Dear Fellow Stockholder:

You are cordially invited to attend the Annual Meeting of Stockholders of Assurant, Inc. The Annual Meeting will be held on May 7, 2019 at 9:00 a.m. Central Time at The Langham, Chicago, 330 North Wabash Avenue, Chicago, Illinois 60611. We hope you attend the Annual Meeting but, whether or not you plan to attend, we encourage you to complete your proxy card or broker instruction form instructing the proxies how to vote your shares.

At last year's annual meeting of stockholders, our advisory "say-on-pay" proposal received approval of approximately 95% of the vote. We attribute this support to the alignment of our compensation programs with the interests of our stockholders. In 2018, we continued our regular investor outreach program to hear our investors' thoughts about executive compensation and corporate governance issues. We look forward to continuing this important dialogue with our investors in 2019.

As a member of the Board of Directors, I am pleased to report to you that our well-qualified and diverse group of directors brings a balanced mix of executive leadership, industry, boardroom, financial and operating experience to Assurant. Our highly experienced directors provide critical insights on important issues facing our business today, always with a focus on maximizing stockholder value and adhering to Assurant's bedrock principles concerning ethics, compliance and respect for every employee in the Company.

At the Annual Meeting, stockholders are being asked to elect directors; ratify the appointment of the Company's auditors; cast an advisory say-on-pay vote approving the compensation of the Company's named executive officers for 2018; and increase the available share reserve under the Company's long term equity incentive plan.

We ask that you please give these materials your prompt attention. Your vote is important.

On behalf of the Board of Directors, I thank you for your continued interest and support.

Sincerely,

Alan B. Colberg

BUSINESS HIGHLIGHTS

Overview. Assurant, Inc. ("Assurant" or the "Company") is a global provider of risk management solutions in the housing and lifestyle markets, protecting where people live and the goods they buy. Assurant operates in North America, Latin America, Europe and Asia Pacific through three operating segments: Global Housing, Global Lifestyle and Global Preneed.

We successfully delivered on our financial commitments to shareholders in 2018, while also investing to ensure a stronger Assurant for the future. Net income and net income per diluted share decreased in 2018 primarily due to the absence of a \$177 million one-time benefit related to enactment of the U.S. Tax Cuts and Jobs Act in 2017. We grew net operating income, excluding reportable catastrophes,⁽¹⁾ by 25% in 2018, driven by a lower effective tax rate, our acquisition of The Warranty Group (as defined below) and organic growth in targeted businesses. Net operating income per diluted share, excluding reportable catastrophes,⁽¹⁾ grew 16%, at a lower rate than net operating income, excluding reportable catastrophes,⁽¹⁾ given the share issuance related to our acquisition of The Warranty Group. We were also pleased by the ongoing cash flow generation of our specialty businesses. In 2018, share repurchases and common stock dividends totaled approximately \$266 million. More importantly, in 2018 we took steps to sustain profitable growth long term. We further strengthened our businesses within Connected Living, Global Automotive and Multifamily Housing by broadening our distribution, expanding client partnerships, introducing new and differentiated offerings and acquiring The Warranty Group.

On May 31, 2018, we acquired TWG Holdings Limited and its subsidiaries (as subsequently reorganized, "The Warranty Group" or "TWG") for a total enterprise value of \$2.47 billion. The Warranty Group specializes in the underwriting, administration and marketing of service contracts on a wide variety of consumer goods, including automobiles, consumer electronics and major home appliances. We expect the acquisition will enhance our position as a leading lifestyle provider, particularly within the Global Automotive business, with new client partnerships and distribution channels. The acquisition will support our growth strategy for Global Lifestyle given TWG's attractive product and client portfolio and our deepened global footprint across 21 countries, including key markets such as Asia Pacific. We expect to generate significant operating synergies by optimizing global operations.

In 2018, the Company sold its Mortgage Solutions business and Time Insurance Company, a subsidiary of the runoff Assurant Health business. This will allow us to further focus on lines of business targeted for growth and strengthen our offerings and capabilities. The Company also continues to evolve its operating structure to accelerate operations and technology transformation.

COMPENSATION HIGHLIGHTS

Assurant’s executive compensation programs are aligned with the Company’s strategic and financial objectives. As explained below, a large portion of the Company’s executive compensation is tied to the Company’s financial performance and stock price performance. In connection with its \$2.47 billion acquisition of The Warranty Group in 2018, the Company made changes to its executive compensation program to align with the Company’s strategic and financial objectives relating to the acquisition. Highlights of the Company’s 2018 executive compensation programs include:

PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

To Be Held May 7, 2019

This proxy statement is furnished to stockholders of Assurant, Inc. (“Assurant” or the “Company”) in connection with the solicitation by the Board of Directors of Assurant (the “Board”) of proxies to be voted at the 2019 Annual Meeting of Stockholders (the “Annual Meeting”) to be held at The Langham, Chicago, 330 North Wabash Avenue, Chicago, Illinois 60611 on May 7, 2019 at 9:00 a.m. Central Time, or at any adjournment or postponement thereof.

SEC rules allow us to use a “Notice and Access” model to make our proxy statement and other Annual Meeting materials available to you. On or about March 25, 2019, we will begin mailing a Notice of Internet Availability of Proxy Materials (the “Notice”) to certain of our stockholders advising them that our proxy statement, 2018 annual report to stockholders and voting instructions can be accessed via the Internet upon the commencement of such mailing. You may then access these materials and vote your shares via the Internet or by telephone or you may request that a printed copy of the proxy materials be sent to you. You will not receive a printed copy of the proxy materials unless you request one in the manner described in the Notice. Using the Notice allows us to conserve natural resources and reduces the costs of printing and distributing the proxy materials, while providing our stockholders with convenient access to the proxy materials via the Internet.

We have adopted a procedure, approved by the SEC, called “householding” whereby stockholders of record who have the same address and last name and receive hard copies of the annual report and proxy statement will receive only one set of materials per household. However, if any stockholder who agreed to householding wishes to receive a separate annual report or proxy statement for 2019 or in the future, he or she may telephone toll-free 1-866-540-7095 or write to Broadridge Household Department, 51 Mercedes Way, Edgewood, New York 11717. Stockholders sharing an address who wish to receive a single set of reports may do so by contacting their banks or brokers, if they are beneficial holders, or by contacting Broadridge at the address set forth above if they are record holders.

The solicitation of proxies for the Annual Meeting is being made by telephone, Internet and mail. Proxies may be solicited on behalf of the Company by its officers, directors or employees by telephone, in person or by other electronic means without additional compensation. We have retained Morrow Sodali LLC, 470 West Ave., Stamford, Connecticut 06902, to assist with the solicitation of proxies for an estimated fee of \$12,000 plus reimbursement of expenses. We will bear the cost of the solicitation of proxies, including postage, printing and handling, and will reimburse brokerage firms and other record holders of shares beneficially owned by others for their reasonable expenses incurred in forwarding solicitation material to beneficial owners of shares.

Any stockholder of record may revoke his or her proxy at any time before it is voted by delivering a signed proxy or other written notice of revocation, which is dated later than the initially voted proxy to the Corporate Secretary of Assurant. Any record holder of shares present at the Annual Meeting may also withdraw his or her proxy and vote in person on each matter brought before the Annual Meeting. All shares represented by properly signed and returned proxies in the accompanying form or those submitted by Internet or telephone, unless revoked, will be voted in accordance with the instructions given thereon. A properly executed proxy without specific voting instructions will be voted as recommended by the Board: FOR each director nominee; and FOR Proposals Two, Three and Four, each as described in this proxy statement.

Any stockholder whose shares are held through a broker, bank or other nominee (shares held in street name) will receive instructions from the broker, bank or nominee that must be followed in order to have his or her shares voted. Such stockholders wishing to vote in person at the meeting must obtain a legal proxy from their broker, bank or other nominee and bring it to the meeting.

Only stockholders of record at the close of business on March 13, 2019, the record date for the Annual Meeting, will be entitled to notice of and to vote at the Annual Meeting or at any adjournment or postponement thereof. As of the close of business on that date, 61,683,033 shares of our common stock, par value \$0.01 per share (the

“Common Stock”), were outstanding. Stockholders will each be entitled to one vote per share of Common Stock held. Votes cast in person or by proxy at the Annual Meeting will be tabulated by the inspector of elections appointed for the meeting. Pursuant to Assurant’s by-laws and the Delaware General Corporation Law (the “DGCL”), the presence of the holders of shares representing a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting, whether in person or by proxy, is necessary to constitute a quorum for the transaction of business at the Annual Meeting. Under the DGCL, abstentions and “broker non-votes” will be treated as present for purposes of determining the presence of a quorum. Broker non-votes are proxies from brokers or nominees as to which such persons have not received instructions from the beneficial owners or other persons entitled to vote with respect to a matter on which the brokers or nominees do not have the discretionary power to vote.

Under Rule 452 of the New York Stock Exchange (the “NYSE”) Listed Company Manual, the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2019 (Proposal Two) is the only matter as to which brokers will be permitted to vote uninstructed shares. Brokers who do not receive voting instructions from their clients with respect to the other proposals will not be able to exercise discretion to vote on those proposals and those shares will not be counted as voting for or against the matter or “entitled to vote” on the matter, and will, therefore, have no legal effect on the voting.

For Proposal One, to be elected as a director, a nominee must receive the support of a majority of the votes cast, meaning that the number of votes cast “for” a director’s election must exceed the number of votes cast “against” that director’s election. Any incumbent director who is not elected by a majority of the votes cast must promptly tender his or her resignation. The Nominating and Corporate Governance Committee of the Board (the “Nominating Committee”) will consider the matter, taking into account all relevant factors, and recommend to the Board whether to accept or reject the tendered resignation or to take other action. The Board, excluding the director in question, will act on the Nominating Committee’s recommendation and publicly disclose its decision and the rationale within 90 days following the date of the certification of the election results. Under our by-laws, the approval of Proposals Two, Three and Four requires the affirmative vote of a majority of the stock held by persons who are present or represented by proxy at the Annual Meeting and entitled to vote.

For purposes of the election of directors under Proposal One, an abstention will not affect whether the number of “for” votes exceeds the number of “against” votes, and accordingly will not affect whether the director is elected. For purposes of determining approval of the other Proposals, abstentions will have the same effect as an “against” vote. We urge stockholders to vote their shares by Internet, telephone or mail.

The Audit Committee of the Board of Directors has appointed PricewaterhouseCoopers LLP as the independent registered public accounting firm to audit the Company's consolidated financial statements for the year ending December 31, 2019. The Audit Committee is responsible for the appointment, compensation, retention and oversight of the independent registered public accounting firm retained to audit the Company's financial statements. The Audit Committee is responsible for approving the audit fees and terms associated with the Company's retention of its independent registered public accounting firm. In order to assure continuing auditor independence, the Audit Committee periodically considers whether there should be regular rotation of the independent registered public accounting firm. In conjunction with the mandated rotation of the lead engagement partner, the Audit Committee and its chair are involved in the selection of the new lead engagement partner. The members of the Audit Committee and the Board believe that the retention of PricewaterhouseCoopers LLP to serve as the Company's independent registered public accounting firm is in the best interest of the Company and its stockholders. PricewaterhouseCoopers LLP has acted as our independent registered public accounting firm since 2000.

In accordance with a resolution of the Audit Committee, this appointment is being presented to stockholders for ratification at the Annual Meeting. PROPOSAL THREE

ADVISORY VOTE ON EXECUTIVE COMPENSATION FOR 2018

The following Company proposal gives stockholders the opportunity to cast a non-binding advisory vote with respect to the 2018 compensation of the Company's named executive officers ("NEOs"). This advisory vote is also referred to as the "say-on-pay" advisory vote. Consistent with the results of the 2017 stockholder vote on the frequency of its say-on-pay advisory vote, the Company holds the say-on-pay advisory vote annually.

In considering your vote, we encourage you to review the Compensation Discussion and Analysis (the "CD&A"), beginning on page 23. As described in the CD&A, we believe our current compensation programs and policies directly link executive compensation to Company performance and thereby align the interests of our executive officers with those of our stockholders.

Our Board intends to carefully consider the stockholder vote resulting from this proposal. Please cast a vote either to approve or not approve the following resolution:

"RESOLVED, that the 2018 compensation provided to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K of the U.S. Securities and Exchange Commission, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED."

Vote Required; Board Recommendation

The affirmative vote of a majority of the stock held by persons who are present or represented by proxy at the Annual Meeting and entitled to vote on this proposal is required for approval of this non-binding resolution. For purposes of determining approval of this proposal, an abstention will have the same effect as an "against" vote.

The Board of Directors recommends that stockholders vote FOR approval of the 2018 compensation of our NEOs as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion.

PROPOSAL FOUR

APPROVAL OF AN AMENDMENT TO THE ASSURANT, INC. 2017 LONG TERM EQUITY INCENTIVE PLAN

On March 7, 2019, the Compensation Committee approved an amendment to the Assurant, Inc. 2017 Long Term Equity Incentive Plan (the “ALTEIP”), subject to approval by stockholders. If approved by our stockholders, the amendment would increase the available share reserve under the ALTEIP by 550,000 common shares as described below.

Increase in Share Reserve

The Compensation Committee adopted and stockholders approved the ALTEIP on March 10, 2017 and May 11, 2017, respectively. As of January 1, 2019, there were approximately 2,068,677 shares of our Common Stock subject to outstanding awards under the ALTEIP. This figure includes the maximum number of shares issuable upon conversion of performance awards assuming maximum achievement of all performance goals. All awards granted after January 1, 2019 will reduce the new share reserve described in “Shares Available for Awards” below.

Considering our historical grant practices, we believe we have been judicious in our share usage and mindful of potential stockholder dilution. The ALTEIP has been the sole source of shares for all equity incentive awards granted to our officers, employees and directors since May 11, 2017, and during such time we have not sought stockholder approval of any increase in the number of shares available for issuance under the ALTEIP. Approval of the amendment to the ALTEIP will enable the Company to continue making equity compensation grants that serve as incentives to recruit and retain key employees and to continue aligning the interests of its employees with stockholders. Based on the number of shares requested to be reserved under the ALTEIP and on our anticipated future annual grant cycles, we expect that the share reserve will be sufficient to cover future equity incentive awards for approximately two to three years.

A summary of the ALTEIP is set forth below. This summary is qualified in its entirety by the full text of the ALTEIP, which is attached to this Proxy Statement as Appendix B.

Promotion of Sound Corporate Governance Practices

The ALTEIP includes a number of features that reinforce and promote alignment of equity compensation arrangements for employees, officers and non-employee directors with the interests of stockholders and the Company, and reflect our regular discussions with stockholders. The following are some of the features included in the ALTEIP: No Single-Trigger Change of Control Vesting. Awards granted under the ALTEIP that are assumed by the successor entity in connection with a change of control of the Company will not automatically vest and pay out upon the change of control.

No Discounted Stock Options or SARs. Stock options and SARs may not be granted with exercise prices lower than the fair market value of the underlying shares on the grant date.

Prohibition on Repricing. The exercise price of a stock option or SAR may not be reduced, directly or indirectly, without the prior approval of stockholders, including by a cash repurchase of “underwater” awards.

Minimum Vesting Requirements. Subject to certain limited exceptions, full-value awards, stock options and SARs granted under the ALTEIP are either subject to a minimum vesting period of three years (which may include graduated vesting within such three-year period; provided, however, that no portion of any award subject to graduated vesting may vest earlier than one year after grant), or one year if the vesting is based on performance criteria other than continued service.

No Liberal Share Recycling on Stock Options or SARs. Shares retained by or delivered to the Company to pay the exercise price of a stock option or SAR or to satisfy tax withholding in connection with the exercise of such awards count against the number of shares remaining available under the ALTEIP.

No Tax Gross-Ups. The ALTEIP does not provide for any tax gross-ups.

Table of Contents Proposal Four

Awards Subject to Clawback Policy. Awards under the ALTEIP are subject to any compensation recoupment policy that the company may adopt from time to time. See “Executive Compensation Recoupment (“Clawback”) Policy” on page 38 for further information on the Company’s clawback policy.

Key Data Relating to Outstanding Equity Awards and Shares Available

The following table includes information regarding outstanding equity awards and shares currently available for future awards under the ALTEIP, which is the Company’s only active equity plan, as of January 1, 2019 (and without giving effect to approval of the amendment to the ALTEIP under this Proposal):

ALTEIP

Total shares underlying outstanding full value awards ^{1 2}	2,068,677
--	-----------

Total shares currently available for grant	1,038,797
--	-----------

¹ Includes the maximum number of shares issuable upon conversion of performance awards if all performance goals were achieved at the maximum level.

² There are no outstanding options or SARs.

Summary of the ALTEIP

Purpose. The purpose of the ALTEIP is to give Assurant a competitive advantage in attracting, retaining, and motivating officers, employees, directors, and consultants, and to provide Assurant with an equity plan that gives employees incentives directly linked to stockholder value.

Administration. The ALTEIP is administered by our Compensation Committee.

The Compensation Committee has exclusive and final authority to administer and interpret the ALTEIP, including the power to:

- Determine eligibility for participation;
- Establish performance goals for each participant;
- Determine the types of awards to be granted to participants; and
- Interpret the terms and provisions of the plan and any award.

Any determination made by the Compensation Committee under the ALTEIP is made in the sole discretion of the Compensation Committee, and such determinations are final and binding on all persons.

Generally, the Compensation Committee may delegate any of its powers and responsibilities, and our full Board may exercise any of the Compensation Committee’s powers and responsibilities. In accordance with past practice, the Board has delegated to Assurant’s Chief Executive Officer limited authority to make certain grants of awards to non-Section 16 officers. However, the Compensation Committee may not delegate any of its powers or responsibilities, and the full Board may not exercise any of those powers or responsibilities, to the extent that those actions would cause an award to a director or executive officer to fail to be exempt from short-swing profit recovery.

Eligible Participants in the Plan

The Compensation Committee may select any or all of the following persons to be granted awards under the plan:

- Members of the Board; and
- Officers of, employees of, and consultants to Assurant and/or any of our subsidiaries or affiliates.

The basis of participation in the ALTEIP is the Compensation Committee’s decision, in its sole discretion, that an award to an eligible participant will further the ALTEIP’s purpose. As of March 22, 2019, we had twelve members of the Board and approximately 17,591 officers, employees, and consultants.

Awards to Non-Employee Directors. Notwithstanding the above, awards granted under the ALTEIP to the Company’s non-employee directors are made only in accordance with the terms, conditions and parameters of a

Table of Contents Proposal Four

plan, program or policy for the compensation of non-employee directors as in effect from time to time. See “Limits on Non-Employee Director Equity Compensation” below for further information on non-employee director compensation, including the Company’s cap on such compensation.

Permissible Awards. The ALTEIP authorizes the granting of awards in any of the following forms:

- Options to purchase shares of our Common Stock at the market price on the grant date, which may be designated under the Internal Revenue Code (as amended, the “Code”) as nonstatutory stock options or incentive stock options; SARs, which give the holder the right to receive an amount (payable in cash or stock, as specified in the award agreement) equal to the excess of the fair market value per share of our Common Stock on the date of exercise over the base price of the award (which cannot be less than the fair market value of the underlying stock as of the grant date), multiplied by the number of SARs that have been exercised by the holder;

- Restricted stock, which is subject to restrictions on transferability and subject to forfeiture on terms set by the Compensation Committee;

- Unrestricted stock, which is not subject to conditions on grant, vesting or transferability, but is subject to the conditions and limitations described below under Minimum Vesting Requirements;

- Restricted stock units, which represent the right to receive shares of Common Stock at a designated time in the future and subject to any vesting requirement as may be set by the Compensation Committee; and

- Performance shares and performance units, which represent the right to earn or receive shares of Common Stock based on the achievement, or the level of achievement, of one or more performance goals during a specified performance period, as established by the Compensation Committee.

Dividend Equivalents. The ALTEIP also enables the Compensation Committee to grant awards of dividend equivalents with respect to full-value awards. Dividend equivalents entitle the participant to receive payments equal to the dividends that would be payable with respect to shares of our Common Stock during a specified period, if the participant had owned the shares during that period.

We may settle dividend equivalents in cash, shares of our stock, or both, in the Compensation Committee’s discretion. Dividend equivalents may be made subject to the same vesting conditions as the conditions of any other award to which they relate, including vesting based on continued service, the satisfaction of performance goals, or both.

Shares Available for Awards. Subject to proportionate adjustment in the event of stock splits and similar events, the aggregate number of shares of Common Stock that may be issued under the ALTEIP is 1,588,797 shares, plus a number of additional shares underlying awards outstanding as of the amendment date of the ALTEIP that thereafter terminate or expire unexercised, or are cancelled, forfeited or lapse for any reason. There are no stock options or SARs outstanding as of February 28, 2019.

Share Counting. Shares subject to awards that terminate or expire unexercised, or are cancelled, forfeited or lapse for any reason, and shares underlying awards that are ultimately settled in cash, will again be available for future grants of awards under the ALTEIP. To the extent that the full number of shares subject to a full-value award is not issued for any reason, including by reason of failure to achieve maximum performance goals, the unissued shares originally subject to the award are added back to the plan share reserve.

Shares withheld from a full-value award to satisfy tax withholding requirements are not counted against the number of shares remaining available under the plan, and shares delivered by a participant to satisfy tax withholding requirements with respect to a full-value award are added to the plan share reserve.

Shares withheld from an option or SAR to satisfy tax withholding requirements count against the number of shares remaining available under the plan, and shares delivered by a participant to satisfy tax withholding requirements with respect to an option or SAR are not added to the plan share reserve.

Table of Contents Proposal Four

Shares delivered or withheld to pay the exercise price of an option, are not used to replenish the plan share reserve. Upon exercise of a SAR, the full number of shares underlying the award (rather than any lesser number based on the net number of shares actually delivered upon exercise) count against the plan share reserve.

Limitations on Awards. The maximum aggregate number of shares of Common Stock subject to time-vesting options in any calendar year to any one participant is 300,000 and the maximum aggregate number of shares of Common Stock subject to time-vesting SARs in any calendar year to any one participant is also 300,000. With respect to performance-based awards, for any calendar year, the maximum amount that may be paid to any one participant payable in cash or property or other than shares is \$7,500,000, and the maximum number of shares that may be paid to any one participant for performance-based awards is 300,000 shares.

Limits on Non-Employee Director Equity Compensation. The maximum number of shares that may be granted to any non-employee director under the ALTEIP in any calendar year shall be limited to a number that, combined with any cash fees or other compensation, does not exceed \$600,000 in total value based on the share value on the date of grant (or \$800,000 under extraordinary circumstances as determined by the Board).

Minimum Vesting Requirements. Full-value awards, options and SARs are subject to a minimum vesting period of three years (which may include graduated vesting within such three-year period; provided, however, that no portion of any award subject to graduated vesting shall vest earlier than one year after grant), or one year if the vesting is based on performance criteria other than continued service. However, the Compensation Committee may at its discretion (i) accelerate vesting of such full-value awards, options and SARs in the event of the participant's termination of service, or the occurrence of a change in control, or (ii) grant full-value awards, options and SARs without the minimum vesting requirements described above with respect to awards covering 5% or fewer of the total number of shares authorized under the ALTEIP.

