THIS PAGE NOT PART OF YOUR FUND REPORT

Dear Shareholder

For more than a year, investors have been besieged by a weak housing market, the bursting of the credit bubble that has troubled the financial sector, and surging food and oil prices, which have stoked inflation concerns. Healthy nonfinancial corporate profits and robust exporting activity remained among the few bright spots, helping the economy to grow at a modest, but still positive, pace.

The Federal Reserve Board (the Fed) has been aggressive in its attempts to stimulate economic growth and stabilize financial markets. In addition to slashing the target federal funds rate 325 basis points (3.25%) between September 2007 and April 2008, the central bank introduced the new Term Securities Lending Facility, granted broker-dealers access to the discount window and used its own balance sheet to help negotiate the sale of Bear Stearns. However, the end of the period saw a pause in Fed action; the central bank held the target rate steady at 2.0% as it attempted to balance weak growth and inflationary pressures.

The Fed's bold response to the financial crisis helped mitigate credit stress and investor anxiety, albeit temporarily. U.S. equity markets sank sharply over the reporting period, notwithstanding a brief rally in the spring and another in mid-summer, and international markets followed suit.

Treasury securities also traded in a volatile fashion, but generally rallied (yields fell as prices correspondingly rose), as the broader flight-to-quality theme persisted. The yield on 10-year Treasury issues, which fell to 3.34% in March, climbed to the 4.20% range in mid-June as investors temporarily shifted out of Treasury issues in favor of riskier assets (such as stocks and other high-quality fixed income sectors); then reversed course and declined to 3.99% by period-end when credit fears re-emerged. Meanwhile, tax-exempt issues underperformed their taxable counterparts, as problems among municipal bond insurers and the failure in the market for auction rate securities continued to pressure the group.

Overall, the major benchmark indexes generated results that reflected heightened risk aversion:

Total Returns as of July 31, 2008	6-month	12-month
U.S. equities (S&P 500 Index)	(7.08)%	(11.09)%
Small cap U.S. equities (Russell 2000 Index)	0.86	(6.71)
International equities (MSCI Europe, Australasia, Far East Index)	(5.04)	(12.19)
Fixed income (Lehman Brothers U.S. Aggregate Index)	(0.63)	6.15
Tax-exempt fixed income (Lehman Brothers Municipal Bond Index)	(0.85)	2.83
High yield bonds (Lehman Brothers U.S. Corporate High Yield 2% Issuer Capped Index)	(0.80)	0.52

Past performance is no guarantee of future results. Index performance shown for illustrative purposes only.

You cannot invest directly in an index.

Shortly before this shareholder report mailing, the investment landscape was dramatically altered as the ongoing credit crisis intensified, resulting in a widespread breakdown in the financial services sector and unprecedented government intervention. Through periods of market turbulence, as ever, BlackRock's full resources are dedicated to the management of our clients' assets. For our most current views on the economy and financial markets, we invite you to visit www.blackrock.com/funds. As always, we thank you for entrusting BlackRock with your investment assets, and we look forward to continuing to serve you in the months and years ahead.

Sincerely,

Rob Kapito
President, BlackRock Advisors, LLC

Investment Objective

BlackRock California Investment Quality Municipal Trust Inc. (RAA) (the Trust) seeks to provide high current income which, in the opinion of bond counsel to the issuer, is exempt from regular federal and California income tax consistent with preservation of capital.

Performance

For the 12 months ended July 31, 2008, the Trust returned (2.67)% based on market price and (3.23)% based on net asset value (NAV). For the same period, the closed-end Lipper California Municipal Debt Funds category posted an average return of (2.54)% on a NAV basis. All returns reflect reinvestment of dividends. Widening credit spreads for lower-rated California bonds (especially a 4% holding in AMR Corp.) and for those insured by the monoline insurance companies contributed to the decline in the Trust's NAV. Management's effort to moderate the contribution of current yield to the total return was partially negated by higher short-term borrowing costs resulting from the illiquidity of the auction rate market. The Trust's duration remained neutral throughout the annual period.

The views expressed reflect the opinions of BlackRock as of the date of this report and are subject to change based on changes in market, economic or other conditions. These views are not intended to be a forecast of future events and are no guarantee of future results.

Trust Information

Investment Objective

BlackRock California Municipal Income Trust (BFZ) (the Trust) seeks to provide high current income which, in the opinion of bond counsel to the issuer, is exempt from regular federal income tax and California income taxes.

Performance

For the 12 months ended July 31, 2008, the Trust returned (4.84)% based on market price and (1.58)% based on NAV. For the same period, the closed-end Lipper California Municipal Debt Funds category posted an average return of (2.54)% on a NAV basis. All returns reflect reinvestment of dividends. A slightly defensive duration stance and a higher cash equivalent reserve position versus its Lipper peers provided the Trust's NAV some cushion against volatility from widening credit spreads and rising long-term investment rates. Management's strategy is to balance total return by opportunistically improving current yield, while maintaining a neutral duration.

The views expressed reflect the opinions of BlackRock as of the date of this report and are subject to change based on changes in market, economic or other conditions. These views are not intended to be a forecast of future events and are no guarantee of future results.

6 The investment advisor has deemed certain of these non-rated securities to be of investment grade quality. As of July 31, 2008, the market value of these securities was \$2,242,216 representing 1% of the Trust's long-term investments.

Investment Objective

BlackRock Florida Investment Quality Municipal Trust (RFA) (the Trust) seeks to provide high current income which, in the opinion of bond counsel to the issuer, is exempt from regular federal income tax and to provide an exemption from Florida intangible personal property taxes consistent with preservation of capital.

Performance

For the 12 months ended July 31, 2008, the Trust returned (7.35)% based on market price and (5.29)% based on NAV. For the same period, the closed-end Lipper Florida Municipal Debt Funds category posted an average return of (1.84)% on a NAV basis. All returns reflect reinvestment of dividends. During the year, problems within the monoline insurance industry had a negative impact on the entire insured municipal market and accordingly, detracted from the Trust's performance, as well as that of its peers. Healthcare, tax increment financing, housing and corporate-backed bonds were the weakest performers. On the positive side, the Trust's significant overweight in pre-refunded bonds in the one- to five-year maturity range aided comparative results, as the yield curve steepened and short- and intermediate-maturity issues outperformed the rest of the market.

