NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1. Nature of Operations and Summary of Significant Accounting Policies

Basis of presentation

These interim consolidated financial statements include the accounts of OneBeacon Insurance Group, Ltd. (the "Company" or the "Registrant") and its subsidiaries (collectively, "OneBeacon") and have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The Company is an exempted Bermuda limited liability company. The OneBeacon U.S.-based operating companies are property and casualty insurance writers, most of which historically have operated in a multi-company pool or have participated in 100% quota share reinsurance agreements. OneBeacon formed an indirect wholly-owned subsidiary in 2013, Split Rock Insurance, Ltd. ("Split Rock"), a Bermuda-based reinsurance company, which reinsures certain risks of affiliated entities. OneBeacon offers a wide range of specialty insurance products and services primarily through independent agencies, regional and national brokers, wholesalers and managing general agencies.

OneBeacon was acquired by White Mountains Insurance Group, Ltd. ("White Mountains") from Aviva plc ("Aviva") in 2001 (the "OneBeacon Acquisition"). White Mountains is a holding company whose businesses provide property and casualty insurance, reinsurance and certain other products. As of September 30, 2014, White Mountains owned 75.3% of the Company's common shares. Within this report, the term "OneBeacon" is used to refer to one or more entities within the consolidated organization, as the context requires. The Company's headquarters are located at 14 Wesley Street, 5th Floor, Hamilton HM 11, Bermuda. The Company's U.S. corporate headquarters are located at 601 Carlson Parkway, Minnetonka, Minnesota 55305 and its registered office is located at Clarendon House, 2 Church Street, Hamilton HM 11, Bermuda.

In October 2012, one of OneBeacon's indirect wholly-owned subsidiaries, OneBeacon Insurance Group LLC ("OneBeacon LLC"), entered into a definitive agreement (as amended, the "Stock Purchase Agreement") with Trebuchet US Holdings, Inc. ("Trebuchet"), a wholly-owned subsidiary of Armour Group Holdings Limited (together with Trebuchet, "Armour"), to sell its run-off business. See Note 2—"Acquisitions and Dispositions" and Note 15—"Discontinued Operations." OneBeacon's run-off business includes the results of OneBeacon's remaining non-specialty commercial lines business and certain other run-off business, including the vast majority of asbestos and environmental reserves, as well as certain purchase accounting adjustments related to the run-off business and the OneBeacon Acquisition (the "Runoff Business," the sale of which is referred to as the "Runoff Transaction"). The assets and liabilities associated with the Runoff Business as of September 30, 2014 and December 31, 2013, have been presented in the balance sheet as held for sale assuming the investing and financing steps required to effect the sale were completed as of the current balance sheet date. The Runoff Business has been presented as discontinued operations in the consolidated statements of operations and cash flows. The Runoff Business disposal group excludes investing and financing activities from amounts classified as discontinued operations. OneBeacon's investing and financing operations are conducted on an overall consolidated level and, accordingly, there are no separately identifiable investing or financing cash flows associated with the Runoff Business. Pursuant to the terms of the Stock Purchase Agreement, the legal entities included in the sale and expected to be transferred to Armour will hold an agreed upon level of invested assets and capital at closing.

In anticipation of the Runoff Transaction, and as a means to separate the Runoff Business from the ongoing specialty business, OneBeacon sought and received various regulatory approvals to terminate, enter into or amend various intercompany reinsurance agreements which took effect on October 1, 2012.

OneBeacon's reportable segments are Specialty Products, Specialty Industries, and Investing, Financing and Corporate. The Specialty Products segment is comprised of eight underwriting operating segments, including a new Crop underwriting operating segment, as well as the Collector Cars and Boats underwriting operating segment that was exited in 2013, representing an aggregation based on those that offer distinct products and tailored coverages and services to a broad customer base across the United States. During 2013, the Company received approval to provide Multiple Peril Crop Insurance ("MPCI") through the federal crop insurance program administered by the U.S. Department of Agriculture's Risk Management Agency ("RMA"). The Company has entered into an exclusive agreement with a managing general agency, Climate Crop Insurance Agency LLC ("The Climate Corporation"), to

provide coverages through the federal program and other supplemental coverages, including crop-hail. MPCCI net written premiums are estimated based on processed applications, which are typically received around the sales closing date, with necessary adjustments made as the Company receives acreage reports from the policyholders. Premiums written on this business are recognized as revenues and are earned ratably over the period of risk commencing with the sales closing date, which approximates the inception of the planting season, and ending with the estimated crop harvest date. The Company began writing crop business in the fourth quarter of 2013.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

NOTE 1. Nature of Operations and Summary of Significant Accounting Policies

The Specialty Industries segment is comprised of six underwriting operating segments, including the Energy underwriting operating segment that was exited in 2013, representing an aggregation based on those that focus on solving the unique needs of a particular customer or industry group.

The Investing, Financing and Corporate segment includes the investing and financing activities for OneBeacon on a consolidated basis, and certain other activities conducted through the Company and its intermediate subsidiaries. All significant intercompany transactions have been eliminated in consolidation. These interim financial statements include all adjustments, consisting of a normal recurring nature, considered necessary by management to fairly state the financial position, results of operations and cash flows of OneBeacon. These interim financial statements may not be indicative of financial results for the full year and should be read in conjunction with the Company's 2013 Annual Report on Form 10-K. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities as of the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Refer to the Company's 2013 Annual Report on Form 10-K for a complete discussion regarding OneBeacon's significant accounting policies. Certain amounts in the prior period financial statements have been reclassified to conform to the current presentation.

Recently Adopted Changes in Accounting Principles

Unrecognized Tax Benefits

Effective January 1, 2014, OneBeacon prospectively adopted ASU 2013-11, Presentation of an Unrecognized Tax Benefit When a Net Operating Loss Carryforward, a Similar Tax Loss, or a Tax Credit Carryforward Exists (ASC 740). The new ASU requires balance sheet presentation of an unrecognized tax benefit as a reduction of a deferred tax asset for a net operating loss ("NOL") carryforward or tax credit carryforward rather than as a liability. The exception is in circumstances where a carryforward is not available to settle the additional taxes that might arise upon disallowance of the tax position under the tax law of the applicable jurisdiction. Prior to the issuance of ASU 2013-11, the guidance for unrecognized tax benefits under ASC 740 did not provide explicit guidance on whether an entity should present an unrecognized tax benefit as a liability or as a reduction of NOL carryforwards or other tax credits. In circumstances where an NOL carryforward is not available to offset settlement of any additional taxes arising from a disallowed tax position, the unrecognized tax benefit should be presented as a liability. This adoption did not have any impact on the Company's financial statements.

Recently Issued Accounting Pronouncements

Qualified Affordable Housing Projects

In January 2014 the FASB issued ASU 2014-01, Accounting for Investments in Qualified Affordable Housing Projects ("QAHP"), which permits companies to make an accounting policy election to account for investments in a QAHP using the proportional amortization method, if certain conditions are met. Under this method, the initial cost of the investment is amortized in proportion to the tax credits and other tax benefits received, with the net investment performance recognized in the income statement as a component of income tax expense. The new guidance also requires certain new disclosures for all QAHP investments. ASU 2014-01 is effective for annual and interim reporting periods beginning after December 15, 2014 and may be applied retrospectively to all periods presented upon adoption. The Company currently holds an investment in a QAHP that is accounted for under the equity method and does not expect the adoption to have a material impact on its financial position, results of operations, or cash flows.

