PROXY STATEMENT

GENERAL INFORMATION

Introduction

This Proxy Statement is being furnished to the stockholders of record of Genie Energy Ltd., a Delaware corporation (the “Company” or “Genie”) as of the close of business on March 11, 2016, in connection with the solicitation by the Company’s Board of Directors (the “Board of Directors”) of proxies for use in voting at the Company’s Annual Meeting of Stockholders (the “Annual Meeting”). The Annual Meeting will be held on Wednesday, May 4, 2016 at 10:30 a.m., local time, at Genie Energy Ltd.’s offices at 520 Broad Street, 4th Floor, Newark, New Jersey 07102. The shares of the Company’s Class A common stock, par value \$0.01 per share (“Class A Common Stock”), Class B common stock, par value \$0.01 per share (“Class B Common Stock”) and the Series 2012-A Preferred Stock (“Preferred Stock”) present at the Annual Meeting or represented by the proxies received by Internet or mail (properly marked, dated and executed) and not revoked, will be voted at the Annual Meeting. This Proxy Statement is being mailed to the Company’s stockholders starting on or about April 8, 2016.

Solicitation and Voting Procedures

This solicitation of proxies is being made by the Company. The solicitation is being conducted by mail and by e-mail, and the Company will bear all attendant costs. These costs will include the expense of preparing and mailing proxy materials for the Annual Meeting and any reimbursements paid to brokerage firms and others for their expenses incurred in forwarding the solicitation materials regarding the Annual Meeting to the beneficial owners of the Company’s Class A Common Stock, Class B Common Stock and Preferred Stock. The Company may conduct further solicitations personally, by telephone or by facsimile through its officers, directors and employees, none of whom will receive additional compensation for assisting with the solicitation.

The close of business on Friday, March 11, 2016, has been fixed as the record date (the “Record Date”) for determining the holders of shares of Class A Common Stock, Class B Common Stock and Preferred Stock entitled to notice of, and to vote at, the Annual Meeting. As of the close of business on the Record Date, the Company had 26,955,584, shares issued and outstanding and entitled to vote at the Annual Meeting, consisting of 1,574,326 shares of Class A Common Stock, 23,058,559 shares of Class B Common Stock and 2,322,699 shares of Preferred Stock.

Stockholders are entitled to three votes for each share of Class A Common Stock held by them and one-tenth of one vote for each share of Class B Common Stock and each share of Preferred Stock held by them. The holders of Class A Common Stock, Class B Common Stock and Preferred Stock will vote as a single body on all matters presented to the stockholders. There are no dissenters’ rights of appraisal in connection with any proposal.

How do I Vote?

You can vote either in person at the Annual Meeting or by proxy without attending the meeting.

Edgar Filing: Genie Energy Ltd. - Form DEF 14A

Beneficial holders of the Company's Class A Common Stock, Class B Common Stock and Preferred Stock as of the Record Date whose stock is held of record by another party should receive voting instructions from their bank, broker or other holder of record. If a stockholder's shares are held through a nominee and the stockholder wants to vote at the meeting, such stockholder must obtain a proxy from the nominee record holder authorizing such stockholder to vote at the Annual Meeting.

Stockholders of record should receive a paper copy of our proxy materials and may vote by following the instructions on the proxy card that is included with the proxy materials. As set forth on the proxy card, there are two convenient methods for holders of record to direct their vote by proxy without attending the Annual Meeting: on the

Internet or by mail. To vote by Internet, visit www.voteproxy.com. To vote by mail, mark, date and sign the enclosed proxy card and return it in the postage-paid envelope provided. Holders of record may also vote by attending the Annual Meeting and voting by ballot.

All shares for which a proxy has been duly executed and delivered (by Internet or mail) and not revoked will be voted at the Annual Meeting. If a stockholder of record signs and returns a proxy card but does not give voting instructions, the shares represented by that proxy will be voted as recommended by the Board of Directors. If any other matters are properly presented at the Annual Meeting for consideration and if you have voted your shares by Internet or mail, the persons named as proxies will have the discretion to vote on those matters for you. On the date of filing this Proxy Statement with the SEC, the Board of Directors did not know of any other matter to be raised at the Annual Meeting.

How Can I Change My Vote?

A stockholder of record can revoke his, her or its proxy at any time before it is voted at the Annual Meeting by delivering to the Company (to the attention of Joyce J. Mason, Esq., Corporate Secretary) a written notice of revocation or by executing a later-dated proxy by Internet or mail, or by attending the Annual Meeting and voting in person.

If your shares are held in the name of a bank, broker, or other nominee, you must obtain a proxy executed in your favor from the holder of record (that is, your bank, broker, or nominee) to be able to vote at the Annual Meeting.

Quorum and Vote Required

The presence at the Annual Meeting of a majority of the voting power of the Company's outstanding Class A Common Stock, Class B Common Stock and Preferred Stock (voting together), either in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting. Abstention votes and any broker non-votes (i.e., votes withheld by brokers on non-routine proposals in the absence of instructions from beneficial owners) will be counted as present or represented at the Annual Meeting for purposes of determining whether a quorum exists.

The affirmative vote of a majority of the voting power present (in person or by proxy) at the Annual Meeting, and casting a vote on the matter, will be required for the approval of the election of directors (Proposal No. 1), for the ratification of the appointment of the Company's independent registered public accounting firm (Proposal No. 2), and for the approval of the stockholder proposal regarding formation of an ad hoc Board committee to evaluate the impact of Company operations in certain areas (Proposal No. 3). This means that the number of votes cast "for" a director nominee must exceed the number of votes cast "against" that nominee. Abstentions are not counted as votes "for" or "against" the proposal.

If you are a beneficial owner whose shares are held of record by a broker, you must instruct the broker how to vote your shares. If you do not provide voting instructions, your shares will not be voted on any proposal on which the broker does not have discretionary authority to vote. This is called a "broker non-vote." In these cases, the broker can register your shares as being present at the Annual Meeting for purposes of determining the presence of a quorum but will not be able to vote on those matters for which specific authorization is required under the rules of the New York Stock Exchange. In the event of a broker non-vote or an abstention with respect to any proposal coming before the Annual Meeting, the shares represented by the relevant proxy will not be deemed to be present and entitled to vote on those proposals for the purpose of determining the total number of shares of which a majority is required for adoption, having the practical effect of reducing the number of affirmative votes required to achieve a majority vote for such matters by reducing the total number of shares from which a majority is calculated.

If you are a beneficial owner whose shares are held of record by a broker, your broker has discretionary voting authority under NYSE rules to vote your shares on the ratification of the Company's independent registered public accounting firm (Proposal No. 2), even if the broker does not receive voting instructions from you. However, your

broker does not have discretionary authority to vote on the election of directors (Proposal No. 1) and the stockholder proposal regarding formation of an ad hoc Board committee to evaluate the impact of Company operations in certain areas (Proposal No. 3), or on any stockholder proposal without instructions from you, in which case a broker non-vote will occur and your shares will not be voted on these matters.

How Many Votes Are Required to Approve Other Matters?

Unless otherwise required by law or the Company's Bylaws, the affirmative vote of a majority of the voting power represented at the Annual Meeting and entitled to vote will be required for other matters that may properly come before the meeting.

Stockholders Sharing the Same Address

We are sending only one copy of the Annual Report and Proxy Statement to stockholders of record who share the same last name and address, unless they have notified the Company that they want to continue to receive multiple copies. This practice, known as "householding," is designed to reduce duplicate mailings and printings and postage costs. However, if any stockholder residing at such address wishes to receive a separate Annual Report or Proxy Statement in the future, he or she may contact Joyce J. Mason, Esq., Corporate Secretary, Genie Energy Ltd., 520 Broad Street, Newark, New Jersey 07102, or by phone at (973) 438-3500, and we will promptly forward to such stockholder a separate Annual Report or Proxy Statement. The contact information above may also be used by members of the same household currently receiving multiple copies of the 2015 Annual Report and Proxy Statement in order to request that only one set of materials be sent in the future.

References to Fiscal Years

The Company's fiscal year ends on December 31 of each calendar year. Accordingly, a fiscal year is equivalent to the same calendar year (for example, Fiscal 2015 refers to the twelve month period ended December 31, 2015).

CORPORATE GOVERNANCE

Introduction

The Company has in place a comprehensive corporate governance framework that reflects the corporate governance requirements of the Sarbanes-Oxley Act of 2002, the rules and regulations promulgated under the Securities Exchange Act of 1934, as amended, and the corporate governance-related listing requirements of the New York Stock Exchange. Consistent with the Company's commitment to strong corporate governance, the Company does not rely on the exceptions from the New York Stock Exchange's corporate governance listing requirements available to it because it is a "controlled company," except as described below with regard to (i) the composition of the Nominating Committee and (ii) the Company not having a single Nominating/Corporate Governance Committee.

In accordance with Sections 303A.09 and 303A.10 of the New York Stock Exchange Listed Company Manual, the Company has adopted a set of Corporate Governance Guidelines and a Code of Business Conduct and Ethics, the full texts of which are available for your review in the Governance section of our website at <http://genie.com/governance.php> and which also are available in print to any stockholder upon written request to the Corporate Secretary.

The Company qualifies as a "controlled company" as defined in Section 303A of the New York Stock Exchange Listed Company Manual, because more than 50% of the voting power of the Company is controlled by one individual, Howard S. Jonas, who serves as Chairman of the Board of Directors and Chief Executive Officer. Notwithstanding that being a "controlled company" entitles the Company to exempt itself from the requirement that a majority of its directors be independent directors and that the Compensation Committee and Corporate Governance Committee be comprised entirely of independent directors, the Board of Directors has determined affirmatively that a majority of the members of the Board of Directors and the director nominees are independent in accordance with Section 303A.02 of the New York Stock Exchange Listed Company Manual and that the Compensation Committee and the Corporate Governance Committee are in fact comprised entirely of independent directors. As a "controlled company," the Company may, and has chosen to, exempt itself from the New York Stock Exchange requirement that it have a single Nominating/Corporate Governance Committee composed entirely of independent directors. As noted above, and discussed in greater detail below, the Board of Directors maintains a separate Corporate Governance Committee comprised entirely of independent directors, and a Nominating Committee comprised of the Chairman of the Board of Directors, a non-independent director and one independent director.

