SECTION 1 - REGISTRANT'S BUSINESS AND OPERATIONS

Item 1.01 Entry into a Material Definitive Agreement

On March 30, 2018, a subsidiary of NextEra Energy Partners, LP (NEP) (the seller) entered into a purchase and sale agreement with Canada Pension Plan Investment Board (the purchaser). Pursuant to the terms of the purchase (a) and sale agreement, the purchaser agreed to acquire NextEra Energy Canada Partners Holdings, ULC, a NEP subsidiary that indirectly owns interests in four wind generation facilities and two solar generation facilities located in Ontario, Canada with a generating capacity totaling approximately 396 megawatts.

The purchase and sale agreement contains customary representations, warranties and covenants by the parties. The parties are obligated, subject to certain limitations, to indemnify the other for certain customary and other specified matters, including breaches of representations and warranties, nonfulfillment or breaches of covenants and for certain liabilities and third-party claims.

NEP expects the sale to close during the second quarter of 2018 for a total consideration of approximately CAD \$741 million (USD \$574 million at March 30, 2018), subject to certain adjustments, plus the assumption by the purchaser of approximately CAD \$889 million (USD \$689 million at March 30, 2018) in existing debt. The transaction is subject to the receipt of regulatory approvals and satisfaction of customary closing conditions. Post closing, an affiliate of NextEra Energy Resources, LLC (NEER) expects to operate all of the generation facilities included in the purchase and sale agreement for a period of at least ten years. In connection with NEER operating the generation facilities, NEP expects to receive an aggregate O&M origination fee from NEER of approximately CAD \$1.25 million per year. The foregoing description of the purchase and sale agreement is qualified in its entirety by reference to the purchase and sale agreement, a copy of which is filed as Exhibit 2.1 to this Current Report on Form 8-K and incorporated herein by reference.

On April 2, 2018, a subsidiary of NEP entered into a foreign exchange forward transaction letter agreement (the forward agreement) with Citibank, N.A. NEP entered into the forward agreement to manage foreign currency (b) exchange rate risk associated with the cash consideration NEP expects to receive upon closing of the purchase and sale agreement discussed above. The forward agreement, which is designed to hedge fluctuation in the exchange rate for U.S. dollars to Canadian dollars, has a notional amount of CAD \$741 million and a settlement rate of 1.291449.

The foregoing description of the forward agreement is qualified in its entirety by reference to the trade confirmation dated April 2, 2018, a copy of which is filed as Exhibit 10.1 to this Current Report on Form 8-K and incorporated herein by reference.