Reporting Discontinued Operations and Disclosures of Disposals of Components of an Entity

In April 2014, the FASB issued ASU 2014-08, Reporting Discontinued Operations and Disclosures of Disposals of Components of an Entity, to reduce diversity in practice for reporting discontinued operations. Under the previous guidance, any component of an entity that was a reportable segment, an operating segment, a reporting unit, a subsidiary, or an asset group was eligible for discontinued operations presentation. The revised guidance only allows disposals of components of an entity that represent a strategic shift (e.g., disposal of a major geographical area, a major line of business, a major equity method investment, or other major parts of an entity) and that have a major

effect on a reporting entity's operations and financial results to be reported as discontinued operations. The revised guidance also requires expanded disclosure in the financial statements for discontinued operations as well as for disposals of significant components of an entity that do not qualify for discontinued operations presentation. The updated guidance is effective for transactions entered into after December 15, 2014.

NOTE 1. Nature of Operations and Summary of Significant Accounting Policies

Revenue from Contracts with Customers

In May 2014, the FASB issued ASU 2014-09, Revenue from Contracts with Customers (ASC 606) which modifies the guidance for revenue recognition. The scope of the new ASU excludes insurance contracts but is applicable to certain fee arrangements, such as investment management fees. The Company is in the process of evaluating the new guidance and has not yet determined the potential effect of adoption on its financial position, results of operations, or cash flows. ASU 2014-09 is effective for annual and interim reporting periods beginning after December 15, 2016.

Share-Based Compensation Awards

In June 2014, the FASB issued ASU 2014-12, Share-Based Payments When the Terms of an Award Provide That a Performance Target Could Be Achieved after the Requisite Service Period. The new guidance is intended to eliminate diversity in practice for employee share-based awards containing performance targets that could be achieved after the requisite service period. Some reporting entities account for performance targets that can be achieved after the requisite service period as performance conditions that affect the vesting of the award while other reporting entities treat those performance targets as nonvesting conditions that affect the grant-date fair value of the award. The updated guidance requires that a performance target that affects vesting and that can be achieved after the requisite service period be treated as a performance condition. Compensation cost should be recognized in the period in which it becomes probable that the performance target will be achieved and should represent the compensation cost attributable to the periods for which service has been rendered. The Company is in the process of evaluating the new guidance and has not yet determined the potential effect of adoption on its financial position, results of operations, or cash flows. The new guidance is effective for annual and interim reporting periods beginning after December 15, 2015.

NOTE 2. Acquisitions and Dispositions

Runoff Business

As described in Note 1, in October 2012, OneBeacon entered into the Stock Purchase Agreement with respect to the sale of its Runoff Business to Armour. Pursuant to the terms of the Stock Purchase Agreement, at closing, OneBeacon will transfer to Armour all of the issued and outstanding shares of common stock of certain legal entities that will contain the assets, liabilities (including gross and ceded loss reserves) and capital supporting the business as well as certain elements of the Runoff Business infrastructure, including staff and office space. As disclosed in the Form 8-K filed by the Company on June 23, 2014, the Company amended the Stock Purchase Agreement during the second quarter of 2014, primarily to increase the cap on seller financing by \$6.7 million to \$80.9 million, as well as to extend the termination date to December 31, 2014. Consistent with the proposed closing balance sheet, pro forma as of June 30, 2014, the Company expects to provide seller financing at closing in the form of surplus notes with an estimated par value of \$80.9 million. The loss on sale of the Runoff Business is currently estimated at \$80.5 million.

The Runoff Transaction is subject to various closing conditions, primarily the receipt of regulatory approvals. The Pennsylvania Insurance Department is currently conducting its regulatory review of the Runoff Transaction, which included a public hearing on July 23, 2014. Subsequent to the public hearing, the Pennsylvania Insurance Department re-opened the public comment period, which expired on October 17, 2014. The regulatory review process has included a third party actuarial review of the Runoff Business loss and LAE reserves, completed in September 2013, and, subsequently, an independent stochastic modeling of the future cash flows of the Runoff Business, which was completed in June 2014. The Company expects the Runoff Transaction to close in the fourth quarter of 2014.

At closing, Armour and/or OneBeacon Insurance Company ("OBIC") and certain legal entities within the ongoing OneBeacon structure will enter into various ancillary agreements, including the amendment of existing reinsurance agreements and administrative services agreements, to support the separation of the Runoff Business and subsequent transfer to Armour. Also as part of the Runoff Transaction, at closing, OneBeacon and Armour will enter into a Transition Services Agreement ("TSA"), pursuant to which OneBeacon will provide certain transition services to Armour during the term of the TSA, which has an initial term of one year. OneBeacon has concluded that continuing involvement after the closing of the transaction is insignificant relative to the business being sold.

As described in Note 1, the Runoff Business is presented as held for sale as of September 30, 2014 and December 31, 2013, and as discontinued operations for the three and nine months ended September 30, 2014 and 2013. See Note 15—"Discontinued Operations" for further information regarding balances classified as held for sale and activity reported as discontinued operations.

NOTE 2. Acquisitions and Dispositions

Essentia Insurance Company

Effective January 1, 2013, OneBeacon completed the sale of Essentia Insurance Company ("Essentia"), an indirect wholly-owned subsidiary which wrote the collector cars and boats business, to Markel Corporation. Concurrently, OneBeacon and Hagerty Insurance Agency ("Hagerty") terminated their underwriting arrangement with respect to the collector cars and boats business. OneBeacon recognized a pre-tax gain on sale of \$23.0 million (\$15.0 million after tax) in the first quarter of 2013. The Company had negligible earned premiums for the three and nine months ended September 30, 2014 and earned premiums of \$15.8 million and \$85.2 million for the three and nine months ended September 30, 2013, respectively, related to the Collector Cars and Boats underwriting operating segment.

Loss and LAE development - Ongoing Business

Loss and LAE development—2014

During the three months and nine months ended September 30, 2014, OneBeacon experienced \$7.3 million and \$14.3 million, respectively, of net unfavorable loss and LAE reserve development on prior accident year reserves. Net unfavorable loss and LAE reserve development during the three months ended September 30, 2014 was primarily attributable to the professional liability, management liability, and financial services businesses included in the Professional Insurance underwriting operating segment, the Accident underwriting operating segment, and the inland marine business in the International Marine Underwriters ("IMU") underwriting operating segment. This unfavorable development during the three months ended September 30, 2014 was partially offset by favorable development in the healthcare business in the Professional Insurance underwriting operating segment and in the Technology underwriting operating segment. Net unfavorable loss and LAE reserve development during the nine months ended September 30, 2014 was primarily attributable to the professional liability and management liability businesses included in the Professional Insurance underwriting operating segment, the Accident underwriting operating segment, and the inland marine business in the IMU underwriting operating segment. This unfavorable development during the nine months ended September 30, 2014 was partially offset by favorable development in the healthcare business included in the

Professional Insurance underwriting operating segment, the Specialty Property underwriting operating segment, and the ocean marine business in the IMU underwriting operating segment.

NOTE 3. Unpaid Loss and Loss Adjustment Expense (LAE) Reserves

Loss and LAE development—2013

During the three and nine months ended September 30, 2013, OneBeacon recorded \$3.8 million of unfavorable and \$0.1 million of favorable, respectively, loss and LAE reserve development on prior accident year reserves.

