QUESTIONS & ANSWERS |

CHUCK R. CRAIG, CFA, PORTFOLIO MANAGER

Chuck Craig joined Claymore Securities, Inc., an affiliate of Claymore Advisors, LLC (either entity separately, or both entities together, "Claymore") in May 2003, and is a Managing Director, Portfolio Management and Supervision. Mr. Craig is also a Portfolio Manager for Claymore's line of exchange-traded funds. He has more than 10 years of investment industry experience and is a CFA charterholder. He received an M.S. degree in Financial Markets at the Illinois Institute of Technology and a B.S. in Finance from Northern Illinois University.

Claymore Advisors, LLC is the investment adviser (the "Adviser") of the Claymore/Raymond James SB-1 Equity Fund (the "Fund"). As Adviser, Claymore manages the investment and reinvestment of the Fund's assets and day-to-day activities of the Fund as delegated by the Fund's Trustees. Below, Mr. Craig discusses the Fund's performance for the 12-month period ended August 31, 2008.

BEFORE WE DISCUSS PERFORMANCE, WILL YOU REMIND US OF THE FUND'S INVESTMENT OBJECTIVE?

Claymore/Raymond James SB-1 Equity Fund's investment objective is to provide capital appreciation. The Fund seeks to achieve that objective by investing substantially all of its net assets in the equity securities that are rated, at the time of purchase, Buy 1" ("SB-1") by Raymond James & Associates, Inc. ("Raymond James," the Fund's Sub-Adviser).

PLEASE TELL US ABOUT THE ECONOMIC AND MARKET ENVIRONMENT DURING THE 12 MONTHS ENDED AUGUST 31, 2008.

The 12-month period from August 31, 2007, through August 31, 2008, was a period of considerable economic uncertainty and significant turmoil throughout capital markets. In the final months of 2007, what began as a correction in the U.S. housing market accelerated into a crisis in the sub-prime mortgage market with profound implications for the entire U.S. economy and significant impact on economies throughout the world. By early 2008, financial markets had become extremely risk-averse, as demonstrated by unusually wide credit spreads, severe dislocation in short-term credit markets, overall tightening of financial conditions, and a highly volatile equity market. Dramatic and widely publicized failures of several prominent financial firms during 2008 added to the general malaise.

Although official reports indicate that the U.S. economy expanded in each of the last four quarters, growth has been below its long-term potential in recent months. The labor market has weakened markedly, and consumer spending has slowed, as falling house prices, rising energy prices, and tight credit

Edgar Filing: Claymore/Raymond James SB-1 Equity Fund - Form N-CSR

conditions have damaged consumer sentiment and spending power. Many economists are now forecasting that the U.S. will experience a recession during 2008.

HOW DID THE FUND PERFORM IN THIS ENVIRONMENT?

All Fund returns cited - whether based on net asset value ("NAV") or market price - assume the reinvestment of all distributions. For the 12-month period ended August 31, 2008, the Fund provided a total return based on market price of 1.04% and -10.54% on an NAV basis. For NAV performance comparison purposes, the Standard & Poor's 500 Index ("S&P 500") returned -11.14% for the same time period. The S&P 500 is generally considered representative of the U.S. large-cap stock market. Additionally, the S&P 400 MidCap Index returned -4.22%. The S&P 400 MidCap Index is a market-capitalization weighted index designed to represent U.S. companies in the \$1.5 billion to \$5 billion capitalization range and is a widely used measure of mid-size company U.S. stock market performance.

On August 29, 2008, the last trading day of the Fund's fiscal year, the Fund's closing market price was \$17.62, which represented a discount of 0.51% to NAV of \$17.71. On August 31, 2007, the Fund's market price closed at \$19.27 and its NAV was \$21.67, reflecting a discount of 11.08%. (Note: The narrowing of the discount is likely attributable to the Fund's announcement that it was anticipating conversion to an ETF). This conversion took place on September 3, 2008.

HOW IS THE PORTFOLIO CONSTRUCTED AND HOW IS IT MAINTAINED TO REPRESENT THE SUB-ADVISER'S STRONG BUY 1 PICKS?

The Fund employs a modified equal-weighting methodology, meaning, generally, the Fund seeks to hold each SB-1 security in equal dollar-weighted percentages relative to the total value of the Fund's portfolio, within the constraints of the underlying securities. Occasionally, some of the securities may exhibit relatively low liquidity. In those cases, the Fund may take an initial position that is less than an equal portfolio weight in order to mitigate the risk of adversely affecting the prices of the less liquid security. At rebalancing, the Fund seeks to bring portfolio securities to an equal portfolio weight.

While SB-1 ratings can potentially change every business day, we rebalance and reconstitute the portfolio approximately every two weeks or twice monthly. We do so in an effort to reduce turnover and transaction costs for the Fund. At the time of reconstitution and rebalancing, we sell securities that are no longer ranked SB-1, add securities not currently in the portfolio that have been upgraded to an SB-1 ranking and adjust the portfolio in accordance with our modified equal-weighting methodology.

WHAT ARE SOME FACTORS THAT INFLUENCED PERFORMANCE DURING THE PERIOD?

Although portfolio securities are selected based on Raymond James rankings and not by virtue of their market capitalization, industry or sector, some of these factors did influence the Fund's performance.