Performance-Based Awards. The Compensation Committee may designate any other award granted under the ALTEIP as a performance-based award by conditioning the right of a participant to have it settled, and the timing thereof, upon achievement or satisfaction of objectively determinable performance goals. Performance goals may be based on one or more of, but are not limited to, the following business criteria: overall or selected sales growth, expense efficiency ratios (ratio of expenses to income), market share, customer service measures or indices, underwriting efficiency and/or quality, persistency factors, return on net assets, economic value added, stockholder value added, embedded value added, combined ratio, expense ratio, loss ratio, premiums, risk based capital, revenues, revenue growth, earnings (including earnings before taxes; earnings before interest and taxes; and earnings before interest, taxes, depreciation, and amortization), earnings per share, net operating earnings per share, operating income (including non-pension operating income), pre- or after-tax income, net income, cash flow (before or after dividends), cash flow per share (before or after dividends), gross margin, return on equity, return on capital (including return on total capital or return on invested capital), cash flow return on investment, return on assets or operating assets, economic value added (or an equivalent metric), stock price appreciation, total stockholder return (measured in terms of stock price appreciation and dividend-related returns), cost control, gross profit, net operating income, cash generation, unit volume, stock price, market share, sales, asset quality, cost saving levels, marketing-spending efficiency, core non-interest income, or change in working capital with respect to Assurant or any one or more of our subsidiaries, affiliates, or divisions, either in absolute terms or relative to the performance of one or more other companies.

The Compensation Committee may provide, at the time the performance goals are established, that any evaluation of performance shall exclude or otherwise objectively adjust for any specified circumstance or event that occurs during a performance period.

Treatment of Awards upon a Change of Control. Unless otherwise provided in an award agreement or any special plan document governing an award:

- (A) upon the occurrence of a change of control of the Company in which awards under the ALTEIP are assumed by the surviving entity or otherwise equitably converted or substituted in connection with the change in control, if within two years after the effective date of the change of control, a participant's employment is terminated without Cause or the participant resigns for Good Reason (as such terms are defined in the ALTEIP), then:

- all of that participant's outstanding options and SARs will become fully vested and exercisable, and all time-based vesting restrictions on that participant's outstanding awards will lapse; and

Table of Contents Proposal Four

the payout opportunities attainable under outstanding performance-based awards will vest based on the greater of: (i) an assumed achievement of all relevant performance goals at the “target” level pro-rated based upon the length of time within the performance period that has elapsed prior to the change of control or (ii) the actual level of achievement of all relevant performance goals (measured as of the latest date immediately preceding the change in control for which performance can, as a practical matter, be determined).

upon the occurrence of a change of control of the Company in which awards under the ALTEIP are not assumed (B) by the surviving entity or otherwise equitably converted or substituted in connection with the change in control in a manner approved by the Compensation Committee or the Board:

all outstanding options and SARs will become fully vested and exercisable, and all time-based vesting restrictions on outstanding awards will lapse; and

the payout opportunities attainable under outstanding performance-based awards will vest based on the greater of: (i) an assumed achievement of all relevant performance goals at the “target” level pro-rated based upon the length of time within the performance period that has elapsed prior to the change in control or (ii) the actual level of achievement of all relevant performance goals (measured as of the latest date immediately preceding the change in control for which performance can, as a practical matter, be determined).

Anti-dilution Adjustments. In the event of a non-reciprocal transaction between us and our stockholders that causes the per-share value of our Common Stock to change (including, without limitation, any stock dividend, stock split, spin-off, rights offering or large nonrecurring cash dividend), the share authorization limits and annual award limits under the ALTEIP and the number of shares subject to outstanding awards and the exercise price for options and base price for SARs will be adjusted proportionately, and the Compensation Committee shall make such adjustments to the ALTEIP and awards as it deems necessary, in its sole discretion, to prevent dilution or enlargement of rights immediately resulting from such transaction.

Prohibition on Repricing. Without the prior consent of the Company’s stockholders, outstanding stock options and SARs cannot be repriced, directly or indirectly, nor may stock options or SARs be cancelled in exchange for stock options or SARs with an exercise or base price that is less than the exercise price or base price of the original stock options or SARs. In addition, the Company may not, without the prior approval of stockholders, repurchase an option or SAR for value from a participant if the current market value of the underlying stock is lower than the exercise price per share of the option or SAR.

Limitations on Transfer. Except to the extent otherwise determined by the Compensation Committee, no award may be assignable or transferable by a participant otherwise than by will or the laws of descent and distribution.

Clawback Policy. The Company has established a compensation recoupment policy (sometimes referred to as a “clawback policy”) with respect to excess incentive-based compensation provided to current and former executive officers. All performance-based awards granted under the ALTEIP and held by any such person are subject to the clawback policy.

Effective Date. The ALTEIP became effective on May 11, 2017. The plan has a term of ten years.

Amendment and Termination. The Board or the Compensation Committee may amend, alter, or discontinue the plan, but no amendment, alteration, or discontinuation may be made that would materially impair the rights of a participant with respect to a previously granted award without the participant’s consent (with certain limited exceptions). In addition, no amendment may be made without the approval of our stockholders if (i) approval of our stockholders is required by applicable law or the listing requirements of any stock exchange on which the Company’s Common Stock may be listed, (ii) the amendment would materially increase the benefits to participants under the plan, (iii) the amendment would materially increase the number of securities to be issued under the plan, or (iv) the amendment would materially modify the requirements for participation in the plan.

Federal Income Tax Consequences

The following is a summary of certain federal income tax consequences of awards we may make under the ALTEIP. The discussion is general in nature; we have not taken into account a number of considerations which may apply

Table of Contents Proposal Four

in light of the circumstances of a particular participant. The income tax consequences under applicable foreign, state and local tax laws may not be the same as under U.S. federal income tax laws.

Non-Qualified Stock Options. The recipient does not recognize taxable income at the time of a grant of a non-qualified stock option, and we are not entitled to a tax deduction at that time. A participant does recognize compensation taxable as ordinary income (and is subject to income tax withholding) upon exercise of a nonqualified stock option; the recognized compensation equals the excess of the fair market value of the shares purchased over their exercise price. We generally are entitled to a corresponding deduction upon exercise of a non-qualified stock option.

Incentive Stock Options. The recipient does not recognize taxable income at the time of a grant of an incentive stock option. The recipient also does not recognize taxable income (except for purposes of the alternative minimum tax) upon exercise of an incentive stock option.

If the shares acquired by exercise of an incentive stock option are held for the longer of (i) two years from the date the option was granted and (ii) one year from the date the shares were transferred, any gain or loss arising from disposition of those shares is taxed as a long term capital gain or loss, and we are not entitled to any deduction. If, however, the shares acquired are not held for the periods described above, then in the year of disposition the recipient recognizes compensation taxable as ordinary income, equal to the excess of the lesser of (i) the amount realized upon such disposition and (ii) the excess of the fair market value of such shares on the date of exercise over the exercise price. We generally are entitled to a corresponding deduction at that time. The excess of the amount realized in the disposition over the fair market value of the stock on the exercise date is treated as a capital gain.

SARs. The recipient does not recognize taxable income at the time of a grant of a SAR, and we are not entitled to a tax deduction at that time. Upon exercise, however, the recipient does recognize compensation taxable as ordinary income (and subject to income tax withholding) equal to the fair market value of any shares delivered and the amount of cash paid by us in settlement of the rights, and we generally are entitled to a corresponding deduction at that time.

Restricted Stock and Unrestricted Stock. The recipient of restricted stock does not recognize taxable income at the time of a grant of shares of restricted stock, and we are not entitled to a tax deduction at such time, unless the participant makes an election under Section 83(b) of the Internal Revenue Code to be taxed at that time. If that election is made, the participant recognizes compensation taxable as ordinary income (and subject to income tax withholding) at the time of the grant, equal to the excess of the fair market value of the shares at such time over the amount, if any, paid for such shares. If such election is not made, the participant recognizes compensation taxable as ordinary income (and subject to income tax withholding) at the time the restrictions lapse, in an amount equal to the excess of the fair market value of the shares at such time over the amount, if any, paid for such shares. We generally are entitled to a corresponding deduction at the time the ordinary income is recognized by the recipient, except to the extent that the deduction limits of Section 162(m) apply.

In addition, a participant receiving dividends with respect to restricted stock for which the above-described election has not been made, and prior to the time the restrictions lapse, recognizes compensation taxable as ordinary income (and subject to income tax withholding) rather than dividend income. We generally are entitled to a corresponding deduction, except to the extent that the deduction limits of Section 162(m) apply.

The recipient of unrestricted stock, and of restricted stock subject only to restrictions on transferability, recognize compensation taxable as ordinary income (and subject to income tax withholding) at the time of the grant, equal to the excess of the fair market value of the shares at such time over the amount, if any, paid for such shares. We generally are entitled to a corresponding deduction at that time, except to the extent that the deduction limits of Section 162(m) apply.

Restricted Stock Units. The recipient does not recognize taxable income at the time of a grant of a restricted stock unit, and we are not entitled to a tax deduction at that time. The recipient will recognize compensation taxable as ordinary income (and subject to income tax withholding), however, at the time of the settlement of the award, equal to the fair market value of any shares delivered and the amount of cash paid by us. We will be entitled to a corresponding deduction, except to the extent that the deduction limits of Section 162(m) apply.

Table of Contents Proposal Four

Section 409A. The ALTEIP permits the grant of various types of incentive awards, which may or may not be exempt from Code Section 409A of the Code (“Section 409A”). If an award is subject to Section 409A, and if the requirements of Section 409A are not met, the taxable events as described above could apply earlier than described, and could result in the imposition of additional taxes and penalties. Restricted stock awards, stock options and SARs granted under the ALTEIP, are designed to be exempt from the application of Section 409A. Restricted stock units and performance awards granted under the ALTEIP would be subject to Section 409A unless they are designed to satisfy the short-term deferral exemption from such law. If not exempt, such awards must be specially designed to meet the requirements of Section 409A in order to avoid early taxation and penalties.

Tax Withholding. The Company has the right to deduct or withhold, or require a participant to remit to the Company, an amount sufficient to satisfy federal, state, and local taxes (including employment taxes) required by law to be withheld with respect to any exercise, lapse of restriction or other taxable event arising as a result of the ALTEIP.

New Plan Benefits

Grants and awards under the ALTEIP, which may be made to Company executive officers, directors and other employees, are not presently determinable. If the stockholders approve the amendment, such grants and awards will be made at the discretion of the Compensation Committee.

Historical Plan Benefits

As of January 31, 2019, the Company has not granted stock options or SARs under the ALTEIP and there are no stock options or SARs outstanding under a prior plan.

Vote Required; Board Recommendation

The affirmative vote of the holders of a majority in voting power of the stock present in person or represented by proxy and entitled to vote on this proposal at the Annual Meeting is required for approval. For purposes of determining approval of this proposal, abstentions will have the same legal effect as an “against” vote.

The Board of Directors recommends that stockholders vote FOR this Proposal. Proxies solicited by the Board of Directors will be voted FOR this Proposal, unless a different vote is specified.

COMPENSATION DISCUSSION AND ANALYSIS

I. Executive Summary

Introduction

This Compensation Discussion and Analysis (“CD&A”) provides a detailed review of the compensation principles and strategic objectives governing the compensation of the following individuals, who were our named executive officers for 2018:

Name	Title
Alan B. Colberg	President and Chief Executive Officer
Richard S. Dziadzio	Executive Vice President and Chief Financial Officer (also served as Treasurer until November 2018)
Christopher J. Pagano	Executive Vice President and Chief Risk Officer (until December 31, 2018); Executive Vice President (effective January 1, 2019 through April 1, 2019)
Gene E. Mergelmeyer	Executive Vice President and Chief Operating Officer
Ajay Waghrey	Executive Vice President and Chief Technology Officer (until December 31, 2018)

Throughout this CD&A, we refer to these individuals as our named executive officers or “NEOs”, to Mr. Colberg as our “CEO” and to Mr. Dziadzio as our “CFO”.

The Company is a global provider of risk management solutions in the housing and lifestyle markets, protecting where people live and the goods they buy. On May 31, 2018, the Company acquired TWG Holdings Limited and its subsidiaries (as subsequently reorganized, “The Warranty Group”), for a total enterprise value of \$2.47 billion. The Warranty Group specializes in the underwriting, administration and marketing of service contracts on a wide variety of consumer goods, including automobiles, consumer electronics and major home appliances. We expect the acquisition will enhance our position as a leading lifestyle provider, particularly within the Global Automotive business, with new client partnerships and distribution channels. The acquisition will support our growth strategy for Global Lifestyle given its attractive product and client portfolio and our deepened global footprint across 21 countries, including key markets such as Asia Pacific. We expect to generate significant operating synergies by optimizing global operations.

In connection with the acquisition of The Warranty Group, the Company made changes to its executive compensation program to align with its strategic and financial objectives relating to the acquisition. Highlights for the enterprise’s 2018 fiscal year financial metrics³ related to short-term and long-term incentive programs include:

Annual Incentive Plan (“ESTIP”)

~~60%~~ consolidated NOI, excluding reportable catastrophes

~~40%~~ consolidated revenue

The metrics for the ESTIP did not change. The Compensation Committee set ESTIP performance goals for the first half of 2018 based on the consolidated NOI and revenue of Assurant, Inc. After the closing of The Warranty Group acquisition, the Compensation Committee set ESTIP performance goals for the second half of 2018 based on the consolidated NOI and revenue of Assurant, Inc. and The Warranty Group. The performance multipliers for the first and second halves of 2018 are weighted equally and averaged to determine the ESTIP performance multiplier.

Based on the annual incentive plan performance multipliers, in 2018, our NEOs received annual incentive payments in the amounts set forth in the chart on page 31. ESTIP metrics and NEO payouts are described in greater detail in “2018 Annual Incentive Compensation” beginning on page 29.

³ Certain measures are non-GAAP. A reconciliation of these non-GAAP measures to their most comparable GAAP measures can be found in Appendix A hereto.

	Summary

The Compensation Committee anticipates that in 2019, the ESTIP performance goals will be based on full-year consolidated NOI and revenue of the consolidated enterprise, which includes The Warranty Group.

Long-Term Equity Incentive Plan (“ALTEIP”)

60% TSR

40% realization of net pre-tax synergies in connection with The Warranty Group acquisition subject to the satisfaction of a threshold NOI EPS goal (excluding reportable catastrophes) in 2020

In 2018, our NEOs received long-term equity awards of which the majority was delivered in the form of PSUs and the remainder was delivered in the form of RSUs. The Compensation Committee elected to wait to grant PSUs until after the closing of The Warranty Group acquisition in order to align the performance metrics for the PSUs with the Company’s expectations regarding its post-closing financial performance. 2018 payouts under the PSUs will be determined over a 30-month performance cycle based on the Company’s performance of the above pre-established metrics. Vesting of PSUs granted in 2018 will not be determined until after the end of 2020 and our NEOs will be eligible for payouts in respect of these awards in 2021. The 2018 PSU awards were a single award intended to serve both as the annual equity award under the ALTEIP and as an additional opportunity in order to further incentivize executives to drive the achievement of strategic and financial objectives related to The Warranty Group acquisition. The pre-tax synergy metric was chosen to align with such strategic and financial objectives, including the successful integration of the acquisition and the achievement of operating synergies, which we believe will contribute to future NOI EPS growth.

The Compensation Committee anticipates that in 2019 the PSU performance metrics will return to two equally weighted metrics consisting of TSR and NOI EPS, excluding reportable catastrophes, and the PSU component will return to 75% of long-term incentive compensation opportunity and the RSU component to 25%, consistent with prior years.

Our Executive Compensation Principles

Assurant’s executive compensation programs are designed to align the interests of our executives with those of our stockholders by tying significant portions of their compensation to the Company’s financial performance and stock price performance. The following charts show the relative percentages of target variable (annual and long-term incentive) and fixed (base salary) compensation established for our CEO and our other NEOs at the beginning of 2018:

We consider variable compensation to include any compensation that will vary with financial or stock price performance. For additional details on the percentage components of our NEOs’ fixed and variable compensation, see the discussion under “Mix of Target Total Direct Compensation Elements” on page 28.

Set forth below are our core executive compensation principles, along with key features of our executive compensation program that support these principles:

	Executive
	Summary

Executive compensation opportunities at Assurant should be sufficiently competitive to attract and retain talented executives while aligning their interests with those of our stockholders.

When setting target total direct compensation opportunities (base salary, annual incentives and long-term equity incentives) for our NEOs, the Compensation Committee generally seeks to approximate median levels for comparable positions at companies included in a general industry survey. (For details, please see pages 36-37).

The Company selects performance metrics that seek to achieve the appropriate balance between annual and long-term incentives that are supportive of the Company's strategic goals.

Stock-based compensation outweighs cash-based compensation to further align NEOs with long-term value creation. Each NEO's annual incentive opportunity and PSUs are contingent on the Company's earnings. If the Company does not produce positive net income (as defined in the ESTIP) or positive adjusted earnings per share (as defined in the PSU award agreements) no annual incentive or performance payments, respectively, are earned.

57-76% of the annual long-term equity incentive award granted to our NEOs in 2018 was delivered in the form of PSUs, with a 30-month cumulative performance period, and 24-43% was delivered in the form of RSUs, with a three-year annual vesting schedule. For our CEO, his PSU component represented 69% of his long-term incentive compensation opportunity and his RSU component represented 31%.

The Compensation Committee anticipates that in 2019 the PSU component will return to 75% of their long-term incentive compensation opportunity and the RSU component to 25%, consistent with prior years.

Our incentive-based programs should motivate our executives to deliver above-median results.

We design performance goals under our annual executive incentive program so that above-target compensation will only be paid if the Company delivers above-target performance.

For the 2018-2020 performance period, payouts with respect to PSU awards are based on TSR and achievement of a certain amount of net pre-tax synergies related to The Warranty Group acquisition, subject to the satisfaction of a threshold NOI EPS goal (excluding reportable catastrophes) in 2020.

We design performance goals such that payouts on the TSR metric reach above-target levels if our performance exceeds the 50th percentile of the index, with the payouts capped at 200% if the Company performs at or above the 90th percentile. Payouts on the pre-tax synergy metric are also capped at 200%.

The Compensation Committee anticipates that in 2019 the metrics will return to two equally weighted metrics consisting of TSR and NOI EPS, excluding reportable catastrophes, consistent with prior years.

Our executive compensation programs are informed by strong governance practices that reinforce our pay for performance philosophy, support our culture of accountability and encourage prudent risk management.

Under our executive compensation recoupment policy, the Compensation Committee may recover ("clawback") annual and long-term performance-based compensation from current and former executive officers in the event of a financial restatement as a result of material non-compliance with any financial reporting requirement under the securities laws that has resulted in an overpayment.

Under our stock ownership guidelines, our executive officers and directors are required to hold a meaningful amount of Company stock throughout their service, and may not sell shares until target ownership levels are met.

Under our insider trading policy, our NEOs and directors are prohibited from:

engaging in hedging and monetizing transactions with respect to Company securities;
holding Company securities in a margin account; or
pledging Company securities as collateral for a loan.

Change of control agreements with our NEOs are “double trigger” and do not provide for excise tax gross-ups.

In 2018, the Compensation Committee, assisted by Semler Brossy Consulting Group LLC (“Semler Brossy”) and management, undertook an annual risk review of the Company’s variable pay plans, policies and practices, and did not identify any risks that are reasonably likely to have a material adverse effect on the Company.

We generally do not provide any significant perquisites to our NEOs.

Annual incentive payouts are capped at 200% of each NEO’s target opportunity.

For the 2018-2020 performance period, PSU award payouts are capped at 200% of each NEO’s target opportunity.

Assurant does not pay dividends on unvested PSUs.

2018 Say-on-Pay Vote and Stockholder Engagement

We have consistently received strong support for our compensation programs since the inception of the say-on-pay advisory vote. We have received at least a 94% favorable advisory vote by stockholders to approve our executive compensation for each of the past four years, including at our 2018 annual meeting. Through ongoing stockholder engagement, we continued to reach out to our institutional stockholder base to engage with investors to receive their input and feedback on aspects of the Company’s corporate governance practices and executive compensation program. During these conversations, we also shared an update on The Warranty Group acquisition and related executive compensation and governance changes and the Company’s Corporate Social Responsibility report.

II. Elements of Our Executive Compensation Program

Pay Elements

The following table sets forth the primary elements of the compensation programs that apply to our NEOs and the objective or purpose each element is designed to achieve:

Compensation Element	Objective/Purpose
Annual base salary	Provides fixed compensation that, in conjunction with our annual and long-term incentive programs, approximates the median level of target total compensation for comparable positions at companies in a general industry survey.
Annual incentive program	Attracts and retains talented executives with compensation levels that are consistent with our target total compensation mix. Motivates executives to achieve specific near-term enterprise or business segment goals designed to increase long-term stockholder value.
Long-term equity incentive award program	Requires above-target performance to earn an above-target payout. Motivates executives to consider longer-term ramifications of their actions and appropriately balance long- and near-term objectives. Reinforces a culture of accountability focused on long-term value creation. Requires above-median performance for an above-target payout on long-term performance-based equity awards. Protects proprietary information and competitive advantages by including confidentiality, non-competition and non-solicitation provisions in award agreements. Long-term equity plan includes “double-trigger” change of control provision. Provides a competitive program that addresses retirement needs of executives.
Retirement, deferral and health and welfare programs	Offers NEOs participation in the same health and welfare programs available to all U.S. employees.
Cash payments upon change of control	Provides an executive long-term disability program. Provides separation pay upon certain terminations of employment in connection with the sale of the Company. Executives are not contractually entitled to separation pay beyond these instances. Enables executives to focus on maximizing value for stockholders in the context of a change of control transaction.

New form of agreement approved by Compensation Committee reduces the amount of cash severance from three times the sum of annual base salary and target ESTIP award to two times the sum of such amounts.

Mix of Target Total Direct Compensation Elements

The following charts show the relative percentages of the components of target total direct compensation that were established for our CEO and our other NEOs at the beginning of 2018.

n Long Term Equity Incentive n Annual Incentive n Base Salary

Because our CEO is primarily responsible for achieving the strategic objectives of the Company, his variable compensation is a greater portion of his target total direct compensation than that of our other NEOs. 92% of his target total direct compensation opportunity is subject to Company performance.

Changes to Compensation Levels and Pay Mix in 2018

In January 2018, Semler Brossy, the Compensation Committee's independent consultant, provided the Compensation Committee with an assessment of target total direct compensation (base salary, target annual incentive compensation and target long-term incentive compensation) for our NEOs relative to total compensation for similarly sized companies based on general industry survey data from Willis Towers Watson. The assessment concluded that most of our NEOs were within a competitive range of median levels of similarly situated executives.

The Compensation Committee made changes to certain elements of NEO compensation for 2018 as illustrated in the following chart and discussed below:

Name	Year	Base Salary	Target Annual Incentive	Target Long-Term Incentive without TWG	TWG Premium	Target Total Direct Compensation

Recognition for Strategic Accomplishments

In January 2018, the Compensation Committee decided to recognize Mr. Colberg for his leadership in the strategic transformation of the Company, including repositioning it for continued profitable growth, and to recognize Mr. Dziadzio for his contributions toward achieving a stronger financial profile for the Company by approving increases in Messrs. Colberg's and Dziadzio's annual target long-term incentive opportunities to 570% and 275% respectively. These increases were consistent with the Company's compensation philosophy of targeting median compensation levels based on general industry survey data and were awarded in the form of stock-based compensation. Messrs. Mergelmeyer's, Pagano's and Waghay's annual target long-term

incentive opportunities were decreased to 300%, 225% and 225%, respectively, as a result of a return to their annual level after a one-time 5% increase in 2017.

Driving Strategic and Financial Objectives Related to TWG

One-half of the target incentive opportunities were awarded in March 2018 in the form of RSUs, which vest over a three-year period. The Compensation Committee elected to wait to grant PSUs until after the closing of The Warranty Group acquisition in order to align the performance metrics for the PSUs with the Company's expectations regarding its post-closing financial performance. In July 2018, the Compensation Committee awarded the remaining one-half of the annual target incentive opportunity as set in January 2018 in the form of PSUs and included an additional opportunity in connection with The Warranty Group acquisition. The amount of this additional opportunity varied for each executive, ranging from a target incentive opportunity equal to 33% to 357% of base salary.