Unfavorable development during the three months ended September 30, 2013 was primarily related to the Specialty Property and Entertainment underwriting operating segments, which was partially offset by favorable development in its ocean marine business, included in the IMU underwriting operating segment, and in the healthcare business included in the Professional Insurance underwriting operating segment. Unfavorable development for the nine months ended September 30, 2013, primarily related to the Specialty Property underwriting operating segment, was more than offset by favorable development in other underwriting operating segments, primarily IMU and Professional Insurance. See Note 15—"Discontinued Operations" for a discussion of impacts to reserves for unpaid losses and LAE related to discontinued operations.

NOTE 4. Reinsurance

In the normal course of business, OneBeacon's insurance subsidiaries seek to limit losses that may arise from catastrophes or other events by reinsuring with third-party reinsurers. OneBeacon remains liable for risks reinsured even if the reinsurer does not honor its obligations under reinsurance contracts. See Note 15—"Discontinued Operations" for amounts related to the Runoff Business.

Reinsurance Treaties

The Company's catastrophe reinsurance coverage is discussed in Note 4—"Reinsurance" in the Company's 2013 Annual Report on Form 10-K. Except as discussed below, there have been no material changes to the Company's reinsurance coverage from that reported in the 2013 Annual Report on Form 10-K.

Effective May 1, 2014, OneBeacon renewed its property catastrophe reinsurance program through April 30, 2015. The program provides coverage for OneBeacon's property business as well as certain acts of terrorism. Under the program, the first \$20.0 million of losses resulting from any single catastrophe are retained and 100% of the next \$110.0 million of losses resulting from the catastrophe are reinsured. Any part of a catastrophe loss in excess of \$130.0 million would be retained in full. In the event of a catastrophe, OneBeacon's property catastrophe reinsurance program is reinstated for the remainder of the original contract term by paying a reinstatement premium that is based on the percentage of coverage reinstated and the original property catastrophe coverage premium.

Also effective May 1, 2014, OneBeacon lowered its retention on its property-per-risk reinsurance program from \$10.0 million to \$5.0 million.

Effective January 1, 2014, OneBeacon entered into reinsurance treaties to provide coverage for the 2014 crop year. OneBeacon purchased an aggregate stop loss on its MPCCI portfolio, providing 48.5% of coverage in excess of a 101.5% loss ratio on premiums covered by the contract and a separate aggregate stop loss providing 80% of coverage in excess of a 100% loss ratio on its crop-hail portfolio.

In addition to the corporate catastrophe reinsurance protection, the Company also purchased dedicated reinsurance protection for certain specific lines of business.

NOTE 4. Reinsurance

Reinsurance Recoverables

At September 30, 2014, OneBeacon had reinsurance recoverables on paid losses of \$12.7 million and reinsurance recoverables on unpaid losses of \$101.4 million. Reinsurance contracts do not relieve OneBeacon of its obligations. Therefore, collectibility of balances due from reinsurers is critical to OneBeacon's financial strength. The following table summarizes Standard & Poor's Financial Services, LLC ("Standard & Poor's") ratings for OneBeacon's reinsurers for its continuing insurance operations, excluding industry pools and associations, based upon reinsurance recoverables amounts on paid and unpaid losses and LAE:

	Balance at September 30, 2014 (\$ in millions)	% of total	
Standard & Poor's Rating ⁽¹⁾ :			
AA	\$46.5	41	%
A	64.1	56	%
BBB+, Not Rated and Other	3.5	3	%
Total reinsurance recoverables	\$114.1	100	%

⁽¹⁾ Standard & Poor's ratings as detailed above are "AA" (Very strong), "A" (Strong) and "BBB+" (Adequate).

NOTE 5. Investment Securities

OneBeacon's invested assets are comprised of securities and other investments held for general investment purposes. Refer to the Company's 2013 Annual Report on Form 10-K for a complete discussion.

OneBeacon classifies its portfolio of fixed maturity investments and common equity securities, including convertible fixed maturity investments, held for general investment purposes as trading securities. Trading securities are reported at fair value as of the balance sheet date as determined by quoted market prices when available. Realized and change in unrealized investment gains on trading securities are reported in total revenues as net realized and unrealized investment gains in revenues on a pre-tax basis.

Short-term investments consist of money market funds, certificates of deposit and other securities which, at the time of purchase, mature or become available for use within one year. Short-term investments are carried at amortized cost, which approximates fair value.

Other investments primarily include hedge funds and private equity funds. OneBeacon measures its investments in hedge funds and private equity funds at fair value with changes therein reported in total revenues as net realized and change in unrealized investment gains. Other investments also include an investment in a community reinvestment vehicle which is accounted for at fair value and a tax advantaged federal affordable housing development fund which is accounted for under the equity method.

OneBeacon's net investment income is comprised primarily of interest income associated with fixed maturity investments, dividend income from its equity investments, and interest income from its short-term investments. Other investments primarily include hedge funds and private equity funds. Net investment income for the three and nine months ended September 30, 2014, and 2013 consisted of the following:

	Three months ended September 30, 2014		2013		Nine months ended September 30, 2014		2013

As of September 30, 2014 and December 31, 2013, the Company held unrestricted collateral from its customers, which is included in cash and invested assets, relating to its surety business of \$76.1 million and \$63.3 million, respectively. The obligation to return these funds is included in other liabilities in the consolidated balance sheets.

Fair value measurements

As of both September 30, 2014 and December 31, 2013, approximately 92% of the investment portfolio recorded at fair value was priced based upon observable inputs.

The fair values of OneBeacon's investments in hedge funds and private equity funds have been classified as Level 3 under the fair value hierarchy since the fund managers do not provide sufficient information to independently evaluate the pricing inputs and methods for each underlying investment, and therefore the inputs are considered to be unobservable. At September 30, 2014 and December 31, 2013, OneBeacon did not record a liquidity adjustment to the net asset value related to its investments in hedge funds or private equity funds.

As of September 30, 2014 and December 31, 2013, other investments reported at fair value represented approximately 4% and 5%, respectively, of the investment portfolio recorded at fair value. Other investments accounted for at fair value as of September 30, 2014 and December 31, 2013 were comprised of \$47.6 million and \$49.4 million, respectively, in hedge funds, \$54.4 million and \$56.1 million, respectively, in private equity funds, and \$14.2 million

and \$14.4 million, respectively, in an investment in a community reinvestment vehicle. Additionally, other investments accounted for at fair value as of September 30, 2014 included \$0.2 million in trust certificates issued upon dissolution of a private equity fund, with no such investments held as of December 31, 2013. As of both September 30, 2014 and December 31, 2013, OneBeacon held investments in 8 hedge funds and 17 and 19 private equity funds, respectively. The largest investment in a single fund was \$15.6 million and \$14.9 million at September 30, 2014 and December 31, 2013, respectively. As of September 30, 2014 and December 31, 2013, other investments also included \$18.4 million and \$19.7 million, respectively, of an investment in a tax advantaged federal affordable housing development fund which is accounted for using the equity method.

At September 30, 2014 and December 31, 2013, OneBeacon held one private preferred stock that represented approximately 84% and 85%, respectively, of its preferred stock portfolio. OneBeacon calculated its fair value using projected discounted cash flows based on a discount yield. The discounted yield was determined with inputs from

quoted market yields for similar securities and adjusted for liquidity based on management's best estimate of market conditions; this security is classified as a Level 3 measurement.

“Transfers in” to Level 3 fixed maturity investments of \$61.3 million for the nine months ended September 30, 2013 were comprised of one agency commercial mortgage-backed security for which the estimated fair value was determined using industry standard pricing models that take into account unobservable inputs such as prepayment rate, default rate and swap spread. There were no such transfers for the nine months ended September 30, 2014.

