Human Resources Committee
Report on Executive Compensation

LaBarge, Inc. has had an independent Human Resources Committee (the "Committee") since 1981. The Committee is made up of three outside directors appointed annually by the Board of Directors (the "Board"). The principal responsibilities of the Committee include the following:

- * Review and recommend to the Board the annual salary, incentive compensation, including performance awards under the 1999 Non-Qualified Stock Option Plan, and other benefits of the chief executive officer and other members of executive management.

The Company's compensation practices are designed to achieve certain fundamental objectives, including:

- * To attract and retain talented key executives;
- * To set competitive compensation levels;
- * To provide incentives which focus performance on the achievement of Company objectives;
- * To align executive compensation, including the award of stock options, with the interest of the stockholders.

To assist the Committee, the Company has, for more than 10 years, contracted with an independent compensation and benefits consulting firm. This firm periodically evaluates each of the key management positions within the Company. The evaluation is based upon such criteria as the size and scope of the job, specific technical and managerial skills required, and the impact of the specific job on Company results.

Using the evaluations of each job and data on the compensation practices of over 500 industrial companies in the U.S., the consultants recommend ranges for both base salary and bonus opportunity. The range for base salary is wide (plus or minus 20% from a mid-point) to accommodate a variety of individual criteria, including competitive factors and specific job performance over time. The recommended range for bonus opportunity is also wide, plus or minus 50% from a mid-point. The Committee believes that executives should be paid a base salary that is within the recommended range. Actual bonus payments may range from zero to the recommended high point or greater.

Each year, the CEO makes recommendations to the Committee regarding proposed salary changes and bonus payments, if any. The recommendations, and the Committee's evaluation of them, are based upon a variety of criteria including profit performance to plan, cash flow, debt reduction, customer development, the accomplishment of specific important objectives and many subjective factors. All of these factors were considered in determining the salaries and bonuses for 2003. These factors are also considered in establishing the compensation of the Chief Executive Officer.

In determining the CEO's total compensation, the Committee considered Mr. LaBarge's level of responsibility, leadership and overall contribution as Chief Executive Officer. In particular, the following were considered by the Committee for fiscal 2003: the sequential quarterly improvement in sales and earnings, the increase in backlog to record levels, the reduction in debt and the sale of the railroad portion of the ScadaNET Network™ business, on favorable terms.

Employment Agreement with Named Executive Officer

In 1999, the Company entered into an Executive Severance Agreement ("Agreement") with Donald H. Nonnenkamp, Vice President, Chief Financial Officer and Secretary of the Company. The Agreement provides that, following a Change of Control (as defined by the Agreement), the Company will continue to employ Mr. Nonnenkamp for a period not less than one year at his place of employment immediately prior to the Change of Control or within 50 miles thereof. During that period, Mr. Nonnenkamp would be entitled to a base salary in the amount not less than the annualized base salary paid or payable to him during the month immediately preceding the month in which the Change of Control occurs. He would also be entitled to an annual bonus equal to the same percentage of his base salary as the average bonuses paid to Mr. Nonnenkamp in each of the five fiscal years most recently ended were to his base salary in those years, after disregarding the highest and lowest of such percentages. Mr. Nonnenkamp would also be entitled, during such one-year period, to all pension, welfare and other employee benefits, fringe benefits and perquisites in amounts and on terms no less favorable than those to which he was entitled on the date of the Change of Control. The Agreement also provides that, in the event of termination of Mr. Nonnenkamp's employment during such one-year period for reasons other than death, disability, or Cause (as defined by the Agreement) or voluntarily by Mr. Nonnenkamp without Good Reason (as defined by the Agreement), Mr. Nonnenkamp would be entitled to a lump sum payment from the Company equal to the sum of: (i) his salary and other compensation not yet paid by the Company through the date of termination; (ii) a bonus prorated for the portion of the year through the date of termination; (iii) the product of three times the sum of (x) Mr. Nonnenkamp's salary plus (y) the bonus to which he would have been entitled for the full fiscal year; plus (iv) vacation pay. The Company would also be required to provide to Mr. Nonnenkamp for three years after termination all medical, hospitalization, disability and certain other benefits in amounts and on terms not less favorable than those to which he was entitled at the time of termination. If the foregoing amounts were not paid when due, they would bear interest at the rate of 15% per annum. The Agreement provides for appropriate adjustments of such payments if they would be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code of 1986, as amended.

Report of the Audit Committee

The primary role of the Audit Committee is oversight of the Company's financial reporting process, public financial reports, internal accounting and financial controls, and the independent audit of the annual consolidated statement. The Board, in its business judgment, has determined that the members of the Audit Committee are "independent," as required by the American Stock Exchange. The Committee acts under a charter attached to this proxy statement. The Committee reviews the adequacy of the charter at least annually.

Committee members are not professionally engaged in the practice of accounting or auditing, and are not experts under the Securities Act of 1933 in either of those fields or in auditor independence. In carrying out its responsibilities, the Committee looks to management and the independent auditors. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. The independent auditors are responsible for auditing the Company's consolidated financial statements and expressing an opinion as to their conformity to accounting principles generally accepted in the United States.

In the performance of its oversight function, the Audit Committee has reviewed and discussed with management and the independent auditors the Company's audited consolidated financial statements.

Management and the independent auditors told the Audit Committee that the Company's financial statements were fairly stated in accordance with generally accepted accounting principles. The Audit Committee also has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 relating to communication with audit committees. In addition, the Audit Committee has received from the independent auditors the written disclosures and letter required by Independence Standards Board Standard No. 1 relating to independence discussions with audit committees and has considered whether the independent auditor's provision of non-audit services to the Company is compatible with maintaining the auditor's independence.

The Audit Committee discussed with the Company's independent auditors the overall scope and plans for their audit. The Audit Committee met with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved that the Company's audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended June 29, 2003 for filing with the Securities and Exchange Commission.

The Audit Committee has retained KPMG LLP to audit the Company's financial statements for fiscal 2004.

Section 16(a) Beneficial Ownership Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires that the Company's directors, executive officers and beneficial owners of more than 10% of the Company's outstanding shares of Common Stock file reports on Forms 3, 4 and 5 with the Securities and Exchange Commission and the American Stock Exchange to report their holdings of the Company's shares and changes thereto.

Based on its review of copies of such forms received by it and written representations from certain reporting persons that no Forms 5 were required to be filed by those persons, the Company believes that during fiscal 2003 all filing requirements were timely complied with except that Leo V. Garvin, Jr. and Joanne V. Lockard each failed to timely file one Form 3 to report that they had become beneficial owners of more than 10% of the Company's shares as a result of becoming successor co-trustees of two trusts upon the death of the grantor. Each subsequently filed the required Form 3.

the corporate accounting and financial reporting practices of the Company, as well as the auditing process, are in accordance with all applicable requirements. While there is no "blueprint" to be followed by the Committee in carrying out its duties and responsibilities, the following should be considered within the authority of the Committee:

While the Audit Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. This is the responsibility of management.
