NOTES TO FINANCIAL STATEMENTS
(unaudited)

1. Significant Accounting Policies

The unaudited interim financial statements of Sears Roebuck Acceptance Corp. ("SRAC"), a wholly-owned subsidiary of Sears, Roebuck and Co. ("Sears"), reflect all adjustments (consisting only of normal recurring accruals) which are, in the opinion of management, necessary for a fair statement of the results for the interim periods presented.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted. The significant accounting policies used in the presentation of these financial statements are consistent with the summary of significant accounting policies set forth in SRAC's Annual Report on Form 10-K for the 52 weeks ended December 30, 2000, and these financial statements should be read in conjunction with the financial statements and notes found therein. The results of operations for the interim periods should not be considered indicative of the results to be expected for the full year.

2. Back-up Liquidity

SRAC continued to provide support for 100% of its outstanding commercial paper through its short term liquid investments and available credit facilities. SRAC's liquid investments fluctuated from a low of \$1 million to a high of \$704 million in the second quarter of 2001. Available credit facilities as of June 30, 2001 were as follows:

Expiration Date	(millions)

INDEPENDENT ACCOUNTANTS' REPORT

To the Board of Directors and Shareholder of
Sears Roebuck Acceptance Corp.:

We have reviewed the accompanying statements of financial position of Sears Roebuck Acceptance Corp. (a wholly-owned subsidiary of Sears, Roebuck and Co.) as of June 30, 2001 and July 1, 2000, and the related statements of income for the 13 week and 26 week periods then ended and cash flows for the 26 week periods then ended. These financial statements are the responsibility of Sears Roebuck Acceptance Corp.'s management.

We conducted our reviews in accordance with standards established

Edgar Filing: SEARS ROEBUCK ACCEPTANCE CORP - Form 10-Q

by the American Institute of Certified Public Accountants. A review of interim financial information consists principally of applying analytical procedures to financial data and of making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with auditing standards generally accepted in the United States of America, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to such financial statements for them to be in conformity with accounting principles generally accepted in the United States of America.

We have previously audited, in accordance with auditing standards generally accepted in the United States of America, the statement of financial position of Sears Roebuck Acceptance Corp. as of December 30, 2000 and the related statements of income, shareholder's equity and cash flows for the year then ended (not presented herein); and in our report dated January 19, 2001, we expressed an unqualified opinion on those financial statements. In our opinion, the information set forth in the accompanying statement of financial position as of December 30, 2000 is fairly stated, in all material respects, in relation to the statement of financial position from which it has been derived.

ITEM 2. ANALYSIS OF RESULTS OF OPERATIONS

Sears Roebuck Acceptance Corp.'s ("SRAC") income is derived primarily from the earnings on its investment in the notes and receivable balances of Sears, Roebuck and Co. ("Sears") and invested cash. During the second quarter of 2001, SRAC revenues decreased to \$276 million from \$299 million in the comparable 2000 period. For the first six months of 2001, SRAC's revenues declined to \$580 million from \$601 million for the comparable 2000 period. The decrease in revenue resulted from a reduction in the average rates on earning assets and lower asset balances from 2000 to 2001. Cash inflows from the reduced investment in the Notes of Sears allowed SRAC to reduce the level of its debt outstanding.

SRAC's interest and related expenses decreased 7% to \$220 million from \$237 million and 3% to \$461 million from \$477 million for the second quarter and first half of 2001, respectively, as compared to the comparable 2000 periods. Interest and related expenses decreased during the second quarter and first half of 2001 due to decreases in both the cost of short-term funds and average long-term debt levels. SRAC's cost of short-term funds averaged 5.08% in the second quarter and 6.18% in the first six months of 2001 compared to 6.49% and 6.27% for the same periods in 2000. SRAC's average long-term debt of \$10.5 billion in the second quarter of 2001 and \$10.6 billion in the first six months of 2001 reflect decreases of 9% and 8%,

Edgar Filing: SEARS ROEBUCK ACCEPTANCE CORP - Form 10-Q

respectively, compared with \$11.5 billion for the same periods in 2000. Reductions in interest and related expenses were partially offset during these periods by increases in average short-term debt levels and the average cost of long-term funds. SRAC's short-term borrowings averaged \$3.4 billion for both the second quarter and first half of 2001, compared to \$2.6 billion and \$2.7 billion for the respective 2000 periods. SRAC's cost of long-term funds averaged 6.64% in the second quarter and 6.68% in the first six months of 2001 compared to 6.59% and 6.60% for the same periods in 2000.

SRAC's net income of \$37 million and \$77 million for the second quarter and first half of 2001, respectively, decreased from the comparable 2000 period amounts of \$39 million and \$79 million.

SRAC's ratio of earnings to fixed charges for the second quarter and first half of 2001 was 1.25 and 1.26, respectively compared to 1.26 for the comparable 2000 periods.