The Fund's performance was helped by its underweight relative to the S&P 500 in the financials sector, which was the worst performing sector in the S&P 500. Stock selection in the financials sector also contributed to performance, as the portfolio did not hold some of the stocks that experienced very sharp declines.

Annual Report | August 31, 2008 | 3

RYJ | Claymore/Raymond James SB-1 Equity Fund | QUESTIONS & ANSWERS continued

Also positive was an overweight position relative to the S&P 500 in the energy sector.

Among the positions that made positive contributions to performance were two independent oil and gas exploration and production companies, Continental Resources, Inc. and Whiting Petroleum Corp., and JA Solar Holdings Co. Ltd., a manufacturer of solar cells based in China (0.8%, 0.9% and 0.9% of total investments, respectively).

Positions that detracted from performance include Avanex Corp. (0.5% of total investments), which manufactures and markets fiber optic-based products known as photonic processors; PAETEC Holding Corp. (not held in the portfolio at period end), which provides integrated communications services to business customers; and First State Bancorp (not held in the portfolio at period end), a New Mexico bank holding company.

PLEASE TELL US ABOUT THE FUND'S DISTRIBUTIONS.

On December 31, 2007, the Fund made a distribution of \$1.84 per share. For tax purposes, approximately \$1.51 of this distribution was classified as ordinary income with the remaining \$0.33 representing realized long-term capital gains. A substantial portion of this ordinary income relates to realized short-term capital gains. The Fund re-balances frequently as new securities are added as the SB-1 or others are removed. As a result, a significant portion of any realized gain/loss would likely relate to securities held for one year or less. Any short-term capital gain distributed by the Fund would be taxed as ordinary income.

WHAT CHANGES ARE PLANNED FOR THIS FUND?

The Fund's Agreement and Declaration of Trust provides that, beginning after 18 months of operations from the inception date in May 2006, if the Fund's Common Shares close on the New York Stock Exchange ("NYSE") for 75 consecutive trading days at a price greater than a 10% discount from NAV, the Fund will commence the process necessary to convert into an open-end investment company.

On May 29, 2008, Claymore announced that the Fund's Board of Trustees had approved in principle the conversion of the Fund into an exchange-traded fund ("ETF"). The reorganization of the Fund into Claymore/Raymond James SB-1 Equity ETF ("RYJ ETF"), an ETF that is a newly created series of Claymore Exchange-Traded Fund Trust, was approved by the Board of Trustees of both the Fund and the Claymore Exchange-Traded Fund Trust on May 29, 2008. On August 18, 2008, Claymore announced that, pending shareholder approval, the Fund would cease trading on the NYSE after the close of the markets on September 3, 2008, and begin trading on NYSE Arca as RYJ ETF on September 4, 2008, under the same ticker symbol "RYJ." This plan called for RYJ ETF to acquire substantially all of the assets and to assume substantially all of the liabilities of the Fund, in exchange for shares of RYJ ETF to be issued to the Fund. Under this plan, the shares of RYJ ETF issued to the Fund were to be distributed pro rata to the shareholders of the Fund, the aggregate net asset value of which will equal the aggregate net asset value of the Common Shares of the Fund, less the costs of

Edgar Filing: Claymore/Raymond James SB-1 Equity Fund - Form N-CSR

the reorganization, on September 3, 2008. On August 28, 2008, the shareholders of the Fund approved these changes, and the Fund began trading as an ETF on September 4, 2008.

The investment objective and principal investment strategies of the Fund and RYJ ETF are similar, but there are some important distinctions. The Fund's investment objective is to provide capital appreciation. In comparison, RYJ ETF seeks investment results that correspond generally to the performance, before RYJ ETF's fees and expenses, of an equity index called the Raymond James SB-1 Equity Index (the "SB-1 Equity Index"). The Fund utilizes an investment strategy that is similar to the methodology of the SB-1 Equity Index to invest its portfolio but is not required to replicate an index, as is the case with RYJ ETF. Under normal market conditions, each of the Fund and RYJ ETF will invest substantially all of its net assets in equity securities that are rated, at the time of purchase, SB-1 by Raymond James analysts. The Fund's rules-based investment process is substantially similar to the SB-1 Equity Index's stock selection methodology.

RYJ | Claymore/Raymond James SB-1 Equity Fund

Notes to FINANCIAL STATEMENTS | AUGUST 31, 2008

Edgar Filing: Claymore/Raymond James SB-1 Equity Fund - Form N-CSR

Note 1 - ORGANIZATION:

Claymore/Raymond James SB-1 Equity Fund (the "Fund") was organized as a Delaware statutory trust on March 7, 2006. The Fund is registered as a diversified, closed-end management investment company under the Investment Company Act of 1940, as amended (the "Act").

The Fund's investment objective is to provide capital appreciation. There can be no assurance that the Fund will achieve its investment objective. Under normal market conditions, the Fund will invest substantially all of its net assets in equity securities that are rated, at the time of purchase, Strong Buy 1 ("SB-1") by analysts employed by Raymond James & Associates, Inc. ("Raymond James"). For purposes of the Fund's investment policies, in the event a security is downgraded by Raymond James and is no longer rated SB-1 subsequent to the purchase of such security by the Fund, such security will be considered by the Fund to be rated SB-1 until the next semi-monthly rebalancing and reconstitution date following such downgrade. For as long as the word "SB-1" is in the name of the Fund, the Fund will invest at least 80% of its net assets, plus the amount of any borrowings for investment purposes, in equity securities rated SB-1. The Fund's investment objective is considered fundamental and may not be changed without the approval of a majority of the outstanding voting securities (as defined in the 1940 Act) of the Fund.

