Ranking, Guarantees

The Notes will be PPL Capital Funding's unsecured and unsubordinated obligations and will rank equally in right of payment with PPL Capital Funding's existing unsecured and unsubordinated indebtedness and senior in right of payment to PPL Capital Funding's subordinated indebtedness. The Notes will be fully and unconditionally guaranteed by PPL Corporation as to payment of principal, premium, if any, and interest. The Guarantees will be PPL Corporation's unsecured obligations and will rank equally in right of payment with PPL Corporation's other unsecured and unsubordinated indebtedness. However, because PPL Corporation is a holding company, its obligations under the Guarantees will be effectively subordinated to existing and future liabilities of its subsidiaries. See Risk Factors.

Form and Denomination

The Notes will be initially issued in the form of one or more global securities, without coupons, in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof, and deposited with the Trustee on behalf of The Depository Trust Company (DTC), as depositary, and registered in the name of DTC or its nominee. See Description of the Notes General and Description of the Notes Book-Entry Only Issuance The Depository Trust Company.

Use of Proceeds

We expect the net proceeds from the sale of the Notes to be invested in or loaned to subsidiaries of PPL Corporation, which will use the funds to repay short-term debt obligations, including commercial paper borrowings, and for general corporate purposes. See Use of Proceeds.

Reopening of the Series

We may, without the consent of the Holders of the Notes and subject to certain limitations, increase the principal amount of the series and issue additional notes of such series having the same ranking, interest rate, maturity and other terms as the Notes, other than the public offering price, the date of issuance and, in some circumstances, the initial interest accrual date and the initial interest payment date, if applicable. Any such additional notes may, together with the Notes, constitute a single series of securities under the Indenture. See Description of the Notes General.

Governing Law

The Notes and the Indenture are governed by the laws of the State of New York, except to the extent the Trust Indenture Act shall be applicable.

Table of Contents

RISK FACTORS

Before making a decision to invest in the Notes, you should carefully consider the following risk factors, as well as the other information included in this prospectus supplement, the accompanying prospectus and the documents incorporated by reference into this prospectus supplement and the accompanying prospectus.

Risks Relating to PPL Corporation's Businesses

See the risk factors set forth beginning on page 17 of PPL Corporation's Annual Report on Form 10-K for the year ended December 31, 2015 for a discussion of certain risks relating to PPL Corporation's businesses.

Risks Relating to the Notes

PPL Corporation's cash flow and ability to meet its obligations with respect to its Guarantees of the Notes largely depend on the performance of its subsidiaries. As a result, PPL Corporation's obligations with respect to its Guarantees of the Notes will be effectively subordinated to all existing and future liabilities of its subsidiaries.

PPL Corporation is a holding company and conducts its operations primarily through subsidiaries. Substantially all of its consolidated assets are held by such subsidiaries. Accordingly, its cash flow and its ability to meet its obligations under its Guarantees of the Notes are largely dependent upon the earnings of these subsidiaries and the distribution or other payment of such earnings to it in the form of dividends, loans or advances or repayment of loans and advances from it. The subsidiaries are separate and distinct legal entities and have no obligation to pay any amounts due on the Notes or to make any funds available for such payment.

Because PPL Corporation is a holding company, its obligations with respect to the Notes will be effectively subordinated to all existing and future liabilities of its subsidiaries. Therefore, its rights and the rights of its creditors, including rights of a holder of any Note, to participate in the assets of any subsidiary in the event that such a subsidiary is liquidated or reorganized will be subject to the prior claims of such subsidiary's creditors. To the extent that PPL Corporation may be a creditor with recognized claims against any such subsidiary, its claims would nevertheless be effectively subordinated to any security interest in, or mortgages or other liens on, the assets of the subsidiary and would be subordinated to any indebtedness or other liabilities of the subsidiary senior to that held by it. Although certain agreements to which PPL Corporation's subsidiaries are parties limit their ability to incur additional indebtedness, PPL Corporation and its subsidiaries retain the ability to incur substantial additional indebtedness and other liabilities.

The debt agreements of some of PPL Corporation's subsidiaries contain provisions that might restrict their ability to pay dividends, make distributions or otherwise transfer funds to PPL Corporation upon failing to meet certain financial tests or other conditions prior to the payment of other obligations, including operating expenses, debt service and reserves. PPL Corporation currently believes that all of its subsidiaries are in compliance with such tests and conditions. Further, if PPL Corporation elects to receive distributions of earnings from its foreign operations, PPL Corporation may incur United States taxes, net of any available foreign tax credits, on such amounts. Distributions to PPL Corporation from its international projects are, in some countries, also subject to withholding taxes.

An active trading market for the Notes may not develop.

The Notes are a new issue of securities with no established trading market. We cannot assure that an active trading market for the Notes will develop. There can be no assurances as to the liquidity of any market that may develop for the Notes, the ability of holders to sell their Notes or the price at which the holders will be able to sell their Notes. Future trading prices of the Notes will depend on many factors including, among other things, prevailing interest rates, our operating results and the market for similar securities.

USE OF PROCEEDS

We expect the net proceeds from this offering to be approximately \$644 million, after the payment of the underwriting discount and our estimated offering expenses. We expect the net proceeds from the sale of the Notes to be invested in or loaned to subsidiaries of PPL Corporation, which will use the funds to repay short-term debt obligations, including commercial paper borrowings, and for general corporate purposes.

DESCRIPTION OF THE NOTES

The following summary description sets forth certain terms and provisions of the Notes that are being offered by this prospectus supplement. Because this description is a summary, it does not describe every aspect of the Notes or the Indenture under which the Notes will be issued, as described below. The Indenture is filed as an exhibit to the registration statement of which the accompanying prospectus is a part. The Indenture and its associated documents contain the full legal text of the matters described in this section. This summary is subject to and qualified in its entirety by reference to all of the provisions of the Notes and the Indenture, including definitions of certain terms used in the Indenture. We also include references in parentheses to certain sections of the Indenture. Whenever we refer to particular sections or defined terms of the Indenture in this prospectus supplement, such sections or defined terms are incorporated by reference herein. The Indenture has been qualified under the Trust Indenture Act, and you should refer to the Trust Indenture Act for provisions that apply to the Notes.

General

PPL Capital Funding will issue the Notes as a series of debt securities under an Indenture, dated as of November 1, 1997 (as such indenture has been and may be amended and supplemented from time to time, the "Indenture"), among PPL Capital Funding, PPL Corporation and The Bank of New York Mellon (as successor to JPMorgan Chase Bank, N.A. (formerly known as The Chase Manhattan Bank)), as trustee (the "Trustee"). We may issue an unlimited amount of Notes or other securities under the Indenture. The Notes and all other debt securities issued previously or hereafter under the Indenture are collectively referred to herein as the "Indenture Securities."