“Transfers out” of Level 3 fixed maturity investments of \$41.8 million and \$15.6 million for the nine months ended September 30, 2014 and 2013, respectively, were comprised of one commercial mortgage-backed security and one residential mortgage-backed security which were recategorized as Level 2 measurements when quoted market prices that were considered reliable and could be validated against alternative sources became available and one commercial mortgage-backed security which was recategorized as a Level 2 measurement when a quoted market price that was considered reliable and could be validated against an alternative source became available, respectively.

Significant Unobservable Inputs

As previously described, in certain circumstances, OneBeacon estimates the fair value of investments using industry standard pricing models and both observable and unobservable inputs.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

NOTE 5. Investment Securities

The following summarizes significant unobservable inputs used in estimating the fair value of investment securities classified within Level 3, other than hedge funds and private equity funds, at September 30, 2014. The fair value of investments in hedge funds and private equity funds, which are classified within Level 3, are estimated using the net asset value of the funds.

Description ⁽¹⁾	Fair Value	Rating ⁽²⁾	Valuation Technique	Unobservable Inputs	Range
Preferred stock	\$71.5	NR	Discounted cash flow	Discount yield	6.6%
Other asset-backed securities	\$10.9	AA+	Broker pricing	Broker quote	N/A
Debt securities issued by corporations	\$3.1	NR	Exchange transaction ⁽³⁾	N/A	N/A

⁽¹⁾ As of September 30, 2014, each asset type consists of one security.

⁽²⁾ Credit ratings are assigned based on the following hierarchy: 1) Standard & Poor's and 2) Moody's

Derived from the exchange of a convertible fixed maturity investment, where the valuation of the debt security

⁽³⁾ issued by a corporation represents a portion of the total exchange price after taking into consideration the cash and value of the common equity security that was also received in the exchange transaction.

The assumed prepayment rate is a significant unobservable input used to estimate the fair value of investments in agency commercial mortgage-backed securities. Generally for securities priced at a premium, increases in prepayment speeds will result in a lower fair value, while decreases in prepayment speed may result in a higher fair value, with the inverse for securities priced at a discount.

The following table summarizes the change in net unrealized gains or losses for assets designated as Level 3 for the three and nine months ended September 30, 2014 and 2013:

Mortgage-backed Securities

OneBeacon purchases commercial mortgage-backed securities ("CMBS") and residential mortgage-backed securities ("RMBS") to maximize its risk adjusted returns in the context of a diversified portfolio. OneBeacon's non-agency CMBS are generally short tenor and structurally senior, with more than 20 points of subordination on average for fixed rate and floating rate non-agency CMBS as of September 30, 2014. In general, subordination represents the percentage of principal loss on the underlying collateral that would have to occur before the security incurs a loss. These collateral losses, instead, are first absorbed by other securities lower in the capital structure. OneBeacon believes this structural protection mitigates the risk of loss tied to refinancing challenges facing the commercial real estate market. As of September 30, 2014, on average less than 1% of the underlying loans were reported as non-performing for both agency and non-agency CMBS held by OneBeacon. OneBeacon is not an originator of residential mortgage loans. OneBeacon did not hold any RMBS categorized as sub-prime as of September 30, 2014. OneBeacon's investments in hedge funds and private equity funds contain negligible amounts of sub-prime mortgage-backed securities as of September 30, 2014. OneBeacon considers sub-prime mortgage-backed securities to

be those that have underlying loan pools that exhibit weak credit characteristics or are issued from dedicated sub-prime shelves or dedicated second-lien shelf registrations (i.e., OneBeacon considers investments backed primarily by second-liens to be sub-prime risks regardless of credit scores or other metrics).

There are also mortgage-backed securities that OneBeacon categorizes as "non-prime" (also called "Alt A" or "A-") that are backed by collateral that has overall credit quality between prime and sub-prime, as determined based on OneBeacon's

review of the characteristics of their underlying mortgage loan pools, such as credit scores and financial ratios. As of September 30, 2014, OneBeacon held one mortgage-backed security with a market value of \$4.1 million that was classified as non-prime. OneBeacon's non-agency residential mortgage-backed portfolio is generally of moderate average life, fixed rate and structurally senior. OneBeacon does not own any collateralized debt obligations, including residential mortgage-backed collateralized debt obligations.

(1) Excluded from the above table as of September 30, 2014 and December 31, 2013 are other investments, which include an investment in a community reinvestment vehicle of \$14.2 million and \$14.4 million, respectively, and an investment in a tax advantaged federal affordable housing development fund of \$18.4 million and \$19.7 million, respectively. Additionally, other investments include trust certificates issued upon dissolution of a private equity fund of \$0.2 million as of September 30, 2014, with no such investment held as of December 31, 2013.

Redemptions of investments in certain funds are subject to restrictions including "lock-up" periods where no redemptions or withdrawals are allowed, restrictions on redemption frequency and advance notice periods for redemptions. Amounts requested for redemptions remain subject to market fluctuations until the redemption effective date, which generally falls at the end of the defined redemption period. The following summarizes the September 30, 2014 fair value of hedge funds subject to restrictions on redemption frequency and advance notice period requirements for investments in active hedge funds:

	Hedge Funds—Active Funds				Total
	30 - 59 days notice	60 - 89 days notice	90 - 119 days notice	120+ days notice

Certain hedge fund investments are no longer active and are in the process of disposing of their underlying investments. Distributions from such funds are remitted to investors as the fund's underlying investments are liquidated. At September 30, 2014, \$0.9 million of hedge funds were in liquidation. The actual amount of the final distribution is subject to market fluctuations. The date at which such distributions will be received is not determinable at September 30, 2014.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

NOTE 5. Investment Securities

OneBeacon has also submitted redemption requests for certain of its investments in active hedge funds. At September 30, 2014, redemptions of \$8.5 million were outstanding and are subject to market fluctuations. Such redemptions are expected to be received in the first quarter of 2015. Redemptions are recorded as receivables when the investment is no longer subject to market fluctuations.

Investments in private equity funds are generally subject to lock-up periods during which investors may not request a redemption. Distributions prior to the expected termination date of the fund may be limited to dividends or proceeds arising from the liquidation of the fund's underlying investment. In addition, certain private equity funds provide an option to extend the lock-up period at either the sole discretion of the fund manager or upon agreement between the fund and the investors. At September 30, 2014, investments in private equity funds were subject to lock-up periods as follows:

	1 - 3 years (\$ in millions)	3 - 5 years	5 - 10 years	>10 years	Total
Private Equity Funds—expected lock-up period remaining	\$9.6	\$18.2	\$26.6	\$—	\$54.4

NOTE 6. Debt

OneBeacon's debt outstanding as of September 30, 2014 and December 31, 2013 consisted of the following:

	September 30, 2014	December 31, 2013
	(\$ in millions)	
Senior unsecured notes, at face value	\$275.0	\$275.0
Unamortized original issue discount	(0.3)	(0.3)
Senior unsecured notes, carrying value	\$274.7	\$274.7

2012 Senior Notes

In November 2012, OneBeacon U.S. Holdings, Inc. ("OBH") issued \$275.0 million face value of senior unsecured notes ("2012 Senior Notes") through a public offering, at an issue price of 99.9% and received \$272.9 million of proceeds. The 2012 Senior Notes bear an annual interest rate of 4.6% payable semi-annually in arrears on May 9 and November 9, until maturity on November 9, 2022, and are fully and unconditionally guaranteed as to the payment of principal and interest by the Company. OBH incurred \$2.8 million in expenses related to the issuance of the 2012 Senior Notes (including the \$1.8 million underwriting discount), which were deferred and are being recognized as interest expense over the life of the 2012 Senior Notes. Taking into effect the amortization of the original issue discount and all underwriting and issuance expenses, the 2012 Senior Notes have an effective yield to maturity of approximately 4.7% per annum.

