PROXY STATEMENT

The Board of Directors of Omnicom Group Inc., a New York corporation (“Omnicom,” the “Company,” “we,” “us” or “our”) is using this Proxy Statement to solicit proxies for our 2015 Annual Meeting of Shareholders (“2015 Annual Meeting”) on Monday, May 18, 2015 at 10:00 a.m. Mountain Daylight Time, at The Integer Group – Denver, 7245 West Alaska Drive, Lakewood, CO 80226 and at any adjournments or postponements of the 2015 Annual Meeting. In accordance with the rules promulgated by the U.S. Securities and Exchange Commission (“SEC”), we have elected to provide access to our proxy materials on the Internet. This Proxy Statement and our 2014 Annual Report to Shareholders are available, beginning April 8, 2015, on our website at <http://www.omnicomgroup.com/investorrelations>. You may also access our Proxy Statement and our 2014 Annual Report to Shareholders at <https://materials.proxyvote.com/681919>.

Holders of our common stock, par value \$0.15 per share, as of the close of business on March 30, 2015, will be entitled to vote their shares at the 2015 Annual Meeting. On that date, there were 246,124,246 shares of our common stock outstanding, each of which is entitled to one vote for each matter to be voted on at the 2015 Annual Meeting.

You can vote your shares:

- by returning the *proxy card*;
- through the Internet at the website shown on the proxy card or Notice of Internet Availability of Proxy Materials;
- by telephone using the toll-free number shown on the proxy card or Notice of Internet Availability of Proxy Materials;
- or
- in person at the 2015 Annual Meeting.

Votes submitted through the Internet or by telephone must be received by 11:59 p.m. Eastern Daylight Time on Sunday, May 17, 2015. For shares held in our employee retirement savings plan and/or our employee stock purchase plan (“ESPP”), however, votes submitted through the Internet or by telephone must be received by 11:59 p.m. Eastern Daylight Time on Wednesday, May 13, 2015. Internet and telephone voting are available 24 hours a day and, if you use one of these methods, you do not need to return a proxy card. If you attend the 2015 Annual Meeting and vote in person, your vote will supersede any earlier voting instructions.

You may be asked to present valid photo identification, such as a driver’s license or passport, before being admitted to the 2015 Annual Meeting. Cameras, recording devices and other electronic devices will not be permitted at the 2015 Annual Meeting.

If you hold shares in “street name” (that is, through a bank, broker or other nominee) and would like to attend the 2015 Annual Meeting, you will need to bring an account statement or other acceptable evidence of ownership of our common stock on March 30, 2015, the record date for voting. Alternatively, in order to vote, you may obtain a proxy from your bank, broker or other nominee and bring the proxy to the 2015 Annual Meeting.

Additional information about the meeting is included below in this Proxy Statement in the section entitled “Information About Voting and the Meeting.”

CORPORATE GOVERNANCE

Board Composition and Leadership; Stock Ownership Guidelines

Our Board of Directors currently consists of 13 directors: 11 independent or outside directors, our Chairman of the Board (Bruce Crawford) and our President and Chief Executive Officer (John D. Wren). Each director stands for election annually. Biographical information and information about the Committees on which our directors serve is included below in the section entitled “Items To Be Voted On: Item 1 — Election of Directors.”

We have maintained a separate Chairman of the Board and CEO since January 1, 1997, and we treat those positions as separate and distinct. The CEO is responsible for the overall execution of the Company’s strategy. The Chairman of the Board provides guidance and mentorship to the CEO, and presides over meetings of the full Board. We believe that this leadership structure enhances the accountability of the CEO to the Board and strengthens the Board’s independence from management.

Our Chairman of the Board, Bruce Crawford, has tremendous experience both with Omnicom and in the advertising, marketing and corporate communications industries. He began his career in advertising in 1956 and, in 1963, he joined BBDO Worldwide. He held a variety of high-level positions at BBDO, including that of President and CEO. He was Omnicom’s President and CEO from 1989 until 1995, when he became Omnicom’s Chairman of the Board and CEO. Upon Mr. Wren’s appointment as President and Chief Executive Officer in 1997, Mr. Crawford resigned from his role as CEO, while remaining Chairman of the Board, as well as an executive officer. Our Board has determined that Mr. Crawford’s continued role as Chairman of the Board allows us to further benefit from the depth of Mr. Crawford’s prior experience and helps us preserve our distinctive culture and history.

Mr. Wren is a member of the Board in addition to being our President and CEO. Separating the roles of CEO and Chairman of the Board allows Mr. Wren to focus his efforts on running our business and managing the Company in the best interests of our shareholders.

We believe our CEO and our Chairman of the Board have an excellent working relationship that has allowed Mr. Wren to focus on our Company’s successful performance. Our Governance Committee oversees the evaluation of the Board and makes recommendations to the Board with respect to the Board’s performance and standards and procedures for review of the Board’s performance. Our Governance Committee is tasked with evaluating and making recommendations to the Board with respect to the functions of our Board committees including their structure, responsibilities, performance and composition.

Our Board believes that the current Board leadership structure is best for the Company and its shareholders at this time.

Our outside directors are Alan R. Batkin, Mary C. Choksi, Robert Charles Clark, Leonard S. Coleman, Jr., Errol M. Cook, Susan S. Denison, Michael A. Henning, John R. Murphy, John R. Purcell, Linda Johnson Rice and Gary L. Roubos. Our Board has determined that all of our outside directors are “independent” within the meaning of the rules of the New York Stock Exchange (“NYSE”), as well as under our Corporate Governance Guidelines. Our Corporate Governance Guidelines are posted on our website at <http://www.omnicomgroup.com>. In determining that each of our outside directors is independent, the Board of Directors took into consideration the answers to annual questionnaires completed by each of the directors, which covered any transactions with director-affiliated entities. The Board also considered that Omnicom and its subsidiaries occasionally and in the ordinary course of business, sell products and services to, and/or purchase products and services from, entities (including charitable foundations) with which certain directors are affiliated. The Board determined that these transactions were not material to Omnicom or the entity and

that none of our directors had a material interest in the transactions with these entities. The Board therefore determined that none of these relationships impaired the independence of any outside director.

As a matter of policy, the independent non-management directors regularly meet in executive session, without management present. They met 11 times in 2014. Our Board has appointed Mr. Purcell, the Chairman of our Governance Committee, to preside over executive sessions of the Board.

The Board encourages stock ownership by directors and senior executives. Directors may elect to receive some or all of their cash director compensation in our common stock. Information about stock ownership by our

directors and executive officers is included below in the section entitled “Stock Ownership.” Information about stock ownership guidelines for our named executive officers is included below in the section entitled “Executive Compensation: Compensation Discussion and Analysis,” and information about stock ownership guidelines for our directors is included below in the section entitled “Directors’ Compensation for Fiscal 2014.”

Board Operations

Our Board met 13 times during 2014. The Board generally conducts specific oversight tasks through Committees so that the Board as a whole can focus on strategic matters and those particular tasks that by law or custom require the attention of the full Board. Our Board has established six standing Committees, functioning in these areas, as explained more fully below:

- audit and financial reporting
- management/compensation
- corporate governance
- finance and acquisitions/divestitures
- attendance to matters requiring consideration between Board meetings
- qualified legal compliance

Each of the Committees operates under a written charter recommended by the Governance Committee and approved by the Board. The Board operates pursuant to our Corporate Governance Guidelines. Each Board Committee is authorized to retain its own outside advisors. Our Corporate Governance Guidelines and Committee charters that have been approved by the Board are posted on our website at <http://www.omnicomgroup.com>.

Audit Committee: The Audit Committee’s purpose is to assist the Board in carrying out its financial reporting and oversight responsibilities, including oversight of risk as described in “Risk Oversight” below. In this regard, the Audit Committee assists the Board in its oversight of (a) the integrity of our financial statements, (b) compliance with legal and regulatory requirements, (c) the qualifications and independence of our independent auditors, and (d) the performance of our internal audit function and independent auditors. Furthermore, the Audit Committee prepares the report included below in the section entitled “Audit Related Matters: Audit Committee Report.” The Audit Committee also has the power to retain or dismiss our independent auditors and to approve their compensation.

The members of our Audit Committee are Messrs. Murphy (Committee Chair), Henning (Committee Vice Chair), Clark and Cook and Ms. Choksi. The Board has determined that each member of our Audit Committee is “independent” within the meaning of the rules of both the NYSE and Rule 10A-3 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). The Board has also determined that each member of our Audit Committee is an “audit committee financial expert,” is “financially literate” and has “accounting or related financial management expertise,” as such qualifications are defined by SEC regulations and the rules of the NYSE, respectively. In addition to being a member of Omnicom’s Audit Committee, Mr. Henning serves on the audit committees of three other public companies. The Board has determined that Mr. Henning’s additional board service does not negatively impact his service to the Omnicom Audit Committee. It is the Board’s opinion that Mr. Henning’s breadth and depth of financial experience and knowledge greatly enhance the abilities and competencies of the Omnicom Audit Committee, and that, as a retiree, Mr. Henning has ample time and capacity to serve such other public company audit committees without impairing his ability to serve Omnicom. In the Board’s opinion, such service actually enhances his ability to serve Omnicom.

The Audit Committee met 10 times last year.

Compensation Committee: The Compensation Committee's purpose is (a) to assist the Board in carrying out its oversight responsibilities relating to compensation matters, including oversight of risk as described in "Risk Oversight" below, (b) to prepare a report on executive compensation for inclusion in our annual Proxy Statement and (c) to administer and approve awards under our equity and other compensation plans. The report of the Compensation Committee is included below in the section entitled "Executive Compensation: Compensation Committee Report."

3

The members of our Compensation Committee are Mr. Roubos (Committee Chair), Ms. Denison (Committee Vice Chair), Messrs. Batkin, Coleman and Henning and Mrs. Johnson Rice. The Board has determined that each member of our Compensation Committee is “independent” within the meaning of the rules of the NYSE and a “non-employee director” within the meaning of the regulations of the SEC.

The Compensation Committee met eight times last year.

Governance Committee: The Governance Committee’s purpose is to assist the Board in carrying out its oversight responsibilities, including oversight of risk as described in “Risk Oversight” below, relating to (a) the composition of the Board and (b) certain corporate governance matters. As part of its responsibilities, the Compensation Committee considers and makes recommendations to the full Board with respect to the following matters:

- director nominees and underlying criteria for election to the Board and its Committees;
- the functions of the Board Committees;
- standards and procedures for review of the Board’s performance;
- our corporate governance policies generally, including with respect to director qualification standards, responsibilities, access to management and independent advisors, compensation, orientation and education, and performance evaluation;
- management succession;
- the Code of Conduct applicable to our directors, officers and employees; and
- the Governance Committee’s performance of its own responsibilities.

The members of our Governance Committee are Messrs. Purcell (Committee Chair), Clark (Committee Vice Chair), Coleman and Cook, and Ms. Denison and Johnson Rice. The Board has determined that each member of our Governance Committee is “independent” within the meaning of the rules of the NYSE.

The Governance Committee met six times last year.

Nominations for directors at our 2016 Annual Meeting of Shareholders may be made only by the Board or a Board Committee, or by a shareholder entitled to vote who delivers notice along with the additional information and materials required by our By-laws to our Corporate Secretary not later than 60 days prior to the date set for the 2016 Annual Meeting of Shareholders. Our By-laws provide that in order for a nomination to be considered, the notice must include the information as to such nominee and submitting shareholder that would be required to be included in a proxy statement under the proxy rules of the SEC if such shareholder were to solicit proxies from all shareholders of Omnicom for the election of such nominee as a director and if such solicitation were one to which Rules 14a-3 to 14a-12 under the Exchange Act, applied. We also may require any proposed nominee to furnish such other information as may be reasonably required to determine whether the proposed nominee is eligible to serve as an independent director or that could be material to a reasonable shareholder’s understanding of the nominee’s independence or lack thereof. You can obtain a copy of the full text of the By-law provision noted above by writing to our Corporate Secretary at our address listed on the cover of this Proxy Statement, or on our website at <http://www.omnicomgroup.com>. Our By-laws have also been filed with the SEC.

The Governance Committee will consider all candidates recommended by our shareholders in accordance with the procedures included in our By-laws and this Proxy Statement. We did not receive any nominee recommendations from shareholders this year. Any future director candidate recommendations made by shareholders that are properly submitted will be considered by the Governance Committee in the same manner as those submitted by the Board or the Governance Committee itself.

Our Board seeks to ensure that it is composed of individuals not only with substantial experience and judgment but also from diverse backgrounds and experiences. In determining the nominees for the Board, our Governance Committee considers the criteria outlined in our Corporate Governance Guidelines including a nominee's background and experience in relation to other members of the Board, his or her readiness to commit the time required to discharge Board duties and independence issues. In addition, our Governance Committee

considers the composition of the Board as a whole and diversity in its broadest sense, including persons diverse in gender, ethnicity and geography as well as representing diverse viewpoints, ages, and professional and life experiences. In considering diversity, director nominees are neither chosen nor excluded solely or largely based on any one factor. The Governance Committee considers a broad spectrum of skills and experience to ensure a strong and effective Board.

Our Governance Committee oversees the evaluation of the Board and makes recommendations to the Board with respect to the Board's performance and standards and procedures for review of the Board's performance. Our Governance Committee is tasked with evaluating and making recommendations to the Board with respect to the functions of our Board Committees including their structure, responsibilities, performance and composition.

The Governance Committee reviews the composition of the Board at least annually and recommends to the full Board nominees for election. The Governance Committee identifies the skills and experience needed to replace any departing director and may perform research, either itself or by engaging third parties to do so on its behalf, to identify and evaluate director candidates.

Finance Committee: The Finance Committee's purpose is to assist the Board in carrying out its oversight responsibilities relating to financial matters affecting Omnicom, including in respect of acquisitions, divestitures and financings and the oversight of risk as described in "Risk Oversight" below.

The members of our Finance Committee are Messrs. Crawford (Committee Chair), Batkin, Murphy, Purcell and Roubos, and Ms. Choksi.

The Finance Committee met eight times last year.

Executive Committee: The Executive Committee's purpose is to act on behalf of the Board in the management of the Board's business and affairs between Board meetings, except as specifically prohibited by applicable law or regulation, or by our charter or By-laws.

The members of our Executive Committee are Messrs. Coleman (Committee Chair), Crawford, Murphy, Purcell and Roubos.

The Executive Committee met two times last year.

Qualified Legal Compliance Committee: Our Qualified Legal Compliance Committee ("QLCC") is comprised of the current members of our Audit Committee. As contemplated by SEC rules on corporate governance, the purpose of the QLCC is to receive, investigate and recommend responses to reports made by attorneys employed or retained by Omnicom or one of its subsidiaries of evidence of any material violation of U.S. federal or state securities law, material breach of fiduciary duty arising under U.S. federal or state law or a similar material violation of any U.S. federal or state law. The QLCC only meets when necessary and did not meet in 2014.

Director Attendance

Attendance at Board and committee meetings during 2014 averaged 99% for the directors as a group. Each of our directors attended more than 96% of the meetings of the Board and the Committees of the Board on which he or she served during 2014. We encourage our directors to attend our annual meetings of shareholders, and all of our directors attended the 2014 Annual Meeting of Shareholders.

Compensation Committee Interlocks and Insider Participation

None of our Compensation Committee members is a current or former employee or officer of Omnicom or its subsidiaries. None of the Compensation Committee members has ever had any relationship requiring disclosure by Omnicom under Item 404 of the SEC's Regulation S-K. None of our executive officers serves as a member of the board of directors or compensation committee of any other company that has an executive officer serving as a member of our Board or its Compensation Committee.

Qualifications of the Members of the Board of Directors

In accordance with the process for the selection and nomination of directors described above, the Governance Committee reviews the composition of the Board at least annually and recommends to the full Board nominees for election. As part of its evaluation, the Governance Committee considers the slate of directors as a whole as well as the specific skills, backgrounds, experiences and qualifications of each nominee. The Board believes that a combination of skill-sets and experiences in a variety of industries provides the Board with the necessary range and depth of knowledge to most effectively oversee a company as large and complex as Omnicom. In addition to each nominee's business experience and service on the boards of other companies, the Board takes into consideration other factors such as the educational background of each director nominee. The below does not include personal traits such as integrity and time commitment that are essential to a nominee's qualifications and is not intended to be an exhaustive description of the qualifications that the Board considered with respect to the director nominees.

John D. Wren: Through the positions Mr. Wren has held at Omnicom and its networks, including that of President and Chief Executive Officer of Omnicom since January 1997, Mr. Wren possesses an in-depth understanding of the Company's complex global businesses and strategy. As the former Chief Executive Officer of Omnicom's DAS Group of Companies division, Mr. Wren has tremendous advertising, marketing and corporate communications experience. Under his leadership, the DAS Group of Companies grew to become Omnicom's largest operating group. Together with his strategic vision, Mr. Wren's vast knowledge of Omnicom, its businesses, its clients and its people enables him to provide important insights to the Board. Mr. Wren is also a member of the International Business Council of the World Economic Forum, and as such, he has direct exposure to the dynamic issues facing a myriad of international companies. This exposure is a valuable asset to the Company and enhances the Board's ability to judiciously oversee management of Omnicom's own complex global businesses.

Bruce Crawford: Mr. Crawford brings to the Board an unmatched tenure and degree of experience in the advertising, marketing and corporate communications industries. His involvement in the industry began in 1956, and since then he has held a diverse array of positions, such as Omnicom's Chairman of the Board, President, and Chief Executive Officer. In addition, Mr. Crawford has held a variety of high-level positions at BBDO and for several years was the President and Chief Executive Officer of BBDO. These positions have earned Mr. Crawford an extremely keen understanding and a vast scope of knowledge of Omnicom's business operations and strategy. Mr. Crawford's experiences and qualifications also include his active involvement on a number of non-profit boards.