Director Independence

The Corporate Governance Guidelines adopted by the Board of Directors provide that a majority of the members of the Board of Directors, and each member of the Audit, Compensation and Corporate Governance Committees, must meet the independence requirements set forth therein. The full text of the Corporate Governance Guidelines, including the independence requirements, is available for your review in the Governance section of our website at <http://genie.com/governance.php>. For a director to be considered independent, the Board of Directors must determine that a director meets the Independent Director Qualification Standards set forth in the Corporate Governance Guidelines, which comply with the New York Stock Exchange definitions of independent, and is free from any material relationship with the Company and its executive officers. The Board of Directors considers all relevant facts and circumstances known to it in making an independence determination, and not merely from the standpoint of the director, but also from that of persons or organizations with which the director has an affiliation or significant financial interest. In addition to considering all relevant information available to it, the Board of Directors uses the following categorical Independent Director Qualification Standards in determining the "independence" of its directors:

1. During the past three years, the Company shall not have employed the director, or, except in a non-officer capacity, any of the director's immediate family members;

2. During the past three years, the director shall not have received, and shall not have an immediate family member who has received, during any twelve-month period within the last three years, more than \$120,000 in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);
3. (a) The director shall not be a current partner or employee of a firm that is the Company's internal or external auditor, (b) the director shall not have an immediate family member who is a current partner

4

of such firm, (c) the director shall not have an immediate family member who is a current employee of such firm and personally works on the Company's audit, and (d) neither the director nor any of his or her immediate family members shall have been, within the last three years, a partner or employee of such firm and personally worked on the Company's audit within that time;

4. Neither the director, nor any of his or her immediate family members, shall be, or shall have been within the last three years, employed as an executive officer of another company where any of the Company's present executive officers at the same time serves or served on that company's compensation (or equivalent) committee; and

5. The director shall not be a current employee and shall not have an immediate family member who is a current executive officer of a company (excluding tax exempt organizations) that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three Fiscal Years, exceeds the greater of (a) \$1 million or (b) two percent of the consolidated gross revenues of such other company. The Corporate Governance Committee will review the materiality of such relationship to tax exempt organizations to determine if such director qualifies as independent.

Based on the review and recommendation of the Corporate Governance Committee, the Board of Directors has determined that each of W. Wesley Perry, Alan Rosenthal and Allan Sass is independent in accordance with the Corporate Governance Guidelines and, thus, that a majority of the director nominees, and each member or nominee intended to become a member of the Audit, Compensation and Corporate Governance Committees is independent.

The Corporate Governance Committee considered the following relationships between the Company and W. Wesley Perry in determining Mr. Perry's independence: In April 2008, W. Wesley Perry sold a portion of his interest in EGL Oil Shale LLC to IDT Corporation for a cash payment of \$632,400. Mr. Perry joined the board of directors of the Company's subsidiary, Genie Energy International Corporation, at its inception in September 2009 and purchased a 0.2% interest in Genie Energy International Corporation, for \$400,000 in April 2010. Mr. Perry was not a director or otherwise a "Related Person" of the Company at the time of these transactions. Mr. Perry became a member of IDT Corporation's Board of Directors on September 13, 2010, resigned from IDT Corporation's Board of Directors in conjunction with the spin-off of the Company from IDT Corporation in October 2011 (the "spin-off") and became a member of the Company's board at that time. The Corporate Governance Committee determined, after considering the timing, ownership and financial interest of the transactions, that the foregoing relationships were not material relationships with the Company and would not impact Mr. Perry's independence. The Corporate Governance Committee (with Mr. Perry abstaining), therefore, recommended that the Board of Directors determine that Mr. Perry be deemed independent in accordance with the Corporate Governance Guidelines. The Board of Directors (with Mr. Perry abstaining) accepted the Corporate Governance Committee's recommendation.

As used herein, the term "non-employee director" shall mean any director who is not an employee of, or consultant to, the Company, and who is deemed to be independent by the Board of Directors. Therefore, neither Howard Jonas nor James Courter is a non-employee director. None of the other non-employee directors or director nominees had any relationships with the Company that the Corporate Governance Committee was required to consider when reviewing independence.

Director Selection Process

The Nominating Committee will consider director candidates recommended by the Company's stockholders. Stockholders may recommend director candidates by contacting the Chairman of the Board as provided under the heading "Director Communications." The Nominating Committee considers candidates suggested by its members, other directors, senior management and stockholders in anticipation of upcoming elections and actual or expected board vacancies. All candidates, including those recommended by stockholders, are evaluated on the same basis in light of the entirety of their credentials and the needs of the Board of Directors and the Company. Of particular importance is the candidate's wisdom, integrity, ability to make independent analytical inquiries, understanding of the business

environment in which the Company operates, as well as his or her potential contribution to the diversity of the Board of Directors and his or her willingness to devote adequate time to fulfill duties as a director. Under “Proposal No. 1 — Election of Directors” below, we provide an overview of each nominee’s experience, qualifications, attributes and skills that led the Nominating Committee and the Board of Directors to determine that each nominee should serve as a Director.

5

Director Communications

Stockholders and other interested persons seeking to communicate directly with the Board of Directors, with the lead independent director (currently Mr. Perry) or the independent directors as a group, should submit their written comments c/o Lead Independent Director at our principal executive offices, Genie Energy Ltd., 520 Broad Street, Newark, New Jersey 07102. The lead independent director will review any such communication at the next regularly scheduled Board meeting unless, in his or her judgment, earlier communication to the Board is warranted. If a stockholder communication raises concerns about the ethical conduct of the Company or its management, it should be sent directly to our Corporate Secretary, Joyce J. Mason, Esq., at our principal executive offices, Genie Energy Ltd., 520 Broad Street, Newark, New Jersey 07102. The Corporate Secretary will promptly forward a copy of any such communication to the Chairman of the Audit Committee and, if appropriate, our Chairman of the Board, and take such actions as they deem necessary to ensure that the subject matter is addressed by the appropriate committee of the Board of Directors, by management and/or by the full Board of Directors.

The Corporate Secretary may filter out and disregard or re-direct (without providing a copy to the directors or advising them of the communication), or may otherwise handle at his or her discretion, any director communication that falls into any of the following categories:

- Obscene materials;
- Unsolicited marketing or advertising material or mass mailings;
- Unsolicited newsletters, newspapers, magazines, books and publications;
- Surveys and questionnaires;
- Resumes and other forms of job inquiries;
- Requests for business contacts or referrals;
- Material that is threatening or illegal; or
- Any communications or materials that are not in writing.

In addition, the Corporate Secretary may handle in her discretion any director communication that can be described as an “ordinary business matter.” Such matters include the following:

- Routine questions, service and product complaints and comments that can be appropriately addressed by management; and
- Routine invoices, bills, account statements and related communications that can be appropriately addressed by management.

BOARD OF DIRECTORS AND COMMITTEES

Board of Directors

The Board of Directors held seven (7) meetings in Fiscal 2015. In Fiscal 2015, each of the Company's directors attended or participated in 75% or more of the aggregate of (i) the total number of regularly scheduled meetings of the Board of Directors held during the period in which each such director served as a director and (ii) the total number of regularly scheduled meetings held by all committees of the Board of Directors during the period in which each such director served on such committees.

Directors are encouraged to attend the Company's annual meetings of stockholders, and the Company generally schedules a meeting of the Board of Directors on the same date and at the same place as the annual meeting of stockholders to encourage director attendance. All of the members constituting the Board of Directors at the time of the annual meeting of stockholders for Fiscal 2014 attended the 2015 annual meeting of stockholders.

Board of Directors Leadership Structure and Risk Oversight Role

Since January 2014, Howard Jonas has filled the position of Chief Executive Officer, in addition to his role as Chairman of the Board. The Board of Directors' decision was based on Howard Jonas' leadership skills and his knowledge of the Company's businesses since its inception. As Chairman of the Board, Howard Jonas provides overall leadership to the Board of Directors in its oversight function while, as Chief Executive Officer, he provides leadership in respect to the day-to-day management and operation of the Company's businesses. Howard Jonas' service as both Chairman of the Board and Chief Executive Officer creates a critical link between management and the Board of Directors. The risk management oversight roles of the Audit, Compensation and Corporate Governance Committees discussed below, which are comprised solely of independent directors, provide an appropriate and effective balance to the combined Chairman of the Board and Chief Executive Officer role.

The Board of Directors as a whole, and through its committees, has responsibility for the oversight of risk management, including the review of the policies with respect to risk management and risk assessment. The risk management oversight roles of the Audit, Compensation and Corporate Governance Committees discussed below, which are comprised solely of independent directors, provide an appropriate and effective balance to the Chairman of the Board's role. With the oversight of the full Board of Directors, the Company's senior management is responsible for the day-to-day management of the material risks the Company faces. The Board of Directors is required to satisfy itself that the risk management process implemented by management is adequate and functioning as designed.

Section 303A.03 of the New York Stock Exchange Listed Company Manual requires that the non-employee directors of the Company meet without management at regularly scheduled executive sessions. These executive sessions are held at every regularly scheduled meeting of the Board of Directors. W. Wesley Perry, an independent director and the "Lead Independent Director," serves as the presiding director of these executive sessions and has served in that capacity since October 24, 2011. The Board of Directors determined that the role of Lead Independent Director was important to maintain a well-functioning Board of Directors that objectively assesses management's proposals.

The Board of Directors and each of its committees will conduct annual self-assessments to review and monitor their respective continued effectiveness.

As stated above, each of the Audit, Compensation and Corporate Governance Committees oversees certain aspects of risk management and reports its respective findings to the full Board of Directors on a quarterly basis, and as is otherwise needed. The Audit Committee is responsible for overseeing risk management of financial matters, financial reporting, the adequacy of the risk-related internal controls, internal investigations, and security risks, generally. The Compensation Committee oversees risks related to compensation policies and practices. The Corporate Governance Committee oversees our Corporate Governance Guidelines and governance-related risks, such as board independence,

as well as senior management and director succession planning.

Board Committees

The Board of Directors established an Audit Committee, a Compensation Committee, a Corporate Governance Committee, a Nominating Committee and a Technology Committee.

7

Audit Committee

The Audit Committee consists of W. Wesley Perry (Chairman), Alan Rosenthal and Allan Sass, and is responsible for, among other things, the appointment, compensation, removal and oversight of the work of the Company's independent registered public accounting firm. The Audit Committee held four (4) meetings during Fiscal 2015. The Board of Directors, upon recommendation of the Corporate Governance Committee, has determined that (i) all of the members of the Audit Committee are independent within the meaning of the Section 303A.07(b) and Section 303A.02 of the New York Stock Exchange Listed Company Manual and Rule 10A-3(b) under the Securities Exchange Act of 1934, and (ii) that Mr. Perry qualifies as an "audit committee financial expert" within the meaning of Item 407(d)(5) of Regulation S-K.

