INDEPENDENT AUDITORS' REPORT

The AES Corporation Profit Sharing and Stock Ownership Plan:

We have audited the accompanying statements of net assets available for participants' benefits of The AES Corporation Profit Sharing and Stock Ownership Plan (the Plan) as of December 31, 2001 and 2000, and the related statements of changes in net assets available for participants' benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for participants' benefits of the Plan as of December 31, 2001 and 2000, and the changes in net assets available for participants' benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 10, on June 7, 2002, the net assets available for participants' benefits had decreased by approximately \$100 million, compared to December 31, 2001, primarily as a result of a decline in the share price of The

Edgar Filing: AES CORPORATION - Form 11-K

AES Corporation common stock.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule listed in the Table of Contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The schedule is the responsibility of the Plan's management. Such supplemental schedule has been subjected to the auditing procedures applied in our audit of the basic 2001 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic 2001 financial statements taken as a whole.

STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2001 AND 2000

1. PLAN DESCRIPTION

The AES Corporation Profit Sharing and Stock Ownership Plan (the Plan) was established on April 1, 1989, as the successor plan to the Applied Energy Services, Inc. Employee Profit Sharing Plan, the Applied Energy Services, Inc. Employee Stock Ownership Plan, the AES Deepwater Division Employee Profit Sharing Plan, the AES Beaver Valley Division Employee Profit Sharing Plan, and the BV Partners Employee Profit Sharing Plan.

The following description of the Plan provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

GENERAL - The Plan is a defined contribution plan that covers eligible regularly scheduled full-time and part-time employees of The AES Corporation (the Company) and its participating subsidiaries. Eligible employees may enroll in the Plan upon commencement of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). As of December 31, 2001, the majority of the Plan's assets, approximately 70%, was common stock of The AES Corporation.

CONTRIBUTIONS - Participants may make pre-tax contributions to the Plan up to an annual maximum determined by the Internal Revenue Service. Participants may also make after-tax contributions to the Plan. During 2001 and 2000, the Company matched participant pre-tax and after-tax contributions up to 5.0% of compensation, as defined by the Plan, on a dollar for dollar basis. Matching contributions made by the Company are paid in common stock of The AES Corporation.

In addition, unless otherwise provided under the Plan, the Company may make profit sharing contributions to the Plan that are allocated to a participant's account on the basis of the participant's compensation, as defined by the Plan. Profit-sharing contributions are made in the Company's common stock. During 2001 and 2000, the Company contributed 1.5% and 5.5%, respectively, of compensation as profit sharing allocations.

PARTICIPANT ACCOUNTS - Each participant's account is credited with the participant's and the employer's contributions and an allocation of the Plan's earnings or losses. Allocations are based on the balance of each investment type in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Participants can choose to invest their contributions in common stock of The AES Corporation and various money market and mutual funds including Franklin Small-Mid Cap Growth Fund, Van Kampen Growth & Income Fund, Massachusetts Investment Growth Stock Fund, ING Pilgrim International Value, AIM Global Financial Services, PIMCO Innovation Fund, ING Pilgrim Small Cap Opportunities, Eaton Vance Worldwide Health Sciences, Mercury International Value Fund, PIMCO Total Return Fund, State Street Aurora Fund, Van Kampen Emerging Growth Fund, Alliance Quasar Fund, Calvert Income Fund, Eaton Vance Income Fund of Boston, Calvert Social Investment Fund Equity, PIMCO Renaissance Fund, MFS Utilities Fund and in the following Merrill Lynch funds: Equity Index Trust I, Retirement Preservation Trust, Balanced Capital Fund, Basic Value Fund, US

Government Mortgage Fund, Fundamental Growth Fund, Global Smallcap Fund, Global Allocation Fund, or in any combination thereof in increments of 10% at their discretion. Participants can allocate their investment among the common stock of The AES Corporation or any of the funds at their discretion. Such investment options are selected by the administrative committee of the Plan.

Effective June 1, 2000, the Plan was amended to allow participants the opportunity to direct all or a portion of their account balance through a self-directed brokerage account which allows participants the option to purchase certain investments outside those selected by the administrative committee of the Plan.

VESTING - Participants are immediately vested in their pre-tax, after-tax and matching contributions, including earnings thereon. Vesting in employer profit sharing contributions is based on years of continuous service. A participant vests 20% per year and is fully vested after five years of credited service.

WITHDRAWALS AND DISTRIBUTIONS - The value of participants' contributions plus the value of all vested Company contributions are payable to participants upon retirement, death, or upon termination of employment with the Company. At each participant's election, the entire distribution may be made as a single lump sum payable in common stock of The AES Corporation, cash, or a combination of both. The participants also have the option of receiving the value of their Plan account in substantially equal cash installments over a twenty-year period.