The Compensation Committee provided this additional opportunity to further incentivize executives to drive the achievement of strategic and financial objectives related to The Warranty Group acquisition. The aggregate grant date fair value of the additional target opportunity provided to the members of the Management Committee, which is composed of 11 members including the CEO and the NEOs, was \$11.1 million. This aggregate amount was determined in consultation with Semler Brossy and included a review of similar premiums awarded after large acquisitions. The premium equals approximately 63% of the Management Committee's annual aggregate long-term incentive opportunity. The premium amount was allocated among the Management Committee members by tier based on each member's role in achieving the strategic and financial objectives related to the acquisition. The target opportunity granted to the CEO had a grant date fair value of \$4.0 million and was based on the critical role he has in executing on our strategic and financial objectives. The Compensation Committee modified the performance metrics and included the pre-tax synergy metric to align with such strategic and financial objectives, including the successful integration of the acquisition and the achievement of operating synergies, which we believe will contribute to future NOI EPS growth. The Compensation Committee set the amount of synergies required for a threshold payout at an amount equal to the Company's publicly disclosed target of \$60 million of pre-tax synergies. In addition, the metric is subject to the satisfaction of a threshold NOI EPS goal (excluding reportable catastrophes) in 2020.

The Compensation Committee anticipates that in 2019 the PSU performance metrics will return to two equally weighted metrics consisting of TSR and NOI EPS, excluding reportable catastrophes, and the PSU component will return to 75% of long-term incentive compensation opportunity and the RSU component to 25%, consistent with prior years.

2018 Annual Incentive Compensation

Each year the Compensation Committee reviews the annual incentive metrics. The Compensation Committee seeks to select metrics that align with the Company's strategic and financial objectives. In 2018, the Compensation Committee selected financial targets designed to focus management on driving profitable growth. The financial targets selected for the ESTIP were as follows:

Enterprise

60% NOI, excluding reportable catastrophes

40% consolidated revenue

For all NEOs, the financial targets are set at the enterprise level. Profitability is measured using consolidated NOI and revenue is measured by consolidated revenue. The NOI financial targets exclude reportable catastrophes because they create volatility that is beyond management's control and the Compensation Committee believes management should be focused on the underlying performance of the business.

For Mr. Mergelmeyer, 80% of his annual incentive compensation was allocated to enterprise metrics as calculated above and, as the Global Housing segment leader, the remainder was allocated to the Global Housing segment, with 12% tied to business segment NOI and 8% tied to business segment revenue in core or targeted growth

business. Segment profitability is measured using segment NOI, excluding reportable catastrophes. Segment revenue is measured by net earned premiums and fee income within the segment.

The Compensation Committee set ESTIP performance goals for the first half of 2018 based on the consolidated NOI and revenue of Assurant, Inc. After the closing of The Warranty Group acquisition on May 31, 2018, the Compensation Committee set ESTIP performance goals for the second half of 2018 based on the consolidated NOI and revenue of Assurant, Inc. and The Warranty Group. The performance multipliers for the first and second halves of 2018 are weighted equally and averaged to determine the ESTIP performance multiplier.

The aggregate payments to all ESTIP participants for any performance period cannot exceed 5% of the Company's adjusted net income in the Company's periodic reports filed with the SEC (as defined in the ESTIP). This aggregate maximum amount is allocated to all participants equally, except that the amount allocated to the Chief Executive Officer is twice the amount allocated to the other participants. With respect to 2018 annual incentives paid, the Compensation Committee exercised discretion to reduce participants' awards by applying the pre-established performance goals set forth in the tables below.

2018 Results. The following tables set forth performance targets applicable to our NEOs for 2018, along with the resulting multipliers applied to NEO annual incentive compensation as explained in more detail below:

Dollar amounts applicable to performance metrics are expressed in millions. The performance targets included in this table are disclosed only to assist investors and other readers in understanding the Company's executive compensation. They are not intended to provide guidance on the Company's future performance and should not be relied upon as predictive of the Company's future performance or the future performance of any of our operating segments

² Certain measures are non-GAAP. A reconciliation of these non-GAAP measures to their most comparable GAAP measures can be found in Appendix A hereto.

Results in this column may differ from the Company's reported results since expenses, revenues and other effects associated with acquisition activity during the year and changes in accounting that do not reflect changes in the underlying business are generally excluded when calculating results for purposes of the ESTIP.

The following table shows target annual incentive compensation, the multipliers applied for each NEO and the resulting annual incentive award payout for 2018:

NEO	2018 Target Annual Incentive ¹	2018 Composite Multiplier ²	2018 Annual Incentive Payment
Alan B. Colberg	\$1,566,462	1.11	\$1,738,773
Richard S. Dziadzio	\$639,904	1.11	\$710,293
Gene E. Mergelmeyer	\$864,183	1.11	\$959,243
Christopher J. Pagano	\$639,904	1.11	\$710,293
Ajay Waghray	\$537,500	1.11	\$596,625

The target annual incentive is calculated by multiplying an NEO's ESTIP eligible earnings by his target annual ESTIP opportunity. ESTIP eligible earnings differ slightly from an NEO's base salary due to the payroll calendar which pays compensation two weeks in arrears.

The 2018 Composite Multiplier represents an equally weighted average of the multiplier for the first half of 2018 and the multiplier for the second half of 2018, as follows: 2018 Composite Multiplier = 1st Half Multiplier + 2nd Half Multiplier / 2.

Long-Term Equity Incentive Compensation

In March 2018, the Compensation Committee granted RSUs, which reflected half of each NEO's annual target long-term incentive opportunity. The Compensation Committee elected to wait to grant PSUs until after the closing of The Warranty Group acquisition in order to align the performance metrics for the PSUs with the Company's expectations regarding its post-closing financial performance. In July 2018, the Compensation Committee granted PSUs to the NEOs as well as the other members of the Company's Management Committee that reflect the remaining half of their annual target long-term incentive opportunity plus an additional opportunity to further incentivize executives to drive strategic and financial objectives related to The Warranty Group acquisition. The target long-term incentive opportunities as a percentage of base salary for each of our NEOs, including the additional opportunity are as follows: 927% for the CEO, 563% for the CFO and between 284% and 347% for each of the other NEOs. The maximum payout opportunity for PSUs is 200% of target.

Including the additional PSU opportunity approved by the Compensation Committee in July 2018, between 57-76% of the annual long-term equity incentive award granted to our NEOs in 2018 was delivered in the form of PSUs, with a 30-month performance period, and 24-43% was delivered in the form of RSUs, with a three-year annual vesting schedule. For our CEO, his PSU component represented 69% of his long-term incentive compensation opportunity

and his RSU component represented 31%. The Compensation Committee anticipates that in 2019 the PSU component will return to 75% of long-term incentive compensation opportunity and the RSU component to 25%, consistent with prior years.

PSUs. The Compensation Committee selected PSUs as an equity compensation vehicle to ensure that a portion of long-term equity compensation would be paid if the Company achieves specified financial objectives over an extended period.

For performance periods prior to 2016, for each year in the applicable three-year performance period, performance with respect to selected metrics (described in the chart below) is compared against an index of companies and assigned a percentile ranking. These rankings are then averaged to determine the composite percentile ranking for the three-year performance period. Measurement of performance against the designated financial performance metrics includes unusual or non-recurring events and other extraordinary items.

For the annual grants covering the 2016-2018 and 2017-2019 performance periods, the Company achieved the threshold goal of positive adjusted earnings per share (defined as net operating income per share, excluding reportable catastrophe losses) for the 2016 and 2017 fiscal years, respectively, and as a result, PSUs will be considered earned at the maximum amount of 200% of an NEO's target opportunity. However, when determining payout levels at the end of such performance periods, the Compensation Committee may exercise discretion in its application of the pre-established performance metrics described in the following paragraph to reduce the payout levels below the maximum amount of 200%.

For the 2016-2018 and 2017-2019 performance periods, performance is measured with respect to two equally weighted metrics, absolute NOI EPS, excluding reportable catastrophes, measured as the sum for each year within the three-year performance period, and TSR relative to the S&P 500 Index, measured over the three-year performance period. Measurement of performance against the designated financial performance metrics includes unusual or non-recurring events and other extraordinary items, unless otherwise determined by the Compensation Committee. NOI EPS excludes reportable catastrophes because they create volatility that is beyond management's control, and the Compensation Committee believes management should be focused on the underlying performance of the business.

For the 2018-2020 performance period, performance is measured with respect to two metrics over a 30-month performance period: (i) TSR relative to the S&P 500 Index (weighted at 60%) and (ii) the realization of net pre-tax synergies in connection with the acquisition of The Warranty Group (weighted at 40%), subject to the satisfaction of a threshold NOI EPS goal (excluding reportable catastrophes) in 2020. A PSU recipient will only receive a payout if he or she remains employed by the Company through the performance determination date in March 2021. Recent tax reform legislation eliminated the exception under Code Section 162(m) for performance-based compensation effective beginning for our 2018 tax year and accordingly, awards granted in 2018 no longer contain a threshold performance goal that triggers the initial funding of the awards.

The Compensation Committee anticipates that in 2019 the performance metrics will return to the two equally weighted metrics consisting of relative TSR and absolute EPS, excluding reportable catastrophes.

The changes made by the Compensation Committee to the metrics, index and payout requirements for the ALTEIP are described below.

Performance-Based Long-Term Equity Plan Design — TSR Metric — 2018- 2020 Performance Period

Recent tax reform legislation expanded the number of individuals covered by Section 162(m) and eliminated the exception for performance-based compensation effective beginning for our 2018 tax year. The Company anticipates that annual PSU awards granted to certain individuals in 2016 and in 2017 will be grandfathered from the recent tax reform changes for Section 162(m) purposes. (For additional details on Section 162(m), please see the discussion on page 38 under “Tax and Accounting Implications”). Additional information regarding the PSUs and RSUs awarded under the ALTEIP is provided under the “Additional Information Regarding the Summary Compensation Table and Grants of Plan-Based Awards —Long-Term Equity Incentive Awards” on page 44. For additional information on PSUs and RSUs granted to our NEOs in 2018, please see columns (g) and (i), respectively, of the “Grants of Plan-Based Awards” on page 43.

2015-2017 Performance Cycle. In 2018 the Compensation Committee approved equity payments for performance share units granted in 2015 based on the metrics described on the previous page. The Compensation Committee determined that the Company’s composite average percentile ranking relative to companies in the applicable index with regard to the three specified financial metrics over the 2015-2017 performance cycle was in the 25th percentile. Because, over the three-year performance cycle, the Company achieved below median performance relative to the designated index of peer companies, each of our NEOs received shares of Common Stock equal to 50% of the target number of PSUs granted in 2015.

RSUs. RSUs typically vest in equal annual installments over a three-year vesting period and are granted in March of each year.

In addition, the Compensation Committee may grant awards to attract executives critical to the success of the Company's business strategy. Furthermore, from time to time the Compensation Committee may grant special awards to executives who demonstrate exceptional performance and are critical to the success of the Company's business strategy over the long term. These special awards typically consist of RSUs subject to vesting periods that are structured to facilitate retention through important business or career milestones. To facilitate retention, these awards will vest over a five-year period, with 10% increments vesting on each of the first four anniversaries of the grant date, and the remaining 60% vesting on the fifth anniversary of the grant date, subject to continued employment through each applicable vesting date. The Compensation Committee did not grant any special awards to NEOs in 2018.

III. The Compensation Committee's Decision-Making Process

The Compensation Committee oversees our executive compensation program and advises the full Board on general aspects of Assurant's compensation and benefit policies. The Compensation Committee is composed entirely of independent directors, as determined in accordance with its charter, our Corporate Governance Guidelines and applicable NYSE rules. The Compensation Committee's charter and our Corporate Governance Guidelines are available under the "Corporate Governance" tab of the "Investor Relations" section of our website at <http://ir.assurant.com>.

Annual Compensation Review

The following chart outlines the Compensation Committee's annual process in setting NEO compensation:

Step 1	Step 2	Step 3
Committee reviews pay for performance analysis prepared by independent compensation consultant.	Committee reviews target direct compensation at companies in general industry survey.	Committee establishes total direct compensation opportunities for NEOs.
Committee also considers input from the CEO on compensation of other NEOs.	(Availability of compensation data typically lags behind annual schedule used to set executive pay.)	(The Committee also reviews the allocations among each component of total direct compensation.)

For 2018, the Compensation Committee evaluated the recommendations of the CEO (for the compensation of the other NEOs) along with information and analysis provided by Semler Brossy, using data from a general industry survey from Willis Towers Watson. The Compensation Committee exercises its discretion in evaluating, modifying, approving or rejecting the CEO's recommendations and makes all final decisions with regard to base salary, short-term incentives and long-term incentives for all executive officers, including the NEOs. The Compensation Committee also meets periodically in executive session without any members of management present to discuss recommendations and make decisions with respect to compensation of the Company's executive officers.

Input from Management

Our CEO is not involved in the Compensation Committee's determination of his compensation. Generally, the CEO completes a self-assessment of his own performance against prescribed criteria and each independent director separately assesses the CEO's performance using the same criteria. This Nominating and Corporate Governance Committee periodically uses an external resource to facilitate the assessment, including in 2018.

The CEO annually reviews the performance and compensation of each of our executive officers in consultation with the Chief Human Resources Officer and makes recommendations regarding their compensation to the Compensation Committee. The CEO also provides input to the Compensation Committee, in consultation with the Company's CFO and the Chief Human Resources Officer, on the annual incentive plan performance goals for the Company's executive officers.

Input from Independent Compensation Consultant

The Compensation Committee has engaged Semler Brossy as its independent compensation consultant. At the Compensation Committee's request, the independent compensation consultant provides analysis and advice on such items as pay competitiveness, incentive plan design, performance measurement, design and use of equity compensation and relevant market practices and trends with respect to the compensation of our executive officers and non-management directors (as applicable). Among other things, the independent compensation consultant prepares reports, delivers presentations and engages in discussions with the Compensation Committee regarding the information collected. These reports, presentations and discussions may address topics ranging from strategic

considerations for compensation programs generally to the amount or specific components of each executive officer's compensation. The independent compensation consultant also reviewed and provided input on the portions of the Company's annual proxy statement regarding executive and director compensation matters.

At the direction of the Chair of the Compensation Committee, the independent compensation consultant prepares and reviews Compensation Committee materials and management's recommendations in advance of each Compensation Committee meeting or other Compensation Committee communication. The independent compensation consultant participates in most Compensation Committee meetings, in each case at the request of the Chair of the Compensation Committee. The decisions made by the Compensation Committee are the responsibility of the Compensation Committee and may reflect factors other than the recommendations and information provided by the independent compensation consultant.

Level of Compensation Provided

Following the divestiture and wind-down of the Company's more traditional insurance businesses, the Compensation Committee determined that a broad set of general industry companies would serve as the most appropriate point of comparison for market competitiveness, replacing the previously used custom peer group. The Compensation Committee has not identified a peer group that is reflective of the Company's focus on the housing and lifestyle markets and fee-based, capital light non-insurance businesses. As an input to the Compensation Committee's evaluation of 2018 pay levels, competitive market positioning was evaluated relative to Willis Towers Watson general industry survey data for companies of comparable revenue. The survey includes a broad representation of companies among a variety of industries. The Compensation Committee will continue to evaluate whether the use of a peer group is appropriate as a source of comparison for level of compensation.

In 2018, we aimed to set target total direct compensation for each NEO at approximately the median level provided to executives with similar responsibilities at companies included in the general industry survey data from Willis Towers Watson. However, the Company may vary from the median if necessary dependent on individual skills, experience and the position. The Compensation Committee received an assessment from its independent consultant relating to target total direct compensation as described in "Changes to Compensation Levels and Pay Mix for 2018" on page 28.

IV. Governance Features of Executive Compensation

Our executive compensation programs are guided by strong governance practices intended to reinforce our pay for performance philosophy, support our culture of accountability and encourage prudent risk management. Summarized below are the key governance features of our executive compensation programs.

Executive Compensation Recoupment (“Clawback”) Policy

Effective January 1, 2012, the Compensation Committee implemented a policy regarding the recoupment of performance-based incentive compensation awarded to the Company’s key executives on or after such date. The policy provides that, in the event that the Company is required to prepare a restatement of its financial results due to material noncompliance with any financial reporting requirement under the securities laws, the Compensation Committee may recover the excess of (x) any annual cash incentive and long-term cash or equity-based incentive award amounts provided to any of the Company’s current or former executive officers based on the original financial statements (including any deferrals thereof) over (y) the amounts that would have been provided based on the restatement. The recovery period may comprise up to three years preceding the date on which the Company is required to prepare the restatement. This is in addition to the clawback requirements of the Sarbanes-Oxley Act applicable to the CEO and CFO.

Stock Ownership Guidelines

The Company adopted Stock Ownership Guidelines and holding requirements for its non-employee directors and executive officers. The current Stock Ownership Guidelines are as follows:

	Minimum
Position	Stock
	Ownership
	Requirement
	Market value
Non-Employee Director	of 5 times
	annual base
	cash retainer
	Market value
Chief Executive Officer	of 5 times
	current base
	salary
	Market value
Other Executive Officers	of 3 times
	current base
	salary

Individuals have five years from their permanent appointment to a specified position to acquire the required holdings. An individual may not dispose of any holdings until such individual acquires the required holdings. The Compensation Committee tracks the ownership amounts of the non-employee directors and applicable executives on an annual basis. As of December 31, 2018, all of our non-employee directors and NEOs were in compliance with the Company’s Stock Ownership Guidelines, taking into account the five-year transition period noted above. The Compensation Committee has exempted Messrs. Leathers and McGoohan from the requisite ownership and holding requirements of the Stock Ownership Guidelines due to their election upon their appointment to the Board to waive compensation for their service as directors.

Timing of Equity Grants

Assurant does not coordinate the timing of equity awards with the release of material non-public information. Prior to 2018, under the Company's Equity Grant Policy, annual equity awards granted by the Compensation Committee pursuant to the ALTEIP were granted on the second Thursday of March each year. As of 2018, annual equity awards are granted on March 16 each year.

Prohibition on Hedging and Pledging Transactions

The NEOs are subject to the Company's Insider Trading Policy, which prohibits employees and directors from engaging in hedging or monetizing transactions with respect to Company securities they own as well as holding Company securities in a margin account or pledging Company securities as collateral for a loan.

Tax and Accounting Implications

Historically, Section 162(m) limited the federal income tax deductibility of certain compensation amounts in excess of \$1 million paid to a public corporation's chief executive officer and the three other most highly-paid executive officers (other than the chief financial officer) unless such executive compensation was awarded under a

performance-based plan approved by stockholders and met certain additional requirements. Tax reform legislation signed into law in 2017 expands the number of individuals covered by Section 162(m) to include our CFO and eliminates the exception for performance-based compensation effective for our 2018 tax year. The Compensation Committee, however, has continued to emphasize performance-based compensation that attracts, retains and rewards the executives necessary to successfully execute the Company's business strategy. While the Compensation Committee generally seeks to pay compensation that is deductible, it reserves the right to pay non-deductible compensation to the extent it deems appropriate.

The compensation that we pay to the NEOs is reflected in our consolidated financial statements as required by GAAP. The Compensation Committee considers the financial statement impact, along with other factors, in determining the amount and form of compensation provided to executives. We account for stock-based compensation under the ALTEIP and all predecessor plans in accordance with the requirements of FASB ASC Topic 718.

Benefits

V. Benefits

Assurant's NEOs participate in the same health care, disability, life insurance, pension and 401(k) benefit plans made available generally to the Company's U.S. employees. In addition, they are eligible for certain change of control benefits, supplemental retirement plans and executive disability benefits as described below.

Change of Control Benefits. Assurant is party to a change of control agreement (a "COC Agreement") with each of its NEOs. The purpose of these COC Agreements is to enable our executives to focus on maximizing stockholder value in the context of a control transaction without regard to personal concerns related to job security.

The COC Agreements with our NEOs contain a "double trigger," specifically meaning that benefits are generally payable only upon a termination of employment "without cause" by the Company or for "good reason" by the executive within two years following a change of control. Executives who have COC Agreements are also subject to non-compete and non-solicitation provisions. These agreements do not contain excise tax gross-up provisions.

Additional information regarding the COC Agreements is provided under "Potential Payments Upon Termination or Change of Control —Change of Control Agreements" on page 57.

Retirement Plans. We have an Executive 401(k) Plan (the "Executive 401(k) Plan") and a 401(k) Plan (the "401(k) Plan"). These retirement plans are intended to provide our NEOs with competitive levels of income replacement upon retirement and thus to attract and retain talented executives in key positions. The Executive 401(k) Plan is designed to replace income levels capped under the 401(k) Plan by the Code. Additional information regarding these plans is provided under "Nonqualified Deferred Compensation Plans" on page 53.

We have an Executive Pension Plan (the "Executive Pension Plan") and a Supplemental Executive Retirement Plan (the "SERP") and a Pension Plan (the "Pension Plan"). The Executive Pension Plan replaces income levels capped under the Pension Plan by the Code. The SERP supplements the pension benefits provided under the Pension Plan, Executive Pension Plan and Social Security so that total income replacement from these programs will equal up to 50% of an NEO's base salary plus his annual incentive target. All three plans were frozen in March 2016 to better align our benefit offerings with the marketplace. Additional information regarding these plans is provided under "Pension Benefits" on page 48.

Deferred Compensation Plans. Each of the NEOs is eligible to participate in the Amended and Restated Assurant Deferred Compensation Plan (the "ADC Plan"). The ADC Plan enables key employees to defer a portion of eligible compensation, which is then notionally invested in a variety of mutual funds. Additional information regarding the ADC Plan is provided under "Nonqualified Deferred Compensation Plans" on page 53.

Long-Term Disability Benefits. As part of the Company's general benefits program, the Company provides Long-Term Disability ("LTD") coverage for all benefits-eligible employees under a group policy. As an additional benefit, each NEO is eligible for Executive LTD coverage, which provides a maximum monthly benefit of \$10,000. The combined maximum LTD (group LTD and Executive LTD) benefit is \$25,000 per month. Additional information regarding Executive LTD benefits is provided in footnote 3 to the Summary Compensation Table on page 42.

The amounts reported in column (e) for 2018, 2017 and 2016 represent awards of PSUs and RSUs. These amounts are consistent with the grant date fair values of each award computed in accordance with FASB ASC Topic 718 using the closing price of our Common Stock on the grant date. Please see column (k) in the Grants of Plan-Based Awards table on page 43 for the closing price on the grant date for 2018 awards.

The amounts included in column (e) for PSUs were computed based on the achievement of target level performance for each award. As described in “CD&A—Long-Term Equity Incentive Compensation—PSUs” on page 31, payouts for PSU awards can range from no payout to 200% maximum payout.

Assuming the achievement of maximum level performance for each NEO, the amounts in column (e) (representing both RSUs and PSUs) would be as follows: (i) for awards granted in 2018: \$18,205,012 for Mr. Colberg; \$7,554,515 for Mr. Dziadzio; \$4,378,753 for Mr. Mergelmeyer; \$3,409,778 for Mr. Pagano; and \$2,865,827 for Mr. Waghay; (ii) for awards granted in 2017: \$10,632,422 for Mr. Colberg; \$3,485,944 for Mr. Dziadzio; \$4,509,149 for Mr. Mergelmeyer; \$3,128,081 for Mr. Pagano; and \$2,627,402 for Mr. Waghay; and (iii) for awards granted in 2016: \$8,258,806 for Mr. Colberg; \$3,436,046 for Mr. Dziadzio; \$3,812,511 for Mr. Mergelmeyer; \$3,306,503 for Mr. Pagano; and \$3,020,674 for Mr. Waghay.