The Compensation Committee confers with the Company's executive officers when making the above determinations. The Compensation Committee currently consists of Messrs. Rosenthal (Chairman) and Perry. The Compensation Committee held eight (8) meetings during Fiscal 2015. The Compensation Committee operates under a written charter adopted by the Board of Directors, which can be found in the Governance section of our web site, <http://genie.com/governance.php>, and which is also available in print to any stockholder upon request to the Corporate Secretary. The Board of Directors, upon recommendation of the Corporate Governance Committee, has determined that both of the members of the Compensation Committee are independent within the meaning of Section 303A.02 of the New York Stock Exchange Listed Company Manual and the categorical standards set forth above.

Compensation Committee Interlocks and Insider Participation

None of the members of the Compensation Committee has served as an officer or employee of the Company or has any relationship with the Company that is required to be disclosed under the heading "Related Person Transactions." No executive officer of the Company served or serves on the compensation committee (or other board committee performing equivalent functions) of any company that employed or employs as an executive officer any member of the Company's Compensation Committee.

Corporate Governance Committee

The Corporate Governance Committee is responsible for, among other things, reviewing and reporting to the Board of Directors on matters involving relationships among the Board of Directors, the stockholders and senior management. The Corporate Governance Committee (i) reviews the Corporate Governance Guidelines and other policies and governing documents of the Company and recommends revisions as appropriate, (ii) reviews any potential conflicts of interests of independent directors, (iii) reviews and monitors related person transactions, (iv) oversees the self-evaluations of the Board of Directors, the Audit Committee and the Compensation Committee and (v) reviews and determines director independence, and makes recommendations to the Board of Directors regarding director independence. The Corporate Governance Committee currently consists of Messrs. Rosenthal (Chairman), Perry and Sass. The Corporate Governance Committee held seven (7) meetings in Fiscal 2015. The Corporate Governance

Committee operates under a written charter adopted by the Board of Directors, which can be found in the Governance section of our web site, <http://genie.com/governance.php>, and which is also available in print to any stockholder upon request to the Corporate Secretary. The Board of Directors, upon recommendation of the Corporate Governance Committee, has determined that all of the members of the Corporate Governance Committee are independent within the meaning of Section 303A.02 of the New York Stock Exchange Listed Company Manual and the categorical standards set forth above.

Nominating Committee

The Nominating Committee is responsible for overseeing nominations to the Board of Directors, including: (i) developing the criteria and qualifications for membership on the Board of Directors, (ii) recommending candidates to fill new or vacant positions on the Board of Directors, and (iii) conducting appropriate inquiries into the backgrounds of potential candidates. A summary of new director qualifications can be found under the heading “Director Selection Process.” The Nominating Committee currently consists of Howard S. Jonas (Chairman), James A. Courter and W. Wesley Perry. W. Wesley Perry is independent in accordance with Section 303A.02 of the New York Stock Exchange Listed Company Manual. Mr. Jonas and Mr. Courter do not meet the requirements to be deemed independent. The Company, as a “controlled company,” is exempt from the requirement to maintain an independent nominating committee pursuant to Section 303A.00 of the New York Stock Exchange Listed Company Manual. The Nominating Committee operates under a written charter adopted by the Board of Directors, which can be found in the Governance section of our web site, <http://genie.com/governance.php>, and which is also available in print to any stockholder upon request to the Corporate Secretary. The Nominating Committee held one (1) meeting during Fiscal 2015.

Technology Committee

The Technology Committee is responsible for examining and providing oversight over management’s direction of and investment in the Company’s research and development and technology initiatives. This includes evaluating the quality and direction of the Company’s research and development programs, identifying emerging issues and evaluating the level of review by external experts based on the committee members’ experience and other resources available to the Committee. The Committee also reviews the Company’s approaches to acquiring and maintaining technology, and evaluates the technology that the Company is researching and developing. Annual compensation for non-employee directors for Fiscal 2015 was comprised of equity compensation, consisting of awards of restricted Class B Common Stock, and cash compensation. Each of these components is described in more detail below.

Director Equity Grants

Pursuant to the Company's 2011 Stock Option and Incentive Plan, each non-employee director of the Company who is deemed to be independent will receive, on each January 5th (or the next business day thereafter), an annual grant of 2,920 restricted shares of our Class B Common Stock, which will vest immediately upon grant. A new director who becomes a member of the Board of Directors during the course of the calendar year receives an automatic grant on the date that he or she becomes a director in the amounts specified above, pro-rated based on the calendar quarter of the year in which such person becomes a director. The stock is granted on a going forward basis, before the director completes his or her service for the calendar year. All such grants of stock to directors are subject to certain terms and conditions described in the Company's 2011 Stock Option and Incentive Plan, as may be amended and restated from time to time.

Director Board Retainers

Each non-employee director of the Company who is deemed to be independent and who attends at least 75% of the regularly scheduled meetings of the Board of Directors and committees of which he or she is a member during a calendar year will receive an annual cash retainer of \$50,000. Such payment will be made in January of the calendar year following attendance of at least 75% of the regularly scheduled Board of Directors and committee meetings during the preceding year, and is pro-rated, based on the quarter in which the director joins, for non-employee directors who join the Board of Directors or depart from the Board of Directors during the prior year, if such director attended 75% of the applicable Board of Directors and committee meetings for the period when he or she was a director. Since 2015, each independent director has the option to receive up to 40% (\$20,000) of this compensation in the form of fully-vested shares of Class B Common Stock, the value of which shall be based on the average of the high and low price on the trading date prior to the grant. The Company's Chairman may, in his discretion, waive the requirement of 75% attendance by a director to receive the annual retainer in the case of mitigating circumstances. There is no additional compensation for serving on a committee as a committee chair, for the Lead Independent Director or for the Audit Committee Financial Expert.

Introduction

It is the responsibility of the Compensation Committee of our Board of Directors to oversee our general compensation policies; to determine the base salary and bonus to be paid each year to each of our executive officers; to oversee our compensation policies and practices as they relate to our risk management; and to determine the compensation to be paid each year to our non-employee directors for service on our Board of Directors and the various committees of our Board. In addition, the Compensation Committee administers our 2011 Stock Option and Incentive Plan, as amended, with respect to stock option grants or other equity-based awards made to our executive officers. Further, from time to time, certain executives may receive grants of equity in certain of our subsidiaries. While such grants are also considered by the Boards of Directors of those subsidiaries, the Compensation Committee must approve any grant to our executive officers. Shares of restricted stock are automatically granted to our non-employee directors under our 2011 Stock Option and Incentive Plan, as amended, on an annual basis.

Elements of Compensation

The three broad components of our executive officer compensation are base salary, annual cash bonus awards, and long term equity-based awards, which can be made in shares of our Class B Common Stock or in equity of certain of

our subsidiaries under equity plans or other arrangements. The Compensation Committee periodically reviews total compensation levels and the allocation of compensation among these three components for each of the executive officers in the context of our overall compensation policy. Additionally, the Compensation Committee, in conjunction with our Board of Directors, reviews the relationship of executive compensation to corporate performance generally and with respect to specific enumerated goals that are established by the Compensation Committee early in each fiscal year. The Compensation Committee believes that our current compensation structure is serving its intended

purpose and is functioning reasonably. Below is a description of the general policies and processes that govern the compensation paid to our executive officers, as reflected in the accompanying compensation tables.

Company Performance

2015

In 2015, both GRE and Afek contributed to a strong year for the Company. The Company reported a net loss attributable to common stockholders of \$8.9 million, or \$0.40 per share, while investing significantly in growth at GRE and executing on Afek's oil and gas exploration program.

GRE increased net meters served by over 8% delivering net meter growth in the last three quarters of 2015, and increased the total residential customer equivalents (a standardized measurement of consumption commonly used on the industry and referred to as RCEs) represented by its customer base as well. Gross profit increased on very strong gross margins and GRE's income from operations was \$13.5 million, up from \$3.5 million in 2014.

Afek completed drilling on four wells and commenced drilling a fifth (completed in early 2016) and prepared for a flow test that was initiated in February 2016. The results prove the presence of hydrocarbons at several levels and in multiple wells. The flow test is an essential step in characterizing the resource and determining the nature of the resource and the practicality and cost of extraction.

After a regulatory setback, GOGAS' IEI oil shale project was put on hold. In an effort to focus resources on Afek's project, operations at Genie Mongolia were scaled back and have subsequently been suspended and GOGAS continued to decline to fund its share of capital contribution to the AMSO LLC joint venture with Total S.A.

The results achieved in 2015, and the Company's financial condition at the end of 2015, provided the necessary support for the Board's February 2016 decision to reinstate a quarterly dividend on the Company's common stock.

2014

In 2014, Genie's retail energy provider, or REP, businesses, operated under the Genie Retail Energy, or GRE, segment, faced significant competitive and other challenges. As disclosed in the 2014 10-K, extremely cold temperatures in the Northeastern United States during the first quarter of the year exacerbated by wholesale market conditions that were not able to meet the related demand for gas and electricity for heating resulted in extraordinary spikes in the cost of electricity and natural gas. The resulting price increases led to significant churn in the first two quarters of 2014, and downward pressure on GRE's revenues, margins and results of operations. At GOGAS, Genie did not fund its portions of AMSO LLC's capital calls and IEI's application for a license to build and operate a pilot plant was denied. Genie Mongolia continued its exploration activities and expanded the area in which it is licensed to operate. Afek was granted a drilling permit for a 10-well project, successfully defended a legal challenge at the Israeli High Court of Justice and prepared for drilling, which commenced in February 2015.

2013

In 2013, Genie delivered strong revenue growth on performance by IDT Energy and invested in the advancement of GOGAS' development projects. IDT Energy faced competitive and market pressure and constraints on its ability to grow by adding new territories to its operational footprint, yet delivered gross profit at 95% of its 2012 levels. IDT Energy met or exceeded its internal financial targets even as its customer base shrank due to the pressures set forth above. At GOGAS, Afek Oil & Gas, or Afek, secured an exploration license covering a large portion of the Golan Heights in Northern Israel, and began resource characterization and prepared for commencement of drilling operations. GMI entered into an exclusive oil shale development agreement with the Petroleum Authority of Mongolia covering 34,470 square kilometers in Central Mongolia. IEI made progress on its permitting application and AMSO

continued with key elements of its pilot test.

