Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

1) OPERATIONS

Banco Bradesco S.A. (Bradesco) is a private-sector, publicly traded company and universal bank that through its commercial, foreign exchange, consumer financing and housing loan portfolios carries out all types of banking activities which it is authorised to. The Bank is involved in a number of other activities, either directly or indirectly, through its subsidiaries, specifically leasing, investment banking, brokerage, consortium management, credit cards, real estate projects, insurance, pension plans and capitalization bonds. All these activities are undertaken by the various companies in the Organização Bradesco (Organization), working together in an integrated fashion in the market.

2) PRESENTATION OF THE FINANCIAL STATEMENTS

The Financial Statements of the Prudential Conglomerate were prepared to comply with the requirements of Resolution No. 4,280/13, of the National Monetary Council (CMN) and additional rules of the Brazilian Central Bank (Bacen). Thus, specific requirements in the consolidation and/or combination of the entities listed in Resolution No. 4,280/13 determined by the CMN and Bacen were observed, which are not necessarily the same established by the corporate law and by the CMN or Bacen for other types of consolidation. In this sense, they cover the financial statements of Bradesco, and foreign branches, subsidiaries and investment funds, as requested in Resolution No. 4,280/13.

In the preparation of these Financial Statements of the Prudential Conglomerate intercompany transactions, including investments, assets and liabilities, revenue, expenses and unrealized profit were eliminated and net income and shareholders' equity attributable to the non-controlling interests were accounted for in a separate line. For jointly controlled investments with other shareholders, assets, liabilities and income and loss were included in the consolidated financial statements of the Prudential Conglomerate according to the interest held in the shareholders' equity of each investee. Goodwill on the acquisition of investments in subsidiary/associate companies or jointly controlled entities is presented in the investments and intangible assets lines (Note 14a).

The financial statements include estimates and assumptions, such as: the calculation of estimated loan losses; fair market value estimates of certain financial instruments; civil, tax and labor provisions; impairment losses of securities classified as available-for-sale and held-to-maturity securities and

non-financial assets; and the determination of the useful life of specific assets. Actual results may differ from those based on estimates and assumptions.

Bradesco's financial statements of the Prudential Conglomerate were approved by the Board of Executive Officers and by the Disclosure Committee on August 29, 2016.

Below are the significant directly and indirectly owned companies and investment funds included in the Prudential Conglomerate financial statements:

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

3) SIGNIFICANT ACCOUNTING PRACTICES

a) Functional and presentation currencies

Financial statements of Prudential Conglomerate are presented in Brazilian reais, which is also Bradesco's functional currency. Foreign branches and subsidiaries are mainly a continuation of activities in Brazil, and, therefore, assets, liabilities and profit or loss are converted into Brazilian reais using the appropriate currency exchange rate to comply with accounting practices adopted in Brazil. Foreign currency conversion gains and losses arising are recognized in the period's income statement in the lines "Derivative Financial Instruments" and "Borrowing and On-lending".

b) Income and expense recognition

The result is calculated according to the regime of competence, which establishes that the revenues and expenses should be included in the calculation of the results for the periods in which they occur, always simultaneously to when they are correlated, regardless of being a receipt or payment.

Fixed rate contracts are recorded at their redemption value with the income or expense relating to future periods being recorded as a deduction from the corresponding asset or liability. Finance income and costs are recognized daily on a pro-rata basis and calculated using the compounding method, except when they relate to discounted notes or to foreign transactions, which are calculated using the straight-line method.

Floating rate and foreign-currency-indexed contracts are adjusted to the interest and foreign exchange rates applicable at the end of the reporting period.

c) Cash and cash equivalents

Cash and cash equivalents include: funds available in currency, investments in gold, securities sold under agreements to repurchase and interest-earning deposits in other banks, maturing in 90 days or less, which are exposed to insignificant risk of change in fair market value. These funds are used by Bradesco to manage its short-term commitments.

Cash and cash equivalents detailed balances are presented in Note 4.

d) Interbank investments

Unrestricted repurchase and reverse repurchase agreements are stated at their fair market value. All other interbank investments are stated at cost, plus income earned up to the end of the reporting period, net of any devaluation allowance, if applicable.

The breakdown, terms and proceeds relating to interbank investments are presented in Note 5.

e) Securities – Classification

- Trading securities – securities acquired for the purpose of being actively and frequently traded. They are recorded at cost, plus income earned and adjusted to fair market value with movements recognized in the Income Statement for the period;
- Available-for-sale securities – securities that are not specifically intended for trading purposes or to be held to maturity. They are recorded at cost, plus income earned, which is recorded in profit or loss in the period and adjusted to fair market value with movements recognized in shareholders' equity, net of tax, which will be transferred to the Income Statement only when effectively realized; and
- Held-to-maturity securities – securities for which there is positive intent and financial capacity to hold to maturity. They are recorded at cost, plus income earned recognized in the Income Statement for the period.