- Alan R. Batkin:** The selection of Mr. Batkin as a director nominee was partly grounded in the fact that his 16 years of experience as the Vice Chairman of a geopolitical consulting firm advising multinational companies brings to the Board a genuine comprehension and knowledge of the strategy and management of a dynamic and global business. Mr. Batkin understands the complex relationships crucial to successfully running international businesses, as well as the sophisticated strategies involved in expanding international business operations. Growing Omnicom's non-U.S. operations is critical to our long-term business strategy and Mr. Batkin's expertise in this regard is a critical component of the Board's mix of skill sets. Having worked for more than 22 years in senior investment banking and accounting positions, Mr. Batkin also has high-level financial experience and can provide the Board with valuable input relating to matters of corporate finance and asset management. This experience is additive not only to his role as a director, but also to his service as a member of our Finance Committee. In addition, Mr. Batkin has extensive experience serving on the boards and audit committees of several public companies in a variety of industries.
-

Mary C. Choksi: With her extensive investment management experience, Ms. Choksi brings to the Board a sophisticated comprehension of the financial matters inherent to running a global business enterprise. It is central to Omnicom's growth and successful financial performance that the Board of Directors' knowledge base includes Ms. Choksi's understanding of the utilization of assets to generate growth. Ms. Choksi is a founding partner and Senior Managing Director of the investment management enterprise Strategic Investment Group and a founder and, until

May 2011, a Managing Director of Emerging Markets Management, which manages portfolios of emerging markets
6

securities, primarily for institutional investors. As such, Ms. Choksi has the highest level of experience managing assets, evaluating investment risk, developing investment strategies and determining the optimal use of corporate assets. In addition, Ms. Choksi's career includes 10 years of experience at the World Bank, primarily working in the Bank's development arm focusing on projects in South and Southeast Asia. Through this role, Ms. Choksi acquired a keen appreciation of the many challenges facing a multinational company as it navigates foreign markets and hones its global investment strategies. Collectively, this experience and learning is an extremely valuable component of the overall mix of skills necessary for the Board to effectively oversee the development of Omnicom's diversified global businesses. In addition, Ms. Choksi's breadth of experience significantly benefits Omnicom's Audit and Finance Committees on which she serves. Ms. Choksi also has considerable experience as a member of the board and audit committees of other public companies.

Robert Charles Clark: Among other things, Mr. Clark provides the Board with corporate governance expertise and substantial knowledge of corporate law, including experience gained as a Harvard University Distinguished Service Professor, Harvard Law School, and a tenured professor of law at Yale Law School. In these positions Mr. Clark has become one of the foremost authorities on corporate governance matters and has developed an acute appreciation for the intricacies of corporate law and a tremendous knowledge of corporate governance best practices. Mr. Clark's corporate governance and compliance expertise is particularly beneficial to his service as a member of Omnicom's Governance and Audit Committees. In addition, Mr. Clark has valuable accounting experience through the position he has held as dean of a leading law school responsible for all aspects of its management, including financial. Mr. Clark also has extensive public and private company board experience and serves as a member of the Audit Committee and Chair of the Nominating & Governance Committee of Time Warner. He also serves as Chair of the Nominating and Governance Committee and a member of the Human Resources, Corporate Governance and Social Responsibility, and Executive Committees of Teachers Insurance and Annuity Association (TIAA). Through his service on the boards of both corporate institutions such as Time Warner and financial institutions such as TIAA, as well as the boards of other large public companies, Mr. Clark possesses an in-depth knowledge of the financial management and business operations and strategies of a global enterprise.

Leonard S. Coleman, Jr.: Omnicom and its Board of Directors benefit from the diverse business experience that Mr. Coleman has acquired over his career, including during more than a decade of senior management experience in Major League Baseball where he took on a wide range of executive management responsibilities. Mr. Coleman gained significant financial experience through his years of working as a municipal finance banker at Kidder Peabody. Further, he has extensive government experience having served as Commissioner of the New Jersey Department of Community Affairs where his responsibilities included overseeing all local and county budgets. As Commissioner of New Jersey's Department of Energy, he developed energy policy for the state. In addition, Mr. Coleman was Chairman of the Hackensack Meadowlands Development Commission developing zoning regulations for the area, Chairman of the New Jersey Housing and Mortgage Finance Agency, Vice Chairman of the State Commission on Ethical Standards, a member of the Economic Development Authority, Urban Enterprise Zone Authority, Urban Development Authority, State Planning Commission and New Jersey Public Television Commission, and President of the Greater Newark Urban Coalition. Mr. Coleman also lived overseas for several years serving as a management consultant. Mr. Coleman's experiences and qualifications also include active involvement on the boards of a number of large public companies, providing him with a deep understanding of the operational and financial aspects of businesses, both domestic and international.

Errol M. Cook: Mr. Cook provides the Board with, among other things, valuable accounting experience and financial expertise that directly relates to Omnicom's businesses, including through the high-level positions he has held at the international accounting firm Ernst & Young. He served as Chairman of the Media and Entertainment Committee and Chairman of the Retail Industry Committee of the New York State Society of CPAs. While at Warburg Pincus, a global leader in the private equity industry, Mr. Cook served on the FASB task force on business combinations and

goodwill accounting and later consulted for companies preparing for Sarbanes-Oxley. Through such work experience, Mr. Cook has developed an expert understanding of corporate compliance issues and best practices, which is a valuable contribution to his service as a member of Omnicom's Audit and Governance Committees. All of these positions have provided Mr. Cook with a strong accounting and financial background, including a comprehensive understanding of accounting rules and practices, financial statements, corporate finance, capital markets and asset management, each specifically in the context of Omnicom's businesses. Mr. Cook also has experience as a former member of the board and audit committees of other public companies.

Susan S. Denison: With her many years of experience in media and marketing, including multiple senior management roles for companies as varied as Richardson-Vicks, Clairol, Showtime Networks, Revlon and Madison Square Garden, Ms. Denison provides Omnicom and its Board with a deep understanding of consumer behavior and a strategic vision of the business operations of Omnicom's agencies. As former Partner of an executive search firm and an executive within the media, entertainment and consumer products industries, Ms. Denison brings to the Board an intimate familiarity with executive compensation practices, as well as an extensive knowledge of complex media strategies, the oversight of management, and consumer market insights. Ms. Denison's leadership experience as a Partner at Cook Associates where she was involved in executive recruiting of the most senior executives, generally at the "C Suite" level, provides her with unparalleled knowledge of the compensation policies and practices of large public companies. This knowledge is an extremely valuable contribution to her role as a member of Omnicom's Compensation Committee and better enables the Board to perform its function of overseeing management retention and succession. Ms. Denison also brings an international perspective to the Board through her prior service on the Board and Compensation Committee of a company listed on the Tel-Aviv Stock Exchange.

Michael A. Henning: The selection of Mr. Henning as a director nominee was based, among other things, upon his extensive experience gained over a career spanning 40 years in senior positions for Ernst & Young, an internationally recognized accounting firm. At Ernst & Young, Mr. Henning served in a variety of positions including that of Deputy Chairman, Chief Executive Officer International, and Vice Chairman of Taxation. One of the many areas in which Mr. Henning's long and distinguished career has made him knowledgeable is taxation, both domestic and international. His highly developed understanding of complex domestic and worldwide taxation regulations, policies and practices is an important component of the Board's aggregation of skill-sets. Mr. Henning's in-depth understanding of financial and accounting matters and his perceptive insights into the issues facing a multinational service business such as Omnicom are extremely helpful to the Board and its Audit Committee. Further, Mr. Henning has served on the board, audit committees, compensation committees and nominating and governance committees of several large public companies.

John R. Murphy: Mr. Murphy has significant experience in the newspaper publishing industry in which he has served in the roles of president, publisher and editor. In such varied roles, his supervisory purview has included the advertising and circulation departments, allowing him to bring to the Board a keen knowledge of the media buying perspective which is a crucial component of Omnicom's businesses. In addition, Mr. Murphy's service as Vice Chairman of National Geographic Society for over 13 years provides him with valuable business, leadership and management experience and allows him to provide the Board with insight into strategic business development and operational matters. Mr. Murphy also has considerable financial knowledge and expertise based in part on his mutual fund and hedge fund experience as the Co-Chairman of PNC Funds. Through his service on the boards of other companies in a wide variety of industries and, in particular, through his long tenure as the chairman of the audit committees of three public companies, including Omnicom, Mr. Murphy has a sizeable amount of board and audit committee experience which is a significant asset to Omnicom's Board and greatly enhances his position as the Chairman of its Audit Committee.

John R. Purcell: Among his other qualifications, Mr. Purcell's years of experience as a tax lawyer at Covington & Burling and as chief internal tax counsel at United Technologies have endowed him

with a keen insight into legal issues and corporate compliance matters. The strength of judgment derived from this honed insight is a crucial aspect of what qualifies him to serve as the Chairman of Omnicom's Governance Committee. Further, his extensive experience as a tax lawyer also provides him with a true understanding of the important taxation issues inherent in Omnicom's global business operations. In addition, Mr. Purcell has many years of senior management experience working in the publishing, broadcasting and marketing industries in roles as varied as Chief Executive Officer, Chief Financial Officer and Chief Operating Officer which gives him a solid grasp of how to effectively oversee the management of a complex advertising, marketing and corporate communications company and, coupled with his distinguished career in banking and finance, how to deploy a global corporation's assets and optimize its capital structure. As a member of Omnicom's Board of Directors since its creation in 1986, Mr. Purcell has a deep understanding of Omnicom's history, strategies, operations, businesses and clients. This accumulated knowledge is an asset to the Board and is extremely valuable to Omnicom in the development of its complex global businesses. Mr. Purcell's contribution to Omnicom's Board is further enhanced by his extremely significant board experience at approximately 15 other public companies.

Linda Johnson Rice: As a director, Mrs. Johnson Rice provides Omnicom with a unique perspective into expanding the operations and building the businesses of a global corporate enterprise, in part developed through her leadership role as Chairman of a multi-media company. The knowledge base Mrs. Johnson Rice has developed through her experience in this role is a valuable part of the Board's overall mix of business expertise, particularly in light of the importance of growth to Omnicom's commitment to increasing shareholder value. In addition, Mrs. Johnson Rice's acute understanding of advertising and brand management and substantial knowledge of consumer businesses developed during her tenure as a Vice President and later as President and Chief Operating Officer and Chief Executive Officer of Johnson Publishing Company brings to the Board valuable insight into Omnicom's businesses and the concerns of its clients, a matter of paramount importance to Omnicom's global business strategy. Mrs. Johnson Rice also has very broad experience through having served for more than 20 years on the boards, audit committees, compensation committees and nominating and governance committees of several other large public companies in a variety of industries.

- Gary L. Roubos: Mr. Roubos has been chosen as a director nominee partly because of his extensive experience in business operations and executive leadership gained from the many years he dedicated to leading a world-wide, diversified industrial manufacturing corporation. As the Chairman and Chief Executive Officer of Dover Corporation, Mr. Roubos developed a broad strategic vision and became expertly knowledgeable about the business operations of a global business enterprise. This vision and knowledge play an important role in the Board's oversight of Omnicom and its management. Prior to leading Dover Corporation, Mr. Roubos held a variety of manufacturing positions, including plant management and sales, through which he developed a deep understanding of the various components comprising a business enterprise. This knowledge base proved essential to his remarkably successful track record at Dover Corporation and, together with his high-level management experience as the Chairman of Dover Corporation, makes Mr. Roubos's contribution to Omnicom's Board extremely valuable. This contribution is further enhanced by the fact that Mr. Roubos has also actively served on public company boards, audit committees, compensation committees and nominating and governance committees.

Risk Oversight

Our Board oversees an enterprise-wide approach to risk management, designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and enhance shareholder value. The principal oversight function of the Board and its Committees includes understanding the material risks the Company confronts and methods to mitigate or manage those risks. Management is responsible for establishing our business strategy, identifying and assessing the related risks and establishing appropriate risk management practices. Our Board reviews our business strategy and management's assessment of the related risk, and discusses with management the appropriate level of risk for the Company.

Our Board administers its risk oversight function with respect to our operating risk as a whole, and the Board and its Committees meet with management at least quarterly to receive updates with respect to our business operations and strategies, financial results and the monitoring of related risks. The Board also delegates oversight to the Audit, Governance, Compensation and Finance Committees to oversee selected elements of risk:

Our Audit Committee oversees financial risk exposures, including monitoring the integrity of the financial statements, internal control over financial reporting, and the independence of the independent auditors of the Company. The Audit Committee inquires of management and the independent auditors about significant risks or exposures and assesses management's actions in light of any such risks and discusses guidelines and policies governing the process by which management of the Company assesses and manages the Company's exposure to risk. The Audit Committee receives an assessment report from the Company's internal auditors on at least an annual basis and more frequently as appropriate. The Audit Committee also assists the Board in fulfilling its oversight responsibility with respect to compliance with legal and regulatory matters related to the Company's financial statements and meets quarterly with our financial management, independent auditors and legal advisors for updates on risks related to our financial reporting function. Our Governance Committee oversees governance-related risk by working with management to establish Corporate Governance Guidelines applicable to the Company, including recommendations regarding director nominees, the determination of director independence, Board leadership structure and membership on Board Committees. The Company's Governance Committee also oversees risk by working with management to adopt codes of conduct and business ethics designed to encourage the highest standards of business ethics.

Our Compensation Committee oversees compensation-related risk by working with management in the creation of compensation structures that create incentives to encourage a level of risk-taking behavior consistent with the Company's business strategy.

Our Finance Committee oversees financial, credit and liquidity risk by overseeing our Treasury function to evaluate elements of financial and credit risk and advise on our financial strategy, capital structure, capital allocation and long-term liquidity needs, and the implementation of risk mitigating strategies.

The Company's management is responsible for day-to-day risk management. The CEO, CFO and General Counsel periodically report on the Company's risk management policies and practices to relevant Board Committees and to the full Board. Our Treasury, Legal, Controller and Internal Audit functions work with management at the agency level, serving as the primary monitoring and testing function for company-wide policies and procedures, and managing the day-to-day oversight of risk management strategy for the ongoing business of the Company. We believe the division of risk management responsibilities described above is an effective approach for addressing the risks facing the Company and that our Board leadership structure supports our approach.

Risk Assessment in Compensation Programs

We have assessed the Company's compensation programs and have concluded that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company. Frederic W. Cook & Co. ("Cook & Co."), an independent third-party compensation consultant, assisted Omnicom management in reviewing our executive and broad-based compensation and benefits programs on a worldwide basis to determine if the programs' provisions and operations are likely to create undesired or unintentional risk of a material nature. This risk assessment process included a review of program policies and practices; analysis to identify risk and risk control related to the programs; and determinations as to the sufficiency of risk identification, and the balance of potential risk to potential reward. Although we reviewed all compensation programs, we focused on the programs with variability of payout, with the ability of a participant to directly affect payout and the controls on participant action and payout.

Based on the foregoing and the fact that we believe no subsequent change in the Company's compensation programs creates risks reasonably likely to have a material adverse effect on the Company, we believe that our

compensation policies and practices do not create inappropriate or unintended significant risk to the Company as a whole. We also believe that our incentive compensation arrangements provide incentives that do not encourage risk-taking beyond the organization's ability to effectively identify and manage significant risks; are compatible with effective internal controls and our risk management practices; and are supported by the oversight and administration of the Compensation Committee with regard to executive compensation programs.

Ethical Business Conduct

We have a Code of Conduct designed to assure that our business is carried out in an honest and ethical way. The Code of Conduct applies to all of our, and our majority-owned subsidiaries', directors, officers and employees and requires that they avoid conflicts of interest, comply with all laws and other legal requirements and otherwise act with integrity. In addition, we have adopted a Code of Ethics for Senior Financial Officers regarding ethical action and integrity relating to financial matters applicable to our senior financial officers. Our Code of Conduct and Code of Ethics for Senior Financial Officers are available on our website at <http://www.omnicomgroup.com>, and are also available in print to any shareholder that requests them. We will disclose any future amendments to, or waivers from, certain provisions of these ethical policies and standards for senior financial officers, executive officers and directors on our website within the time period required by the SEC and the NYSE.

We also have procedures to receive, retain and treat complaints regarding accounting, financial reporting and disclosure, internal accounting controls or auditing matters and to allow for the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters, as well as possible violations of our Code of Conduct or Code of Ethics for Senior Financial Officers. The procedures are posted on our website at <http://www.omnicomgroup.com> and the websites of our various global networks.

Shareholder Communications with Board Members

Interested parties, including shareholders, may communicate (if they wish on a confidential, anonymous basis) with the outside directors, the Chairs of our Audit, Compensation, Finance, Governance and Executive Committees or any individual director (including the presiding director of the executive sessions of our independent non-management directors) on board-related issues by writing to such director, the Committee Chair or to the outside directors as a group c/o Corporate Secretary at Omnicom Group Inc., 437 Madison Avenue, New York, New York 10022. The envelope should clearly indicate the person or persons to whom the Corporate Secretary should forward the communication. Communications will be distributed to the Board, or to any individual director or directors as appropriate, depending on the facts and circumstances outlined in the communications.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Overall Compensation Objectives and Principles

The Compensation Committee is responsible for establishing, implementing and monitoring Omnicom's executive compensation policies and program. The overarching goals of our compensation program are to:

attract, motivate and retain the talented executives who are a critical component of Omnicom's long-term success by providing each with a competitive total rewards package; and ensure that executive compensation is aligned with both the short and long-term interests of shareholders.

