PRESS RELEASE

Eni announces \$5.83 bn acquisition of Yukos assets. Major first step into Russian upstream market

Lot number 2 includes 100% of OAO Arctic Gas Company, ZAO Urengoil Inc, OAO Neftegaztechnologia, 20% of OAO Gazprom Neft and various minor assets

San Donato Milanese, April 4, 2007 - Eni announces today that EniNeftegaz (60% Eni, 40% Enel S.p.A. ("Enel")) has successfully acquired Lot 2 in the Yukos liquidation procedure for a total price of 151.536 billion rubles (\$5.83 bn).

Lot 2 includes:

100% of OAO Arctic Gas Company

100% of ZAO Urengoil Inc

100% of OAO Neftegaztechnologia

various minor assets that will be sold or liquidated

20% of OAO Gazprom Neft which will be wholly owned by Eni.

These three companies own 5 oil and gas fields and condensate fields and parts of 3 others in the Yamal Nenets (YNAO) region, the world's largest gas producing region. Together they have around 5 bn boe* of oil and gas reserves.

Eni and Enel have offered Gazprom an option to acquire 51% participation interest in these assets within two years. In the event that Gazprom exercises its call option, the assets will be operated through a joint venture between Eni and Gazprom which will have access to Eni's most advanced technologies.

With the aim to develop long-term cooperation with JSC "Gazprom" Eni agreed with the Russian company to develop in the nearest future joint investment projects outside of Russia.

Gazprom Neft (formerly known as Sibneft) is Russia's fifth largest oil company. It produces over 900,000 boe/d, with a refining capacity of 690,000 bpd (all figures include Gazprom Neft's 50% equity share of Slavneft).

This transaction marks Eni's entrance into the Russian upstream market as a major player and is the third largest foreign acquisition to date in Russia's oil and gas sector.

These agreements are an additional step in implementing the Strategic Partnership between Eni and Gazprom signed in November 2006, under which the two companies established an alliance to develop upstream, midstream and downstream energy projects inside and outside of Russia.

Table of Contents

Paolo Scaroni, CEO of Eni, commented: "This transaction is a major step forward in Eni's strategy of securing reserves in the world's leading hydrocarbons producing countries. This project is a good example of Eni's ability to capitalize on its strategic positioning in midstream and downstream gas to support the expansion of its upstream activities. This transaction, which is in the context of a fruitful ongoing relationship between Italy and Russia, underlines the value of our strategic partnership with Gazprom."

PRESS RELEASE

**Eni agrees to acquire Dominion assets in the Gulf of Mexico
for a total amount of US \$ 4,757 million**

*Eni strengthens its presence in the area and
becomes one of the major operators in the GOM.*

San Donato Milanese (Milan), April 30th, 2007 Eni, through its subsidiary Eni Petroleum Co. inc., agrees to acquire the Gulf of Mexico upstream activity of Dominion, one of the major American energy companies, listed on the New York stock exchange.

The transaction includes production, development and exploration assets located in deepwater Gulf of Mexico, in the continental shelf and in Texas and Louisiana state waters as well as the staff based in New Orleans. Around 60% of the overall leases are operated.

The agreed price for the cash transaction is US \$ 4,757 million inclusive of exploration assets for US \$ 680 million. The effective date is July 1st, 2007.

The acquisition will increase Eni's equity production in the Gulf of Mexico from the current 36,000 boepd to more than 110,000 boepd in the second half of 2007 and the 2P equity reserves by 222 million boe, at an implied cost per barrel of US \$ 18.4. In 2007/2010, production from the acquired assets will average more than 75,000 boepd.

Main fields are Devils Tower, Triton and Goldfinger (75% operated) and Front Runner (37.5%) producing fields as well as San Jacinto (53.3% operated), Q (50%), Spiderman (36.7%) and Thunderhawk (25%) developing fields. These fields account for around 70% of total 2P reserves acquired from Dominion.