Securities classified as trading and available-for-sale, as well as derivative financial instruments, are recognized in the consolidated statement of financial position at their fair market value. Fair market value is generally based on quoted market prices or quotations for assets or liabilities with similar characteristics. If market prices are not available, fair market values are based on traders' quotations, pricing models,

discounted cash flows or similar techniques to determine the fair market value and may require judgment or significant estimates by Management.

Bradesco _____

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

Classification, breakdown and segmentation of securities are presented in Note 6 (a to c).

f) Derivative financial instruments (assets and liabilities)

Derivate instruments are classified based on the objective for which the underlying instrument was acquired at the date of purchase, taking into consideration its use for possible hedging purposes.

Operations involving derivative financial instruments are designed to meet the Bank's own needs in order to manage overall exposure, as well as to meet customer requests to manage their positions. The gains or losses are recorded in profit-and-loss and shareholders' equity accounts.

Derivative financial instruments used to mitigate risk deriving from exposure to variations in the fair market value of financial assets and liabilities are designated as hedges when they meet the criteria for hedge accounting and are classified according to their nature:

- Market risk hedge: the gains and losses, realized or not, of the financial instruments classified in this category as well as the financial assets and liabilities, that are the object of the hedge, are recorded in the Income Statement; and
- Cash flow hedge: the effective portion of valuation or devaluation of the financial instruments classified in this category is recorded, net of taxes, in a specific account in shareholders' equity. The ineffective portion of the hedge is recognized directly in the Income Statement.

A breakdown of amounts included as derivative financial instruments, in the balance sheet and off-balance-sheet accounts, is disclosed in Note 6 (d to g).

g) Loans and leasing, advances on foreign exchange contracts, other receivables with credit characteristics and allowance for loan losses

Loans and leasing, advances on foreign exchange contracts and other receivables with credit characteristics are classified by risk level, based on: (i) the parameters established by CMN Resolution No. 2,682/99, which requires risk ratings to have nine levels, from “AA” (minimum risk) to “H” (maximum risk); and (ii) Management’s assessment of the risk level. This assessment, which is carried out regularly, considers current economic conditions and past experience with loan losses, as well as specific and general risks relating to operations, debtors and guarantors. Moreover, the days past due are also considered in the rating of customer risk as per CMN Resolution No. 2,682/99, as follows:

Past-due period (1)	Customer rating
• from 15 to 30 days	B
• from 31 to 60 days	C
• from 61 to 90 days	D
• from 91 to 120 days	E
• from 121 to 150 days	F
• from 151 to 180 days	G
• more than 180 days	H

(1) For transactions with terms of more than 36 months, past-due periods are doubled, as permitted by CMN Resolution No. 2,682/99.

Interest and inflation adjustments on past due transactions are only recognized on the Income Statement up to 59 days past the due date. As from the 60th day, they are recognized on off-balance sheet accounts and are only recognized when the Income Statement has been received.

June 2016

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

H-rated past due transactions remain at this level for six months, after which they are written-off against the existing allowance and controlled in off-balance-sheet accounts for at least five years.

Renegotiated transactions are held at the same rating as on the date of the renegotiation or classified in a higher risk rating. Renegotiations which have already been written-off against the allowance and that were recorded in off-balance-sheet accounts, are rated as level "H" and any possible gains derived from their renegotiation are recognized only when they are effectively received. When there is a significant repayment on the operation or when new material facts justify a change in the level of risk, the operation may be reclassified to a lower risk category.

The estimated allowance for loan losses is calculated to sufficiently cover probable losses, considering CMN and Bacen standards and instructions, together with the Management's assessment of the credit risk.

Type, values, terms, levels of risk, concentration, economic sector of client's activity, renegotiation and income from loans, as well as the breakdown of expenses and statement of financial position accounts for the allowance for loan losses are presented in Note 8.

Leasing

The portfolio of leasing operations consists of contracts firmed with the support of Decree No. 140/84, of the Ministry of Finance, which contains clauses of: (a) non-cancellation; (b) purchase option; and c) post-fixed or fixed restatement and are accounted for in accordance with the standards established by Bacen, as follows:

I- Leases receivable

Reflect the balance of installments receivable, restated according to the indexes and criteria established by contractual agreement.

II- Unearned income from leasing and Guaranteed Residual Value (GRV)

Recorded at the contractual amount, conversely to adjusted accounts of unearned revenues from leasing and Residual value to balance, both submitted through negotiated conditions. The GRV received in advance is recorded in Other Liabilities – Creditors by Anticipation of the Residual Value until the date of contractual termination. The adjustment at present value of the lease payments and the GRV receivable from the financial leasing operations is recognized as excessive/insufficient depreciation on leased assets, in order to reconcile the accounting practices. In operations whose delays are equal to or greater than 60 days, the appropriation to the result occurs upon receipt of contractual installments, in accordance with CMN Resolution No. 2,682/99.