The Notes will be unsecured and unsubordinated obligations of PPL Capital Funding and will rank equally in right of payment with PPL Capital Funding's existing unsecured and unsubordinated indebtedness and senior in right of payment to PPL Capital Funding's subordinated indebtedness. The Notes will be fully and unconditionally guaranteed (the "Guarantees") by PPL Corporation as to payment of principal, premium, if any, and interest. The Guarantees will be PPL Corporation's unsecured obligations and will rank equally in right of payment with PPL Corporation's other unsecured and unsubordinated indebtedness.

The Notes will be issued in fully registered form only, without coupons. The Notes will be initially represented by one or more fully registered global securities (the "Global Securities") deposited with the Trustee, as custodian for DTC, as depositary, and registered in the name of DTC or DTC's nominee. A beneficial interest in a Global Security will be shown on, and transfers or exchanges thereof will be effected only through, records maintained by DTC and its participants, as described below under "Book-Entry Only Issuance The Depository Trust Company." The authorized denominations of the Notes will be \$2,000 and any larger amount that is an integral multiple of \$1,000. Except in limited circumstances described below, the Notes will not be exchangeable for Notes in definitive certificated form.

The Notes are initially being offered in one series in the principal amount of \$650,000,000. We may, without the consent of the Holders of the Notes, increase the principal amount of the series and issue additional notes of such series having the same ranking, interest rate, maturity and other terms (other than the price to public, the date of issuance and, in some circumstances, the initial interest accrual date and the initial interest payment date, if applicable) as the Notes, provided that any such additional notes either shall be fungible with the original Notes for federal income tax purposes or shall be issued under a different CUSIP. Any such additional notes may, together with the Notes, constitute a single series of securities under the Indenture. The Notes and any additional notes of the same series having the same terms as the Notes offered hereby subsequently issued under the Indenture will be treated as a single series for all purposes under the Indenture, including, without limitation, voting waivers and amendments.

Table of Contents

Principal and Interest

The Notes will mature on May 15, 2026 (the **Stated Maturity Date**) and will bear interest from the date of original issuance until maturity at the rate of 3.100% per annum. Interest on the Notes will be payable semi-annually in arrears on May 15 and November 15 of each year (each, an **Interest Payment Date**), commencing on November 15, 2016, and at maturity, whether at the Stated Maturity Date, upon redemption, or otherwise (**Maturity**). Subject to certain exceptions, the Indenture provides for the payment of interest on an Interest Payment Date only to persons in whose names the Notes are registered at the close of business on the Regular Record Date, which will be May 1 and November 1 (whether or not a Business Day), as the case may be, immediately preceding the applicable Interest Payment Date; except that interest payable at Maturity will be paid to the person to whom principal is paid. Interest will be calculated on the basis of a 360-day year consisting of twelve 30-day months, and with respect to any period less than a full calendar month, on the basis of the actual number of days elapsed during the period.

Payment

So long as the Notes are registered in the name of DTC, as depositary for the Notes as described herein under **Book-Entry Only Issuance** The Depository Trust Company or DTC's nominee, payments on the Notes will be made as described therein.

If we default in paying interest on a Note, we will pay such interest either

on a special record date fixed by the Trustee between 10 and 15 days before the payment; or

in any other lawful manner of payment that is consistent with the requirements of any securities exchange on which the Notes may be listed for trading if deemed practicable by the Trustee. (See Section 307.)

We will pay principal, premium, if any, and interest on the Notes at Maturity upon presentation of the Notes at the corporate trust office of The Bank of New York Mellon in New York, New York, as our Paying Agent. In our discretion, we may change the place of payment on the Notes, and we may remove any Paying Agent and may appoint one or more additional Paying Agents (including us or any of our affiliates). (See Section 602.)

If any Interest Payment Date, Redemption Date or the Maturity of a Note falls on a day that is not a Business Day, the required payment of principal, premium, if any, and/or interest will be made on the next succeeding Business Day as if made on the date such payment was due, and no interest will accrue on such payment for the period from and after such Interest Payment Date, Redemption Date or the Maturity, as the case may be, to the date of such payment on the next succeeding Business Day. **Business Day** means any day, other than a Saturday or Sunday, that is not a day on which banking institutions or trust companies are generally authorized or required by law, regulation or executive order to close in The City of New York or other city in which any Paying Agent for the Notes is located. (See Section 113.)

Redemption

Edgar Filing: PPL Corp - Form 424B2

We may, at our option, redeem the Notes, in whole at any time or in part from time to time. If we redeem the Notes before February 15, 2026 (the date that is three months prior to the Stated Maturity Date), the Notes will be redeemed by us at a redemption price equal to the greater of:

(1) 100% of the principal amount of the Notes to be so redeemed; and

(2) as determined by the Quotation Agent, the sum of the present values of the remaining scheduled payments of principal and interest on the Notes to be so redeemed (not including any portion of such payments of interest accrued to the date of redemption) discounted to the Redemption Date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Adjusted Treasury Rate, plus 25 basis points;

plus, in either of the above cases, accrued and unpaid interest on the principal amount of the Notes being redeemed to, but not including, the Redemption Date.

S-7

Table of Contents

If we redeem the Notes on or after February 15, 2026, the Notes will be redeemed by us at a redemption price equal to 100% of the principal amount of the Notes to be so redeemed, plus accrued and unpaid interest on the principal amount of the Notes being redeemed to, but not including, the Redemption Date.

For purposes of calculating the redemption price, the following terms will have the meanings set forth below:

Adjusted Treasury Rate means, with respect to any Redemption Date, the rate per annum equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for that Redemption Date.

Comparable Treasury Issue means the United States Treasury security selected by the Quotation Agent as having an actual or interpolated maturity comparable to the remaining term of the Notes to the Stated Maturity Date that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the Notes.

Comparable Treasury Price means, with respect to any Redemption Date:

the average of five Reference Treasury Dealer Quotations for that Redemption Date, after excluding the highest and lowest Reference Treasury Dealer Quotations; or

if the Quotation Agent obtains fewer than five Reference Treasury Dealer Quotations, the average of all of those quotations received.

Quotation Agent means one of the Reference Treasury Dealers appointed by us.