In addition, Eni will further enhance its portfolio in the Gulf of Mexico thanks to new leases with significant exploration potential.

Table of Contents

The transaction is subject to government approvals, 30-days notice to holders of certain preferential rights to purchase (which apply to less than 5% of 2P reserves), and to other customary conditions precedent. Closing is anticipated on July 2nd, 2007.

The deal is consistent with Eni's strategy of acquiring hydrocarbon reserves and production in key areas, where it can increase materiality and play an important role as operator utilizing Eni skills and technologies in deepwater development.

This acquisition - said Paolo Scaroni, Eni's CEO - is central to our strategy. We grow our production and achieve relevant synergies with Eni's other US activities. Through this transaction we reach the necessary critical mass for our activities in the Gulf of Mexico, and will leverage our technologies and competence in off-shore and deep off-shore. This acquisition of oil assets follows the acquisitions undertaken this year in Congo, Angola, Alaska and Russia and represents a further step in our growth strategy.

Eni has been operating in the United States since 1966 with exploration and development activities and currently holds interests in 242 leases in the Gulf of Mexico and 151 leases in Alaska.

EXTENSION FOR THE THREE YEARS PERIOD 2007-2009 OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS S.P.A. AS INDEPENDENT AUDITORS OF ENI RESOLVED BY THE SHAREHOLDERS MEETING ON MAY 28, 2004

To the Shareholders:

the appointment of PricewaterhouseCoopers S.p.A. ("PWC") as Independent Auditors approved by the shareholders meeting held on May 28, 2004 will expire on the date of the shareholders meeting called to approve Eni S.p.A. Financial Statements at December 31, 2006.

The Board submits to the approval of the Shareholders Meeting the proposal of the Board of Statutory Auditors to extend for the three years period 2007-2009 the appointment of PWC as Independent Auditors. The proposal is attached hereto.

Table of Contents

"To the Shareholders:

the appointment of PricewaterhouseCoopers S.p.A. ("PWC") as Independent Auditors approved by the shareholders meeting held on May 28, 2004 will expire on the date of the shareholders meeting called to approve Eni S.p.A. Financial Statements at December 31, 2006.

The Board of Statutory Auditors (the "Board") intends to opt for the proposal of extending the current appointment of PWC for the three years period 2007-2009 (the "Proposal"), as it satisfies operational motivations and is coherent with the current legislation applicable. The Board, on October 25, 2006, examined the Proposal containing the Audit Plan of the Eni Group companies and consolidated financial statements for the years 2007, 2008 and 2009, in order to express the opinion requested by Article 156 of Legislative Decree issued on February 24, 1998, No. 58. The Board ascertained that the Audit Plan is adequate and complete.

The Proposal:

- aims at satisfying the following operative goals:
 1. to avoid the burdens consequent to the change of the current Independent Auditor, with whom the principles and conditions of implementation in Eni Group of the Sarbanes Oxley Act ("SOA") have been agreed just one year ago;
 2. to continue said implementation in order to take immediately advantage of the activities already done;
 3. to take the opportunity of getting more operational efficiencies from the optimization of Audit and SOA activities;
- is coherent with the current legislation applicable as, pursuant to Article 8, paragraph 7, of Legislative Decree issued on December 29, 2006 No. 303: "the audit activities carried out on the basis of the appointment of the independent auditor in force on the date of effectiveness of this Decree, whose duration, taking in consideration also the related renewals and extensions, if any, is less than nine financial years, may, within the date of the first shareholders meeting called to approve the company's financial statements be extended in order to adequate their duration to the limits set forth in Article 159, paragraph 4".