III- Leased fixed assets

It is recorded at acquisition cost, minus the accrued depreciations. The depreciation is calculated using the linear method, with the benefit of a 30% reduction in the normal life cycle of the asset, provisioned in the current legislation. The main annual rates of depreciation used, as base for this reduction, are the following: vehicles and the like, 20%; furniture and utensils, 10%; machinery and equipment, 10%; and other assets, 10% and 20%.

IV- Losses on leases

The losses recorded in the sale of leased assets are deferred and amortized over the remaining normal life cycle of assets, and are shown along with the Leased Fixed Assets (Note 8k).

V- Excessive (insufficient) depreciation

The accounting records of leasing operations are maintained as legal requirements, specific for this type of operation. The procedures adopted and summarized in items "II" to "IV" above differ from the accounting practices provisioned in Brazilian corporate law, especially concerning the regime of competence in the record of revenues and expenses related to lease contracts. As a result, in accordance with Bacen Circular No. 1,429/89, the present value of outstanding leasing installments was calculated, using the internal rate of return of each contract, recording a leasing revenue or expenditure, conversely to the entries of excessive or insufficient depreciation, respectively, recorded in Permanent Assets, with the objective of adapting the leasing operations to the regime of competence (Note 8k).

Bradesco

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

h) Income tax and social contribution (assets and liabilities)

Income tax and social contribution deferred tax assets, calculated on income tax losses, social contribution losses and temporary differences, are recorded in "Other Receivables - Sundry" and the deferred tax liabilities on tax differences in leasing depreciation (applicable only for income tax), mark-to-market adjustments on securities, restatement of judicial deposits, among others, are recorded in "Other Liabilities - Tax and Social Security".

Deferred tax assets on temporary differences are realized when the difference between the accounting treatment and the income tax treatment reverses. Deferred tax assets on income tax and social contribution losses are realizable when taxable income is generated, up to the 30% limit of the taxable profit for the period. Deferred tax assets are recorded based on current expectations of realization considering technical studies and analyses carried out by Management.

The provision for income tax is calculated at 15% of taxable income plus a 10% surcharge. For financial companies, equated and of the insurance industry, the social contribution on the profit was calculated until August 2015, considering the rate of 15%. For the period between September 2015 and December 2018, the rate was changed to 20%, according to Law No. 13,169/15, returning to the rate of 15% as from January 2019. For the other companies, the social contribution is calculated considering the rate of 9%.

Due to the amendment of the rate, the Organização Bradesco constituted, in September 2015, a supplement to the tax credit of social contribution, considering the annual expectations of achievement and their respective rates in force in each period, according to the technical study conducted.

Provisions were recorded for other income tax and social contribution in accordance with specific applicable legislation.

Changes in the criteria to recognize revenue, costs and expenses included in the net profit for the period, enacted by Law No. 11,638/07 and subsequent amendments were made fiscally by the new regime of the taxation in force instituted by Law No. 12,973/14.

The breakdown of income tax and social contribution, showing the calculations, the origin and expected use of deferred tax assets, as well as unrecorded deferred tax assets, are presented in Note 32.

i) Prepaid expenses

Prepaid expenses consist of funds already disbursed for future benefits or services, which are recognized in the profit or loss on an accrual basis.

Incurred costs relating to assets that will generate revenue in subsequent periods are recorded in the Income Statement according to the terms and the amount of expected benefits and directly written-off in the Income Statement when the corresponding assets or rights are no longer part of the institution's assets or when future benefits are no longer expected.

In the case of the remuneration paid for the origination of credit operations or leasing to the banking correspondents related to credit operations originated during 2015 and 2016, Bradesco opted to recognize part of the total value of compensation, pursuant to the provisions of Bacen Circular No. 3,738/14.

Prepaid expenses are shown in detail in Note 10b.

June 2016

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

j) Investments

Investments in unconsolidated and jointly subsidiaries, where Bradesco has significant influence over the investee or holds at least 20% of the voting rights, are accounted for using the equity method.

Tax incentives and other investments are stated at cost, less allowance for losses/impairment, where applicable.

Subsidiaries are consolidated – the composition of the main companies can be found in Note 2. The composition of unconsolidated and jointly controlled companies, as well as other investments, can be found in Note 11.

k) Premises and equipment

Relates to the tangible assets used by the Bank in its activities, including those resulting from transactions that transfer risks, benefits and control of the assets to the Bank.

Premises and equipment are stated at acquisition cost, net of accumulated depreciation, calculated by the straight-line method based on the assets' estimated economic useful life, using the following rates: real estate – 4% per annum; installations, furniture, equipment for use, security systems and communications – 10% per annum; transport systems – 20% per annum; and data-processing systems – 20% to 40% per annum, and adjusted for impairment, when applicable.

The breakdown of asset costs and their corresponding depreciation, as well as the unrecorded surplus value for real estate and the fixed asset ratios, are presented in Note 12.

l) Deferred assets

It is recorded at cost of acquisition or composition, net of their accrued depreciation of 20% per annum, calculated using the linear method. Since December 2008, the new operations have been recorded in intangible assets, in accordance with Circular Letter No. 3,357/08 of Bacen.