The views expressed reflect the opinions of BlackRock as of the date of this report and are subject to change based on changes in market, economic or other conditions. These views are not intended to be a forecast of future events and are no guarantee of future results.

Investment Objective

BlackRock Florida Municipal Income Trust (BBF) (the Trust) seeks to provide high current income which, in the opinion of bond counsel to the issuer, is exempt from regular federal income tax and Florida intangible personal property tax.

Performance

For the 12 months ended July 31, 2008, the Trust returned (6.54)% based on market price and (1.21)% based on NAV. For the same period, the closed-end Lipper Florida Municipal Debt Funds category posted an average return of (1.84)% on a NAV basis. All returns reflect reinvestment of dividends. Several key factors influenced performance during the year. A positive contributor to performance was the Trust's significant overweight in pre-refunded bonds in the one- to five-year maturity range, as the yield curve steepened and short- and intermediate-maturity issues outperformed the rest of the market. Conversely, problems within the monoline insurance industry had a negative impact on the entire insured municipal market, hampering the performance of the Trust and its peers.

Trust Summary as of July 31, 2008

BlackRock Florida Municipal 2020 Term Trust

Investment Objective

BlackRock Florida Municipal 2020 Term Trust (BFO) (the Trust) seeks to provide current income that is exempt from regular federal income tax and Florida intangible personal property taxes and to return \$15.00 per share (the initial public offering price) on or about December 31, 2020.

Performance

For the 12 months ended July 31, 2008, the Trust returned (1.97)% based on market price and 0.14% based on NAV. For the same period, the closed-end Lipper Florida Municipal Debt Funds category posted an average return of (1.84)% on a NAV basis. All returns reflect reinvestment of dividends. The Trust's intermediate duration bias was the primary driver of relative outperformance as long-term rates rose during the annual period. Meanwhile, the allocation to lower-rated issues detracted from results as spreads widened during the 12 months.

The views expressed reflect the opinions of BlackRock as of the date of this report and are subject to change based on changes in market, economic or other conditions. These views are not intended to be a forecast of future events and are no guarantee of future results.

6 The investment advisor has deemed certain of these non-rated securities to be of investment grade quality. As of July 31, 2008 and December 31, 2007, the market value of these securities was \$11,848,675 representing 9% and \$2,084,840 representing 2%, respectively, of the Trust's long-term investments.

Investment Objective

BlackRock New Jersey Investment Quality Municipal Trust Inc. (RNJ) (the Trust) seeks to provide high current income which, in the opinion of bond counsel to the issuer, is exempt from regular federal income tax and New Jersey gross income tax consistent with preservation of capital.

Performance

For the 12 months ended July 31, 2008, the Trust returned (18.01)% based on market price and (6.36)% based on NAV. For the same period, the closed-end Lipper New Jersey Municipal Debt Funds category posted an average return of (3.42)% on a NAV basis. All returns reflect reinvestment of dividends. A long duration position detracted from the Trust's performance during a period of rising interest rates in the municipal market. Overweights in lower-rated issues and zero-coupon bonds also hampered results, as both of these sectors underperformed amid dramatic widening in credit spreads. However, the incremental income generated by these holdings continued to enhance the Trust's above-average dividend yield.

The views expressed reflect the opinions of BlackRock as of the date of this report and are subject to change based on changes in market, economic or other conditions. These views are not intended to be a forecast of future events and are no guarantee of future results.

Investment Objective

BlackRock New York Investment Quality Municipal Trust Inc. (RNY) (the Trust) seeks to provide high current income which, in the opinion of bond counsel to the issuer, is exempt from regular federal, New York State and New York City income tax consistent with preservation of capital.

Performance

For the 12 months ended July 31, 2008, the Trust returned (10.41)% based on market price and (2.52)% based on NAV. For the same period, the closed-end Lipper New York Municipal Debt Funds category posted an average return of (1.71)% on a NAV basis. All returns reflect reinvestment of dividends. Detracting from the Trust's yearly performance were its longer-dated holdings, which proved more volatile as risk spreads increased and the municipal yield curve steepened. Conversely, the Trust's greater-than-average distribution rate, in conjunction with a largely neutral duration position during a period of rising interest rates and municipal bond relative underperformance, benefited comparative results.

The views expressed reflect the opinions of BlackRock as of the date of this report and are subject to change based on changes in market, economic or other conditions. These views are not intended to be a forecast of future events and are no guarantee of future results.

Trust Information

Symbol on New York Stock Exchange	RNY
Initial Offering Date	May 28, 1993
Yield on Closing Market Price as of July 31, 2008 (\$12.83) ¹	5.44%
Tax Equivalent Yield ²	8.37%
Current Monthly Distribution per Common Share ³	\$0.0582
Current Annualized Distribution per Common Share ³	\$0.6984
Leverage as of July 31, 2008 ⁴	36%

- 1 Yield on closing market price is calculated by dividing the current annualized distribution per share by the closing market price. Past performance does not guarantee future results.
- 2 Tax equivalent yield assumes the maximum federal tax rate of 35%.
- 3 The distribution is not constant and is subject to change.
- 4 As a percentage of total managed assets, which is the total assets of the Trust (including any assets attributable to Preferred Shares) minus the sum of accrued liabilities.

The table below summarizes the changes in the Trust's market price and net asset value per share:

Investment Objective

BlackRock New York Municipal Income Trust (BNY) (the Trust) seeks to provide high current income which, in the opinion of bond counsel to the issuer, is exempt from regular federal income tax and New York State and New York City personal income taxes.

Performance

For the 12 months ended July 31, 2008, the Trust returned 2.10% based on market price and (3.49)% based on NAV. For the same period, the closed-end Lipper New York Municipal Debt Funds category posted an average return of (1.71)% on a NAV basis. All returns reflect reinvestment of dividends. Detracting from the Trust's yearly performance were its longer-dated holdings, which proved more volatile as risk spreads increased and the municipal yield curve steepened. Conversely, the Trust's competitive distribution rate, in conjunction with a largely neutral duration position during a period of rising interest rates and municipal bond relative underperformance, benefited comparative results.

The Benefits and Risks of Leveraging

The Trusts utilize leverage to seek to enhance the yield and NAV of their Common Shares. However, these objectives cannot be achieved in all interest rate environments.