The Board has ascertained that the independence requirements for PWC are satisfied and that no situation of incompatibility is present; therefore the Board proposes to extend the appointment of PWC as Independent Auditor for the next three years period for the audit of Eni S.p.A. and Eni consolidated Financial Statements, the audit of the regularity of the accounting procedures in the course of the financial year and for the limited review of Eni half-year report. Further, as Eni shares are listed also on the New York Stock Exchange (NYSE), the Board proposes to extend to PWC, for the same period, the execution of the audit activities required by SEC norms regarding the audit of the information on the accounting data released in the U.S.A. ("Form 20-F") and of the accounting adjustments consequent to the application of U.S. GAAP, the issue of the English version of the audit report in compliance with US standards and the audit of the internal control system regarding the consolidated financial statement, according to SOA provisions.

To the Shareholders:

You are invited to approve the proposal of extending the appointment of PricewaterhouseCoopers S.p.A. as Independent Auditor of Eni resolved by the Shareholders Meeting on May 28, 2004 for the three years period 2007-2009 in order to execute the following activities:

- the audit of Eni S.p.A. and Eni consolidated Financial Statements, pursuant to Article 159 of Legislative Decree dated February 24, 1998 No. 58, as amended by the Legislative Decree dated December 29, 2006, No. 303;
- the audit, to be executed in the course of the financial year, of the regularity of the accounting procedures applied and of the correct accounting representation of the business activities, pursuant to Article 155 of Legislative Decree dated February 24, 1998 No. 58;
- the limited review of Eni half-year report, pursuant to Consob Communication No. 97001574 dated February 20, 1997;
- the audit of the accounting data released in the U.S.A. to comply with SEC Regulations ("Form 20-F") and of the accounting adjustments consequent to the application of U.S. GAAP on the financial statement drawn on the basis of then Italian GAAP and the release of the audit report in English set forth in compliance with US standards issued by the PCAOB, as Eni shares are listed also on the NYSE;
- the audit of the internal control system regarding the consolidated financial statement, according to SOA provisions. PWC has informed that it was not able for it to select Eni Group companies to be submitted to said audit activities; they would be selected in the definition of the yearly audit activities plan. Therefore the quotations are referred to Eni S.p.A. and the aggregate of Eni companies to whom SOA provisions shall apply.

The Board of Statutory Auditors of Eni Group listed companies Saipem and Snam Rete Gas have proposed to the respective shareholders meetings the extension of the current appointment of PWC as Independent Auditor; PWC therefore will execute audit activities also for those companies and their subsidiaries; its audit activities, therefore, cover 98% of total assets and revenues of Eni consolidated financial statement.

PWC offer comprises Eni S.p.A. and 207 Eni subsidiaries (Saipem S.p.A., Snam Rete Gas S.p.A. and their subsidiaries excluded). The 2007 total fees amount euro 17 million (217,678 hours) and the 2008 and 2009 the total annual fees amount euro 16 million (201,816 hours). The fees are considered fair in consideration of the market conditions and the peculiarities of Eni Group.

PWC will also execute supplemental audit activities according to the terms and conditions set forth by Document No. 600 of the Italian Audit Principles; therefore it will assume the full responsibility of the audit executed by the minor audit firms appointed by Eni subsidiaries (representing about 2% of total assets and revenues of Eni Group). Consequently, PWC will assume in Eni consolidated financial statements audit report the role and responsibility of Eni Group Sole Independent Auditor.

The fees asked by PricewaterhouseCoopers S.p.A. for the audit activities regarding Eni S.p.A. (audit of Eni S.p.A. and Eni consolidated Financial Statements, limited review of Eni half-year report, accounting adjustments consequent to the application of U.S. GAAP and the execution of other the activities required by SEC norms) and for the audit activities required by SOA provisions totals euro 10,361,650.00 for 2007 and 9,373,650.00 for 2008 and 2009. The tables below set forth a breakdown for each audit activity (values are expressed in euro).

5.2 Shares may not be split up and each share is entitled to one vote.

5.3 The fact of being a Shareholder in itself constitutes approval of these by-laws.

ARTICLE 6

6.1 Pursuant to Article 3 of Law Decree 332 of May 31, 1994, converted with amendments into Law 474 of July 30, 1994, no one, in any capacity, may own company shares that entail a holding of more than 3 per cent of voting share capital.

