GENERAL INFORMATION

Who May Vote

Shareholders of Petroleum Development Corporation (PDC or the Company), as recorded in our stock register on August 10, 2006, may vote at the meeting. The outstanding voting securities of the Company as of July 15, 2006, consisted of 16,135,739 shares of \$.01 par value common stock.

How to Vote

You may vote in person at the meeting or by proxy. We recommend you vote by proxy even if you plan to attend the meeting. You can always change your vote at the meeting.

How Proxies Work

Our Board of Directors is asking for your proxy. Giving us your proxy means you authorize us to vote your shares at the meeting in the manner you direct. You may vote for all, some, or none of our director candidates. You may also vote for or against the other proposals, or abstain from voting.

If your shares are held in your name, you can vote by completing, signing and dating your proxy card and returning it in the enclosed envelope.

If you give us your signed proxy but do not specify how to vote, we will vote your shares in favor of our director candidates and in favor of the ratification of the appointment of an Independent Registered Public Accounting Firm.

If you hold shares through someone else, such as a stockbroker, you will receive material from that firm asking how you want to vote. Check the voting form used by that firm to see what voting options you have available.

Revoking a Proxy

You may revoke your proxy before it is voted by:

Submitting a new signed proxy with a later date;

Notifying PDC's Secretary in writing before the meeting that you wish to revoke your proxy; or

Appearing at the meeting, notifying the Inspectors of the Election that you wish to revoke your proxy, and voting in person at the meeting.

If you hold your shares through someone else, such as a stockbroker, you will need to follow the directions they give you to revoke a proxy or otherwise vote at the meeting.

Quorum

In order to carry on the business of the meeting, we must have a quorum. This means at least a majority of the outstanding shares eligible to vote must be represented at the meeting, either by proxy or in person. Treasury shares, which are shares owned by PDC itself, are not voted and do not count for this purpose.

Votes Needed

The director candidates who receive the most votes will be elected to fill the available seats on the Board. Approval of the other proposals requires the favorable vote of a majority of the votes cast. Only votes for or against a proposal count. Abstentions and broker non-votes count for quorum purposes but not for voting purposes. Broker non-votes occur when a broker returns a proxy but does not have authority to vote on a particular proposal.

Attending in Person

Only shareholders or their proxy holders and PDC's guests may attend the annual meeting. For safety and security reasons, no cameras, audio or video recording equipment, large bags, briefcases or packages will be permitted in the meeting. In addition, each shareholder and guest may be asked to present valid, government-issued picture identification, such as a driver's license, before being admitted to the meeting.

If your shares are held in the name of your broker, bank, or other nominee, you must bring to the meeting an account statement or letter from the nominee indicating that you beneficially owned the shares on August 10, 2006, the record date for voting. Shareholders who do not present proxies at the meeting will be admitted upon verification of ownership at the admissions counter.

Conduct of the Meeting

The Chairman has broad authority to conduct the annual meeting in an orderly and timely manner. This authority includes establishing rules for shareholders who wish to address the meeting. Copies of these rules will be available at the meeting. The Chairman may also exercise broad discretion in recognizing shareholders who wish to speak and in determining the extent of discussion on each item of business. In light of the need to conclude the meeting within a reasonable period of time, we cannot assure that every shareholder who wishes to speak on an item of business will be able to do so. The Chairman may also rely on applicable law regarding disruptions or disorderly conduct to ensure that the meeting is conducted in a manner that is fair to all shareholders.

PROPOSAL #1 - ELECTION OF DIRECTORS

As of the date of this proxy statement, PDC's Board of Directors had seven members divided into three classes. Directors are elected for three-year terms. The terms for members of each class end in successive years. Directors elected to fill vacancies hold office for a term expiring at the annual meeting when the term for their class expires.

The Board of Directors has nominated three directors, Donald B. Nestor, Kimberly Luff Wakim and Steven R. Williams, whose terms expire in 2006 to stand for election to the board for a three-year term expiring in 2009. Mr. Nestor has served on the Board since 2000 and currently serves as the Chair of the Audit Committee. Ms. Wakim has served on the Board since 2003 and currently serves as Chair of the Qualified Legal Compliance Committee. Mr. Williams has served on the Board since 1983 and serves as its Chairman and is the Chief Executive Officer of PDC.

