CHAIRMAN'S LETTER

Dear Shareholder,

I am pleased to present to you this semi-annual report for the Neuberger Berman Intermediate Municipal Closed-End Funds for the six months ended April 30, 2006. The report includes portfolio commentary, a listing of the Funds' investments, and their unaudited financial statements for the reporting period.

Each Fund's investment objective is to provide a high level of current income exempt from regular federal income tax and, for each state-specific Fund, a high level of current income exempt from that state's personal income taxes (and in the case of the New York Fund, New York City personal income tax).

We invest in intermediate-term municipal bonds because our experience and research indicate strongly that this maturity range has historically offered the best risk/reward profile on the yield curve, providing much of the return of longer-term bonds--with less volatility and risk.

We believe that our conservative investment philosophy and disciplined investment process will benefit you with superior tax exempt current income over the long term.

Thank you for your confidence in Neuberger Berman. We will continue to do our best to earn it.

Sincerely,

/s/ Peter Sundman

INTERMEDIATE MUNICIPAL CLOSED-END FUNDS Portfolio Commentaries

We are pleased to report that on a Net Asset Value (NAV) basis, all three Neuberger Berman Intermediate Municipal Closed-End Funds delivered positive returns and outperformed the Lehman 10-Year Municipal Bond Index in the six months ended April 30, 2006.

Four 25-basis-point Federal Reserve rate hikes restrained fixed income returns during the reporting period. However, intermediate maturity municipal bonds performed considerably better than intermediate U.S. Treasury securities and corporate bonds, with our Lehman 10-Year Municipal Bond Index benchmark and the Lehman 7-Year GO Index returning 1.24% and 1.23% respectively compared to 0.64% and 0.04% gains for the Lehman Brother Intermediate U.S. Treasury Index and the Lehman Brothers U.S. Credit Index, respectively.

Why did municipals perform so well relative to Treasuries and corporates? In our opinion, it was because the people and institutions that buy municipal securities tend to be investors rather than traders. This is particularly true

at the longer end of the municipal securities market, which is dominated by insurance companies that structurally need to maintain positions in longer maturity debt.

In the first half of fiscal 2006, lower rated issues outperformed high credit quality municipal securities. Money continues to flow into lower credit quality issues. However, we think this is simply because these securities have been going up in price rather than as a result of favorable fundamentals. With credit spreads as tight as they are currently, there appears to be little reason to move into lower quality issues at this point.

With the Federal Reserve on the monetary warpath through the first half of fiscal 2006, the portfolios remained defensively positioned, with below-benchmark weighted average maturities and durations. This will likely remain the case until we gain confidence that the Fed is ready to shift into neutral. We do not try to divine changes in Fed policy by looking for linguistic nuances in the notes released following Federal Open Market Committee meetings, but rather by monitoring the same economic data the Fed looks at in making its policy decisions. Currently, with longer term market interest rates finally moving higher, expensive gasoline and higher adjustable rate mortgage payments likely to put pressure on consumer spending, additional evidence of softening in the housing market, and the Fed's own recognition of the lagging effect of rate hikes on the economy, we think the Fed is nearly done tightening. If, in the coming months, job growth and manufacturing activity moderate and commodity prices stabilize, we believe the Fed will call a time out.

In general, we think the municipal securities market is in good shape. The strong economy has bolstered municipal balance sheets and improved credit quality. Relative to Treasuries, municipal bond yields still provide an after-tax advantage for investors in high federal and state income tax brackets. As always, there are a few things we are keeping our eyes on. We are extremely cautious in the Gulf Coast states, where repairing infrastructure damaged by Hurricanes Katrina and Rita is creating fiscal difficulties. We are also sensitive to the fiscal health of issuers with underfunded

2

pension plans. Although we doubt there is the political will to overhaul the federal income tax system, we continue to monitor debates in Washington over tax policies that could impact the municipal securities market.

CALIFORNIA INTERMEDIATE MUNICIPAL FUND INC.