To leverage, the Trusts may issue Preferred Shares, which pay dividends at prevailing short-term interest rates, and invest the proceeds in long-term municipal bonds. The interest earned on these investments is paid to Common Shareholders in the form of dividends, and the value of these Portfolios' holdings is reflected in the per share NAV of the Trusts' Common Shares. However, in order to benefit Common Shareholders, the yield curve must be positively sloped; that is, short-term interest rates must be lower than long-term interest rates. At the same time, a period of generally declining interest rates will benefit Common Shareholders. **If either of these conditions change, then the risks of leveraging will begin to outweigh the benefits.**

To illustrate these concepts, assume a fund's Common Share capitalization of \$100 million and the issuance of Preferred Shares for an additional \$50 million, creating a total value of \$150 million available for investment in long-term municipal bonds. If prevailing short-term interest rates are approximately 3% and long-term interest rates are approximately 6%, then the yield curve has a strongly positive slope. The fund pays dividends on the \$50 million of Preferred Shares based on the lower short-term interest rates. At the same time, the fund's total portfolio of \$150 million earns income based on long-term interest rates.

In this case, the dividends paid to Preferred Shareholders are significantly lower than the income earned on the fund's long-term investments, and therefore the Common Shareholders are the beneficiaries of the incremental yield. However, **if short-term interest rates rise**, narrowing the differential between short-term and long-term interest rates, **the incremental yield pickup on the Common Shares will be reduced or eliminated completely.** At the same time, the market value on the fund's Common Shares (that is, its price as listed on the New York Stock Exchange or American Stock Exchange) may, as a result, decline. Furthermore, **if long-term interest rates rise, the Common Shares' NAV will reflect the full decline in the price of the portfolio's investments, since the value of the fund's Preferred Shares does not fluctuate.** In addition to the decline in NAV, the market value of the fund's Common Shares may also decline.

In addition, the Trusts may from time to time leverage their assets through the use of tender option bond (TOB) programs. In a typical TOB program, the Trust transfers one or more municipal bonds to a TOB trust, which issues short-term variable rate securities to third-party investors and a residual interest to the Trust. The cash received by the TOB trust from the issuance of the short-term securities (less transaction expenses) is paid to the Trust, which invests the cash in additional portfolio securities. The distribution rate on the short-term securities is reset periodically (typically every seven days) through a remarketing of the short-term securities. Any income earned on the bonds in the TOB trust, net of expenses incurred by the TOB trust, that is not paid to the holders of the short-term securities is paid to the Trust. In connection with managing the Trusts' assets, the Trusts' investment advisor may at any time retrieve the bonds out of the TOB trust typically within seven days. **TOB investments generally will provide the Trust with economic benefits in periods of declining short-term interest rates, but expose the Trust to risks during periods of rising short-term interest rates similar to those associated with Preferred Shares issued by the Trust, as described above. Additionally, fluctuations in the market value of municipal securities deposited into the TOB trust may adversely affect the Trusts' NAVs per share.** (See Note 1 of the Notes to Financial Statements for details of municipal bonds transferred to TOB trusts.)

Under the Investment Company Act of 1940, the Trusts are permitted to issue Preferred Shares in an amount of up to 50% of their total managed assets at the time of issuance. Each Trust also anticipates that its total economic leverage from Preferred Shares and TOBs will not exceed 50% of its total managed assets. As of July 31, 2008, the Trusts had leverage from Preferred Shares and/or

TOBs as a percentage of their total managed assets as follows:

	Percent of Leverage
California Investment Quality	37%
California Income	38%
Florida Investment Quality	38%
Florida Income	38%
Florida 2020 Term	38%
New Jersey Investment Quality	38%
New Jersey Income	37%
New York Investment Quality	36%
New York Income	38%

Swap Agreements

The Trusts may invest in swap agreements, which are over-the-counter contracts in which one party agrees to make periodic payments based on the change in market value of a specified bond, basket of bonds, or index in return for periodic payments based on a fixed or variable interest rate or the change in market value of a different bond, basket of bonds or index. Swap agreements may be used to obtain exposure to a bond or market without owning or taking physical custody of securities. Swap agreements involve the risk that the parties with whom the Trusts have entered into a swap will default on the obligations to pay the Trusts and the risk that the Trusts will not be able to meet their obligations to pay the other parties to the agreement.

Affiliate	Net Activity	Income
CMA Florida Municipal Money Fund	402,084	\$2,157

Effective January 1, 2008, the Trust adopted Financial Accounting Standards Board Statement of Financial Accounting Standards No. 157, Fair Value Measurements (FAS 157). FAS 157 clarifies the definition of fair value, establishes a framework for measuring fair values and requires additional disclosures about the use of fair value measurements. Various inputs are used in determining the fair value of investments, which are as follows:

Level 1 - price quotations in active markets/exchanges for identical securities

Level 2 - other observable inputs (including, but not limited to: quoted prices for similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the assets or liabilities (such as interest rates, yield curves, volatilities, prepayment speeds, loss severities, credit risks, and default rates) or other market-corroborated inputs)

Level 3 - unobservable inputs based on the best information available in the circumstance, to the extent observable inputs are not available (including the Trust's own assumption used in determining the fair value of investments)

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. For information about the Trust's policy regarding valuation of investments and other significant accounting policies, please refer to Note 1 of the Notes to Financial Statements.

The following table summarizes the inputs used as of July 31, 2008 in determining the fair valuation of the Trust's investments:

Valuation Inputs	Investments in Securities
Level 1	\$ 402,546
Level 2	125,886,782

Level 3

Total

\$ 126,289,328

Net unrealized depreciation	\$(570,328)

- (a) FSA Insured.
- (b) MBIA Insured.
- (c) Represents a zero coupon bond. Rate shown reflects the effective yield at the time of purchase.
- (d) Radian Insured.
- (e) AMBAC Insured.
- (f) Assured Guaranty Insured.
- (g) Connie Lee Insured.
- (h) Security is collateralized by Municipal or U.S. Treasury Obligations.
- (i) Represents a step bond. Rate shown reflects the effective yield at the time of purchase.
- (j) FGIC Insured.
- (k) U.S. government securities, held in escrow, are used to pay interest on this security as well as to retire the bond in full at the date indicated, typically at a premium to par.
- (l) Security exempt from registration under Rule 144A of the Securities Act of 1933. These securities may be resold in transactions exempt from registration to qualified institutional investors. Unless

otherwise indicated, these securities are considered to be liquid.