Reference Treasury Dealer means:

each of Barclays Capital Inc., Credit Suisse Securities (USA) LLC, Wells Fargo Securities, LLC and a primary treasury dealer selected by Mitsubishi UFJ Securities (USA), Inc., respectively, and their respective successors, unless any of them ceases to be a primary U.S. government securities dealer in the United States (a Primary Treasury Dealer), in which case we will substitute another Primary Treasury Dealer; and

any other Primary Treasury Dealer selected by us.

Reference Treasury Dealer Quotations means, with respect to each Reference Treasury Dealer and any Redemption Date, the average, as determined by the Quotation Agent, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount), as provided to the Quotation Agent by that Reference Treasury Dealer at 3:00 p.m., New York City time, on the third business day preceding that Redemption Date.

Edgar Filing: PPL Corp - Form 424B2

The Notes will not be subject to a sinking fund or other mandatory redemption and will not be repayable at the option of the Holder of a Note prior to the Stated Maturity Date.

Notes will be redeemable upon notice by mail (or, in the case of Global Securities, in accordance with DTC's applicable policies and procedures) between 10 and 60 days prior to the Redemption Date. If less than all of the Notes are to be redeemed, the Trustee will select the Notes for redemption in such manner as it deems fair and appropriate (or, in the case of Global Securities, in accordance with DTC's applicable policies and procedures). (See Sections 403 and 404.)

Notes called for redemption will cease to bear interest on the Redemption Date. We will pay the redemption price and any accrued interest once you surrender the Note for redemption. (See Section 405.) If only part of a Note is redeemed, the Trustee will deliver to you a new Note for the remaining portion without charge. (See Section 406.)

S-8

Table of Contents

Upon giving notice of redemption, PPL Capital Funding may make any redemption at its option conditional upon the receipt by the Paying Agent, on or prior to the date fixed for redemption, of money sufficient to pay the redemption price. If the Paying Agent has not received such money by the date fixed for redemption, such redemption notice shall be of no force and effect and we will not be required to redeem such Notes. (See Section 404.)

Form; Transfers; Exchanges

So long as the Notes are registered in the name of DTC, as depositary for the Notes as described herein under Book-Entry Only Issuance The Depository Trust Company or DTC's nominee, transfers and exchanges of beneficial interests in the Notes will be made as described therein. In the event that the book-entry only system is discontinued, and the Notes are issued in certificated form, you may exchange or transfer Notes at the corporate trust office of the Trustee. Notes presented or surrendered for registration of transfer or for exchange shall (if so required by us or the Trustee) be duly endorsed or shall be accompanied by a written instrument of transfer in the form satisfactory to us and the Trustee, duly executed by the Holder thereof or his attorney duly authorized in writing. The Trustee acts as our agent for registering Notes in the names of Holders and transferring debt securities. We may appoint another agent or act as our own agent for this purpose. The entity performing the role of maintaining the list of registered Holders is called the Security Registrar. It will also perform transfers. In our discretion, we may change the place for registration of transfer of the Notes and may remove and/or appoint one or more additional Security Registrars (including us or any of our affiliates). (See Sections 305 and 602.)

There will be no service charge for any transfer or exchange of the Notes, but you may be required to pay a sum sufficient to cover any tax or other governmental charge payable in connection therewith. We may block the transfer or exchange of (1) Notes during a period of 15 days prior to giving any notice of redemption or (2) any Note selected for redemption in whole or in part, except the unredeemed portion of any Note being redeemed in part. (See Section 305.)

Guarantees

PPL Corporation will fully and unconditionally guarantee the payment of principal, premium, if any, and any interest on the Notes, when due and payable, whether at the Stated Maturity Date, by declaration of acceleration, call for redemption or otherwise, in accordance with the terms of the Notes and the Indenture. The Guarantees will remain in effect until the entire principal, premium, if any, and interest on the Notes has been paid in full or otherwise discharged in accordance with the provisions of the Indenture. (See Article Fourteen.)

Events of Default

An Event of Default with respect to the Notes will occur if:

we do not pay any interest on any Note within 30 days of the due date;

we do not pay principal or premium, if any, on any Note on its due date;

Edgar Filing: PPL Corp - Form 424B2

we remain in breach of a covenant (excluding covenants solely applicable to a specific series other than the Notes) or warranty of the Indenture for 90 days after we receive a written notice of default stating we are in breach and requiring remedy of the breach; the notice must be sent by either the Trustee or Holders of 25% of the aggregate principal amount of the outstanding Indenture Securities of the affected series; the Trustee or such Holders can agree to extend the 90-day period and such an agreement to extend will be automatically deemed to occur if we are diligently pursuing action to correct the default;

PPL Corporation's Guarantees of the Notes cease to be effective (except in accordance with their terms), are found in any judicial proceeding to be unenforceable or invalid, or are denied or disaffirmed (except in accordance with their terms); or

S-9

Table of Contents

we file for bankruptcy or certain other similar events in bankruptcy, insolvency, receivership or reorganization occur.

(See Section 801.)

No Event of Default with respect to the Notes necessarily constitutes an Event of Default with respect to the Indenture Securities of any other series issued under the Indenture.

Remedies

Acceleration

Any One Series. If an Event of Default occurs and is continuing with respect to any one series of Indenture Securities, then either the Trustee or the Holders of 25% in principal amount of the outstanding Indenture Securities of such series may declare the principal amount of all of the Indenture Securities of such series to be due and payable immediately.

More Than One Series. If an Event of Default occurs and is continuing with respect to more than one series of Indenture Securities, then either the Trustee or the Holders of 25% of the aggregate principal amount of the outstanding Indenture Securities of all such series, considered as one class, may make such declaration of acceleration. Thus, if there is more than one series affected, the action by the Holders of 25% of the aggregate principal amount of the outstanding Indenture Securities of any particular series will not, in itself, be sufficient to make a declaration of acceleration. (See Section 802.)

Rescission of Acceleration

After the declaration of acceleration has been made and before the Trustee has obtained a judgment or decree for payment of the money due, such declaration and its consequences will be rescinded and annulled, if

we pay or deposit with the Trustee a sum sufficient to pay:

all overdue interest;

the principal of and any premium on the Notes which have become due otherwise than by such declaration of acceleration and interest thereon;

interest on overdue interest to the extent lawful; and

Edgar Filing: PPL Corp - Form 424B2

all amounts due to the Trustee under the Indenture; and

all Events of Default, other than the nonpayment of the principal which has become due solely by such declaration of acceleration, have been cured or waived as provided in the Indenture.

No such rescission shall affect any subsequent Event of Default or impair any right consequent thereon. (See Section 802.) For more information as to waiver of defaults, see Waiver of Default and of Compliance below.