We accomplish this by closely tying pay to performance, maintaining a high degree of variable compensation and maintaining competitive compensation levels.

Fiscal Year 2014 Performance

Our performance in 2014 reflected the strength of our leadership and governance, the talent and creativity of our management and employees and the strength of our culture. The following highlights key achievements that reflect our progress in 2014:

Omnicom delivered exceptional total return for shareholders.

In 2014, revenue increased \$733.3 million, or 5.0%, to \$15.318 billion from \$14.585 billion in 2013. Changes in foreign exchange rates reduced revenue \$112.6 million, or 0.8%, acquisitions net of dispositions increased revenue \$19.0 million, or 0.1% and organic growth increased revenue \$826.9 million, or 5.7%, as reported in our 2014 Annual Report on Form 10-K (the "2014 10-K").

Operating margins in 2014 increased to 12.7% from 12.5% in 2013 and earnings before interest, taxes and amortization ("EBITA") margins in 2014 increased to 13.4% from 13.2% in 2013. In 2014 and 2013, we incurred \$8.8 million and \$41.4 million, respectively, of expenses in connection with the proposed merger with Publicis Groupe SA ("Publicis"), which were primarily comprised of professional fees. On May 8, 2014, the proposed merger was terminated. *(EBITA margin is a non-GAAP financial measure that represents EBITA divided by revenue.)*

Excluding the merger expenses from both years, operating income and operating margin for 2014 and 2013 were \$1.953 billion and 12.7% and \$1.867 billion and 12.8%, respectively, and EBITA and EBITA margin for 2014 and 2013 were \$2.060 billion and 13.4% and \$1.968 billion and 13.5%, respectively.

Net income increased \$112.9 million, or 11.4%, to \$1.104 billion in 2014 from \$991.1 million in 2013. Diluted net income per common share increased 14.3% to \$4.24 in 2014, compared to \$3.71 in 2013. Excluding the after-tax effect of the merger expenses from both years, net income for 2014 and 2013 was \$1.101 billion and \$1.026 billion, respectively, and diluted net income per common share was \$4.23 and \$3.84, respectively.

As we continued to successfully build the Company through a combination of prudently priced acquisitions and well-focused internal development initiatives, we significantly improved both return on invested capital and return on equity. For 2014, our return on invested capital increased from 18.1% to 20.3% and return on equity increased from 28.1% to 34.3% *(Return on Invested Capital is defined as After Tax Operating Income divided by the average of*

Invested Capital at the beginning and the end of the period (book value of all long-term liabilities and short-term interest bearing debt plus shareholders' equity less cash, cash equivalents and short term investments). After Tax Operating Income is a non-GAAP measure and is defined as operating income less income taxes calculated using the effective tax rate for the applicable period.)

During 2014, we generated \$1.58 billion of free cash flow (*free cash flow is a non-GAAP measure and is defined as cash flow from operations, excluding changes in working capital*), an increase of 8.6% versus 2013. We again succeeded in maximizing the use of our strong cash flows while maintaining a solid balance sheet. Our Board of Directors increased our quarterly dividend by 25%, to \$0.50 per share and we purchased

\$1.06 billion of our common stock. For the year, we returned approximately \$1.5 billion of cash to shareholders through dividends and net share repurchases. Our cumulative net income from fiscal years 2004 to 2014 totaled \$10 billion, during which time our cumulative return of cash to shareholders, including both dividends and net share repurchases, totaled \$10.8 billion for a cumulative payout ratio of 108%.

Omnicom agencies continued their tradition of being the most creatively awarded companies in the world.

In 2014, we maintained our focus on attracting, retaining and developing the best talent in the business, including through the continued success of the many talent development programs offered by us and our agencies. As a result, our agencies continued to stay on top or ahead of the changes in our industry, winning an impressive array of the industry's recognition, awards and business. The following are just a few of the highlights:

BBDO was named most awarded agency network in the world in 2014 by the Gunn Report, for the ninth consecutive year. DDB was the second most awarded network.

OMD was named global media agency of the year by Adweek.

Advertising Age honored adam&eveDDB as international agency of the year, and Alma DDB won multicultural agency of the year.

At the Campaign Asia Pacific agency of the year awards, TBWA and DDB won creative agencies for the year in Japan, Korea, Malaysia, New Zealand, Southeast Asia, Philippines and Indonesia.

For the second year in a row, BBDO was the top-rated agency network on the Warc 100, an annual ranking of the world's top marketing campaigns and companies based on their performance in effectiveness and strategy competitions over the past year. This year's rankings were compiled from results in 87 competitions around the world involving more than 2,200 winning campaigns.

We expanded our global footprint and moved into rapidly growing areas.

Our acquisitions are also supplementing our expansion into rapidly growing areas. Some of our notable 2014 acquisitions are as follows:

TLGG, a strategic consulting and digital agency in Germany;

DDC Advocacy, a Washington-based innovative CRM agency for clients in the Public Affairs space; and Omnicom's DAS Group of Companies took full ownership of Critical Mass, a leading global digital shop.

In developing countries and high growth markets, we continued to experience strong organic growth, particularly in Asia Pacific and Africa/Middle East, where organic growth was 4.5% and 10.1% respectively. Even as these economies have slowed relative to prior years, our success has been driven by both our consistent focus on organic investment as well as through our targeted acquisition strategy. Our talent pool is expanding as we grow our geographic footprint in developing countries and high growth markets. Our focus on expanding our local presence allowed us to better serve our global clients and gave us access to local clients in developing countries and high growth markets that may be the next decade's biggest brands. As a result of these efforts, we believe we are extremely well positioned to expand our service offerings to our multinational clients, as well as local clients.

We embraced innovation.

Our industry is becoming increasingly complex, and we are continually expanding our capabilities to meet our clients' needs to navigate a rapidly changing landscape. We utilize the newest, most sophisticated tools and technology to develop actionable consumer insights, as well as develop better ways to target consumers, and reach them across many different disciplines and media, thereby giving Omnicom's clients the best possible solutions to meet their marketing needs.

Our internal investments in talent, our technology partnerships and our acquisitions have allowed us to expand and participate in these rapidly growing areas. In 2014, we saw the convergence of technology, creativity and media change the way our agencies operate. As part of our partnership deals with technology companies, our creative talent is working side by side with engineers from Facebook, Google, Instagram, Twitter and others, and this collaboration has resulted in innovative solutions for our clients.

We continued to deliver big ideas based upon meaningful consumer insights across all marketing disciplines and communication channels.

Importantly, much of our award winning work is the result of Omnicom's agencies working together to provide integrated solutions for their clients. Our business model demands that multiple agencies within Omnicom collaborate in formal and informal virtual networks that cut across internal organizational structures to execute against our clients specific marketing requirements. Our virtual network strategy facilitates better integration of services required by the demands of the marketplace for advertising and marketing communications services. We believe our ability to execute this organizational philosophy differentiates us from our competitors.

Compensation Decisions Reflected Our Performance

The achievements discussed above were a direct result of the leadership of our named executive officers, or NEOs, and other senior executives and provide significant context for the Compensation Committee's pay-for-performance approach and the key 2014 compensation decisions. Our NEOs for fiscal year 2014 were:

John D. Wren, President and Chief Executive Officer

Philip J. Angelastro, Executive Vice President and Chief Financial Officer since September 22, 2014, and formerly Senior Vice President Finance and Controller

Randall J. Weisenburger, former Executive Vice President and Chief Financial Officer until September 22, 2014

Dennis E. Hewitt, Treasurer

Jonathan B. Nelson, Chief Executive Officer, Omnicom Digital

Michael J. O'Brien, Senior Vice President, General Counsel and Secretary

The process by which incentive compensation awards were determined for performance in fiscal 2014 aligns with our pay-for-performance objectives. The incentive award that each named executive officer received was primarily derived from a pre-set formula incorporating a combination of the following quantitative and qualitative performance metrics:

Omnicom's annual financial performance against annual performance targets established by the Compensation Committee;

Omnicom's annual financial performance against that of an industry peer group established by the Compensation Committee; and

Individual performance evaluated by looking at how each NEO's personal performance contributed to advancing Omnicom's business objectives.

The Compensation Committee also paid a portion of Messrs. Wren and Angelastro's incentive compensation award in performance restricted stock units (PRSUs), for which the ultimate number of shares awarded will vary based on Omnicom's future performance as compared to that of an industry peer group. The Compensation Committee believes that the use of PRSUs with the vesting provisions described below in the section entitled Fiscal Year 2014 Compensation enhances the executive's focus on the Company's long-term performance while discouraging imprudent risk-taking.

Omnicom strives to closely link executive compensation to performance by making a significant portion of potential annual compensation variable and performance driven. The more senior the executive, the lower his base pay will be as a proportion of his entire compensation package and the higher his incentive-based and

retention components will be as a proportion of his entire compensation package. We believe this is aligned with shareholder interest and the long-term interests of the Company. For each NEO other than Mr. Weisenburger, the majority of his total compensation was variable and based on performance. With respect to our Chief Executive Officer, over 95% of his total compensation was variable and based on performance.

The Compensation Committee believes that our executive compensation program aligns with performance, reflects our business philosophy and reflects competitive practices regarding executive compensation. At our 2014 Annual Meeting of Shareholders, the Company held its fourth annual advisory vote on executive compensation (a say-on-pay proposal). Over 97% of the votes cast on the say-on-pay proposal at that meeting were voted in favor of our 2013 compensation. The Compensation Committee believes this affirms shareholders' support of the Company's approach to executive compensation. Omnicom's strong performance in fiscal year 2014 and our many creative and strategic accomplishments reinforce the Compensation Committee's view that our executive compensation program is achieving its long-term objectives, and the Compensation Committee made no significant changes to the program during the year in response to last year's say on pay vote. The Compensation Committee will continue to consider the outcome of the Company's say-on-pay votes when making future compensation decisions for the named executive officers.

Elements of Omnicom Compensation

Our principal components of pay are a base salary, an annual performance-based cash award, an annual performance-based equity award, or a long-term equity award typically vesting over a five-year period. Each of these components and the manner in which decisions for 2014 were made for each NEO are more fully discussed in the sections that follow.

Base Salary

The objective of base salary is to provide a portion of compensation to the named executive officer that is not at risk like incentive bonuses or equity awards, and is generally unaffected by fluctuations in company performance or the market in general. The base salaries for the named executive officers are determined by the Compensation Committee and, in the case of the President and Chief Executive Officer, ratified by the full Board. However, Mr. Nelson became an executive officer in 2014, and as a result his base salary was set prior to becoming an executive officer.

Adjustments in base salary for named executive officers are discretionary and are generally considered no more frequently than every 24 months. Messrs. Wren and O'Brien have not had an increase in base salary in 12 years. Prior to the increase he received in 2014 upon his appointment to Executive Vice President and Chief Financial Officer (discussed below), Mr. Angelastro had not had an increase in base salary in nine years.

Omnicom considers a number of factors when determining whether to make base salary adjustments, which factors may include advice from our compensation consultant, the general knowledge of our Chief Executive Officer and Compensation Committee of base salaries paid to similarly positioned executives, salaries paid historically, tax and accounting issues that may affect the Company and personal performance as assessed by the Compensation Committee and the Chief Executive Officer. No formulaic base salary adjustments are provided to the named executive officers.

Annual Performance-Based Compensation Awards

A key component of our executive compensation program is an annual performance-based bonus awarded pursuant to Omnicom's Senior Management Incentive Plan (the "Incentive Bonus Plan"). Under the Incentive Bonus Plan, eligible executive officers may, subject to Compensation Committee oversight and discretion (or in the case of the President and Chief Executive Officer, subject to Board input and ratification), receive annual performance-based bonuses. It is Omnicom's philosophy that its named executive officers should be rewarded based upon Omnicom's financial performance as well as each executive's contribution to advancing Omnicom's business strategy and our long term performance. Though Mr. Nelson did not participate in the Incentive Bonus Plan in fiscal year 2014, he did participate in an annual bonus program that contained goals based upon Omnicom's financial performance and individual contributions to advancing Omnicom's business strategy and long-term performance.

For performance in fiscal year 2014, we established a maximum incentive compensation level and a target incentive compensation level set at a percentage of the maximum incentive compensation level, which are shown below in the “Grant of Plan-Based Awards in 2014” table. As described below, the Compensation Committee generally consults with its compensation consultant to determine the range of total compensation for similarly positioned executives at our peer group companies, though the Compensation Committee did not take this approach with respect to Mr. Nelson in fiscal year 2014 due to the fact that he was appointed after the compensation consultant issued its 2014 report. The Compensation Committee, other than with respect to Mr. Nelson, takes the information provided in the compensation consultant report into consideration when determining the bonus range for our named executive officers.

As described in greater detail below, in determining annual bonuses for fiscal year 2014, the Compensation Committee considered the following combination of quantitative and qualitative performance measures:

- 40% of each NEO’s incentive awards is based on Omnicom financial performance as compared to annual company targets (“Performance Award”);
- 40% of each NEO’s incentive awards is based on Omnicom financial performance compared to an industry peer group (“Peer Award”); and
- 20% of each NEO’s incentive awards is based on individual performance (“Qualitative Award”).

We believe our goals are meaningful and challenging, the achievement of which is designed to drive stockholder value.

I. Omnicom 2014 Performance Award (40% of Target Incentive Award)

The Compensation Committee considered the following performance measures for fiscal year 2014, with each measure weighted as indicated:

- 2014 fully-diluted earnings per share (Diluted EPS) growth (33¹/₃%)
- 2014 earnings before interest, taxes and amortization (EBITA) margin (33¹/₃%)
- 2014 organic growth (33¹/₃%)

Organic growth is total revenue growth less the change in revenue attributable to changes in foreign exchange rates and the revenue from businesses acquired net of the revenue from businesses that were disposed. A predetermined multiplier of between 0 and 2.0 (the “Performance Multiplier”) was ascribed based on the range of Omnicom performance with respect to each performance measure. The performance multipliers ranged from 0 to 2.0 times for: (a) Diluted EPS growth of less than 4.0% to greater than 7.0%; (b) EBITA margin performance of less than 13.2% to greater than 13.5%; and (c) organic growth of less than 3.6% to greater than 5.1%, respectively. The Performance Multiplier was applied to each metric’s weighting within the category based on the results achieved to arrive at a weighted score for the performance award (the “Performance Weighted Score”). A description of the calculation of this portion of the incentive award is provided below under the section entitled “Fiscal Year 2014 Compensation Decisions.”

II. Omnicom 2014 Peer Award (40% of Target Incentive Award)

The Compensation Committee considered the following performance measures for fiscal year 2014 as compared to that of an industry peer group, which includes WPP plc, Publicis, Interpublic Group of Companies and Havas SA, with each measure weighted as indicated:

- 2014 return on equity (ROE) (40%)
- 2014 organic growth (20%)
- 2014 operating income margin (20%)

2014 organic growth plus operating income margin (20%)

A predetermined multiplier of between 0 and 2.0 (the “Peer Multiplier”) was ascribed based on Omnicom’s ranking relative to the industry peer group for each metric. For each performance measure, the Peer Multiplier ranged from 0 if Omnicom ranked in fifth place in the industry peer group, to 2.0 times if Omnicom ranked first in the industry peer group. The Peer Multiplier was applied to each metric’s weighting within the

16

category based on the results achieved to arrive at a weighted score for the peer award (the “Peer Weighted Score”). A description of the calculation of this portion of the incentive award is provided below under the section entitled “Fiscal Year 2014 Compensation Decisions.”

III. Qualitative Award (20% of Target Incentive Award)

To assess 2014 individual performance, the Compensation Committee, with the assistance of Omnicom’s President and Chief Executive Officer, looked to determine how each named executive officer contributed to advancing the core “pillars” that serve as the foundation of our business strategy: providing best in class services to clients, maximizing efficiencies and minimizing risk through enterprise-wide initiatives and achieving the highest levels of corporate values and integrity.

Best in Class Client Services. We achieve this goal by securing the finest available talent in the right disciplines, and deploying that talent in the right places across the globe. The Compensation Committee looks to the role a named executive officer has played in developing our personnel and our client and discipline base. With respect to each, the Compensation Committee reviews an executive’s role, as applicable, in:

- Personnel development
 - Providing management development and succession planning
 - Recruiting and retaining key and diverse talent
 - Training and educating personnel
- Client development
 - Retaining clients/business
 - Expanding the depth and breadth of our core clients
 - Developing new client relationships
- Services development
 - Developing the quality and breadth of our key services
 - Expanding our global presence in the right places
 - Planning acquisitions and divestitures
 - Receiving honors and awards for creative excellence and customer service

Enterprise-wide initiatives to maximize efficiencies and minimize risk. Next, our finance and operations team strives to maximize efficiencies and minimize risk through enterprise-wide initiatives that create a high return on invested capital. The Compensation Committee reviews each executive’s involvement in key business management issues such as cash management, business planning, Enterprise Risk Management, information technology initiatives/consolidation, developing and streamlining financial reporting operations and working capital management.

Corporate values and integrity. Finally, Omnicom leadership strives to achieve the highest levels of corporate values and integrity. The Compensation Committee considers how each executive contributed to Omnicom’s substantial efforts to maximize diversity and inclusion, to achieve the highest levels of corporate social responsibility, including a commitment to environmental and individual community outreach initiatives, and to maintain a professional work-place environment.

Although each named executive officer is eligible to receive an annual bonus award if his achievements so merit, the granting of a bonus to any named executive officer is entirely at the discretion of the Compensation Committee. The Compensation Committee may choose not to award a bonus to a named executive officer or to adjust the amount of the bonus that results from the application of the quantitative and qualitative measures described above, in each case in light of all factors deemed relevant by the Compensation Committee. In addition, to the extent achievement of the performance criteria described above may be impacted by changes in accounting principles and extraordinary, unusual or infrequently occurring events reported in Omnicom’s public filings, the Compensation Committee exercises its judgment whether to reflect or exclude their impact.