Debt Covenants

At September 30, 2014, OneBeacon was in compliance with all of the covenants under the 2012 Senior Notes.

NOTE 7. Segment Information

The Company has fourteen underwriting operating segments, including two that were exited in 2013, which are managed by the chief operating decision maker and are aggregated into two underwriting reportable segments. The two underwriting reportable segments were determined based on the nature of products or services, the production process, the method of distribution and the nature of the regulatory environment. The principal difference between the reportable segments is the type or class of customer.

The Specialty Products segment is comprised of eight operating segments, including a new Crop underwriting operating segment, as well as the Collector Cars and Boats underwriting operating segment that was exited in the first quarter of 2013 (see Note 2—"Acquisitions and Dispositions"), representing an aggregation based on those that offer distinct products and tailored coverages and services to a broad customer base across the United States. In addition to Crop and Collector Cars and Boats, the Specialty Products segment includes the Professional Insurance, Specialty Property, Environmental, Tuition Reimbursement, Programs, and Surety underwriting operating segments. During

2013, the Company received approval to provide multiple peril crop insurance through the federal crop insurance program administered by the U.S. Department of Agriculture's Risk Management Agency. The Company entered into an exclusive agreement with a managing general agency,

NOTE 7. Segment Information

The Climate Corporation, to provide coverages through the federal crop insurance program and other supplemental coverages, including crop-hail. The Company began writing crop business in the fourth quarter of 2013.

The Specialty Industries segment is comprised of six underwriting operating segments, including the Energy underwriting operating segment that was exited in the first quarter of 2013, representing an aggregation based on those that focus on solving the unique needs of a particular customer or industry group. The Specialty Industries segment includes the International Marine Underwriters, Technology, Accident, Government Risks, and Entertainment underwriting operating segments.

The Investing, Financing and Corporate segment includes the investing and financing activities for OneBeacon on a consolidated basis, and certain other activities conducted through the Company and its intermediate subsidiaries. Invested assets are not allocated to the Specialty Products and Specialty Industries segments since OneBeacon does not manage them by segment. Invested assets, net investment income and net realized and change in unrealized investment gains related to OneBeacon's Specialty Products and Specialty Industries segments are included in the Investing, Financing and Corporate segment since these assets are available for payment of losses and expenses for all segments. Debt and the related interest expense on debt also are not allocated to or managed by segment and are also included in the Investing, Financing and Corporate segment.

Substantially all of the Company's revenue is generated from customers located in the United States.

Total combined ratio	96.3	% 92.5	% 94.4	% 93.1	% 92.5	% 92.8	%

Underwriting ratios are used to measure the components of underwriting profitability and include: the loss and LAE ratio, calculated by dividing loss and LAE by earned premiums; the expense ratio, calculated by dividing policy acquisition and other underwriting expenses by earned premiums; and the combined ratio, the sum of the loss and LAE ratio and the expense ratio.

NOTE 8. Retirement Plans

OneBeacon sponsors qualified and non-qualified, non-contributory, defined benefit pension plans covering substantially all employees who were employed as of December 31, 2001 and former employees who had met the eligibility requirements, as well as retirees. Current plans include the OneBeacon qualified pension plan (the "Qualified Plan") and the OneBeacon non-qualified pension plan (the "Non-qualified Plan") (collectively the "Plans"). OneBeacon's Plans were frozen and curtailed in 2002 and, as a result, the projected benefit obligation is equal to the accumulated benefit obligation.

The benefits for the Plans are based primarily on years of service and employees' compensation through December 31, 2002. OneBeacon's funding policy is consistent with the funding requirements of U.S. federal laws and regulations.

⁽¹⁾ Special termination benefits represent additional payments made from the Qualified Plan to certain vested participants when their employment was terminated due to a reduction in force.

OneBeacon does not expect to make a contribution to its Qualified Plan in 2014. OneBeacon anticipates contributing \$2.2 million to the Non-qualified Plan in 2014, for which OneBeacon has assets held in a rabbi trust. During the three and nine months ended September 30, 2014, the Company contributed \$0.5 million and \$1.6 million, respectively, to the Non-qualified Plan.

NOTE 9. Employee Share-Based Incentive Compensation Plans

OneBeacon's share-based compensation plans include performance shares and restricted shares, which are designed to maximize shareholder value over long periods of time by aligning the financial interests of its management with those of its owners. Performance shares are payable only upon achievement of pre-defined business goals and are valued based on the market value of OneBeacon's common shares at the time awards are earned. Performance shares are typically paid in cash, though, in some instances, they may be paid in common shares or may be deferred in accordance with the terms of OneBeacon's deferred compensation plan. OneBeacon expenses the full cost of all its share-based compensation over the requisite service period. The Company recognized expense related to its share-based compensation plans of \$1.8 million and \$0.8 million for the three months ended September 30, 2014 and 2013, respectively, and \$4.8 million and \$3.6 million for the nine months ended September 30, 2014 and 2013, respectively.

NOTE 9. Employee Share-Based Incentive Compensation Plans

All performance shares earned and paid were settled in cash or by deferral into OneBeacon's deferred compensation plan.

Restricted Shares

On March 1, 2012, OneBeacon issued shares of restricted stock to certain employees. Of these restricted shares, 142,500 restricted shares vested on February 28, 2014 and the remaining 140,000 restricted shares outstanding and held by employees as of September 30, 2014 are scheduled to vest on February 28, 2015. On May 25, 2011, OneBeacon issued to its CEO 630,000 shares of restricted stock, of which 157,500 of these restricted shares vested on February 22, 2014 and the remaining 472,500 restricted shares held by the CEO are scheduled to vest in equal installments on February 22, 2015, 2016 and 2017. The restricted shares contain dividend participation features and therefore are considered participating securities.

The following summarizes restricted shares activity for the three and nine months ended September 30, 2014 and 2013:

Restricted shares that vested during the nine months ended September 30, 2014 and 2013 had a grant date fair value of \$4.3 million and \$0.1 million, respectively. No restricted shares vested during the three months ended September 30, 2014 or 2013. As of September 30, 2014, unrecognized compensation expense of \$4.2 million related to restricted stock awards is expected to be recognized over a weighted-average period of 2.1 years.

NOTE 10. Income Taxes

OneBeacon and its Bermuda-domiciled subsidiaries are not subject to Bermuda income tax under current Bermuda law. In the event that there is a change in the current law such that taxes are imposed, OneBeacon and its Bermuda-domiciled subsidiaries would be exempt from such tax until March 31, 2035, pursuant to the Bermuda Exempted Undertakings Tax Protection Act of 1966. OneBeacon also has subsidiaries that operate in Gibraltar, Luxembourg and the United States. U.S. operations are financed with a combination of debt and equity and the

financing income currently accounts for the majority of non-U.S. earnings.

