Mul-T-Lock, a Leading Global Manufacturer and Distributer of Security Solutions, Deploys Magic Integration Platform

**PRESS RELEASE**

**Mul-T-Lock, a Leading Global Manufacturer and Distributer of Security Solutions, Deploys Magic Integration Platform**

**Or Yehuda, Israel, March 5, 2013** Magic Software Enterprises Ltd. (NASDAQ: MGIC), a global provider of software platforms for enterprise mobility, cloud applications, and business integration, announced today that Mul-T-Lock, a leading global manufacturer and distributor of security solutions, deploys Magic xpi Integration Platform to connect its back-end business systems and improve business performance.

Magic xpi enables Mul-T-Lock to connect its core business information systems including SAP R/3, its website, and separate ordering and pricing systems to fully automate business processes and streamline workflows from the ordering stage through the manufacturing process. With continuous availability, the integrated system enables Mul-T-Lock to maintain operational efficiency 24/7 without needing scheduled downtimes. Magic also provided professional consulting services for the project implementation along with a comprehensive multi-year maintenance and support contract.

Shira Baum, CIO at Mul-T-Lock, stated, "It was extremely critical for us to find a highly reliable and highly productive solution to integrate our key enterprise systems. We chose Magic's xpi solution because of their ability to easily connect the variety of different enterprise systems in our organization, their vast professional services expertise and comprehensive support."

Avishai Fishman, the CFO of Mul-T-Lock added, "We saw the clear financial benefits of integrating our core business systems with Magic xpi. In addition to enabling us to enforce formal work processes, automating and streamlining our business processes increases the efficiency and productivity of our business operations while maintaining the reliability and integrity of existing system data."

Yoram Aharon, CEO of Magic Israel, stated, "We look forward to extending our cooperation with Mul-T-Lock to their other branches of around the world. Magic's smart, code-free metadata approach and large library of optimized and certified connectors to leading back-end enterprise systems, such as SAP, Oracle, Salesforce.com, Microsoft, IBM, and others makes it easy to understand why Magic's xpi has been implemented Mul-T-Lock and hundreds of other organizations across the globe.