For the six months ended April 30, 2006, on an NAV basis, California Intermediate Municipal Fund returned 1.68% compared to the Lehman 10-Year Municipal Bond Index's 1.24% gain.

+ Investments in securities by Neuberger Berman California Intermediate Municipal Fund Inc. ("California"), Neuberger Berman Intermediate Municipal Fund Inc. ("Intermediate"), and Neuberger Berman New York Intermediate Municipal Fund Inc. ("New York") (individually a "Fund", and collectively, the "Funds") are valued daily by obtaining bid price quotations from independent pricing services on all securities available in each service's data base. For all other securities, bid prices are obtained from principal market makers in those securities or, if quotations are not readily available, by methods each Fund's Board of Directors has approved on the belief that they reflect fair value. Numerous factors may be considered when determining the fair value of a security, including available analyst, media or other reports, trading in futures or ADRs and whether the issuer of the security being fair valued has other securities outstanding. Short-term debt securities with less than 60 days until maturity may be valued at cost which, when combined with interest earned, approximates market value.

## At April 30, 2006, selected Fund information on a U.S. federal income tax basis was as follows:

(000'S OMITTED)		GROSS UNREALIZED	GROSS UNREALIZED	NET UNREALIZED
NEUBERGER BERMAN	COST	APPRECIATION	DEPRECIATION	APPRECIATION
CALIFORNIA	\$153,475	\$2,678	\$ 424	\$2,254
INTERMEDIATE	465,834	8,967	1,429	7,538
NEW YORK	125,743	1,843	796	1,047

@ At time of investment, municipal securities purchased by the Funds are within the four highest rating categories (with respect to at least 80% of total assets) assigned by a nationally recognized statistical rating organization ("NRSRO") such as Moody's Investors Service, Inc., Standard & Poor's, or Fitch Investors Services, Inc. or, where not rated, are determined by the Funds' investment manager to be of comparable quality. Approximately 79%, 68%, and 58% of the municipal securities held by California, Intermediate, and New York, respectively, have credit enhancement features backing them, which the Funds may rely on, such as letters of credit, insurance, or guarantees. Without these credit enhancement features the securities may or may not meet the quality standards of the Funds. Pre-refunded bonds are supported by securities in escrow issued or guaranteed by the U.S. Government, its agencies, or instrumentalities. The amount escrowed is sufficient to pay the periodic interest due and the principal of these bonds. Putable bonds give the Funds the right to sell back the issue on the date specified.

('b') Security is guaranteed by the corporate or non-profit obligor.

(n) Restricted security subject to restrictions on resale under federal securities laws. These securities may be resold in transactions exempt from registration, normally to qualified institutional buyers under Rule 144A and have been deemed by the investment manager to be liquid. At April 30, 2006, these securities amounted to \$4,482,000 or 1.5% of net assets applicable to common shareholders for Intermediate.

^^ Not rated by a NRSRO.

(O) All or a portion of this security was purchased on a when-issued basis. At April 30, 2006, these securities amounted to \$500,000 or .63% of net assets for New York.

(00) All or a portion of this security is segregated as collateral for when-issued purchase commitments.

NOTES TO FINANCIAL STATEMENTS Intermediate Municipal Closed-End Funds

NOTE A--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

1 GENERAL: Neuberger Berman California Intermediate Municipal Fund Inc. ("California"), Neuberger Berman Intermediate Municipal Fund Inc. ("Intermediate"), and Neuberger Berman New York Intermediate Municipal Fund Inc. ("New York") (individually a "Fund" and, collectively, the "Funds") were organized as Maryland corporations on July 29, 2002. California and New York are registered as non-diversified, closed-end management investment companies and Intermediate is registered as a diversified, closed-end management investment company under the Investment Company Act of 1940, as amended. Each Fund's Board of Directors may classify or re-classify any unissued shares of capital stock into one or more classes of preferred stock without the approval of shareholders.

The assets of each Fund belong only to that Fund, and the liabilities of each Fund are borne solely by that Fund and no other.