Please see Footnote 20, Stock Based Compensation—Performance Share Units, to the consolidated financial statements included in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2018, as filed with the SEC (the “2018 Form 10-K”) for a discussion of the assumptions used in this valuation.

The change in pension value is the aggregate change in the actuarial present value of the respective NEO’s accumulated benefit under the Company’s three defined benefit pension plans (the SERP, the Executive Pension Plan and the Assurant Pension Plan) from December 31, 2017 to December 31, 2018, from December 31, 2016 to December 31, 2017 and from December 31, 2015 to December 31, 2016. For each plan, the change in the pension value is determined as the present value of the NEO’s accumulated benefits as of December 31, 2016, December 31, 2017 or December 31, 2018 plus the amount of any benefits paid from the plan during the year less the present value of the accumulated benefits as of December 31, 2015, December 31, 2016 or December 31, 2017, as applicable. Present values of accumulated benefits as of December 31, 2015, December 31, 2016, December 31, 2017 and December 31, 2018 use the same assumptions as included in the financial statements in the Company’s Annual Reports on Form 10-K

for the fiscal years ending December 31, 2015, December 31, 2016, December 31, 2017 and December 31, 2018, respectively, as filed with the SEC. Effective February 29, 2016, the accrual of additional benefits under the SERP, Executive Pension and Pension Plans was frozen.

The change in pension value and non-qualified deferred compensation losses for 2018 were as follows: \$276,690 for Mr. Colberg; \$557,455 for Mr. Mergelmeyer; and \$747,012 for Mr. Pagano.

³ Mr. Pagano will retire from the Company effective April 2, 2019. Mr. Waghray left the Company on December 31, 2018.

The table below details the amounts reported in the “All Other Compensation” column, which includes premiums paid ⁴ for Executive LTD, Company contributions to the Executive 401(k) Plan, Company contributions to the Assurant 401(k) Plan, dividends and dividend equivalents, and certain other amounts during 2018:

Name	Executive LTD	Company Contributions to Executive 401(k)	Company Contributions to Assurant 401(k)	Dividends and Dividend Equivalents ^a	Other Amounts ^b	Total
Alan B. Colberg	\$6,284	\$146,758	\$16,500	\$230,608	\$—	\$400,150

Ajay Waghray	\$6,080	\$51,660	\$16,500	\$38,878	\$538,000	\$651,118

The amounts in this column reflect the dollar value of dividends and dividend equivalents paid in 2018 on unvested RSUs that were not factored into the grant date fair value required to be reported for these awards in column (e). The amounts in column (i) of the Summary Compensation Table for prior years reflect the dollar value of dividends and ^a dividend equivalents paid on unvested awards of RSUs in those respective years that were not factored into the grant date fair value required to be reported for these awards in column (e). Dividend equivalents were paid on 2015 PSUs for shares vested in 2018; and on 2014 PSUs for shares vested in 2017. No dividends or dividend equivalents were paid on PSUs granted in 2018, 2017 or 2016.

Amounts in this column reflect: (i) in the case of Mr. Mergelmeyer, a \$22,623 payment made in 2018 for unused ^b vacation time during 2017 and \$400 Health Savings Account taxable income, as required by California state law; and (ii) in the case of Mr. Waghray, \$538,000 in severance pay.

⁵ Mr. Pagano received a \$50,000 cash bonus in recognition of his leadership during the transformation in the finance department and his simultaneous leadership of the enterprise risk management function.

⁶ Includes the value of all stock awards granted to Mr. Waghray in 2018, plus an additional amount realized by Mr. Waghray on account of the full acceleration of his May 10, 2016 equity award pursuant to his separation agreement dated November 8, 2018.

The actual annual incentive award earned by each NEO for 2018 performance is reported in the column entitled "Non-Equity Incentive Plan Compensation" in the Summary Compensation Table.

² As described in the "CD&A — Long-Term Equity Incentive Compensation — PSUs" on pages 31, payouts for PSU awards can range from no payment to 200% maximum payout.

The base price of 2018 RSU awards is equal to the closing price of our Common Stock on the grant date. The grant date fair value of each RSU award was computed in accordance with FASB ASC Topic 718 using the closing price of our Common Stock on the grant date.

The base price of 2018 PSU awards and the grant date fair value of each PSU award were computed in accordance with FASB ASC Topic 718 based on achievement of target performance. Additional Information Regarding the Summary Compensation Table and Grants of Plan-Based Awards Table
Annual Incentive Awards

Annual incentive awards are paid pursuant to the ESTIP approved by the Company's stockholders in May 2008. After the end of each year, the Compensation Committee certifies the amount of the Company's net income and the maximum award amounts that can be paid under the ESTIP. The Compensation Committee then has discretion to pay an incentive award that is less than the applicable maximum. For 2018, the Compensation Committee exercised discretion to reduce participants' awards by applying the performance goals described in the CD&A under "—2018 Annual Incentive Compensation" beginning on page 29. The threshold, target and maximum payout amounts disclosed in the Grants of Plan-Based Awards Table reflect the application of the performance goals.

Long-Term Equity Incentive Awards

Equity-based awards to our NEOs are currently granted under the ALTEIP. The ALTEIP was approved by the Company's stockholders in May 2017. Prior to May 2017, all equity-based awards were granted pursuant to the Assurant, Inc. Long Term Equity Incentive Plan, which was originally approved by stockholders in 2008 with the material terms of the performance goals thereunder reapproved by the Company's stockholders in May 2015. Generally, RSUs vest in three equal annual installments on each of the first three anniversaries of the grant date, subject to full or partial acceleration in connection with certain qualifying events. The RSUs granted upon hiring or as special awards vest over a five-year period, with four 10% increments vesting on each of the first four anniversaries of the grant date, with the remaining 60% vesting on the fifth anniversary of the grant date, subject to each of their continued employment through the applicable vesting dates (with the exception of a termination without cause for Mr. Dziadzio). Mr. Pagano is retirement eligible and as such, his outstanding awards as of December 31, 2018 will fully vest upon his retirement effective April 2, 2019. The unvested portion of Mr. Waghray's 10,000 share RSU award from May 2016 fully vested upon his departure from the Company on December 31, 2018. Dividend equivalents on RSUs are paid in cash during the vesting period. Participants do not have voting rights with respect to RSUs. Generally, PSUs vest on the third anniversary of the grant date, subject to a participant's continuous employment through the vesting date and the level of performance achieved. The PSU award for 2018 will vest over a 30-month period in March 2021, subject to a participant's continuous employment through the vesting date and the level of performance achieved with respect to TSR and the amount of net pre-tax synergies realized in connection with The Warranty Group acquisition, subject to satisfaction of a threshold NOI EPS goal (excluding reportable catastrophes) in 2020. Dividend equivalents on PSUs are accrued and paid in cash at the end of the performance period in accordance with the level of performance achieved. Participants do not have voting rights with respect to PSUs. For a discussion of the role of long-term equity incentive compensation in our overall NEO compensation program, as well as an explanation of the ratio of long-term equity incentive compensation to total compensation, please see "CD&A —Mix of Target Total Direct Compensation Elements" and "—Long-Term Equity Incentive Compensation" on pages 28 and 31, respectively.

¹ The value realized on exercise and/or vesting was determined using the closing price of our Common Stock on the exercise or vesting date (or prior trading day if the exercise or vesting date fell on a weekend or holiday).

² This amount represents the value of outstanding RSU awards granted to Mr. Mergelmeyer in 2017 and Mr. Pagano in 2017, 2016 and 2014 that, in accordance with the terms of the applicable award agreements, became fully vested in 2018 because these executives are eligible for retirement. Payouts in respect of this award will continue in accordance with the applicable vesting schedule, subject to full payout in the event of an actual retirement from employment (in compliance with Section 409A). Accordingly, the amount of compensation actually realized upon a payout will be based on the then-fair market value of the Common Stock and may differ from the amount set forth

above.

These amounts represent the value of PSU awards granted in 2015 that, in accordance with the terms of the applicable award agreements, became fully vested in 2018. The performance ranking for these awards fell below the target performance of the peer group which resulted in a final payout amount of 50% of target shares awarded. Accordingly, the

¹ None of the NEOs have more years of credited service under any of the plans than actual years of service with the Company.

² As of December 31, 2018, Mr. Mergelmeyer and Mr. Pagano met the requirements for retirement eligibility (age 55 with 10 years of service).

The following is a description of the plans and information reported in the Pension Benefits Table.

The Pension Plan

Eligible employees hired by the Company prior to January 1, 2014 were generally able to participate in the Pension Plan after completing one year of service with the Company. Employees hired by the Company on or after January 1, 2014 were not eligible to participate in the Pension Plan. Effective March 1, 2016, the Pension Plan was frozen to better align our benefit offerings with the marketplace. No additional benefits have accrued since February 29, 2016. Each active plan participant on December 31, 2000 was given the choice to continue having his or her benefits calculated under the applicable prior plan formula or to have his or her benefits determined under the current pension formula. Benefits for employees joining (or rejoining) the plan after December 31, 2000 were determined under the current pension formula. Mr. Mergelmeyer is covered under the prior plan formula. Messrs. Colberg and Pagano are

covered under the current plan formula. Messrs. Dziadzio and Waghray are not eligible to participate in the Pension Plan.

Table of Contents Executive Compensation

Under the current plan formula, the lump sum value of the benefit is based on the participant's accumulated annual accrual credits multiplied by their final average earnings, but is not less than the present value of accrued benefits under the prior plan formula. Final average earnings (for both the current and prior plan formula) is defined as the highest average annual compensation for five consecutive complete calendar years of employment during the ten consecutive complete calendar years immediately prior to the plan freeze date. As set forth below, annual accrual credits are measured in percentages and increase as participants reach certain credited service milestones.

Years of Service	Credit
Years 1 through 10	3%
Years 11 through 20	6%
Years 21 through 30	9%
Years 31 and over	12%

Under the current plan formula, the present value of accumulated benefits as of December 31, 2018 is determined as the lump sum value of the benefit based on the participant's accumulated annual accrual credits and final average earnings (limited by Section 401(a)(17) of the Code), which were frozen as of February 29, 2016, and are not less than the present value of accrued benefits under the prior plan formula as of December 31, 2000.

The prior plan formula is calculated by taking (a) 0.9% multiplied by final average earnings up to Social Security covered compensation multiplied by years of credited service (up to 35 years) plus (b) 1.3% multiplied by final average earnings in excess of Social Security covered compensation multiplied by years of credited service (up to 35 years) plus (c) 1.3% multiplied by final average earnings multiplied by years of credited service in excess of 35.

Under the prior plan formula, the present value of accumulated benefits as of December 31, 2018 is determined based on the accrued plan benefit at that date and assumes the following: (1) the executives will retire from Assurant at age 65, (2) 35% of executives will receive their payments in the form of a life annuity and 65% of executives will receive their payments in the form of a 50% joint & survivor annuity, and (3) the present value of annuity benefits is based on an interest rate assumption of 4.36% and the MILES—Banking, Finance and Insurance mortality table with MMP-2018 improvements (which the Company adopted in January 2019).

The normal retirement age for the Assurant Pension Plan is 65. Benefits are actuarially reduced for any payment prior to age 65. A participant covered under the prior plan formula generally can commence his or her benefit at age 55, provided that he or she has accrued ten years of credited service, or elect to commence benefits at age 65. Participants covered under the current plan formula may immediately commence their benefit at termination of employment or they may elect to defer the commencement up to age 65. A participant becomes 100% vested in the benefits under the current plan formula after three years of vesting service. If the participant elected to participate in the prior plan formula, the benefits will become vested after five years of vesting service. All of the participating NEOs are 100% vested. If the participant is married, the normal form of payment is a 50% joint and survivor annuity. If the participant is not married, the normal form of payment is a life annuity.

The Executive Pension Plan

Eligible employees hired by the Company prior to January 1, 2014, were generally able to participate in the Executive Pension Plan after completing one year of service with the Company and when their eligible compensation exceeded the Section 401(a)(17) compensation limit. Employees hired by the Company on or after January 1, 2014 were not eligible to participate in the Executive Pension Plan. Effective March 1, 2016, the Executive Pension Plan was frozen to better align our benefit offerings with the marketplace. All benefit accruals ceased on February 29, 2016. For participants who were covered under the prior plan formula, eligible compensation was capped for 2016 at \$420,000 and this cap was adjusted annually for inflation. Eligible compensation for participants covered under the current plan formula was not capped. With respect to the plan formula to determine benefits, the elections made under the Assurant Pension Plan on December 31, 2000 also applied to the Executive Pension Plan. Mr. Mergelmeyer is covered under the prior plan formula. Messrs. Colberg and Pagano are covered under the current plan. Messrs. Dziadzio and Waghray are not eligible to participate in the Executive Pension Plan.

A participant's benefit under the Executive Pension Plan is equal to the benefit he or she would have received under the Pension Plan at normal retirement age (65), recognizing all eligible compensation (not subject to the limit in the

Code) reduced by the benefit payable under the Pension Plan. The benefits under the Executive Pension Plan are payable only in a lump sum following termination of employment. Payments will be made following

Table of Contents Executive Compensation

termination of employment and are subject to the restrictions under Section 409A. Credited service for determining a participant's benefit under each of these formulas begins after an employee begins participating in the plan and was frozen as of February 29, 2016. A participant becomes 100% vested in the benefits under the Executive Pension Plan after three years of service if the participant has elected to participate in the current plan formula, and after five years of service if the participant has elected to participate in the prior plan formula. All participating NEOs are 100% vested. Messrs. Dziadzio and Waghray are not eligible to participate in the Executive Pension Plan.

The methodology for determining the present value of the accumulated benefits under the Executive Pension Plan uses the same assumptions and methodologies as the Assurant Pension Plan described above, except that benefits calculated under the prior plan formula are paid as a lump sum rather than an annuity. For current plan formula participants, the present value of accumulated benefits as of December 31, 2018 is determined as the lump sum value of the benefit based on the participant's accumulated annual accrual credits and unlimited final average earnings, which were frozen as of February 29, 2016, offset by the Assurant Pension Plan benefits. For prior plan benefits, the present value of accumulated benefits as of December 31, 2018 is based on the benefit produced under the prior plan formula converted to a lump sum payment⁵ at the plan's normal retirement age of 65.

The SERP

Prior to January 1, 2014, executives were nominated by the Company and approved by the Compensation Committee for participation in the SERP. Effective March 1, 2016, the SERP was frozen to better align our benefit offerings with the marketplace. All benefit accruals ceased on February 29, 2016. Under the SERP, when a participant terminates employment, he or she is entitled to a benefit equal to a "Target Benefit" that is offset by the participant's benefit payable from the Pension Plan, the Executive Pension Plan and the participant's estimated Social Security benefit. The Target Benefit is equal to 50% of the participant's eligible compensation as of February 29, 2016 multiplied by a fraction, not to exceed 1.0, whose numerator is equal to the number of months of credited service, which was frozen as of February 29, 2016, and whose denominator is equal to 240. After 20 years of credited service and turning age 60, 62 or 65, as applicable, a participant will earn a full 50% benefit under the SERP payable as a life annuity. Generally, credited service is based on the participant's years of service with the Company. If a participant was formerly employed by an acquired company, then service with that company may be recognized under the SERP at the discretion of the Compensation Committee. No additional credited service was earned after February 29, 2016. In 2006, based on a study of the market practice, the Compensation Committee approved a change to the normal retirement age from age 60 to age 62. This change is effective only for participants who joined the SERP during the period between January 1, 2007 and December 31, 2009. Because Messrs. Mergelmeyer and Pagano were approved for participation in the SERP between January 1, 2007 and December 31, 2009, the change in normal retirement age applies to them. For participants who join the SERP on or after January 1, 2010, the normal retirement age is 65. Because Mr. Colberg was approved for participation in the SERP after January 1, 2010, this change applies to him. A participant commences vesting in the SERP on the second anniversary of participation and continues to vest at the rate of 3% for each month of employment thereafter with the Company. Messrs. Dziadzio and Waghray are not eligible to participate in the SERP.

For benefits earned and vested as of December 31, 2004, a participant may commence his or her vested SERP benefit at any time following termination and the default form of payment under the SERP is a single lump sum payment that is the actuarial equivalent of the SERP benefit payable as a life annuity (but a participant may elect a different form of benefit). For benefits earned or vested after December 31, 2004, the only form of payment available under the SERP is a single lump payment that is the actuarial equivalent of the SERP benefit payable as a life annuity.

As of December 31, 2018, Messrs. Colberg, Mergelmeyer, and Pagano were 100% vested in their SERP benefits. Of the participating NEOs, none had attained normal retirement age as of December 31, 2018; therefore, if any of the participating NEOs had terminated employment on or prior to that date, their SERP benefit would have been actuarially reduced to reflect their respective ages.

The present value of the accumulated benefits as of December 31, 2018 was determined based on the December 31, 2018 accrued benefit using the base salary, target ESTIP award and credited service as of February 29, 2016. The present value of the accumulated benefits as of December 31, 2018 was determined assuming the following: (1) the

executives will retire from Assurant at the plan's normal retirement age; (2) the executives will receive their benefits in accordance with their current form of payment elections; (3) the present

Table of Contents Executive Compensation

value of single lump sum benefits is determined using an interest rate of 4.21% to the retirement date and a lump sum conversion factor^{5,6} at retirement.

Number of Years of Credited Service

The number of years of credited service varies between plans for the following reasons. Eligibility for the Pension Plan and Executive Pension Plan was based on a one-year waiting period from date of hire and resulted in the same amount of credited service under both plans. Eligibility under the SERP generally recognized all service with the Company; however, if a participant was formerly employed by an acquired company, then service with that company may or may not have been recognized under the SERP at the discretion of the Compensation Committee.

Mr. Mergelmeyer has prior service that was not recognized. No additional credited service was earned after February 29, 2016 for the Pension Plan, Executive Pension Plan and the SERP.

⁵ The lump sum conversion basis at retirement consists of the greater of an interest rate of 4.00% and the 1994 Group Annuity Mortality Table and segmented high-quality corporate bond rates using the mortality required by Section 417(e) of the Code, as updated by the Pension Protection Act of 2006 (the “PPA”). Accordingly, the lump sum values shown are based on an interest rate of 3.43% for years 0-5, 4.46% for years 5-20 and 4.88% for years 20+. The present value of the lump sum payment is determined using a pre-retirement interest rate of 4.21%.

⁶ The lump sum values shown for Messrs. Colberg, Mergelmeyer, and Pagano are based on November 2018 monthly bond segment rates of 3.43% for years 0-5, 4.46% for years 5-20 and 4.88% for years 20+. The mortality is based on the Section 417(e) mortality prescribed by the PPA.

Nonqualified Deferred Compensation Plans

The table below sets forth, for each NEO, information with respect to each defined contribution or other plan that provides for the deferral of compensation on a basis that is not tax-qualified. The Company currently maintains the ADC Plan, which was established in 2005 and provides for the deferral of compensation on a basis that is not tax-qualified. Before the enactment of Section 409A and establishment of the ADC Plan in 2005, we sponsored the American Security Insurance Company Investment Plan (the “ASIC Plan”). After the enactment of Section 409A, the ASIC Plan was frozen and only withdrawals are permitted. The Executive 401(k) Plan is a nonqualified defined compensation plan.

The amounts in column (c) were reported as 2018 compensation in the “All Other Compensation” column of the Summary Compensation Table as follows: for Mr. Colberg, \$146,758; for Mr. Dziadzio, \$64,644; for Mr. Mergelmeyer, \$82,532; for Mr. Pagano, \$64,644; and for Mr. Waghray, \$51,660 of Company contributions to the Executive 401(k) Plan.

The NEOs’ aggregate earnings in the last fiscal year reported in column (d) with respect to the ADC Plan and ASIC Plan, as applicable, represent the notional capital gains or losses on investments in publicly available mutual funds and notional interest and dividends held in the plans during 2018. The Company does not provide any preferential or above market earnings or contributions. These earnings are not reported in any column of the Summary Compensation Table. With respect to the Executive 401(k) Plan, the aggregate earnings represent the notional capital gains or losses, interest and dividends on the aggregate balance during 2018. Similarly, the Company does not provide any above market or preferential earnings and these earnings are not reported in the Summary Compensation Table.

For the Executive 401(k) Plan, the following amounts that make up the totals in column (f) were reported as compensation in the “All Other Compensation” column of the Summary Compensation Table for the 2016, 2017 and 2018 fiscal years, as applicable: for Mr. Colberg, \$247,884 for 2016, \$108,943 for 2017 and \$146,758 for 2018; for Mr. Dziadzio, \$665 for 2016, \$49,050 for 2017 and \$64,644 for 2018; for Mr. Mergelmeyer, \$148,882 for 2016, \$68,344 for 2017 and \$82,532 for 2018; for Mr. Pagano, \$144,645 for 2016, \$53,012 for 2017 and \$64,644 for 2018; and for Mr. Waghray, \$5,782 for 2016, \$38,610 for 2017 and \$51,660 for 2018.

Table of Contents Executive Compensation

² The Executive 401(k) Plan amounts reported in this column reflect the Company contribution to the Executive 401(k) Plan (6% of eligible compensation in excess of the limit under Section 401(a)(17) of the Code).

³ The Company does not currently make any contributions to the ADC Plan.

⁴ Because the ASIC Plan has been frozen since January 1, 2005, no contributions could have been made during fiscal year 2018. The Executive 401(k) Plan does not provide for participant contributions.

Narrative to Nonqualified Defined Contribution and Other Nonqualified Deferred Compensation Plans Table

The following is a description of the plans and information reported in the Nonqualified Deferred Compensation Plans Table.

The ADC Plan

Participation in the ADC Plan is restricted to a select group of management or highly compensated employees of the Company and to our non-employee directors. Under the terms of the ADC Plan, deferral elections can be made once a year with respect to base salary, incentive payments or (with respect to any non-employee director) director fees to be earned in the following year. Amounts deferred under the ADC Plan are notionally invested in accordance with participant elections among various publicly available mutual funds and any notional earnings or losses are credited to a deemed investment account. The Company does not provide any above market earnings or preferential earnings to participants. Each deferral must remain in the plan for at least one full calendar year, until July 1 of the following year or until the earlier of termination, disability or death. Deferrals cannot be changed or revoked during the plan year, except as permitted by applicable law. Upon a voluntary or involuntary termination (including retirement) or disability, participants can withdraw their account balances from the ADC Plan in a lump sum or in annual installments over five, ten or fifteen years or other agreed upon installment schedule between the participant and the administrator. As a result of Section 409A, certain key employees (including the NEOs) are subject to a six-month waiting period for distributions following termination.

The ASIC Plan

Prior to the establishment of the ADC Plan in 2005, Mr. Mergelmeyer was eligible to participate in the ASIC Plan. The ASIC Plan permitted key employees to exchange a portion of their compensation for options to purchase certain publicly available mutual funds. The Company did not provide any above market earnings or preferential earnings to the participants. The ASIC Plan was frozen as of January 1, 2005. Since then, participants have been able to withdraw amounts from the ASIC Plan and have the ability to change their investment elections, but any subsequent deferrals of compensation have been made under the ADC Plan.

The Executive 401(k) Plan

Eligible employees may generally participate in the Executive 401(k) Plan after completing one year of service with the Company and when their eligible compensation exceeds the compensation limit under the Code. The Company made an annual contribution for each participant in this plan equal to 6% of eligible compensation in excess of the limit (\$275,000 for 2018). To be eligible for the contribution, the participant must be employed on the last regularly scheduled work day of the year unless the participant retires, becomes totally disabled or dies, or his or her employment is terminated in the fourth quarter of the year as a result of a reduction in force. The participants select among various publicly available mutual funds in which the contributions are deemed to be invested on a tax deferred basis. These notional contributions are credited with notional earnings and losses based on the performance of the mutual funds. The Company does not provide any above market earnings or preferential earnings to the participants. Please see footnote 4 to the Summary Compensation Table on page 42 for quantification of Company contributions to the Executive 401(k) Plan in 2018.