The Fund's Declaration of Trust provides that (beginning after 18 months from the date of the Prospectus) if the Fund's Common Shares close on the New York Stock Exchange ("NYSE") for 75 consecutive trading days at a price that is a 10% or greater discount from the net asset value of the Fund's Common Shares, the Fund will commence promptly the process necessary to convert the Fund into an open-end investment company. The Fund's Declaration of Trust provides that in such event a special meeting of shareholders of the Fund would be convened and that the Fund would automatically be converted to an open-end fund unless a majority of the outstanding voting securities of the Fund affirmatively vote to maintain the Fund's status as a closed-end fund.

In accordance with the terms of the Agreement and Plan of Reorganization (the "Plan") adopted by the Fund's Board of Trustees on May 29, 2008 and approved by the Fund's shareholders on August 28, 2008, the Fund has been reorganized with and into Claymore/Raymond James SB-1 Equity ETF (the "RYJ ETF"), an exchange-traded fund. Pursuant to the Plan, the shares of the Fund ceased trading on the NYSE on Wednesday, September 3, 2008, and RYJ ETF began trading on NYSE Arca on Thursday, September 4, 2008 under the ticker symbol "RYJ," the same ticker symbol previously used by the Fund. The assets of the Fund were transferred to, and the liabilities of the Fund were assumed by, RYJ ETF in exchange for shares of RYJ ETF on a one share for one share basis. RYJ ETF shares have been distributed to the Fund's shareholders, on a tax-free basis for federal income tax purposes, and the Fund has been terminated.

Note 2 -ACCOUNTING POLICIES:

The preparation of the financial statements in accordance with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from these estimates.

The following is a summary of the significant accounting policies followed by the Fund.

(a) VALUATION OF INVESTMENTS

The Fund values securities listed on an exchange at the last reported sale price

Edgar Filing: Claymore/Raymond James SB-1 Equity Fund - Form N-CSR

on the principal exchange or in the principal OTC market in which such securities are traded, as of the close of regular trading on the NYSE on the day the securities are being valued or, if there are no sales, at the mean between the last available bid and asked prices on that day. Securities traded on NASDAQ are valued at the NASDAQ Official Closing Price. Debt securities are valued at the last available bid price for such securities or, if such prices are not available, at prices for securities of comparable maturity, quality and type. For those securities where quotations or prices are not available, valuations are determined in accordance with procedures established in good faith by the Board of Trustees. Short-term securities with maturities of 60 days or less at time of purchase are valued at amortized cost, which approximates market value.

(b) INVESTMENT TRANSACTIONS AND INVESTMENT INCOME

Investment transactions are accounted for on the trade date. Realized gains and losses on investments are determined on the identified cost basis. Dividend income is recorded net of applicable withholding taxes on the ex-dividend date and interest income is recorded on an accrual basis. Discounts or premiums on debt securities purchased are accreted or amortized to interest income over the lives of the respective securities using the effective interest method.

The Fund records the character of dividends received from MLPs based on estimates made at the time such distributions are received. These estimates are based upon a historical review of information available from each MLP and other industry sources. The Fund's characterization of the estimates may subsequently be revised based on information received from MLPs after their tax reporting periods conclude.

(c) DISTRIBUTIONS

The Fund intends to pay substantially all of its net investment income to Common Shareholders at least annually. In addition, the Fund intends to distribute any capital gains to Common Shareholders at least annually. To the extent that the Fund realizes net investment income, including short-term capital gains, on a more frequent basis, the Fund may make more frequent distributions to its Common Shareholders.

Note 3 - INVESTMENT ADVISORY AGREEMENT, SUB-ADVISORY AGREEMENT AND OTHER AGREEMENTS:

Pursuant to an Investment Advisory Agreement (the "Agreement") between the Fund and Claymore Advisors, LLC (the "Adviser"), the Adviser provides a continuous investment program for the Fund's portfolio; executes recommendations for the purchase and sale of securities; furnishes offices, necessary facilities and equipment; provides administrative services to the Fund; oversees the activities of Raymond James (the Fund's "Sub-Adviser"); provides personnel, including certain officers required for its administrative management; and pays the compensation of all officers and Trustees of the Fund who are its affiliates.

As compensation for its services, the Fund pays the Adviser a fee, payable monthly, in an annual amount equal to 0.85% of the Fund's average daily Managed Assets. "Managed Assets" of the Fund means the total assets of the Fund, including the assets attributable to the proceeds from any borrowings or other forms of financial leverage, minus liabilities, other than liabilities related to any financial leverage.

Pursuant to a Sub-Advisory Agreement between the Fund, the Adviser, and the Sub-Adviser, the Sub-Adviser, under the supervision of the Adviser and Fund's Board of Trustees, provides investment research, including the determination and dissemination of the securities rated SB-1 by Raymond James; may provide certain facilities and personnel, including certain officers required for its administrative management; and pays the compensation of all officers and Trustees of the Fund who are its affiliates. As compensation for its services,

Edgar Filing: Claymore/Raymond James SB-1 Equity Fund - Form N-CSR

the Adviser pays the Sub-Adviser a fee, payable monthly, in an annual amount equal to 0.35% of the Fund's average daily Managed Assets.