Control by Holders; Limitations

Subject to the Indenture, if an Event of Default with respect to the Indenture Securities of any one series occurs and is continuing, the Holders of a majority in principal amount of the outstanding Indenture Securities of that series will have the right to

direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or

exercise any trust or power conferred on the Trustee with respect to the Indenture Securities of such series.

S-10

Table of Contents

If an Event of Default is continuing with respect to more than one series of Indenture Securities, the Holders of a majority in aggregate principal amount of the outstanding Indenture Securities of all such series, considered as one class, will have the right to make such direction, and not the Holders of the Indenture Securities of any one of such series.

These rights of Holders to make direction are subject to the following limitations:

the Holders' directions may not conflict with any law or the Indenture; and

the Holders' directions may not involve the Trustee in personal liability where the Trustee believes indemnity is not adequate.

The Trustee may also take any other action it deems proper that is consistent with the Holders' direction. (See Sections 812 and 903.) With respect to Events of Default and other defaults in the performance of, or breach of, covenants in the Indenture that do not constitute Events of Default, if any such Event of Default or other default occurs and is continuing after any applicable notice and/or cure period, then the Trustee may in its discretion (and subject to the rights of the Holders to control remedies as described above and certain other conditions specified in the Indenture) bring such judicial proceedings as the Trustee shall deem appropriate or proper.

The Indenture provides that no Holder of any Indenture Security will have any right to institute any proceeding, judicial or otherwise, with respect to the Indenture for the appointment of a receiver or trustee, or for any other remedy thereunder, unless

that Holder has previously given the Trustee written notice of a continuing Event of Default;

the Holders of 25% in aggregate principal amount of the outstanding Indenture Securities of all affected series, considered as one class, have made written request to the Trustee to institute proceedings in respect of that Event of Default and have offered the Trustee reasonable indemnity against costs and liabilities incurred in complying with such request; and

for 60 days after receipt of such notice, the Trustee has failed to institute any such proceeding and no direction inconsistent with such request has been given to the Trustee during such 60-day period by the Holders of a majority in aggregate principal amount of outstanding Indenture Securities of all affected series, considered as one class.

Furthermore, no Holder will be entitled to institute any such action if and to the extent that such action would disturb or prejudice the rights of other Holders. (See Sections 807 and 903.)

However, each Holder has an absolute and unconditional right to receive payment when due and to bring a suit to enforce that right, and such rights shall not be impaired without the consent of such Holder. (See Sections 807 and 808.)

Notice of Default

Edgar Filing: PPL Corp - Form 424B2

The Trustee is required to give the Holders of the Notes notice of any default under the Indenture to the extent required by the Trust Indenture Act, unless such default has been cured or waived; except that in the case of an Event of Default of the character specified above in the third bullet point under Events of Default, no such notice shall be given to such Holders until at least 75 days after the occurrence thereof. (See Section 902.) The Trust Indenture Act currently permits the Trustee to withhold notices of default (except for certain payment defaults) if the Trustee in good faith determines the withholding of such notice to be in the interests of the Holders.

PPL Capital Funding and PPL Corporation will furnish the Trustee with an annual statement as to their compliance with the conditions and covenants in the Indenture. (See Section 605.)

S-11

Table of Contents

Waiver of Default and of Compliance

The Holders of a majority in principal amount of the outstanding Notes may waive, on behalf of the Holders of all outstanding Notes, any past default under the Indenture, except a default in the payment of principal or premium, if any, or interest, or with respect to compliance with certain provisions of the Indenture that cannot be amended without the consent of the Holder of each outstanding Indenture Security of the affected series. (See Section 813.)

Compliance with certain covenants in the Indenture or otherwise provided with respect to Indenture Securities may be waived by the Holders of a majority in aggregate principal amount of the affected Indenture Securities, considered as one class. (See Section 606.)

Consolidation, Merger and Conveyance of Assets as an Entirety

Subject to the provisions described in the next paragraph, each of PPL Capital Funding and PPL Corporation has agreed in the Indenture to preserve its corporate existence. (See Section 604.)

PPL Capital Funding and PPL Corporation have each also agreed not to consolidate with or merge into any other entity or convey, transfer or lease its properties and assets substantially as an entirety to any entity unless

the entity formed by such consolidation or into which PPL Capital Funding or PPL Corporation, as the case may be, is merged or the entity which acquires or which leases its property and assets substantially as an entirety is a corporation or limited liability company organized and existing under the laws of the United States of America or any State thereof or the District of Columbia, and expressly assumes, by supplemental indenture, in the form satisfactory to the Trustee, the due and punctual payment of the principal, premium, if any, and interest on all the outstanding Notes (or the Guarantees, as the case may be) and the performance of all of its covenants under the Indenture; and

immediately after giving effect to such transaction, no Event of Default, and no event which, after notice or lapse of time or both, would become an Event of Default, will have occurred and be continuing. (See Section 1101.)

The Indenture does not prevent or restrict:

any consolidation or merger after the consummation of which PPL Capital Funding or PPL Corporation would be the surviving or resulting entity; or

any conveyance or other transfer, or lease, of any part of the properties of PPL Capital Funding or PPL Corporation which does not constitute the entirety, or substantially the entirety, thereof. (See Section 1103.)

Modification of Indenture

Edgar Filing: PPL Corp - Form 424B2

Without Holder Consent. Without the consent of any Holders of Indenture Securities, PPL Capital Funding, PPL Corporation and the Trustee may enter into one or more supplemental indentures for any of the following purposes:

to evidence the succession of another entity to PPL Capital Funding or PPL Corporation;

to add one or more covenants or other provisions for the benefit of the Holders of all or any series or tranche of Indenture Securities, or to surrender any right or power conferred upon us;

to add any additional Events of Default for all or any series of Indenture Securities;

to change or eliminate any provision of the Indenture or to add any new provision to the Indenture that does not adversely affect the interests of the Holders in any material respect;

S-12

Table of Contents

to provide security for the Indenture Securities of any series;

to establish the form or terms of Indenture Securities of any series or tranche as permitted by the Indenture;

to provide for the issuance of bearer securities;

to evidence and provide for the acceptance of appointment of a separate or successor Trustee;

to provide for the procedures required to permit the utilization of a noncertificated system of registration for any series or tranche of Indenture Securities;

to change any place or places where:

we may pay principal, premium and interest,

Indenture Securities may be surrendered for transfer or exchange, and

notices and demands to or upon PPL Capital Funding or PPL Corporation may be served; or

to cure any ambiguity, defect or inconsistency or to make any other changes that do not adversely affect the interests of the Holders in any material respect.