The proxy committee will vote your proxy for the election of the three nominees unless you withhold authority to vote for any one or more of them. Management does not contemplate that any of the nominees will become unavailable for any reason; however, if any director is unable to stand for election, the board may reduce its size or choose a substitute. Proxies cannot be voted for a greater number of persons than the number of nominees named.

Vote Required

The three nominees receiving the most votes will be elected to the Board.

CORPORATE GOVERNANCE

Board of Directors

The Board of Directors and its committees perform a number of functions for PDC and its shareholders, including:

- Overseeing the management of the Company on your behalf;
- Reviewing PDC's long-term strategic plans;
- Exercising direct decision-making authority in key areas, such as approving capital budgets;
- Selecting the CEO and evaluating the CEO's performance; and
- Reviewing development and succession plans for PDC's top executives.

Corporate Governance Guidelines

The Board has adopted Corporate Governance Guidelines that govern the structure and functioning of the Board and establish the Board's policies on a number of governance issues. The Guidelines are posted on the Corporate Governance section, listed under Nominating and Governance Committee, of our internet site at www.petd.com. They are also available to any shareholder on request to the Secretary at the address given under "Contact Information" on page 5.

Director Independence

Subject to some exceptions and transition provisions, the NASDAQ standards generally provide that a director will not be independent if (1) the director is, or at any time during the past three years was, employed by PDC; (2) the director is a family member of an individual who is, or at any time during the past three years was, an executive officer of PDC; (3) the director or a member of the director's immediate family has received payments of more than \$60,000 during the current or any of the past three fiscal years from PDC other than for service as a director; (4) the director or a member of the director's immediate family is a current partner of KPMG LLP, our Independent Registered Public Accounting Firm, or during the past three years was a partner or employee of KPMG LLP; (5) the director or a member of the director's immediate family is employed as an executive officer of another entity where at any time during the past three years any of PDC's executive officers serves on the compensation committee of the other entity; or (6) the director or a member of the director's immediate family is a partner in, or a controlling person of, or an executive officer of any organization to which PDC made, or from which PDC received, payments for property or services in the current or any of the three past fiscal years that exceed 5% of the recipient's consolidated gross revenues for that year, or \$200,000, whichever is more.

The Board has reviewed business and charitable relationships between PDC and each non-employee director to determine compliance with the NASDAQ standards described above and to evaluate whether there are any other facts or circumstances that might impair a director's independence. Based on that review, our Board has determined that all our non-employee directors are independent.

Term of Office

PDC directors serve three year terms on the Board. The terms are staggered so that approximately one-third of the board stands for election each year.

Board Meetings and Attendance

The Board met 13 times in 2005. Each of PDC's directors attended more than 75% of the aggregate Board and committee meetings during 2005.

Executive Sessions

PDC's non-employee directors meet in "executive sessions" at which only independent directors are present. The non-employee directors hold such executive sessions as needed and generally in connection with regularly scheduled board meetings. Generally, Ms. Wakim, the Lead Director, presides at executive sessions but the non-employee directors may, in the event of her absence, select another presiding director for a particular session.

Compensation Committee Interlocks and Insider Participation

The members of the Compensation Committee are Directors Parke (Chair), Swoveland and Nestor. There are no relationships that would cause a Compensation Committee interlock as defined under applicable SEC regulations.

Indemnification of Directors and Officers

The Company's By-Laws provide that the Company shall indemnify any director, officer, employee, or other agent of the Company who is or was a party, or is threatened to be made a party, to any proceeding (other than an action by or in the right of the Company to procure a judgment in its favor) by reason of the fact that such person is or was an agent of the Company, against expenses, judgments, fines, settlements, and other amounts actually and reasonably incurred in connection with such proceeding, if that person acted in good faith and in a manner that person reasonably believed to be in the best interest of the Company, and in the case of a criminal proceeding, had no reasonable cause to believe the conduct of that person was unlawful.

