Section 1 - Conflict Minerals Disclosure Item 1.01 Conflict Minerals Disclosure and Report

Conflict Minerals Disclosure

On December 1, 2013, Allegion plc ("Allegion") became a stand-alone public company after Ingersoll-Rand plc ("IR") completed the separation of its commercial and residential security businesses from the rest of IR (the "Spin-off"). For purposes of this Form SD, the "Company" includes IR with respect to the work performed prior to the Spin-off and Allegion for the work performed following the Spin-off.

The Company has conducted a reasonable country of origin inquiry regarding the minerals specified by Rule 13p-1 of the Securities Exchange Act of 1934, as amended (the "conflict minerals") necessary to the functionality or production of products manufactured or contracted to manufacture by Allegion for the fiscal year ended December 31, 2013. The Company exercised due diligence on the source and chain of custody of its conflict minerals using the OECD Due Diligence Guidance for Responsible Supply Chains of Minerals from Conflict-Affected and High-Risk Areas, an internationally recognized due diligence framework.

Allegion has filed a Conflict Minerals Report as exhibit 1.01 to this report and has made this report publicly available at: http://www.allegion.com/corp/en/investor-relations.