Benefits under the Executive 401(k) Plan are payable only in a lump sum following termination of employment. Payments made following termination of employment are subject to the restrictions of Section 409A, including the six-month delay described above. A participant becomes vested in the benefits under the Executive 401(k) Plan after two years of service. All of the NEOs are 100% vested in their Executive 401(k) Plan benefit.

As of December 31, 2018, Mr. Mergelmeyer and Mr. Pagano met the requirements for retirement eligibility (age 55 with 10 years of service). Accordingly, a voluntary termination by the executive would be considered a retirement and column (a) “Payout if Terminated Voluntarily (Not Retirement)” would not apply. Because none of the other

¹ NEOs were retirement eligible as of December 31, 2018, the column entitled “Payout if Terminated Voluntarily (Retirement)” does not apply to them. Mr. Waghay terminated involuntarily from the Company on December 31, 2018. No other termination scenarios are applicable to him.

The values in this column reflect an involuntary termination for reasons other than for cause. In the event of an involuntary termination for cause, the same amounts would be payable except (1) the NEOs would not receive a SERP payment and (2) the NEOs would not receive a pro-rata vesting with respect to their ALTEIP grants.

³ These amounts assume accelerated vesting and/or exercise of all or a portion of unvested equity awards on December 31, 2018 based on the closing stock price of \$89.44 on December 31, 2018. These amounts also reflect

accelerated vesting in the event of a change of control of the Company (with the exception of Mr. Mergelmeyer, Mr. Pagano, and Mr. Waghray) and pro-rata vesting in the event of death, disability or an involuntary termination for reasons other than cause. PSU amounts are computed based on the achievement of target level performance for each award.

For Mr. Mergelmeyer and Mr. Pagano, the values in columns (b) and (c) reflect accelerated vesting of unvested equity awards granted prior to 2018 as they met the requirements for retirement eligibility. Equity awards granted to Mr. Mergelmeyer and Mr. Pagano prior to 2018 under the ALTEIP plan would be accelerated as of December 31, 2018 since both of them met the requirements for retirement eligibility; and equity awards granted in 2018 would be forfeited.

Table of Contents Executive Compensation

For all NEOs, except Mr. Waghray, values in column (d) assumes a hypothetical corporate change of control. Mr. Waghray terminated involuntarily from the Company on December 31, 2018. No other termination scenarios are applicable to him.

Executive Pension Plan benefits are payable only as a lump sum payment and as soon as administratively feasible following termination (in compliance with Section 409A).

SERP payments are all shown as the present value of the retirement benefit.

This amount includes the Company's contribution to the Executive 401(k) Plan made in 2018.

This amount represents a one-time lump sum payment by the Company that equals the value of Company paid premiums for the medical, dental, life insurance and disability plans as of December 31, 2018 for 18 months based on the individual's benefit election (in accordance with Section 409A).

This amount represents the Company's best estimate of the costs of outplacement services for an NEO.

Mr. Waghray terminated involuntarily from the Company on December 31, 2018. No other termination scenarios are applicable to him.

Narrative to Potential Payments Upon Termination or Change in Control

The following is a description of the information reported in the Potential Payments Upon Termination or Change of Control Table, including the material terms of the Change of Control Agreements and the methodology and material assumptions made in calculating the Executive Pension Plan and SERP benefits payable in the event of disability or death. The material terms of the Executive Pension Plan and the SERP are described in "Pension Benefits" on pages 49-50. The material terms of the ADC Plan and the Executive 401(k) Plan are described in "Nonqualified Deferred Compensation Plans Table" on page 53. Additional information on the ALTEIP is provided in the CD&A and in "Additional Information Regarding Summary Compensation Table and Grants of Plan-Based Awards" on page 44. Treatment of Annual Incentive Awards

Under the ESTIP, if a participant's employment is terminated during a performance period due to disability or death, the Compensation Committee may grant the participant an award in any amount the Compensation Committee deems appropriate. If a participant's employment is terminated during a performance period due to retirement, any award for that participant will be subject to the maximum limits under the ESTIP (participant's allocated portion of 5% of the Company's net income as defined under the ESTIP), based on the amount of the Company's net income for the full performance period. If a participant's employment terminates for any other reason, any award paid to that participant will be subject to the maximum limits described above, pro-rated to reflect the number of days in the performance period that the participant was employed. Upon a change of control of the Company, each participant will be paid an amount based on the level of achievement of the performance goals as determined by the Compensation Committee no later than the date of the change of control.

Accelerated and Pro-rated Vesting of Equity Awards

In the event of a change of control for awards granted prior to May 2017, RSUs vest in full. PSUs vest (a) at the target performance level, if a change of control occurs in the year in which the award is granted or (b) on the basis of the greater of actual performance through the time of the change of control or the target performance level, if a change of control occurs after the year in which the award is granted. Under the ALTEIP, which was approved by stockholders in May 2017 and which is the plan currently used for all equity-based grants to our NEOs, a change of control coupled with a termination of employment without cause or for good reason within two years of the change of control would result in all RSUs vesting in full and PSUs vesting based on the greater of: (i) an assumed achievement of all relevant performance goals at the "target" level pro-rated based upon the length of time within the performance period that has elapsed prior to the change in control or (ii) the actual level of achievement of all relevant performance goals (measured as of the latest date immediately preceding the change in control for which performance can, as a practical matter, be determined).

Upon a termination due to death or disability, RSUs and PSUs vest on a pro-rata basis (subject, in the case of PSUs, to the level of performance achieved). RSUs and PSUs are settled in full upon retirement (subject, in the case of PSUs, to the level of performance achieved), except for grants made in the year of retirement, which are forfeited. RSUs and

PSUs vest on a pro-rata basis upon an involuntary termination without cause (subject, in the case of PSUs, to the level of performance achieved), and are forfeited upon a voluntary termination.

Table of Contents Executive Compensation

The SERP

As of December 31, 2018, Messrs. Colberg, Pagano and Mergelmeyer were 100% vested in their SERP benefits. None of the NEOs had attained normal retirement age as of December 31, 2018; therefore, if any of the NEOs had terminated employment on or prior to that date, their SERP benefit would have been actuarially reduced to reflect their respective ages. Messrs. Dziadzio and Waghray are not eligible to participate in the SERP.

If there is a change of control with respect to the Company or operating segment, and within two years after the change of control a participant's employment is terminated without cause or the participant terminates employment for good reason (as defined in the SERP), then (1) the participant will become 100% vested in his SERP benefit; (2) the participant will be credited with 36 additional months of service for purposes of computing his target benefit; (3) the actuarial reduction for commencement of the SERP benefit prior to normal retirement age will be calculated as though the participant was 36 months older than his actual age; and (4) the participant may receive his SERP benefit following a change of control at a time and in an optional form that is different than the time and optional form that he would receive under circumstances not related to a change of control. This election may not be changed within one year prior to the participant's termination date. In the event of a termination of employment other than as described above, the following applies: (i) a participant will automatically become 100% vested in his SERP benefit in the event of death or disability; and (ii) a participant will forfeit any remaining benefit in the event he is terminated for cause or commits a material breach of certain covenants regarding non-competition, confidentiality, non-solicitation of employees or non-solicitation of customers.

The Executive 401(k) Plan

The benefits under the Executive 401(k) Plan are payable only in a lump sum following termination of employment. Payments made following termination of employment are subject to the restrictions of Section 409A.

Change of Control Agreements

The Company is a party to a COC Agreement with each NEO. As previously disclosed, at the expiration of Messrs. Colberg's, Mergelmeyer's and Pagano's prior COC Agreements, the Company entered into new COC Agreements with these executives in June 2018. The new COC Agreements are identical to the form of agreement previously approved by the Compensation Committee in February 2016 and used with Messrs. Dziadzio and Waghray in May and July of 2016, respectively.

The COC Agreements generally provide that if, during the two-year period following a change of control (as defined in the COC Agreements), the executive's employment is terminated by the Company other than for cause or disability, or by the executive for good reason (each as defined in the COC Agreements), the executive would be entitled to receive, subject to the execution of a release of claims, within 60 days of the termination (or such later date that may be required by tax laws governing deferred compensation), a payment equal to 0.5 times the target annual ESTIP award for the year in which the date of termination occurs, an amount of cash severance equal to two times the sum of the executive's annual base salary plus target ESTIP award, continued welfare benefits for the 18-month period following the date of termination, and outplacement benefits.

The COC Agreement does not provide for an excise tax gross-up. Rather, in the event of a change of control, our NEOs are entitled to receive either (i) the full benefits payable in connection with a change of control (whether under the COC Agreement or otherwise) or (ii) a reduced amount that falls below the applicable safe harbor provided under Section 280G of the Code, whichever amount generates the greater after-tax value for the executive.

Termination in Anticipation of a Change of Control. If an executive's employment with the Company is terminated by the Company without cause prior to the date on which a change of control occurs, and if it is reasonably demonstrated by the executive that such termination of employment was initiated by the Company after the public announcement of a proposed transaction that ultimately results in a change of control, then the executive will be entitled to the severance and other benefits described above.

Funding of Severance Payment Obligations. Within five business days of the executive's date of termination after a change of control, the Company must establish and fund a trust in an amount of cash equal to the amount of the severance payments to which the executive may become entitled under the COC Agreements.

Table of Contents Executive Compensation

Definition of “Change of Control”. For purposes of the agreements, a change of control is defined as:

a change in a majority of the Company’s Board (the “Incumbent Board”) excluding any persons approved by a vote of at least a majority of the Incumbent Board other than in connection with an actual or threatened proxy contest;
an acquisition by an individual, entity or a group of 30% or more of the Company’s Common Stock or voting securities (excluding an acquisition directly from the Company, by the Company, by an employee benefit plan of the Company or pursuant to a transaction described immediately below);
consummation of a merger, consolidation, reorganization or similar transaction, or sale of all or substantially all of the Company’s assets other than a business combination in which all or substantially all of the stockholders of the Company receive 50% or more of the stock of the company resulting from the business combination;
a transaction or series of transactions approved by the Company’s stockholders that results in the sale or disposition of all or substantially all of the Company’s assets; or
stockholder approval of a complete liquidation or dissolution of the Company.

Restrictive Covenants. Under the COC Agreements, commencing on the change of control date and continuing for one year after termination of employment, executives may not: (i) engage in activity competitive with the Company (including as an employee or officer of a competitor), (ii) solicit employees of the Company to leave the employ of the Company, or (iii) solicit customers of the Company to cease doing business with the Company. In addition, executives may not disparage the Company for two years following termination of employment.

Amounts Previously Earned and Payable Regardless of Termination or Change of Control

The amounts reflected in the Potential Payments Upon Termination or Change of Control Table show payments that the NEOs could only receive in the event of termination or change of control. The amounts reflected below were earned in previous years and were already available to the NEOs through withdrawal or exercise regardless of termination or change of control. These amounts include deferred compensation balances held in the ASIC Plan and/or ADC Plan.

The following amounts would have been available on December 31, 2018 for withdrawal or exercise by the NEOs regardless of termination or change of control: for Mr. Mergelmeyer, \$803,576 from the ASIC Plan, and \$1,186,373 from the ADC Plan.

Table of Contents Executive Compensation

CEO Pay Ratio

As of December 31, 2018, 81% of our employee population was located in the United States and Canada, 11% was located in Europe and 6% and 2% of our employee population was located in Latin America and Asia Pacific, respectively. All domestic employees, including our NEOs, are eligible to participate in our 401(k) plan, medical plan, employee stock purchase plan and short-term and long-term disability plans. All employees are also eligible for additional ancillary benefits, such as Company provided life insurance, accidental death & dismemberment insurance and the employee assistance program.

Starting in 2017 and for future years, the Securities and Exchange Commission (“SEC”) requires a public company to disclose the ratio of the compensation of its Chief Executive Officer (“CEO”) to the compensation of its median employee. Our CEO is Mr. Colberg.

SEC rules allow us to select a methodology for identifying the median employee that is appropriate based on our size, organizational structure and compensation programs. Our median employee from last year’s proxy statement left the Company as part of a sale of our mortgage solutions business in 2018. Consequently, pursuant to SEC rules, for 2018 we elected to use another employee whose compensation is substantially similar to our original median employee based on the compensation measure used to select the original median employee in 2017. The Company acquired The Warranty Group and sold its mortgage solutions business in 2018, but we believe the net result of these transactions did not result in a material change to our employee population or employee compensation arrangements that would result in a significant change to our pay ratio disclosure.

We identified this median employee, who is a full-time domestic employee, by ranking the total cash compensation, including base pay, overtime and cash incentive pay, for all employees, excluding our CEO, who were employed by us as of October 1, 2017. We selected October 1, 2017 as our determination date to allow ourselves the additional time to collect the required pay details and complete the calculation. We used the following methodology, consistently applied across the entire global employee population, to rank our employee population to determine our median employee:

• We included all US and non-US employees, employed on a full-time, part-time or temporary basis. The calculation covers 14,618 employees in total as of October 1, 2017.

• Actual base pay during the period October 1, 2016 through September 30, 2017 was used for all participants. No compensation components were annualized.

• We included overtime pay and cash incentive compensation, including shift differentials, referral bonuses, and “sign-on” bonuses, paid during the period October 1, 2016 through September 30, 2017.

• For the non-US population, a 12-month average of the monthly exchange rates (October 2016 - September 2017) was used to convert all foreign currency payments to US dollars.

We did not rely on any other material assumptions, adjustments (such as cost-of-living adjustments) or estimates (such as statistical sampling) with respect to total cash compensation for purposes of employee ranking. Our 2018 pay ratio is intended to be a reasonable estimate calculated in a manner consistent with SEC rules.

After identifying the median employee, we calculated the annual total compensation for such employee using the same methodology we used for our CEO as set forth in the 2018 Summary Compensation Table found on page 41. For 2018, we estimate that our CEO to median employee pay ratio is: 328.9, the annual total compensation for the median employee was \$41,399, and the annual total compensation for our CEO was \$13,616,946.

Mr. Jackson’s notional investment losses on the deferred director fees for fiscal year 2018 were \$58,387.

Ms. Perry’s notional investment losses on the deferred director fees for fiscal year 2018 were \$8,730.

Amounts in this column include charitable contributions made by the Company or the Assurant Foundation during 2018 to eligible charitable organizations pursuant to the matching gift programs described in “Director Compensation Table - All Other Compensation” below.

⁴ Mr. Jackson and Ms. Perry elected to defer the 2018 director fees set forth in column (b) pursuant to the ADC Plan.

⁵ Upon their appointment to the Board, Messrs. Leathers and McGoohan elected to waive their compensation for their service as directors.

The following is a brief description of our director compensation program and the information reported in the Director Compensation Table.

Fees Earned or Paid in Cash

The Assurant Amended and Restated Directors Compensation Plan (the “Directors Compensation Plan”) provides for an annual retainer for non-management directors of \$100,000, payable in cash quarterly. Additional annual retainers were paid under the Directors Compensation Plan to the Chair of the Board and committee Chairs as follows: (i) Chair of the Board: \$180,000; (ii) Audit Committee Chair: \$25,000; (iii) Audit Committee Vice Chair:

Table of Contents Director Compensation

\$15,000; (iv) Compensation Committee Chair: \$20,000; (v) Nominating and Corporate Governance Committee Chair: \$20,000; and (vi) Finance and Risk Committee Chair: \$20,000.

The Directors Compensation Plan also provides for reimbursement of reasonable travel expenses in connection with attending meetings of our Board and its committees and other Company functions where the director's attendance is requested by our CEO. A participant may elect to have any cash amounts payable under the Directors Compensation Plan deferred under the ADC Plan. The Company does not make any contributions to, or provide any preferential or above market earnings under the ADC Plan.

Restricted Stock Unit Awards

In addition to cash compensation, the Directors Compensation Plan provides that each non-employee director will receive, on the date he or she first becomes a non-employee director, an initial award of RSUs having an aggregate fair market value on the grant date equal to \$125,000. In no event will a director receive an initial award of RSUs if the next annual meeting of our stockholders is within four months of the date he or she becomes a director. On the day following each annual meeting of our stockholders, each non-employee director then in office will receive an annual award of RSUs having a fair market value on the grant date equal to \$125,000.

Initial RSU grants vest in three equal annual installments on each of the first three anniversaries of the grant date, and annual RSU grants vest in three equal annual installments on the day immediately preceding the date of the annual meeting of stockholders in each of the three years following the grant date. All RSUs vest in full in the event of a change of control (as defined in the ALTEIP) or upon retirement after reaching age 55 and completing at least five consecutive years of service on the Board. Settlement of the shares are deferred until separation from the Board. Quarterly dividend equivalents earned throughout the vesting period on awards granted accumulate and are paid in cash upon separation from the Board.

The maximum number of shares that may be granted to any non-employee director under the 2017 ALTEIP in any calendar year shall be limited to a number that, combined with any cash fees or other compensation, does not exceed \$600,000 in total value based on the share value on the date of grant (or \$800,000 under extraordinary circumstances as determined by the Board).

All Other Compensation

Directors are eligible to participate in the Assurant Employee Matching Gifts Program to support charities with U.S.-based Section 501(c)(3) status or equivalent charitable status as recognized in other countries. In 2018, the Assurant Foundation matched up to \$1,000 each in charitable contributions made by directors.

Separately, if a director contributes to the Assurant Political Action Committee, the Company makes an equivalent donation up to \$5,000 to a U.S.-based Section 501(c)(3) charity of the director's choice.

The Company did not have any related party transactions except as disclosed below.

The Company also engages in ordinary course business transactions with certain related persons or companies in which related persons serve as officers, directors or affiliates and in which such related persons do not have a material direct or indirect interest and, therefore, do not constitute related party transactions. See “Corporate Governance—Director Independence” for a description of certain ordinary course business transactions and relationships with our directors.

Stockholder Rights Agreement and Registration Rights Agreement

On May 31, 2018, in connection with The Warranty Group acquisition, the Company and TPG VI Wolverine, LP and TPG VI Wolverine Co-Invest, LP (together, the “TPG Funds”) entered into (i) a Stockholder Rights Agreement granting the TPG Funds, among other things, the right to designate up to two additional directors to the Board and (ii) a Registration Rights Agreement providing certain registration rights to the TPG Funds. Messrs. Leathers and McGoohan were nominated pursuant to the Stockholder Rights Agreement.

The Stockholder Rights Agreement provides that the TPG Funds will have the right to nominate (i) two directors to the Board (initially Messrs. Leathers and McGoohan) until such time that the TPG Funds have transferred at least one-half of the shares of Common Stock received in connection with the acquisition (other than to permitted transferees) and (ii) one director to the Board until such time that the TPG Funds own less than 5% of the outstanding shares of Common Stock, at which time the nomination rights will terminate. Under the Stockholder Rights Agreement, the Board will appoint one of the designated directors to the Compensation Committee and one of the designated directors to the Finance and Risk Committee until such time as the TPG Funds are not entitled to nominate any directors to sit on the Board.

The Stockholder Rights Agreement provides that the TPG Funds are subject to certain standstill restrictions that restrict them from acquiring additional shares of Common Stock or taking other specified actions (the “Standstill”). The Standstill terminates on the earlier of the three-year anniversary of the date of the Stockholder Rights Agreement or the date on which the TPG Funds do not beneficially own any shares of Common Stock. Until the TPG Funds in the aggregate beneficially own less than 3% of the outstanding shares of Common Stock, the TPG Funds are required to use their reasonable efforts not to transfer any of such shares to specified activist investors or specified competitors of the Company, if such transfer would result in a competitor owning more than 5% of the outstanding shares of Common Stock, subject to certain exceptions.

Pursuant to the Registration Rights Agreement, the Company agreed to file a shelf registration statement on Form S-3 relating to the offer and resale of the shares of Common Stock that the TPG Funds received. In addition, the TPG Funds are entitled to sell the shares of Common Stock held by them in an underwritten public offering under the shelf registration statement, subject to certain conditions. The Registration Rights Agreement provides for customary piggyback registration rights in favor of the TPG Funds and a customary holdback provision that restricts the Company from selling or distributing the same or similar securities as those offered in an underwritten public offering. The TPG Funds’ rights under the Registration Rights Agreement terminate at the time at which the shares of Common Stock cease to be registrable securities, as set forth therein.

As previously disclosed, Eric Leathers and Peter McGoohan resigned from the Board and the committees on which they served, effective as of March 21, 2019, in accordance with the terms of the Stockholder Rights Agreement. The Stockholder Rights Agreement and Registration Rights Agreement terminated in accordance with their terms on

March 21, 2019.

Review, Approval or Ratification of Transactions with Related Persons

In March 2007, to provide written guidelines on the review, approval and monitoring of transactions involving related persons, the Nominating Committee adopted the Assurant, Inc. Related Person Transaction Policy. It applies to Company transactions with related persons that meet the threshold for disclosure in the proxy statement under the relevant SEC rules. Generally, such disclosure is required for transactions involving at least \$120,000 in which

63

Transactions

Persons

a related person has a direct or indirect material interest. Related persons are the Company's directors, executive officers, their immediate family members and beneficial owners of five percent or more of the Company's outstanding Common Stock.

Policy:

Related person transactions must be approved by the Nominating Committee, which will approve the transaction only if it determines that the transaction is in, or is not inconsistent with, the best interests of the Company and its stockholders. In determining whether to approve or ratify a transaction, the Nominating Committee will take into account, among other factors it deems appropriate: (1) the benefits to the Company; (2) the extent of the related person's interest in the transaction, including the related person's position(s) or relationship(s) with, or ownership of, the entity that is a party to, or has an interest in, the transaction; (3) the impact on a director's independence if the related person is a director, an immediate family member of a director or an entity in which the director is a partner, stockholder or executive officer; and (4) whether the transaction is on terms no less favorable to the Company than those generally available to unrelated third parties under similar circumstances.

If a related person transaction will be ongoing, the Nominating Committee may establish guidelines for the Company's management to follow in its dealings with the related person. Thereafter, the Nominating Committee, at least annually, will review and assess the relationship with the related person to determine whether it remains appropriate.

Procedures:

Related persons must notify the Company's law department in advance of any potential related person transaction.

If the law department determines that the proposed transaction involves an amount at least of \$120,000 and a related person has a material direct or indirect interest, it will submit the proposed transaction to the Nominating Committee for consideration at its next meeting. If it is not practicable to wait until then, the Nominating Committee will call a special meeting to consider proposed transaction.

After considering the pertinent facts, the Nominating Committee will review and approve or disapprove the transaction. If advance approval is not feasible, then the transaction will be considered and, if appropriate, ratified at the Nominating Committee's next meeting.

No director will participate in any discussion or approval of a transaction in which he or she is a related person.

Director Tenure and Retirement Policy. The Company does not set specific term limits on director service and believes that a mix of director tenures on the Board can strengthen Board effectiveness and dynamics. Longer tenured directors possess experience and organizational knowledge while newer directors can bring fresh insight and perspective. Our current Board reflects this perspective. Of our ten directors nominated for re-election, three directors have five or fewer years of service; four directors have between six and ten years of service and three directors have over ten years of service. The average director tenure for our independent directors who are nominated for re-election is approximately eight years. No person may serve as a director of the Company if they would be 75 or older on the date of election or re-election. Pursuant to this policy, Mr. Carver will not be standing for re-election at the Annual Meeting.

Corporate Governance Guidelines. The Nominating Committee reviews our Corporate Governance Guidelines periodically to ensure they reflect current corporate governance standards. The Corporate Governance Guidelines and the charters of each of the Board's standing committees may be found under the "Corporate Governance" subsection of the "Investor Relations" section of our website at <http://ir.assurant.com>, or by writing to our Corporate Secretary at Assurant, Inc., 28 Liberty Street, 41st Floor, New York, New York 10005.