The Company has entered into separate indemnification agreements with each of its directors and officers whereby the Company has agreed to indemnify the director or officer against all expenses, including attorneys' fees, and other amounts reasonably incurred by the officer or director in connection with any threatened, pending or completed civil, criminal, administrative or investigative action or proceeding to which such person is party by reason of the fact that he is or was a director or officer, as the case may be, of the Company, if the person acted in good faith and in a manner reasonably believed to be in or not opposed to the best interests of the Company, and, with respect to any criminal action or proceeding, the person had no reasonable cause to believe such conduct to be unlawful. The agreements provide for the advancement of expenses and that the Company has the right to purchase and maintain insurance on behalf of the director or officer against any liability or liabilities asserted against him, whether or not the Company would have the power to indemnify the person against such liability under any provision of the agreement. The Company has agreed to indemnify such person against expenses actually and reasonably incurred in connection with any action in which the person has been successful on the merits or otherwise. Indemnification must also be provided by the Company (unless ordered otherwise by a court) only as authorized in the specific case upon a determination that the indemnification of the person is appropriate because he has met the applicable standard of conduct described in the agreement made by (i) the Board of Directors, by a majority vote of a quorum consisting of directors who are not parties to such action or proceeding, (ii) by independent legal counsel in a written opinion or (iii) the shareholders of the Company.

Director Compensation

Each non-employee director of the Company was paid an annual fee of \$40,000 in 2005, \$40,000 in 2004 and \$30,000 in 2003. Additionally, in 2005, each non-employee director of the Company received as compensation a restricted stock award with a market value of \$40,000, the number of shares awarded by such grant was 1,379 shares per each non-employee director. Employee directors received no additional compensation for their service on the Board. For 2006, each non-employee director will be paid an annual fee of \$40,000 and will receive 1,379 shares of restricted stock on the date of the annual meeting. These grants of restricted stock are subject to the 2005 Non-Employee Director Restricted Stock Plan. Each non-employee director committee Chair receives an additional retainer of \$2,500 per year (\$5,000 for the Audit Committee). In 2006, each member of the Audit Committee will receive an additional retainer of \$8,000 per year. Member directors of other committees, who do not chair a committee, will receive no additional compensation for serving on that committee.

Annual Meeting Attendance

As specified in our Corporate Governance Guidelines, directors are strongly encouraged to attend the annual meeting of shareholders. All directors attended last year's meeting.

Director Qualifications and Selection

The Board has adopted Director Nomination Procedures that prescribe the process the Nominating and Governance Committee will use to select the Company's nominees for election to the Board. The Nominating and Governance Committee evaluates candidates, whether or not recommended by shareholders, based on the candidates' level and diversity of experience and knowledge (including generally and with specific application to the industry in which the Company operates and issues relevant to the Company), skills, education, reputation and integrity, professional stature and other factors that may be relevant depending on the particular candidate and the need, size and composition of the Board at a particular time, including the need to have a broad mixture of skills, experience and perspectives on the Board. Accordingly, one or more of these factors may be given more weight in a particular case at a particular time, no single factor would be viewed as determinative, and the Committee has not specified any minimum qualifications that the Committee believes must be met by any particular nominee. The Company's Director Nomination Procedures are posted on our website at www.petd.com under "Corporate Governance" and are available free of charge on request to the Secretary at the address given under "Contact Information" on page 5.

The Committee identifies director candidates primarily through recommendations made by the non-employee directors. These recommendations are developed based on the directors' own knowledge and experience in a variety of fields, and research conducted by PDC staff at the Committee's direction. The Committee also considers recommendations made by the employee directors, shareholders, and others, including search firms. All recommendations, regardless of the source, are evaluated on the same basis against the criteria contained in the Guidelines. The Committee has the authority to engage consultants to help identify or evaluate potential director nominees but has not done so recently.

Shareholder Recommendations

The Company's Nominating and Governance Committee will consider director candidates recommended by shareholders of the Company. Any shareholder who wishes to recommend a prospective Board nominee for the Committee to consider should notify the Nominating and Governance Committee of their recommendation by writing to the Committee at the Company's headquarters, or by sending the information via email to board@petd.com. All recommendations will be received by the Nominating and Governance Committee.

A submission recommending a candidate should include:

Sufficient biographical information to allow the Committee to evaluate the candidate in light of the Guidelines;

An indication as to whether the proposed candidate will meet the requirements for independence under the NASDAQ guidelines;

Information concerning any relationships between the candidate and the shareholder recommending the candidate; and

Material indicating the willingness of the candidate to serve if nominated and elected.