The composition of deferred assets is shown in Note 13.

m) Intangible assets

Corresponds to the acquired rights whose subjects are intangible assets intended for the maintenance of the company or exercised for this purpose.

Intangible assets comprise of:

- Future profitability/acquired client portfolio and acquisition of right to provide banking services: they are recorded and amortized over the period in which the asset will directly and indirectly contribute to future cash flows and adjusted for impairment, where applicable; and
- Software: stated at cost, less amortization calculated on a straight-line basis over the estimated useful life (20% p.a.), from the date it is available for use and adjusted for impairment, where applicable. Internal software development costs are recognized as an intangible asset when it is possible to show the intent and ability to complete and use the software, as well as to reliably measure costs directly attributable to the intangible asset. These costs are amortized during the software's estimated useful life, considering the expected future economic benefits.

Intangible assets and the movement in these balances by class, are presented in Note 14.

n) Impairment

Financial and non-financial assets are tested for impairment.

Impairment evidence may comprise the non-payment or payment delay by the debtor, possible bankruptcy process or the significant or extended dec line in an asset value.

Bradesco _____

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

An impairment loss of a financial or non-financial asset is recognized in the profit or loss for the period if the book value of an asset or cash-generating unit exceeds its recoverable value.

Impairment losses are presented in Note 6c(7) and 6h(1).

o) Securities sold under agreements to repurchase

These are recognized at the value of the liabilities and include, when applicable, related charges up to the end of the reporting period, calculated on a daily pro-rata basis.

A breakdown of the contracts recorded in deposits and securities sold under agreements to repurchase, as well as terms and amounts recognized in the statement of financial position and income statement, is presented in Note 15.

p) Provisions, contingent assets and liabilities and legal obligations – tax and social security

Provisions, contingent assets and liabilities, and legal obligations, as defined below, are recognized, measured and disclosed in accordance with the criteria set out in CPC 25, approved by CMN Resolution No. 3,823/09 and CVM Resolution No. 594/09:

- **Contingent Assets:** these are not recognized in the financial statements, except to the extent that there are real guarantees or favorable judicial decisions, to which no further appeals are applicable, and confirmation of the capacity of the counterparty to pay or the ability of Bradesco to realize the asset via compensation against another liability upon which the gain is considered practically certain. Contingent assets with a chance of probable success are disclosed in the notes to the financial statements;

- Provisions: these are recorded taking into consideration the opinion of legal counsel, the nature of the lawsuits, similarity with previous lawsuits, complexity and positioning of the courts, whenever the loss is deemed probable, it requires a probable outflow of funds to settle the obligation and when the amount can be reliably measured;
- Contingent Liabilities: according to CPC 25, the term “contingent” is used for liabilities that are not recognized because their existence will only be confirmed by the occurrence of one or more uncertain future events beyond Management’s control. Contingent liabilities do not meet the criteria for recognition because they are considered possible losses and should only be disclosed in the notes when relevant. Obligations deemed remote are not recorded as a provision nor are they disclosed; and
- Legal Obligations – Provision for Tax Risks: results from judicial proceedings, which contest the applicability of tax laws on the grounds of legality or constitutionality, which, regardless of the assessment of the probability of success, are fully provided for in the financial statements.

Details on lawsuits, as well as segregation and changes in amounts recorded by type, are presented in Note 17.

q) Other assets and liabilities

Assets are stated at their realizable amounts, including, when applicable, related income and inflation and exchange variations (on a daily prorated basis), less provision for losses, when deemed appropriate. Liabilities include known or measurable amounts, including related charges and inflation and exchange variations (on a daily prorated basis).

r) Subsequent events

These refer to events occurring between the reporting date and the date the financial statements are authorized to be issued.

They comprise the following:

- Events resulting in adjustments: events relating to conditions already existing at the end of the reporting period; and

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

- (1) Consistent with the criteria in Bacen Circular Letter No. 3,068/01 and due to the characteristics of the securities, we are classifying the derivative financial instruments, except those considered as cash flow hedges in the category Trading Securities;
- (2) These refer to investment fund and managed portfolio resources invested in purchase contracts with a commitment to re-sell with Bradesco, whose owners are consolidated subsidiaries, included in the consolidated financial statements of the Prudential Conglomerate;
- (3) In compliance with Article 8 of Bacen Circular Letter No. 3,068/01, Bradesco declares that it has the financial capacity and intention to maintain held-to-maturity securities until their maturity dates. The mark-to-market of securities, which were transferred from the category "Securities Available for Sale" to the category of "Securities Held to Maturity", in June 2015 and in December 2013, was maintained in the shareholders' equity and will be recognized in the results for the remaining term of these securities, according to Bacen Circular No. 3,068/01;
- (4) The number of days to maturity was based on the contractual maturity of the instruments, regardless of their accounting classification;
- (5) The fair value of securities is determined based on the market price available at the end of the reporting period. If no market price quotation is available at the end of the reporting period, amounts are estimated based on the prices quoted by dealers, pricing models, quotation models or price quotations for instruments with similar characteristics. For investment funds, the original amortized cost reflects the fair value of the respective quotas;
- (6) Includes hedge for protection of assets and liabilities, denominated in or indexed to foreign currency, primarily, arising from foreign investments, eliminating the effects of exchange variation of these assets and liabilities. For a better analysis of these items, consider the net exposure (Note 6d II); and
- (7) In the first semester of 2016, there was constitution of provision for impairment losses in the amount of R\$108,294 thousand, related to the heading "Variable Income Securities" (first semester of 2015 there was no constitution of provision for impairment losses).