Such maximum shareholding limit is calculated by taking into account the aggregate shareholding held by the controlling entity, either a physical or legal person or company; its directly or indirectly controlled entities, as well as entities controlled by the same controlling entity; affiliated entities as well as people related to the second degree by blood or marriage, also in the case of a legally separated spouse.

Control exists, with reference also to entities other than companies, in the cases envisaged by Article 2359, paragraphs 1 and 2 of the Civil Code.

Affiliation exists in the case set forth in Article 2359, paragraph 3, of the Civil Code as well as between entities that directly or indirectly, by way of subsidiaries, other than those managing investment funds, are bound, even with third parties, in agreements regarding the exercise of voting rights or the transfer of shares or portions of third companies or, in any event, in agreements or pacts as per Article 122 of Legislative Decree No. 58 of February 24, 1998 regarding third party companies if said agreements or pacts concern at least 10 per cent of the voting capital, if they are listed companies, or 20 per cent if they are unlisted companies.

The aforementioned shareholding limit (3 per cent) is calculated by taking into account shares held by any fiduciary nominee or intermediary. Any voting rights attributable to voting capital held or controlled in excess of the maximum limit indicated in the foregoing cannot be exercised and the voting rights of each entity to whom such limit on shareholding applies are reduced in proportion, unless otherwise jointly provided in advance by the parties involved. In the event that shares exceeding this limit are voted, any Shareholders' resolution adopted pursuant to such a vote may be challenged pursuant to Article 2377 of the Civil Code, if the required majority had not been reached without the votes exceeding the aforementioned maximum limit.

Shares not entitled to vote are included in the determination of the quorum at shareholders' meetings.

6.2 Pursuant to Article 2, paragraph 1, of Law Decree 332 of May 31, 1994, converted with amendments into Law 474 of July 30, 1994, as modified by Article 4, paragraph 227, of Law December 24, 2003 No. 350, the Minister of Economy and Finance retains the following special powers to be exercised in agreement with the Minister of Productive Activities and according to the criteria contained in the Decree issued by the President of the Council of Ministers on June 10, 2004:

a) opposition with respect to the acquisition of material shareholdings by entities affected by the shareholding limit as set forth in Article 3 of Law Decree 332 of May 31, 1994, converted with amendments into Law 474 of July 30, 1994, by which as per Decree issued by the Minister of Treasury on October 16, 1995 are meant those representing at least 3% of share capital with the right to vote at the ordinary shareholders' meeting.

The opposition is expressed within ten days of the date of the notice to be filed by the Board of Directors at the time request is made for registration in the Shareholders' Register if the Minister considers that such an acquisition may prejudice the vital interests of the Italian State. Until the ten-day term is not lapsed, the voting rights and the non-asset

linked rights connected with the shares representing a material shareholding may not be exercised. If the opposition power is exercised, through a duly motivated act in connection with the prejudice that may be caused by the operation to the vital interests of the Italian State, the transferee may not exercise the voting rights and the other non-asset linked rights connected with the shares representing a material shareholding and must sell said shares within one year. Failing to comply, the law court, upon request of the Minister of Economy and Finance, will order the sale of the shares representing a material shareholding according to the procedures set forth in Article 2359-*ter* of the Civil Code. The act through which the opposition power is exercised may be sued by the transferee before the Regional Administrative Court of Latium within sixty days as of its issue;

If the opposition power is exercised through the issue of an act that shall be duly motivated in consideration of the prejudice that may be caused by said pacts or agreements to the vital interests of the Italian State, the shareholders pacts or agreements shall be null and void. If in the shareholders meetings the shareholders who have signed shareholders pacts or agreements behave as if those pacts or agreements disciplined by Article 122 of Legislative Decree No. 58 of February 24, 1998 were still in effect, the resolutions approved with their vote, if determining for the approval, may be sued. The act through which the opposition power is exercised may be sued by the shareholders who joined the above mentioned pacts or agreements before the Regional Administrative Court of Latium within sixty days as of its issue;

c) veto power with respect to resolutions to dissolve the company, to transfer the business, to merge, to demerge, to transfer the company's registered office abroad, to change the company objects and to amend the by-laws cancelling or modifying the powers indicated in this Article. 5.2 Shares may not be split up and each share is entitled to one vote.