Code of Ethics. The Assurant Code of Ethics is applicable to all of our employees, officers and directors, including the principal executive officer, the principal financial officer and the principal accounting officer. The Code of Ethics may be found under the "Corporate Governance" subsection of the "Investor Relations" section of our website at <http://ir.assurant.com>, or by writing to our Corporate Secretary at Assurant, Inc., 28 Liberty Street, 41st Floor, New York, New York 10005. We intend to post any amendments to or waivers from our Code of Ethics that apply to our executive officers or directors at this location on our website.

Table of Contents Corporate Governance

Director Independence

In compliance with the listing standards applicable to Assurant under the NYSE Listed Company Manual, the Board has adopted categorical standards to assist in evaluating the independence of the Company's directors. They are available on the "Corporate Governance" subsection of the "Investor Relations" section of our website at <http://ir.assurant.com>.

Applying the Director Independence Standards, the Nominating Committee and the Board have affirmatively determined that Mmes. Rosen, Douglas, Edelman and Perry and Messrs. Carver, Cento, Jackson, Koch, Leathers, McGoohan, Montupet, Reilly and Stein are independent of the Company and its management. In addition, they determined that each member of the Audit Committee and the Compensation Committee is independent of the Company and its management under the applicable criteria.

In conducting its annual director independence determination, the Board considered transactions or relationships that the Company engaged or engages in with companies for which our independent directors serve as officers or directors, or with which these directors have certain other relationships, and determined that there were no such transactions that were material to the Company or in which any such director had a material interest. Specifically, the Board considered the following ordinary course business transactions and relationships:

The Company owns immaterial amounts of bonds of companies with which Messrs. Cento, Koch and Montupet are affiliated as officers or directors.

Mmes. Rosen and Perry and Messrs. Cento, Koch, Montupet and Stein serve, or within the past three years, have served as officers, directors or affiliates of companies with which the Company engaged in ordinary course, arms-length business transactions that were immaterial to the Company and in which such directors had no material direct or indirect interest.

Messrs. Leathers and McGoohan were nominated pursuant to the Stockholder Rights Agreement between the Company and the TPG Funds. As previously disclosed, Messrs. Leathers and McGoohan resigned from the Board and the committees on which they served, effective as of March 21, 2019, in accordance with the terms of the Stockholder Rights Agreement.

Matching contributions and grants have been made to non-profit and charitable institutions with which Ms. Rosen and Messrs. Carver, Cento, Jackson, Koch, Leathers and Stein are affiliated. Matching gifts were made in accordance with the provisions and limitations of the matching gift policies described on page 61.

Our Corporate Governance Guidelines state that if the Chair of the Board is an independent director, then the Chair shall serve as the presiding director. As the independent Chair of the Board, Ms. Rosen is the presiding director and chairs the executive sessions of the Board.

Board Leadership Structure and Role in Risk Oversight

In line with corporate governance best practices and the interests of stockholders, our Board has been chaired by an independent director since Assurant became a publicly traded company in 2004. Additionally, each of the Board committees is chaired by an independent director. The Board generally believes that the Chair should be an independent director, unless the Board concludes that the interests of the corporation and its stockholders would be better served by combining the roles of Chair and CEO. In the event the Board so concludes, the Board may designate an independent director to serve as lead director.

The Company has made effective risk management a key ongoing corporate objective. The Company faces risks that could have a material adverse effect on its business, financial condition and results of operations. For detailed information on these risks, see "Item 1A - Risk Factors" in the 2018 Form 10-K. Both senior management and the Board are involved in oversight of the Company's risk management policies and practices. As described below and in their charters, the committees of the Board oversee risk management in specific areas and regularly discuss risk-related issues with the entire Board, which is actively involved in oversight of enterprise risk management.

The Office of Risk Management (the "ORM"), which coordinates the Company's risk management activities, is led by the Company's Global Head of Risk. The Company's internal risk governance structure is headed by the Company's Chief Strategy Officer, who is responsible for the strategic direction of the Company's enterprise risk management and

oversees the ORM. The ORM develops risk assessment and risk management policies, facilitates reporting and prioritizing in the assessment of risk and coordinates with the Internal Audit Services department and other departments and committees charged with functions related to risk management.

Table of Contents Corporate Governance

As the Board's focus committee for enterprise risk management, the Finance and Risk Committee reviews a number of enterprise risks, including with respect to the Company's operating segments and investment, financing, capital management and catastrophe reinsurance activities. The Finance and Risk Committee regularly reviews risks, policies, strategies and outcomes in those areas with the Company's Chief Financial Officer and Chief Investment Officer.

The Audit Committee focuses on risks relating to financial statements, privacy, data security, information technology, and non-compliance with legal and regulatory requirements and with the Company's Code of Ethics; the Compensation Committee focuses on risks relating to executive retention and compensation plan design; and the Nominating Committee focuses on risks relating to management and Board succession.

Board and Committee Meetings and Attendance

Each Board member is expected to dedicate to the Company sufficient time, energy and attention to ensure the diligent performance of the director's duties. Our Corporate Governance Guidelines provide that, except in exigent circumstances, each member of the Board is expected to attend Board and committee meetings and our Annual Meeting of Stockholders. All directors attended at least 75% of the combined total meetings of the full Board and the committees on which he or she served in 2018. All directors then serving on the Board attended the 2018 Annual Meeting of Stockholders.

Our Board has a standing Audit Committee, Compensation Committee, Nominating Committee and Finance and Risk Committee. In 2018, the Board and these committees met as follows:

	Board*	Audit	Compensation	Nominating and Corporate Governance	Finance and Risk
Number of Meetings in 2018	7	9	10	5	7

* Independent Directors met in executive session at all seven Board meetings, including separate sessions during each executive session consisting exclusively of independent directors.

Nominating and Corporate Governance Committee

The Nominating Committee reviews and recommends to the Board, among other things, Board membership criteria, nominees for election as directors, membership of the committees of the Board and matters relating to the performance, diversity and independence of Board members. The Nominating Committee oversees and approves the management continuity and succession process, questions of director independence and conflicts of interest, and the Board's corporate governance policies and procedures. The Nominating Committee and the Board annually review the management succession plan, which includes emergency successors for executive management. The Nominating Committee also oversees the process for director succession and the annual Board and Board committee self-assessment, which informs the annual director nomination process. The Nominating Committee periodically uses an external resource to facilitate the self-assessment, including in 2018. Each committee and the Board discussed the outcome of its own self-assessment during an executive session of a regularly scheduled meeting and developed an action plan for execution. Periodically, individual director performance is assessed by a process conducted by the Board Chair and the Chair of the Nominating Committee, and at times facilitated by an external resource. The Chair of the Nominating Committee solicited and addressed feedback regarding the performance of the Board Chair. The Board believes that the periodic rotation of committee assignments provides an opportunity to foster diverse perspectives and develop breadth of knowledge within the Board. Annually, the Nominating Committee reviews the composition and leadership of the Board's committees, including member and chair tenure, and may recommend to the Board rotation of certain committee members and chairs. The Board has determined that all members of the Nominating Committee are independent.

The Charter of the Nominating Committee can be found under the "Corporate Governance" subsection of the "Investor Relations" section of our website at <http://ir.assurant.com>.

Consideration of Stockholder Candidates and Selection Criteria

The Nominating Committee will consider candidates recommended by our stockholders for nomination for election to the Board at an annual meeting. A stockholder who wishes to recommend a candidate for nomination to the Board must submit such recommendation in writing to the Corporate Secretary at Assurant, Inc., 28 Liberty Street, 41st Floor, New York, New York 10005. In addition, in connection with ongoing tenure and age limits review, the Nominating Committee may seek to identify and recruit candidates and recommend them to the Board.

The Nominating Committee will consider prospective nominees for the Board, whether selected by the Nominating Committee or recommended by the stockholders, applying the same criteria to all candidates. Once the Nominating Committee identifies a need to replace a current member of the Board, to fill vacancies or to expand the size of the Board, it follows a process to identify and evaluate candidates which includes (a) meetings to evaluate biographical information and background material and (b) interviews of selected candidates. Recommendations by the Nominating Committee of candidates for inclusion in the Board's slate of director nominees are based upon the criteria set forth in the Company's Corporate Governance Guidelines, including the candidate's knowledge, experience and skills with respect to accounting and finance, business judgment, management, industry knowledge, leadership and strategic vision, and the candidate's ability to demonstrate certain personal characteristics, including integrity, accountability, informed judgment, financial literacy, mature confidence, interpersonal skills and high performance standards. Recommendations by the Nominating Committee are also based on other relevant factors that it may deem appropriate, including the current composition of the Board.

The Nominating Committee actively considers diversity in recruitment and nomination of the Company's directors and makes recommendations to the Board regarding diversity among director candidates.

Audit Committee

The Audit Committee's purpose is (1) to advise and assist the Board in its oversight of our quarterly and annual financial statements, our compliance with legal and regulatory requirements, our independent registered public accounting firm's qualifications and independence, and the performance and effectiveness of the Company's internal controls over financial and management information and of the independent registered public accounting firm; and (2) to review and advise the Board on other matters at their request. The Board has determined that all members of the Audit Committee are independent. The Charter of the Audit Committee can be found under the "Corporate Governance" subsection of the "Investor Relations" section of our website at <http://ir.assurant.com>.

Audit Committee Financial Experts

The Board has determined that all members of the Audit Committee are financially literate as that qualification has been interpreted by the Board in its business judgment and that Messrs. Carver, Stein and Reilly and Ms. Douglas are "audit committee financial experts."

Compensation Committee

The Compensation Committee establishes, reviews and monitors our compensation philosophy and practices in order to assist the Board in the fulfillment of its responsibilities relating to (1) the Company's compensation programs and the compensation of the Company's executives and (2) the production of an annual report on executive compensation for inclusion in our proxy statement. The Compensation Committee is composed entirely of independent directors under the NYSE Listed Company Manual standards and who satisfy the requirements to be "non-employee directors" under Section 16 of the Exchange Act. The Charter of the Compensation Committee can be found under the "Corporate Governance" subsection of the "Investor Relations" section of our website at <http://ir.assurant.com>.

Role of Independent Compensation Consultant

The Compensation Committee has engaged Semler Brossy since 2015 as its independent compensation consultant to provide analysis and advice on such items as pay competitiveness, incentive plan design, performance measurement, design and use of equity compensation and other relevant market practices and trends with respect to executive and director compensation. For more information on the role of the independent compensation consultant in compensation recommendations and decisions, please see "CD&A—Input from Independent Compensation Consultant" on page 36.

Table of Contents Corporate Governance

The Compensation Committee conducts an annual independence review of Semler Brossy, considering certain factors, including, among other things: (1) other services provided to us by the consultant; (2) fees paid by us as a percentage of the consulting firm's total revenue; (3) policies or procedures maintained by the consulting firm that are designed to prevent a conflict of interest; (4) any business or personal relationships between the individual consultants involved in the engagement and a member of the Compensation Committee; (5) any Company stock owned by the individual consultants involved in the engagement; and (6) any business or personal relationships between our executive officers and the consulting firm or the individual consultants involved in the engagement. As a result of this review, the Compensation Committee concluded that no conflict of interest exists with respect to the services provided by Semler Brossy.

Role of Management

In addition to receiving input from its independent compensation consultant, the Compensation Committee also receives recommendations from the CEO on the compensation of each member of the Management Committee other than himself. For more information on the role of management in compensation recommendations and decisions, please see "CD&A—Input from Management" on page 36.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee is now, or was during 2018 or any time prior thereto, an officer or employee of the Company. During 2018, Mr. McGoohan served on the Compensation Committee pursuant to the Stockholder Rights Agreement as disclosed in Transactions with Related Persons above. As previously disclosed, Mr. McGoohan resigned from the Board and the Compensation Committee, effective as of March 21, 2019, in accordance with the terms of the Stockholder Rights Agreement. None of the executive officers of the Company currently serves or has served in the past on the board of directors or compensation committee of another company at any time during which an executive officer of such other company served on the Company's Board or Compensation Committee.

Finance and Risk Committee

The Finance and Risk Committee is responsible for reviewing the strategies and policies of the Company for achieving finance and investment objectives and activities, and making recommendations to the Board regarding these objectives and activities. The Finance and Risk Committee also acts as the focus committee of the Board for oversight of the Company's enterprise risk management activities. Corporate Social Responsibility Report

The Management Committee and the Board recognize the importance of corporate social responsibility in the Company's long-term strategy.

Senior management from the Office of Risk Management and Corporate Responsibility & Community Engagement, among other functions, collaborated to identify environmental, social and governance ("ESG") goals that are relevant to the Company. The Company conducted a materiality assessment to strategically guide its corporate social responsibility management and reporting. The assessment used the Global Reporting Initiative (GRI) steps of identification, prioritization and validation to identify the most significant ESG topics based on their impact, risks and opportunities. The Company prioritized ESG topics using a customized weighting analysis that reflected relevant industry standards and studies, internal priorities, peer benchmarking and feedback from internal and external stakeholders. Our corporate social responsibility strategic framework reflects these topics.

Our corporate social responsibility strategic framework is comprised of four pillars:

• **Community Impact:** Includes community giving, responsible investing, addressing our risks and opportunities relating to climate change and monitoring and minimizing energy, emissions and waste;

• **Responsible Employer:** Includes talent management and promoting inclusion and diversity;

• **Integrity and Ethics:** Includes corporate governance including Board diversity, promotion of ethics and compliance and integration of risk management; and

• **Customer Commitment:** Includes ensuring that products and services meet customer needs and enhancing customer experience.

The Company's strategic framework helps the Company articulate its corporate social responsibility goals and measure its progress against them. The Nominating Committee oversees the Company's ESG and other corporate social responsibility efforts.

AUDIT COMMITTEE MATTERS

Audit Committee Report

The Audit Committee of the Board of Directors of the Company consists of four independent directors and operates under a written charter, adopted and reviewed annually by the Board. Among other things, the Audit Committee assists the Board in its oversight of the Company's financial accounting and reporting processes; the activities, qualifications and performance of the Company's independent registered public accounting firm and internal auditors; and the effectiveness of the Company's internal control environment.

In addition, the Audit Committee assists the Board in oversight of the Company's risk management policies. Additional information regarding the role of the Board in risk oversight can be found in the "Corporate Governance" section of this proxy statement.

Management is responsible for the preparation, presentation and integrity of the Company's financial statements; for maintaining appropriate accounting and financial reporting processes; for the establishment and effectiveness of the Company's internal controls and procedures; and for the execution of the Company's risk management function. In performing its oversight function, the Audit Committee has reviewed and discussed with management the audited consolidated financial statements of the Company as of and for the year ended December 31, 2018 and management's assessment that the Company maintained effective internal control over financial reporting as of December 31, 2018. Management's assessment is included in Management's Annual Report on Internal Control Over Financial Reporting appearing under Item 9A of the Company's Annual Report on Form 10-K for the year ended December 31, 2018 (the "Form 10-K"). In connection with that review, management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America and that the Company maintained effective internal control over financial reporting as of December 31, 2018, noting that the underlying internal control over financial reporting of TWG was excluded from management's assessment. In consultation with management and with input from the Company's independent registered public accounting firm, the Audit Committee reviews the effectiveness of the internal audit function. In addition, the Audit Committee has reviewed and discussed with management the Company's policies with respect to risk management, including the guidelines and policies that govern the process by which risk management is undertaken.

PricewaterhouseCoopers LLP ("PwC") serves as the Company's independent registered public accounting firm. Each year, the Audit Committee, in consultation with management and the Company's internal auditor, reviews PwC's performance and considers whether to reappoint PwC, subject to stockholder ratification, to serve as the Company's independent registered public accounting firm. In that review, the Audit Committee considers, among other things, the continued independence of PwC, PwC's tenure serving the Company, whether PwC's provision of non-audit services to the Company is compatible with maintaining its independence, and the quality and efficiency of the services provided, as well as the depth of the firm's and audit team's expertise and experience in the Company's industry. In order to assure continuing auditor independence, the Audit Committee periodically considers whether there should be regular rotation of the independent registered public accounting firm. In addition, the Audit Committee assesses the qualifications and performance of the lead audit partner and other principle team members, and the Audit Committee and its chair are involved in the selection of the new lead engagement partner when required by periodic auditor rotation or when otherwise applicable. The Audit Committee is responsible for pre-approving the audit fees and terms associated with the Company's retention of its independent registered public accounting firm and regularly reviews and pre-approves fees to be paid to PwC.

The Audit Committee has reviewed and discussed with PwC their report and related opinion on the fair presentation of the Company's consolidated financial statements as of and for the year ended December 31, 2018, as well as the effectiveness of the Company's internal control over financial reporting as of December 31, 2018. It also has discussed with PwC the matters required to be discussed by Auditing Standard 1301 (Communications with Audit Committees), as adopted by the Public Company Accounting Oversight Board (the "PCAOB"). The Audit Committee also has received written disclosures and a letter from PwC regarding its communications with the Audit Committee concerning independence from the Company, pursuant to applicable requirements of the PCAOB, has discussed with

PwC the independence of the firm, and has considered all of the above-referenced communications as well as all audit, audit-related and non-audit services provided by PwC.

Fees of Principal Accountants

The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of PricewaterhouseCoopers LLP, our independent registered public accounting firm. The Audit Committee is required to pre-approve all engagements with the independent registered public accounting firm, including both audit services and non-audit services prior to such services being rendered. The Audit Committee has delegated to the Audit Committee Chair the ability to pre-approve non-audit service engagements with the independent registered public accounting firm involving fees of up to \$250,000 per engagement. Any non-audit services that are pre-approved by the Chair must then be reported and ratified at the next full Audit Committee meeting.

In approving any non-audit services, the Audit Committee, or its Chair when applicable, considers whether the proposed services are prohibited under current law or regulations. In order to approve the proposed non-audit services, the Audit Committee, or its Chair when applicable, also must be of the opinion that the proposed services, both individually and collectively with all other provided services, will not impair the independence of the independent registered public accounting firm in connection with its audit opinion on the Company's consolidated financial statements and the effectiveness of internal control over financial reporting. The Audit Committee also receives assurances from the independent registered public accounting firm that the proposed engagement is not a prohibited service under applicable laws and regulations and that the proposed service will not impair the auditors' independence in connection with its audit opinion on the Company's consolidated financial statements.

The following table sets forth the aggregate fees for PwC for the fiscal years ended December 31, 2018 and 2017:

Table of Contents Appendix A**RECONCILIATION OF NON-GAAP FINANCIAL MEASURES**

Assurant uses the following non-GAAP financial measures to analyze the Company's operating performance in this proxy statement. Because Assurant's calculation of these measures may differ from similar measures used by other companies, investors should be careful when comparing Assurant's non-GAAP financial measures to those of other companies.

Assurant uses net operating income, excluding reportable catastrophes (represents catastrophe losses, which include only individual catastrophic events that generated losses to us in excess of \$5.0 million, net of reinsurance and client profit sharing adjustments and including reinstatement and other premiums), as an important measure of the Company's operating performance. Net operating income equals net income attributable to common stockholders, excluding Assurant Health runoff operations, net realized gains on investments, amortization of deferred gains on disposal of businesses (including Assurant Employee Benefits), net TWG acquisition related charges, loss on net assets held for sale related to mortgage solutions, foreign exchange gains (losses) from remeasurement of monetary assets and liabilities and other highly variable or unusual items. The Company believes net operating income, excluding reportable catastrophes, provides investors a valuable measure of the performance of the Company's ongoing business because the excluded items do not represent the ongoing operations of the Company and it excludes reportable catastrophes, which can be volatile. The comparable GAAP measure is net income attributable to common stockholders.

Table of Contents Appendix A

Assurant uses net operating income per diluted share, excluding reportable catastrophes, as an important measure of the Company's stockholder value. Net operating income per diluted share, excluding reportable catastrophes, equals net operating income, excluding reportable catastrophes (defined above), divided by weighted average diluted shares outstanding, excluding any dilutive effect from the assumed conversion of the mandatory convertible preferred stock prior to the TWG acquisition date. The Company believes this metric provides investors a valuable measure of stockholder value because it excludes reportable catastrophes, which can be volatile. The comparable GAAP measure is net income attributable to common stockholders per diluted share, defined as net income attributable to common stockholders plus any dilutive preferred stock dividends divided by weighted average diluted shares outstanding.

Assurant uses operating return on common stockholders' equity ("Operating ROE"), excluding accumulated other comprehensive income ("AOCI") and reportable catastrophes (as defined above), as an important measure of the company's operating performance. Operating ROE, excluding AOCI and reportable catastrophes, equals net operating income (as defined above), excluding reportable catastrophes, for the periods presented divided by average common stockholders' equity, excluding AOCI, for the year to date period. The Company believes this metric provides investors a valuable measure of the performance of the Company's ongoing business because it excludes the effect of reportable catastrophes, which can be volatile. The comparable GAAP measure is GAAP return on common stockholders' equity ("GAAP ROE"), defined as net income attributable to common stockholders, for the period presented, divided by average common stockholders' equity for the year to date period.

as administrator of the Plan, it shall have all the powers and protections of the Committee hereunder, and any reference herein to the Committee (other than in this Section 2.2(b)) shall include the Board.

2.3. Discretion of Committee. Any determination made by the Committee or by the Administrator under the provisions of the Plan with respect to any Award shall be made in the sole discretion of the Committee or the Administrator at the time of the grant of the Award or, unless in contravention of any express term of the Plan, at any time thereafter. All decisions made by the Committee or the Administrator shall be final and binding on all persons, including the Company, Participants, and Eligible Individuals. Each member of the Committee is entitled to, in good faith, rely or act upon any report or other information furnished to that member by any officer or other employee of the Company or any Affiliate, the Company's or an Affiliate's independent certified public accountants, Company counsel or any executive compensation consultant or other professional retained by the Company or the Committee to assist in the administration of the Plan. No member of the Committee will be liable for any good faith determination, act or omission in connection with the Plan or any Award.

2.4. Award Certificates. The terms and conditions of each Award, as determined by the Committee, shall be set forth in a written Award Certificate, which shall be delivered to the Participant receiving such Award upon, or as promptly as is reasonably practicable following, the grant of such Award. Award Certificates may be amended only in accordance with Section 11 hereof.

SECTION 3. Common Stock Subject to Plan; Limitations on Awards; Adjustment Provisions.

3.1. Number of Shares. Subject to adjustment as provided in Section 3.6, the aggregate number of Shares reserved and available for issuance pursuant to Awards granted under the Plan shall be 1,588,797, plus a number of additional Shares underlying awards outstanding as of the Amendment Date that thereafter terminate or expire unexercised, or are cancelled, forfeited or lapse for any reason. The maximum number of Shares that may be issued upon exercise of Incentive Stock Options granted under the Plan shall be 1,588,797. From and after the Effective Date, no further awards shall be granted under the Prior Plan and the Prior Plan shall remain in effect only so long as awards granted thereunder shall remain outstanding.

3.2. Share Counting. Shares covered by an Award shall be subtracted from the Plan share reserve as of the Grant Date, but shall be added back to the Plan share reserve or otherwise treated in accordance with this Section 3.2.

(a) The full number of Shares subject to the Option shall count against the number of Shares remaining available for issuance pursuant to Awards granted under the Plan, even if the exercise price of an Option is satisfied through net-settlement or by delivering Shares to the Company (by either actual delivery or attestation).

(b) Upon exercise of Stock Appreciation Rights that are settled in Shares, the full number of Stock Appreciation Rights (rather than any lesser number based on the net number of Shares actually delivered upon exercise) shall count against the number of Shares remaining available for issuance pursuant to Awards granted under the Plan.