The preparation of financial statements in accordance with U.S. generally accepted accounting principles requires Neuberger Berman Management Inc. ("Management") to make estimates and assumptions at the date of the financial statements. Actual results could differ from those estimates.

2 PORTFOLIO VALUATION: Investment securities are valued as indicated in the notes following the Funds' Schedule of Investments.

3 SECURITIES TRANSACTIONS AND INVESTMENT INCOME: Securities transactions are recorded on a trade date basis. Interest income, including accretion of discount (adjusted for original issue discount, where applicable) and amortization of premium, where applicable, is recorded on the accrual basis. Realized gains and losses from securities transactions are recorded on the basis of identified cost and stated in the Statements of Operations.

4 INCOME TAX INFORMATION: Each Fund is treated as a separate entity for U.S. federal income tax purposes. It is the policy of each Fund to continue to qualify as a regulated investment company by complying with the requirements of Subchapter M of the Internal Revenue Code applicable to regulated investment companies and to distribute substantially all of its earnings to its shareholders. Therefore, no federal income or excise tax provision is required.

Income distributions and capital gain distributions are determined in accordance with income tax regulations, which may differ from U.S. generally accepted accounting principles. These differences are primarily due to differing treatments of income and gains on various investment securities held by each Fund, timing differences and differing characterization of distributions made by each Fund as a whole.

As determined on October 31, 2005, there were no permanent differences resulting from different book and tax accounting reclassified at year end.

30

The tax character of distributions paid during the years ended October 31, 2005 and October 31, 2004 was as follows:

DISTRIBUTIONS PAID FROM:

	TAX-EXEMPT INCOME		ORDINARY INCOME		TOTAL	
	2005	2004	2005	2004	2005	2004
CALIFORNIA	\$ 6,020,445	\$ 5,945,965	\$ 2,558	\$ 6,705	\$ 6,023,003	\$ 5,952,670
INTERMEDIATE	19,596,581	19,015,689	37,644	35,236	19,634,225	19,050,925
NEW YORK	5,108,368	5,050,381	2,708	2,299	5,111,076	5,052,680

As of October 31, 2005, the components of distributable earnings (accumulated losses) on a U.S federal income tax basis were as follows:

	UNDISTRIBUTED TAX-EXEMPT INCOME	UNDISTRIBUTED ORDINARY INCOME	UNDISTRIBUTED LONG-TERM GAIN	UNREALIZED APPRECIATION (DEPRECIATION)	LOSS CARRYFORWARD AND DEFERRAL
CALIFORNIA	\$1,118,323	\$--	\$--	\$ 3,071,222	\$ (347,798)
INTERMEDIATE	2,510,716	--	--	10,184,508	(1,144,403)
NEW YORK	752,100	--	--	1,843,607	(595,949)

The difference between book basis and tax basis distributable earnings is attributable primarily to timing differences of distribution payments.

To the extent each Fund's net realized capital gains, if any, can be offset by capital loss carryforwards, it is the policy of each Fund not to distribute such gains. As determined at October 31, 2005, the Funds had unused capital loss carryforwards available for federal income tax purposes to offset net realized capital gains, if any, as follows:

	EXPIRING IN: 2011	EXPIRING IN: 2012	EXPIRING IN: 2013
CALIFORNIA	\$ 69,587	\$273,734	\$ 4,477
INTERMEDIATE	757,224	328,363	58,816
NEW YORK	420,475	156,636	18,838

- 5 DISTRIBUTIONS TO SHAREHOLDERS: Each Fund earns income, net of expenses, daily on its investments. It is the policy of each Fund to declare and pay distributions to common shareholders on a monthly basis. Distributions from net realized capital gains, if any, are normally distributed in December. Distributions to common shareholders are recorded on the ex-date. Distributions to preferred shareholders are accrued and determined as described in Note A-7.