Long Term Equity Component of Annual Performance-Based Compensation Awards

We strive to create incentives for the senior management team not only to remain with Omnicom, but to focus long term as a team. We believe that an equity ownership stake in Omnicom is an important component in linking a named executive officer's compensation to the performance of Omnicom and the creation of long-term shareholder value. Grants of restricted stock, restricted stock units, PRSUs and stock options serve to align the interests of the shareholders with those of the named executive officers by incentivizing the named executive officers toward the creation and preservation of long-term shareholder value. Finally, our equity award agreements contain restrictive covenants that are intended to protect our business in the event of an executive's departure.

Messrs. Wren and Angelastro received part of their annual performance-based compensation award for 2014 in PRSUs. This equity award is designed to reward individual contributions to the Company's performance as well as motivate future contributions and decisions aimed at increasing shareholder value. Each PRSU represents the right to receive one share of our common stock upon vesting. The ultimate number of shares received by Messrs. Wren and Angelastro will depend upon Omnicom's return on equity over 2015, 2016 and 2017, as compared to the return on equity of Omnicom's four principal competitors. The target and maximum values of the PRSUs awarded to Messrs. Wren and Angelastro, as determined on the date of the award, are shown in the Summary Compensation Table for 2014 on page 26 and the accompanying footnotes and narrative disclosure. Between 0% and 200% of the target number of PRSUs will ultimately be received by Messrs. Wren and Angelastro, depending on Omnicom's rank as compared to such competitors and the length of their service with Omnicom over the performance period.

The PRSUs are eligible to fully vest on December 31, 2017 and distributions of shares underlying the PRSUs will generally occur in 2018. In the event Mr. Wren or Angelastro terminates on or prior to December 31, 2017, he will remain eligible to vest in one-third of the maximum number of PRSUs for each December 31st he is employed between April 1, 2015 and December 31, 2017 and such shares will be distributed in 2018 based on Omnicom's relative return on equity performance. Vesting of the PRSUs and distribution of shares underlying the PRSUs will be accelerated in the event of death or termination due to disability. In addition, if the PRSUs are not assumed or substituted by an acquirer in a change in control, then they will become fully vested and non-forfeitable.

Messrs. Wren and Angelastro are required to retain a certain amount of Company's equity/stock as described in "Other Arrangements, Policies and Practices Related to Our Executive Compensation Program — Share Ownership Guidelines."

Messrs. Hewitt, Nelson and O'Brien received part of their annual performance-based compensation award for 2014 in restricted stock units. This equity award is also designed to reward individual contributions to the Company's performance as well as motivate future contributions and decisions aimed at increasing shareholder value. The Compensation Committee believes that service based vesting of the restricted stock units is an important motivator to reward continued performance. The values of the restricted stock units awarded, as determined on the date of the award, are shown in the Summary Compensation Table for 2014 on page 26 and the accompanying footnotes and narrative disclosure. One-fifth of each award of restricted stock units is eligible to vest on each anniversary of the grant date and each restricted stock unit represents the right to receive one share of our common stock upon vesting. Vesting of the restricted stock units and distribution of shares underlying the restricted stock units will be accelerated in the event of death or termination due to disability. In addition, if the restricted stock units are not assumed or substituted by an acquirer in a change in control, then they will become fully vested and non-forfeitable.

Compensation Decision Process

The Compensation Committee annually reviews and approves the compensation of the named executive officers. To aid the Compensation Committee in making its compensation determinations, the Chief Executive Officer annually reviews the performance of each other named executive officer by evaluating the performance factors described in this Compensation Discussion and Analysis and presents his conclusions and recommendations to the Compensation Committee. The Compensation Committee considers the Chief Executive Officer's recommendations, but ultimately exercises its own discretion. With respect to 2014 compensation, the

18

Compensation Committee did not deviate materially from our Chief Executive Officer's recommendations. Prior to Mr. Nelson becoming an executive officer, our Chief Executive Officer determined his 2014 compensation, though the Compensation Committee ultimately determined his annual bonus for fiscal year 2014 performance and his equity award amount.

Because of the competitive nature of our business, the loss of key executives to competitors is a significant risk and Omnicom's paramount concern is to attract and retain the highest-caliber executive team to ensure that Omnicom is managed in the most effective possible manner. The Compensation Committee directly retains the services of Cook & Co., an independent third-party compensation consulting firm, for input on a range of external market factors, including evolving compensation trends, and market-standard compensation levels and elements. Cook & Co. reports directly and exclusively to the Compensation Committee. Cook & Co. only provides compensation consulting services to the Compensation Committee, and works with Omnicom's management only on matters for which the Compensation Committee is responsible. Moreover, Cook & Co. does not perform any other services for, or receive any other fees from, the Company or any of its subsidiaries other than in connection with its work for the Compensation Committee. Cook & Co. stated that it holds no Omnicom stock and the Compensation Committee believes the services Cook & Co. provides for the Company do not raise any conflicts of interest.

The Compensation Committee consults with Cook & Co. to obtain general observations on the Company's compensation programs from which the Compensation Committee determines the target range of total compensation for executives. Though Cook & Co. provides general observations on the Company's compensation programs, it does not determine or recommend specific amounts or forms of compensation for the named executive officers. Although the data provided by Cook & Co. in 2014 influenced the Compensation Committee's review and analysis, such data did not have a material impact on the Compensation Committee's determination of the levels and elements of our executive compensation in 2014. The peer group the Compensation Committee reviewed in 2014 consisted of companies of comparable size and operational complexity. The group, which was unchanged from 2013, was comprised of the following companies:

Accenture	Computer Sciences Corp.	Time Warner Cable
Automatic Data Processing	DISH Network	Time Warner Inc.
Cablevision	Interpublic Group of Companies	Viacom
CBS	Thomson Reuters	WPP plc

Fiscal Year 2014 Compensation Decisions

Base Salary

Based on our Chief Executive Officer and the Compensation Committee's general knowledge of base salaries paid to similarly positioned executives at companies of comparable size and profitability, review of data provided by Cook & Co. with respect to certain executives, and the Compensation Committee's emphasis on performance-based compensation, the base salaries for Messrs. Wren, Hewitt and O'Brien were not adjusted in 2014. However, the Compensation Committee adjusted base salaries for the other named executive officers as described below.

In 2014, Mr. Angelastro received an increase in annual base salary from \$425,000 to \$850,000 effective upon his appointment to Executive Vice President and Chief Financial Officer. This increase was made in order to better align Mr. Angelastro's annual base salary with the annual base salaries paid to individuals with similar positions at our peer companies. In 2014, Mr. Nelson received an increase in annual base salary from \$750,000 to \$850,000, which

increase was meant to better align Mr. Nelson's annual base salary with the annual base salaries paid to individuals with similar positions at our peer companies and to reward him for taking on increased responsibilities.

Annual Performance-Based Compensation Award**I. Determination of 2014 Performance Award (40%)**

As shown below, to determine the Performance Award, the Performance Multiplier is applied to the weight to arrive at a weighted score for each metric. The calculation of weighted score for each key financial metric was as follows:

Calculation of the Weighted Score

	Target Range	2014 Performance	Performance Multiplier	Relative Weight	Weighted Score
Diluted EPS Growth	4.0%-7.0%	14.3%	2.000	33.3%	0.667
EBITA Margin	13.2%-13.5%	13.4%	1.227	33.3%	0.409
Organic Growth	3.6%-5.1%	5.7%	2.000	33.3%	0.667
					1.743
Performance Weighted Score (1.743 x 40% (percentage of Target Award))					69.72 %

II. Determination of 2014 Peer Award (40%)

As shown below, to determine the Peer Award, the Peer Multiplier is applied to the relative weight to arrive at a weighted score for each metric. The key financial metrics, corresponding rank amongst the peer group and calculation of the weighted score were as follows:

Calculation of the Weighted Score

	2014 Performance	Peer Group Rank	Weight	Peer Multiplier	Weighted Score
ROE	34.3%	1	40%	2.00	0.800
Organic Growth	5.7%	2	20%	1.5	0.300
Operating Income Margin	12.7%	4	20%	0.40	0.080
Organic Growth + Operating Income Margin	18.4%	2	20%	1.50	0.300
					1.480
Peer Weighted Score (1.480 x 40% (percentage of Target Award))					59.20 %

III. Determination of 2014 Qualitative Award (20%)

To assess 2014 individual performance, the Compensation Committee, with the assistance of Omnicom's President and Chief Executive Officer for NEOs other than himself, looked to the following contributions of each NEO toward advancing our business strategy.

John D. Wren. Under Mr. Wren's leadership, Omnicom has grown into one of the world's largest and most respected advertising and marketing communications firms. As part of the original management team that created Omnicom in 1986 and as the Company's chief executive officer since 1997, he has been the architect of a complex

strategy that has positioned Omnicom to serve the global marketing requirements of the world's most sophisticated marketers. He has championed the creation of unique virtual networks across Omnicom agencies, geographies and disciplines to meet the needs of global clients. He was early to envision the potential of digital technologies, leading the Company's early investment in and development of digital technologies and capabilities across each of Omnicom's agencies and he continued to drive our strategy to leverage our digital and analytical capabilities and utilize new mediums and technology platforms. He has also been instrumental in leading the Company's efforts to extend and deepen Omnicom's capabilities in rapidly growing markets and new service areas to meet the needs of clients' global marketing efforts. Throughout this evolution of the Company, Mr. Wren has ensured that Omnicom agencies and networks have continued to build on their strong legacy of creative excellence. Today, Omnicom's networks and agencies are regarded as the industry's most creative, as measured by their share of global awards for creative excellence.

The strategies implemented by Mr. Wren drove solid financial growth during 2014. Mr. Wren's emphasis on expanding client relationships, as well as his direct leadership role with many of the Company's largest

global clients, again resulted in strong organic revenue growth. Such growth, along with Mr. Wren's focus on improving operating efficiencies, while maintaining key investments in both our talent and new service areas resulted in an increase in our return on invested capital increased from 18.1% to 20.3% and return on equity increased from 28.1% to 34.3%.

Mr. Wren developed the Company's acquisition strategy and identified and invested in high-performing businesses, including those in rapidly growing markets; these initiatives will enable the Company to meet the future marketing requirements of its global clients more effectively. Additionally, he has long been instrumental in identifying, attracting, retaining and developing highly skilled key executives and is deeply committed to disseminating best practices across Omnicom through industry-leading advanced education initiatives such as Omnicom University.

As a result of Mr. Wren's leadership, Omnicom both strengthened its balance sheet and returned a significant amount of capital to our stockholders, including approximately \$1.5 billion in dividends and share repurchases, net of proceeds from stock plans, during 2014. Over the past ten years under Mr. Wren's leadership, the Company has doubled its revenues and net income while returning over 100% of its cumulative net income during that period to Omnicom shareholders in the form of dividends and share repurchases. Since becoming Chief Executive Officer, Mr. Wren has built and led a management team under whose stewardship Omnicom has averaged an annual return on equity of greater than 25%.

Philip J. Angelastro. Mr. Angelastro provided key leadership and financial management for our Company. He managed the Company's capital and liquidity, oversaw the management of risk and the strengthening of the Company's balance sheet. He also supervised the enhancement of Omnicom's financial planning and analysis process and helped to drive Omnicom's margins. Working with Mr. Wren and our senior network management teams, Mr. Angelastro continued to improve our working capital management programs, an important effort in maintaining Omnicom's overall financial performance. Mr. Angelastro prioritized the development of the skills of our finance and operating personnel and implemented programs for their ongoing professional development. He oversaw the Company's efforts in the areas of corporate ethics, enterprise risk management and global corporate social responsibility. In addition, during 2014, Mr. Angelastro continued to effectively manage the Company's financial reporting function and the preparation of all filings and communications with the SEC as well as its efforts to define and implement accounting policies and procedures for all Omnicom companies. Mr. Angelastro also managed Omnicom's global income tax function, its Sarbanes Oxley compliance activities, as well as its U.S. health and welfare and retirement plans.

Dennis E. Hewitt. Mr. Hewitt successfully supported the Chief Financial Officer in developing and maintaining our overall capital structure, which includes public debt offerings, revolving credit facilities, commercial paper program, bank lines of credit and leasing programs. He successfully oversaw (i) global property and casualty insurance programs and related insurance activities; (ii) capital expenditure planning and administration of related leasing activity; (iii) management of global working capital performance, including client credit exposures; and (iv) conferences focusing on training and professional development. Mr. Hewitt led his department's efforts to provide global liquidity with interconnected regional treasury centers that fund operating units and daily cash requirements. He also had responsibility for managing the Company's foreign exchange exposure and derivatives. He coordinated global corporate social responsibility projects involving financial employees through Omnicom Cares. Mr. Hewitt also played a key role in developing a global information technology program to provide straight-through processing and paperless solutions.

Jonathan Nelson. As CEO of Omnicom Digital, Mr. Nelson oversees Omnicom's digital strategy, one of our fastest growing capabilities. A veteran of Omnicom since 2002, last year Mr. Nelson continued to spearhead the integration of digital capabilities across Omnicom's portfolio companies. He also successfully led the continued global development of our data and content management platforms, digital services, technical and data partnerships, and

search and programmatic media capabilities. Mr. Nelson also takes a leading role in the recruitment of talent for our digital services and in mergers and acquisitions in the digital landscape. Mr. Nelson is widely recognized as an industry thought leader, appearing in print in The New York Times, USA Today, Forbes, Newsweek, and Ad Week and on television on CNN, CNBC, and MSNBC.

Michael J. O'Brien. Mr. O'Brien successfully led the Company's worldwide legal team, managed legal services provided to the Company, and monitored the Company's compliance with all applicable laws, rules and regulations around the world. He played a lead role in setting priorities and agendas for the Company's Board of

Directors and its Committees, providing them with advice on corporate governance developments and best practices, as well as legal risks and requirements. He continued to oversee the implementation of several important corporate governance initiatives. Mr. O'Brien was instrumental to the implementation of initiatives to increase diversity throughout the Company. He played a key role in (i) structuring, implementing and managing compensation and benefits programs; (ii) protecting the Company's intellectual property; (iii) overseeing legal aspects of the Company's acquisition and financing activities; and (iv) managing the governance of the Company's many legal entities. In addition, Mr. O'Brien managed the Company's litigation matters and developed effective litigation strategies.

IV. Compensation Committee Discretion.

In recognition of the significant contributions Omnicom employees made to our strong performance in 2014, at management's request the Compensation Committee agreed that it was prudent for the Committee to exercise negative discretion to reduce the amount of the bonuses paid to Messrs. Wren and Hewitt and to reallocate the funds to the general incentive compensation pool. In light of Mr. Angelastro's promotion to Executive Vice President and Chief Financial Officer and Messrs. and Nelson and O'Brien's extraordinary efforts in carrying out their responsibilities in 2014, the Compensation Committee and management agreed that it was prudent for the Compensation Committee to exercise discretion to increase the incentive compensation award to Messrs. Angelastro, Nelson and O'Brien. The amount of the incentive awards paid to the named executive officers for performance in 2014 is set forth in the Summary Compensation Table for 2014 on page 26. The amounts actually awarded can be compared to target and maximum incentive award amounts in the Grants of Plan-Based Awards Table on page 27.

IV. Annual Performance-Based Compensation Award

The amount of the incentive awards paid to the named executive officers for performance in 2014 is set forth in the Summary Compensation Table for 2014 on page 26. The amounts actually awarded can be compared to target and maximum incentive award amounts in the Grants of Plan-Based Awards Table on page 27.

The table below shows the aggregate NEO incentive awards for performance in 2014. A portion of each NEO's incentive award was paid in cash and a portion was paid in PRSUs or restricted stock units, as described below:

<u>Name</u>	Target Incentive Compensation	Performance Weighted Score	Peer Weighted Score	Qualitative Score	Combined Score	Discretion	Total Cash Incentive Compensation	Total Equity Incentive Compensation
John Wren	\$16,000,000	69.7%	59.2%	20%	148.9%	\$(923,770)	\$12,595,000	\$10,305,000
Philip Angelastro	\$1,850,000	69.7%	59.2%	20%	148.9%	\$1,745,377	\$2,250,000	\$2,250,000
Dennis Hewitt	\$800,000	69.7%	59.2%	20%	148.9%	\$(241,189)	\$475,000	\$475,000
Jonathan Nelson	\$1,700,000	69.7%	59.2%	20%	148.9%	\$68,700	\$1,820,000	\$780,000
Michael O'Brien	\$1,050,000	69.7%	59.2%	20%	148.9%	\$536,565	\$1,050,000	\$1,050,000

Performance Restricted Stock Unit Award and Restricted Stock Units: For each NEO, the Compensation Committee paid a portion of the variable year-end incentive award for performance in 2014 in PRSUs or restricted stock units. The maximum number of PRSUs or restricted stock units that each NEO is eligible to receive under this award is equal to the dollar value of the equity portion of the 2014 incentive award set forth in the Summary Compensation Table below, divided by the closing price of our common stock on April 1, 2015, the date the PRSUs or restricted stock units were awarded (\$77.68). The target number of PRSUs is equal to 50% of the maximum (the "Target PRSU Award"). The Target PRSU Award amount for Messrs. Wren and Angelastro and the restricted stock unit

award amounts granted to the other NEOs is as follows:

<u>Name</u>	Target PRSU Award	Restricted Stock Unit Award
John Wren	66,330	
Philip Angelastro	14,483	
Dennis Hewitt		6,115
Jonathan Nelson		10,042
Michael O'Brien		13,517

With respect to the PRSUs, in 2018 our average return on equity over calendar years 2015, 2016 and 2017 will be compared to the average return on equity for each of WPP plc, Publicis, Interpublic Group of Companies and Havas SA for the same three-year period and Omnicom's rank amongst these competitors will be determined. The total number of PRSUs to be distributed will be determined by applying the PRSU Multiplier below to the Target PRSU Award:

<u>Omnicom Rank</u>	<u>PRSU Multiplier</u>
1-2	2.00
3	1.33
4	0.67
5	0.00

The Compensation Committee believes return on equity provides a consistent and comprehensive measure to assess Omnicom's relative performance. The Compensation Committee believes using return on equity as the single performance measure achieves clear and simple peer group comparison, and serves as a comprehensive means to evaluate various financial metrics. In addition, return on equity is a measure directly tied to the return to our common shareholders over time.