(c) Shares withheld from an Option or SAR to satisfy tax withholding requirements shall count against the number of Shares remaining available for issuance pursuant to Awards granted under the Plan, and Shares delivered by a participant to satisfy tax withholding requirements with respect to an Option or SAR shall not be added to the Plan share reserve.

(d) Shares withheld from a Full-Value Award to satisfy tax withholding requirements shall not count against the number of Shares remaining available for issuance pursuant to Awards granted under the Plan, and Shares delivered by a participant to satisfy tax withholding requirements with respect to a Full-Value Award shall be added to the Plan share reserve.

(e) To the extent that an Award is canceled, terminates, expires, is forfeited or lapses for any reason, any unissued or forfeited Shares subject to the Award will be added back to the Plan share reserve and again be available for issuance pursuant to Awards granted under the Plan.

(f) Shares subject to Awards settled in cash will be added back to the Plan share reserve and again be available for issuance pursuant to Awards granted under the Plan.

(g) To the extent that the full number of Shares subject to a Full Value Award is not issued for any reason, including by reason of failure to achieve maximum performance goals, the unissued Shares originally subject

B-6

Table of Contents Appendix B

to the Award will be added back to the Plan share reserve and again be available for issuance pursuant to Awards granted under the Plan.

(h) Subject to applicable Exchange requirements, shares available under a stockholder-approved plan of a company acquired by the Company (as appropriately adjusted to Shares to reflect the transaction) may be issued under the Plan pursuant to Awards granted to individuals who were not employees of the Company or its Affiliates immediately before such transaction and will not count against the maximum share limitation specified in Section 3.1.

3.3. Stock Distributed. Any Stock distributed pursuant to an Award may consist, in whole or in part, of authorized and unissued Stock, treasury Stock or Stock purchased on the open market.

3.4. Limitation on Awards. Notwithstanding any provision in the Plan to the contrary (but subject to adjustment as provided in Section 3.6):

(a) Options. The maximum number of Options granted under the Plan in any calendar year to any one Participant shall be for 300,000 Shares.

(b) SARs. The maximum number of Stock Appreciation Rights granted under the Plan in any calendar year to any one Participant shall be with respect to 300,000 Shares.

(c) Performance Awards. With respect to any calendar year (i) the maximum amount that may be paid to any one Participant for performance-based Awards payable in cash or property other than Shares shall be \$7,500,000, and (ii) the maximum number of Shares that may be paid to any one Participant for performance-based Awards shall be 300,000 Shares. For purposes of applying these limits in the case of multi-year performance periods, the amount of cash or property or number of Shares deemed paid with respect to any calendar year is the total amount payable or Shares earned for the performance period divided by the number of calendar years in the performance period.

(d) Awards to Non-Employee Directors. The maximum number of Shares subject to Non-Employee Director Awards that may be granted to any Non-Employee Director in any calendar year shall be limited to a number that, combined with any cash fees or other compensation paid to such Non-Employee Director, shall not exceed \$600,000 in total value (calculating the value of any such Non-Employee Director Awards based on the grant date fair value of such Awards for financial reporting purposes); provided, that the Board may make exceptions to this limit for individual Non-Employee Directors in extraordinary circumstances as the Board may determine in its sole discretion, so long as (i) the aggregate limit does not exceed \$800,000 in total value during a fiscal year and (ii) the Non-Employee Director receiving such additional compensation does not participate in the decision to award such compensation or in other contemporaneous compensation decisions involving Non-Employee Directors.

3.5. Minimum Vesting Requirements. Subject to the following sentence, Full Value Awards, Options and SARs granted under the Plan shall be subject to a minimum vesting period of three years (which may include graduated vesting within such three-year period; provided, however, that no portion of any Award subject to graduated vesting shall vest earlier than one year after grant), or one year if the vesting is based on performance criteria other than continued service. Notwithstanding the foregoing, (i) the Committee may permit and authorize acceleration of vesting of such Full Value Awards, Options or SARs in the event of the Participant's termination of service, or the occurrence of a Change in Control, and (ii) the Committee may grant Full Value Awards, Options and SARs without respect to the above-described minimum vesting requirements with respect to Awards covering 5% or fewer of the total number of Shares authorized under the Plan.

3.6. Adjustment Provisions. The Committee shall have authority to make adjustments under the Plan as provided below:

(a) In the event of a merger, consolidation, acquisition of property or shares, stock rights offering, liquidation, separation, spinoff, Disaffiliation, extraordinary dividend of cash or other property, or similar event affecting the Company or any of its Subsidiaries (a "Corporate Transaction"), the Committee, or the Board may in its discretion make such substitutions or adjustments as it deems appropriate and equitable to (i) the aggregate number and kind of Shares or other securities reserved for issuance and delivery under the Plan, (ii) the various

Table of Contents Appendix B

maximum limitations set forth in Sections 3.1 and 3.4, (iii) the number and kind of Shares or other securities subject to outstanding Awards, and (iv) the exercise price of outstanding Awards.

(b) In the event of a nonreciprocal transaction between the Company and its stockholders that causes the per-share value of the Common Stock to change (including, without limitation, a stock dividend, stock split, reverse stock split, share combination, spin-off, rights offering recapitalization, or similar event affecting the capital structure of the Company), the Committee or the Board shall make such substitutions or adjustments as it deems appropriate and equitable in order to prevent dilution or enlargement of rights immediately resulting from such transaction. Action by the Committee or Board may include adjustments to (i) the aggregate number and kind of Shares or other securities reserved for issuance and delivery under the Plan, (ii) the various maximum limitations set forth in Sections 3.1 and 3.4, (iii) the number and kind of Shares or other securities subject to outstanding Awards, and (iv) the exercise price of outstanding Awards.

(c) In the case of Corporate Transactions, such adjustments may include, without limitation, (i) the cancellation of outstanding Awards in exchange for payments of cash, property, or a combination thereof having an aggregate value equal to the value of such Awards, as determined by the Committee or the Board in its sole discretion (it being understood that, in the case of a Corporate Transaction with respect to which stockholders of Common Stock receive consideration other than publicly traded equity securities of the Surviving Entity (as defined below in Section 9.2), any such determination by the Committee that the value of an Option or Stock Appreciation Right shall for this purpose be deemed to equal the excess, if any, of the value of the consideration being paid for each Share pursuant to such Corporate Transaction over the exercise price of such Option or Stock Appreciation Right shall conclusively be deemed valid), (ii) the substitution of other property (including, without limitation, cash or other securities of the Company and securities of entities other than the Company) for the Shares subject to outstanding Awards, and (iii) in connection with any Disaffiliation, arranging for the assumption of Awards, or replacement of Awards with new awards based on other property or other securities (including, without limitation, other securities of the Company and securities of entities other than the Company), by the affected Subsidiary, Affiliate, or division of the Company or by the entity that controls such Subsidiary, Affiliate, or division of the Company following such Disaffiliation (as well as any corresponding adjustments to Awards that remain based upon Company securities).

(d) The Committee may adjust the Performance Goals applicable to any Awards to reflect any unusual or non-recurring events and other extraordinary items, including without limitation impact of charges for restructurings, discontinued operations, and the cumulative effects of accounting or tax changes, each as defined by generally accepted accounting principles or as identified in the Company's financial statements, notes to the financial statements, management's discussion and analysis, or other public filings, provided that, in the case of Performance Goals applicable to any Qualified Performance-Based Awards, such adjustment does not cause an Award to fail to qualify for the Section 162(m) Exemption.

3.7. Section 409A of the Code. Notwithstanding the foregoing: (a) any adjustments made pursuant to Section 3.6 to Awards that are considered "deferred compensation" within the meaning of Section 409A of the Code shall be made in compliance with the requirements of Section 409A of the Code, (b) any adjustments made pursuant to Section 3.6 to Awards that are not considered "deferred compensation" subject to Section 409A of the Code shall be made in such a manner as to ensure that, after such adjustment, the Awards either (i) continue not to be subject to Section 409A of the Code, or (ii) comply with the requirements of Section 409A of the Code, and (c) in any event, the Board, the Committee, and the Administrator shall not have any authority to make any adjustments pursuant to Section 3.6 to the extent the existence of such authority would cause an Award that is not intended to be subject to Section 409A of the Code at the Grant Date to be subject thereto as of the Grant Date.

SECTION 4. Eligibility.

4.1. Eligible Individuals; Incentive Stock Options. Awards may be granted under the Plan to Eligible Individuals; provided, however, that Incentive Stock Options may be granted only to employees of the Company and its Subsidiaries or parent corporation (within the meaning of Section 424(f) of the Code). Eligible Individuals who are service providers to an Affiliate may be granted Options or SARs under this Plan only if the Affiliate qualifies as an "eligible issuer of service recipient stock" within the meaning of §1.409A-1(b)(5)(iii)(E) of the final regulations under

Code Section 409A.

SECTION 5. Options and Stock Appreciation Rights.

B-8

Table of Contents Appendix B

5.1. Types of Options. Options may be of two types: Incentive Stock Options and Nonqualified Options. The Award Certificate for an Option shall indicate whether the Option is intended to be an Incentive Stock Option or a Nonqualified Option; provided, that any Option that is designated as an Incentive Stock Option but fails to meet the requirements therefore (as described in Section 5.2 or otherwise), and any Option that is not expressly designated as intended to be an Incentive Stock Option shall be treated as a Nonqualified Option.

5.2. Incentive Stock Option Limitations. To the extent that the aggregate Fair Market Value, determined at the time of grant, of the Shares with respect to which Incentive Stock Options are exercisable for the first time during any calendar year under the Plan or any other stock option plan of the Company, any subsidiary corporation (within the meaning of Section 424(f) of the Code), or parent corporation (within the meaning of Section 424(e) of the Code) exceeds \$100,000, such Options shall be deemed Nonqualified Options. If an ISO Eligible Employee does not remain employed by the Company, any subsidiary corporation (within the meaning of Section 424(f) of the Code), or parent corporation (within the meaning of Section 424(e) of the Code) at all times from the time an Incentive Stock Option is granted until 3 months prior to the date of exercise thereof (or such other period as required by applicable law), such Option shall be treated as a Nonqualified Stock Option. Should any provision of the Plan not be necessary in order for any Options to qualify as Incentive Stock Options, or should any additional provisions be required, the Committee may amend the Plan accordingly, without the necessity of obtaining the approval of the stockholders of the Company.

5.3. Nature of Stock Appreciation Rights. Upon the exercise of a Stock Appreciation Right, the Participant shall be entitled to receive an amount in cash, Shares, or both, in value equal to the product of (a) the excess of the Fair Market Value of one Share over the exercise price of the applicable Stock Appreciation Right, multiplied by (b) the number of Shares in respect of which the Stock Appreciation Right has been exercised. The applicable Award Certificate shall specify whether such payment is to be made in cash or Common Stock or both, or shall reserve to the Committee or the Participant the right to make that determination prior to or upon the exercise of the Stock Appreciation Right.

5.4. Exercise Price. The exercise price per Share subject to an Option or SAR shall be determined by the Committee and set forth in the applicable Award Certificate, and shall not be less than the Fair Market Value of a share of the Common Stock on the applicable Grant Date; provided, however, that if an Incentive Stock Option is granted to a Ten Percent Stockholder, the exercise price shall be no less than 110% of the Fair Market Value of the Stock on the applicable Grant Date.

5.5. Term. The Term of each Option and SAR shall be fixed by the Committee, but shall not exceed 10 years from the Grant Date.

5.6. Vesting and Exercisability. Subject to Section 3.5, Options and SARs shall be exercisable at such time or times and subject to such terms and conditions as shall be determined by the Committee.

5.7. Method of Exercise. Subject to the provisions of this Section 5, Options and SARs may be exercised, in whole or in part, at any time during the applicable Term by giving written notice of exercise to the Company specifying the number of Shares as to which the Option or SAR is being exercised; provided, however, that, unless otherwise permitted by the Committee, any such exercise must be with respect to a portion of the applicable Option or SAR relating to no less than the lesser of the number of Shares then subject to such Option or SAR or 50 Shares. In the case of the exercise of an Option, such notice shall be accompanied by payment in full of the purchase price (which shall equal the product of such number of shares multiplied by the applicable exercise price) by certified or bank check or such other instrument as the Company may accept. If approved by the Committee, payment, in full or in part, may also be made as follows:

(a) Payments may be made in the form of Shares (by delivery of such shares or by attestation) of the same class as the Common Stock subject to the Option already owned by the Participant (based on the Fair Market Value of the Common Stock on the date the Option is exercised); provided, however, that, in the case of an Incentive Stock Option, the right to make a payment in the form of already owned Shares of the same class as the Common Stock subject to the Option may be authorized only at the time the Option is granted.

(b) To the extent permitted by applicable law, payment may be made by delivering a properly executed exercise notice to the Company, together with a copy of irrevocable instructions to a broker to deliver promptly to the Company the amount of sale or loan proceeds necessary to pay the purchase price, and, if requested, the amount of any federal,

state, local, or foreign withholding taxes. To facilitate the foregoing, the Company may,

B-9

Table of Contents Appendix B

to the extent permitted by applicable law, enter into agreements for coordinated procedures with one or more brokerage firms.

(c) Payment may be made by instructing the Company to withhold a number of Shares having a Fair Market Value (based on the Fair Market Value of the Common Stock on the date the applicable Option is exercised) equal to the product of (i) the exercise price multiplied by (ii) the number of Shares in respect of which the Option shall have been exercised.

5.8. Delivery; Rights of Stockholders. No Shares shall be delivered pursuant to the exercise of an Option until the exercise price therefor has been fully paid and applicable taxes have been withheld. The applicable Participant shall have all of the rights of a stockholder of the Company holding the class or series of Common Stock that is subject to the Option or Stock Appreciation Right (including, if applicable, the right to vote the applicable Shares and the right to receive dividends), when (a) the Company has received a written notice from the Participant of exercise that complies with all procedures established under this Plan for effective exercise, including, without limitation, completion and delivery of all required forms, (b) the Participant has, if requested, given the representation described in Section 13.1, and (c) in the case of an Option, the Participant has paid in full for such Shares.

5.9. Nontransferability of Options and Stock Appreciation Rights. No Option or SAR shall be transferable by a Participant other than, for no value or consideration, (a) by will or by the laws of descent and distribution, or (b) in the case of a Nonqualified Option or SAR, as otherwise expressly permitted by the Committee including, if so permitted, pursuant to a transfer to the Participant's family members, whether directly or indirectly or by means of a trust or partnership or otherwise. For purposes of this Plan, unless otherwise determined by the Committee, "family member" shall have the meaning given to such term in General Instructions A.1(a)(5) to Form S-8 under the Securities Act of 1933, as amended, and any successor thereto. Any Option or Stock Appreciation Right shall be exercisable, subject to the terms of this Plan, only by the applicable Participant, the guardian or legal representative of such Participant, or any person to whom such Option or Stock Appreciation Right is permissibly transferred pursuant to this Section 5.9, it being understood that the term "Participant" includes such guardian, legal representative and other transferee; provided, however, that the term "Continuous Service" shall continue to refer to the original Participant's service as an employee, officer, consultant or director of the Company or any Affiliate, as applicable.

5.10. No Deferral Feature. No Option or SAR shall provide for any feature for the deferral of compensation other than the deferral of recognition of income until the exercise or disposition of the Option or SAR.

5.11. No Dividend Equivalents. No Option or SAR shall provide for Dividend Equivalents.

5.12. No Repricing. Except for adjustments made pursuant to Section 3.6 of the Plan, the exercise price of any outstanding Option or Stock Appreciation Right granted under the Plan may not be decreased, directly or indirectly, after the date of grant nor may any outstanding Option or Stock Appreciation Right with an exercise price in excess of Fair Market Value be surrendered to the Company as consideration for cash, the grant of a new Option or Stock Appreciation Right with a lower exercise price, or the grant of another Award without the approval of the Company's stockholders.

SECTION 6. Restricted Stock (Including Performance Shares) and Unrestricted Stock.

6.1. Nature of Award; Certificates. Shares of Restricted Stock and Unrestricted Stock are actual Shares issued to a Participant, and shall be evidenced in such manner as the Committee may deem appropriate, including book-entry registration or issuance of one or more stock certificates. Shares of "Restricted Stock" are Shares that are subject to such restrictions on transferability and other restrictions as the Committee may impose (including, for example, limitations on the right to vote Restricted Stock or the right to receive dividends on the Restricted Stock). These restrictions may lapse separately or in combination at such times, under such circumstances, in such installments, upon the satisfaction of performance goals or otherwise, as the Committee determines at the time of the grant of the Award or thereafter. Shares of "Unrestricted Stock," the grant of which are subject to Section 3.5, are Shares not otherwise subject to conditions on grant, vesting, or transferability. "Performance Shares" are Shares of Restricted Stock, the vesting of which is subject to the attainment of Performance Goals. Any certificate issued in respect of Shares of Restricted Stock or Unrestricted Stock shall be registered in the name of the applicable Participant and, in the case of Restricted Stock, shall bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such Award,

substantially in the following form:

B-10

Table of Contents Appendix B

“The transferability of this certificate and the shares of stock represented hereby are subject to the terms and conditions (including forfeiture) of the Assurant, Inc. 2017 Long Term Equity Incentive Plan and an Award Certificate. Copies of such Plan and Certificate are on file at the offices of Assurant, Inc., 28 Liberty Street, 41st Floor, New York, New York 10005.”

The Committee may require that the certificates evidencing such shares be held in custody by the Company until the restrictions thereon shall have lapsed and that, as a condition of any Award of Restricted Stock, the applicable Participant shall have delivered a stock power, endorsed in blank, relating to the Common Stock covered by such Award.

6.2. Terms and Conditions. Shares of Restricted Stock shall be subject to the following terms and conditions:

(a) The Committee shall, prior to or at the time of grant, condition (i) the vesting or transferability of an Award of Restricted Stock upon the continued service of the applicable Participant or (ii) the grant, vesting, or transferability of an Award of Restricted Stock upon the attainment of Performance Goals, or the attainment of Performance Goals and the continued service of the applicable Participant. In the event that the Committee conditions the grant or vesting of an Award of Restricted Stock upon the attainment of Performance Goals and the continued service of the applicable Participant, the Committee may, prior to or at the time of grant, designate such an Award as a Performance-Based Award. The conditions for grant, vesting, or transferability and the other provisions of Restricted Stock Awards (including without limitation any Performance Goals applicable to Performance Shares) need not be the same with respect to each Participant.

(b) Subject to the provisions of the Plan and the applicable Award Certificate, during the period, if any, set by the Committee, commencing with the date of such Restricted Stock Award for which such vesting restrictions apply and until the expiration of such vesting restrictions (the “Restriction Period”), the Participant shall not be permitted to sell, assign, transfer, pledge, or otherwise encumber Shares of Restricted Stock.

(c) If any applicable Performance Goals are satisfied and the Restriction Period expires without a prior forfeiture of the Shares of Restricted Stock for which legended certificates have been issued, either (i) unlegended certificates for such Shares shall be delivered to the Participant upon surrender of the legended certificates, or (ii) such Shares shall be evidenced in such manner as the Committee may deem appropriate, including book-entry registration.

6.3. Rights of Stockholders. Except as provided in the applicable Award Certificate, the applicable Participant shall have, with respect to Shares of Restricted Stock and Unrestricted Stock, all of the rights of a stockholder of the Company holding the class or series of Common Stock that is the subject of the Restricted Stock or Unrestricted Stock, including, if applicable, the right to vote the Shares and the right to receive any dividends and other distributions.

SECTION 7. Restricted Stock Units (Including Performance Units).

7.1. Nature of Award. Restricted Stock Units are Awards denominated in Shares that will be settled, subject to the terms and conditions of the Restricted Stock Units, (a) in cash, based upon the Fair Market Value of a specified number of Shares, (b) in Shares, or (c) a combination thereof. “Performance Units” are Restricted Stock Units, the vesting of which is subject to the attainment of Performance Goals.

7.2. Terms and Conditions. Restricted Stock Units shall be subject to the following terms and conditions:

(a) The Committee may, prior to or at the time of grant, condition (i) the grant, vesting, or transferability of Restricted Stock Units upon the continued service of the applicable Participant or (ii) the grant, vesting, or transferability of Restricted Stock Units upon the attainment of Performance Goals, or the attainment of Performance Goals and the continued service of the applicable Participant. In the event that the Committee grants Performance Units or conditions the grant or vesting of Restricted Stock Units upon the attainment of Performance Goals and the continued service of the applicable Participant, the Committee may, prior to or at the time of grant, designate such Performance Units or Restricted Stock Units as a Qualified Performance-Based Awards. The conditions for grant, vesting or transferability and the other provisions of Restricted Stock Units (including without limitation any Performance Goals applicable to Performance Units) need not be the same with respect to each Participant. An Award of Restricted Stock Units shall be settled as and when the

B-11

Table of Contents Appendix B

Restricted Stock Units vest or at a later time specified by the Committee or in accordance with an election of the Participant, if the Committee so permits.

(b) Subject to the provisions of the Plan and the applicable Award Certificate, during the period, if any, set by the Committee, commencing with the date of such Restricted Stock Units for which such vesting restrictions apply and until the expiration of such vesting restrictions (the “Restriction Period”), the Participant shall not be permitted to sell, assign, transfer, pledge, or otherwise encumber Restricted Stock Units.

(c) The Award Certificate for Restricted Stock Units may specify whether, to what extent, and on what terms and conditions the applicable Participant shall be entitled to receive current or deferred payments of cash, Shares, or other property corresponding to the dividends payable on the Company’s Stock (subject to Section 13.5 below).

SECTION 8. Dividend Equivalents.

8.1. Nature of Award. The Committee is authorized to grant Dividend Equivalents with respect to Full-Value Awards granted hereunder, subject to such terms and conditions as the may be selected by the Committee. Dividend Equivalents shall entitle the Participant to receive payments having a value equal to the dividends that would be payable with respect to all or a portion of the number of Shares subject to a Full-Value Award, as determined by the Committee.

8.2. Terms and Conditions. Dividend Equivalents shall be subject to such terms and conditions as may be determined by the Committee. Without limiting the generality of the foregoing, Dividend Equivalents may be made subject to vesting conditions that are the same as, or different from the vesting conditions of the other Award to which they relate; may be payable in cash, Shares or other property or any combination thereof; and may be payable at the same time as the related actual dividends are paid to stockholders, or deemed to have been reinvested in additional Shares or otherwise deferred (subject to compliance with the requirements of Section 409A of the Code).

SECTION 9. Change of Control Provisions.

9.1. Impact of Event. Unless otherwise provided in the applicable Award Certificate, notwithstanding any other provision of this Plan to the contrary, upon a Change of Control (as defined below):

(a) Awards Assumed or Substituted by Surviving Entity. With respect to Awards assumed by the surviving entity or otherwise equitably converted or substituted in connection with a Change in Control: if within two years after the effective date of the Change in Control, a Participant’s employment is terminated without Cause or the Participant resigns for Good Reason, then (i) all of that Participant’s outstanding Options, SARs and other Awards in the nature of rights that may be exercised shall become fully exercisable, (ii) all time-based vesting restrictions on his or her outstanding Awards shall lapse, and (iii) the payout level under all of that Participant’s performance-based Awards that were outstanding immediately prior to effective time of the Change in Control shall be determined and deemed to have been earned as of the date of termination based upon the greater of: (A) an assumed achievement of all relevant performance goals at the “target” level pro-rated based upon the length of time within the performance period that has elapsed prior to the termination of employment date, or (B) the actual level of achievement of all relevant performance goals (measured as of the latest date immediately preceding the date of termination for which performance can, as a practical matter, be determined), and, in either such case, there shall be a payout to such Participant within sixty (60) days following the termination of employment date (unless a later date is required by Section 13.23 hereof). With regard to each Award, a Participant shall not be considered to have resigned for Good Reason unless either (i) the Award Certificate includes such provision or (ii) the Participant is party to an employment, severance or similar agreement with the Company or an Affiliate that includes provisions in which the Participant is permitted to resign for Good Reason. Any Awards shall thereafter continue or lapse in accordance with the other provisions of the Plan and the Award Certificate. To the extent that this provision causes Incentive Stock Options to exceed the dollar limitation set forth in Code Section 422(d), the excess Options shall be deemed to be Nonqualified Options.