5.3 The fact of being a Shareholder in itself constitutes approval of these by-laws.

ARTICLE 6

6.1 Pursuant to Article 3 of Law Decree 332 of May 31, 1994, converted with amendments into Law 474 of July 30, 1994, no one, in any capacity, may own company shares that entail a holding of more than 3 per cent of voting share capital.

Such maximum shareholding limit is calculated by taking into account the aggregate shareholding held by the controlling entity, either a physical or legal person or company; its directly or indirectly controlled entities, as well as entities controlled by the same controlling entity; affiliated entities as well as people related to the second degree by blood or marriage, also in the case of a legally separated spouse.

Control exists, with reference also to entities other than companies, in the cases envisaged by Article 2359, paragraphs 1 and 2 of the Civil Code.

Affiliation exists in the case set forth in Article 2359, paragraph 3, of the Civil Code as well as between entities that directly or indirectly, by way of subsidiaries, other than those managing investment funds, are bound, even with third parties, in agreements regarding the exercise of voting rights or the transfer of shares or portions of third companies or, in any event, in agreements or pacts as per Article 122 of Legislative Decree No. 58 of February 24, 1998 regarding third party companies if said agreements or pacts concern at least 10 per cent of the voting capital, if they are listed companies, or 20 per cent if they are unlisted companies.

The aforementioned shareholding limit (3 per cent) is calculated by taking into account shares held by any fiduciary nominee or intermediary. Any voting rights attributable to voting capital held or controlled in excess of the maximum limit indicated in the foregoing cannot be exercised and the voting rights of each entity to whom such limit on shareholding applies are reduced in proportion, unless otherwise jointly provided in advance by the parties involved. In the event that shares exceeding this limit are voted, any Shareholders' resolution adopted pursuant to such a vote may be challenged pursuant to Article 2377 of the Civil Code, if the required majority had not been reached without the votes exceeding the aforementioned maximum limit.

Shares not entitled to vote are included in the determination of the quorum at shareholders' meetings.

6.2 Pursuant to Article 2, paragraph 1, of Law Decree 332 of May 31, 1994, converted with amendments into Law 474 of July 30, 1994, as modified by Article 4, paragraph 227, of Law December 24, 2003 No. 350, the Minister of Economy and Finance retains the following special powers to be exercised in agreement with the Minister of Productive Activities and according to the criteria contained in the Decree issued by the President of the Council of Ministers on June 10, 2004:

a) opposition with respect to the acquisition of material shareholdings by entities affected by the shareholding limit as set forth in Article 3 of Law Decree 332 of May 31, 1994, converted with amendments into Law 474 of July 30, 1994, by which as per Decree issued by the Minister of Treasury on October 16, 1995 are meant those representing at least 3% of share capital with the right to vote at the ordinary shareholders' meeting.

The opposition is expressed within ten days of the date of the notice to be filed by the Board of Directors at the time request is made for registration in the Shareholders' Register if the Minister considers that such an acquisition may prejudice the vital interests of the Italian State. Until the ten-day term is not lapsed, the voting rights and the non-asset

linked rights connected with the shares representing a material shareholding may not be exercised. If the opposition power is exercised, through a duly motivated act in connection with the prejudice that may be caused by the operation to the vital interests of the Italian State, the transferee may not exercise the voting rights and the other non-asset linked rights connected with the shares representing a material shareholding and must sell said shares within one year. Failing to comply, the law court, upon request of the Minister of Economy and Finance, will order the sale of the shares representing a material shareholding according to the procedures set forth in Article 2359-*ter* of the Civil Code. The act through which the opposition power is exercised may be sued by the transferee before the Regional Administrative Court of Latium within sixty days as of its issue;