d) Derivative financial instruments

Bradesco carries out transactions involving derivative financial instruments, which are recorded in the statement of financial position or in off-balance-sheet accounts, to meet its own needs in managing its global exposure, as well as to meet its customer's requests, in order to manage their exposure. These operations involve a range of derivatives, including interest rate swaps, currency swaps, futures and

options, Bradesco's risk management policy is based on the utilization of derivative financial instruments mainly to mitigate the risks from operations carried out by the Bank and its subsidiaries.

Securities classified as trading and available-for-sale, as well as derivative financial instruments, are recognized in the consolidated statement of financial position at their fair market value. Fair market value is generally based on quoted market prices or quotations for assets or liabilities with similar characteristics. Should market prices not be available, fair market values are based on dealer quotations, pricing models, discounted cash flows or similar techniques for which the determination of fair market value may require judgment or significant estimates by Management.

Quoted market prices are used to determine the fair market value of derivative financial instruments. The fair market value of swaps is determined by using discounted cash flow modeling techniques that use yield curves, reflecting adequate risk factors. The information to build yield curves is mainly obtained from the Securities, Commodities and Futures Exchange (BM&FBOVESPA) and the domestic and international secondary market. These yield curves are used to determine the fair market value of currency swaps, interest rate and other risk factor swaps.

The fair market value of forward and futures contracts is also determined based on market price quotations for derivatives traded at the exchange or using methodologies similar to those outlined for swaps. The fair market values of credit derivative instruments are determined based on market price quotations or from specialized entities. The fair market value of options is determined based on mathematical models, such as Black & Scholes, using yield curves, implied volatilities and the fair market value of corresponding assets. Current market prices are used to calculate volatility.

Derivative financial instruments in Brazil mainly refer to swaps and futures and are registered at the OTC Clearing House (Cetip) and BM&FBOVESPA.

Operations involving forward contracts of interest rates, indexes and currencies are contracted by Management to hedge Bradesco's overall exposures and to meet customer needs.

Foreign derivative financial instruments refer to swap, forward, options, credit and futures operations and are mainly carried out at the stock exchanges in Chicago and New York, as well as the over-the-counter (OTC) markets.

17) PROVISIONS, CONTINGENT ASSETS AND LIABILITIES AND LEGAL LIABILITIES – TAX AND SOCIAL SECURITY**a) Contingent assets**

Contingent assets are not recognized in the financial statements. However, there are ongoing proceedings where the chance of success is considered probable, such as: a) Social Integration Program (PIS), claiming to offset PIS against Gross Operating Income, paid under Decree-Laws No. 2,445/88 and No. 2,449/88, regarding the payment that exceeded the amount due under Supplementary Law No. 07/70 (PIS Repique); and b) other taxes, the legality and/or constitutionality of which is being challenged, where the decision may lead to reimbursement of amounts paid.

b) Provisions classified as probable losses and legal obligations – tax and social security

Organização is a party to a number of labor, civil and tax lawsuits, arising from the normal course of business.

Management recorded provisions where based on their opinion and that of their legal counsel, the nature of the lawsuit, similarity to previous lawsuits, complexity and the courts standing, the loss is deemed probable.

Management considers that the provision is sufficient to cover the future losses generated by the respective lawsuits,

Provisions related to legal obligations are maintained until the conclusion of the lawsuit, represented by judicial decisions with no further appeals or due to the statute of limitation.

I - Labor claims

These are claims brought by former employees and outsourced employees seeking indemnifications, most significantly for unpaid “overtime”, pursuant to Article 224 of the Consolidation of Labor Laws (CLT), In proceedings in which a judicial deposit is used to guarantee the execution of the judgment, the labor provision is made considering the estimated loss of these deposits, For proceedings with similar characteristics and not judged, the provision is recorded based on the average calculated value of payments made for labor complaints settled in the past 12 months; and for proceedings originating from acquired banks, with unique characteristics, the calculation and assessment of the required balance is conducted periodically, based on the updated recent loss history.

June 2016

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

Overtime is monitored by using electronic time cards and paid regularly during the employment contract and, accordingly, the claims filed by former employees do not represent significant amounts.

II - Civil claims

These are claims for pain and suffering and property damages, mainly relating to protests, returned checks, the inclusion of information about debtors in the credit restriction registry and the replacement of inflation adjustments excluded as a result of government economic plans. These lawsuits are individually controlled using a computer-based system and provisioned whenever the loss is deemed as probable, considering the opinion of Management and their legal counsel, the nature of the lawsuits, similarity with previous lawsuits, complexity and positioning of the courts.