In the event Mr. Wren or Angelastro terminates on or prior to December 31, 2017, he will remain eligible to vest in one-third of the maximum number of PRSUs for each December 31st he is employed between April 1, 2015 and December 31, 2017 and such shares will be distributed in 2018 based on Omnicom's relative return on equity performance. Dividend equivalents will be reserved on the maximum number of PRSUs to which the executive is entitled at such times as dividends are paid to stockholders of Omnicom. At the time the PRSUs vest, the dividend equivalent payments that have accumulated will be paid in cash. Vesting of the PRSUs and distribution of shares underlying the PRSUs will be accelerated in the event of death or termination due to disability. In addition, if the PRSUs are not assumed or substituted by an acquirer in a change in control, then they will become fully vested and non-forfeitable.

One-fifth of each award of restricted stock units is eligible to vest on each anniversary of the grant date and each restricted stock unit represents the right to receive one share of our common stock upon vesting. Vesting of the restricted stock units and distribution of shares underlying the restricted stock units will be accelerated in the event of death or termination due to disability. In addition, if the restricted stock units are not assumed or substituted by an acquirer in a change in control, then they will become fully vested and non-forfeitable.

The Compensation Committee believes that the vesting provisions in the PRSUs and the restricted stock units motivate executives to make decisions that focus on the long-term, sustainable growth of our Company, increasing shareholder value as a result.

Other Arrangements, Policies and Practices Related to Our Executive Compensation Program

Executive Stock Ownership Guidelines. We have adopted Executive Stock Ownership Guidelines that require our President and Chief Executive Officer and Chief Financial Officer to hold shares of Omnicom common stock with a value equal to the specified multiples of base salary indicated below. These guidelines ensure that they build and maintain a long-term ownership stake in Omnicom's stock that will align their financial interests with the interests of

the Company's shareholders. The applicable guidelines for Messrs. Wren and Angelastro are as follows:

<u>Position of Executive Officer</u>	Ownership Target Multiple of Salary
President and Chief Executive Officer of Omnicom	6 x Annual Base Salary
Chief Financial Officer of Omnicom	3 x Annual Base Salary

The guidelines were adopted in the first quarter of 2010 and the executives have five years from the date of the adoption of the guidelines or from the date of their appointment to attain the ownership levels. For purposes of the guidelines, the value of an executive's stock ownership includes all shares of the Company's common stock owned by the executive outright (inclusive of unvested equity awards such as restricted shares and PRSUs) or held in trust for the executive and his or her immediate family, plus the executive's vested deferred stock and allocated shares of the Company's common stock in employee plans. As of December 31, 2014, both Messrs. Wren and Angelastro were in compliance with the guidelines.

Compensation Forfeiture/Clawback Policy. Our Board has adopted an Executive Compensation Clawback Policy covering compensation paid with respect to any period beginning on or after January 1, 2010, to certain of our officers, including our named executive officers. Under this policy, in the event a material restatement of our financial statements is caused by a fraudulent or intentionally illegal act of one of our officers, the non-management members of the Executive Committee of our Board (the “Clawback Committee”) will review the annual performance-based cash bonus paid and any performance-based equity awards granted to such officer with respect to the period covered by the restatement. If the Clawback Committee determines that the amount of such awards would have been lower had they been determined based on such restated financial statements, it may seek to recover the after-tax portion of the difference, including, with respect to equity awards, any gain realized on the sale of any such shares.

Equity Compensation Policies. Omnicom has adopted a policy regarding grants of equity awards, which provides, among other things, that grants of equity awards to non-employee members of the Board shall be approved by the full Board and any other grants must be approved by the Compensation Committee. With limited exception, the grant date of any equity award will be the date of the Board or Committee meeting at which the award is approved and the exercise price, if applicable, will be no less than the closing price of Omnicom’s common stock on such date.

SERCR Plan and Executive Salary Continuation Plan Agreements

Omnicom has entered into Award Agreements with Messrs. Wren, Weisenburger and Angelastro pursuant to the Senior Executive Restrictive Covenant and Retention Plan, which was adopted in December 2006 (the “SERCR Plan”) and an Executive Salary Continuation Plan Agreement with Messrs. Hewitt and Nelson. These arrangements are discussed in greater detail in the section below entitled “Potential Payments Upon Termination of Employment or Change in Control.”

Participation in the SERCR Plan was determined to be offered to participating named executive officers by the Compensation Committee based on the value of the benefit provided to Omnicom through the restrictive covenants contained in the SERCR Plan, as a retention mechanism to seek to secure the services of the participating named executive officers by providing post-employment benefits, subject to a minimum period of employment and based on the Compensation Committee’s analysis of the future financial impact of various termination payout scenarios on each of these recipients and on Omnicom. In making the decision to extend these benefits, the Compensation Committee relied on the advice of its independent compensation consultant, Cook & Co., that the program is representative of market practice, both in terms of design and cost. Amounts payable to each of Messrs. Hewitt and Nelson under their Executive Salary Continuation Plan Agreements are based on past company practice and are in consideration for the covenants to consult and not to compete during the service period of the agreement. The Compensation Committee believes that these benefits are essential in helping Omnicom fulfill its objectives of attracting and retaining key executive talent.

Deferred Restricted Stock and Restricted Stock Unit Plans. Each of our named executive officers was eligible to defer, at his election, some or all of the shares of restricted stock and restricted stock units that otherwise would have vested. No NEO made such an election in 2014. Balance and payment information with respect to prior elections is reflected in the Nonqualified Deferred Compensation Table on page 29 below. Omnicom pays participants an amount equal to the cash dividends that would have been paid on the shares or units in the absence of a deferral election, subject to the participant’s employment with Omnicom on the record date of such dividends.

Policy Regarding Death Benefits. On February 10, 2011, Omnicom’s Board of Directors adopted a policy regarding death benefits, which provides, among other things, that shareholder approval is required for any future compensation arrangements that would require the Company to make payments, grants or awards following the death of a named executive officer in the form of unearned salary or bonuses, accelerated vesting or the continuation in

force of unvested equity grants, awards of ungranted equity or perquisites. The policy would not apply to payments, grants or awards of the sort offered to other Company employees and does not apply to arrangements existing at the time the policy was adopted.

Policy Statement Regarding Hedging. In February 2013, Omnicom's Board of Directors adopted a policy statement regarding hedging, which provides, in general, that no director, NEO or network chief executive officer (network CEO) may purchase any financial instrument designed to hedge or offset any decrease in the market value of equity securities of the Company.

Benefits and Perquisites

Retirement Savings Plan. Omnicom sponsors the Omnicom Group Retirement Savings Plan, which is a tax-qualified defined contribution plan. All employees who meet the Plan's eligibility requirements may elect to participate in the 401(k) feature of the Plan and may also receive a discretionary company profit sharing contribution after the end of the Plan year based on the Plan's provisions.

Insurance. In 2014, Omnicom paid employer premiums for life insurance for Messrs. Wren, Weisenburger and O'Brien.

Other perquisites. We procure aircraft usage from an unrelated third-party vendor. In some instances, Omnicom makes available to the named executive officers personal use of corporate aircraft hours. The dollar amount reported in the Summary Compensation Table for personal use of aircraft hours reflects the aggregate incremental cost to Omnicom, based on payments we make which are equal to the vendor's hourly charge for such use and landing fees, minus the amount Omnicom is reimbursed by the executive for his use on the aircraft. Each executive reimburses Omnicom for at least the amount calculated based on the Standard Industry Fare Level (SIFL) tables prescribed under IRS regulations promptly after the cost of the flight is incurred. Additional perquisites and benefits are set forth in the notes to the Summary Compensation Table for 2014 on page 26.

Accounting and Tax Considerations

IRC Section 162(m)

Section 162(m) limits the tax deduction for compensation in excess of \$1 million paid in any one year to its Chief Executive Officer and certain other executive officers unless the compensation is "qualified performance-based compensation." Payments of bonuses will constitute "qualified performance-based compensation" under the provisions of Section 162(m) if payable on account of the attainment of one or more pre-established, objective performance goals and if certain requirements are met. Omnicom's Incentive Bonus Plan and Omnicom Group Inc. 2013 Incentive Award Plan (the "2013 Plan") were each approved by its shareholders pursuant to the requirements of Section 162(m) and Omnicom typically intends for awards earned under these plans to qualify for tax deduction. However, the Compensation Committee reserves the right to pay Omnicom's employees, including participants in the Incentive Bonus Plan, other amounts which may or may not be deductible under Section 162(m) or other provisions of the Internal Revenue Code.

The Compensation Committee considers the anticipated tax treatment to Omnicom in its review and establishment of compensation programs and awards. The Compensation Committee intends to continue to consider the deductibility of compensation as a factor in assessing whether a particular arrangement is appropriate given the goals of maintaining a competitive executive compensation system generally, motivating executives to achieve corporate performance objectives and increasing shareholder value.

Accounting for Share-Based Compensation

Omnicom accounts for share-based compensation including its restricted stock, restricted stock units and stock option awards in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718 ("ASC Topic 718"), Compensation — Stock Compensation.

Compensation Committee Report

The Compensation Committee, which is comprised solely of independent members of the Board, has reviewed the “Compensation Discussion and Analysis” and discussed the analysis with management. Based on its review and discussions with management, the Compensation Committee recommended to the Board that the “Compensation Discussion and Analysis” be included in this Proxy Statement and incorporated by reference in Omnicom’s 2014 10-K filed with the SEC on February 10, 2015.

- (1) Represents discretionary bonuses paid as a result of promotion or extraordinary performance in 2014 as further described above in the section entitled “Executive Compensation: Compensation Discussion and Analysis.” All amounts reported are amounts paid pursuant to one of Omnicom’s annual bonus programs. The equity portion of the award reported above represents the maximum amount that may be paid in performance restricted stock units (RSUs) or restricted stock units, as determined on the date of the award. The target amount that may be paid in such RSUs, as determined on the date of the award, is \$5,152,500 for Mr. Wren and \$1,125,000 for Mr. Angelastro.
- (2) The dollar amounts shown for RSUs and restricted stock units are converted into shares of our common stock on the date of the award and the ultimate value received by the NEO will depend on the vesting of the awards and the value of our common stock. The RSUs and restricted stock units are further described above in the section entitled “Executive Compensation: Compensation Discussion and Analysis.”
- (3) All Other Compensation consists of each of the following:

Perquisites and other personal benefits where the total value of all perquisites and personal benefits for a named executive officer exceeds \$10,000 per year. Perquisites and other personal benefits are valued based on the aggregate incremental cost to Omnicom.

The total perquisites and other personal benefits include: for Mr. Wren, personal use of aircraft hours (\$82,751), an auto allowance (\$9,120), a medical allowance (\$4,000) and a “years of service” award (\$5,000); for Mr. Angelastro, an auto allowance (\$7,200); for Mr. Weisenburger, personal use of aircraft hours (\$228,586) and an auto allowance (\$7,980); for Mr. Hewitt, an auto allowance (\$7,200) and a medical allowance (\$4,000); and for Mr. Nelson, a “years of service” award (\$5,000).

Employer contributions to one or more retirement savings plans for Mr. Wren (\$7,800), Mr. Angelastro (\$7,800), Mr. Weisenburger (\$7,800), Mr. Hewitt (\$7,800), Mr. Nelson (\$7,800) and Mr. O’Brien (\$7,800).

Employer premium payments for life insurance for Mr. Wren (\$6,026), Mr. Weisenburger (\$3,341), Mr. Hewitt (\$10,777) and Mr. O’Brien (\$2,798).

These columns show the potential value of the payout for each named executive officer under our annual bonus programs at threshold, target and maximum levels. The potential payouts were performance-driven and therefore (1) entirely at risk. The business measurements and performance criteria for determining the payout are described in the section entitled "Compensation Discussion and Analysis" on page 12. Awards paid for performance in 2014 are reflected in the Summary Compensation Table for 2014 on page 26.

Outstanding Equity Awards at 2014 Year-End

The following table provides information on the holdings of stock options and unvested stock awards by the named executive officers as of December 31, 2014. For additional information about the options awards and stock awards, see the description of equity incentive compensation in the section entitled "Compensation Discussion and Analysis" on page 12.

(1)The vesting dates of stock awards disclosed in this column are as follows:

•Mr. Wren: 6,139 PRSUs are scheduled to vest in each of April, 2015 and 2016.

•Mr. Angelastro: 819 PRSUs are scheduled to vest in each of April, 2015 and 2016. 5,000 restricted stock units vested on January 15, 2015 and 5,000 restricted stock units are scheduled to vest on each of January 15, 2016 and 2017.

•Mr. Hewitt: 3,000 shares are scheduled to vest on June 30, 2015. 409 performance stock units are scheduled to vest in April, 2015 and 410 PRSUs are scheduled to vest in April, 2016.

(footnotes continued on following page)

Mr. Nelson: 800 shares are scheduled to vest on each of June 30, 2015 and 2016. 4,000 shares vested on January 15, 2015 and 4,000 shares are scheduled to vest on each of January 15, 2016 and 2017. 667 restricted stock units are scheduled to vest on each of July 15, 2015, 2016, 2017 and 2018. 2,000 restricted stock units are scheduled to vest on each of July 15, 2015, 2016, 2017 and 2018.

Mr. O'Brien: 1,264 restricted stock units are scheduled to vest on March 29, 2015. 512 PRSUs are scheduled to vest in each of April, 2015 and 2016.

(2) The market value of stock awards was determined by multiplying the number of unvested shares by \$77.47, the closing price of Omnicom common stock on December 31, 2014.

The PRSUs are scheduled to vest at the times indicated below. The actual number of PRSUs stock units that will vest depends on our relative average return on equity for the three-year period ending December 31, 2014, (3) December 31, 2015, and December 31, 2016, respectively, compared to a pre-established peer group. For purposes of the table, we have assumed that the maximum level of performance will be achieved for each award.

Mr. Wren: 6,139 PRSUs are scheduled to vest in each of April, 2015 and 2016. 87,070 PRSUs are scheduled to vest in calendar year 2015. 90,044 PRSUs are scheduled to vest in calendar year 2016. 96,830 PRSUs are scheduled to vest in calendar year 2017.

Mr. Angelastro: 818 PRSUs are scheduled to vest in each of April, 2015 and 2016. 15,484 PRSUs are scheduled to vest in calendar year 2016. 14,281 PRSUs are scheduled to vest in calendar year 2017.

Mr. Weisenburger: 60,212 PRSUs are scheduled to vest in calendar year 2015. 41,514 PRSUs are scheduled to vest in calendar year 2016. 20,675 PRSUs are scheduled to vest in calendar year 2017.

Mr. Hewitt: 410 PRSUs are scheduled to vest in April, 2015 and 409 PRSUs are scheduled to vest in April, 2016. 8,112 PRSUs are scheduled to vest in calendar year 2015. 6,866 PRSUs are scheduled to vest in calendar year 2016. 6,176 PRSUs are scheduled to vest in calendar year 2017.

Mr. O'Brien: 511 PRSUs are scheduled to vest in April, 2015 and 512 PRSUs are scheduled to vest in April, 2016. 11,032 PRSUs are scheduled to vest in calendar year 2015. 9,336 PRSUs are scheduled to vest in calendar year 2016. 9,302 PRSUs are scheduled to vest in calendar year 2017.

Option Exercises and Stock Vested in 2014

The following table provides information for the named executive officers on (a) stock option exercises during 2014, including the number of shares acquired upon exercise and the value realized, and (b) the number of shares acquired upon the vesting of stock awards in the form of restricted stock, restricted stock units or performance restricted stock units and the value realized, each before payment of any applicable withholding tax and broker commissions.

(1) The reported dollar values are calculated by multiplying the number of shares subject to vesting by the closing price of Omnicom common stock on the vesting date.

Nonqualified Deferred Compensation in 2014

Certain of Omnicom's employees were, in prior years, eligible to defer some or all of the shares of their restricted stock and restricted stock units that may vest in a given year. For additional information about the deferral plans pursuant to which these elections were made, see the description of deferred compensation in the section entitled "Compensation Discussion and Analysis" on page 12.

The table below provides information on the non-qualified deferred compensation of the named executive officers in 2014, which consisted only of the deferral of shares of restricted stock or restricted stock units under Omnicom's Restricted Stock and Restricted Stock Unit Deferred Compensation Plans.

Reflects earnings on deferred shares. Earnings on deferred shares are calculated based on the total number of deferred shares in the account as of December 31, 2014 multiplied by the Omnicom closing stock price as of (1) December 31, 2014, less the total number of such deferred shares multiplied by the Omnicom closing stock price as of December 31, 2013.