(b) Awards not Assumed or Substituted by Surviving Entity. Upon the occurrence of a Change in Control, and except with respect to any Awards assumed by the surviving entity or otherwise equitably converted or substituted in connection with the Change in Control in a manner approved by the Committee or the Board:

Table of Contents Appendix B

(i) outstanding Options, SARs, and other Awards in the nature of rights that may be exercised shall become fully exercisable, (ii) time-based vesting restrictions on outstanding Awards shall lapse, and (iii) the target payout opportunities attainable under outstanding performance-based Awards shall be deemed to have been fully earned as of the effective date of the Change in Control based upon the greater of: (A) an assumed achievement of all relevant performance goals at the “target” level pro-rated based upon the length of time within the performance period that has elapsed prior to the Change in Control, or (B) the actual level of achievement of all relevant performance goals (measured as of the latest date immediately preceding the Change in Control for which performance can, as a practical matter, be determined), and, in either such case, there shall be a payout to Participants within sixty (60) days following the Change in Control (unless a later date is required by Section 13.23 hereof). Any Awards shall thereafter continue or lapse in accordance with the other provisions of the Plan and the Award Certificate. To the extent that this provision causes Incentive Stock Options to exceed the dollar limitation set forth in Code Section 422(d), the excess Options shall be deemed to be Nonqualified Stock Options.

9.2. Definition of Change of Control. For purposes of the Plan, a “Change of Control” shall mean any of the following events:

(a) Individuals who, on the Effective Date, constitute the Board (the “Incumbent Directors”) cease for any reason to constitute at least a majority of the Board; provided that any person becoming a director and whose election or nomination for election is approved by a vote of at least a majority of the Incumbent Directors then on the Board shall be an Incumbent Director; provided, however, that no individual initially elected or nominated as a director of the Company as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of any person as defined in Section 3(a)(9) of the Act (a “Person”), other than the Board, including by reason of any agreement, shall be deemed an Incumbent Director;

(b) Any person is or becomes a Beneficial Owner, directly or indirectly, of either (i) 30% or more of the then-outstanding shares of common stock of the Company or (ii) securities representing 30% or more of the combined voting power of the Company’s then-outstanding securities eligible to vote for the election of directors (“Company Voting Securities”); provided, however, that for purposes of this subsection (b), the following acquisitions shall not constitute a Change of Control: (1) an acquisition directly from the Company or any Subsidiary; (2) an acquisition by the Company or a Subsidiary; (3) an acquisition by a Person who is on the Effective Date the Beneficial Owner, directly or indirectly, of 50% or more of the outstanding shares of common stock of the Company or 50% or more of the combined voting power of the Company’s outstanding securities eligible to vote for the election of directors; (4) an acquisition by any employee benefit plan (or related trust) sponsored or maintained by the Company or any Subsidiary; or (5) an acquisition pursuant to a transaction that complies with Sections 9.2(c)(i), 9.2(c)(ii), and 9.2(c)(iii) below;

(c) The consummation of a reorganization, merger, consolidation, statutory share exchange or similar corporate transaction involving the Company or a Subsidiary, the sale or other disposition of all or substantially all of the Company’s assets, or the acquisition of assets or stock of another corporation (a “Transaction”), unless immediately following the Transaction: (i) all or substantially all of the individuals who were Beneficial Owners, respectively, of the outstanding shares of common stock of the Company and outstanding securities eligible to vote for the election of directors immediately prior to the Transaction beneficially own, directly or indirectly, more than 60% of, respectively, the outstanding shares of common stock and the combined voting power of the outstanding securities entitled to vote in the election of directors of the corporation resulting from the Transaction (the “Surviving Entity”), in substantially the same proportions as their ownership, immediately prior to the Transaction, of the outstanding common stock of the Company and the outstanding securities eligible to vote in the election of directors of the Company; (ii) no Person (other than the Company, a Subsidiary, the Surviving Entity, or any employee benefit plan or related trust sponsored or maintained by the foregoing) is or becomes a Beneficial Owner, directly or indirectly, of 30% or more of the outstanding common stock or 30% or more of the total voting power of the outstanding securities eligible to vote for the election of directors of the Surviving Entity; and (iii) at least a majority of the members of the board of the Surviving Entity were Incumbent Directors at the time of the Board’s approval of the execution of the initial agreement

providing for the Transaction; or

(d) Approval by the stockholders of the Company of a complete liquidation or dissolution of the Company.

SECTION 10. Performance-Based Awards.

10.1. Performance-Based Awards. When granting any Award other than an Option or Stock Appreciation Right, the Committee may designate such Award as a Performance-Based Award by conditioning the right of a Participant to have it settled, and the timing thereof, upon the achievement or satisfaction of such Performance Goals within a Performance Period, each as may be specified by the Committee. The Committee may establish different Performance Periods for different Participants, and the Committee may establish concurrent or overlapping Performance Periods. Performance Periods established by the Committee for any Performance-Based Award may be as short as 12 months and may be any longer period.

10.2. Performance Goals and Other Conditions. Each Performance-Based Award (other than an Option or Stock Appreciation Right) shall be earned, vested, and/or payable (as applicable) only upon the achievement of one or more Performance Goals, together with the satisfaction of any other conditions, such as continued employment, as the Committee may determine to be appropriate. The Committee may use such business criteria and other performance measures as it may deem appropriate in establishing any objective Performance Goals for Performance-Based Awards.

10.3. Inclusions and Exclusions from Performance Goals. The Committee may provide in any Performance-Based Award, at the time the Performance Goals are established, that any evaluation of performance shall exclude or otherwise objectively adjust for any specified circumstance or event that occurs during a performance period, including by way of example but without limitation the following: (a) asset write-downs or impairment charges; (b) litigation or claim judgments or settlements; (c) the effect of changes in tax laws, accounting principles or other laws or provisions affecting reported results; (d) accruals for reorganization and restructuring programs; (e) extraordinary nonrecurring items as described in then-current accounting principles; (f) extraordinary nonrecurring items as described in management's discussion and analysis of financial condition and results of operations appearing in the Company's annual report to stockholders for the applicable year; (g) acquisitions or divestitures; and (h) foreign exchange gains and losses.

10.4. Award Limits. Section 3.4 sets forth (i) the maximum number of Shares that may be granted in any one-year period to a Participant in designated forms of stock-based Awards, and (ii) the maximum aggregate dollar amount that may be paid with respect to cash-based Awards under the Plan to any one Participant in any fiscal year of the Company.

SECTION 11. Term, Amendment, and Termination.

11.1. Effectiveness. The Plan is effective as of May 11, 2017 (the "Effective Date"), which is the date the Plan was approved by the Company's stockholders.

11.2. Termination. Unless earlier terminated as provided herein, the Plan will terminate on the 10th anniversary of the Effective Date or, if the stockholders approve an amendment to the Plan that increases the number of Shares subject to the Plan, the tenth anniversary of the date of such approval. Awards outstanding as of such date shall not be affected or impaired by the termination of the Plan.

11.3. Amendment of Plan. The Board or the Committee may amend, alter, or discontinue the Plan, but no amendment, alteration, or discontinuation shall be made which would materially impair the rights of any Participant with respect to a previously granted Award without such Participant's consent, except such an amendment made to comply with applicable law, including, without limitation, Section 409A of the Code, stock exchange rules, or accounting rules. In addition, no such amendment shall be made without the approval of the Company's stockholders (a) to the extent that such approval is required (i) by applicable law or by the listing standards of the Applicable Exchange as in effect as of the Effective Date or (ii) by applicable law or under the listing standards of the Applicable Exchange as may be required after the Effective Date, (b) to the extent that such amendment would materially increase the benefits accruing to Participants under the Plan, (c) to the extent that such amendment would materially increase the number of securities which may be issued under the Plan, or (d) to the extent that such amendment would materially modify the requirements for participation in the Plan.

11.4. Amendment of Awards. Subject to Section 5.12, the Committee may unilaterally amend the terms of any Award theretofore granted, but no such amendment shall without the Participant's consent, materially impair the rights of any

Participant with respect to an Award, except such an amendment made to cause the Plan or Award to comply with applicable law, stock exchange rules, or accounting rules.

SECTION 12. Unfunded Status of Plan.

12.1. Unfunded Status; Committee Authority. It is presently intended that the Plan will constitute an “unfunded” plan for incentive and deferred compensation. The Committee may authorize the creation of trusts or other arrangements to meet the obligations created under the Plan to deliver Shares or make payments; provided, however, that unless the Committee otherwise determines, the existence of such trusts or other arrangements is consistent with the “unfunded” status of the Plan.

SECTION 13. General Provisions.

13.1. Conditions for Issuance. The Committee may require each person purchasing or receiving Shares pursuant to an Award to represent to and agree with the Company in writing that such person is acquiring the Shares without a view to the distribution thereof. The certificates for such Shares may include any legend which the Committee deems appropriate to reflect any restrictions on transfer. Notwithstanding any other provision of the Plan or agreements made pursuant thereto, the Company shall not be required to issue or deliver any certificate or certificates for Shares under the Plan prior to fulfillment of all of the following conditions: (i) listing or approval for listing upon notice of issuance of such Shares on the Applicable Exchange, (ii) any registration or other qualification of such Shares of the Company under any state or federal law or regulation, or the maintaining in effect of any such registration or other qualification which the Committee shall, in its absolute discretion upon the advice of counsel, deem necessary or advisable, and (iii) obtaining any other consent, approval, or permit from any state or federal governmental agency which the Committee shall, in its absolute discretion after receiving the advice of counsel, determine to be necessary or advisable.

13.2. Additional Compensation Arrangements. Nothing contained in the Plan shall prevent the Company or any Subsidiary or Affiliate from adopting other or additional compensation arrangements for its employees.

13.3. No Contract of Employment. The Plan shall not constitute a contract of employment, and adoption of the Plan shall not confer upon any employee any right to continued employment, nor shall it interfere in any way with the right of the Company or any Subsidiary or Affiliate to terminate the employment of any employee at any time.

13.4. Required Taxes. No later than the date as of which an amount first becomes includible in the gross income of a Participant for federal, state, local, or foreign income or employment or other tax purposes with respect to any Award under the Plan, such Participant shall pay to the Company, or make arrangements satisfactory to the Company regarding the payment of, any federal, state, local, or foreign taxes of any kind required by law to be withheld with respect to such amount. Unless otherwise determined by the Company, withholding obligations may be settled with Shares, including Shares that are part of the Award that gives rise to the withholding requirement, having a Fair Market Value on the date of withholding equal to the amount required to be withheld for tax purposes, all in accordance with such procedures as the Committee establishes. The obligations of the Company under the Plan shall be conditioned on such payment or arrangements, and the Company and its Affiliates shall, to the extent permitted by law, have the right to deduct any such taxes from any payment otherwise due to such Participant. The Committee may establish such procedures as it deems appropriate, including making irrevocable elections, for the settlement of withholding obligations with Common Stock.

13.5. Limit on Dividend Reinvestment and Dividend Equivalents. Reinvestment of dividends in additional Restricted Stock Units to be settled in Shares, and the payment of Shares with respect to dividends to Participants holding Awards of Restricted Stock Units, shall only be permissible if sufficient Shares are available under Section 3 for such reinvestment or payment (taking into account then outstanding Awards). In the event that sufficient Shares are not available for such reinvestment or payment, such reinvestment or payment shall be made in the form of a grant of Restricted Stock Units equal in number to the Restricted Stock Units or Shares that would have been obtained by such payment or reinvestment, the terms of which Restricted Stock Units shall provide for settlement in cash and for dividend equivalent reinvestment in further Restricted Stock Units on the terms contemplated by this Section 13.5.

13.6. Written Materials; Electronic Documents. Electronic documents may be substituted for any written materials required by the terms of the Plan, including, without limitation, Award Certificates.

13.7. Designation of Death Beneficiary. The Committee shall establish such procedures as it deems appropriate for a Participant to designate a beneficiary to whom any amounts payable in the event of such Participant’s death are to be

paid or by whom any rights of such Participant after such Participant's death may be exercised. If no

B-15

Table of Contents Appendix B

beneficiary designation is in effect for a Participant at the time or his or her death, any such amounts shall be paid to, and any such rights may be exercised by, the estate of the Participant.

13.8. **Subsidiary Employees.** In the case of a grant of an Award to any employee of a Subsidiary of the Company, the Company may, if the Committee so directs, issue or transfer the Shares, if any, covered by the Award to the Subsidiary, for such lawful consideration as the Committee may specify, upon the condition or understanding that the Subsidiary will transfer the Shares to the employee in accordance with the terms of the Award specified by the Committee pursuant to the provisions of the Plan. All Shares underlying Awards that are forfeited or canceled shall revert to the Company.

13.9. **Governing Law.** The Plan and all Awards made and actions taken thereunder shall be governed by and construed in accordance with the laws of the State of Delaware, without reference to principles of conflict of laws.

13.10. **Non-Transferability.** Except as otherwise provided in Section 5.9 or by the Committee, Awards under the Plan are not transferable except by will or by laws of descent and distribution.

13.11. **Foreign Employees and Foreign Law Considerations.** The Committee may grant Awards to Eligible Individuals who are foreign nationals, who are located outside the United States, or who are not compensated from a payroll maintained in the United States, or who are otherwise subject to (or could cause the Company to be subject to) legal or regulatory provisions of countries or jurisdictions outside the United States, on such terms and conditions different from those specified in the Plan as may, in the judgment of the Committee, be necessary or desirable to foster and promote achievement of the purposes of the Plan, and, in furtherance of such purposes, the Committee may make such modifications, amendments, procedures, or subplans as may be necessary or advisable to comply with such legal or regulatory provisions.

13.12. **No Rights to Awards; Non-Uniform Determinations.** No Participant or Eligible Individual shall have any claim to be granted any Award under the Plan. The Company, its Affiliates, or the Committee shall not be obligated to treat Participants or Eligible Individuals uniformly, and determinations made under the Plan may be made by the Committee selectively among Participants and/or Eligible Individuals, whether or not such Participants and Eligible Individuals are similarly situated.

13.13. **Indemnification.** To the extent allowable under applicable law, each member of the Committee shall be indemnified and held harmless by the Company from any loss, cost, liability, or expense (including, but not limited to, attorneys' fees) that may be imposed upon or reasonably incurred by such member in connection with or resulting from any claim, action, suit, or proceeding to which such member may be a party or in which he or she may be involved by reason of any action or failure to act under the Plan and against and from any and all amounts paid by such member in satisfaction of judgment in such action, suit, or proceeding against him or her, provided he or she gives the Company an opportunity, at its own expense, to handle and defend the same before he or she undertakes to handle and defend it on his or her own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's Certificate of Incorporation or Bylaws, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.

13.14. **Relationship to Other Benefits.** No payment under the Plan shall be taken into account in determining any benefits under any pension, retirement, savings, profit sharing, group insurance, welfare, or benefit plan of the Company or any Affiliate unless provided otherwise in such plan.

13.15. **Expenses.** The expenses of administering the Plan shall be borne by the Company and its Subsidiaries or Affiliates.

13.16. **Titles and Headings.** The titles and headings of the Sections in the Plan are for convenience of reference only, and in the event of any conflict, the text of the Plan, rather than such titles or headings, shall control.

13.17. **Fractional Shares.** No fractional Shares shall be issued, and the Committee shall determine, in its sole discretion, whether cash shall be given in lieu of fractional Shares or, subject to Section 3, whether such fractional Shares shall be eliminated by rounding up or down.

13.18. **Government and Other Regulations.** Notwithstanding any other provision of the Plan:

Table of Contents Appendix B

(a) No Participant who acquires Shares pursuant to the Plan may, during any period of time that such Participant is an affiliate of the Company (within the meaning of regulations promulgated pursuant to the Securities Act of 1933 (the “1933 Act”)), offer or sell such Shares, unless such offer and sale are made (i) pursuant to an effective registration statement under the 1933 Act, which is current and includes the Shares to be sold, or (ii) pursuant to an appropriate exemption from the registration requirements of the 1933 Act, such as that set forth in Rule 144 promulgated under the 1933 Act.

(b) If at any time the Committee shall determine that the registration, listing, or qualification of the Shares covered by an Award upon the Applicable Exchange or under any foreign, federal, state, or local law or practice, or the consent or approval of any governmental regulatory body, is necessary or desirable as a condition of, or in connection with, the granting of such Award or the purchase or receipt of Shares thereunder, no Shares may be purchased, delivered, or received pursuant to such Award unless and until such registration, listing, qualification, consent, or approval shall have been effected or obtained free of any condition not acceptable to the Committee. Any Participant receiving or purchasing Shares pursuant to an Award shall make such representations and agreements and furnish such information as the Committee may request to assure compliance with the foregoing or any other applicable legal requirements. The Company shall not be required to issue or deliver any certificate or certificates for Shares under the Plan prior to the Committee’s determination that all related requirements have been fulfilled. The Company shall in no event be obligated to register any securities pursuant to the 1933 Act or applicable state or foreign law, or to take any other action in order to cause the issuance and delivery of such certificates to comply with any such law, regulation, or requirement.

13.19. Additional Provisions. Each Award Certificate may contain such other terms and conditions as the Committee may determine; provided, that such other terms and conditions are not inconsistent with the provisions of the Plan.

13.20. No Limitations on Rights of the Company. The grant of any Award shall not in any way affect the right or power of the Company to make adjustments, reclassifications, or changes in its capital or business structure or to merge, consolidate, dissolve, liquidate, sell, or transfer all or any part of its business or assets. The Plan shall not restrict the authority of the Company, for proper corporate purposes, to draft, grant, or assume Awards, other than under the Plan, with respect to any person.

13.21. Blackout Periods. Notwithstanding any other provision of this Plan or any Award to the contrary, the Company shall have the authority to establish any “blackout” period that the Company deems necessary or advisable with respect to any or all Awards.

13.22 Recoupment Policy. The Company has established a Recoupment Policy with respect to excess incentive-based compensation provided to current and former “executive officers” (as defined in the Recoupment Policy) of the Company. All performance-based Awards granted under this Plan on or after January 1, 2012 and held by any such person are subject to the terms and conditions of the Recoupment Policy, and, as a condition of participation in this Plan, each such person is deemed to have agreed to the terms of the Recoupment Policy. The terms of the Recoupment Policy are incorporated into this Plan by reference.

13.23. Special Provisions Relating to Section 409A of the Code.

(a) General. It is intended that the payments and benefits provided under the Plan and any Award shall either be exempt from the application of, or comply with, the requirements of Section 409A of the Code. The Plan and all Award Certificates shall be construed in a manner that effects such intent. Nevertheless, the tax treatment of the benefits provided under the Plan or any Award is not warranted or guaranteed. Neither the Company, its Affiliates nor their respective directors, officers, employees or advisers (other than in his or her capacity as a Participant) shall be held liable for any taxes, interest, penalties or other monetary amounts owed by any Participant or other taxpayer as a result of the Plan or any Award.

(b) Definitional Restrictions. Notwithstanding anything in the Plan or in any Award Certificate to the contrary, to the extent that any amount or benefit that would constitute non-exempt “deferred compensation” for purposes of Section 409A of the Code (“Non-Exempt Deferred Compensation”) would otherwise be payable or distributable, or a different form of payment (e.g., lump sum or installment) of such Non-Exempt Deferred Compensation would be effected, under the Plan or any Award Certificate by reason of the occurrence of a Change in Control, or the Participant’s

Disability or separation from service, such Non-Exempt Deferred Compensation will not be payable or distributable to the Participant, and/or such different form of payment will not be effected, by reason of such circumstance unless

B-17

Table of Contents Appendix B

the circumstances giving rise to such Change in Control, Disability or separation from service meet any description or definition of “change in control event”, “disability” or “separation from service”, as the case may be, in Section 409A of the Code and applicable regulations (without giving effect to any elective provisions that may be available under such definition). This provision does not affect the dollar amount or prohibit the vesting of any Award upon a Change in Control, Disability or separation from service, however defined. If this provision prevents the payment or distribution of any amount or benefit, or the application of a different form of payment of any amount or benefit, such payment or distribution shall be made at the time and in the form that would have applied absent the non-409A-conforming event.

(c) Allocation among Possible Exemptions. If any one or more Awards granted under the Plan to a Participant could qualify for any separation pay exemption described in Treas. Reg. Section 1.409A-1(b)(9), but such Awards in the aggregate exceed the dollar limit permitted for the separation pay exemptions, the Company shall determine which Awards or portions thereof will be subject to such exemptions.

(d) Six-Month Delay in Certain Circumstances. Notwithstanding anything in the Plan or in any Award Certificate to the contrary, if any amount or benefit that would constitute Non-Exempt Deferred Compensation would otherwise be payable or distributable under this Plan or any Award Certificate by reason of a Participant’s separation from service during a period in which the Participant is a Specified Employee (as defined below), then, subject to any permissible acceleration of payment by the Committee under Treas. Reg. Section 1.409A-3(j)(4)(ii) (domestic relations order), (j)(4)(iii) (conflicts of interest), or (j)(4)(vi) (payment of employment taxes):

(i) the amount of such Non-Exempt Deferred Compensation that would otherwise be payable during the six-month period immediately following the Participant’s separation from service will be accumulated through and paid or provided on the first day of the seventh month following the Participant’s separation from service (or, if the Participant dies during such period, within 30 days after the Participant’s death) (in either case, the “Required Delay Period”); and (ii) the normal payment or distribution schedule for any remaining payments or distributions will resume at the end of the Required Delay Period.

For purposes of this Plan, the term “Specified Employee” has the meaning given such term in Code Section 409A and the final regulations thereunder; provided, however, that, as permitted in such final regulations, the Company’s Specified Employees and its application of the six-month delay rule of Code Section 409A(a)(2)(B)(i) shall be determined in accordance with rules adopted by the Board or any committee of the Board, which shall be applied consistently with respect to all nonqualified deferred compensation arrangements of the Company, including this Plan.

(e) Installment Payments. If, pursuant to an Award, a Participant is entitled to a series of installment payments, such Participant’s right to the series of installment payments shall be treated as a right to a series of separate payments and not to a single payment. For purposes of the preceding sentence, the term “series of installment payments” has the meaning provided in Treas. Reg. Section 1.409A-2(b)(2)(iii) (or any successor thereto).

(f) Timing of Release of Claims. Whenever an Award conditions a payment or benefit on the Participant’s execution and non-revocation of a release of claims, such release must be executed and all revocation periods shall have expired within 60 days after the date of termination of the Participant’s employment; failing which such payment or benefit shall be forfeited. If such payment or benefit is exempt from Section 409A of the Code, the Company may elect to make or commence payment at any time during such 60-day period. If such payment or benefit constitutes Non-Exempt Deferred Compensation, then, subject to subsection (d) above, (i) if such 60-day period begins and ends in a single calendar year, the Company may make or commence payment at any time during such period at its discretion, and (ii) if such 60-day period begins in one calendar year and ends in the next calendar year, the payment shall be made or commence during the second such calendar year (or any later date specified for such payment under the applicable Award), even if such signing and non-revocation of the release occur during the first such calendar year included within such 60-day period. In other words, a Participant is not permitted to influence the calendar year of payment based on the timing of signing the release.

(g) Permitted Acceleration. The Company shall have the sole authority to make any accelerated distribution permissible under Treas. Reg. Section 1.409A-3(j)(4) to Participants of deferred amounts, provided that such distribution(s) meets the requirements of Treas. Reg. Section 1.409A-3(j)(4).
