Item 1.01. Entry into a Material Definitive Agreement.

On December 27, 2018, Enstar Group Limited (the "Company") as borrower and certain of its subsidiaries as guarantors entered into a three-year unsecured \$500 million term loan credit agreement (the "Credit Agreement") with the lenders party thereto (the "Lenders") and Wells Fargo Bank, National Association as administrative agent. Wells Fargo Securities, LLC, National Australia Bank Limited ("NAB") and SunTrust Robinson Humphrey, Inc. acted as joint lead arrangers and joint bookrunners, and NAB and SunTrust Bank acted as co-syndication agents.

The Credit Agreement provides for a three-year unsecured \$500 million term loan facility (the "Facility"), pursuant to which the Company borrowed the full \$500 million in a single draw on December 27, 2018. The proceeds of the Facility may be used for general corporate purposes, including the funding of permitted acquisitions and investments. Pursuant to the Credit Agreement, the Company may increase the principal amount of the Facility up to \$150 million in the aggregate from the existing Lenders or additional lenders, subject to the terms of the agreement.

Term loans under the Facility bear interest at a rate based on the Company's long term senior unsecured debt ratings. The Credit Agreement imposes various financial and business covenants on the Company and its subsidiaries, including certain limitations on mergers and consolidations, acquisitions, indebtedness and guarantees, restrictions as to dispositions of stock and assets, and limitations on liens.

During the existence of any event of default (as defined in the Credit Agreement), the administrative agent may, and at the request of the required Lenders shall, declare all or a portion of outstanding amounts immediately due and payable. At the request of the required Lenders during any event of default, term loans under the Facility would bear interest at the applicable interest rate plus 2.0%. Further, upon the occurrence of certain events of default, outstanding amounts automatically become immediately due and payable and term loans under the Facility automatically bear interest at the applicable interest rate plus 2.0%. The Facility terminates and all amounts borrowed must be repaid on December 27, 2021, the third anniversary of the entry into the Facility.

Certain of the Lenders and other parties to the Credit Agreement, and their affiliates, have in the past provided, and may in the future provide, investment banking, underwriting, lending, commercial banking and other advisory services to the Company and its subsidiaries. Such Lenders and other parties have received, and may in the future receive, customary compensation from the Company and its subsidiaries for such services.

The foregoing description of the Credit Agreement is qualified by reference to the full text of the Credit Agreement filed as Exhibit 10.1 to this Current Report on Form 8-K, which is incorporated herein by reference.

Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The provisions of Item 1.01 of this Current Report on Form 8-K are incorporated by reference into this Item 2.03.

Item 8.01. Other Items.

On December 27, 2018, the Company completed a previously announced transaction in which its wholly-owned subsidiary, Enstar Holdings (US) LLC acquired all of the shares of Maiden Reinsurance North America, Inc. from Maiden Holdings North America, Ltd. As previously disclosed, the transaction included novation and retrocession agreements pursuant to which the Company's subsidiary, Cavello Bay Reinsurance Limited, assumed certain Maiden Reinsurance Ltd. business in exchange for a ceding commission.

The net consideration paid in the transactions was \$272.4 million, which represents the adjusted purchase price less the ceding commission and was financed using proceeds from the Facility. At closing, the Company assumed approximately \$1.3 billion of net loss and loss adjustment expense reserves and unearned premium reserves.