If the Trust Indenture Act is amended after the date of the Indenture so as to require changes to the Indenture or so as to permit changes to, or the elimination of, provisions which, at the date of the Indenture or at any time thereafter, were required by the Trust Indenture Act to be contained in the Indenture, the Indenture will be deemed to have been amended so as to conform to such amendment or to effect such changes or elimination, and PPL Capital Funding, PPL Corporation and the Trustee may, without the consent of any Holders, enter into one or more supplemental indentures to effect or evidence such amendment. (See Section 1201.)

With Holder Consent. Except as provided above, the consent of the Holders of at least a majority in aggregate principal amount of the Indenture Securities of all outstanding series, considered as one class, is generally required for the purpose of adding to, changing or eliminating any of the provisions of the Indenture pursuant to a supplemental indenture. However, if less than all of the series of outstanding Indenture Securities are directly affected by a proposed supplemental indenture, then such proposal only requires the consent of the Holders of a majority in aggregate principal amount of the outstanding Indenture Securities of all directly affected series, considered as one class. Moreover, if the Indenture Securities of any series have been issued in more than one tranche and if the proposed supplemental indenture directly affects the rights of the Holders of Indenture Securities of one or more, but less than all, of such tranches, then such proposal only requires the consent of the Holders of a majority in aggregate principal amount of the outstanding Indenture Securities of all directly affected tranches, considered as one class.

However, no amendment or modification may, without the consent of the Holder of each outstanding Indenture Security directly affected thereby,

Edgar Filing: PPL Corp - Form 424B2

change the stated maturity of the principal or interest on any Indenture Security (other than pursuant to the terms thereof), or reduce the principal amount, interest or premium payable or change the currency in which any Indenture Security is payable, or impair the right to bring suit to enforce any payment;

reduce the percentages of Holders whose consent is required for any supplemental indenture or waiver or reduce the requirements for quorum and voting under the Indenture; or

modify certain of the provisions in the Indenture relating to supplemental indentures and waivers of certain covenants and past defaults.

A supplemental indenture which changes or eliminates any provision of the Indenture expressly included solely for the benefit of Holders of Indenture Securities of one or more particular series or tranches will be deemed not to affect the rights under the Indenture of the Holders of Indenture Securities of any other series or tranche. (See Section 1202.)

S-13

Table of Contents

We will be entitled to set any day as a record date for the purpose of determining the Holders of outstanding Indenture Securities of any series entitled to give or take any demand, direction, consent or other action under the Indenture, in the manner and subject to the limitations provided in the Indenture. In certain circumstances, the Trustee also will be entitled to set a record date for action by Holders. If such a record date is set for any action to be taken by Holders of particular Indenture Securities, such action may be taken only by persons who are Holders of such Indenture Securities at the close of business on the record date. (See Section 104.)

The Indenture provides that certain Indenture Securities, including those for which payment or redemption money has been deposited or set aside in trust as described under Satisfaction and Discharge below, will not be deemed to be outstanding in determining whether the Holders of the requisite principal amount of the outstanding Indenture Securities have given or taken any demand, direction, consent or other action under the Indenture as of any date, or are present at a meeting of Holders for quorum purposes. (See Section 101.)

Satisfaction and Discharge

Any Indenture Securities or any portion will be deemed to have been paid for purposes of the Indenture and, at PPL Capital Funding's election, the entire indebtedness of PPL Capital Funding and PPL Corporation will be satisfied and discharged, if there shall have been irrevocably deposited with the Trustee or any Paying Agent (other than PPL Capital Funding or PPL Corporation), in trust:

money sufficient,

in the case of a deposit made prior to the maturity of such Indenture Securities, non-redeemable Government Obligations (as defined in the Indenture) sufficient, or

a combination of items listed in the preceding two bullet points, which in total are sufficient,

to pay when due the principal of, and any premium and interest due and to become due on such Indenture Securities or portions thereof on and prior to the maturity thereof. (See Section 701.)

Subject to certain limitations, the Indenture will be deemed satisfied and discharged when no Indenture Securities remain outstanding and when we have paid all other sums payable by us under the Indenture. (See Section 702.)

All moneys we pay to the Trustee or any Paying Agent on Indenture Securities that remain unclaimed at the end of two years after payments have become due will be paid to PPL Capital Funding upon its request. Thereafter, the Holder of such Indenture Security may look only to us for payment. (See Section 603.)

Resignation and Removal of the Trustee; Deemed Resignation

Edgar Filing: PPL Corp - Form 424B2

The Trustee may resign at any time by giving written notice to us.

The Trustee may also be removed by act of the Holders of a majority in principal amount of the then outstanding Indenture Securities of any series.

No resignation or removal of the Trustee and no appointment of a successor trustee will become effective until the acceptance of appointment by a successor trustee in accordance with the requirements of the Indenture.

Under certain circumstances, we may appoint a successor trustee and if the successor accepts, the Trustee will be deemed to have resigned. (See Section 910.)

Notices

Notices to Holders of Notes will be given by mail (or, in the case of Global Securities, in accordance with DTC's applicable policies and procedures) to the addresses of the Holders as they may appear in the security register. (See Section 106.)

Title

PPL Capital Funding, PPL Corporation, the Trustee, and any agent of PPL Capital Funding, PPL Corporation or the Trustee, will treat the person or entity in whose name Indenture Securities are registered as the absolute owner of those Indenture Securities (whether or not the Indenture Securities may be overdue) for the purpose of making payments and for all other purposes irrespective of notice to the contrary. (See Section 308.)

Governing Law

The Indenture and the Indenture Securities provide that they will be governed by and construed in accordance with the laws of the State of New York, except to the extent the Trust Indenture Act shall be applicable. (See Section 112.)

Regarding the Trustee

The Trustee under the Indenture is The Bank of New York Mellon (BNYM). In addition to acting as Trustee, BNYM also maintains various banking and trust relationships with us and some of our affiliates.

Book-Entry Only Issuance The Depository Trust Company

DTC will act as the initial securities depository for the Notes. The Notes will be issued in fully registered form and will be evidenced by one or more global Notes registered in the name of DTC's nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The global Notes will be deposited with the Trustee as custodian for DTC.

DTC advises that it is a New York limited-purpose trust company organized under the New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code and a clearing agency registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended. DTC holds securities that its participants (Direct Participants) deposit with it and also facilitates the settlement among Direct Participants of sales and other securities transactions, including transfers and pledges, in deposited securities through electronic computerized book-entry changes in Direct Participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. The depository is owned by a number of its Direct Participants and by the New York Stock Exchange and the Financial Industry Regulatory Authority, Inc. Access to DTC's system is also available to others, including both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear transactions through, or maintain a custodial relationship with, a Direct Participant, either directly or indirectly (Indirect Participants). The rules applicable to DTC and its participants are on file with the SEC.