- (m) Security represents a beneficial interest in a trust. The collateral deposited into the trust is federally tax-exempt revenue bonds issued by various state or local governments, or their respective agencies or authorities. The security is subject to remarketing prior to its stated maturity, and is subject to mandatory redemption at maturity.
- (n) Securities represent bonds transferred to a tender option bond trust in exchange for which the Trust acquired residual interest certificates. These securities serve as collateral in a financing transaction. See Note 1 of the Notes to Financial Statements for details of municipal bonds transferred to tender option bond trusts.
- (o) Investments in companies considered to be an affiliate of the Trust, for purposes of Section 2(a)(3) of the Investment Company Act of 1940, were as follows:

Affiliate	Net Activity	Income
CMA New Jersey Municipal Money	411,907	\$9,424
(p) Represents the current yield as of report date.

Net investment income available to Common Shareholders	4.26	% ⁶	4.22	%	4.61	%	4.50	%	5.95	%	6.73	%

Supplemental Data

Net assets applicable to Common Shareholders, end of period (000)	\$12,994		\$13,956		\$14,615		\$14,299		\$14,529		\$14,665	
Preferred Shares outstanding at liquidation preference, end of period (000)	\$6,825		\$7,500		\$7,500		\$7,500		\$7,500		\$7,500	
Portfolio turnover	14	%	38	%	49	%	20	%	15	%	6	%
Asset coverage per Preferred Share, end of period	\$72,598		\$71,534		\$73,731		\$72,671		\$73,433		\$73,886	

1 Based on average shares outstanding.

2 Total investment returns based on market value, which can be significantly greater or lesser than the net asset value, may result in substantially different returns. Total investment returns exclude the effects of sales charges.

3 Aggregate total investment return.

4 Interest expense and fees relate to tender option bond trusts. See Note 1 of the Notes to Financial Statements for details of municipal bonds transferred to tender option bond trusts.

5 Do not reflect the effect of dividends to Preferred Shareholders.

6 Annualized. Certain non-recurring expenses have been included in the ratio but not annualized. If these expenses were annualized, the ratios of total expenses after waiver and fees paid indirectly and excluding interest expense and fees, total expenses after waiver and fees paid indirectly, total expenses after waiver and before fees paid indirectly, total expenses, net investment income and net investment income available to Common Shareholders would have been 1.67%, 1.70%, 1.70%, 1.73%, 5.90% and 4.16%, respectively.

See Notes to Financial Statements.

Notes to Financial Statements

1. Significant Accounting Policies:

BlackRock California Investment Quality Municipal Trust Inc. (California Investment Quality), BlackRock New Jersey Investment Quality Municipal Trust Inc. (New Jersey Investment Quality) and BlackRock New York Investment Quality Municipal Trust Inc. (New York Investment Quality) were organized as Maryland corporations. BlackRock Florida Investment Quality Municipal Trust (Florida Investment Quality) was organized as a Massachusetts business trust. California Investment Quality, Florida Investment Quality, New Jersey Investment Quality and New York Investment Quality are herein referred to as the Investment Quality Trusts. BlackRock California Municipal Income Trust (California Income), BlackRock Florida Municipal Income Trust (Florida Income), BlackRock New Jersey Municipal Income Trust (New Jersey Income), BlackRock New York Municipal Income Trust (New York Income) (collectively the Income Trusts) and Black Florida Municipal 2020 Term Trust (Florida 2020) were organized as Delaware statutory trusts. The Investment Quality Trusts, Income Trusts and Florida 2020 are referred to herein collectively as the Trusts . The Trusts are registered under the Investment Company Act of 1940, as amended (the 1940 Act), as non-diversified, closed-end management investment companies. The Trusts financial statements are prepared in conformity with accounting principles generally accepted in the United States of America, which may require the use of management accruals and estimates. Actual results may differ from these estimates. The Trusts recently changed their fiscal year end to July 31, 2008. Each Trust determines, and makes available for publication the net asset value of its Common Shares on a daily basis.

The following is a summary of significant accounting policies followed by the Trusts:

Valuation of investments: Municipal investments (including commitments to purchase such investments on a when-issued basis) are valued on the basis of prices provided by dealers or pricing services selected under the supervision of each Trust s Board of Trustees (the Board). In determining the value of a particular investment, pricing services may use certain information with respect to transactions in such investments, quotations from dealers, pricing matrixes, market transactions in comparable investments and various relationships between investments. Financial futures contracts traded on exchanges are valued at their last sales price. Swaps are valued by quoted fair values received daily by the Trusts pricing service or through brokers. Short-term securities are valued at amortized cost. Investments in open-end investment companies are valued at net asset value each business day.

In the event that application of these methods of valuation results in a price for an investment which is deemed not to be representative of the market value of such investment, the investment will be valued by a method approved by each Trust s Board as reflecting fair value (Fair Value Assets). When determining the price for Fair Value Assets, the investment advisor and/or sub-advisor seeks to determine the price that each Trust might reasonably expect to receive from the current sale of that asset in an arm s length transaction. Fair value determinations shall be based upon all available factors that the investment advisor and/or sub-advisor deems relevant. The pricing of all Fair Value Assets is subsequently reported to the Board or a committee thereof.

Derivative Financial Instruments: The Trusts may engage in various portfolio investment strategies both to increase the returns of the Trusts and to hedge, or protect, their exposure to interest rate movements and movements in the securities markets. Losses may arise if the value of the contract decreases due to an unfavorable change in the price of the underlying security or if the counterparty does not perform under the contract.

Financial futures contracts Each Fund may purchase or sell financial futures contracts and options on such futures contracts. Futures contracts are contracts for delayed delivery of securities at a specific future date and at a specific price or yield. Upon entering into a contract, the Fund deposits, and

maintains as collateral such initial margin as required by the exchange on which the transaction is effected. Pursuant to the contract, the Fund agrees to receive from, or pay to, the broker an amount of cash equal to the daily fluctuation in value of the contract. Such receipts or payments are known as margin variation and are recognized by the Fund as unrealized gains or losses. When the contract is closed, the Fund records a realized gain or loss equal to the difference between the value of the contract at the time it was opened and the value at the time it was closed.