Compensation Structure, Philosophy and Process

Our executive compensation structure is designed to attract and retain qualified and motivated personnel and align their interests with the goals of the Company and with the best interests of our stockholders. Our compensation philosophy is to provide compensation to attract the individuals necessary for our current needs and growth initiatives, and provide them with the proper incentives to motivate those individuals to achieve our long-term plans.

17

The annual base salary levels we pay to each of our Named Executive Officers is based on the responsibilities undertaken by the individuals, if applicable, the business unit managed and its complexity and role within the Company, and the market place for people of similar skill and background. The base salaries paid are determined through discussions with the covered individual and their manager as well as budgetary considerations, and are approved by the relevant members of our senior management and, in the case of executive officers, the Compensation Committee.

Incentive compensation is designed to reward contributions to achieving the Company's goals for the current period and for the longer term. Cash bonuses are awarded in the discretion of the Compensation Committee. Near the beginning of a fiscal year, the Compensation Committee establishes goals for the Company, for specific operating divisions and for individual executives. The goals are designed to set forth achievable goals for the current performance of the Company and its business units and for current contributions to long-term initiatives. While bonus amounts are not linked to specific targets, in evaluating performance and making bonus determinations, the Compensation Committee considers, among other factors, whether the Company met or exceeded the goals outlined, the individual's contribution toward achieving those goals, if relevant, the performance of the business unit over which the individual exercised management and other accomplishments during the year that were deemed relevant in specific instances. In some instances, cash bonuses or targets are set forth in written employment agreements that are described below. Following the end of a relevant period — usually the end of a fiscal year — our management sets company-wide bonus levels for the period then ended, based on Company performance and available resources, which are presented to the Compensation Committee. The bonus amounts awarded to specific individuals are the result of subjective determinations made by the relevant members of management and the Compensation Committee with respect to each subject individual, based on Company and individual performance, with consideration given to the performance factors set by the Compensation Committee for the relevant period, and levels relative to the bonuses of other personnel and officers. Individual bonus levels are not determined based on previously established formulae, targets or ranges.

Executive officers are eligible to receive cash bonuses of up to 100% of base salary (or higher upon extraordinary performance) based upon performance, including the specific financial and other goals set by the Compensation Committee, which goals are Company-wide, specific to a business unit or specific to an executive and his area of responsibility. Specific bonuses will depend on the individual achievements of executives and their contribution to achievement of the enumerated goals. These goals will be set by the Compensation Committee. As Mr. Howard Jonas receives most of his compensation in equity, his bonus levels are set with respect to bonuses of other executives and performance factors and not linked to his annual base salary levels.

Equity grants are made in order to provide additional incentive compensation and to align the interests of our executives with our stockholders. Executives have been granted equity interests in the Company and, with regard to individuals whose areas of responsibility focus on specific operations, in those operations, so as to better reward the executives for the results of their efforts. Equity grants in subsidiaries are made to align the incentive value with those operations where the individual can have the greatest impact, so as to maximize the incentive value of the grant. When equity grants in subsidiaries are made, the recipients are generally provided with the right to obtain liquidity in those grants through conversion to cash or equity in the Company (at the Company's option) upon vesting or a later date in the future.

In April 2015, the Company announced changes in the roles of certain executive officers that made certain of the goals for specific executive officers no longer relevant to them. Where warranted, the goals outlined for an individual in a specific role that was modified were considered in respect of the individual who assumed that role. The Compensation Committee also considered the individual executive officers' contributions to the Company-wide goals as well as their contributions to the business unit for which they had responsibility and the success or failure of that business unit in 2015.

Compensation Approach for 2015

Except as provided in written agreements, or where an individual assumed additional responsibility or delivered extraordinary performance, raises were restricted to employees earning under \$175,000 in annual base compensation or \$200,000 in annual total compensation, and raises were limited to three percent of annual base compensation. Bonuses at GRE were reflective of the gross margins and bottom line performance of that business during 2015. Bonuses for GOGAS' Israel-based employees were reduced to reflect the anticipated level of operations of those units. Company-wide, base compensation for 2016 was increased by 1.4% over 2015 levels.

Employment Agreements Entered into in 2015

In connection with Mr. Goldin's assumption of additional duties, specifically taking on the role of principal financial officer at GRE and its subsidiary operations, the Company entered into an addendum to Mr. Goldin's employment agreement with the Company providing for an increase in Mr. Goldin's annual base compensation from \$275,000 to \$300,000, effective April 20, 2015, and making Mr. Goldin eligible for an additional performance-based bonus (in addition to the \$100,000 target bonus previously provided for in his employment agreement) for performance at GRE,

with a target of \$75,000. Such changes will be in effect through the term of his Agreement, which will expire on December 31, 2017. The addendum was entered into to reflect Mr. Goldin's expanded role and duties and ensured that the Company would continue to benefit from Mr. Goldin's services and the continuity of having the same person serving in those key roles.

In connection with the change in his role, on June 17, 2015, the Company and Mr. Rochwarger entered into an employment agreement. The agreement is described below and provides for an annual base salary of \$500,000 and target bonuses totalling \$250,000, as well as other possible compensation as described in the more detailed

description of such agreement elsewhere in this Proxy Statement. The agreement was entered into to document certain informal understandings and clarify Mr. Rochwarger's role and compensation in his new role.

Cash Bonuses Awarded in Respect of 2015

In connection with Company and individual performance and accomplishments, individual bonus levels were determined and paid in the first quarter of 2016.

Howard Jonas received a bonus of \$325,000, the same bonus level as was awarded to him for 2014. During 2015, Mr. Jonas provided active oversight and strategic guidance over all Company operations. He maintained relationships with strategic partners and engaged in discussions with existing and newly identified parties related to investments on certain of the Company's subsidiaries. Mr. Jonas was actively involved in directing and managing efforts at Afek during the crucial stages of that project. Mr. Jonas played a key role in advancing potential acquisitions for the Company as well as other growth initiatives and areas for development. Mr. Jonas served as Chairman and Chief Executive Officer of the Company for the full year.

Mr. Rochwarger was awarded a bonus of \$100,000, a reduction from the \$321,350 bonus awarded in respect of 2014. The reduction is due to the restructuring of Mr. Rochwarger's compensation and his new role, including the employment agreement entered into during 2015, and the assumption of the GRE CEO role by Mr. Stein in April 2015. During the first quarter of 2015, Mr. Rochwarger continued to directly manage GRE as well as performing an active role in management of Afek's drilling program. After the management restructuring, Mr. Rochwarger focused on Afek and certain duties to the Company and oversaw the drilling of all wells and other activities related to Afek's exploration program. Mr. Rochwarger managed internal resources and vendors in a complex operation that had not been accomplished previously by the Company. He was primarily responsible for the successful completion of four wells and the analysis of the results.

Mr. Goldin was awarded a bonus of \$207,234, an increase from the \$116,667 bonus awarded in 2014. His revised employment agreement provided for a target bonus of at least \$175,000. Mr. Goldin continued to manage the Company's internal finance functions and management of the accounting and finance staff at the Company's operations in the U.S., Israel and Mongolia. In April 2015, he assumed primary responsibility for financial oversight at GRE and its subsidiary operations in addition to his duties to the Company as a whole. Mr. Goldin continued the effort to improve the internal control environment at the Company, including engaging a dedicated internal audit team. Mr. Goldin again led the budgeting process during a year when there were dramatic shifts mid-year in the stages and rates of development at all Company operating units. In addition, Mr. Goldin was active in investment efforts at certain Company subsidiaries, business development activities and played a leading effort in investor relations in increasing the profile of the Company in the investment community.

Mr. Stein was awarded a bonus of \$207,446 in respect of 2015, an increase from \$25,000 awarded in respect of 2014. In April 2015, Mr. Stein assumed the role of Chief Executive Officer of GRE, and his bonus primarily reflects the strong performance of that business. Mr. Stein led efforts to turn around Diversegy and limit the negative financial impact of Epiq's operations. He was also instrumental in developing and implementing the initiatives that led to net meter growth in each of the second, third and fourth quarters of 2015 and in exploring ways to diversify GRE's business and sources of revenue.

Michael Jonas was awarded a bonus of \$15,000 in respect of 2015, a reduction from the \$50,000 he received in respect of 2014. During 2015, Michael Jonas led the curtailing of operations in Mongolia while assuming greater responsibility for aspects of Afek's management. The reduction was part of an overall program to cut bonuses related to Israeli operations related to the level of operations at the various projects on an ongoing basis. In addition to his operational duties, he also was involved in business development efforts in seeking complementary opportunities for the Company.

Base Salaries

Howard Jonas received the majority of his base salary for 2015 (as well as other periods) in the form of the right to purchase 3.6 million shares of the Company's Class B Common Stock, which was effected in July through August 2014, and was approved by the stockholders of the Company at the 2015 annual meeting. The purchase price for the 3.6 million shares of the Company's Class B Common Stock was \$6.82 per share, the fair market value at the time the agreement was approved by the Compensation Committee. The current arrangement lasts for six years

beginning in 2014. The purchased shares are subject to repurchase by the Company at the original purchase price if Mr. Jonas leaves the employ of the Company under certain conditions, which right lapses over the six-year term of the arrangement. Mr. Jonas receives a cash salary, currently \$35,000 per year, to facilitate his participation in certain employee benefit plans maintained by the Company.

Mr. Rochwarger's base salary for 2015 was \$500,000 in accordance with the employment agreement he entered into with the Company in 2015. His base salary for 2016 remains unchanged at \$500,000 in accordance with his employment agreement with the Company.

Mr. Goldin's base salary for 2015 was initially set at \$275,000, in accordance with his employment agreement with the Company, but was increased, effective April 20, 2015, to \$300,000 in accordance with his assumption of additional duties at GRE, as documented in an addendum to his employment agreement. His base salary for 2016 remains at \$300,000 in accordance with his employment agreement with the Company, as addended.

Mr. Stein's base salary for 2015 was initially set at \$175,000, but was increased to \$250,000 when he assumed the role of Chief Executive Officer of GRE on April 29, 2015, and remains at that level for 2016.

Michael Jonas' base salary for 2015 was \$250,000 and it remains at that level for 2016.

Incentive Equity Grants

In 2015, no awards of equity interests in the Company were made to any of our executive officers. Certain of our named executive officers were granted equity interests in GRE as part of a grant of equity interests in that entity for key personnel. Mr. Howard Jonas was granted 58 shares of Common Stock of GRE with a grant date value of \$2,449,915, Mr. Goldin was granted 5.8 shares of Common Stock of GRE with a grant date value of \$244,991, and Mr. Stein was granted 3.8 shares of Common Stock of GRE with a grant date value of \$160,512.