Purchases of the Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Notes on DTC's records. The ownership interest of each actual purchaser (Beneficial Owner) is in turn to be recorded on the Direct and Indirect Participants

Edgar Filing: PPL Corp - Form 424B2

records. Beneficial Owners will not receive written confirmation from DTC of their purchases, but Beneficial Owners should receive written confirmations providing details of the transactions, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which they purchased Notes. Transfers of ownership interests on the Notes are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Notes, except in the event that use of the book-entry system for the Notes is discontinued.

To facilitate subsequent transfers, all Notes deposited by Direct Participants with DTC are registered in the name of DTC's nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Notes with DTC and their registration in the name of Cede & Co. or such other nominee

S-15

Table of Contents

do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Notes; DTC's records reflect only the identity of the participants to whose accounts the Notes are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners, will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Notices will be sent to DTC.

Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the Notes unless authorized by a Direct Participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an omnibus proxy to us as soon as possible after the record date. The omnibus proxy assigns the voting or consenting rights of Cede & Co. to those Direct Participants to whose accounts the Notes are credited on the record date. We believe that these arrangements will enable the Beneficial Owners to exercise rights equivalent in substance to the rights that can be directly exercised by a registered holder of the Notes.

Payments of principal, premium, if any, and interest on the Notes will be made to Cede & Co. (or such other nominee of DTC). DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from us or the Trustee, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by participants to Beneficial Owners will be governed by standing instructions and customary practices and will be the responsibility of each participant and not of DTC, the Trustee or us, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, premium, if any, and interest to Cede & Co. (or other such nominee of DTC) is our responsibility. Disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners is the responsibility of Direct and Indirect Participants.

A Beneficial Owner will not be entitled to receive physical delivery of the Notes. Accordingly, each Beneficial Owner must rely on the procedures of DTC to exercise any rights under the Notes.

DTC may discontinue providing its services as securities depository with respect to the Notes at any time by giving us or the Trustee reasonable notice. In the event no successor securities depository is obtained, certificates for the Notes will be printed and delivered.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that we believe to be reliable, but neither we nor the underwriters take any responsibility for the accuracy of this information.

CERTAIN U.S. FEDERAL INCOME AND ESTATE TAX CONSEQUENCES

The following summary describes certain U.S. federal income and estate tax consequences as of the date of this prospectus supplement of the purchase, ownership and disposition of Notes. This summary deals only with Notes that are held as capital assets by holders who acquire Notes pursuant to this offering at their initial offering price. This summary does not constitute a detailed description of the U.S. federal income and tax considerations applicable to you if you are subject to special treatment under the U.S. federal income tax laws, including if you are:

a dealer in securities or currencies,

a trader in securities that elects to use a mark-to-market method of accounting for its securities holdings;

a regulated investment company;

a real estate investment trust;

a tax-exempt organization,

an insurance company;

a financial institution;

a person liable for the alternative minimum tax;

a partnership or other pass-through entity for U.S. federal income tax purposes;

a controlled foreign corporation ;

a passive foreign investment company ;

a person holding the Notes as part of a hedging, integrated conversion or constructive sale transaction or a straddle;

a U.S. expatriate; or

a U.S. holder (as defined below) whose functional currency for tax purposes is not the U.S. dollar.

Edgar Filing: PPL Corp - Form 424B2

The discussion below is based upon the provisions of the Internal Revenue Code of 1986, as amended (the Code) and regulations, rulings and judicial decisions thereunder as of the date hereof. Those authorities may be changed, perhaps retroactively, so as to result in U.S. federal income and tax consequences different from those discussed below.

If a partnership holds Notes, the tax treatment of a partner will generally depend upon the status of the partner and the activities of the partnership. If you are a partner of a partnership holding Notes, you should consult your tax advisors.

This summary does not address all aspects of U.S. federal income and estate taxes, does not address the Medicare contribution tax on investment income and does not deal with non-U.S., state, local or other tax considerations that may be relevant to holders in light of their personal circumstances. **If you are considering the purchase, ownership or disposition of the Notes, you should consult your own tax advisors concerning the U.S. federal income and tax consequences to you in light of your particular situation as well as any consequences arising under the laws of any other taxing jurisdiction.**

U.S. Holders

The following is a summary of certain U.S. federal income tax consequences that will apply to you if you are a U.S. holder of Notes.

S-17

Table of Contents

As used herein, the term "U.S. holder" means a beneficial owner of Notes that, for U.S. federal income tax purposes, is:

an individual citizen or resident of the United States,

a corporation (or other entity treated as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States, any state thereof or the District of Columbia;

an estate the income of which is subject to U.S. federal income taxation regardless of its source, or

a trust if it (1) is subject to the primary supervision of a court within the United States and one or more United States persons have the authority to control all substantial decisions of the trust or (2) has a valid election in effect under applicable U.S. Treasury regulations to be treated as a United States person.

If a holder is not a U.S. holder, this subsection does not apply to such holder and such holder should refer to "Non-U.S. Holders" below.

Payments of Interest. Interest payable on the Notes will generally be taxable to you as ordinary interest income at the time it is paid or accrued, in accordance with your method of accounting for tax purposes.

Sale, Exchange or Other Disposition of the Notes. Upon a sale, exchange, retirement or other taxable disposition of Notes, you generally will have gain or loss equal to the difference between (i) the proceeds of such sale, exchange, retirement or other taxable disposition (less an amount equal to any accrued but unpaid interest, which will be taxable as interest income to the extent not previously included in income), and (ii) your tax basis in the Notes subject to the sale, exchange, retirement or other taxable disposition. Your tax basis in a Note generally will be its cost. Such gain or loss generally will be capital gain or loss. Capital gains of individuals derived in respect of assets held for more than one year are subject to tax at preferential rates. The deductibility of capital losses is subject to limitations.

Information Reporting and Backup Withholding. In general, information reporting requirements will apply to payments on the Notes and to the proceeds of the sale or other disposition of the Notes, unless you are an exempt recipient. Additionally, backup withholding may apply to such payments if you fail to provide a taxpayer identification number, a certification of exempt status, or have been notified by the IRS that you are subject to backup withholding (and such notification has not been withdrawn).

Any amounts withheld under the backup withholding rules will be allowed as a refund or a credit against your U.S. federal income tax liability provided the required information is furnished to the IRS.

Non-U.S. Holders

The following discussion only applies to non-U.S. holders. As used herein, a "non-U.S. holder" means a beneficial owner of Notes that is neither a U.S. holder nor a partnership.