OneBeacon's income tax expense related to pre-tax income from continuing operations for the three months ended September 30, 2014 and 2013, represented net effective tax rates of (37.8)% and (8.1)%, respectively. The net effective tax

Table of Contents

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

NOTE 10. Income Taxes

rates for the nine months ended September 30, 2014 and 2013 were 11.2% and 13.1%, respectively. The effective tax rates for the three and nine months ended September 30, 2014 and 2013, were lower than the U.S. statutory rate of 35% due to income generated in jurisdictions other than the United States, principally representing interest income taxed in a jurisdiction with a lower effective tax rate. Additionally, the rate for the three months ended September 30, 2014 was impacted by a pre-tax loss from operations in the United States and the rate for the nine months ended September 30, 2014 was impacted by a \$5.0 million favorable settlement of the 2005-2006 IRS exam, as noted below. The rates for the three and nine months ended September 30, 2013 were impacted by a \$6.8 million tax benefit associated with the restructuring of the surplus note issued by Houston General Insurance Exchange. For the three months ended September 30, 2014 and 2013, the effective tax rate on non-U.S. income was 1.7% and 0.5%, respectively. For the nine months ended September 30, 2014 and 2013, the effective tax rate on non-U.S. income was 1.3% and 0.3%, respectively.

In arriving at the effective tax rate for the three and nine months ended September 30, 2014 and 2013, OneBeacon forecasted all income and expense items including the realized and change in unrealized investment gains for the years ending December 31, 2014 and 2013, and included these gains in the effective tax rate calculation.

OneBeacon classifies all interest and penalties on unrecognized tax benefits as part of income tax expense. With few exceptions, OneBeacon is no longer subject to U.S. federal, state or non-U.S. income tax examinations by tax authorities for years before 2005. On February 14, 2014, OneBeacon received Form 870-AD (Offer to Waive Restrictions on Assessment and Collection Tax Deficiency and to Accept Over assessment) from the IRS Appeals Office relating to the examination of tax years 2005 and 2006. All disputed items have now been agreed and resolved with the Joint Committee. OneBeacon recorded a tax benefit of \$5.0 million in the first quarter of 2014 relating to the settlement of the IRS examination for tax years 2005 and 2006.

On July 28, 2011, the IRS commenced an examination of OneBeacon's U.S. income tax returns for 2007, 2008 and 2009. On July 17, 2013, OneBeacon received a revised Form 4549-A (Income Tax Discrepancy Adjustments) from the IRS relating to the examination of tax years 2007, 2008 and 2009. The estimated total assessment, including interest, utilization of alternative minimum and foreign tax credit carryovers and capital loss carrybacks, is \$72.0 million. However, \$60.2 million of the proposed adjustments relate to items for which the expense deduction has been disallowed in a year being examined, but ultimate deductibility is highly certain to occur in a later period. Because of the impact of deferred tax accounting, other than interest and penalties, the disallowance of the deduction in the exam period would not affect the effective tax rate but would accelerate the payment of cash to the taxing authority.

OneBeacon disagrees with the adjustments proposed by the IRS and is defending its position. Although the timing of the resolution of these issues is uncertain, it is reasonably possible that the resolution could occur within the next twelve months. An estimate of the range of potential outcomes cannot be made at this time. OneBeacon does not expect the resolution of this examination to result in a material change to its financial position.

On September 2, 2013, the IRS commenced an examination of OneBeacon's U.S. income tax returns for 2010, 2011 and 2012. OneBeacon does not expect the resolution of this examination to result in a material change to its financial position.

NOTE 11. Fair Value of Financial Instruments

OneBeacon carries its financial instruments on its balance sheet at fair value with the exception of its equity method investments and fixed-rate, long-term indebtedness. For certain financial instruments where quoted market prices are not available, other independent valuation techniques and assumptions are used. Because considerable judgment is used, these estimates are not necessarily indicative of amounts that could be realized in a current market exchange. Certain financial instruments are excluded from disclosure, including insurance contracts, other than financial guarantees, and investment contracts.

At September 30, 2014 and December 31, 2013, the fair value of OneBeacon's 2012 Senior Notes (its fixed-rate, long-term indebtedness) was \$281.4 million and \$269.8 million, respectively, which compared to a carrying value of \$274.7 million as of both September 30, 2014 and December 31, 2013. The fair value measurement of the Senior

Notes is classified as Level 2 in the valuation hierarchy.

NOTE 12. Legal Contingencies

OneBeacon, and the insurance and reinsurance industry in general, is routinely subject to claims related litigation and arbitration in the normal course of business, as well as litigation and arbitration that do not arise from, or directly relate to, claims activity. OneBeacon's estimates of the costs of settling matters routinely encountered in claims activity are reflected in the reserves for unpaid loss and LAE. See Note 3—"Unpaid Loss and Loss Adjustment Expense (LAE) Reserves."

OneBeacon evaluates its exposure to non-claims related litigation and arbitration and establishes accruals for litigation and arbitration if it is probable that a loss has been incurred and it can be reasonably estimated. Disclosure of litigation and

NOTE 12. Legal Contingencies

arbitration is made if it is probable that a loss has been incurred or if there is a reasonable possibility that a loss may have been incurred. Although the ultimate outcome of claims and non-claims related litigation and arbitration, and the amount or range of potential loss at any particular time, is often inherently uncertain, management does not believe that the ultimate outcome of such claims and non-claims related litigation and arbitration will have a material adverse effect on OneBeacon's financial condition, full year results of operations, or cash flows.

The following summarizes significant ongoing non-claims related litigation or arbitration as of September 30, 2014:

Deutsche Bank Litigation

In June 2011, Deutsche Bank Trust Company Americas, Law Debenture Company of New York and Wilmington Trust Company (collectively referred to as "Plaintiffs"), in their capacity as trustees for certain senior notes issued by the Tribune Company ("Tribune"), filed lawsuits in various jurisdictions (the "Noteholder Actions") against numerous defendants including OneBeacon, OneBeacon-sponsored benefit plans and other affiliates of White Mountains in their capacity as former shareholders of Tribune seeking recovery of the proceeds from the sale of common stock of Tribune in connection with Tribune's leveraged buyout in 2007 (the "LBO"). Tribune filed for bankruptcy in 2008 in the Delaware bankruptcy court (the "Bankruptcy Court"). The Bankruptcy Court granted Plaintiffs permission to commence these LBO-related actions, and in 2011, the Judicial Panel on Multidistrict Litigation granted a motion to consolidate the actions for pretrial matters and transferred all such proceedings to the United States District Court for the Southern District of New York. Plaintiffs seek recovery of the proceeds received by the former Tribune shareholders on a theory of constructive fraudulent transfer asserting that Tribune purchased or repurchased its common shares without receiving fair consideration at a time when it was, or as a result of the purchases of shares, was rendered, insolvent. OneBeacon has entered into a joint defense agreement with other affiliates of White Mountains that are defendants in the action. OneBeacon and OneBeacon-sponsored benefit plans received approximately \$32 million for Tribune common stock tendered in connection with the LBO.

The Court granted an omnibus motion to dismiss the Noteholder Actions in September 2013 and Plaintiffs have filed a notice of appeal. Oral argument is scheduled for November 5, 2014.

In addition, OneBeacon, OneBeacon-sponsored benefit plans and other affiliates of White Mountains in their capacity as former shareholders of Tribune, along with thousands of former Tribune shareholders, have been named as defendants in an adversary proceeding brought by the Official Committee of Unsecured Creditors of the Tribune Company (the "Committee"), on behalf of the Tribune Company, which seeks to avoid the repurchase of shares by Tribune in the LBO on a theory of intentional fraudulent transfer (the "Committee Action"). Tribune emerged from bankruptcy in 2012, and a litigation trustee replaced the Committee as plaintiff in the Committee Action. This matter was consolidated for pretrial matters with the Noteholder Actions in the United States District Court for the Southern District of New York and was stayed pending the motion to dismiss in the Noteholder Action. An omnibus motion to dismiss the shareholder defendants in the Committee Action was filed in May 2014.