Subsequent to April 30, 2006, each Fund declared two monthly distributions to common shareholders payable June 15, 2006 and July 17, 2006, to shareholders of record on May 25, 2006 and June 26, 2006, respectively, with ex-dates of May 23, 2006 and June 22, 2006, respectively, as follows:

DISTRIBUTION PER SHARE

CALIFORNIA	\$0.05937
INTERMEDIATE	0.06161
NEW YORK	0.06175

31

- 6 EXPENSE ALLOCATION: Certain expenses are applicable to multiple funds. Expenses directly attributable to a Fund are charged to that Fund. Expenses borne by the complex of related investment companies, which includes open-end and closed-end investment companies for which Management serves as investment manager, that are not directly attributed to a Fund are allocated among the Funds and the other investment companies in the complex or series thereof on the basis of relative net assets, except where a more appropriate allocation of expenses to each investment company in the complex or series thereof can otherwise be made fairly.
- 7 REDEEMABLE PREFERRED SHARES: On October 21, 2002, the Funds re-classified unissued shares of capital stock into several series of Auction Market Preferred Shares ("AMPS"), as follows:

	SERIES A SHARES	SERIES B SHARES
CALIFORNIA	1,500	1,500
INTERMEDIATE	4,000	4,000

NEW YORK 1,500 1,500

On December 13, 2002, the Funds issued several series of AMPS, as follows:

	SERIES A SHARES	SERIES B SHARES
CALIFORNIA	1,180	1,180
INTERMEDIATE	3,588	3,588
NEW YORK	965	965

All shares of each series of AMPS have a liquidation preference of \$25,000 per share plus any accumulated unpaid distributions, whether or not earned or declared by the Fund, but excluding interest thereon ("Liquidation Value"). Distributions to AMPS shareholders, which are cumulative, are accrued daily. It is the policy of each Fund to pay distributions every 7 days for each Fund's AMPS Series A and every 28 days for each Fund's AMPS Series B, unless in a special rate period.

In the absence of a special rate period, distribution rates are reset every 7 days for each Fund's AMPS Series A, based on the results of an auction. For the six months ended April 30, 2006, distribution rates ranged from:

DISTRIBUTION RATE

CALIFORNIA	2.55% - 3.50%
INTERMEDIATE	2.41% - 3.75%
NEW YORK	2.45% - 3.60%

In the absence of a special rate period, distribution rates are reset every 28 days for each Fund's AMPS Series B, based on the results of an auction. For the six months ended April 30, 2006, distribution rates ranged from:

DISTRIBUTION RATE

CALIFORNIA	2.65% - 3.60%
INTERMEDIATE	2.75% - 3.70%
NEW YORK	2.54% - 3.75%

32

The Funds declared distributions to AMPS shareholders for the period May 1, 2006 to May 31, 2006, for each series of the AMPS as follows:

	SERIES A SHARES	SERIES B SHARES
CALIFORNIA	\$ 83,723	\$ 87,463
INTERMEDIATE	267,244	276,963

NEW YORK                      67,533                      73,546

The Funds may redeem shares of each series of AMPS, in whole or in part, on the second business day preceding any distribution payment date at Liquidation Value.

The Funds are also subject to certain restrictions relating to the AMPS. Failure to comply with these restrictions could preclude the Funds from declaring any distributions to common shareholders or repurchasing common shares and/or could trigger the mandatory redemption of AMPS at Liquidation Value.

The holders of AMPS are entitled to one vote per share and will vote with holders of common stock as a single class, except that the AMPS will vote separately as a class on certain matters, as required by law or the Funds' charter. The holders of a Fund's AMPS, voting as a separate class, are entitled at all times to elect two Directors of the Fund, and to elect a majority of the Directors of a Fund if the Fund failed to pay distributions on AMPS for two consecutive years.

8      CONCENTRATION OF RISK: The ability of the issuers of the debt securities held by the Funds to meet their obligations may be affected by economic developments, including those particular to a specific industry or region. The investment policies of California and New York involve investing substantially all of their assets in municipal bonds of issuers located in the state of California and the state of New York, respectively. This policy makes those Funds more susceptible to adverse economic, political, regulatory or other factors affecting the issuers of such municipal bonds than a fund that does not limit its investments to such issuers.

