for a demand registration or Form S-3 demand registration is withdrawn at the request of the majority of the holders of registrable securities requested to be registered, the holders of registrable securities who have withdrawn such request shall forfeit such demand registration or Form S-3 demand registration unless those holders pay or reimburse us for all of the related registration expenses.

The demand, Form S-3 demand and piggyback registration rights are subject to customary restrictions such as blackout periods and any limitations on the number of shares to be included in the underwritten offering imposed by the managing underwriter. The 2007 Registration Rights Agreement and the 2009 Registration Rights Agreement also contain customary indemnification and contribution provisions.

Other Agreements, Transactions and Arrangements

On November 4, 2014, we repurchased a total of 1,122,000 shares of Class B common stock at a price of \$60.20 per share, for an aggregate purchase price of approximately \$67.5 million, from limited partnerships owned indirectly by trusts for the benefit of certain Pritzker family members in a privately-negotiated transaction. RELATED PARTY TRANSACTION POLICY AND PROCEDURES

We have adopted a written policy regarding the review, approval and ratification of related party transactions. For purposes of our policy, a related party transaction is a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which we are, or will be, a participant, in which the amount exceeds \$120,000, and in which the related party had, has or will have a direct or indirect interest. A related party is any executive officer, director or a beneficial owner of more than 5% of our common stock, including any of their immediate family members, and any entity owned or controlled by such persons. The principal elements of this policy are as follows:

For each related party transaction (other than pre-approved transactions as discussed below), the audit committee reviews the relevant facts and circumstances, such as the extent and materiality of the related party's interest in the transaction, takes into account the conflicts of interest and corporate opportunity provisions of our Code of Ethics and either approves or disapproves the related party transaction.

Any related party transaction shall be consummated and shall continue only if the audit committee has approved or ratified such transaction in accordance with the policy.

If advance audit committee approval of a related party transaction requiring the audit committee's approval is not practicable, then the transaction may be preliminarily entered into by management upon prior approval of the transaction by the chairman of the audit committee, or if prior approval of the transaction by the chairman of the audit committee is not practicable, then the transaction may be preliminarily entered into by management, subject in each case to ratification of the transaction by the audit committee at the audit committee's next regularly scheduled meeting; provided that if ratification shall not be forthcoming, management shall make all reasonable efforts to cancel or annul such transaction.

Table of Contents

The chief financial officer, or his designee, shall present to the audit committee each proposed related party transaction requiring the audit committee's approval, including all relevant facts and circumstances relating thereto, shall update the audit committee as to any material changes to any approved or ratified related party transaction and shall provide a status report at least annually at a regularly scheduled meeting of the audit committee of all then active related party transactions.

No director may participate in approval of a related party transaction for which he or she is a related party. Certain types of transactions have been designated pre-approved transactions under the policy, and as such are deemed to be approved or ratified, as applicable, by the audit committee. Such pre-approved transactions include: (1) executive and director compensation; (2) certain ordinary course of business transactions; (3) lodging transactions involving less than \$250,000 provided the terms of which are no less favorable to us than those of similar transactions with unrelated third parties occurring during the same fiscal quarter and/or where the transaction is a result of an open auction process involving unrelated third-party bidders; (4) ordinary course sales of timeshare, fractional or similar ownership interests at prices that are no lower than those available under our company-wide employee discount programs; (5) charitable contributions in amounts that would not require disclosure in our annual proxy statement or annual report under the NYSE corporate governance listing standards; (6) transactions involving the rendering of legal services to us by the law firm of Latham & Watkins LLP to the extent such firm is associated with one or more related parties; and (7) transactions where the rates or charges involved are determined by competitive bids.