Potential Payments Upon Termination of Employment or Change in Control

The named executive officers may be entitled to payments upon termination of employment or in connection with a change in control of Omnicom. The table below sets forth the potential payments that each named executive officer may receive upon termination of employment or change in control of Omnicom under various scenarios as of December 31, 2014. Except for the arrangements described below, none of the named executive officers have entered into any plans, arrangements or agreements with Omnicom providing for payments upon termination of employment or change in control of Omnicom, other than payments generally available to all salaried employees that do not discriminate in scope, terms or operation in favor of the executive officers of Omnicom.

The SERCR Plan

Omnicom adopted the SERCR Plan in 2006, and Messrs. Wren, Angelastro and Weisenburger participate. The SERCR Plan is unique in its structure and objectives. It is intended to provide security to Omnicom through the restrictive covenants described below while delivering a valuable benefit to executives in the form of post-termination compensation.

Restrictive Covenants and Consulting Obligation

In consideration for annual benefits under the SERCR Plan, participating executives are subject to restrictions on competition, solicitation, disparagement, and other willful actions that may materially harm Omnicom, from the date of termination of employment through the end of the calendar year in which they receive their last annual benefits payment. In addition, prior to age 55 the participating executives agree to serve as advisors or consultants to Omnicom during the post-employment period, subject to certain limitations.

Annual Benefits

The SERCR Plan provides annual benefits to participating executives upon their termination of employment after they render seven years of service to Omnicom or its subsidiaries, unless termination is for "Cause." "Cause" is generally defined for this purpose as the executive having been convicted of (or having entered a plea bargain or settlement admitting guilt for) any felony committed in the execution of and while performing his duties as an executive officer, an act of fraud or embezzlement against Omnicom, as a result of which continued employment would have a material adverse impact on Omnicom, or having been the subject of any order, judicial or administrative, obtained or issued by the SEC, for any securities violation involving a

material and willful act of fraud. Subject to compliance with the SERCR Plan's restrictive covenants and consulting obligation, the annual benefit is payable for 15 years following termination, and is equal to the lesser of (a) the product of (i) the average of the executive's three highest years of total pay (base salary plus bonus and other incentive compensation), and (ii) a percentage equal to 5% plus 2% for every year of the executive's service as an executive officer to Omnicom, not to exceed 35% and (b) \$1.5 million, subject to an annual cost-of-living adjustment beginning with the second annual payment. Payment of this annual benefit begins on the later of (a) attainment of age 55, or (b) the year following the calendar year in which the termination of employment occurred, with certain exceptions. In the event of death subsequent to satisfaction of the seven-year service requirement, beneficiaries of the executive are entitled to the annual benefit payments. No annual benefit is payable if the executive is terminated by Omnicom for Cause.

The Executive Salary Continuation Plan Agreement

Omnicom has entered into Executive Salary Continuation Plan Agreements with Messrs. Hewitt and Nelson pursuant to which Omnicom agreed to make annual payments for up to a maximum of 10 years after termination of full time employment, unless termination is for "Cause," in consideration for their agreement to consult and not to compete during the payment period. "Cause" is generally defined for this purpose as willful malfeasance, such as breach of trust, fraud or dishonesty. Based on Messrs. Hewitt and Nelson's ages and years of service with Omnicom or its subsidiaries, as of December 31, 2014, their payment periods were the 10-year maximum for Mr. Hewitt and six years for Mr. Nelson.

Annual Payments under the Executive Salary Continuation Plan Agreement

Following termination and subject to compliance with the consulting obligation and agreement not to compete, the participating executives are entitled to receive annual payments, beginning in the year described below, for the duration of the payment period. Annual payments are equal to 30% of the highest annual base salary paid to Mr. Hewitt within five years prior to termination and 50% of the highest annual base salary paid to Mr. Nelson within five years prior to termination. Annual payments are subject to there being sufficient pre-tax profits of Omnicom for the calendar year immediately prior to the year in which the participating executives are entitled to payment.

The participating executives are entitled to 100% of the annual payment amount in the event of disability. For a voluntary termination, including retirement, or a termination by Omnicom without Cause, Mr. Hewitt is entitled to 100% of the annual payment amount since he has completed more than 20 years of service and Mr. Nelson is entitled to 60% of the annual payment amount since he has completed fewer than 20 years of service. Mr. Nelson's reduced entitlement is calculated by dividing the 12 years of service he completed as of December 31, 2014 by 20. In the event of death, beneficiaries of the participating executives are entitled to 75% of the annual payment amount. The participating executives are not entitled to any annual payment if they are terminated by Omnicom for Cause.

Consulting Obligation and Certain Restrictive Covenants

The participating executives agree to serve as advisors or consultants to Omnicom during the payment period, subject to certain limitations. In addition, they will be subject to restrictions on competition and other willful actions harming Omnicom, from the date of termination through the end of the payment period.

The Incentive Bonus Plan

Each of the named executive officers, other than Mr. Nelson, participated in our Incentive Bonus Plan in fiscal year 2014. The Incentive Bonus Plan provides performance-based bonuses to participants, based upon specific

performance criteria, discussed above in the section entitled “Compensation Discussion and Analysis” on page 12, during each performance period. If a participant in the Incentive Bonus Plan experiences a termination of employment for any reason prior to the end of a performance period or the bonus payment date for such performance period, he is not entitled to any payment, but the Compensation Committee has discretion (a) to determine whether the participant will receive any bonus, (b) to determine whether the participant will receive a pro-rated bonus reflecting that portion of the performance period in which the participant had been employed by Omnicom, and (c) to make such other arrangements as the Compensation Committee deems appropriate in connection with the participant’s termination of employment.

Executive Life Insurance Coverage

Omnicom provides life insurance coverage to its employees. Certain of the named executive officers participate in company-sponsored executive life insurance programs that provide them with a higher coverage amount than they would otherwise be eligible for as employees. This coverage is in lieu of the coverage provided to employees generally. Specifically, Messrs. Wren and O'Brien are provided, and Mr. Weisenburger was provided prior to his departure, with life insurance policies for which Omnicom pays the premiums. In the event of termination of employment due to death on December 31, 2014, these named executive officers would each be entitled to a life insurance benefit in the amount of \$1,000,000 paid by MassMutual. This amount is \$250,000 higher than each would be eligible for under the program covering employees generally.

Acceleration of Equity Awards

Messrs. Wren, Angelastro, Hewitt and O'Brien hold unvested performance restricted stock units. Messrs. Angelastro, Nelson and O'Brien hold unvested restricted stock units and Messrs. Hewitt and Nelson hold unvested restricted stock that generally vests based on continued employment and the passage of time. As specified below, such named executive officers are entitled to accelerated vesting (a) on a pro rata basis upon termination of employment due to disability, and (b) upon death.

No equity awards held by our named executive officers have single trigger or double trigger acceleration in connection with a change in control. However, if restricted stock, restricted stock units and PRSUs held by our named executive officers or other employees are not assumed or substituted by an acquirer in connection with a change in control of Omnicom, they fully vest.

If a named executive officer retires, voluntarily terminates or is terminated by Omnicom, with or without cause, all restricted stock, restricted stock units and PRSUs that have not yet vested are generally forfeited or, to the extent PRSUs are partially vested based on the passage of time, they may remain subject to vesting based on the ultimate achievement of the performance goals.

Potential Payments Upon Termination of Employment or Change in Control Table

The following table provides the potential payments that each named executive officer may receive upon termination of employment or change in control of Omnicom, assuming that (a) such termination or change in control of Omnicom occurred on December 31, 2014, and (b) the price per share of Omnicom common stock equals \$77.47, the closing price at 2014 fiscal year end.

trigger or double trigger acceleration in connection with a change in control. If, however, an unvested equity award is not assumed or substituted in connection with a change in control, such unvested equity award vests in full.

Except in the event of a termination for Cause, Mr. Wren or his beneficiary, as the case may be, would be entitled to receive fifteen annual payments in this amount, the first of which would be payable in 2015. In the event of termination for Cause, no payments would be made. The amount reported is the payment cap set forth in the SERCR Plan as in effect on December 31, 2014, such amount being subject to an annual cost-of-living adjustment beginning with the second annual payment. All payment obligations are conditioned upon compliance with the restrictive covenants described above.

The value of restricted stock, restricted stock units and PRSUs was determined by taking the aggregate fair market value of the shares of restricted stock (or the shares underlying restricted stock units and PRSUs) subject to accelerated vesting as of December 31, 2014. The value of PRSUs assumes achievement of the highest performance target and therefore the actual value could be lower than the amount disclosed. Amounts shown do not include unvested PRSUs which are considered earned and non-forfeitable as of December 31, 2014, but which will vest, if at all, only following the end of the applicable performance period and subject to the applicable level of actual performance during such period. For additional information, please read the discussion under the heading “Compensation Discussion and Analysis – Fiscal Year 2014 Compensation Decisions – Annual Performance-Based Compensation Award.”

Except in the event of termination due to death or disability or a termination for Cause, Mr. Angelastro would be entitled to receive fifteen annual payments in this amount, the first of which would be payable in 2019 upon Mr. Angelastro turning 55. In the event of termination due to death or disability, Mr. Angelastro or his beneficiary, as the case may be, would be entitled to receive fifteen annual payments in this amount, the first of which would be payable in 2015. In the event of termination for Cause, no payments would be made. All payment obligations are conditioned upon compliance with the restrictive covenants and consulting obligation described above.

Mr. Weisenburger terminated on December 31, 2014 and is entitled to receive fifteen annual payments in this amount, the first of which is payable in 2015. The amount reported is the payment cap set forth in the SERCR Plan as in effect on December 31, 2014, such amount being subject to an annual cost-of-living adjustment beginning with the second annual payment. All payment obligations are conditioned upon compliance with the restrictive covenants described above.

Mr. Weisenburger terminated on December 31, 2014 and was not entitled to accelerated vesting of equity awards.

This reflects 75% of Mr. Hewitt’s \$118,500 annual payment, payable to his designated beneficiary. Ten annual payments in this amount would be paid to such beneficiary, with the first payment being made in 2015.

This reflects 30% of the highest annual rate of salary paid to Mr. Hewitt in the five years preceding December 31, 2014. Ten annual payments would be made in this amount, with the first payment being made in 2016. All payment obligations are conditioned upon compliance with the consulting obligation and agreement not to compete described above.

This reflects 75% of Mr. Nelson’s \$385,442 annual payment, payable to his designated beneficiary. Six annual payments in this amount would be paid to such beneficiary, with the first payment being made in 2015.

This reflects 50% of the highest annual rate of salary paid to Mr. Nelson in the five years preceding December 31, 2014. Six annual payments would be made in this amount, with the first payment being made in 2016. All payment obligations are conditioned upon compliance with the consulting obligation and agreement not to compete described above.

This reflects 60% of Mr. Nelson’s \$385,442 annual payment and has been reduced as described above because Mr. Nelson has not yet completed 20 years of service. Six annual payments would be made in this amount, with the first payment being made in 2016. All payment obligations are conditioned upon compliance with the consulting obligation and agreement not to compete described above.

DIRECTORS' COMPENSATION FOR FISCAL 2014

Directors who are also current or former employees of Omnicom or its subsidiaries receive no compensation for serving as directors. The compensation program for directors who are not current or former employees of Omnicom or its subsidiaries is designed to compensate directors in a manner that reflects the work required for a company of Omnicom's size and composition and to align directors' interests with the long-term interests of shareholders. The table below includes the following compensation elements with respect to non-employee directors:

Annual Compensation. Non-employee directors are paid a cash annual retainer of \$75,000 and \$2,000 for attendance at each Board or Committee meeting. In addition, directors receive reimbursement for customary travel expenses.

In accordance with our 2013 Plan, and our Director Compensation and Deferred Stock Program adopted by our Board on December 4, 2008, non-employee directors also receive fully-vested common stock each fiscal quarter. For each of the four quarters in 2014, such directors received common stock with a fair value of \$31,250 based on the per share closing price of our common stock on the date prior to grant.

Our Director Compensation and Deferred Stock Program and 2013 Plan provide that each director may elect to receive all or a portion of his or her cash director compensation for the following year's service in common stock. Messrs. Henning and Murphy and Ms. Choksi each elected to receive all or a portion of their respective 2014 cash director compensation in common stock.

Directors may also elect to defer any common shares payable to them, which will be credited to a bookkeeping account in the directors' names. These elections must be made prior to the start of the calendar year for which the fees would be payable. The number of shares of common stock delivered or credited to a director's account is based on the fair market value of our common stock on the first trading day immediately preceding the date the fees would have been paid to the director. Each director other than Mses. Denison and Johnson Rice and Mr. Roubos elected to defer all of the common shares payable to them in 2014. Mrs. Johnson Rice elected to defer 50% of the common shares payable to her in 2014.

Chairman Fees. The Chairs of our Committees receive the following additional annual fees in cash due to the workload and the additional responsibilities of their positions. The Chairs of our Audit and Compensation Committees receive an additional fee of \$20,000 each year. The Chairs of our Finance, Governance and Executive Committees each receive an additional fee of \$10,000 each year, as long as such Chair is not also an executive of Omnicom. In 2014, the Chair of the Finance Committee, who is an executive officer of Omnicom, did not receive the \$10,000 fee.

Bruce Crawford is an executive officer of Omnicom and does not receive director compensation. In fiscal year (1) 2014, Mr. Crawford received a base salary of \$400,000 and a personal use of aircraft hours perquisite with an aggregate incremental cost to Omnicom of \$117,107.

This column reports the amount of cash compensation earned in 2014 for Board and Committee service. The (2) amounts shown include the following amounts, which Messrs. Henning and Murphy and Ms. Choksi elected to receive in common stock: Mr. Henning: \$75,000; Mr. Murphy: \$37,500; and Ms. Choksi: \$75,000.

(footnotes continued on following page)

The amount reported in the “Stock Awards” column for each director reflects the aggregate grant date fair value of the stock granted in 2014, computed in accordance with FASB ASC Topic 718. For a discussion of the (3) assumptions used to calculate the fair value of stock awards, refer to notes 2 and 10 to the consolidated financial statements contained in our 2014 10-K. The fair market value for each quarterly stock award was \$31,250 for each individual reported in the table above.

No Other Compensation. Directors received no compensation in 2014 other than that described above. We do not have a retirement plan for directors and they receive no pension benefits.

Stock Ownership Requirement. The Board adopted stock ownership guidelines for our directors in 2004. The director guidelines provide, in general, that our directors must own Omnicom stock equal to or greater than five times their annual cash retainer within five years of their joining the Board. As of December 31, 2014, each member of our Board was in compliance.

EQUITY COMPENSATION PLANS

Our principal equity plan for employees is our 2013 Plan, which was approved by shareholders at our 2013 Annual Meeting of Shareholders and replaced all of our prior equity incentive plans. The Compensation Committee's independent compensation consultant, Cook & Co., provided analysis and input on the 2013 Plan. As a result of the adoption of the 2013 Plan, no new awards may be made under any of Omnicom's prior equity plans. Outstanding equity awards under prior plans, however, were not affected by the adoption of our 2013 Plan.

The purpose of the 2013 Plan is to promote the success and enhance the value of Omnicom by continuing to link the personal interest of participants to those of Omnicom shareholders and by providing participants with an incentive for outstanding performance to generate superior returns to Omnicom shareholders. The 2013 Plan provides for the grant of stock options (both incentive stock options and nonqualified stock options), restricted stock, stock appreciation rights, performance shares, performance stock units, dividend equivalents, stock payments, deferred stock, and restricted stock units.

Persons eligible to participate in the 2013 Plan include all employees and consultants of Omnicom and its subsidiaries, members of our Board or, as applicable, members of the board of directors of a subsidiary, as determined by the committee administering the 2013 Plan (the "IAP Committee"). The IAP Committee is appointed by our Board, and currently is comprised of the members of our Compensation Committee. With respect to awards to independent directors, Omnicom's Board administers the 2013 Plan.

All of our current equity compensation plans have been approved by shareholders. The following table provides information about our current equity compensation plans as of December 31, 2014.

<u>Plan Category</u>	Number of securities to be issued upon exercise of outstanding options, warrants and rights (#)	Weighted-average exercise price of outstanding options, warrants and rights (\$/shr)	Number of securities remaining available for future issuance (#)
Equity compensation plans approved by security holders: 2013 Incentive Award Plan and previously adopted equity incentive plans (other than our ESPP)	1,652,140	\$ 27.97	32,671,988 (1)
Equity compensation plans approved by security holders: ESPP Shares	—	—	9,078,083 (2)
Equity compensation plans not approved by security holders	—	—	—
Total	1,652,140	\$ 27.97	41,750,071

(1) The maximum number of shares that may be issued under our 2013 Plan pursuant to awards granted after December 31, 2012 is 33,040,000. This number is subject to upward adjustment since awards granted under previously adopted plans ("Prior Plans") that are forfeited or expire may be used again under the 2013 Plan. Any share of common stock that is subject to an option or stock appreciation right granted from our 2013 Plan is

counted against this limit as one share of common stock for every one share of common stock granted. Any share of common stock that is subject to an award other than an option or stock appreciation right granted from the 2013 Plan is counted against this limit as 3.5 shares of common stock for every one share of common stock granted. The figure above includes 32,671,988 shares that may be issued under our 2013 Plan, which assumes that all securities available for future issuance are subject to options or stock appreciation rights. If all securities available for future issuance were subject to awards other than options or stock appreciation rights, this figure would be 9,334,854. Our 2013 Plan provides that we may no longer grant any awards under our Prior Plans. As of December 31, 2014, there were 1,652,140 stock options outstanding under our equity compensation plans (other than our ESPP) with a weighted-average exercise price of \$27.97 and a weighted-average term of 4.73 years and 5,663,500 unvested full value shares outstanding under our equity compensation plans (other than our ESPP).

(2) The ESPP is a tax-qualified plan in which all eligible full-time and part-time domestic employees may participate.