In addition, upon the vesting of certain deferred stock units in IDT Energy, Inc. awarded in prior periods, because there was no public market for the underlying shares at the time of vesting, the Company elected to pay the value of the vested awards in cash. At such time, Mr. Howard Jonas received \$865,828.39 and Mr. Rochwarger received \$72,079.58, each in respect of the value of the portion of the award that vested in 2015.

Except as provided in written agreements, or where an individual assumed additional responsibility or delivered extraordinary performance, raises were restricted to employees earning under \$150,000 in base compensation or \$175,000 in total compensation, and raises were limited to three percent of base compensation. Bonuses at GRE were reflective of the lower bottom line performance of that business during 2014.

Cash Bonuses Awarded in Respect of 2014.

In connection with such performance and accomplishments, individual bonus levels were determined and paid in the first quarter of 2015.

Howard Jonas received a bonus of \$325,000, \$25,000 more than the bonus awarded to him for 2013. During 2014, Mr. Jonas provided active oversight and strategic guidance over all Company operations. He maintained relationships with strategic partners and was instrumental in discussions related to investments on certain of the Company's subsidiaries. Mr. Jonas was actively involved in directing and managing efforts at the two GOGAS development projects in Israel and defending the legal and regulatory challenges they faced. Mr. Jonas was essential in identifying and vetting potential acquisitions for the Company as well as other growth initiatives and areas for development. Mr. Jonas served as Chairman and Chief Executive Officer of the Company for the full year.

Mr. Rochwarger was awarded a bonus of \$321,350, a reduction from the \$553,000 bonus awarded in respect of 2013. The reduction primarily reflects the reduced contribution of GRE to the Company's financial performance. During 2014, Mr. Rochwarger continued to directly manage GRE as well as performing an active role in management of GOGAS' two Israel-based projects. GRE faced significant challenges related to the Polar Vortex of the 2013-2014 winter and the business, regulatory and litigation developments arising from that event. Mr. Rochwarger provided guidance and management in facing those challenges and stabilizing that segment's operations and customer acquisition efforts, including the launch of operations in Illinois. He was also directly involved in the integration and exploitation of the Diversegy and Epiq operations that were acquired in December 2013. He was instrumental in Afek's obtaining of its permit for a drilling operation, the successful defence of the legal challenge at the Israeli High Court of Justice and the efforts that led to the commencement of drilling operations in February 2014.

Mr. Goldin was awarded a bonus of \$116,667 (as his employment agreement provided for a target bonus of at least \$100,000). Mr. Goldin continued to manage the Company's internal finance functions and management of the accounting and finance staff at the Company's operations in the U.S., Israel and Mongolia. Mr. Goldin led the successful remediation of the weaknesses in internal controls identified during the audit of the Company's 2013 financial statements. Mr. Goldin again led the budgeting process during a year when there were dramatic shifts mid-year in the stages and rates of development at all Company operating units as well as the impact of the downturn at GRE related to the impact of the Polar Vortex. In addition, Mr. Goldin was active in investment efforts at certain Company subsidiaries, business development activities and played a leading effort in investor relations in increasing the profile of the Company in the investment community. Mr. Goldin also led several internal compliance efforts.

Messrs. Michael Stein and Michael Jonas were not executive officers at the time that the Compensation Committee set goals for 2014. Accordingly, there were no specific goals set for their performance during that period.

Mr. Stein was awarded a bonus of \$25,000 in respect of 2014. Mr. Stein's responsibilities were significantly expanded during 2014, and he assumed roles at certain subsidiaries, in addition to corporate level duties. He was a lead party with respect to seeking investment capital for certain of GOGAS' development projects, led efforts with respect to cost control efforts across the Company and interfaced with outside vendors to support Company operations.

Michael Jonas was awarded a bonus of \$50,000 in respect of 2014. Mr. Jonas was the principal executive responsible for operations at Genie Mongolia where the Company was able to work with the local government, increase the area covered by its development rights and commence substantial exploratory operations. He also was involved in business development efforts in seeking complementary opportunities for the Company.

Base Salaries

Howard Jonas receives the majority of his base salary in the form of the right to purchase 3.6 million shares of the Company's Class B Common Stock, which was effected in July through August 2014 subject to stockholder approval.

That right replaced the grant of options to purchase shares of Class B Common Stock that was awarded in 2013 and which was to vest over five years. The purchase price for the 3.6 million shares of the Company's Class B Common Stock was \$6.82 per share, the fair market value at the time the agreement was approved by the Compensation Committee. The current arrangement lasts for six years beginning in 2014. The purchased shares are subject to repurchase by the Company at the original purchase price if Mr. Jonas leaves the employ of the Company

under certain conditions, which right lapses over the six-year term of the arrangement. Mr. Jonas receives a cash salary, currently \$35,000 per year, to facilitate his participation in certain employee benefit plans maintained by the Company.

Mr. Rochwarger's base salary for 2015 was set at \$528,650, unchanged from 2014, but was reduced in connection with a change in his role and his entry into an employment agreement with the Company during 2015.

Mr. Goldin's base salary for 2015 was set at \$275,000, in accordance with his employment agreement with the Company, and was modified when he entered into an addendum to that agreement.

Mr. Stein's base salary for 2015 was set at \$175,000, but was increased when he assumed the role of Chief Executive Officer of GRE.

Michael Jonas' base salary for 2015 was set at \$250,000.

Incentive Equity Grants

In 2014, certain of our named executive officers were granted restricted shares of Class B Common Stock of the Company and restricted shares of certain subsidiaries of the Company.

In connection with the amendment and extension of his employment agreement with the Company which is described below, subject to stockholder approval, Howard Jonas was granted the right to purchase 3.6 million shares of the Class B Common Stock at a purchase price of \$6.82 per share, the closing price of the Class B Common Stock on the trading day prior to the approval of the right by the Compensation Committee. The purchase, which was effected between July and August 2014, was in lieu of base salary (other than an amount to allow Mr. Jonas to participate in certain employee benefit programs maintained by the Company, not to exceed \$50,000 per annum) for the six-year term of the associated amended employment agreement, and the purchased shares are subject to repurchase by the Company at the original purchase price therefor if Mr. Jonas leaves the employ of the Company under certain conditions, which right lapses over the six-year term of the arrangement.

In addition, upon the vesting of deferred stock units in IDT Energy granted to Mr. Howard Jonas in 2012, in 2014, Mr. Jonas received 98,398 shares of the Company's Class B Common Stock, which equalled the value of the IDT Energy common stock issuable upon vesting of the deferred stock units.

In 2014, Mr. Rochwarger was granted restricted ordinary shares of Afek, representing 0.17% of the outstanding ordinary shares of Afek, in respect of his assumption of an expanded role in management of Afek's development project. The shares vest in five equal installments between 2014 and 2018.

In addition, upon the vesting of deferred stock units in IDT Energy granted to Mr. Rochwarger in 2012, in 2014, Mr. Rochwarger received 8,192 shares of Class B Common Stock, which equalled the value of the IDT Energy common stock issuable upon vesting of the deferred stock units.

In January 2014, Mr. Stein received a grant of 29,126 shares of Class B Common Stock in connection with his performance during 2013 and his assumption of additional responsibilities. The grant date value of the shares was \$298,833 based on the closing price of the Class B Common Stock on the trading day preceding the grant: 9,708 shares vested on January 5, 2015 and 9,709 shares will vest on each of January 5, 2016 and January 5, 2017.

EMPLOYMENT AGREEMENTS

In connection with, and effective upon, consummation of the spin-off, each of Messrs. Howard Jonas and Goldin entered into employment agreements with the Company that provide for base compensation, payments, treatment of equity awards on termination of employment, and other terms of employment. In March 2014, in connection with Mr. Jonas assuming the Chief Executive Officer position, the Company entered into an Amended and Restated Employment Agreement with Mr. Jonas, which became effective as of January 1, 2014, and in July 2014, the Company entered into a Second Amended and Restated Employment Agreement with Mr. Jonas. In August 2014, ahead of the expiration of the term of Mr. Goldin's employment agreement, the Company entered into an Amended and Restated Employment Agreement with Mr. Goldin, which became effective as of August 19, 2014. Finally, in connection with the change in his role, on June 17, 2015, the Company and Mr. Rochwarger entered into an employment agreement. The following is a description of the material terms of the compensation provided pursuant to the employment agreements.

Howard Jonas: The second amended and restated employment agreement between Howard Jonas and the Company, referred to as the Jonas Employment Agreement is effective as of July 30, 2014, and provides that Mr. Jonas serves as Chairman of the Board of Directors and Chief Executive Officer of the Company. Under the terms of the Jonas Employment Agreement, the Company agreed to sell to Mr. Jonas, and Mr. Jonas agreed to purchase from the Company, an aggregate of 3,600,000 shares of the Company's Class B Common Stock. Between July 2014 and August 2014, Mr. Jonas purchased 3.6 million shares of the Class B Common Stock at a purchase price of \$6.82 per share, the closing price of the Class B Common Stock on the trading day prior to the approval of the purchase right by the Compensation Committee. The purchased shares are subject to repurchase by the Company at the original purchase price if Mr. Jonas leaves the employ of the Company under certain conditions, which repurchase right lapses over the six-year term of the arrangement. The purchased shares are also restricted from transfer. Such restrictions lapsed as to 600,000 shares, immediately upon purchase, as to an additional 600,000 shares on each of December 31, 2014 and 2015 and are scheduled to lapse as to an additional 600,000 shares on each of December 31, 2016, 2017 and 2018.

For any periods following the initial six-year term, the Company shall pay Mr. Jonas an annual base salary of \$2,000,000 in cash or equity interest or a combination thereof, as mutually agreed to by the parties.

If Mr. Jonas' employment is terminated due to his death or disability, as defined in the agreement, the Company shall pay Mr. Jonas (or his beneficiary) (i) all unpaid amounts of annual base salary, if any, to which Mr. Jonas was entitled as of the date of termination, and (ii) all unpaid amounts to which Mr. Jonas was then entitled under any employee benefit plans, perquisites or other reimbursements. In addition, in the event of Mr. Jonas' death, the Company shall pay Mr. Jonas' estate a lump sum payment equal to twelve (12) months of the cash portion of Mr. Jonas' salary (at the rate in effect on the date of his death), the restrictions on the purchase shares shall lapse and any unvested equity grants in the Company or subsidiaries shall vest upon death or disability.