Most of these lawsuits are brought to the Special Civil Court (JEC), in which the claims are limited to 40 times the minimum wage and do not have a significant impact on Organização financial position.

There are a significant number of legal claims pleading alleged differences in adjustment for inflation on savings account balances due to the implementation of economic plans that were part of the federal government's economic policy to reduce inflation in the '80s and '90s.

Although Bradesco complied with the law and regulation in force at the time, these lawsuits have been recorded in provisions, taking into consideration the claims where the Bank is the defendant and the perspective of loss, which is considered after the analysis of each demand, based on the current decision of the Superior Court of Justice (STJ).

Note that, regarding disputes relating to economic plans, the Federal Supreme Court (STF) suspended the prosecution of all lawsuits at the cognizance stage, until the Court issues a final decision on the right under litigation.

III - Legal obligations – provision for tax risks

The Organização is disputing the legality and constitutionality of certain taxes and contributions in court, for which provisions have been recorded in full, although there is a good chance of a favorable outcome, based on the opinion of Management and their legal counsel. The processing of these legal obligations and the provisions for cases for which the risk of loss is deemed as probable is regularly monitored in the legal court. During or after the conclusion of each case, a favorable outcome may arise for the Organization, resulting in the reversal of the related provisions.

The main cases are:

- PIS and Cofins – R\$2,190,030 thousand (R\$1,991,639 thousand in 2015): a request for authorization to calculate and pay PIS and Cofins based on effective billing, as set forth in Article 2 of Supplementary Law No. 70/91, removing from the calculation base the unconstitutional inclusion of other revenues other than those billed;
- IRPJ/CSLL on losses of credits – R\$1,754,261 thousand (R\$2,108,335 thousand in 2015): we are requesting to deduct from income tax and social contributions payable (IRPJ and CSLL, respectively) amounts of actual and definite loan losses related to unconditional discounts granted during collections, regardless of compliance with the terms and conditions provided for in Articles 9 to 14 of Law No. 9,430/96 that only apply to temporary losses;
- PIS – EC 17/97 - R\$237,874 thousand (R\$229,245 thousand in 2015): for the period from July 1997 to February 1998, request to calculate and pay Pis contributions as established by LC 07/70 (Pis Repique) and not as established by EC 17/97 (Pis on Gross Operating Income).

Bradesco _____

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

- PIS – R\$332,776 thousand (R\$318,984 thousand in 2015): we are requesting the authorization to offset overpaid amounts in 1994 and 1995 as Pis contribution, corresponding to the surplus paid over that calculated on the tax base established in the Constitution, i.e., gross operating income, as defined in the income tax legislation (set out in Article 44 of Law No. 4,506/64), which excludes interest income; and
- Pension Contributions – R\$1,035,025 thousand (R\$954,991 thousand in 2015): official notifications related to the pension contributions on financial contributions in private pension plans, considered by the audit as compensatory sums subject to the incidence of such financial contributions and isolated fine for not withholding tax of the IRRF on the related financial contributions.

(1) Mainly include legal liabilities.

c) Contingent liabilities classified as possible losses

The Organização maintains a system to monitor all administrative and judicial proceedings in which the institution is plaintiff or defendant and, based on the opinion of legal counsel, classifies the lawsuits according to the expectation of loss. Case law trends are periodically analyzed and, if necessary, the related risk is reclassified. In this respect, contingent lawsuits deemed to have a possible risk of loss are not recorded as a liability in the financial statements. The main proceedings in this category are the following: a) leasing companies' Tax on Services of any Nature (ISSQN), total lawsuits correspond to R\$1,993,543 thousand (R\$1,872,384 thousand in 2015) which relates to the municipal tax demands from municipalities other than those in which the company is located and where, under law, tax is collected; b) 2006-2010 income tax and social contribution, relating to goodwill amortization being disallowed on the acquisition of investments, for the amount of R\$1,860,074 thousand (R\$977,141 thousand in 2015); c) IRPJ and CSLL deficiency notice relating to the disallowance of loan loss deductions, for the amount of R\$1,078,527 thousand (R\$1,046,158 thousand in 2015); and d) IRPJ and CSLL deficiency note relating to disallowance of exclusions of revenues from the mark-to-market of securities from 2007 to 2010, and differences in depreciation and operating expenses and income, amounting to R\$949,232 thousand (R\$1,287,426 thousand in 2015).