Under a separate Fund Administration agreement, the Adviser provides fund administration services to the Fund. As compensation for services performed under the Administration Agreement, the Adviser receives an administration fee payable monthly at the annual rate set forth below as a percentage of the average daily net assets of the fund. For the year ended August 31, 2008, the Fund recognized expenses of approximately \$57,500 for these services.

The Fund intends to comply with the requirements of Subchapter M of the Internal Revenue Code of 1986, as amended, applicable to regulated investment companies. Accordingly, no provision for U.S. federal income taxes is required. In addition, by distributing substantially all of its ordinary income and long-term capital gains, if any, during each calendar year, the Fund intends not to be subject to U.S. federal excise tax.

At August 31, 2008 the following reclassifications were made to the capital accounts of the Fund, to reflect permanent book/tax differences and income and gains available for distributions under income tax regulations, which are primarily due to the differences between book and tax treatment of investments in real estate investment trusts, investments in partnerships and net investment losses. Net investment income, net realized gains and net assets were not affected by these changes.

UNDISTRIBUTED NET INVESTMENT INCOME/(LOSS)	ACCUMULATED NET REALIZED GAIN/(LOSS)	PAID IN CAPITAL
\$193,525	\$158,727	\$(352,252)

Edgar Filing: Claymore/Raymond James SB-1 Equity Fund - Form N-CSR

Information on the components of investments as of August 31, 2008 is as follows:

COST OF INVESTMENTS FOR TAX PURPOSES	GROSS TAX UNREALIZED APPRECIATION	GROSS TAX UNREALIZED DEPRECIATION	NET TAX UNREALIZED DEPRECIATION ON INVESTMENTS	UNDISTRIBUTED ORDINARY INCOME/ ACCUMULATED ORDINARY LOSS	UNDIST LO ACCU CAPI OTH
\$197,723,435	\$17,077,891	\$(18,030,275)	\$(952,384)	--	\$(12,

The differences between book basis and tax basis unrealized appreciation/ (depreciation) is attributable to the tax deferral of losses on wash sales and tax adjustments related to master limited partnerships and real estate investment trusts.

Distributions paid to shareholders during the tax years ended August 31, 2008 and 2007 were characterized as follows for tax purposes:

	ORDINARY INCOME	LONG-TERM CAPITAL GAIN	RETURN OF CAPITAL	TOTAL DISTRIBUTIONS
2008	\$14,760,956	\$4,660,603	\$1,044,434	\$20,465,993
2007	\$1,223,510	\$ -	\$ -	\$1,223,510

Capital losses incurred after October 31 ("post-October losses") within the taxable year are deemed to arise on the first business day of the Fund's next taxable year. For the year ended August 31, 2008, the Fund incurred and will elect to defer \$12,480,637 as post-October losses.

On July 13, 2006, the Financial Accounting Standards Board ("FASB") released FASB Interpretation No. 48, "Accounting for Uncertainty in Income Taxes" ("FIN 48"). FIN 48 provides guidance for how uncertain tax positions should be recognized, measured, presented and disclosed in the financial statements. FIN 48 requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Fund's tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. Tax positions not deemed to meet a more-likely-than-not threshold would be recorded as a tax expense in the current year. Management has evaluated the implications of FIN 48 and has determined it does not have any impact to the financial statements as of August 31, 2008. There is no tax liability resulting from unrecognized tax expenses relating to uncertain income tax positions taken or expected to be taken on the tax return for the fiscal year-end August 31, 2008. The Fund is also not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax expenses will significantly change in twelve months.

FIN 48 requires the Fund to analyze all open tax years. Open tax years are those years that are open for examination by the relevant income taxing authority. As of August 31, 2008, open Federal and state income tax years include the tax years for 2006, 2007 and 2008. The Fund has no examination in progress.

Note 5 - INVESTMENTS IN SECURITIES:

For the year ended August 31, 2008, the cost of purchases and proceeds from

Edgar Filing: Claymore/Raymond James SB-1 Equity Fund - Form N-CSR

sales of investments, other than short-term securities, were \$305,069,343 and \$325,791,591, respectively.

Note 6 - CAPITAL:

COMMON SHARES

The Fund has an unlimited amount of common shares, \$0.01 par value, authorized and 11,122,822 issued and outstanding. In connection with the Fund's dividend reinvestment plan, the Fund did not issue any shares during the years ended August 31, 2008 and 2007.

Note 7 - INDEMNIFICATIONS:

In the normal course of business, the Fund enters into contracts that contain a variety of representations, which provide general indemnifications. The Fund's maximum exposure under these arrangements is unknown, as this would require future claims that may be made against the Fund that have not yet occurred. However, the Fund expects the risk of loss to be remote.