Shareholder Nominations

Shareholders who wish to may nominate candidates for election to the Board. The Company's By-Laws require shareholders who wish to submit nominations of persons for election to the Board of Directors at the annual meeting of shareholders to follow certain procedures. The Shareholder must give written notice to the Corporate Secretary at 103 East Main Street, Bridgeport, West Virginia 26330 or may email notice to board@petd.com, not later than 80 days nor earlier than 90 days prior to the first anniversary of the preceding year's annual meeting. The shareholder must be a shareholder of record at the time the notice is given. The written notice must set forth (a) as to each nominee all information relating to that person that is required to be disclosed in solicitations of proxies for election of directors in an election contest, or is otherwise required, in each case pursuant to Regulation 14A under the Securities Exchange Act of 1934 (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected); (b) as to the shareholder giving the notice and the beneficial owner, if any, on whose behalf the nomination is made (1) the name and address of the shareholder, as they appear on the Company's books, and of such beneficial owner and (2) the class and number of shares of the Company's securities that are beneficially owned by such shareholder and the beneficial owner; and (c) any material interest of such shareholder and such beneficial owner in such nomination.

Communications with Directors

The Board has approved procedures for shareholders and other interested persons to send communications to individual directors or the non-employee directors as a group. Shareholders may communicate with the Board or any member of the Board or its committees regarding any matter by writing to or emailing the Board.

Written communications

Written correspondence should be addressed to a director or directors in care of the Secretary at the address given under "Contact Information" on page 5. All correspondence will be forwarded to the intended recipient. All mail sent to the Board without specified addressees will be received and reviewed by an independent director and forwarded to the appropriate Board member or committee.

Electronic communications

You may also send email to the non-employee directors at Board@petd.com, with the director's name in the reference line. These communications will be forwarded directly to a designated non-employee director's electronic mailbox.

Any electronic mail addressed to the Board of Directors of the Company without a designated recipient will also be reviewed by the designated independent director.

More information about our procedures for handling communications to non-employee directors is posted on our internet site at www.petd.com under "Corporate Governance."

Code of Business Conduct and Ethics

The Board maintains a Code of Business Conduct and Ethics (the "Code") that serves both as the code of ethics for the principal executive officer, principal financial officer, and principal accounting officer under SEC rules, and the code of business conduct and ethics for directors, officers, and employees under NASDAQ listing standards. The Code includes guidelines relating to the ethical handling of actual or potential conflicts of interest, compliance with laws, accurate financial reporting, and procedures for promoting compliance with, and reporting violations of, the Code. The Code applies to all directors, officers, and employees.

The Code is posted on our internet site and is available free of charge on request to the Secretary at the address given under "Contact Information" on page 5. The Nominating and Governance Committee reviews the Code annually and makes recommendations for any necessary changes to the Board. Any amendment of the Code will be promptly posted on our internet site.

Additional Information

The Corporate Governance section of our internet site contains additional information, including our Certificate of Incorporation and By-Laws; written charters for each Board committee; and Board policy statements.

EXECUTIVE COMPENSATION

Report of the Compensation Committee

Role of the Compensation Committee

The Compensation Committee of the Board of Directors consists of three independent directors who are not employees of the Company. Our Committee reviews the Company's executive compensation program and policies each year and determines the compensation of the executive officers. Additionally, we administer the Company's 401(k), profit sharing, and employee stock base plans.

Compensation Philosophy

The Company's overall policy regarding compensation of the Company's executive officers is to provide competitive salary levels and compensation incentives that (i) attract and retain individuals of outstanding ability in these key positions, (ii) recognize individual performance and the performance of the Company relative to the performance of other companies of comparable size, complexity and quality, and (iii) support both the short-term and long-term goals of the Company. We believe this approach closely links the compensation of the Company's executives to accomplishments of Company goals that coincide with shareholder objectives.

In setting compensation we consider the anticipated tax treatment of the Company's executive compensation program. Section 162(m) of the Internal Revenue Code of 1986 (IRC), as amended (the "Code"), generally limits the corporate tax deduction for compensation paid to executive officers named in the Summary Compensation Table to \$1 million, unless certain conditions are met. The Company's policy is to qualify a portion of its executive compensation for deduction under Section 162(m) of the IRC.