Forward interest rate swaps Each Trust may enter into forward interest rate swaps. In a forward interest rate swap, the Trust and the counterparty agree to make periodic net payments on a specified notional contract amount, commencing on a specified future effective date unless terminated earlier. When the agreement is closed, the Trust records a realized gain or loss in an amount equal to the value of the agreement. The Trusts generally intend to close each forward interest rate swap before the effective date specified in the agreement and therefore avoid entering into the interest rate swap underlying each forward interest rate swap.

Forward Commitments and When-Issued Delayed Delivery Securities: The Trusts may purchase securities on a when-issued basis and may purchase or sell securities on a forward commitment basis. Settlement of such transactions normally occurs within a month or more after the purchase or sale commitment is made. The Trusts may purchase securities under such conditions only with the intention of actually acquiring them, but may enter into a separate agreement to sell the securities before the settlement date. Since the value of securities purchased may fluctuate prior to settlement, the Trusts may be required to pay more at settlement than the security is worth. In addition, the purchaser is not entitled to any of the interest earned prior to settlement. Upon making a commitment to purchase a security on a when-issued basis, the Trusts will hold liquid assets worth at least the equivalent of the amount due.

Municipal Bonds Transferred to Tender Option Bond Trusts: The Trusts leverage their assets through the use of tender option bond trusts (TOBs). A TOB is established by a third party sponsor forming a special purpose entity, into which one or more funds, or an agent on behalf of the funds, transfers municipal securities. Other funds managed by the investment advisor may also contribute municipal securities to a TOB into which the Trust has contributed securities. A TOB typically issues two classes of beneficial interests: short-term floating rate certificates, which are sold to third party investors, and residual certificates (TOB Residuals), which are generally issued to the participating funds that made the transfer. The TOB Residuals held by the Trusts include the right of the Trusts (1) to cause the holders of

Notes to Financial Statements (continued)

a proportional share of the floating rate certificates to tender their certificates at par, and (2) to transfer, within seven days, a corresponding share of the municipal securities from the TOB to the Trusts. The cash received by the TOB from the sale of the short-term floating rate certificates, less transaction expenses, is paid to the Trust, which typically invests the cash in additional municipal securities. The Trusts' transfer of the municipal securities to a TOB is accounted for as a secured borrowing, therefore the municipal securities deposited into a TOB are presented in each Trust's Schedule of Investments and the proceeds from the transaction are reported as a liability of the Trust.

Interest income from the underlying securities is recorded by the Trusts on an accrual basis. Interest expense incurred on the secured borrowing and other expenses related to remarketing, administration and trustee services to a TOB are reported as expenses of the Trusts. The floating rate certificates have interest rates that generally reset weekly and their holders have the option to tender certificates to the TOB for redemption at par at each reset date. At July 31, 2008, the aggregate values of the underlying municipal securities transferred to TOBs, the related liability for trust certificates, and the range of interest rates were as follows:

	Underlying Municipal Securities Transferred to TOBs	Liability for Trust Certificates	Range of Interest Rates
California Investment Quality	\$ 1,013,138	\$ 669,550	1.683% - 1.764%
California Income	\$ 45,905,708	\$ 31,044,488	1.683% - 1.954%
Florida Investment Quality	\$ 2,009,805	\$ 1,389,526	1.780% - 1.940%
Florida Income	\$ 11,865,458	\$ 8,002,206	1.719% - 1.787%
Florida 2020	\$ 9,052,894	\$ 6,007,925	1.761% - 1.940%
New Jersey Investment Quality	\$ 644,586	\$ 420,000	1.739% - 1.866%
New Jersey Income	\$ 5,085,331	\$ 3,320,000	1.739% - 1.866%
New York Income	\$ 19,206,609	\$ 13,887,504	1.718% - 1.829%

Financial transactions executed through TOBs generally will underperform the market for fixed rate municipal bonds in a rising interest rate environment, but tend to outperform the market for fixed rate bonds when interest rates decline or remain relatively stable. Should short-term interest rates rise, the Trusts' investments in TOBs likely will adversely affect the Trusts' investment income and distributions to common shareholders. Fluctuations in the market value of municipal securities deposited into the TOB may adversely affect each Trust's net asset value per share.

Zero-Coupon Bonds: The Trusts may invest in zero-coupon bonds, which are normally issued at a significant discount from face value and do not provide periodic interest payments. Zero-coupon bonds may experience greater volatility in market value than similar maturity debt obligations which provide for regular interest payments.

Segregation: In cases in which the 1940 Act and the interpretive positions of the Securities and Exchange Commission (the SEC) require that each Trust segregate assets in connection with certain investments (e.g., futures and swaps) or certain borrowings, each Trust will, consistent with certain interpretive letters issued by the SEC, designate on its books and records cash or other liquid debt securities having a market value at least equal to the amount that would otherwise be required to be physically segregated.

Investment Transactions and Investment Income: Investment transactions are recorded on the dates the transactions are entered into (the trade dates). Realized gains and losses on security transactions are determined on the identified cost basis. Dividend income is recorded on the ex-dividend date. Interest income is recognized on the accrual method. Each Trust amortizes all premiums and discounts on debt securities. Consent fees are compensation for agreeing to changes in the terms of debt instruments and are included in interest income on the Statements of Operations. For the period ended July 31, 2008, the Trusts had consent fees as follows:

	Consent Fees
California Income	\$550,000
New Jersey Investment Quality	\$50,000
New Jersey Income	\$475,000
New York Income	\$575,000

Dividends and Distributions: Dividends from net investment income are declared and paid monthly. Distributions of capital gains are recorded on the ex-dividend dates. Dividends and distributions to holders of Preferred Shares are accrued and determined as described in Note 4.

Income Taxes: It is each Trust's policy to comply with the requirements of the Internal Revenue Code applicable to regulated investment companies and to distribute substantially all of its taxable income to its shareholders. Therefore, no federal income tax provision is required.