Note 8 - ACCOUNTING PRONOUNCEMENTS:

In September 2006, the FASB issued Statement of Financial Accounting Standards No. 157, "Fair Valuation Measurements" ("FAS 157"). This standard clarifies the definition of fair value for financial reporting, establishes a framework for measuring fair value and requires additional disclosures about the use of fair value measurements. FAS 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007 and interim periods within those fiscal years. As of August 31, 2008, the Fund does not believe the adoption of FAS 157 will impact the amounts reported in the financial statements, however, additional disclosure will be required about the inputs used to develop measurements of fair value and the effect of certain of the measurements reported in the statement of operations for a fiscal period.

Dividend Reinvestment PLAN | (unaudited)

Unless the registered owner of common shares elects to receive cash by contacting the Plan Administrator, all dividends declared on common shares of the Fund will be automatically reinvested by The Bank of New York Mellon (the "Plan Administrator"), Administrator for shareholders in the Fund's Dividend Reinvestment Plan (the "Plan"), in additional common shares of the Fund. Participation in the Plan is completely voluntary and may be terminated or resumed at any time without penalty by notice if received and processed by the Plan Administrator prior to the dividend record date; otherwise such termination or resumption will be effective with respect to any subsequently declared dividend or other distribution. Some brokers may automatically elect to receive cash on your behalf and may re-invest that cash in additional common shares of the Fund for you. If you wish for all dividends declared on your common shares of the Fund to be automatically reinvested pursuant to the Plan, please contact your broker.

The Plan Administrator will open an account for each common shareholder under the Plan in the same name in which such common shareholder's common shares are

Edgar Filing: Claymore/Raymond James SB-1 Equity Fund - Form N-CSR

registered. Whenever the Fund declares a dividend or other distribution (together, a "Dividend") payable in cash, non-participants in the Plan will receive cash and participants in the Plan will receive the equivalent in common shares. The common shares will be acquired by the Plan Administrator for the participants' accounts, depending upon the circumstances described below, either (i) through receipt of additional unissued but authorized common shares from the Fund ("Newly Issued Common Shares") or (ii) by purchase of outstanding common shares on the open market ("Open-Market Purchases") on the New York Stock Exchange or elsewhere. If, on the payment date for any Dividend, the closing market price plus estimated brokerage commission per common share is equal to or greater than the net asset value per common share, the Plan Administrator will invest the Dividend amount in Newly Issued Common Shares on behalf of the participants. The number of Newly Issued Common Shares to be credited to each participant's account will be determined by dividing the dollar amount of the Dividend by the net asset value per common share on the payment date; provided that, if the net asset value is less than or equal to 95% of the closing market value on the payment date, the dollar amount of the Dividend will be divided by 95% of the closing market price per common share on the payment date. If, on the payment date for any Dividend, the net asset value per common share is greater than the closing market value plus estimated brokerage commission, the Plan Administrator will invest the Dividend amount in common shares acquired on behalf of the participants in Open-Market Purchases.

If, before the Plan Administrator has completed its Open-Market Purchases, the market price per common share exceeds the net asset value per common share, the average per common share purchase price paid by the Plan Administrator may exceed the net asset value of the common shares, resulting in the acquisition of fewer common shares than if the Dividend had been paid in Newly Issued Common Shares on the Dividend payment date. Because of the foregoing difficulty with respect to Open-Market Purchases, the Plan provides that if the Plan Administrator is unable to invest the full Dividend amount in Open-Market Purchases during the purchase period or if the market discount shifts to a market premium during the purchase period, the Plan Administrator may cease making Open-Market Purchases and may invest the uninvested portion of the Dividend amount in Newly Issued Common Shares at net asset value per common share at the close of business on the Last Purchase Date provided that, if the net asset value is less than or equal to 95% of the then current market price per common share; the dollar amount of the Dividend will be divided by 95% of the market price on the payment date.

The Plan Administrator maintains all shareholders' accounts in the Plan and furnishes written confirmation of all transactions in the accounts, including information needed by shareholders for tax records. Common shares in the account of each Plan participant will be held by the Plan Administrator on behalf of the Plan participant, and each shareholder proxy will include those shares purchased or received pursuant to the Plan. The Plan Administrator will forward all proxy solicitation materials to participants and vote proxies for shares held under the Plan in accordance with the instruction of the participants.

There will be no brokerage charges with respect to common shares issued directly by the Fund. However, each participant will pay a pro rata share of brokerage commission incurred in connection with Open-Market Purchases. The automatic reinvestment of Dividends will not relieve participants of any Federal, state or local income tax that may be payable (or required to be withheld) on such Dividends.

The Fund reserves the right to amend or terminate the Plan. There is no direct service charge to participants with regard to purchases in the Plan; however, the Fund reserves the right to amend the Plan to include a service charge payable by the participants.

All correspondence or questions concerning the Plan should be directed to the

Investment Advisory Agreement and Investment Sub-Advisory Agreement: CONTRACT RE-APPROVAL | (unaudited)

On April 21, 2008, the Board of Trustees (the "Board") of the Claymore/Raymond James SB-1 Equity Fund (the "Fund"), including the Independent Trustees (those trustees who are not "interested persons" as defined by the Investment Company Act of 1940, as amended (the "1940 Act")), on the recommendation of the Nominating and Governance Committee (referred to as the "Committee" and consisting solely of those trustees who are not "interested persons" as defined by the 1940 Act) of the Board of the Fund renewed: (1) the investment advisory agreement ("Investment Advisory Agreement") between the Fund and Claymore Advisors, LLC ("Adviser") and (2) the investment sub-advisory agreement ("Sub-Advisory Agreement") among the Adviser, the Fund and Raymond James & Associates, Inc. ("Sub-Adviser"). (The Investment Advisory Agreement and the Sub-Advisory Agreement are together referred to as the "Advisory Agreements.") As part of its review process, the Committee was represented by independent legal counsel. The Board and the Committee reviewed materials received from the Adviser, the Sub-Adviser and independent legal counsel. The Board also had previously received quarterly Board meeting information regarding performance and operating results of the Fund.