NOTE 14. Common Shareholders' Equity

Common Shares Repurchased and Retired

On August 22, 2007, the Company's Board authorized the repurchase of up to \$200.0 million of its Class A common shares from time to time, subject to market conditions. Shares may be repurchased on the open market or through privately negotiated transactions. This authorization does not have a stated expiration date. During the nine months ended September 30, 2014 and 2013, no shares were repurchased under the share repurchase authorization. The amount of authorization remaining is \$87.7 million as of September 30, 2014.

During the nine months ended September 30, 2014 and 2013, the Company repurchased 106,366 and 3,300 common shares, respectively, to satisfy employee income tax withholding, pursuant to employee benefit plans. Shares repurchased pursuant to employee benefit plans do not reduce the board authorization referred to above.

Dividends on Common Shares

During the nine months ended September 30, 2014 and 2013, the Company declared and paid cash dividends to OneBeacon shareholders of \$60.0 million and \$60.1 million, respectively, or \$0.63 per common share for each nine month period.

Accumulated Other Comprehensive Income

For the nine months ended September 30, 2014 and 2013, OneBeacon recorded pre-tax changes to accumulated other comprehensive income for net increases in net benefit plan assets and obligations of \$0.2 million (\$0.1 million after tax) and \$0.7 million (\$0.5 million after tax), respectively.

NOTE 15. Discontinued Operations

Runoff Business

As described in Note 1—"Nature of Operations and Summary of Significant Accounting Policies" and Note 2—"Acquisitions and Dispositions," in October 2012, OneBeacon entered into the Stock Purchase Agreement with respect to the sale of its Runoff Business to Armour. Pursuant to the terms of the Stock Purchase Agreement, at closing, OneBeacon will transfer to Armour all of the issued and outstanding shares of common stock of certain legal entities that will contain the assets, liabilities (including gross and ceded loss reserves) and capital supporting the business as well as certain elements of the Runoff Business infrastructure, including staff and office space. As disclosed in the Form 8-K filed by the Company on June 23, 2014, the Company amended the Stock Purchase Agreement during the second quarter of 2014, primarily to increase the cap on seller financing by \$6.7 million to \$80.9 million, as well as to extend the termination date to December 31, 2014. Consistent with the proposed closing balance sheet, pro forma as of June 30, 2014, the Company expects to provide seller financing at closing in the form of surplus notes with an estimated par value of \$80.9 million. The loss on sale of the Runoff Business is currently estimated at \$80.5 million. The estimated loss on sale may change prior to closing as a result of, among other factors, changes in the estimated fair value of the surplus notes. The internal valuation model used to estimate the fair value of the surplus notes is sensitive to changes in treasury rates and credit spreads, and to changes in estimates with respect to other variables including a discount to reflect the private nature of the notes (and the related lack of liquidity), the credit quality of the notes, based on the financial performance of the issuer relative to expectations, and the timing and likelihood of interest and principal payments on the notes, which are subject to regulatory approval and therefore may vary from the contractual terms. Although these variables involve considerable judgment, the Company does not currently expect any resulting change in the estimated value of the surplus notes to be material to its financial position.

In anticipation of the Runoff Transaction, OneBeacon received regulatory approval as required from various state departments of insurance effective October 1, 2012 to terminate the then-existing pooling agreement and intercompany 100% quota share reinsurance agreements and to enter into new 100% quota share reinsurance agreements. The result is that the Runoff Business is assumed and retained by OBIC, one of the legal entities that will be transferred to Armour at closing, and that the ongoing specialty business is assumed and retained by Atlantic Specialty Insurance Company ("ASIC"), one of the entities that OneBeacon will continue to own post-closing.

The Runoff Transaction is subject to various closing conditions, primarily the receipt of regulatory approvals. The Pennsylvania Insurance Department is currently conducting its regulatory review of the Runoff Transaction, which included a public hearing on July 23, 2014. Subsequent to the public hearing, the Pennsylvania Insurance Department re-opened the public comment period, which expired on October 17, 2014. The regulatory review process included a third party actuarial review of

the Runoff Business loss and LAE reserves, completed in September 2013 and, subsequently, an independent stochastic modeling of the future cash flows of the Runoff Business, which was completed in June 2014. The Company expects the Runoff Transaction to close in the fourth quarter of 2014.

Summary of Reclassified Balances and Related Items

As of September 30, 2014 and December 31, 2013, the Runoff Transaction met the criteria for held for sale accounting. As a result, the assets and liabilities associated with the businesses being sold, after effecting the various steps contemplated by the Stock Purchase Agreement, are presented separately as single line items in the asset and liability sections of the consolidated balance sheets as of September 30, 2014 and December 31, 2013. The following summarizes the major categories of assets and liabilities associated with the business classified as held for sale:

NOTE 15. Discontinued Operations

As described in Note 1—"Nature of Operations and Summary of Significant Accounting Policies" and Note 2—"Acquisitions and Dispositions," the results of operations for the Runoff Business have been classified as discontinued operations and are presented as such, net of related income taxes, in the statements of operations and comprehensive income (loss) and cash flows for all periods. Investing and financing activities for OneBeacon are managed on a consolidated basis and reported within the Investing, Financing and Corporate segment. Therefore, no investment or financing activity is included in discontinued operations.

The following summarizes the results of operations, including related income taxes associated with the business classified as discontinued operations:

Loss per Share Related to Discontinued Operations

Basic loss per share amounts are based on the weighted average number of common shares outstanding including unvested restricted shares that are considered participating securities. Diluted loss per share amounts are based on the weighted average number of common shares including unvested restricted shares.

The following table outlines the computation of loss per share for discontinued operations attributable to OneBeacon's common shareholders for the three and nine months ended September 30, 2014 and 2013:

Additional Disclosures

Due to the relative significance of the transactions described above, OneBeacon has expanded the disclosures herein to provide additional insight into the balances and related activity reclassified to held for sale and discontinued operations.

Results of Discontinued Operations

The net income (loss) from discontinued operations, which is net of income taxes, includes both the income (loss) from discontinued operations, which is the underwriting impact of discontinued operations, as well as the estimated loss from sale of discontinued operations. The net income (loss) from discontinued operations was a net loss of \$7.3 million for the three months ended September 30, 2014, compared to net income of \$0.3 million for the three months ended September 30, 2013. The net income (loss) from discontinued operations was a net loss of \$8.4 million for the nine months ended September 30, 2014, compared to net income of \$0.3 million for the nine months ended September 30, 2013.

The loss from discontinued operations for the three and nine months ended September 30, 2014 of \$0.3 million and \$0.9 million, respectively, was a result of non-claims expenses related to the Runoff Business, including dedicated

staff. Income from discontinued operations for both the three and nine months ended September 30, 2013 was \$0.3 million. The income for the nine months ended September 30, 2013 is net of other revenue of \$7.8 million associated with a settlement award in the Safeco v. American International Group, Inc. (“AIG”) class action related to AIG's alleged underreporting of workers' compensation premiums to the National Workers' Compensation Reinsurance Pool. Partially offsetting this increase in other revenue in 2013, the Company increased loss and LAE reserves in the second quarter of 2013 by \$7.4 million in light of the ongoing regulatory review of the Runoff Transaction, which included a third party actuarial review.