Edgar Filing: PPL Corp - Form 424B2

U.S. Federal Withholding Tax. Subject to the discussion below concerning FATCA, U.S. federal withholding tax will not apply to any payment of interest on the Notes under the portfolio interest rule, provided that:

interest paid on the Notes is not effectively connected with your conduct of a trade or business in the United States;

you do not actually (or constructively) own 10% or more of the total combined voting power of all classes of our voting stock or PPL Capital Funding's voting stock within the meaning of the Code and applicable United States Treasury regulations;

S-18

Table of Contents

you are not a controlled foreign corporation that is related to us or to PPL Capital Funding through stock ownership;

you are not a bank whose receipt of interest on the Notes is described in Section 881(c)(3)(A) of the Code; and

either (a) you provide your name and address on an IRS Form W-8BEN or W-8BEN-E (or other applicable form), and certify, under penalties of perjury, that you are not a United States person as defined under the Code or (b) you hold your Notes through certain foreign intermediaries and satisfy the certification requirements of applicable United States Treasury regulations. Special certification rules apply to non-U.S. holders that are pass-through entities rather than corporations or individuals.

If you cannot satisfy the requirements described above, payments of interest made to you will be subject to a 30% U.S. federal withholding tax, unless you provide us with a properly executed:

IRS Form W-8BEN or W-8BEN-E (or other applicable form) claiming an exemption from or reduction in withholding under the benefit of an applicable income tax treaty; or

IRS Form W-8ECI (or other applicable form) stating that interest paid on the Notes is not subject to withholding tax because it is effectively connected with your conduct of a trade or business in the United States (as discussed below under U.S. Federal Income Tax).

Subject to the discussions below regarding backup withholding and FATCA, U.S. federal withholding tax generally will not apply to any payment of principal or gain that you realize on the sale, exchange, retirement or other taxable disposition of a Note.

U.S. Federal Income Tax. If you are engaged in a trade or business in the United States and interest on the Notes is effectively connected with the conduct of that trade or business (and, if required by an applicable income tax treaty, is attributable to a United States permanent establishment), then you will be subject to U.S. federal income tax on that interest on a net income basis (although you will be exempt from the 30% U.S. federal withholding tax, provided the certification requirements discussed above in U.S. Federal Withholding Tax are satisfied) in the same manner as if you were a United States person as defined under the Code. In addition, if you are a foreign corporation, you may be subject to a branch profits tax equal to 30% (or lower applicable income tax treaty rate) of such interest, subject to adjustments.

Any gain realized on the disposition of a note (other than amounts attributable to accrued but unpaid interest which will be taxed in the manner described in the prior subsection) generally will not be subject to U.S. federal income tax unless:

the gain is effectively connected with your conduct of a trade or business in the United States (and, if required by an applicable income tax treaty, is attributable to a United States permanent establishment); or

you are an individual who is present in the United States for 183 days or more in the taxable year of that disposition, and certain other conditions are met.

U.S. Federal Estate Tax. Your estate will not be subject to U.S. federal estate tax on Notes beneficially owned by you at the time of your death, provided that any payment to you on the Notes would be eligible for exemption from the 30% U.S. federal withholding tax under the portfolio interest rule described above under U.S. Federal Withholding Tax without regard to the statement requirement described in the fifth bullet point of that section.

Information Reporting and Backup Withholding. The amount of the interest paid to you and the tax withheld with respect to such interest, regardless of whether withholding was required, must be reported annually to the IRS and to you. Copies of the information returns reporting the amount of such interest and the amount of withholding may also be made available to the tax authority in the country in which you reside under the provisions of an applicable income tax treaty.

S-19

Table of Contents

In general, no backup withholding will be required regarding payments on Notes that we make to you, provided that we do not have actual knowledge or reason to know that you are a United States person as defined under the Code and you have delivered the statement described above in the fifth bullet point under U.S. Federal Withholding Tax.

In addition, no information reporting or backup withholding will be required regarding the proceeds of the sale of Notes made within the United States or conducted through certain U.S. financial intermediaries if:

the payor (1) receives the statement described above and (2) does not have actual knowledge or reason to know that you are a United States person as defined under the Code; or

you otherwise establish an exemption.

Any amounts withheld under the backup withholding rules will be allowed as a refund or a credit against your U.S. federal income tax liability provided the required information is furnished to the IRS.

FATCA. Pursuant to Sections 1471 through 1474 of the Code, applicable Treasury regulations, other official guidance and intergovernmental agreements entered into in respect of the foregoing, (together, commonly referred to as FATCA), foreign financial institutions (which include most non-U.S. investment vehicles) and other non-U.S. entities must, subject to certain exemptions, comply with information reporting rules with respect to their U.S. account holders and investors or confront a withholding tax on U.S.-sourced payments made to them (whether received as a beneficial owner or as an intermediary for another party). More specifically, a foreign financial institution or other non-U.S. entity that does not comply with the FATCA reporting requirements generally will be subject to a 30% withholding tax with respect to any withholdable payments. For this purpose, withholdable payments generally will include interest on the Notes and the gross proceeds from the sale or other disposition of the Notes. In the case of any such gross proceeds, the withholding requirements will only apply to dispositions occurring after December 31, 2018. The FATCA withholding tax will apply even if the payment otherwise would not be subject to U.S. nonresident withholding tax (e.g., because it is portfolio interest). Non-U.S. Holders are urged to consult their tax advisors regarding the effect, if any, of the FATCA provisions on them based on their particular circumstances.

YOU SHOULD CONSULT YOUR OWN TAX ADVISOR AS TO THE PARTICULAR TAX CONSEQUENCES TO YOU OF PURCHASING, HOLDING OR DISPOSING OF NOTES, INCLUDING THE APPLICABILITY AND EFFECT OF ANY STATE, LOCAL, FOREIGN OR OTHER TAX LAWS, AND OF ANY CHANGES OR PROPOSED CHANGES IN APPLICABLE LAW.

Table of Contents**UNDERWRITING**

PPL Capital Funding, PPL Corporation and the underwriters for the offering named below have entered into an underwriting agreement dated the date hereof with respect to the Notes. Subject to certain terms and conditions in the underwriting agreement, we have agreed to sell to the underwriters and each underwriter has severally agreed to purchase the principal amount of Notes indicated in the following table:

Underwriters	Principal Amount of Notes
Barclays Capital, Inc.	\$ 130,000,000
Credit Suisse Securities (USA) LLC	130,000,000
Mitsubishi UFJ Securities (USA), Inc.	130,000,000
Wells Fargo Securities, LLC	130,000,000
BNY Mellon Capital Markets, LLC	32,500,000
CIBC World Markets Corp.	32,500,000
UBS Securities LLC	32,500,000
U.S. Bancorp Investments, Inc.	32,500,000
Total	\$ 650,000,000

The underwriters are committed to take and pay for all of the Notes being offered, if any are taken.

