FOR IMMEDIATE RELEASE

April 1, 2004

Oxford Industries Announces Third Quarter Fiscal 2004 Results

Net Earnings Grow 37% to \$9.5 Million

Record EPS of \$0.58, Ahead of Consensus Estimates

ATLANTA, GA. Oxford Industries, Inc. (NYSE:<u>OXM</u>) announced today financial results for the third quarter ended February 27, 2004. The Company reported that third quarter net sales increased 35% to \$281 million versus \$209 million during the third quarter of fiscal 2003. Diluted earnings per share for the third quarter increased to \$0.58 versus a split adjusted \$0.46 in the third quarter of fiscal 2003, ahead of both the Company's guidance and consensus estimates.

For the nine months ended February 27, 2004, net sales increased \$210 million or 37% to \$777 million compared to \$567 million in the previous year. Diluted earnings per share for the first nine months of this year increased to \$1.41 from \$1.04 in the same period last year.

J. Hicks Lanier, Chairman and Chief Executive Officer of Oxford Industries, Inc., commented, "We are pleased to report record sales and earnings for the third quarter. The Tommy Bahama business performed exceptionally well during the quarter, offsetting anticipated declines in other businesses."

The Tommy Bahama Group contributed \$103 million in sales in the third quarter, an increase of 15% over last year when it operated as an independent, private company. Sales growth was aided by the opening of eight retail stores this fiscal year. At quarter-end, the total number of company owned retail stores stood at 39.

The Menswear Group reported third quarter sales of \$100 million compared to sales of \$121 million last year. Combined shipments to Sears and Lands' End declined \$23 million during the quarter. The decline was due to \$21 million in initial pipeline fill for the rollout of Lands' End merchandise to Sears retail stores in last year's third quarter that did not anniversary in this quarter.

Third quarter sales for the Womenswear Group declined 11% to \$78 million from \$87 million last year. The Company attributed the sales decline to lower shipments of women's apparel to Wal-Mart whose sales in this product category have been sluggish for the past several months.

Oxford's financial results continued to be positively impacted by the inclusion of the Tommy Bahama Group. Gross margins increased ten percentage points to 30.9% from 20.5% last year, driven by the addition of Tommy Bahama's higher margin businesses. Selling, general and administrative expenses increased as a percentage of sales to 23.6% from 15.0% last year, reflecting the higher expense structure of the Tommy Bahama Group. Operating expenses included \$1.7 million in intangible asset amortization expenses associated with the Tommy Bahama acquisition. Operating income for the quarter increased \$10.0 million or 87% to \$21.5 million from \$11.5 million last year.

Interest expense increased for the third quarter to \$6.3 million from \$47 thousand last year as a result of the debt incurred to finance the purchase of Tommy Bahama. Debt to total capital stood at 49% at quarter-end with \$13.6 million in seasonal borrowings outstanding under the Company's \$275 million senior revolving credit facility.

Total inventories increased \$35 million over last year to \$134 million due to the inclusion of \$37 million in Tommy Bahama inventory. The addition of \$49 million in Tommy Bahama accounts receivable was partially offset by a reduction of \$32 million in the other groups, resulting in an increase in total accounts receivable of \$17 million.

The Company narrowed and reaffirmed its guidance for the fourth quarter of this fiscal year to reflect an expectation of continued strong financial results for the remainder of the year. For the fiscal fourth quarter, the Company anticipates sales in the range of \$300 to \$310 million and diluted earnings per share in the range of \$0.85 to \$0.88 as compared to its prior expectation for sales of \$295 million to \$310 million and diluted earnings per share of \$0.84 to \$0.88. For the fiscal year ending May 28, 2004, the Company now anticipates sales in the range of \$1.07 to \$1.08 billion and diluted earnings per share in the range of \$2.26 to \$2.29. This compares to previous earnings guidance of \$2.18 to \$2.26.

"We are extremely pleased with the combination of Oxford and Tommy Bahama. With a greater diversity of products, price points and channels of distribution, we believe the company is well-positioned for continuing growth and profitability."

Senior management of the Company will hold a conference call to discuss the financial results at 4:30 p.m. ET today. A live Webcast of the conference call will be available on the Company's Web site at www.oxfordinc.com.