In the Extraordinary General Meeting of March 10, 2016, the approval was proposed by the Board of Directors to increase the capital stock by R\$8,000,000 thousand, increasing it from R\$43,100,000 thousand to R\$51,100,000 thousand, with a bonus in shares, through the capitalization of part of the balance of the account "Profit Reserves - Statutory Reserve", in compliance with the provisions in Article 169 of Law No. 6,404/76, by issuing 504,872,885 new nominative-book entry shares, with no nominal value, whereby 252,436,456 are common and 252,436,429 are preferred shares, attributed free-of-charge to the shareholders as bonus, to the ratio of 1 new share for every 10 shares of the same type that they own on the base date.

c) Interest on shareholders' equity/dividends

Bradesco's capital remuneration policy aims to distribute interest on shareholders' equity at the maximum amount calculated under current legislation, and this is included, net of Withholding Income Tax, in the calculation for mandatory dividends for the year under the Company's Bylaws.

The Board of Directors' Meeting held on June 22, 2016, approved the Board of Executive Officers' proposal to pay to the shareholders intermediary interest on shareholder's equity for the first semester of 2016, to the value of R\$1,002,000 thousand, of which R\$0.172525087 are per common share and R\$0.189777596 per preferred share, whose payment was made on July 18, 2016.

Interest on shareholders' equity for the first semester of 2016, is calculated as follows:

	R thou
Net income for the period	8,25
(-) Legal reserve	41
Adjusted calculation basis	7,84
Monthly, intermediaries and supplementary interest on shareholders' equity (gross), paid and/or provisioned	2,90
Withholding income tax on interest on shareholders' equity	(435
Interest on own capital (net) accumulated in the first semester of 2016	2,47
Interest on own capital (net)/dividends accumulated in the first semester of 2015	2,60

b) Compensation for Key Management Personnel

Each year, the Annual Shareholders' Meeting approves:

- The annual total amount of Management compensation, set forth at the Board of Directors Meetings, to be paid to board members and members of the Board of Executive Officers, as determined by the Company's Bylaws; and
- The amount allocated to finance Management pension plans, within the Employee and Management pension plan of the Organization.

For 2016, the maximum amount of R\$441,700 thousand was set for Management compensation and R\$248,900 thousand to finance defined contribution pension plans.

The current policy on Management compensation sets forth that 50% of net variable compensation, if any, must be allocated to the acquisition of preferred shares of Banco Bradesco S.A., which vest in three equal, annual and successive installments, the first of which is in the year following the payment date. This procedure complies with CMN Resolution No. 3,921/10, which sets forth a management compensation policy for financial institutions.

a) Capital Management

The Basel Index is part of the set of indicators that are monitored and evaluated in the process of Capital Management, and is intended to measure the sufficiency of capital in relation to the exposure to risks. The table above shows the composition of the Reference Equity and of the Risk Weighted Assets, according to the standards of Bacen. During the period, Bradesco has fulfilled all the minimum regulatory requirements.

31) EMPLOYEE BENEFITS

Bradesco and its subsidiaries sponsor a private defined contribution pension for employees and directors, that allows financial resources to be accumulated by participants throughout their careers by means of employee and employer contributions and invested in an Exclusive Investment Fund (FIE). The Plan is managed by Bradesco Vida e Previdência S.A. and BRAM – Bradesco Asset Management S.A. DTVM is responsible for the financial management of the FIEs funds.

The Supplementary Pension Plan counts on contributions from employees and administrators of Bradesco and its subsidiaries equivalent to at least 4% of the salary by employees and, 5% of the salary, plus the percentage allocated to covers of risk benefits (invalidity and death) by the company. Actuarial obligations of the defined contribution plan are fully covered by the plan assets of the corresponding FIE. In addition to the plan, in 2001, participants who chose to migrate from the defined benefit plan are guaranteed a proportional deferred benefit, corresponding to their accumulated rights in that plan. For the active participants, retirees and pensioners of the defined benefit plan, now closed to new members, in extinction, the present value of the actuarial obligations of the plan is completely secured by collateral assets.

Banco Alvorada S.A. (successor from the spin-off of Banco Baneb S.A.) maintains defined contribution and defined benefit retirement plans, through Fundação Baneb de Seguridade Social - Bases (related to the former employees of Baneb).

Bradesco _____

Notes to the Financial Statements of the Prudential Conglomerate

Banco Bradesco's sponsors both defined benefit and defined contribution retirement plans, through Caixa de Assistência e Aposentadoria dos Funcionários do Banco do Estado do Maranhão (Capof), especially to employees originating from Banco BEM S.A.

Bradesco sponsors a defined benefit plan through Caixa de Previdência Privada Bec - Cabec, exclusively for former employees of Banco do Estado do Ceará S.A., having requested the withdrawal of the sponsorship in March 2016, in course.

Expenses related to contributions, made in the first semester of 2016, totaled R\$244,098 thousand (R\$259,273 thousand in 2015).

In addition to this benefit, Bradesco and its subsidiaries offer other benefits to their employees and administrators, including health insurance, dental care, life and personal accident insurance, and professional training. These expenses, including the aforementioned contributions, totaled R\$1,473,087 thousand in the first semester of 2016 (R\$1,347,174 thousand in 2015).