NOTE 15. Discontinued Operations

The loss from sale of discontinued operations, net of tax, for the three and nine months ended September 30, 2014 was \$7.0 million and \$7.5 million, respectively, compared to no impact to loss on sale for either the three or nine months ended September 30, 2013. The adjusted estimated loss on sale as of September 30, 2014 is \$80.5 million, pre-tax. As disclosed in the Form 8-K filed by the Company on June 23, 2014, the Company amended the Stock Purchase Agreement during the second quarter of 2014, primarily to increase the cap on seller financing by \$6.7 million to \$80.9 million, as well as to extend the termination date to December 31, 2014. Consistent with the proposed closing balance sheet, pro forma as of June 30, 2014, the Company expects to provide seller financing at closing in the form of surplus notes with an estimated par value of \$80.9 million. When issued, the Company will record these surplus notes at their estimated fair value at that time which, based on the internal valuation models, are expected to be less than their par value. As of June 30, 2014, the estimated fair value of the surplus notes was \$8.2 million, pre-tax, less than their par value. As a result, in the second quarter of 2014, the Company recorded an increase of \$8.2 million (\$5.3 million after tax) in the estimated loss on sale of the Runoff Business to reflect the estimated difference between the estimated fair value at that time and par value of the surplus notes upon issuance.

Also at that time, the Company's expectation of the treatment under the Stock Purchase Agreement of the \$7.4 million reserve charge recorded during the quarter ended June 30, 2013 changed. Previously, the Company had expected that the Stock Purchase Agreement would be amended to provide for the transfer of \$7.4 million of additional assets to support this reserve charge; as previously noted, the Stock Purchase Agreement was instead revised to increase the cap on seller financing. As a result, the \$7.4 million reserve charge (\$4.8 million after-tax) was recorded as a reduction to the estimated loss on sale of discontinued operations during the quarter ended June 30, 2014.

In the third quarter of 2014, the Company updated its estimated loss on sale to reflect the change in the valuation of the \$80.9 million face value of surplus notes expected to be issued in conjunction with the closing of the Runoff Transaction. The change in the valuation estimate resulted in an additional loss of \$10.3 million, pre-tax, which was a result of widening credit spreads during the quarter, as well as an increase to the estimated discount rate related to the private nature of the notes (and the related lack of liquidity). This additional loss results in the total valuation impact included in the estimated loss on sale from discontinued operations, as pertains to the \$80.9 million par value surplus notes, to \$18.5 million, or an estimated fair value of \$62.4 million for the surplus notes.

The \$7.0 million after-tax change to the estimated loss on sale in the third quarter of 2014 was primarily driven by the \$10.3 million, pre-tax, change in valuation estimate described above. The nine months ended September 30, 2014 loss on sale of \$7.5 million included both the \$7.0 million from the third quarter, as well as the net effect of the two items from the second quarter, as described in more detail above.

These changes, along with certain other adjustments, resulted in a net increase in the estimated loss on sale of \$11.5 million (\$7.5 million after tax) during the nine months ended September 30, 2014, resulting in a revised pre-tax estimated loss on sale of \$80.5 million (\$52.4 million after tax). The estimated loss on sale may change prior to closing as a result of, among other factors, changes in the estimated fair value of these surplus notes.

As of September 30, 2014, the recorded net unpaid loss and LAE reserves associated with the Runoff Business totaled \$142.5 million. Management believes that the recorded net loss and LAE reserves reflect a reasonable provision for expected future loss and LAE payments and represent management's best estimate within a range of reasonable estimates.

OneBeacon made loss and LAE payments of \$16.4 million and \$17.4 million for the three months ended September 30, 2014 and 2013, respectively, and \$45.2 million and \$88.8 million for the nine months ended September 30, 2014 and 2013, respectively.

Fair Value Adjustment

In connection with purchase accounting for the OneBeacon Acquisition, the Company was required to adjust to fair value the loss and LAE reserves and the related reinsurance recoverables. Loss and LAE reserves and the related reinsurance recoverables presented in the summary of reclassified balances within assets and liabilities held for sale as of September 30, 2014 and December 31, 2013, are net of \$127.0 million and \$136.9 million, respectively, related to

the outstanding pre-tax unaccreted adjustment.

Reinsurance

As described in Note 4—"Reinsurance," in the normal course of business, OneBeacon's insurance subsidiaries seek to limit losses that may arise from catastrophes or other events by reinsuring with third-party reinsurers. OneBeacon remains liable for risks reinsured even if the reinsurer does not honor its obligations under reinsurance contracts.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

NOTE 15. Discontinued Operations

In connection with the OneBeacon Acquisition, Aviva caused OneBeacon to purchase two reinsurance contracts from subsidiaries of Berkshire Hathaway Inc.: a reinsurance contract with National Indemnity Company (“NICO”) for up to \$2.5 billion in old asbestos and environmental (“A&E”) claims and certain other exposures (the “NICO Cover”) and an adverse loss reserve development cover from General Reinsurance Corporation (“GRC”) for up to \$570.0 million, comprised of \$400.0 million of adverse loss reserve development occurring in years 2000 and prior (the “GRC Cover”) in addition to \$170.0 million of reserves ceded as of the date of the OneBeacon Acquisition. The NICO Cover and GRC Cover, which were contingent on and occurred contemporaneously with the OneBeacon Acquisition, were put in place in lieu of a seller guarantee of loss and LAE reserves and are therefore accounted for under GAAP as a seller guarantee.

NICO Cover

Under the terms of the NICO Cover, NICO receives the economic benefit of reinsurance recoverables from certain of OneBeacon’s third party reinsurers (“Third Party Reinsurers”) in existence at the time the NICO Cover was executed (“Third Party Recoverables”). As a result, the underlying Third Party Recoverables serve to protect the \$2.5 billion limit of NICO coverage for the benefit of OneBeacon. OneBeacon estimates that on an incurred basis it has used approximately \$2.3 billion of the coverage provided by NICO at September 30, 2014. Net losses paid totaled approximately \$1.7 billion as of September 30, 2014. To the extent that actual experience differs from OneBeacon’s estimate of ultimate A&E losses and Third-Party Recoverables, future losses could exceed the \$198.3 million of protection remaining under the NICO Cover at September 30, 2014.

GRC Cover

Pursuant to the GRC Cover, OneBeacon is not entitled to recover losses to the full contract limit if such losses are reimbursed by GRC more quickly than anticipated at the time the contract was signed. OneBeacon intends to seek reimbursement from GRC only for claims which result in payment patterns similar to those supporting its recoverables recorded pursuant to the GRC Cover. The economic cost of not submitting certain other eligible claims to GRC is primarily the investment spread between the rate credited by GRC and the rate achieved by OneBeacon on its own investments. This cost, if any, is expected to be nominal. As of September 30, 2014, OneBeacon has ceded estimated incurred losses of \$562.0 million to GRC under the GRC Cover. As of September 30, 2014, OneBeacon has \$337.3 million of reinsurance recoverables on unpaid losses outstanding under the GRC Cover.

At September 30, 2014, OneBeacon had \$7.4 million of reinsurance recoverables on paid losses and \$1,585.4 million (gross of \$127.0 million in purchase accounting adjustments, as described above) that will become recoverable if claims are paid in accordance with current reserve estimates, related to the Runoff Business that have been reclassified to assets held for sale. Reinsurance contracts do not relieve OneBeacon of its obligations. Therefore, collectibility of balances due from reinsurers is critical to OneBeacon's financial strength. The following table provides a listing of the top reinsurers related to the Runoff Business reported in assets held for sale, excluding industry pools and associations, based on reinsurance recoverable amounts on paid and unpaid losses, the percentage of the total reported as held for sale (gross of the \$127.0 million in purchase accounting adjustment), and the reinsurers' A.M.