In the event Mr. Jonas' employment is terminated by the Company for "cause" or by Mr. Jonas for other than "good reason", the Company shall pay Mr. Jonas all unpaid amounts, if any, to which Mr. Jonas was entitled as of the date of termination and all unpaid amounts to which Mr. Jonas was then entitled under any employee benefit plans, perquisites or other reimbursements. In the event Mr. Jonas' employment was terminated for "cause", then the restrictions shall lapse with respect to a pro rata portion (as such term is defined in the agreement) of the purchased shares and the Company's repurchase right with respect to all other shares shall become exercisable. In the event employment is terminated by Mr. Jonas other than for good reason, the Company's repurchase right shall be exercisable by the Company as to all purchased shares with respect to which the restrictions have not lapsed as of the date of termination.

In addition, in the event the Company terminates Mr. Jonas' employment, other than for "cause", or if Mr. Jonas terminates his employment for "good reason", the Company shall pay Mr. Jonas all unpaid amounts, if any, to which

Mr. Jonas was entitled as of the date of termination and all unpaid amounts to which Mr. Jonas was then entitled under any employee benefit plans, perquisites or other reimbursements. In addition, all restrictions on the purchased shares shall lapse, Mr. Jonas' equity grants shall accelerate and vest as of the date of termination and the Company shall pay Mr. Jonas a lump sum payment equal to twelve (12) months of the cash portion of Mr. Jonas' salary (at the rate in effect on the date of his death).

Pursuant to the agreement, Mr. Jonas has agreed not to compete with the Company for a period of one year following the termination of his employment (other than termination of his employment for “good reason” or by the Company other than for “cause”). The agreement has a term from June 30, 2014 until December 31, 2019 and shall automatically be renewed for additional one-year periods unless, not later than ninety (90) days prior to any such expiration, the Company or Mr. Jonas shall have notified the other party in writing that such renewal extension shall not take effect.

The agreement defines “cause” as: (i) Mr. Jonas’ conviction for the commission of an act or acts constituting a felony under the laws of the United States or any State thereof, or (ii) Mr. Jonas’ willful and continued failure to substantially perform his duties under the Jonas Employment Agreement (other than any such failure resulting from his incapacity due to physical or mental illness), after written notice has been delivered to Mr. Jonas by the Company, and Mr. Jonas’ failure to substantially perform his duties is not cured within ten (10) business days after notice of such failure has been given to Mr. Jonas.

The agreement defines “good reason” as: the occurrence (without Mr. Jonas’ express written consent) of (i) a material breach of the agreement by the Company; (ii) the assignment to Mr. Jonas of any duties inconsistent with Mr. Jonas’ status as a senior executive officer of the Company or a material adverse alteration in the nature or status of Mr. Jonas’ responsibilities; (iii) any purported termination of Mr. Jonas’ employment which is not effected pursuant to a proper notice of termination under the Jonas Employment Agreement; (iv) a material reduction in Mr. Jonas’ annual base salary; (v) a material reduction in Mr. Jonas’ positions, duties, responsibilities or reporting lines from those provided in the Jonas Employment Agreement; (vi) relocation of Mr. Jonas’ principal place of employment to a location more than 50 miles outside of the metropolitan New York area; or (vii) a “Change in Control.”

A “Change in Control” is defined as: the occurrence of either of the following: (i) any person is or becomes the beneficial owner of securities of the Company representing 25% or more of the combined voting power of the Company’s then outstanding voting securities; or (ii) during any period of not more than two consecutive years, individuals who at the beginning of such period constitute the Company’s Board of Directors cease to constitute at least a majority of the Board, excluding any individual whose election by the Board or nomination for election by the Company’s stockholders was approved by a vote of at least two-thirds (2/3) of the directors then still in office who either were directors at the beginning of the period or whose election or nomination for election was previously so approved.

Geoffrey Rochwarger: Mr. Rochwarger and the Company entered into an employment agreement, referred to as the Rochwarger Employment Agreement, effective as of June 17, 2015, pursuant to which Mr. Rochwarger is paid an annual base salary of \$500,000 to serve as the Vice Chairman of the Company, Chief Executive Officer of the Company’s subsidiary Genie E&P Ltd. and as the primary authority and responsibility for Afek Oil & Gas Ltd.’s drilling and actual production operations. Mr. Rochwarger shall be entitled to a performance-based bonus at the level determined by the Compensation Committee of the Company’s Board of Directors with input from the supervisor, provided that such bonus shall not be in an amount of less than \$250,000, of which not less than \$125,000 shall be in respect of Mr. Rochwarger’s duties to the Company and not less than \$125,000 shall be in respect of Mr. Rochwarger’s duties to Genie E&P. Mr. Rochwarger is also entitled to a discretionary bonus based on the profits generated (or other metrics) at Genie Retail Energy, Inc. and its subsidiaries (“GRE”) (or related entities) for a period of time following January 1, 2015, which program shall be subject to approval of the Compensation Committee of the Board of Directors and dependent on the performance of GRE (the “Profit/Performance Share”).

The Rochwarger Employment Agreement has a five-year term and shall automatically be renewed or extended for additional two-year periods unless, not later than ninety (90) days prior to any such expiration, the Company or Mr. Rochwarger shall have notified the other party in writing that such renewal extension shall not take effect. During the term of the agreement, Mr. Rochwarger is eligible to participate in the Company’s Israeli benefit plans as well as the Company’s 401(k) savings plan and receive perquisites, including but not limited, to phone, car and office equipment.

Should Mr. Rochwarger be terminated due to his death or disability, as defined in the Rochwarger Employment Agreement, Mr. Rochwarger (or, in the event of his death, his estate) shall receive any accrued or vested compensation, including salary, commission, bonus(es), reimbursement for unpaid and approved business expenses through the date of termination, including his base salary and a portion of his bonus pro-rated based on the portion of the year represented by the period between the prior calendar year end and date of termination. In addition, the

Company shall continue to pay Mr. Rochwarger or his estate as applicable his base salary plus the minimum bonus provided for in the agreement for the remainder of the term.

If Mr. Rochwarger is terminated by the Company for “cause” or if Mr. Rochwarger resigns without “good reason”, Mr. Rochwarger shall be entitled to receive accrued or vested compensation, including salary, commission, and bonus(es), and to be reimbursed for unpaid and approved business expenses, through the date of termination.

If the Company terminates Mr. Rochwarger without “cause”, or if Mr. Rochwarger resigns for “good reason” (which includes, among other things, a “change of control” of the Company, as defined in the agreement), the Company, subject to Mr. Rochwarger’s execution and delivery of the Company’s standard release agreement, shall pay to Mr. Rochwarger all accrued or vested compensation, including salary, commission, and bonus(es), and reimburse Mr. Rochwarger for unpaid and approved business expenses, through the date of termination, as well as a severance payment equal to Mr. Rochwarger’s base salary, bonus and Profit/Performance Share received during or with respect to the calendar year immediately preceding termination for a period of the remaining term plus twelve months if Mr. Rochwarger is terminated prior to the fourth anniversary of the effective date, or for the remainder of the term plus twenty four months if Mr. Rochwarger is terminated following the fourth anniversary of the effective date. In addition, subject to Mr. Rochwarger’s execution and delivery of the Company’s standard release agreement, all awards theretofore granted to Mr. Rochwarger under the Company’s incentive plans shall continue to vest (and the restrictions thereon lapse) on their then existing schedule. These payments shall be paid over the period of time covered thereby on the Company’s regularly scheduled payroll payment dates.

If upon expiration of the term, and in the event that the Company does not offer to extend the term of the Rochwarger Employment Agreement, and the Company and Mr. Rochwarger do not agree on terms and conditions for continued employment, the Company, subject to Mr. Rochwarger’s execution and delivery of the Company’s standard release agreement, shall pay to Mr. Rochwarger all accrued or vested compensation, including salary, commission, and bonus(es), and reimburse Mr. Rochwarger for unpaid and approved business expenses, through the date of termination, as well as a severance payment equal to 200% of Mr. Rochwarger’s base salary, bonus and Profit/Performance Share received during or with respect to the calendar year immediately preceding termination. In addition, subject to Mr. Rochwarger’s execution and delivery of the Company’s standard release agreement, all awards theretofore granted to Mr. Rochwarger under the Company’s incentive plans shall immediately vest (and the restrictions thereon lapse). These payments shall be paid over the period of time covered thereby on the Company’s regularly scheduled payroll payment dates.

The agreement defines “cause” as: (i) Mr. Rochwarger’s indictment or conviction for the commission of an act or acts constituting a felony under the laws of the United States or any State thereof; (ii) Mr. Rochwarger’s commission of fraud, embezzlement or gross negligence; (iii) Mr. Rochwarger’s willful or continued failure to perform an act permitted by the Company’s rules, policies or procedures, including without limitation, the Company’s Code of Business Conduct and Ethics that is within his material duties under the Rochwarger Employment Agreement (other than by reason of physical or mental illness or disability) or directives of the Board, or material breach of the terms of the Rochwarger Employment Agreement or of his non-disclosure and non-competition conditions, in each case, after written notice has been delivered to Mr. Rochwarger by the Company, and Mr. Rochwarger’s failure to substantially perform his duties or breach is not cured within fifteen (15) business days after such notice has been given to Mr. Rochwarger; (iv) any misrepresentation by Mr. Rochwarger of a material fact to or concealment by Mr. Rochwarger of a material fact from the Company’s Board, Chairman of the Board, Chief Executive Officer and/or general counsel; or (v) any material violation of the Company’s rules, policies or procedures, including without limitation, the Company’s Code of Business Conduct and Ethics.