In order to allow the exercise of the above mentioned opposition power, Consob notifies the Minister of Economy and Finance of the relevant pacts or agreements communicated to it pursuant to the aforementioned Article 122 of Legislative Decree No. 58 of February 24, 1998. Until the ten-day term is not lapsed, the voting right and the other non-asset linked rights connected with the shares held by the shareholders who have subscribed the above mentioned pacts or agreements may not be exercised. If the opposition power is exercised through the issue of an act that shall be duly motivated in consideration of the prejudice that may be caused by said pacts or agreements to the vital interests of the Italian State, the shareholders pacts or agreements shall be null and void. If in the shareholders meetings the shareholders who have signed shareholders pacts or agreements behave as if those pacts or agreements disciplined by Article 122 of Legislative Decree No. 58 of February 24, 1998 were still in effect, the resolutions approved with their vote, if determining for the approval, may be sued. The act through which the opposition power is exercised may be sued by the shareholders who joined the above mentioned pacts or agreements before the Regional Administrative Court of Latium within sixty days as of its issue;

d) appointment of one Board member with no voting rights. Should such appointed Director lapse, the Minister of Economy and Finance in agreement with the Minister of Productive Activities will appoint his substitute.

Part V - The Board of Directors

ARTICLE 17

17.1 The company is managed by a Board of Directors consisting of no fewer than three and no more than nine members. The shareholders' meeting determines the number within these limits. The Minister of Economy and Finance in agreement with the Minister of Productive Activities may appoint another member, with no voting rights, pursuant to Article 6, second paragraph, letter d), of the by-laws.

17.2 The Board of Directors is appointed for a period of up to three financial years; this term lapses on the date of the shareholders' meeting convened to approve the financial statements of the last year of their office. They may be reappointed.

17.3 The Board members, except for the one appointed pursuant to Article 6.2, letter d) of these by-laws, are appointed by the shareholders' meeting on the basis of lists presented by Shareholders and by the Board of Directors; in such lists the candidates must be listed in numerical order. Should the retiring Board of Directors present its own candidate list, it must be deposited at the company's registered office and published in at least three Italian newspapers of general circulation, two of them business dailies, at least twenty days before the date set for the first call of the shareholders' meeting. Candidate lists presented by Shareholders must be deposited at the company registered office and published as indicated in the foregoing at least ten days before the date set for the first call of the shareholders' meeting.

Each Shareholder may present or take part in the presenting of only one candidate list and each candidate may appear in one list only or he will be ineligible. Companies that are controlling entities or are under common control, as defined by Article 2359, first paragraph, of the Civil Code, by the same entity of the company presenting a list shall not present nor take part in the presentation of another candidate list. Each candidate may appear in one list only or he will be ineligible. In order to demonstrate the title on the number of shares necessary to present candidate lists, the Shareholders must present and/or deliver to the company registered office a copy of the certification issued by the authorised financial intermediaries that are depositaries of their shares at least five days prior to the date set for the first call of the shareholders' meeting.

Together with each list, within the aforementioned time limits, statements must be presented in which each candidate accepts his nomination and attests, in his own responsibility, that causes for his ineligibility and incompatibility are non existing and that he possesses the requirements, honorability and independence requirements required by the norms in force for the Statutory Auditors included.

At least one Board member, if the Board members are no more than five, or at least three Board members if they are more than five, shall have the independence requirement. The independent Board members take part, according to the provisions set by the Board and by the Corporate Governance Codes issued by the companies that manage stock markets to which the Company adheres, to the Board Committees that the Board of Directors may establish. Said Board Committees shall have advisory and consulting tasks on specific items.

The Board of Directors evaluates periodically the independence and the honorability of its members. If these requirements are not present or elapse and, if the minimum number of independent Board members set by these by-laws is not met, the Board of Directors removes the Board member without the independence requirement and resolves upon his substitution.