Selection of Peer Group

In 2004 and 2005, we retained Towers Perrin, a compensation consulting group, to help us select and to assist us in updating a peer group of companies, which we use in determining competitive levels of compensation for our executives. In selecting the group, we considered the industry and activities of the Company, the extent and complexity of the operations managed by the Company including its partnership drilling operations, differences in compensation such as deferred compensation and retirement programs, and other factors. The peer group in 2005 consisted of 14 companies of comparable size (median revenue of \$287 million) with comparable lines of business. The companies selected for the peer group were Berry Petroleum Company, Brigham Exploration Co., Cabot Oil & Gas Corporation, Cimarex Energy Co., Clayton Williams Energy Inc., Encore Acquisition Company, KCS Energy Incorporated, Magnum Hunter Resources, Inc., Penn Virginia Corporation, Quicksilver Resources Inc., Range Resources Corporation, St. Mary Land & Exploration Company, Unit Corporation, and Whiting Petroleum Corporation. We used the compensation and performance data for this group of companies to help us establish competitive levels of compensation for the four executive officers of the Company.

We used comparative data from the peer group to develop a total compensation package that is competitive with the market for executives holding comparable positions. We used proxy information from our peer group as summarized by Towers Perrin to help us establish a competitive level of total compensation for the overall executive management group. We distributed cash and long-term incentive compensation among the executive officers in a fashion that recognizes the important contributions each member of the group makes to the Company. A similar process using information from a different independent consultant was used in 2003 to establish the Company's executive compensation at a level comparable to companies in an industry peer group. The Committee used that information to develop new employment contracts for executives that were effective beginning in 2004 as described in the "Executive Employment Agreements " below. We determined the 2004 and 2006 long-term incentive compensation and adjusted the base salaries and bonus compensation for 2005 and 2006 based in large part on competitive information from the Towers Perrin Report.

For 2003, the compensation of the CEO was determined by the terms of his previous employment agreement and the performance of the Company.

Elements of Executive Compensation

The compensation program includes three elements that, taken together, constitute a flexible and balanced method of establishing total compensation for the Company's executive officers. These elements are (i) base salary, (ii) annual bonus plan awards, and (iii) long-term incentive awards, which consist of stock based grants and options from Shareholder-approved plans.

Base Salaries

The base salaries of Messrs. Williams, Riley, Stearns and Stump were determined by their employment agreements. As CEO, Mr. Williams received a salary of \$318,000 in 2005. Mr. Williams' salary for 2005 was increased by 6% from the original \$300,000 fixed by the terms of his employment agreement for 2004. The median salary of the CEOs in the peer group was \$395,000.

Annual Performance Bonuses

The purpose of the annual short-term incentive bonus plan is to provide motivation toward and reward the accomplishment of corporate annual objectives and to provide a competitive compensation package that will attract, reward and retain individuals of the highest quality. As a pay-for-performance plan, cash bonus awards are paid based upon the achievement of corporate performance objectives. For 2005, the short-term incentive plan provided the potential for an annual bonus to each of the executive officers based on both Company and personal performance criteria. Forty percent of the bonus was determined by increases in the Company's oil and gas production; thirty percent of the bonus was determined by increases in diluted earnings per share; and the remaining thirty percent of the bonus was determined by the Compensation Committee in its discretion based upon an evaluation by the Committee of the performance of each respective executive officer during the year. For 2005, the CEO, Mr. Williams, earned a bonus of \$271,597 out of a maximum possible bonus of \$413,400 under the arrangement. The median for the peer

group was \$316,000 for the CEO position. Messrs. Riley, Stearns and Stump earned bonuses of \$141,135, \$129,374 and \$98,713, respectively, under the arrangement.

A similar annual short-term incentive bonus plan for 2006 has been established for the Named Executives and filed as an exhibit to Form 8-K filed with the Securities and Exchange Commission on June 29, 2006.

Long-Term Incentive Program

The long-term incentive program is used to focus management attention on Company performance over a period of time longer than one year in recognition of the long-term horizons for return on investments and strategic decisions in the energy industry. The program is designed to motivate management to assist the Company in achieving a high level of long-term performance and serves to link this portion of executive compensation to long-term shareholder value. Pursuant to the long-term incentive program, the Compensation Committee may award stock based compensation to executive officers on an annual basis.