In preparation for its review, the Committee communicated with independent legal counsel regarding the nature of information to be provided, and independent legal counsel, on behalf of the Committee, sent a formal request for information and a supplemental request for information to the Adviser and Sub-Adviser. In addition, the Committee asked the Adviser and the Sub-Adviser to explore the feasibility of converting the Fund into an open-end exchange-traded fund ("ETF"). The Adviser and the Sub-Adviser provided extensive information in response to the requests. Among other information, the Adviser and Sub-Adviser provided general information to assist the Committee in assessing the nature and quality of services provided by the Adviser and Sub-Adviser, information comparing the investment performance, advisory fees and total expenses of the Fund to other funds and information about the profitability from the Advisory Agreements to each of the Adviser and the Sub-Adviser.

Based upon their review, the Board and the Committee concluded that it was in the best interests of the Fund to renew each of the Advisory Agreements. In addition, on May 8, 2008, the Board approved in principle the conversion of the Fund to an ETF. In reaching this conclusion for the Fund, no single factor was determinative in the Board's analysis, but rather the Board considered a variety of factors.

INVESTMENT ADVISORY AGREEMENT

With respect to the nature, extent and quality of services provided by the Adviser, the Board noted that the Adviser manages the day-to-day investment of the Fund's assets consistent with the Fund's investment objective to provide capital appreciation, which the Adviser seeks to achieve by investing substantially all of the Fund's net assets in equity securities that are rated,

Edgar Filing: Claymore/Raymond James SB-1 Equity Fund - Form N-CSR

at the time of purchase, Strong Buy 1 ("SB-1") by the Sub-Adviser's research analysts. The Board also considered the secondary market support provided by the Adviser to the Fund, including the Adviser's efforts to educate investment professionals about the Fund and other funds sponsored by the Adviser. The Board reviewed financial information regarding the Adviser and its parent company and considered the parent company's guaranty of the Adviser's obligations under the Investment Advisory Agreement. The Board considered the experience and qualifications of the Adviser's personnel, including those personnel providing portfolio management and compliance oversight. Specifically, the Board noted the ongoing activities performed by the Adviser, including monitoring of compliance with policies and procedures and with the Fund's investment policies. After considering these factors, the Board concluded that the Adviser and its personnel were qualified to serve the Fund.

The Board considered the Fund's investment performance by reviewing the Fund's total return on a net asset value and market price basis for the three month, six month, one year and since inception periods ended February 29, 2008. The Board noted that the Adviser was responsible for investing and reinvesting the Fund's net assets using a modified equal-weighting methodology to invest in the stocks rated SB-1 by the Sub-Adviser's research analysts (the "SB-1 List"). The Board then compared the Fund's investment performance to the performance of the Sub-Adviser's SB-1 daily and SB-1 bi-weekly model portfolios (the "Model Portfolios"). Because of the unique nature of the Fund, the Board concluded that the performance of other closed-end funds did not provide meaningful comparisons for purposes of considering the Fund's investment performance. With respect to the Fund's performance relative to the Model Portfolios, the Board concluded that the Adviser had satisfactorily tracked the Model Portfolios. The Board noted that the Fund's investment results were consistent with overall market conditions.

With respect to the Fund's market price performance, the Board noted that, like many other closed-end funds in the current market environment, the Fund's shares were trading at a discount. The Board considered that the Fund's share price discount was within the range of the discounts of the other closed-end funds that follow a rules-based methodology provided for comparison purposes by the Adviser (the "Comparison Funds"). The Board also considered the provisions in the Fund's governing documents which provide that, beginning eighteen months after the Fund's initial public offering (which would be November 2007), if the Fund's common shares close on the New York Stock Exchange for seventy-five consecutive trading days at a price that is a 10% or greater discount from the Fund's net asset value per share, the Fund will commence promptly the process necessary to convert the Fund into an open-end investment company. The Board noted that, since November 2007, the Fund's common shares generally have traded at discounts less than and slightly greater than 10% from net asset value. The Board considered that, while this automatic conversion feature has been successful to an extent in limiting the discount at which shares of the Fund have traded, the Fund's Board of Trustees has regularly discussed the discount to net asset value at which the Fund's shares, and shares of closed-end funds in general, have traded.

Given the above factors, the Board concluded that the Adviser's performance was satisfactory.

