**Item 1.01 Entry into a Material Definitive Agreement.**

On September 10, 2015, in connection with the offering reported under Item 8.01 below, we entered into a registration rights agreement (the Registration Rights Agreement) with 667, L.P. and Baker Brothers Life Sciences, L.P. (the Baker Entities), both of which are existing stockholders of Seattle Genetics that are affiliated with Felix J. Baker, Ph.D., one of our directors. Under the Registration Rights Agreement, we agreed that, if at any time and from time to time after December 10, 2015, the Baker Entities demand that we register their shares of our common stock (Common Stock) for resale under the Securities Act of 1933, as amended, we would be obligated to effect such registration. Our registration obligations under the Registration Rights Agreement cover all shares of Common Stock now held or hereafter acquired by the Baker Entities (including shares acquired in the offering reported under Item 8.01 below), will continue in effect for up to ten years, and include our obligation to facilitate certain underwritten public offerings of our Common Stock by the Baker Entities in the future. Seattle Genetics will bear all expenses incurred by it in effecting any registration pursuant to the Registration Rights Agreement as well as the legal expenses of the Baker Entities of up to \$50,000 per underwritten public offering effected pursuant to the Registration Rights Agreement. The foregoing is only a brief description of the terms of the Registration Rights Agreement, does not purport to be a complete statement of the rights and obligations of the parties under the Registration Rights Agreement and the transactions contemplated thereby, and is qualified in its entirety by reference to the Registration Rights Agreement that is filed as Exhibit 10.1 hereto.

**Item 8.01 Other Events.**

On September 10, 2015, we entered into an underwriting agreement (the Underwriting Agreement) with J.P. Morgan Securities LLC, as representative of the several underwriters named therein (collectively, the Underwriters), relating to the issuance and sale of 11,707,318 shares of our Common Stock. The price to the public in this offering is \$41.00 per share, and the Underwriters have agreed to purchase the shares from us pursuant to the Underwriting Agreement at a price of \$39.155 per share. The net proceeds to Seattle Genetics from this offering are expected to be approximately \$457.9 million, after deducting underwriting discounts and commissions and other estimated offering expenses payable by us. The offering is expected to close on or about September 16, 2015, subject to customary closing conditions. In addition, under the terms of the Underwriting Agreement, we have granted the Underwriters an option, exercisable for 30 days, to purchase up to an additional 1,756,097 shares of Common Stock solely to cover overallotments.

The offering is being made pursuant to Seattle Genetics' effective registration statement on Form S-3 (Registration Statement No. 333-206846) previously filed with the Securities and Exchange Commission and a prospectus supplement. The foregoing is only a brief description of the terms of the Underwriting Agreement, does not purport to be a complete statement of the rights and obligations of the parties under the Underwriting Agreement and the transactions contemplated thereby, and is qualified in its entirety by reference to the Underwriting Agreement that is filed as Exhibit 1.1 hereto. A copy of the opinion of Cooley LLP relating to the legality of the issuance and sale of the shares in the offering is attached as Exhibit 5.1 hereto.