9      INDEMNIFICATIONS: Like many other companies, the Funds' organizational documents provide that their officers and directors are indemnified against certain liabilities arising out of the performance of their duties to the Funds. In addition, both in some of their principal service contracts and in the normal course of their business, the Funds enter into contracts that provide indemnifications to other parties for certain types of losses or liabilities. Each Fund's maximum exposure under these arrangements is unknown as this could involve future claims against each Fund.

NOTE B--MANAGEMENT FEES, ADMINISTRATION FEES, AND OTHER TRANSACTIONS WITH AFFILIATES:

Each Fund retains Management as its investment manager under a Management Agreement. For such investment management services, each Fund pays Management a fee at the annual rate of 0.25% of its average daily Managed Assets. Managed Assets equal the total assets of the Fund, less liabilities other than the aggregate indebtedness entered into for purposes of leverage. For purposes of calculating Managed Assets, the Liquidation Value of any AMPS outstanding is not considered a liability.

Management has contractually agreed to waive a portion of the management fees it is entitled to receive from each Fund at the following annual rates:

YEAR ENDED OCTOBER 31,	% OF AVERAGE DAILY MANAGED ASSETS
2006 - 2007	0.25
2008	0.20
2009	0.15
2010	0.10
2011	0.05

Management has not agreed to waive any portion of its fees beyond October 31, 2011.

For the six months ended April 30, 2006, such waived fees amounted to \$197,499, \$600,525, and \$159,891 for California, Intermediate, and New York, respectively.

Each Fund retains Management as its administrator under an Administration Agreement. Each Fund pays Management an administration fee at the annual rate of 0.30% of its average daily Managed Assets under this agreement. Additionally, Management retains State Street Bank and Trust Company ("State Street") as its sub-administrator under a Sub-Administration Agreement. Management pays State Street a fee for all services received under the agreement.

Management and Neuberger Berman, LLC ("Neuberger"), a member firm of the New York Stock Exchange and sub-adviser to each Fund, are wholly-owned subsidiaries of Lehman Brothers Holdings Inc., a publicly-owned holding company. Neuberger is retained by Management to furnish it with investment recommendations and research information without added cost to each Fund. Several individuals who are officers and/or Directors of each Fund are also employees of Neuberger and/or Management.

Each Fund has an expense offset arrangement in connection with its custodian contract. For the six months ended April 30, 2006, the impact of this arrangement was a reduction of expenses of \$642, \$954, and \$1,182 for California, Intermediate, and New York, respectively.

In connection with the settlement of each AMPS auction, each Fund pays, through the auction agent, a service fee to each participating broker-dealer based upon the aggregate liquidation preference of the AMPS held by the broker-dealer's customers. For any auction preceding a rate period of less than one year, the service fee is paid at the annual rate of 1/4 of 1%; for any auction preceding a rate period of one year or more, the service fee is paid at a rate agreed to by each Fund and the broker-dealer.

In order to satisfy rating agencies' requirements, each Fund is required to provide each rating agency a report on a monthly basis verifying that each Fund is maintaining eligible assets having a discounted value equal to or greater than the Preferred Shares Basic Maintenance Amount, which is a minimum level set by each rating agency as one of the conditions to maintain the AAA/Aaa rating on the AMPS. "Discounted value" refers to the fact that the rating agencies require each Fund, in performing this calculation, to discount portfolio securities below their face value, at rates determined by the rating agencies. Each Fund pays a fee to State Street for the preparation of this report which is reflected in the Statements of Operations under the caption "Basic maintenance expense."