Effective April 30, 2008, the Investment Quality Trusts and Income Trusts implemented Financial Accounting Standards Board (FASB) Interpretation No. 48, Accounting for Uncertainty in Income Taxes an interpretation of FASB Statement No. 109 (FIN 48). Effective June 29, 2007, Florida 2020 implemented FIN 48. FIN 48 prescribes the minimum recognition threshold a tax position must meet in connection with accounting for uncertainties in income tax positions taken or expected to be taken by an entity, including investment companies, before being measured and recognized in the financial statements. The investment advisor has evaluated the application of FIN 48 to the Trusts, and has determined that the adoption of FIN 48 does not have a material impact on the Trusts' financial statements. Each Trust files U.S. federal and various state and local tax returns. No income tax returns are currently under examination. The statute of limitations on the Investment Quality Trusts and Income Trusts U.S. federal tax returns remain open for the years ended October 31, 2005 through October 31, 2007. The statute of limitations on Florida 2020's U.S. federal tax returns remain open for the years ended December 31, 2005 to December 31, 2007. The statutes of limitations on the Trusts' state and local tax returns may remain open for an additional year depending upon the jurisdiction.

Recent Accounting Pronouncements: In September 2006, Statement of Financial Accounting Standards No. 157, Fair Value Measurements (FAS 157), was issued and is effective for fiscal years beginning after November 15, 2007. Effective January 1, 2008, Florida 2020 adopted FAS 157. FAS 157 defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. The impact on the other Trusts' financial statement disclosures, if any, is currently being assessed.

In addition, in February 2007, Statement of Financial Accounting Standards No. 159, The Fair Value Option for Financial Assets and Financial Liabilities (FAS 159), was issued and is effective for fiscal years begin-

Notes to Financial Statements (continued)

ning after November 15, 2007. FAS 159 permits entities to choose to measure many financial instruments and certain other items at fair value that are not currently required to be measured at fair value. FAS 159 also establishes presentation and disclosure requirements designed to facilitate comparisons between entities that choose different measurement attributes for similar types of assets and liabilities. The impact on the Trusts' financial statement disclosures, if any, is currently being assessed.

In March 2008, Statement of Financial Accounting Standards No. 161, Disclosures about Derivative Instruments and Hedging Activities, an amendment of FASB Statement No. 133 (FAS 161) was issued and is effective for fiscal years beginning after November 15, 2008. FAS 161 is intended to improve financial reporting for derivative instruments by requiring enhanced disclosure that enables investors to understand how and why an entity uses derivatives, how derivatives are accounted for, and how derivative instruments affect an entity's results of operations and financial position. The impact on the Trusts' financial statement disclosures, if any, is currently being assessed.

Deferred Compensation and BlackRock Closed-End Share Equivalent Investment Plan: Under the deferred compensation plan approved by the Trusts' Board, non-interested Trustees (Independent Trustees) defer a portion of their annual complex-wide compensation. Deferred amounts earn an approximate return as though equivalent dollar amounts had been invested in common shares of other certain BlackRock Closed-End Funds selected by the Independent Trustees. This has approximately the same economic effect for the Independent Trustees as if the Independent Trustees had invested the deferred amounts directly in other certain BlackRock Closed-End Funds.

The deferred compensation plan is not funded and obligations thereunder represent general unsecured claims against the general assets of each Trust. Each Trust may, however, elect to invest in common shares of other certain BlackRock Closed-End Funds selected by the Independent Trustees in order to match their deferred compensation obligations. Investments to cover each Trust's deferred compensation liabilities are included in other assets on the Statements of Assets and Liabilities. Dividends and distributions from the BlackRock Closed-End Funds investments under the plan are included in income from affiliates on the Statements of Operations.

Bank Overdraft: California Income and New York Income recorded a bank overdraft which resulted from estimates of available cash.

Other: Expenses directly related to each Trust are charged to that Trust. Other operating expenses shared by several funds are pro-rated among those funds on the basis of relative net assets or other appropriate methods.

2. Investment Advisory Agreement and Other Transactions with Affiliates:

Each Trust entered into an Investment Advisory Agreement with BlackRock Advisors, LLC (the Advisor), an indirect, wholly owned subsidiary of BlackRock, Inc., to provide investment advisory and administration services. Merrill Lynch & Co., Inc. (Merrill Lynch) and The PNC Financial Services Group, Inc. are principal owners of BlackRock, Inc.

The Advisor is responsible for the management of each Trust's portfolio and provides the necessary personnel, facilities, equipment and certain other services necessary to the operations of each Trust. For such services, each Trust pays the Advisor a monthly fee at an annual rate of 0.35% for the Investment Quality Trusts, 0.60% for the Income Trusts and 0.50% for Florida 2020 of the Trusts' average daily net

assets. Average daily net assets is the average daily value of the Trusts' total assets minus the sum of its accrued liabilities.

The Advisor has voluntarily agreed to waive a portion of the investment advisory fee on the Income Trusts as a percentage of average daily net assets as follows: 0.20% through July 31, 2007, 0.15% through July 31, 2008, 0.10% through July 31, 2009 and 0.05% through July 31, 2010. For the period November 1, 2007 to July 31, 2008, and the year ended October 31, 2007 the Advisor waived the following amounts, which are included in fees waived by advisor on the Statements of Operations:

	Period November 1, 2007 to July 31, 2008	Year Ended October 31, 2007
California Income	\$ 394,651	\$ 681,363
Florida Income	\$ 173,904	\$ 300,075
New Jersey Income	\$ 197,227	\$ 343,709
New York Income	\$ 330,576	\$ 573,208

The Advisor has agreed to waive its advisory fees by the amount of investment advisory fees each Trust pays to the Advisor indirectly through its investment in affiliated money market funds. These amounts are shown on the Statements of Operations as fees waived by advisor. For the period November 1, 2007 (January 1, 2008 for Florida 2020) through July 31, 2008, and the year ended October 31, 2007 (December 31, 2007 for Florida 2020), the amounts waived were as follows:

	Period Ended July 31, 2008	Year Ended October 31, 2007 and December 31, 2007
California Investment Quality	\$ 2,992	\$ 1,749
California Income	\$ 71,005	\$ 12,751
Florida Investment Quality	\$ 2,387	\$ 1,608
Florida Income	\$ 11,742	\$ 9,553
Florida 2020	\$ 646	\$ 2
New Jersey Investment Quality	\$ 2,400	\$ 634
New Jersey Income	\$ 13,236	\$ 3,322
New York Investment Quality	\$ 1,399	\$ 917
New York Income	\$ 15,284	\$ 5,675

Each Investment Quality Trust has an Administration Agreement with the Advisor. The administration fee to the Advisor is computed daily and payable monthly based on an annual rate of 0.10% of the Trusts' average daily net assets for California Investment Quality, Florida Investment Quality, New Jersey Investment Quality and New York Investment Quality.