STOCK OWNERSHIP

The following table sets forth certain information as of the close of business on April 1, 2015 (except as otherwise noted), with respect to the beneficial ownership of our common stock by:

- each person known by Omnicom to own beneficially more than 5% of our outstanding common stock;
- each current director or nominee;
- each named executive officer; and
- all directors and executive officers as a group.

The amounts and percentages of shares beneficially owned are reported on the basis of SEC regulations governing the determination of beneficial ownership of securities. Under SEC rules, a person is deemed to be a “beneficial owner” of a security if that person has or shares voting power or investment power, which includes the power to dispose of or to direct the disposition of such security. A person is also deemed to be a beneficial owner of any securities of which that person has a right to acquire beneficial ownership within 60 days. Securities that can be so acquired are deemed to be outstanding for purposes of computing such person’s ownership percentage, but not for purposes of computing any other person’s percentage. Under these rules, more than one person may be deemed to be a beneficial owner of the same securities and a person may be deemed to be a beneficial owner of securities as to which such person has no economic interest. Unless otherwise indicated, the address for each individual listed below is c/o Omnicom Group Inc., 437 Madison Avenue, New York, New York 10022.

AUDIT RELATED MATTERS***Fees Paid to Independent Auditors***

The following table shows information about fees billed by KPMG LLP and affiliates for professional services, as well as all “out-of-pocket” costs incurred in connection with these services, rendered for the last two fiscal years:

	2014	Approved by Audit Committee	2013	Approved by Audit Committee
Audit Fees (1)	\$21,522,700	100%	\$20,437,200	100%
Audit-Related Fees (2)	\$1,150,000	100%	\$2,169,500	100%
Tax Fees (3)	\$852,200	100%	\$565,300	100%
All Other Fees (4)	\$—		\$—	
Total Fees	\$23,524,900		\$23,172,000	

Audit Fees consist of fees for professional services for the audit or review of our consolidated financial statements (1) and for the audit of our internal control over financial reporting or for audit services that are normally provided by independent auditors in connection with statutory and regulatory filings or engagements.

Audit-Related Fees consist of fees for assurance and related services that are reasonably related to the performance (2) of the audit or review of our consolidated financial statements and are not reported under Audit Fees, including due diligence related to mergers and acquisitions and special procedures to meet certain statutory requirements.

Tax Fees consist primarily of fees for tax compliance including the review and preparation of statutory tax returns (3) and other tax compliance related services.

All Other Fees consist of permitted services other than those that meet the criteria above and comprise fees in (4) connection with training activities.

In deciding to reappoint KPMG LLP to be our independent auditors for 2015, the Audit Committee considered KPMG LLP’s provision of services to assure that it was compatible with maintaining KPMG LLP’s independence. The Audit Committee determined that these fees were compatible with the independence of KPMG LLP as our independent auditors.

The Audit Committee has adopted a policy that requires it to pre-approve each audit and permissible non-audit service rendered by KPMG LLP except for items exempt from pre-approval requirements by applicable law. On a quarterly basis, the Audit Committee reviews and generally pre-approves specific types of services and the range of fees that may be provided by KPMG LLP without first obtaining specific pre-approval from the Audit Committee. The policy requires the specific pre-approval of all other permitted services and all other permitted services were pre-approved in 2014.

Audit Committee Report

The Audit Committee’s primary purpose is to assist the Board in carrying out its oversight responsibilities relating to Omnicom’s financial reporting. Management is responsible for the preparation, presentation and integrity of Omnicom’s financial statements, accounting and financial reporting principles and the establishment and effectiveness of internal controls and procedures designed to ensure compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for performing an independent audit of the financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States), expressing an

opinion as to the conformity of such financial statements with generally accepted accounting principles in the United States and auditing the operating effectiveness of internal control over financial reporting. The independent auditors have free access to the Audit Committee to discuss any matters they deem appropriate.

In performing its oversight role, the Audit Committee has reviewed and discussed with management Omnicom's audited 2014 financial statements as of December 31, 2014. The Audit Committee has also discussed with KPMG LLP the matters required to be discussed under all relevant professional and regulatory

standards, which included discussion of the quality of Omnicom's accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The Audit Committee has received and reviewed the written disclosures and the letter from KPMG LLP required under all relevant professional and regulatory standards, and has discussed with KPMG LLP its independence.

Based on the review and discussions referred to in this Report, the Audit Committee recommended to the Board that the audited financial statements of Omnicom for the year ended December 31, 2014 be included in its 2014 10-K.

ITEMS TO BE VOTED ON

Item 1 — Election of Directors

The current 13 members of the Board have been nominated to continue to serve as directors for another year. All of the nominees have been recommended for re-election to the Board by our Governance Committee and approved and nominated for re-election by the Board.

The Board has no reason to believe that any of the nominees would be unable or unwilling to serve if elected. If a nominee becomes unable or unwilling to accept nomination or election, the Board prior to the meeting may select a substitute nominee or undertake to locate another director after the meeting. If you have submitted a proxy and a substitute nominee is selected, your shares will be voted for the substitute nominee.

In accordance with our By-laws, directors are elected by a majority of the votes cast. That means the nominees will be elected if the number of votes cast “for” a director’s election exceeds the number of votes cast “against” such nominee. For this purpose, broker non-votes will not count as a vote cast and will have no effect on the elections of directors. Our form of proxy permits you to abstain from voting “for” or “against” a particular nominee. However, shares represented by proxies so designated will count as being present for purposes of determining a quorum but will not count as a vote cast and will have no effect on the election of directors. Such proxies may also be voted on other matters, if any, that may be properly presented at the meeting.

If an incumbent nominee is not reelected, New York law provides that the director would continue to serve on the Board as a “holdover director.” Under our By-laws and a policy adopted by the Board, such a director is required to promptly offer to tender his or her resignation to the Board. The Governance Committee of the Board then must consider whether to accept the director’s resignation and make a recommendation to the Board. The Board will then consider the resignation, and within 90 days after the date of certification of the election results, publicly disclose its decision and the reasons for its decision. A director whose resignation is under consideration may not participate in any deliberation regarding his or her resignation unless none of the directors received a majority of the votes cast. If the Board accepts a director’s resignation, the Board will then elect a replacement in accordance with the By-laws.

The Board UNANIMOUSLY recommends that shareholders vote FOR all nominees.

Item 2 — Ratification of the Appointment of Independent Auditors

In accordance with the Audit Committee's charter, the Audit Committee has appointed KPMG LLP as our independent auditors for our fiscal year ending December 31, 2015. We are submitting the selection of our independent auditors for shareholder ratification at the 2015 Annual Meeting. KPMG LLP has been our independent auditor since June 2002.

Representatives of KPMG LLP are expected to be present at the 2015 Annual Meeting, will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

The Audit Committee is not bound by the results of the vote regarding ratification of the independent auditors. If our shareholders do not ratify the selection, the Audit Committee will reconsider whether to retain KPMG LLP, but still may retain them. Even if the selection is ratified, the Audit Committee, in its discretion, may change the appointment at any time during the year if it determines that such a change would be in the best interests of Omnicom and its shareholders.

The Board UNANIMOUSLY recommends that shareholders vote FOR ratification of the appointment of KPMG LLP as our independent auditors.

Approval of this proposal requires the favorable vote of the holders of a majority of the shares voting on the proposal. Abstentions and broker non-votes will have no effect on the outcome of this proposal.

Item 3 — Advisory Vote on Executive Compensation

In accordance with the Dodd-Frank Wall Street Reform and Consumer Protection Act and Section 14A of the Exchange Act, we are asking shareholders to approve an advisory resolution on the compensation of the Company's named executive officers as reported in this Proxy Statement. Four years ago, the Board

recommended that this advisory vote to approve named executive officer compensation be conducted annually and shareholders voted in favor of this recommendation by a substantial majority. Accordingly, the Board has determined that it will hold an advisory vote to approve named executive officer compensation annually until the next vote to determine the frequency of such an advisory vote. Subsequent to the advisory vote reflected in this proposal, the next advisory vote to approve named executive officer compensation is expected to occur at our annual shareholders meeting in 2016.

Our executive compensation programs are designed to support the Company's long-term success. As described above in the Compensation Discussion and Analysis section of this Proxy Statement, the Compensation Committee has structured our executive compensation program to achieve the following key objectives:

Attract, motivate and retain the talented executives who are a critical component of Omnicom's long-term success by providing each with a competitive total rewards package; and

Ensure that executive compensation is aligned with both the short and long-term interests of shareholders.

We urge shareholders to read the Compensation Discussion and Analysis above, which describes in more detail how our executive compensation policies and procedures operate and are designed to achieve our compensation objectives, as well as the Summary Compensation Table and related compensation tables and narrative above, which provide detailed information on the compensation of our named executive officers. The Compensation Committee and the Board believe that the policies and procedures articulated in the Compensation Discussion and Analysis are effective in achieving our goals and that the compensation of our named executive officers reported in this Proxy Statement has supported and contributed to our success.

We are asking shareholders to approve the following advisory resolution at the 2015 Annual Meeting.

RESOLVED, that the shareholders of Omnicom Group Inc. (the Company) approve, on an advisory basis, the compensation of the Company's named executive officers, as disclosed in the Company's Proxy Statement for the 2015 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table for 2014 and the other related tables and disclosure.

This advisory resolution, commonly referred to as a say-on-pay resolution, is non-binding on the Board. Although non-binding, the Board and the Compensation Committee will carefully review and consider the voting results when evaluating our executive compensation program.

The Board UNANIMOUSLY recommends that shareholders vote FOR the advisory resolution on executive compensation.

Approval of this proposal requires the favorable vote of the holders of a majority of the shares voting on the proposal. Abstentions and broker non-votes will have no effect on the outcome of this proposal.

Item 4 Shareholder Proposal Regarding Annual Disclosure of EEO-1 Data

Representatives of the New York City Comptroller (the Comptroller), on behalf of the New York City Pension Funds, 1 Centre Street, New York, NY 10007, have advised that the New York City Pension Funds are the beneficial owner of 475,187 shares of Omnicom common stock and that the Comptroller intends to introduce a proposal for the consideration of shareholders at the 2015 Annual Meeting, the text of which reads as follows.

RESOLVED: Shareholders request that the Board of Directors adopt and enforce a policy requiring Omnicom Group Inc. (Omnicom, or the Company) to disclose its EEO-1 data – a comprehensive breakdown of its workforce by race and gender according to 10 employment categories – on its website, beginning in 2015.

Supporting Statement

Despite federal and state laws forbidding employment discrimination on the basis of race, allegations of racial discrimination persists in some industries; and in recent years, a number of companies have agreed to pay millions of dollars to settle allegations of racial discrimination.

The advertising industry, of which the Company is a part, is characterized by the persistent and pervasive underrepresentation of minorities, particularly in senior positions. A recent study entitled, *Research Perspectives on Race and Employment in the Advertising Industry* (Bendick and Egan Economic Consultants, Inc. 2009), found that:

Racial disparity is 38% worse in the advertising industry than in the overall U.S. labor market;
The discrimination divide between advertising and other U.S. industries is more than twice as wide as it was 30 years ago;
Black college graduates working in advertising earn 80 cents for every dollar earned by their equally-qualified White counterparts;
About 16% of large advertising firms employ no Black managers or professionals, a rate 60% higher than in the overall labor market; and
Black managers and professionals in the industry are only one-tenth as likely as their White counterparts to earn \$100,000 a year.

Numerous studies have found that workplace diversity provides a competitive advantage by generating diverse, valuable perspectives, creativity and innovation, increased productivity and morale, while eliminating the limitations of groupthink.

In opposing this proposal when previously presented, Omnicom agreed that workplace diversity creates value for the Company and fosters a positive corporate culture, according to its 2012 and 2013 Proxy Statements. The Company emphasizes its commitment to recruiting, retaining and promoting minorities and women, and its website points to a set of specific initiatives. But without quantitative disclosure, shareholders have no way to evaluate and benchmark the effectiveness of these efforts.

Federal law requires companies with 100 or more employees to annually submit an EEO-1 Report to the Equal Employment Opportunity Commission. The report profiles a company's workforce by race and gender according to 10 job categories, including senior management.

Disclosure of the Company's EEO-1 data would allow shareholders to evaluate the effectiveness of its efforts to increase the diversity of its workforce throughout its ranks, and at minimal cost. In addition, we believe full disclosure of the Company's EEO-1 data would drive management and the Board to pursue continuous improvements in the Company's diversity programs, fully integrate diversity into its culture and practices, and strengthen its reputation and accountability to shareholders.

We urge shareholders to vote FOR the proposal, which received support averaging 30% of votes cast in 2012 and 2013.

The Board's Statement in Opposition

The Board of Directors has considered this proposal and concluded that its adoption is unnecessary in light of Omnicom's existing and active commitment to diversity and not in the best interests of our shareholders. Accordingly, the Board **UNANIMOUSLY** recommends a vote **AGAINST** this proposal for the following reasons.

The Company agrees with and has implemented programs supporting the principles of this proposal

Omnicom agrees with the proponent that workplace diversity creates value for the Company and fosters a positive corporate culture. With our global presence, we believe it is important that our workforce reflects our global community. We are committed to recruiting and retaining the best talent from diverse backgrounds and experiences.

Omnicom employs a Director of Diversity or Chief Diversity Officer at each of our networks and a Senior Vice President and Chief Diversity Officer at our corporate office to oversee and advance diversity and inclusion efforts at every level of our organization.

Our Omnicom People Engagement Network (OPEN) meets monthly to share best practices and develop tools to efficiently and effectively incorporate diversity and inclusion initiatives at Omnicom

46

offices. Our Chief Executive Officer, John Wren, was honored as a pioneer and supporter of diversity by the American Advertising Federation at their 2013 Diversity Achievement and Mosaic Awards, and Omnicom Group was recognized as a Diversity Pioneer at the 2012 Diversity Achievement and Mosaic Awards.

Through the Omnicom Medgar Evers Associate Program, established in 2009, we have provided financial support and created numerous internships and other opportunities for students with diverse educational, socioeconomic, political and cultural backgrounds. Omnicom's host agencies have matriculated more than 60 interns through this initiative since 2009, and we've proudly placed 21 of our associates in full-time positions throughout our network and industry during that same period.

Omnicom supports ADCOLOR, an initiative of the ADCOLOR Industry Coalition, which creates networks of outstanding diverse professionals and champions of diversity and inclusion. At the annual ADCOLOR Industry Conference and Awards, diverse professionals at all levels within the industry are honored for their personal contributions and efforts to open doors for other high-potential, diverse professionals.

Omniwomen, a strategic insights organization founded in 2008 by Omnicom's most senior female executives and distinguished thought leaders, focuses on the economic and social impact of women in the global economy. Together with some of Omnicom's largest clients, Omniwomen is dedicated to promoting networking and career opportunities for women, as well as developing the female leaders of tomorrow.

Omnicom has also taken an active role in developing supplier diversity. In connection with the Omnicom Supplier Diversity Initiative, we created the Omnicom Supplier Diversity Database in order to expand access to diverse suppliers across our global network of agencies. The database is a resource that spurs collaboration with clients and suppliers and currently includes more than 1300 minority- and women-owned vendors. By successfully utilizing these mutually beneficial business relationships, we help meet the diversity goals that we have set for Omnicom as well as those of our clients.

The proposal is unnecessary because the Company already publishes similar statistics on its website

Omnicom already shares the following key diversity statistics on its website:

Multicultural professionals make up 17% of U.S. managers.

The U.S. professional talent base is 26% multicultural.

Women make up 53% of U.S. managers.

Omnicom believes that these statistics clearly reflect the value Omnicom places on workplace diversity and the strength of its efforts to promote professional opportunities for women and minorities. The prescribed format of the EEO-1 information requested by the shareholder proposal is neither suitable for disclosure on the Company's website nor furthers our equal employment efforts.

The proposal requests release of information that would not be informative and could harm the Company

Form EEO-1 requires us to categorize our workforce by gender and race according to certain Equal Employment Opportunity Commission-mandated job categories that do not account for any company or industry specific factors. It is designed to yield generalized data across all categories of private employers rather than information specific to Omnicom or comparable companies in the advertising industry. For these reasons, EEO-1 data is neither informative nor is it a reliable measure of our commitment to equal opportunity employment. We do not believe that disclosing it will meaningfully further the goal of workplace diversity. To the contrary, this information, which is susceptible to misinterpretation, could be manipulated by those with interests adverse to Omnicom's and harm the Company.

For the above reasons, the Board of Directors does not believe that it is in the best interests of Omnicom, its employees or its shareholders to adopt this proposal. Doing so is unnecessary in light of Omnicom's existing and active commitment to diversity.

For these reasons, the Board of Directors UNANIMOUSLY urges shareholders to vote AGAINST the proposal regarding annual disclosure of EEO-1 data.

Approval of this proposal requires the favorable vote of the holders of a majority of the shares voting on the proposal. Abstentions and broker non-votes will have no effect on the outcome of this proposal.

Item 5 Shareholder Proposal Regarding Independent Board Chairman

John Chevedden, 2215 Nelson Avenue, No. 205, Redondo Beach, CA 90278, has advised that he is the beneficial owner of no less than 150 shares of Omnicom common stock and that he intends to introduce a proposal for the consideration of shareholders at the 2015 Annual Meeting, the text of which reads as follows.

Proposal 5 Independent Board Chairman

RESOLVED: The shareholders request the Board of Directors to adopt as policy, and amend the bylaws as necessary, to require the Chair of the Board of Directors, whenever possible, to be an independent member of the Board. The Board would have the discretion to phase in this policy for the next CEO transition, implemented so it did not violate any existing agreement. If the Board determines that a Chair who was independent when selected is no longer independent, the Board shall select a new Chair who satisfies the requirements of the policy within a reasonable amount of time. Compliance with this policy is waived if no independent director is available and willing to serve as Chair.