FORFEITURES - Participants who leave the Company who have not completed five years of credited service forfeit the value of the Company's profit sharing contributions in which they are not then vested. Forfeitures are applied to reduce the Company's contributions in subsequent years.

ADMINISTRATION - The Plan is administered by an Administrative Committee appointed by the Board of Directors of the Company. Merrill Lynch Trust Company is the Plan Trustee. Administrative, legal, and all other expenses of the Plan are paid by the Company.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

GENERAL - The Plan's financial statements are prepared on the accrual basis of accounting. Participant benefits are recorded when paid.

VALUATION OF INVESTMENTS - All money market and other mutual funds are stated at their quoted market prices at December 31, 2001 and 2000. All participant loans are valued at cost, which approximates fair value.

The Company's stock is traded on the New York Stock Exchange (NYSE). The Plan's investment in the Company's stock is stated at quoted market value. On April 17, 2000, the Board of Directors authorized a two-for-one stock split, effected in the form of a stock dividend, payable to stockholders of record on May 1, 2000. At December 31, 2001 and 2000, the quoted market value of the Company's common stock was \$16.35 and \$55.38 per share, respectively.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that

Edgar Filing: AES CORPORATION - Form 11-K

changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

5

USE OF ESTIMATES - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

3. INVESTMENTS

The participants' and the Company's contributions to the Plan and Plan earnings are invested in various money market, mutual funds or Company stock at the direction of the participants. The following tables present the fair values of investments as of December 31, 2001 and 2000.

	DECEMBER 31, 2001	DE 2000

6. PARTICIPANT LOANS

Participants may obtain up to three loans from the Plan in aggregate amounts up to the lesser of (a) \$50,000 or (b) 50% of the participant's vested account balance. Loans are repayable over periods up to five years (ten years for loans to purchase a principal residence). The loans are collateralized by the balance in the participant's account and bear a fixed interest rate, based on the federal prime lending rate plus 1/2%, determined at the commencement of the loan. Interest on all loans is allocated to the participant's account from which the loan was funded. Principal and interest are paid ratably through monthly payroll deductions. Interest rates on outstanding loans as of December 31, 2001 ranged from 6.5% to 12% with maturities from 2002 to 2012.

Former employees are prohibited from obtaining loans except to the extent required by law.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of a termination, the assets of the Plan will first be used to pay the liabilities (if any) of the Plan. The remaining assets will then be distributed to the participants in proportion to their respective interest in the Funds.

8. INCOME TAXES

The Plan obtained its most recent determination letter on January 31, 1996, pursuant to which the Internal Revenue Service (the IRS) determined that the terms of the Plan, as submitted, were in compliance with the applicable requirements of the Internal Revenue Code of 1986, as amended (the Code). The Plan has subsequently been amended since receiving this determination letter. In connection with these amendments, the Plan filed a request for determination letter from the IRS on February 27, 2002, to ensure that the Plan, as amended, continues to comply with all the applicable requirements of the Code. The Company also believes that the Plan is being operated in compliance with all applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

9. PLAN AMENDMENTS

In accordance with the terms of the Plan, the Company is authorized to amend the Plan. Since the adoption of the Plan, the Company has periodically amended the Plan to comply with the requirements of the Internal Revenue Code of 1986, as amended, as well as to implement design changes. No significant amendments were made during the year ended December 31, 2000.

In the current year AES, in order to more efficiently provide retirement benefits to AES employees, elected to merge The AES Corporation Employee Stock Ownership Plan (ESOP) into the Plan. The ESOP had originally been

Edgar Filing: AES CORPORATION - Form 11-K

implemented to overcome tax deduction limitations that threatened to reduce the level of retirement benefits. The Economic Growth and Tax Relief Reconciliation Act of 2001 significantly expanded the amount of tax-deductible contributions that the Corporation can contribute to its retirement plans, thereby eliminating the primary reason for maintaining the ESOP. As a result, the assets of the ESOP (approximately \$10,347,169) as of December 31, 2001, are expected to be transferred into the Plan during the year ending December 31, 2002. In December 2001, a freeze was placed on the ESOP to facilitate the merger of the plans.

8

10. SUBSEQUENT EVENTS

On June 7, 2002, the net assets available for participants' benefits had decreased by approximately \$100 million compared to December 31, 2001, primarily as a result of a decline in the price of The AES Corporation common stock from \$16.35 per share as of December 31, 2001 to \$3.90 per share as of June 7, 2002.
