PROXY STATEMENT

The accompanying proxy is solicited by the Company's directors for voting at the special meeting of stockholders to be held on October 28, 2011, at 1:30 pm Pacific Time (the "Meeting"), and at any and all adjournments of the Meeting. If the proxy is executed and returned, it will be voted at the Meeting in accordance with any instructions, and if no specification is made, the proxy will be voted for the proposals set forth in the accompanying notice of the Meeting. Stockholders who execute proxies may revoke them at any time before they are voted, either by writing to the Company at the address shown above or in person at the time of the Meeting. Additionally, any later dated proxy will revoke a previous proxy from the same stockholder. This proxy statement was posted on the Company's website on October 11, 2011.

There is one class of capital stock outstanding. Provided a quorum consisting of a majority of the shares entitled to vote is present at the Meeting, the affirmative vote of a majority of the shares of common stock voting in person or represented by proxy is required to adopt the proposals to come before the Meeting.

Shares of the Company's common stock represented by properly executed proxies that reflect abstentions or "broker non-votes" will be counted as present for purposes of determining the presence of a quorum at the Meeting. "Broker non-votes" represent shares held by brokerage firms in "street-name" with respect to which the broker has not received instructions from the customer or otherwise does not have discretionary voting authority. Abstentions and broker non-votes will not be counted as having voted against the proposals to be considered at the Meeting.

PROPOSAL TO AMEND THE COMPANY'S ARTICLES OF INCORPORATION

Stockholders are being requested to vote to amend the Company's Articles of Incorporation to reduce the number of shares of common stock the Company is authorized to issue from 400,000,000 shares to 200,000,000 shares, to authorize the Company to issue 10,000,000 shares of preferred stock and to authorize the Company's Board of Directors to prescribe the classes, series and the number of each class or series of stock and the voting powers, designations, preferences, limitations, restrictions and relative rights of each class or series of stock.

The Company currently is authorized to issue 400,000,000 shares of common stock. As of the Record Date, the Company had 15,241,904 outstanding shares of common stock.

Given the number of shares the Company has outstanding, the Company believes that having an authorized capitalization of 400,000,000 shares of common stock is excessive. Further, concerns over the potential for future dilution may be alleviated by reducing to a more reasonable level the number of common shares which the Company may issue.

Currently the Company is not authorized to issue any preferred stock. Under Nevada law, shares of preferred stock may be issued from time to time in one or more series as may be determined by the Company's Board of Directors. For each series, the voting powers and preferences, dividend rights, preferential payments on liquidation, rights to convert the preferred shares into common shares, and any other qualifications, limitations or restrictions will be established by the Board of Directors.

With this flexibility, the Board of Directors can issue a series of preferred stock which, unlike common stock, can be specifically tailored to unique aspects of a financing or an acquisition.

It should be noted, however, that the issuance of preferred stock with multiple votes per share and dividend rights, which would have priority over any dividends paid with respect to the holders of our common stock, may make the removal of management difficult, even if the removal would be considered beneficial to stockholders generally, and may have the effect of limiting stockholders' participation in transactions such as mergers or tender offers if these transactions are not favored by the Company's management.

The Company does not have any current plans, agreements, or understandings, written or oral, with respect to the issuance of any preferred shares.

The Company's Board of Directors recommends that stockholders vote FOR this proposal.

AVAILABILITY OF INFORMATION FILED WITH SECURITIES AND EXCHANGE COMMISSION

The Company's Annual Report on Form 10-K for the year ending December 31, 2010, amended 8-K report filed on June 8, 2011, amended 8-K report filed on August 12, 2011, and amended 14f-1 Information Statement filed on June 8, 2011, will be sent to any stockholder of the Company upon request. Requests for a copy of one or more of these reports should be addressed to the Company's Secretary at the address provided on the first page of this proxy statement.

GENERAL

The cost of preparing, printing and mailing the enclosed proxy, accompanying notice and proxy statement, and all other costs in connection with solicitation of proxies will be paid by the Company including any additional solicitation

made by letter, telephone or email. Failure of a quorum to be present at the Meeting will necessitate adjournment and will subject the Company to additional expense. The Company is subject to the requirements of the Securities Exchange Act of 1934 and is required to file reports and other information with the Securities and Exchange Commission. Copies of these reports and other information can be read and downloaded from the Commission's website, www.sec.gov.

The Company's Board of Directors does not intend to present and does not have reason to believe that others will present any other items of business at the Meeting. However, if other matters are properly presented to the Meeting for a vote, the proxies will be voted upon such matters in accordance with the judgment of the persons acting under the proxies.

Please complete, sign and return the attached proxy promptly.