The Advisor has entered into a separate sub-advisory agreement with BlackRock Financial Management, Inc. (BFM), an affiliate of the Advisor, with respect to each Trust, under which the Advisor pays BFM for services it provides, a monthly fee that is a percentage of the investment advisory fee paid by each Trust to the Advisor.

Certain Trusts reimbursed the Advisor for certain accounting services which are included in accounting services on the Statements of Operations. For the period November 1, 2007 (January 1, 2008 for Florida 2020) through July 31, 2008, the amounts were as follows:

ANNUAL REPORT

JULY 31, 2008

53

Notes to Financial Statements (continued)

	Reimbursement
California Income	\$3,380
Florida Income	\$1,491
Florida 2020	\$1,249
New Jersey Income	\$1,693
New York Income	\$2,829

Pursuant to the terms of its custody agreement, each Trust received earnings credits from its custodian for positive cash balances maintained, which are used to offset custody fees. These credits are shown on the Statements of Operations as fees paid indirectly.

Certain officers and/or trustees of the Trusts are officers and/or directors of BlackRock, Inc. or its affiliates. The Trusts reimburse the Advisor for compensation paid to the Trusts' Chief Compliance Officer.

3. Investments:

Purchases and sales of investments, excluding short-term securities, for the period November 1, 2007 (January 1, 2008 for Florida 2020) through July 31, 2008 were as follows:

	Purchases	Sales
California Income	\$83,269,558	\$ 110,437,836
California Investment Quality	2,765,496	2,832,727
Florida Investment Quality	6,442,353	7,722,456
Florida Income	19,369,091	27,921,091
Florida 2020	8,382,427	8,168,425
New Jersey Investment Quality	3,445,191	3,785,910
New Jersey Income	20,900,909	21,560,675
New York Investment Quality	2,284,917	2,416,282
New York Income	13,533,287	20,007,596

4. Capital Share Transactions:

Each Investment Quality Trust is authorized to issue 200,000,000 shares of beneficial interest, including Preferred Shares, par value \$0.01 per share, all of which were initially classified as Common Shares. There are an unlimited number of \$0.001 par value common shares authorized for the Income Trusts and Florida 2020. Each Trust's Board is authorized, however, to reclassify any unissued shares of shares without approval of Common Shareholders. At July 31, 2008 the Common Shares owned by affiliates of the Advisor for Florida 2020 was 8,028 shares.

Common Shares

Shares issued and outstanding for the period November 1, 2007 to July 31, 2008 and the years ended October 31, 2007 and October 31, 2006 increased by the following amounts as a result of dividend reinvestment:

	Period November 1, 2007 to July 31, 2008	Year Ended October 31, 2007	Year Ended October 31, 2006
California Investment Quality	73		
California Income	46,329	61,958	45,581
Florida Income	8,026	16,959	14,192
New Jersey Investment Quality	3,040	1,972	
New Jersey Income	31,657	39,482	42,417
New York Investment Quality	2,856	1,724	
New York Income	44,125	56,191	52,616

Florida 2020

Shares issued and outstanding for the period January 1, 2008 to July 31, 2008 and during the years ended December 31, 2007 and December 31, 2006 remained constant.

Florida Investment Quality

Shares issued and outstanding for the period November 1, 2007 to July 31, 2008 and during the years ended October 31, 2007 and October 31, 2006 remained constant.

Preferred Shares

As of July 31, 2008, the Trusts had the following series of Preferred Shares outstanding as listed in the table below. The Preferred Shares have a liquidation value of \$25,000 per share plus any accumulated unpaid dividends.

	Series	Shares
California Investment Quality	W7	273
California Income	T7	2,018
	R7	2,018
Florida Investment Quality	R7	285
Florida Income	T7	1,982
Florida 2020	F7	1,716
New Jersey Investment Quality	T7	283
New Jersey Income	R7	2,419
New York Investment Quality	F-7	392
New York Income	W-7	1,917
	F-7	1,917

The yields in effect at July 31, 2008 were as follows:

	Series	Yield
California Investment Quality	W7	3.427%
California Income	T7	3.503%
	R7	3.336%
Florida Investment Quality	R7	3.335%

Edgar Filing: BLACKROCK NEW YORK MUNICIPAL INCOME TRUST - Form N-CSR

Florida Income	T7	3.503%
Florida 2020	F7	3.579%
New Jersey Investment Quality	T7	3.504%
New Jersey Income	R7	3.336%
New York Investment Quality	F-7	3.579%
New York Income	W-7	3.427%
	F-7	3.579%

Each Trust pays commissions to certain broker-dealers at the end of each auction at an annual rate of 0.25%, calculated on the aggregate principal amount. For the period November 1, 2007 (January 1, 2008 for Florida 2020) to July 31, 2008, and the year ended October 31, 2007 (December 31, 2007 for Florida 2020) Merrill Lynch, Pierce, Fenner & Smith Incorporated, a wholly owned subsidiary of Merrill Lynch, earned commissions as follows:

	Period November 1, 2007 and January 1, 2008 to July 31, 2008	Year Ended October 31, 2007 and December 31, 2007
California Income	\$41,708	\$43,062
Florida Income	34,475	26,902
Florida 2020	10,208	19,995
New Jersey Income	15,398	19,749
New York Income	53,157	60,502

Notes to Financial Statements (continued)

On June 4, 2008, the Trusts announced the following redemptions of Preferred Shares at a price of \$25,000 per share plus any accrued and unpaid dividends through the redemption dates:

	Series	Redemption Date	Shares Redeemed	Aggregate Principal
California Investment Quality	W7	6/26/08	27	\$675,000
California Income	R7	6/27/08	621	\$15,525,000
	T7	6/25/08	621	\$15,525,000
Florida Investment Quality	R7	6/27/08	55	\$1,375,000
Florida Income	T7	6/25/08	320	\$8,000,000
Florida 2020	F7	6/30/08	240	\$6,000,000
New Jersey Investment Quality	T7	6/25/08	17	\$425,000
New Jersey Income	R7	6/27/08	133	\$3,325,000
New York Income	F7	6/30/08	278	\$6,950,000
	W7	6/26/08	278	\$6,950,000

The Trusts financed the Preferred Share redemptions with cash received from TOB transactions.