The underwriters initially propose to offer part of the Notes directly to the public at the public offering price set forth on the cover page hereof and may offer the Notes to certain dealers at the public offering price minus a selling concession not in excess of 0.40% per Note. In addition, any underwriter may allow, and those selected dealers may reallow, a selling concession to certain other dealers of up to 0.25% per Note. After the initial offering of the Notes, the public offering price and other selling terms may from time to time be varied. The offering of the Notes by the underwriters is subject to receipt and acceptance and subject to the underwriters' right to reject any order in whole or in part.

Pursuant to the underwriting agreement between us and the underwriters, we have agreed to indemnify the underwriters against certain liabilities, including certain liabilities under the Securities Act, and contribute to payments that the underwriters may be required to make in respect of these liabilities.

The underwriters are offering the Notes subject to approval of legal matters by their counsel, including the validity of the Notes, and other conditions such as the receipt of an officer's certificate and legal opinions. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

The Notes are a new issue of securities with no established trading market. We do not intend to apply for listing of the Notes on any national securities exchange or for inclusion of the Notes on any automated dealer quotation system. We have been advised by the underwriters that they presently intend to make a market in the Notes after completion of the offering. However, they are under no obligation to do so and may discontinue any market-making activities at any time without any notice. We cannot assure the liquidity of the trading market for the Notes or that an active public market for the Notes will develop. If an active public trading market for the Notes does not develop, the market price and liquidity of the Notes may be adversely affected. If the Notes are traded, they may trade at a discount from their initial offering price, depending on prevailing interest rates, the market for similar securities, our operating performance and financial condition, general economic conditions

and other factors.

In connection with the offering, the underwriters may purchase and sell Notes in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of Notes than they are required to purchase in the offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the Notes while the offering is in progress.

Table of Contents

Neither we nor the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the Notes. In addition, neither we nor any of the underwriters make any representation that the underwriters will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

The Company estimates that its share of the total expenses of the offering, excluding the underwriting discount, will be approximately \$1 million.

The underwriters or their affiliates engage in various general financing, corporate trust and banking transactions with us and our affiliates from time to time for which they have received or will receive customary fees and expenses.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. If any of the underwriters or their affiliates has a lending relationship with us, certain of the underwriters or their affiliates, routinely hedge, and certain other of those underwriters or their affiliates may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, such underwriter and their respective affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the Notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the Notes offered hereby. The underwriters and their respective affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

The Notes are offered for sale in the United States and elsewhere where such offer and sale is permitted.

Kentucky Regulated

The Kentucky Regulated segment consists of the operations of LKE, which owns and operates regulated public utilities engaged in the generation, transmission, distribution and sale of electricity and the distribution and sale of natural gas, representing primarily the activities of LG&E and KU. As of December 31, 2014, LG&E provided electric service to approximately 400,000 customers and provided natural gas service to approximately 321,000 customers in Kentucky, and KU delivered electricity to approximately 543,000 customers in Kentucky and Virginia. Table of Contents

Pennsylvania Regulated

PPL Corporation's Pennsylvania Regulated segment includes the regulated electricity delivery operations of PPL Electric. As of December 31, 2014, PPL Electric delivered electricity to approximately 1.4 million customers in eastern and central Pennsylvania. See PPL Electric Utilities Corporation below for more information.

Supply

PPL Corporation's Supply segment consists primarily of the wholesale, retail, marketing and trading activities, as well as the competitive generation operations of PPL Energy Supply.

In June 2014, PPL Corporation and PPL Energy Supply executed definitive agreements with affiliates of Riverstone to combine their competitive power generation businesses to form Talen Energy, a new, stand-alone, publicly traded company. Under the terms of the applicable agreements, at closing, PPL Corporation will spin off to PPL Corporation shareowners a newly formed entity, Talen Energy Holdings, Inc. (Holdco), which at such time will own all of the membership interests of PPL Energy Supply and all of the common stock of Talen Energy. Immediately following the spinoff, Holdco will merge with a special purpose subsidiary of Talen Energy, with Holdco continuing as the surviving company to the merger and as a wholly owned subsidiary of Talen Energy and the sole owner of PPL Energy Supply. Substantially contemporaneous with the spinoff and merger, RJS Generation Holdings LLC will be contributed by its owners to become a subsidiary of Talen Energy. Following completion of these transactions, PPL Corporation shareowners will own 65% of Talen Energy and affiliates of Riverstone will own 35%. PPL Corporation will have no continuing ownership interest in, control of, or affiliation with Talen Energy and PPL Corporation's shareowners will receive a number of Talen Energy shares at closing based on the number of PPL shares owned as of the spinoff record date. The spinoff will have no effect on the number of PPL Corporation common shares owned by PPL Corporation shareowners or the number of shares of PPL Corporation common stock outstanding. The transaction is intended to be tax-free to PPL Corporation and its shareowners for U.S. federal income tax purposes and is subject to customary closing conditions, including receipt of certain regulatory approvals by the NRC, the Federal Energy Regulatory Commission (FERC), the Department of Justice and the Pennsylvania Public Utility Commission (PUC). In addition, there must be available, subject to certain conditions, at least \$1 billion of undrawn credit capacity, after deducting any letters of credit or other credit support measures posted in connection with energy marketing and trading transactions then outstanding, under a Talen Energy (or its subsidiaries) revolving credit or similar facility. The transaction is expected to close in the second quarter of 2015. Upon completion of this transaction, PPL Corporation will no longer have a Supply segment.

PPL Corporation's subsidiaries, including PPL Electric, LKE, LG&E, KU and PPL Energy Supply are separate legal entities and are not liable for the debts of PPL Corporation, and PPL Corporation is not liable for the debts of its subsidiaries (other than under the PPL Guarantees of PPL Capital Funding Debt Securities and PPL Subordinated Guarantees of PPL Capital Funding Subordinated Debt Securities). None of PPL Electric, LKE, LG&E or KU will guarantee or provide other credit or funding support for the Securities to be offered by PPL Corporation pursuant to this prospectus.

PPL CAPITAL FUNDING, INC.

PPL Capital Funding is a Delaware corporation and wholly owned subsidiary of PPL Corporation. PPL Capital Funding's primary business is to provide PPL Corporation with financing for its operations.