The agreement, defines “good reason” as: (i) a change in the supervisor or to whom the Employee reports in violation of the terms of the Rochwarger Agreement, (ii) the Company imposes unreasonable restrictions on Employee’s ability to perform his duties under the Rochwarger Employment Agreement, (iii) the Company’s failure to perform its material duties under the Goldin Employment Agreement, which failure has not been cured by the Company within fifteen (15)

days of its receipt of written notice thereof from Mr. Rochwarger; (iv) a reduction by the Company (without the consent of Mr. Rochwarger, which consent may be revoked at any time) in Mr. Rochwarger's base salary, or substantial reduction in the other benefits provided to Mr. Rochwarger; (v) the assignment to Mr. Rochwarger of duties inconsistent with Mr. Rochwarger's status as a senior executive officer of the Company or a substantial adverse alteration in the nature or status of Mr. Rochwarger's responsibility; (vi) a substantial diminution of Mr. Rochwarger's responsibility, (vii) the relocation of Mr. Rochwarger's principal

place of employment to a location more than twenty-five (25) miles; (viii) the assignment of duties inconsistent with the Company's rules, policies or procedures, including without limitation, the Company's Code of Business Conduct and Ethics; (ix) any purported termination of Mr. Rochwarger's employment not in accordance with the terms of the Rochwarger Employment Agreement; or (x) any "Change in Control" of the Company. A "Change in Control" is defined as: if (A) any person or group (within the meaning of Rule 13d-3 of the rules and regulations promulgated under the Securities Exchange Act of 1934, as amended), other than Howard Jonas, members of his immediate family, his affiliates, trusts or private foundations established by or on his behalf, and the heirs, executors or administrators of Howard Jonas, shall acquire in one or a series of transactions, whether through sale of stock or merger, voting securities representing more than 50% of the voting power of all outstanding voting securities of the Company or any successor entity of the Company, or (B) the stockholders of the Company shall approve a complete liquidation or dissolution of the Company.

Avi Goldin: Mr. Goldin and the Company entered into an amended and restated employment agreement, effective as of August 19, 2014, and an addendum to such agreement, effective as of April 20, 2015, together referred to as the Goldin Employment Agreement, pursuant to which Mr. Goldin is paid an annual base salary of \$300,000 to serve as the Chief Financial Officer of the Company. Mr. Goldin, subject to satisfaction with his job performance by the Chief Executive Officer and the Chairman of the Board, and specific criteria that may be established from time to time, as well as approval by the Compensation Committee, also shall receive a target annual bonus of \$100,000. In addition, Mr. Goldin is eligible to participate in any bonus pool established for employees or management of GRE, in the sole discretion of the Company and upon the approval of the Compensation Committee of the Company's Board of Directors, for a target bonus of \$75,000. In the event that the term of the Goldin Employment Agreement is extended beyond the initial expiration date of December 31, 2017, then each of Mr. Goldin's base salary and target bonuses will increase by 10% during such extended portion of the term. The Goldin Employment Agreement has a three year term and shall automatically be renewed or extended for additional one-year periods unless, not later than ninety (90) days prior to any such expiration, the Company or Mr. Goldin shall have notified the other party in writing that such renewal extension shall not take effect. During the term of the agreement, Mr. Goldin is eligible to participate in the Company's medical, dental, life and disability programs as well as the Company's 401(k) savings plan.

Should Mr. Goldin be terminated due to his death or disability, as defined in the Goldin Employment Agreement, Mr. Goldin (or, in the event of his death, his estate) shall receive any accrued or vested compensation, including salary, commission, bonus(es), reimbursement for unpaid and approved business expenses through the date of termination.

If Mr. Goldin is terminated by the Company for "cause" or if Mr. Goldin resigns without "good reason", Mr. Goldin shall be entitled to receive accrued or vested compensation, including salary, commission, and bonus(es), and to be reimbursed for unpaid and approved business expenses, through the date of termination.

If the Company terminates Mr. Goldin without "cause", or if Mr. Goldin resigns for "good reason" (which includes, among other things, a "change of control" of the Company, as defined in the agreement), the Company, subject to Mr. Goldin's execution and delivery of the Company's standard release agreement, shall pay to Mr. Goldin all accrued or vested compensation, including salary, commission, and bonus(es), and reimburse Mr. Goldin for unpaid and approved business expenses, through the date of termination, as well as a severance payment equal to the greater of (i) the amount Mr. Goldin would be entitled to under Company policy applicable to management employees in effect at the time of termination, or (ii) Mr. Goldin's base salary plus the greater of his target bonus (at the rates in effect on the date of termination) and the actual bonus paid to Mr. Goldin in the year of the term preceding termination for the remainder of the term, but in no event less than a 12-month period plus one month for each full year of employment of Mr. Goldin with the Company or its affiliates subsequent to January 1, 2015 (the "Minimum Severance Period"). In addition, subject to Mr. Goldin's execution and delivery of the Company's standard release agreement, all awards theretofore granted to Mr. Goldin under the Company's incentive plans shall continue to vest (and the restrictions thereon lapse) on their then existing schedule. These payments shall be paid over the period of time covered thereby on the Company's regularly scheduled payroll payment dates.

If upon expiration of the term, and in the event that the Company does not offer to extend the term of the agreement, and the Company and Mr. Goldin do not agree on terms and conditions for continued employment, the Company, subject to Mr. Goldin's execution and delivery of the Company's standard release agreement, shall pay to Mr. Goldin all accrued or vested compensation, including salary, commission, and bonus(es), and reimburse Mr. Goldin for unpaid and approved business expenses, through the date of termination, as well as a severance payment equal to the greater of (i) the amount Mr. Goldin would be entitled to under Company policy applicable to management employees in effect at the time of termination, or (ii) Mr. Goldin's base salary plus his target bonus (at the rates in effect on the date of termination) for the Minimum Severance Period. In addition, subject to Mr. Goldin's execution and delivery of the Company's standard release agreement, all awards theretofore granted to Mr. Goldin under the Company's incentive plans shall continue to vest (and the restrictions thereon lapse) on their then existing schedule. These payments shall be paid over the period of time covered thereby on the Company's regularly scheduled payroll payment dates.

The agreement defines "cause" as: (i) Mr. Goldin's indictment or conviction for the commission of an act or acts constituting a felony under the laws of the United States or any State thereof; (ii) Mr. Goldin's commission of fraud, embezzlement or gross negligence; (iii) Mr. Goldin's willful or continued failure to perform an act permitted by the Company's rules, policies or procedures, including without limitation, the Company's Code of Business Conduct and Ethics that is within his material duties under the Goldin Employment Agreement (other than by reason of physical or mental illness or disability) or directives of the Board, or material breach of the terms of the Goldin Employment Agreement or of his non-disclosure and non-competition conditions, in each case, after written notice has been delivered to Mr. Goldin by the Company, and Mr. Goldin's failure to substantially perform his duties or breach is not cured within fifteen (15) business days after such notice has been given to Mr. Goldin; (iv) any misrepresentation by Mr. Goldin of a material fact to or concealment by Mr. Goldin of a material fact from the Company's Board, Chairman of the Board, Chief Executive Officer and/or general counsel; or (v) any material violation of the Company's rules, policies or procedures, including without limitation, the Company's Code of Business Conduct and Ethics.

The agreement, defines "good reason" as: (i) the Company's failure to perform its material duties under the Goldin Employment Agreement, which failure has not been cured by the Company within fifteen (15) days of its receipt of written notice thereof from Mr. Goldin; (ii) a reduction by the Company (without the consent of Mr. Goldin, which consent may be revoked at any time) in Mr. Goldin's base salary, or substantial reduction in the other benefits provided to Mr. Goldin; (iii) the assignment to Mr. Goldin of duties inconsistent with Mr. Goldin's status as a senior executive officer of the Company or the designation by the Company of Mr. Goldin to any position or capacity other than (A) Chief Financial Officer of the Company, (B) Chief Financial Officer of one of the Company's principal divisions (as described in the Company's periodic filings made with the Securities and Exchange Commission), or (C) Chief Operating Officer of the Company; (iv) the relocation of Mr. Goldin's principal place of employment to a location more than thirty-five (35) miles from its current Newark, New Jersey location or outside of the New York City metropolitan areas; (v) the assignment of duties inconsistent with the Company's rules, policies or procedures, including without limitation, the Company's Code of Business Conduct and Ethics; (vi) any purported termination of Mr. Goldin's employment not in accordance with the terms of the Goldin Employment Agreement; or (vii) any "Change in Control" of the Company. A "Change in Control" is defined as: if (A) any person or group (within the meaning of Rule 13d-3 of the rules and regulations promulgated under the Securities Exchange Act of 1934, as amended), other than Howard Jonas, members of his immediate family, his affiliates, trusts or private foundations established by or on his behalf, and the heirs, executors or administrators of Howard Jonas, shall acquire in one or a series of transactions, whether through sale of stock or merger, voting securities representing more than 50% of the voting power of all outstanding voting securities of the Company or any successor entity of the Company, or (B) the stockholders of the Company shall approve a complete liquidation or dissolution of the Company.

These payments shall be paid over the period of time covered thereby on the Company's regularly scheduled payroll payment dates.

If the Company does extend the term of the Rochwarger Employment Agreement, and the Company and Mr. Rochwarger do not agree on terms and conditions for continued employment, the Company, subject to Mr. Rochwarger's execution and delivery of the Company's standard release agreement, shall pay to Mr. Rochwarger all accrued or vested compensation, including salary, commission, and bonus(es), and reimburse Mr. Rochwarger for unpaid and approved business expenses, through the date of termination, as well as a severance payment equal to 200% of Mr. Rochwarger's base salary, bonus and Profit/Performance Share received during or with respect to the calendar year immediately preceding termination. termination for the remainder of the term, but in no event less than a 12-month period plus one month for each full year of employment of Mr. Goldin with the Company or its affiliates subsequent to January 1, 2015 (the “Minimum Severance Period”). In addition, subject to Mr. Goldin’s execution and delivery of the Company’s standard release agreement, all awards theretofore granted to Mr. Goldin under the Company’s incentive plans shall continue to vest (and the restrictions thereon lapse) on their then existing schedule. These payments shall be paid over the period of time covered thereby on the Company’s regularly scheduled payroll payment dates.

PROPOSAL NO. 2

RATIFICATION OF THE APPOINTMENT OF BDO USA, LLP
AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Company's stockholders are being asked to ratify the Board of Directors' appointment of BDO USA, LLP ("BDO") as the Company's independent registered public accounting firm for the Fiscal Year ending December 31, 2016.

BDO has served the Company as its independent registered public accounting firm since 2013. The Audit Committee of the Board of Directors has appointed BDO as the Company's independent registered public accounting firm for Fiscal 2016. Neither the Company's governing documents nor applicable law require stockholder ratification of our independent registered public accounting firm. However, the Audit Committee will consider the results of the stockholder vote for this proposal and, in the event of a negative vote, will review any future selection of BDO. Even if BDO's appointment is ratified by the stockholders, the Audit Committee may, in its discretion, appoint a new independent registered public accounting firm at any time if it determines that such a change would be in the best interests of the Company and its stockholders.

We expect that representatives for BDO will be present at the Annual Meeting, will be available to respond to appropriate questions and will have the opportunity to make such statements as they may desire.

During the Company's two most recent fiscal years, the Company did not consult with BDO with respect to any of the matters or events listed in Regulation S-K Item 304(a)(2).