Each person entitled to vote may vote for a candidate list only.

Board members will be elected in the following manner:

- a) seven tenths of the members to be elected will be drawn out from the candidate list that receives the majority of votes expressed by the Shareholders in the numerical order in which they appear on the list, rounded off in the event of a fractional number to the next lower number;
- b) the remaining Board members will be drawn out from the other candidate lists; to this purpose the votes obtained by each candidate list will be divided by one or two depending on the number of the members to be elected. The quotients thus obtained will be assigned progressively to candidates of each said list in the order given in the lists themselves. Quotients thus assigned to candidates of said lists will be set in one decreasing numerical order. Those who obtain the highest quotients will be elected.

In the event that more than one candidate obtains the same quotient, the candidate elected will be the one of the list that has not hitherto had a Board member elected or that has elected the least number of Board members.

In the event that none of the lists has yet elected a Board member or that all of them have elected the same number of Board members, the candidate from all such lists who has obtained the largest number of votes will be elected.

In the event of equal list votes and equal quotient, a new vote will be taken by the entire shareholders' meeting and the candidate elected will be the one who obtains a simple majority of the votes;

- c) to appoint Board members for any reason not covered by the terms of the aforementioned procedure, the shareholders' meeting will make a resolution with the majorities prescribed by the law.

5.3 The fact of being a Shareholder in itself constitutes approval of these by-laws.

ARTICLE 6

6.1 Pursuant to Article 3 of Law Decree 332 of May 31, 1994, converted with amendments into Law 474 of July 30, 1994, no one, in any capacity, may own company shares that entail a holding of more than 3 per cent of voting share capital.

Such maximum shareholding limit is calculated by taking into account the aggregate shareholding held by the controlling entity, either a physical or legal person or company; its directly or indirectly controlled entities, as well as entities controlled by the same controlling entity; affiliated entities as well as people related to the second degree by blood or marriage, also in the case of a legally separated spouse.

Any voting rights attributable to voting capital held or controlled in excess of the maximum limit indicated in the foregoing cannot be exercised and the voting rights of each entity to whom such limit on shareholding applies are reduced in proportion, unless otherwise jointly provided in advance by the parties involved. In the event that shares exceeding this limit are voted, any Shareholders' resolution adopted pursuant to such a vote may be challenged pursuant to Article 2377 of the Civil Code, if the required majority had not been reached without the votes exceeding the aforementioned maximum limit.

Shares not entitled to vote are included in the determination of the quorum at shareholders' meetings.

6.2 Pursuant to Article 2, paragraph 1, of Law Decree 332 of May 31, 1994, converted with amendments into Law 474 of July 30, 1994, as modified by Article 4, paragraph 227, of Law December 24, 2003 No. 350, the Minister of Economy and Finance retains the following special powers to be exercised in agreement with the Minister of Productive Activities and according to the criteria contained in the Decree issued by the President of the Council of Ministers on June 10, 2004:

The opposition is expressed within ten days of the date of the notice to be filed by the Board of Directors at the time request is made for registration in the Shareholders' Register if the Minister considers that such an acquisition may prejudice the vital interests of the Italian State. Until the ten-day term is not lapsed, the voting rights and the non-asset

linked rights connected with the shares representing a material shareholding may not be exercised. If the opposition power is exercised, through a duly motivated act in connection with the prejudice that may be caused by the operation to the vital interests of the Italian State, the transferee may not exercise the voting rights and the other non-asset linked rights connected with the shares representing a material shareholding and must sell said shares within one year. Failing to comply, the law court, upon request of the Minister of Economy and Finance, will order the sale of the shares representing a material shareholding according to the procedures set forth in Article 2359-*ter* of the Civil Code. If in the shareholders meetings the shareholders who have signed shareholders pacts or agreements behave as if those pacts or agreements disciplined by Article 122 of Legislative Decree No. 58 of February 24, 1998 were still in effect, the resolutions approved with their vote, if determining for the approval, may be sued.