The role of the CEO and management is to run the company. The role of the Board of Directors is to provide independent oversight of management and the CEO. There is a potential conflict of interest for a CEO to be her/his own overseer as Chair while managing the business.

The combination of these two roles in a single person weakens a corporation's governance structure, which can harm shareholder value.

As Intel's former chair Andrew Grove stated, "The separation of the two jobs goes to the heart of the conception of a corporation. Is a company a sandbox for the CEO, or is the CEO an employee? If he's an employee, he needs a boss, and that boss is the Board. The Chairman runs the Board. How can the CEO be his own boss?"

Shareholders are best served by any independent Board Chair who can provide a balance of power between the CEO and the Board empowering strong Board leadership. The primary duty of a Board of Directors is to oversee the management of a company on behalf of shareholders. A combined CEO/Chair creates a potential conflict of interest, resulting in excessive management influence on the Board and weaker oversight of management.

Numerous institutional investors recommend separation of these two roles. For example, California's Retirement System CalPERS' Principles & Guidelines encourage separation, even with a lead director in place.

Chairing and overseeing the Board is a time intensive responsibility. A separate Chair also frees the CEO to manage the company and build effective business strategies.

Many companies have separate and/or independent Chairs. An independent Chair is the prevailing practice in the United Kingdom and many international markets and is an increasing trend in the U.S. This proposal topic won 50% plus support at five major U.S. companies in 2013.

Please vote to enhance shareholder value.

Independent Board Chairman Proposal 5

The Board's Statement in Opposition

The Board of Directors has considered this proposal and concluded that its adoption is unnecessary in light of the Company's separation of its Chairman and CEO and not in the best interests of our shareholders. Accordingly, the Board **UNANIMOUSLY** recommends a vote **AGAINST** this proposal for the following reasons.

48

The Company's current leadership structure is in the best interests of its shareholders

Omnicom has always strived to maintain high corporate governance standards. The Company has maintained a separate Chairman and CEO since 1997, and we treat those positions as separate and distinct. We have carefully considered and approved our current leadership structure, and we firmly believe that this structure is appropriate and in the best interests of the Company and its shareholders, who benefit from the combined leadership, judgment, knowledge and experience of our Chairman, Bruce Crawford, and our CEO, John Wren.

As stated in our Corporate Governance Guidelines, the Board is elected to oversee the management of the Company, while senior management is responsible for the oversight of the day-to-day business of the Company. We believe that our current leadership structure allows our CEO to focus on developing and implementing Omnicom's business strategies and objectives and supervising Omnicom's complex daily operations, while allowing our Chairman to lead the Board in its oversight and advisory roles. Separating the positions of Chairman and CEO provides a clear delineation of responsibilities for each position and fosters greater accountability of management.

Pursuant to our By-laws, the Board is responsible for filling the positions of Chairman and CEO with the persons the Board deems qualified, and for removing and replacing such persons as and when the Board deems necessary or appropriate. The Board periodically reviews Omnicom's leadership structure and may modify the structure as it deems appropriate given the specific circumstances then facing the Company. Currently, the Board believes that having Mr. Crawford as Chairman and Mr. Wren as CEO is the most effective leadership structure for the Company. Our Chairman has more than 50 years of experience in the advertising industry, serving in a variety of high-level positions at Omnicom and BBDO, including 8 years as Omnicom's CEO. This experience makes him uniquely well positioned to provide our current CEO with guidance, advice and counsel regarding Omnicom's business, operations and strategy.

We believe that adopting a policy that requires an independent Chairman would unduly restrict the Board in determining the leadership structure that is in the best interests of the Company and its shareholders at any particular point in time. The Board has deep knowledge of the strategic goals of the Company, the unique opportunities and challenges facing the Company at any given time, and the various capabilities of the Company's directors and senior management. Rather than imposing a one-size fits all approach to Board leadership, we believe that the Board is well positioned to determine the most effective leadership structure for the Company and its shareholders.

The proposal is not necessary to ensure effective oversight of management and accountability to shareholders

We believe that the Board's oversight and accountability are effectively maintained through the composition of the Board, the role of independent Board committees and our corporate governance practices. For instance, we have a number of key corporate governance measures in place to see that our Board acts independently and to ensure full accountability to our shareholders, including the following:

Majority independent Board. Currently 11 of the 13 members of our Board are independent, as defined by the NYSE listing standards and applicable SEC rules.

Independent lead director. The independent Chairman of Omnicom's Governance Committee serves as lead director and regularly presides over executive sessions of the Board without Omnicom's Chairman, CEO or any other members of management present.

Fully independent key Board committees. All members of our Audit, Compensation and Governance Committees are independent.

Annual director elections. In 2003, our shareholders approved the declassification of our Board. Since that time, our entire Board has been elected annually.

Annual Board and Board committee assessments. Our Board and each of the Board committees evaluate their organization and performance each year to ensure that the Board and Board committees are functioning effectively.

49

Majority director voting. In uncontested elections, our directors must be elected by a majority of the votes cast by our shareholders, and an incumbent director who fails to receive such a majority is required to tender his or her resignation to the Board.

Shareholder right to act by written consent. Our shareholders have the right to act by written consent.

Right to call a special meeting. Shareholders owning 25% or more of our outstanding shares may call a special meeting of shareholders.

Voting requirements. We have no supermajority voting requirements in our Articles of Incorporation or By-laws.

Requiring an independent Chairman does not improve corporate performance or increase shareholder value

The proponent provides no evidence demonstrating, or even suggesting, that requiring an independent Chairman of the Board improves corporate performance or increases shareholder value. In fact, the proponent's proposal and supporting statement focus almost entirely on creation of a separate Chairman and CEO, a structure which Omnicom implemented in 1997. We believe that adopting a policy to restrict the Board's discretion in selecting the Chairman would deprive the Board of the valuable flexibility to exercise its business judgment in selecting the most qualified and appropriate individual to lead the Board. We further believe that adopting such a policy would not provide any benefit to the Company or its shareholders, particularly since the Board has already determined to separate the positions of Chairman and CEO, and those positions have remained separate since 1997.

For these reasons, the Board of Directors UNANIMOUSLY urges shareholders to vote AGAINST the proposal regarding the establishment of an independent board chairman.

Approval of this proposal requires the favorable vote of the holders of a majority of the shares voting on the proposal. Abstentions and broker non-votes will have no effect on the outcome of this proposal.

INFORMATION ABOUT VOTING AND THE MEETING

Quorum; Required Vote; Effect of an Abstention and Broker Non-Votes

More than 50% of the shares entitled to vote will constitute a quorum for the transaction of business at the 2015 Annual Meeting. Abstentions and broker non-votes will be counted for purposes of determining whether a quorum exists. Broker non-votes are proxies returned by brokers or other nominees who do not vote on a particular item because they did not receive instruction from the beneficial owner and were not permitted to exercise discretionary voting authority. If a quorum is not present, the shareholders who are present or represented may adjourn the meeting until a quorum exists. The time and place of the adjourned meeting will be announced at the time the adjournment is taken, and no other notice need be given. We will, however, publish a press release if the meeting is adjourned to another date. An adjournment will have no effect on business that may have already been conducted at the meeting.

In order to obtain approval of the election of any nominee as a director when the number of nominees equals the number of directors to be elected, assuming a quorum exists, a director nominee must receive a majority of the votes cast with respect to such nominee, meaning the number of shares voted for a director nominee must exceed the number of votes cast against that nominee. In order to ratify the appointment of KPMG LLP as our independent auditors, approve, on an advisory basis, the resolution on the Company's executive compensation, and approve the shareholder proposals described in the proxy, assuming a quorum exists, the affirmative vote of the holders of a majority of the shares represented at the meeting and actually voted is required. Abstentions and broker non-votes will not be considered as votes cast in favor or against proposals that require the affirmative vote of the holders of a majority of the votes cast, which includes items 2, 3, 4 and 5 and thus will have no effect on the outcome of these proposals.

Voting

You can vote your shares by proxy card, through the Internet, by telephone or in person. We have adopted the Internet and telephone voting procedures to authenticate shareholders' identities, to allow shareholders to provide their voting instructions and to confirm that their instructions have been recorded properly. By submitting your proxy through the Internet, by telephone or by using the proxy card, you will authorize two of our officers or their designees to represent you and vote your shares at the meeting in accordance with your instructions or, if no instructions are given, your shares will be voted as described below in the section entitled "Default Voting."

Fidelity Management Trust Company, as trustee under our retirement savings plan, and Computershare Trust Company, Inc., as administrator of our ESPP, will vote common stock held in the plans as indicated by participants in whose accounts the shares are held, whether or not vested, on their proxies. Please note that your shares held in either plan will be voted as you instruct if your proxy card, telephone or Internet voting instructions are received on or before 11:59 p.m. Eastern Daylight Time on Wednesday, May 13, 2015. In accordance with the terms of the retirement savings plan, Fidelity Management Trust Company will vote all shares for which it does not receive voting instructions by the deadline provided above in the same proportion on each issue as it votes the shares for which it does receive instructions. In accordance with the terms of the ESPP, Computershare Trust Company, Inc. will not vote shares for which it does not receive voting instructions by the deadline provided above.

Voting by Street Name Holders

If you are the beneficial owner of shares held in "street name" by a broker, bank or other nominee, the broker, bank or other nominee, as the record holder of the shares, is required to vote those shares according to your instructions.

Your broker, bank or other nominee should have sent you a voting instruction card for you to use in directing it on how to vote your shares.

Under existing rules, if your broker holds your shares in its name and you have not given voting instructions, your broker nonetheless has the discretion to authorize the designated proxies to act, except on certain matters. As such, they could vote in respect of the ratification of the appointment of KPMG LLP as our independent auditors, but not on the election of directors, the advisory resolution on the Company's executive compensation, the shareholder proposal regarding annual disclosure of EEO-1 data, or the shareholder proposal regarding independent Board Chairman.

Default Voting

If you submit a proxy, whether through the Internet, by telephone or by using the proxy card, but do not indicate any voting instructions, your shares will be voted FOR the election of all nominees for director, FOR the ratification of the appointment of KPMG LLP, FOR the advisory resolution on the Company's executive compensation, AGAINST the shareholder proposal regarding annual disclosure of EEO-1 data and AGAINST the shareholder proposal regarding independent Board Chairman. If any other business properly comes before the shareholders for a vote at the meeting, your shares will be voted according to the discretion of the holders of the proxy. They may also vote your shares to adjourn the meeting and will be authorized to vote your shares at any adjournments or postponements of the meeting.

Right to Revoke

If you submit your proxy, you may change your voting instructions at any time prior to the vote at the 2015 Annual Meeting. For shares held directly in your name, you may change your vote by granting a new proxy, through the Internet, by telephone or in writing, which bears a later date (thereby automatically revoking the earlier proxy) or by attending the 2015 Annual Meeting and voting in person. For shares beneficially owned by you, but held in street name by a broker, bank or other nominee, please refer to the information forwarded to you by your broker, bank or other nominee for instructions on revoking or changing your proxy.

Tabulation of Votes

Wells Fargo Bank, N.A. will act as inspectors at the 2015 Annual Meeting. They will determine the presence of a quorum and will tabulate and certify the votes.

ADDITIONAL INFORMATION

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act, requires our directors and executive officers, and persons who own more than 10% of our common stock, to file reports of ownership and changes in ownership of our common stock with the SEC. Purchases and sales of our common stock by such persons are published on our website at <http://www.omnicomgroup.com>.

Based solely upon a review of the copies of such reports filed with the SEC, and on written representations from our reporting persons, we believe that all Section 16(a) filing requirements applicable to our executive officers, directors and persons who own more than 10% of our common stock were complied with during 2014.

Transactions with Related Persons

We review all relationships and transactions between Omnicom or its subsidiaries and related persons to determine whether such persons have a direct or indirect material interest. Related persons include any director, nominee for director, officer or their immediate family members. Although we do not have a written policy governing such transactions, Omnicom's legal staff is primarily responsible for the development and implementation of processes and controls to obtain information from the directors and officers with respect to related person transactions and for then determining, based on the facts and circumstances, whether the Company or a related person has a direct or indirect material interest in the transaction. As part of this process, and pursuant to our Audit Committee's charter, the Audit Committee reviews our policies and procedures with respect to related person transactions. These policies and procedures have been communicated to, and are periodically reviewed with, our directors and executive officers, and the Audit Committee documents in its minutes any actions that it takes with respect to such matters. Under SEC rules, transactions that are determined to be directly or indirectly material to Omnicom, its subsidiaries or a related person are required to be disclosed in Omnicom's Proxy Statement. In the course of reviewing a related party transaction, Omnicom considers (a) the nature of the related person's interest in the transaction, (b) the material terms of the transaction, (c) the importance of the transaction to the related person and Omnicom or its subsidiaries, (d) whether the transaction would impair the judgment of a director or officer to act in the best interest of Omnicom, and (e) any other matters deemed appropriate.

Based on the information available to us and provided to us by our directors and officers, we do not believe that there were any such material transactions in effect since January 1, 2014, or any such material transactions proposed to be entered into during 2015, with the following exception. Mr. Wren's brother, Christopher Wren, is employed as the Global Director of Financial Systems for Rapp, a subsidiary of Omnicom. In 2014, his total compensation was \$183,943, including salary, bonus and other benefits.

Expense of Solicitation

We will bear all costs of this proxy solicitation. Proxies may be solicited by mail, in person, by telephone or by facsimile or electronic transmission by our officers, directors, and regular employees. We may reimburse brokerage firms, banks, custodians, nominees and fiduciaries for their expenses to forward proxy materials to beneficial owners. We have retained Morrow & Co., LLC, 470 West Avenue, Stamford, CT 06902 to assist in the solicitation of proxies. For these services, we will pay Morrow & Co. a fee of approximately \$10,500 and reimburse it for certain out-of-pocket disbursements and expenses.

Incorporation by Reference

To the extent that this Proxy Statement is incorporated by reference into any other filing by Omnicom under the Securities Act of 1933 or the Exchange Act, the sections of this Proxy Statement entitled Executive Compensation: Compensation Committee Report, Audit Related Matters: Audit Committee Report (to the extent permitted by the rules of the SEC) will not be deemed incorporated, unless specifically provided otherwise in such filing.

Availability of Certain Documents

This Proxy Statement and our 2014 Annual Report to Shareholders are available, beginning April 8, 2015, on our website at <http://www.omnicomgroup.com/investorrelations>. You may also access our Proxy Statement and our 2014 Annual Report to Shareholders at <https://materials.proxyvote.com/681919>. You also may obtain a copy of this document, our 2014 Annual Report to Shareholders, our Corporate Governance Guidelines, our Code of Conduct, our Code of Ethics for Senior Financial Officers and the charters for our Audit, Compensation, Governance, Finance, Executive and Qualified Legal Compliance Committees, without charge, by writing to: Omnicom Group Inc., 437 Madison Avenue, New York, New York 10022, Attn: Corporate Secretary. All of these documents also are available after being approved by the Board through our website at <http://www.omnicomgroup.com/investorrelations>. Please note that the information contained on our website is not incorporated by reference in, or considered to be part of, this Proxy Statement.

Delivery of Documents to Shareholders Sharing an Address

If you are the beneficial owner of shares of our common stock held in street name by a broker, bank or other nominee, your broker, bank or other nominee may only deliver one copy of this Proxy Statement and our 2014 Annual Report to Shareholders to multiple shareholders who share an address unless that broker, bank or other nominee has received contrary instructions from one or more of the shareholders at a shared address. We will deliver promptly, upon written or oral request, a separate copy of this Proxy Statement and our 2014 Annual Report to Shareholders to a shareholder at a shared address to which a single copy of the documents was delivered. A shareholder who wishes to receive a separate copy of the Proxy Statement and Annual Report to Shareholders, now or in the future, should submit this request by writing to: Omnicom Group Inc., 437 Madison Avenue, New York, New York 10022, Attn: Corporate Secretary or by calling our Corporate Secretary at (212) 415-3600. Beneficial owners sharing an address who are receiving multiple copies of Proxy Statements and Annual Report to Shareholders and who wish to receive a single copy of such materials in the future will need to contact their broker, bank or other nominee to request that only a single copy of each document be mailed to all shareholders at the shared address in the future.

SHAREHOLDER PROPOSALS FOR THE 2016 ANNUAL MEETING

Any shareholder who wishes to present a proposal for inclusion in next year's proxy statement and form of proxy under Rule 14a-8 must deliver the proposal to our principal executive offices no later than the close of business on December 10, 2015. Proposals should be addressed to: Omnicom Group Inc., 437 Madison Avenue, New York, New York 10022, Attn: Corporate Secretary.

For proposals or director nominations submitted outside the process of Rule 14a-8, our By-laws require that written notice of the proposal or nomination be provided to our Corporate Secretary no less than 60 days prior to the date set for the meeting, which was March 19, 2015 for the 2015 Annual Meeting. In order for a nomination for director or proposal to be considered, the notice must include, as to each nominee (if applicable) and the submitting shareholder, the information as to such nominee and shareholder that would be required to be included in a proxy statement under the proxy rules of the SEC if such shareholder were to solicit proxies from all shareholders of Omnicom for the election of such nominee as a director or approval of such proposal and such solicitation were one to which Rules 14a-3 to 14a-12 under the Exchange Act, apply. A copy of the applicable By-law provisions may be obtained, without charge, upon written request addressed to: Omnicom Group Inc., 437 Madison Avenue, New York, New York 10022, Attn: Corporate Secretary. As the rules of the SEC make clear, simply submitting a proposal does not guarantee its inclusion.