NOTE C--SECURITIES TRANSACTIONS:

For the six months ended April 30, 2006, there were purchase and sale transactions (excluding short-term securities) as follows:

NOTES TO FINANCIAL HIGHLIGHTS Intermediate Municipal Closed-End Funds

- + Total return based on per share net asset value reflects the effects of changes in net asset value on the performance of each Fund during each fiscal period. Total return based on per share market value assumes the purchase of common shares at the market price on the first day and sales of common shares at the market price on the last day of the period indicated. Dividends and distributions, if any, are assumed to be reinvested at prices obtained under each Fund's distribution reinvestment plan. Results represent past performance and do not guarantee future results. Current returns may be lower or higher than the performance data quoted. Investment returns may fluctuate and shares when sold may be worth more or less than original cost. For each Fund, total return would have been lower if Management had not waived the investment management fee.
- # The Fund is required to calculate an expense ratio without taking into consideration any expense reductions related to expense offset arrangements.
- ++ After waiver of investment management fee by Management. Had Management not undertaken such action, the annualized ratios of net expenses to average daily net assets applicable to common shareholders would have been:

DISTRIBUTION REINVESTMENT PLAN

The Bank of New York ("Plan Agent") will act as Plan Agent for shareholders who have not elected in writing to receive dividends and distributions in cash (each a "Participant"), will open an account for each Participant under the Distribution Reinvestment Plan ("Plan") in the same name as their then current Shares are registered, and will put the Plan into effect for each Participant as of the first record date for a dividend or capital gains distribution.

Whenever the Fund declares a dividend or distribution with respect to the common stock of the Fund ("Shares"), each Participant will receive such dividends and distributions in additional Shares, including fractional Shares acquired by the Plan Agent and credited to each Participant's account. If on the payment date for a cash dividend or distribution, the net asset value is equal to or less than the market price per Share plus estimated brokerage commissions, the Plan Agent shall automatically receive such Shares, including fractions, for each Participant's account. Except in the circumstances described in the next paragraph, the number of additional Shares to be credited to each Participant's account shall be determined by dividing the dollar amount of the dividend or distribution payable on their Shares by the greater of the net asset value per Share determined as of the date of purchase or 95% of the then current market price per Share on the payment date.

Should the net asset value per Share exceed the market price per Share plus estimated brokerage commissions on the payment date for a cash dividend or distribution, the Plan Agent or a broker-dealer selected by the Plan Agent shall endeavor, for a purchase period lasting until the last business day before the next date on which the Shares trade on an "ex-dividend" basis, but in no event, except as provided below, more than 30 days after the payment date, to apply the amount of such dividend or distribution on each Participant's Shares (less their PRO RATA share of brokerage commissions incurred with respect to the Plan Agent's open-market purchases in connection with the reinvestment of such dividend or distribution) to purchase Shares on the open market for each Participant's account. No such purchases may be made more than 30 days after the payment date for such dividend or distribution except where temporary curtailment or suspension of purchase is necessary to comply with applicable provisions of federal securities laws. If, at the close of business on any day during the purchase period the net asset value per Share equals or is less than the market price per Share plus estimated brokerage commissions, the Plan Agent will not make any further open-market purchases in connection with the reinvestment of such dividend or distribution. If the Plan Agent is unable to invest the full dividend or distribution amount through open-market purchases during the purchase period, the Plan Agent shall request that, with respect to the uninvested portion of such dividend or distribution amount, the Fund issue new Shares at the close of business on the earlier of the last day of the purchase period or the first day during the purchase period on which the net asset value per Share equals or is less than the market price per Share, plus estimated brokerage commissions, such Shares to be issued in accordance with the terms specified in the third paragraph hereof. These newly issued Shares will be valued at the then-current market price per Share at the time such Shares are to be issued.

For purposes of making the reinvestment purchase comparison under the Plan, (a) the market price of the Shares on a particular date shall be the last sales price on the New York Stock Exchange (or if the Shares are not listed on the New York Stock Exchange, such other exchange on which the Shares are principally traded) on that date, or, if there is no sale on such Exchange (or if not so listed, in the over-the-counter market) on that date, then the mean between the closing bid and asked quotations for such Shares on such Exchange on such date and (b) the net asset value per Share on a particular date shall be the net asset value per Share most recently calculated by or on behalf of the Fund. All dividends, distributions and other payments (whether made in cash or Shares)

shall be made net of any applicable withholding tax.