The Board compared the Fund's advisory and sub-advisory fees and expense ratio to the Comparison Funds and to the advisory fee that the Adviser charges to other closed-end funds for which it serves as adviser. The Board also reviewed the mean and median advisory fees and expense ratios of the Comparison Funds. The Board noted that the Fund's expense ratio

Edgar Filing: Claymore/Raymond James SB-1 Equity Fund - Form N-CSR

RYJ | Claymore/Raymond James SB-1 Equity Fund | INVESTMENT ADVISORY AGREEMENT
AND INVESTMENT SUB-ADVISORY AGREEMENT: CONTRACT RE-APPROVAL (unaudited)
continued

was within the range of the expense ratios of the Comparison Funds and lower than the estimated expense ratio disclosed in the Fund's initial offering prospectus. The Board also considered that the combined advisory and sub-advisory fees were within the range of those of the Comparison Funds and concluded that the Fund's advisory fee was reasonable.

With respect to the costs of services to be provided and profits realized by the Adviser from its relationship to the Fund, the Board reviewed information regarding the revenues the Adviser received under the Investment Advisory Agreement as well as the estimated allocated direct and indirect costs the Adviser incurred in providing the services to the Fund and concluded that the Adviser's profitability was not unreasonable.

The Board considered the extent to which economies of scale could be realized with respect to the management of the Fund as the Fund grows and whether fee levels reflected a reasonable sharing of such economies of scale for the benefit of Fund investors. The Board considered the Adviser's statement that, by design, closed-end funds' assets remain relatively fixed and therefore economies of scale in such funds are not typically obtained through growth in assets, although the Adviser has increased assets under management as a result of new product offerings and has experienced related economies in its servicing, information technology and operations functions. The Adviser has, however, also increased staff and upgraded systems and the Adviser anticipates neither economies of scale nor increased costs of services to the Fund. Accordingly, the Board concluded that fee levels were appropriate.

The Board considered other benefits available to the Adviser because of its relationship with the Fund and noted that the administrative services fees received by the Adviser from serving as administrator provide it with additional revenue but concluded that the advisory fee was reasonable taking into account any benefits from such administration agreement. The Board also considered the Adviser's statement that it does not participate in any soft dollar arrangements. In reaching the conclusion that the advisory fee was reasonable, the Board also considered the Adviser's statement that it benefited from its association with the Sub-Adviser because the Adviser's relationship with the Sub-Adviser could lead to the launch of additional products in the future.

SUB-ADVISORY AGREEMENT

With respect to the nature, extent and quality of services provided by the Sub-Adviser, the Board considered that that the Adviser manages the investment and reinvestment of the Fund's assets and that the Sub-Adviser's primary responsibility under the Sub-Advisory Agreement is to regularly provide the Adviser with the SB-1 List. The Board concluded that the Sub-Adviser was qualified to provide the services under the Sub-Advisory Agreement.

In considering investment performance, the Board compared the performance of the Fund to that of the Standard & Poor's 500 Index, the Standard & Poor's Mid-Cap 400 Index and the Russell 2000 Growth Index (collectively, the "Indices") for the three month, six month, one year and since inception periods ended February 29, 2008. The Board noted that the Fund had underperformed each of the Indices since inception, but that the Fund's performance had improved relative to the Indices over the last one year, six month and three month periods. The Board also considered that the stock market was generally down during the periods being reviewed and noted the Sub-Adviser's statement that, historically, over

Edgar Filing: Claymore/Raymond James SB-1 Equity Fund - Form N-CSR

the long term SB-1-rated securities have outperformed relevant benchmarks. Given these factors, the Board concluded that the Sub-Adviser's investment performance met expectations.

The Board reviewed the subadvisory fee paid by the Fund to the Sub-Adviser and noted the Sub-Adviser's statement that it does not provide comparable services to any other clients. The Board considered that the combined advisory and sub-advisory fees were within the range of those of the Comparison Funds and concluded that the subadvisory fee was reasonable.

With respect to the costs of services to be provided and profits realized by the Sub-Adviser from its relationship to the Fund, the Board considered that the Adviser paid the Sub-Adviser, an unaffiliated third party, from the advisory fee and the Sub-Adviser's statement that given the nature of the services it provided, that calculation of profitability was not possible. Therefore, the Board concluded that the Sub-Adviser's profitability was not unreasonable.

The Board reviewed the extent to which economies of scale with respect to the sub-advisory services provided to the Fund would be realized as the Fund grows and whether fee levels reflect a reasonable sharing of such economies of scale for the benefit of Fund investors. The Board considered the Sub-Adviser's statement that, because the Sub-Adviser does not provide similar services to any other client, the Sub-Adviser does not expect to achieve any economies of scale with respect to the Fund. Given this statement, the Board concluded that the Fund was unlikely to realize any significant economies of scale with respect to the sub-advisory services.

The Board considered other benefits available to the Sub-Adviser because of its relationship to the Fund and noted that the shareholder support services fee that the Sub-Adviser receives under the underwriting agreement for the initial offering of the Fund provided it with additional revenue, but concluded that the sub-advisory fee was reasonable considering any benefits from this arrangement.

OVERALL CONCLUSIONS

Based upon all of the information considered and the conclusions reached, the Board determined that the terms of each Advisory Agreement continue to be fair and reasonable and that the continuation of each Advisory Agreement is in the best interests of the Fund.

The Board of Trustees of the registrant has delegated the voting of proxies relating to its voting securities to its investment adviser, Claymore Advisors, LLC (the "Adviser"). The Proxy Voting Policies and Procedures of the Adviser (the "Proxy Voting Policies") are included as an Exhibit hereto.