In 2004, we awarded each of the executive officers restricted stock and stock options. These awards vest in equal amounts over a four year period on the anniversary of the date of grant. Mr. Williams was granted 8,130 restricted shares and options to purchase 5,870 shares of common stock at the market price of the date of grant (\$37.15 per share). Based on the Black-Scholes analysis the fair market value of the options was \$16.75 per share. The total market value of the long-term grant made to Mr. Williams was \$400,000, compared to \$499,000 for the median of the peer group. During 2005, there were no long-term incentive program grants to Mr. Williams or the other Named Executives.

In March 2006, in accordance with the long-term incentive program, the Compensation Committee awarded each of the executive officers restricted stock and stock options. These awards vest in equal amounts over a four year period on the anniversary of the date of grant. Mr. Williams was granted 9,348 restricted shares and options to purchase 7,517 shares of common stock at the market price on the date of grant (\$43.74 per share). Based on a Black-Scholes analysis the fair market value of the options was \$20.65 per share. The total market value of the long-term grant made to Mr. Williams was \$517,500, compared to \$600,000 for the median of the peer group. Messrs. Riley, Stearns and Stump were granted 6,141, 5,441 and 4,381 restricted shares and options to purchase 4,939, 4,375 and 3,523 shares of common stock, respectively, on the same terms as Mr. Williams' grant.

Executive Employment Agreements

In 2003, the Compensation Committee commissioned peer group compensation studies from a nationally recognized executive compensation consultant, retained the services of an attorney specializing in executive compensation agreements, and reviewed survey information to help it structure agreement terms for new compensation agreements effective in 2004 consistent with the compensation goals of the Company.

Although the compensation consultants' report found that the Company has consistently performed at or above the 75th percentile for many performance measures compared to the selected peer group, the Compensation Committee settled on the average of the group salary and bonus compensation to use as its guidelines for the new employment contracts. Some of the key provisions of Mr. Williams' agreement effective January 1, 2004, include an initial salary level of \$300,000 per year, and a maximum bonus amount equal to his salary.

The annual short-term incentive bonuses are established each year and consist of performance goals for the Company established by the Compensation Committee for 70% of the bonus and 30% of such bonus to be awarded at the end of the year at the discretion of the Compensation Committee based on an evaluation of the Committee of the performance of Mr. Williams.

The Compensation Committee also established employment agreements effective January 1, 2004, with the Company's other three executive officers, Thomas E. Riley, Eric R. Stearns and Darwin L. Stump. The agreements

provide for an annual salary and short-term incentive bonus with performance goals and a discretionary component similar to that of Mr. Williams' agreement.

Under the terms of the agreements, adjustments to salary, maximum bonus amounts and other factors are made annually by the Compensation Committee at its sole discretion. For 2006, the committee has increased Mr. Williams' base salary to \$345,000 and his maximum bonus for the year to \$517,500.

Respectfully,

THE COMPENSATION COMMITTEE

In the event of a change in control of the Company, each Named Executive has the right to elect to terminate his employment under his employment agreement and receive severance compensation equal to three times the sum of 1) his highest base salary in the previous two years of employment plus 2) highest bonus paid to the Named Executive during the same two year period.

Each employment agreement contains a standard non-disclosure covenant. Each employment agreement also provides that the Named Executive is prohibited during the term of his employment and for a period of one year following his termination from engaging in any business that is competitive with the Company's oil and gas drilling business.

Stock Based Compensation Plans

Under the Company's incentive stock option plans, options to purchase shares of common stock of the Company may be granted to certain officers and key employees of the Company, which options are intended to qualify as incentive stock options under the provisions of the Internal Revenue Code. The options may be exercised six months after the date of grant. Options will expire ten years from the date of grant if not exercised. A dissolution or liquidation of the Company or a merger or consolidation in which the Company is not the surviving corporation will cause each outstanding option to terminate, provided that each optionee, in such event, will have the right immediately prior to said dissolution or liquidation or merger or consolidation to exercise his option in whole or in part without regard to any installment vesting provisions with respect to such options. No additional options may be granted under these earlier plans.

As approved by the shareholders at the annual meeting in 2004, the Company has a Long-Term Equity Compensation Plan which allows for the awarding of non-qualified stock options, incentive stock options, stock appreciation rights, restricted stock, performance shares and performance units. The number of shares allocated to this plan is 750,000 shares. No restricted stock or options were awarded in 2005 to the Named Executives. In 2006, a total of 25,311 shares of restricted stock and 20,354 options were granted to the executives named previously. As of June 30, 2006, 576,083 shares remain in the plan, for future grants.