Notes to the Financial Statements of the Prudential Conglomerate

d) In the first semester of 2016, Bacen changed the value of the deduction allowed on the reserve requirement collection on resources in savings deposits, according to the following table:

Description	Previous Rule	Current Rule
Resources from savings deposits	Deduction of R\$200 million based on the calculation of the Savings Reserve Requirement until June 24, 2016 for Financial Institutions with Reference Assets (PR, in Portuguese), Level I, of less than R\$5 billion.	Extending the deduction of R\$200 million until December 30, 2016 and the deduction changed to R\$100 million from January 2, 2017 to December 29, 2017 for Financial Institutions with Reference Assets (PR), Level I, of less than R\$5 billion.

e) In January 2016, Bradesco signed a non-binding Memorandum of Understanding with Banco do Brasil S.A., Banco Santander (Brasil) S.A., Caixa Econômica Federal and Itaú Unibanco S.A., in order to create a holding company of credit intelligence ("GIC"), which will develop a database with the goal of adding, reconciling and handling database and credit-related information, of individuals and legal entities, which expressly authorize their inclusion in the database, as required by the applicable rules.

f) In July, 2016, Bradesco announced to the market the completion of the acquisition of 100% of the equity of HSBC Bank Brasil S.A. - Banco Múltiplo and HSBC Serviços e Participações Ltda. (together, known as "HSBC Brasil"), was completed and the total amount paid to HSBC Latin America Holdings Limited was of R\$16.0 billion. This value is subject to adjustment post-closing based on the balance sheet of HSBC Brasil (IFRS based).

g) Bradesco is aware of the publication of news about certain North American law firms, who are looking for plaintiffs for a possible class action for damages allegedly suffered by investors, by virtue of an alleged violation of the American law of capital markets. It is worth noting that, until the date of disclosure of these financial statements, it was not possible to neither measure the amounts involved nor indicate whether this case was assessed as a remote, possible and likely risk, since we have not yet been notified officially and we have not had access to the complete proceedings.

h) There were no subsequent events that need to be adjusted or disclosed in the individual financial statements as of June 30, 2016.

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Report of Independent Auditors on the Consolidated Financial Statements of the Prudential Conglomerate

To

The Board of Directors and Management

Banco Bradesco S.A.

Osasco – SP

We have audited the accompanying Prudential Conglomerate consolidated financial statements of Banco Bradesco S.A. ("Bradesco"), which comprise the consolidated statement of financial position of the Prudential Conglomerate as at June 30, 2016, and the respective income statement, statement of changes in equity and cash flow statement for the six-month period then ended, and a summary of significant accounting policies and other explanatory information. These special purpose financial statements have been prepared by Bradesco's management as required by Resolution nº 4,280, dated October 31, 2013, of the National Monetary Council (CMN) and supplementary regulations of the Central Bank of Brazil (BACEN), described in the note nº 2 to the financial statements.

Management's Responsibility for the Financial Statements

Bradesco's Management is responsible for the preparation and fair presentation of these Prudential Conglomerate consolidated financial statements in accordance with the Resolution nº 4,280/13 of CMN, and supplementary regulations of BACEN, which main criteria and accounting practices are described in note nº 2 to the financial statements, and for such internal control as management determines is necessary to enable the preparation of the Prudential Conglomerate consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Prudential Conglomerate consolidated financial statements prepared by Bradesco's Management in accordance with the Resolution nº 4,280/13, of CMN, and supplementary regulations of BACEN, based on our audit in accordance with Brazilian and

International Standards on Auditing, taking into account the NBC TA 800 (ISA 800) - "Special Considerations - Audits of Financial Statements Prepared in Accordance with Special Purpose Frameworks".

Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Prudential Conglomerate consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bradesco's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the Prudential Conglomerate consolidated financial statements of Bradesco referred to above, present fairly, in all material respects, the financial position of Bradesco's Prudential Conglomerate consolidated financial statements as at June 30, 2016, the financial performance of its operations and its cash flows for the six-month period then ended in accordance with the provisions for preparation of the Prudential Conglomerate consolidated financial statements pursuant to the Resolution nº 4,280/13, of CMN, and supplementary regulations of BACEN for the preparation of these consolidated financial statements prepared for special purpose, as described in note nº 2 to the financial statements.

Report of Independent Auditors on the Consolidated Financial Statements of the Prudential Conglomerate

Emphasis

Basis of preparation of the Prudential Conglomerate consolidated financial statements

Without modifying our opinion, we draw attention to note nº 2 to the financial statements that disclose that the Prudential Conglomerate consolidated financial statements of Bradesco were prepared by Bradesco's management to meet the requirements of Resolution nº 4,280/13, of CMN, and supplementary regulations of BACEN. Consequently, our report on these consolidated financial statements has been prepared solely for meeting these specific requirements and thus may not be appropriate for other purposes.

Other Matter

Bradesco has prepared a separate set of financial statements for general purposes for the six-month period ended June 30, 2016, in accordance with accounting practices adopted in Brazil applicable to institutions authorized to operate by the Central Bank of Brazil, on which we issued an unqualified auditor's report on July 27, 2016.