Open-market purchases provided for above may be made on any securities exchange where the Fund's Shares are traded, in the over-the-counter market or in negotiated transactions and may be on such terms as to price, delivery and otherwise as the Plan Agent shall determine. Each Participant's uninvested funds held by the Plan Agent will not bear interest, and it is understood that, in any event, the Plan Agent shall have no liability in connection with any inability to purchase Shares within 30 days after the initial date of such purchase as herein provided, or with the timing of any purchases effected. The Plan Agent shall have no responsibility as to the value of the Shares acquired for each Participant's account. For the purpose of cash investments, the Plan Agent may commingle each Participant's funds with those of other shareholders of the Fund for whom the Plan Agent similarly acts as agent, and the average price (including brokerage commissions) of all Shares purchased by the Plan Agent as Plan Agent shall be the price per Share allocable to each Participant in connection therewith.

40

The Plan Agent may hold each Participant's Shares acquired pursuant to the Plan together with the Shares of other shareholders of the Fund acquired pursuant to the Plan in noncertificated form in the Plan Agent's name or that of the Plan Agent's nominee. The Plan Agent will forward to each Participant any proxy solicitation material and will vote any Shares so held for each Participant only in accordance with the instructions set forth on proxies returned by the Participant to the Fund.

The Plan Agent will confirm to each Participant each acquisition made for their account as soon as practicable but not later than 60 days after the date thereof. Although each Participant may from time to time have an undivided fractional interest (computed to three decimal places) in a Share, no certificates for a fractional Share will be issued. However, dividends and distributions on fractional Shares will be credited to each Participant's account. In the event of termination of a Participant's account under the Plan, the Plan Agent will adjust for any such undivided fractional interest in cash at the market value of the Shares at the time of termination, less the PRO RATA expense of any sale required to make such an adjustment.

Any Share dividends or split Shares distributed by the Fund on Shares held by the Plan Agent for Participants will be credited to their accounts. In the event that the Fund makes available to its shareholders rights to purchase additional Shares or other securities, the Shares held for each Participant under the Plan will be added to other Shares held by the Participant in calculating the number of rights to be issued to each Participant.

The Plan Agent's service fee for handling capital gains distributions or income dividends will be paid by the Fund. Participants will be charged their PRO RATA share of brokerage commissions on all open-market purchases.

Each Participant may terminate their account under the Plan by notifying the Plan Agent in writing. Such termination will be effective immediately if the Participant's notice is received by the Plan Agent not less than ten days prior to any dividend or distribution record date, otherwise such termination will be effective the first trading day after the payment date for such dividend or distribution with respect to any subsequent dividend or distribution. The Plan may be terminated by the Plan Agent or the Fund upon notice in writing mailed to each Participant at least 30 days prior to any record date for the payment of any dividend or distribution by the Fund.

These terms and conditions may be amended or supplemented by the Plan Agent or the Fund at any time or times but, except when necessary or appropriate to comply with applicable law or the rules or policies of the Securities and Exchange Commission or any other regulatory authority, only by mailing to each Participant appropriate written notice at least 30 days prior to the effective date thereof. The amendment or supplement shall be deemed to be accepted by each Participant unless, prior to the effective date thereof, the Plan Agent receives written notice of the termination of their account under the Plan. Any such amendment may include an appointment by the Plan Agent in its place and stead of a successor Plan Agent under these terms and conditions, with full power and authority to perform all or any of the acts to be performed by the Plan Agent under these terms and conditions. Upon any such appointment of any Plan Agent for the purpose of receiving dividends and distributions, the Fund will be authorized to pay to such successor Plan Agent, for each Participant's account, all dividends and distributions payable on Shares held in their name or under the Plan for retention or application by such successor Plan Agent as provided in these terms and conditions.

The Plan Agent shall at all times act in good faith and agrees to use its best efforts within reasonable limits to ensure the accuracy of all services performed under this Agreement and to comply with applicable law, but assumes no responsibility and shall not be liable for loss or damage due to errors unless such error is caused by the Plan Agent's negligence, bad faith, or willful misconduct or that of its employees.

These terms and conditions shall be governed by the laws of the State of Maryland.