Key-Man Life Insurance

The Company maintains key-man life insurance policies on the life of Mr. Williams in the amount of \$4.0 million, and in the amount of \$1.0 million for Messrs. Riley, Stearns and Stump. The Company is the beneficiary of each policy.

Employee 401(k) and Profit Sharing Plan

In 1987, the Company established a retirement plan qualified under Section 401(k) of the Internal Revenue Code. The plan is funded by employee contributions and a Company matching contribution. Administrative costs of the plan are borne by the Company. The employees choose from eight investment programs and, therefore, the amount of an individual's plan assets depends on the amount of their contributions and the performance by their chosen investments.

In 1992, the Company began a profit sharing retirement plan to supplement the 401(k) Plan. Contributions are dependent on corporate profitability and are at the discretion of the Board of Directors of the Company. The Company filed and qualified the plan with the Internal Revenue Service.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" PROPOSAL #2

Report of the Audit Committee

The Audit Committee of the Board is composed of three directors and operates under a written charter adopted by the Board of Directors. Each member of the committee meets the independence requirements of Rule 4200(a)(15) of the NASDAQ's listing standards. The duties of the Committee are summarized in this proxy statement under "Committees of the Board of Directors" and are more fully described in the charter, which is available at the Company's website under "Corporate Governance".

Management is responsible for the Company's internal controls and preparation of the consolidated financial statements in accordance with generally accepted accounting principles. The Company's Independent Registered Public Accounting Firm is responsible for performing an independent audit of consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and issuing a report thereon. The Committee's responsibilities include monitoring and overseeing these processes.

The Committee met 23 times during 2005, and has continued to meet frequently during 2006. In addition to normal meetings to accomplish the work of the Committee, the Committee also held numerous meetings with the Management of the Company and KPMG LLP to review the progress on the implementation of the internal controls required by Sarbanes Oxley early in the year, and regarding the causes, impacts and corrective measures related to the Company's accounting errors and financial statements.

In this context, the Committee reviewed and discussed the Company's audited consolidated financial statements for the year ended December 31, 2005 (the "Audited Financial Statements") with management and the Company's Independent Registered Public Accounting Firm for 2005, KPMG LLP. The Committee also discussed with KPMG LLP the matters required to be discussed by Statement of Auditing Standards No. 61, as amended (*Communication with Audit Committees*), and KPMG LLP directly provided reports on significant matters to the Committee.

The Committee has received the written disclosures and the letter from KPMG LLP required by Independence Standards Board Standard No. 1 (*Independence Discussion with Audit Committees*), and has discussed with KPMG LLP its independence from the Company. The Committee also considered whether the provision of non-audit services by KPMG LLP was compatible with maintaining the Independent Registered Public Accounting Firm's independence and approved all non-audit services in advance.

The Committee has discussed with management and KPMG LLP such other matters and received such assurances from them as the Committee deemed appropriate.

Based on the foregoing review and discussions and relying thereon, the Committee recommended that the Board of Directors include the audited financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2005.

In addition, the Committee appointed KPMG LLP as the Company's Independent Registered Public Accounting Firm for 2006. This appointment is subject to ratification by the Company's shareholders.

Pre-Approval Policies and Procedures

The Sarbanes-Oxley Act of 2002 requires that all services provided to the Company by its Independent Registered Public Accounting Firm be subject to pre-approval by the Audit Committee or authorized members of the Committee. The Audit Committee has adopted policies and procedures for pre-approval of all audit services and non-audit services to be provided by the Company's Independent Registered Public Accounting Firm. Services necessary to conduct the annual audit must be pre-approved by the Audit Committee annually at a meeting. Permissible non-audit services to be performed by the independent accountant may also be approved on an annual basis by the Audit Committee if they are of a recurring nature. The Audit Committee pre-approved 100% of the services performed by the Independent Registered Public Accounting Firm. Permissible non-audit services to be conducted by the independent accountant which are not eligible for annual pre-approval must be pre-approved individually by the full Audit Committee or by an authorized Audit Committee member. Actual fees incurred for all services performed by the independent accountant will be reported to the Audit Committee after the services are fully performed. The duties of the Committee are described in the Audit Committee Charter, which is available at the Company's website under Corporate Governance.