BDO's report on the Company's consolidated financial statements for the past two fiscal years did not contain an adverse opinion or a disclaimer of opinion, nor was it qualified or modified as to uncertainty, audit scope or accounting principles.

During the two most recent fiscal years there were no disagreements between the Company and BDO on any matter of accounting principles or practices, consolidated financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of BDO, would have caused BDO to make reference to the subject matter of the disagreements in connection with its report on the Company's consolidated financial statements for such years.

During the two most recent fiscal years there were no "reportable events", as defined in Regulation S-K Item 304(a)(1)(v).

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR RATIFICATION OF
THE APPOINTMENT OF BDO USA, LLP AS THE COMPANY'S INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2016.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of the Independent Registered Public Accounting Firm

The Audit Committee is responsible for appointing, setting compensation for, and overseeing the work of the Company's independent registered public accounting firm. The Audit Committee has established a policy regarding pre-approval of all audit and permissible non-audit services provided by the independent registered public accounting firm, and all such services were approved by the Audit Committee in Fiscal 2015 and Fiscal 2014.

The Audit Committee assesses requests for services by the independent registered public accounting firm using several factors. The Audit Committee will consider whether such services are consistent with the PCAOB's and SEC's rules on auditor independence. In addition, the Audit Committee will determine whether the independent registered public accounting firm is best positioned to provide the most effective and efficient service based upon the members' familiarity with the Company's business, people, culture, accounting systems, risk profile and whether the service might enhance the Company's ability to manage or control risk or improve audit quality.

Report of the Audit Committee

The role of the Audit Committee is to assist the Board of Directors in its general oversight of the Company's financial reporting process, internal controls, and audit functions. The Audit Committee's role is more fully described in its charter, which can be found on the Company's website at genie.com/governance.php. The Audit Committee reviews its charter on an annual basis. The Board of Directors annually reviews the NYSE listing standards' definition of independence for Audit Committee members, questionnaires completed by the Audit Committee members and all information available to the Board of Directors regarding relationships that could reasonably be expected to impact independence in accordance with those standards, and, at a meeting held on March 3, 2016, determined that each member of the Audit Committee meets that standard. The Board of Directors has also determined that W. Wesley Perry qualifies as an "audit committee financial expert" within the meaning of Item 407(d)(5) of Regulation S-K.

The Company's management is responsible for the preparation, presentation, and integrity of the Company's financial statements, accounting and financial reporting principles, internal controls, and procedures designed to reasonably assure compliance with accounting standards, applicable laws, and regulations. The Company has an Internal Audit Department that reports to the Audit Committee and to the Company's management. The department is responsible for objectively reviewing and evaluating the adequacy, effectiveness, and quality of the Company's system of internal

controls related to, for example, the reliability and integrity of the Company's financial information and the safeguarding of the Company's assets. The Company has also retained Eisner Amper for certain services related to the internal audit function, particularly as regard to the audit of electronic systems.

The Company's independent registered public accounting firm for Fiscal 2015, BDO USA, LLP, is responsible for performing an independent audit of the consolidated financial statements in accordance with generally accepted auditing standards and expressing an opinion on the conformity of those financial statements with U.S. generally accepted accounting principles. In accordance with law, the Audit Committee has ultimate authority and responsibility for selecting, compensating, evaluating, and, when appropriate, replacing the Company's independent audit firm, and evaluates its independence. The Audit Committee has the authority to engage its own outside

advisors, including experts in particular areas of accounting, as it determines appropriate, apart from counsel or advisors hired by the Company's management.

Audit Committee members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of the Company's management or the independent audit firm; nor can the Audit Committee certify that the independent audit firm is "independent" under applicable rules. The Audit Committee serves a Board-level oversight role in which it provides advice, counsel, and direction to the Company's management and to the auditors on the basis of the information it receives, discussions with the Company's management and the auditors, and the experience of the Audit Committee's members in business, financial, and accounting matters.

The Audit Committee's agenda for the year includes reviewing the Company's annual and quarterly financial statements, internal controls over financial reporting, and audit and other matters. The Audit Committee meets each quarter with BDO USA, LLP and the Company's management to review the Company's interim financial results before the publication of the Company's quarterly earnings releases. The Company's management's and the independent audit firm's presentations to, and discussions with, the Audit Committee cover various topics and events that may have significant financial impact or are the subject of discussions between the Company's management and the independent audit firm. The Audit Committee reviews and discusses with the Company's management the Company's major financial risk exposures and the steps that the Company's management has taken to monitor and control such exposures. In accordance with law, the Audit Committee is responsible for establishing procedures for the receipt, retention, and treatment of complaints received by the Company regarding accounting, internal accounting controls, or auditing matters, including confidential, anonymous submission by the Company's employees, received through established procedures, of any concerns regarding questionable accounting or auditing matters.

Among other matters, the Audit Committee monitors the activities and performance of the Company's internal auditor team and independent registered public accounting firm, including the audit scope, external audit fees, auditor independence matters, and the extent to which the independent audit firm can be retained to perform non-audit services. The Company's independent audit firm has provided the Audit Committee with the written disclosures and the letter required by the PCAOB regarding the independent accountant's communications with the Audit Committee concerning independence, and the Audit Committee has discussed with the independent audit firm and the Company's management that firm's independence. In accordance with Audit Committee charter and the requirements of law, the Audit Committee pre-approves all services to be provided by BDO USA, LLP. Pre-approval includes audit services, audit-related services, tax services, and other services.

The Audit Committee has reviewed and discussed with the Company's management the audited financial statements of the Company for the Fiscal Year ended December 31, 2015, as well as the effectiveness of the Company's internal controls over financial reporting as of December 31, 2015. The Audit Committee has also reviewed and discussed with BDO USA, LLP the matters required to be discussed with the independent registered public accounting firm by applicable PCAOB rules regarding "Communication with Audit Committees."

In reliance on these reviews and discussions, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2015, for filing with the Securities and Exchange Commission.

PROPOSAL NO. 3

STOCKHOLDER PROPOSAL REGARDING FORMATION OF AN AD HOC BOARD COMMITTEE TO EVALUATE THE IMPACT OF COMPANY OPERATIONS IN CERTAIN AREAS

Heartland Initiative, Inc., which represented to the Company that it owns 565 shares of the Company's Class B Common Stock, has notified the Company that it requests that the following proposal be presented to stockholders at the Annual Meeting:

THE STOCKHOLDER'S RESOLUTION

WHEREAS, Genie's Israeli subsidiary is conducting exploratory drilling in the Israeli-occupied Golan Heights on the basis of licenses and permits awarded by Israel's Petroleum Council and Ministry of Energy & Water (MEW);

WHEREAS, the international community, including the United States, maintains that occupying powers, including the State of Israel, do not possess the sovereign powers to authorize new petroleum exploration or production activities in occupied territories;

WHEREAS, in an opinion regarding possible Israeli exploration and drilling activities in the then-occupied Sinai peninsula, the US State Department Legal Advisor wrote: "The occupant's right to state-owned oil in the ground is that of a usufructuary under Article 55 [Hague Regulations] and does not include the right to open new oilfields."

WHEREAS, as insurance giant KLP noted in its decision to exclude investment in quarrying operations in occupied territory: "The United States was referring to the general rule that the occupant may not exploit more than is customary or necessary. This prevents new exploitation of resources, because there had been no previous or customary exploitation. The alternative would give states an incentive to occupy other countries in order to gain access to natural resources, which could also prolong the occupation."

WHEREAS, the Company appears to have no policy or procedure in place to detect and evaluate the consequences of this or other instances in which Company practice may be aligned to practices of countries that are contrary to principled US positions and commitments in conformity with international law;

RESOLVED: Shareholders request that the Board form an ad hoc committee to consider and report to shareholders on criteria, above and beyond legal compliance, for the company's operations in Israeli-occupied territory and any other locations in which substantial evidence exists that business practices support activities that contravene principled US positions and commitments consistent with international law.

THE STOCKHOLDER'S SUPPORTING STATEMENT

While the Company appears to have assessed certain risks — reputational, financial, etc. — associated with its activities in the occupied Golan Heights, as shareholders we note that the United States has consistently taken positions of non-recognition of Israeli sovereignty over the territories occupied by Israel since June 1967. Whether or not the Company wishes to go further and commit itself to assessing the wrongfulness of other acts that clearly cause harm to other states or human beings, at the minimum the Company should not engage in activity that affirms, explicitly or implicitly, the legitimacy of acts that the United States itself has determined it cannot recognize as lawful and to which it does not permit itself to give legal effect. We thus urge the Company to reconsider before proceeding with any subsequent activity, particularly production activity, in the occupied Golan Heights on the basis of permits, licenses or other authorizations awarded by the national authorities of the State of Israel.

YOUR COMPANY'S RESPONSE

Edgar Filing: Genie Energy Ltd. - Form DEF 14A

The Company's Board of Directors believes that the actions requested by you are unnecessary and not in the best interest of our stockholders and recommends a vote AGAINST the proposal.

The Company's subsidiary, Afek Oil and Gas, Ltd., is a commercial concern, that, to date, even in a highly regulated industry, has obtained all the necessary licenses and permits from the governing authorities over the area covered by its exploratory license to proceed with its operations in the Golan Heights as more fully discussed in the Company's periodic reports filed with the Securities and Exchange Commission.

As a for-profit concern, we do not get involved in the political questions surrounding the territory in which we are operating, but make decisions based on the risks and reward and in a manner designed to create the greatest value for our stockholders. Furthermore, given the issues raised by the project in question, the Company has received legal advice and is proceeding in accordance with that guidance. The relevant areas of law are extremely complex, and we do not believe that Heartland's supporting statement reflects that complexity. While Heartland cites certain prior instances that are perhaps relevant, they do not encompass all of the relevant precedent, nor do they reflect all of the outcomes of those episodes.

The Company's management and Board of Directors have already considered the concerns raised by Heartland in their proposal and supporting statement, and taking all such factors into account, have determined to proceed with the project in the best interests of the stockholders of the Company.

Given the complexities of the issues surrounding activities on the Golan Heights, we believe the steps the Company has already taken are the most practical and effective approach to addressing the issues. Accordingly, a stockholder vote on requiring the Board of Directors to form an ad hoc committee is unnecessary and will hinder the Company's efforts in proceeding efficiently with the project. For these reasons, we believe that implementing the proposal is not in the best interest of the Company and will not serve to enhance stockholder value.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE AGAINST THIS STOCKHOLDER PROPOSAL.