ITEM 8. PORTFOLIO MANAGERS OF CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

(a) (1) Portfolio Manager. As of August 31, 2008, Chuck Craig, Managing Director, Research and Development, of Claymore Securities, Inc., serves as portfolio manager for the registrant and is responsible for the day-to-day management of the registrant's portfolio. He has been associated with the registrant since May 2003. Prior to joining Claymore, Mr. Craig worked for four years at First Trust Portfolios, L.P. as an equity research analyst and portfolio manager within the Equity Strategy Research Group.

(a) (2) (i-iii) Other Accounts Managed by the Portfolio Manager. As of August 31,

Edgar Filing: Claymore/Raymond James SB-1 Equity Fund - Form N-CSR

2008, Chuck Craig managed the following other accounts:

Type of Account	Number of Accounts	Total Assets in the Accounts	Number of Accounts Charged Performance Fees	Total Assets Accounts C Performance
Registered investment companies	510*	\$6,749,001,725	0	0
Other pooled investment	0	0	0	0
Other accounts	0	0	0	0

* Included in this amount are 478 unit investment trusts (valued at \$4,675,533,242), for which Mr. Craig provides day-to-day supervision.

(a)(2)(iv) Potential Conflicts of Interest. Actual or apparent conflicts of interest may arise when a portfolio manager has day-to-day management responsibilities with respect to more than one fund or other account. More specifically, portfolio managers who manage multiple funds and/or other accounts may be presented with one or more of the following potential conflicts.

The management of multiple funds and/or other accounts may result in a portfolio manager devoting unequal time and attention to the management of each fund and/or other account. The Investment Adviser seeks to manage such competing interests for the time and attention of a portfolio manager by having the portfolio manager focus on a particular investment discipline. Most other accounts managed by a portfolio manager are managed using the same investment models that are used in connection with the management of the registrant.

If a portfolio manager identifies a limited investment opportunity which may be suitable for more than one fund or other account, a fund may not be able to take full advantage of the opportunity due to an allocation of filled purchase or sale orders across all eligible funds and other accounts. To deal with these situations, the Investment Adviser has adopted procedures for allocating portfolio transactions across multiple accounts.

The Investment Adviser determines which broker to use to execute each order, consistent with its duty to seek best execution of the transaction. However, with respect to certain other accounts (such as mutual funds for which the Investment Adviser acts as adviser, other pooled investment vehicles that are not registered mutual funds, and other accounts managed for organizations and individuals), the Investment Adviser may be limited by the client with respect to the selection of brokers or may be instructed to direct trades through a particular broker. In these cases, trades for a fund in a particular security may be placed separately from, rather than aggregated with, such other accounts. Having separate transactions with respect to a security may temporarily affect the market price of the security for the execution of the transaction, or both, to the possible detriment of the registrant or other account(s) involved.

The Investment Adviser has adopted certain compliance procedures which are designed to address these types of conflicts. However, there is no guarantee that such procedures will detect each and every situation in which a conflict

Edgar Filing: Claymore/Raymond James SB-1 Equity Fund - Form N-CSR

arises.

(a) (3) Portfolio Manager Compensation. The portfolio manager's compensation consists of the following elements:

Base salary: The portfolio manager is paid a fixed base salary by the Investment Adviser which is set at a level determined to be appropriate based upon the individual's experience and responsibilities.

Annual bonus: The portfolio manager is eligible for a discretionary annual bonus. There is no policy regarding, or agreement with, the portfolio manager to receive bonuses or any other compensation in connection with the performance of any of the accounts managed by the portfolio manager. The portfolio manager also participates in benefit plans and programs generally available to all employees of the Investment Adviser.

(a) (4) Securities Ownership of the Portfolio Manager. As of August 31, 2008, Mr. Craig owned between \$1-\$10,000 in shares of the registrant.

(b) Not applicable.

ITEM 9. PURCHASES OF EQUITY SECURITIES BY CLOSED-END MANAGEMENT INVESTMENT COMPANY AND AFFILIATED PURCHASERS.

No purchases were made by or on behalf of the registrant or any "affiliated purchaser," as defined in Rule 10b-18(a) (3) under the Exchange Act, of shares or other units of any class of the registrant's equity securities that is registered by the registrant pursuant to Section 12 of the Exchange Act.

ITEM 10. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.

The registrant has not made any material changes to the procedures by which shareholders may recommend nominees to the registrant's Board of Trustees.

ITEM 11. CONTROLS AND PROCEDURES.

(a) The registrant's principal executive officer and principal financial officer have evaluated the registrant's disclosure controls and procedures (as defined in Rule 30a-3(c) under the Investment Company Act of 1940) within 90 days of this filing and have concluded based on such evaluation as required by Rule 30a-3(b) under the Investment Company Act of 1940, that the registrant's disclosure controls and procedures were effective as of that date in ensuring that information required to be disclosed by the registrant in this Form N-CSR was recorded, processed, summarized, and reported within the time periods specified in the Securities and Exchange Commission's rules and forms.

(b) There were no changes in the registrant's internal control over financial reporting (as defined in Rule 30a-3(d) under the Investment Company Act of 1940) that occurred during the registrant's second fiscal quarter of the period covered by this report that have materially affected, or are reasonably likely to materially affect, the registrant's internal control over financial reporting.