Shares issued and outstanding during the years ended October 31, 2007 and October 31, 2006 (December 31, 2007 and December 31, 2006 for Florida 2020) remained constant.

Dividends on seven-day Preferred Shares are cumulative at a rate which is reset every seven days based on the results of an auction. If the Preferred Shares fail to clear the auction on an auction date, the Trust is required to pay the maximum applicable rate on the Preferred Shares to holders of such shares for successive dividend periods until such time as the shares are successfully auctioned. The maximum applicable rate on the Preferred Shares is the higher of 110% of the AA commercial paper rate or 110% of 90% of the Kenny S&P 30-day High Grade Index rate divided by 1.00 minus the marginal tax rate. During the period November 1, 2007 (January 1, 2008 for Florida 2020) to July 31, 2008, the Preferred Shares of the Trusts were successfully remarketed at each remarketing date until February 13, 2008. The low, high and average dividend rates on the Preferred Shares for each Trust for the period November 1, 2007 (January 1, 2008 for Florida 2020) to July 31, 2008 were as follows:

	Series	Low	High	Average
California Investment Quality	W7	2.350%	4.356%	3.184%
California Income	T7	2.535%	4.810%	3.350%
	R7	2.458%	4.810%	3.360%
Florida 2020	F7	2.483%	4.600%	3.260%
Florida Investment Quality	R7	2.459%	5.000%	3.565%
Florida Income	T7	2.535%	4.600%	3.403%
New Jersey Investment Quality	T7	2.536%	4.356%	3.310%
New Jersey Income	R7	2.458%	4.910%	3.427%
New York Investment Quality	F7	2.190%	5.750%	3.408%
New York Income	W7	2.190%	4.780%	3.343%
	F7	2.390%	4.508%	3.197%

Since February 13, 2008, the Preferred Shares of the Trusts failed to clear any of their auctions. As a result, the Preferred Shares dividend rates were reset to the maximum applicable rate, which ranged from 2.40% to 4.508%. A failed auction is not an event of default for the Trusts but it has a negative impact on

the liquidity of the Preferred Shares. A failed auction occurs when there are more sellers of a fund's auction rate preferred shares than buyers. It is impossible to predict how long this imbalance will last. A successful auction for the Trusts' Preferred Shares may not occur for some time, if ever, and even if liquidity does resume, holders of the Preferred Shares may not have the ability to sell the Preferred Shares at their liquidation preference.

The Trusts may not declare dividends or make other distributions on Common Shares or purchase any such shares if, at the time of the declaration, distribution or purchase, asset coverage with respect to the outstanding Preferred Shares is less than 200%.

The Preferred Shares are redeemable at the option of each Trust, in whole or in part, on any dividend payment date at \$25,000 per share plus any accumulated unpaid dividends whether or not declared. The Preferred Shares are also subject to mandatory redemption at \$25,000 per share plus any accumulated or unpaid dividends, whether or not declared, if certain requirements relating to the composition of the assets and liabilities of a Trust, as set forth in each Trust's Statement of Preferences/Articles Supplementary/Certificate of Designation are not satisfied.

The holders of Preferred Shares have voting rights equal to the holders of Common Shares (one vote per share) and will vote together with holders of Common Shares (one vote per share) as a single class. However, holders of Preferred Shares, voting as a separate class, are also entitled to elect two Trustees for each Trust. In addition, the 1940 Act requires that along with approval by shareholders that might otherwise be required, the approval of the holders of a majority of any outstanding Preferred Shares, voting separately as a class, would be required to (a) adopt any plan of reorganization that would adversely affect the Preferred Shares, (b) change a Trust's sub-classification as a closed-end investment company or change its fundamental investment restrictions or (c) change its business so as to cease to be an investment company.

5. Income Tax Information:

Reclassifications: Accounting principles generally accepted in the United States of America require that certain components of net assets be adjusted to reflect permanent differences between financial and tax reporting. These reclassification have no effect on net assets or net asset values per share.

During the current period, \$13 has been reclassified in California Investment Quality between undistributed net investment income and accumulated net realized loss as a result of permanent differences attributable to amortization methods on fixed income securities and the tax classification of distributions received from a regulated investment company.

During the current period, \$5,087 has been reclassified in California Income between paid in capital and undistributed net investment income and \$302 has been reclassified between undistributed net investment income and accumulated net realized loss as a result of permanent differences attributable to nondeductible excise tax paid and amortization methods on fixed income securities.

Notes to Financial Statements (continued)

During the current period, \$6,394 has been reclassified in Florida 2020 between undistributed net investment income and accumulated net realized gain as a result of permanent differences attributable to distribution recharacterizations.

During the current period, \$381 has been reclassified in New Jersey Investment Quality between paid in capital and undistributed net investment income as a result of a permanent difference attributable to nondeductible excise tax paid.

During the current period, \$3,998 has been reclassified in New Jersey Income between paid in capital and undistributed net investment income as a result of a permanent difference attributable to nondeductible excise tax paid.

During the current period, \$4,456 has been reclassified in New York Income between paid in capital and undistributed net investment income as a result of a permanent difference attributable to nondeductible excise tax paid.

California Investment Quality

The tax character of distributions paid during the period November 1, 2007 to July 31, 2008 and the years ended October 31, 2007 and 2006 was as follows:

	11/01/07 to 7/31/08	10/31/07	10/31/06
Distributions paid from:			
Tax-exempt income	\$ 609,571	\$843,196	\$1,069,125
Long-term capital gains		68,629	
Total distributions	\$ 609,571	\$ 911,825	\$1,069,125

As of July 31, 2008, the components of accumulated losses on a tax basis were as follows:

Undistributed tax-exempt net income	\$0
Capital loss carryforward	(108,911)*
Net unrealized losses	(301,277)**
Total accumulated net losses	\$(410,188)

* On July 31, 2008, the Fund had a capital loss carryforward of \$108,911, of which \$5,173 expires in 2015, and \$103,738 expires in 2016. This amount will be available to offset future realized capital gains.

** The difference between book-basis and tax-basis net unrealized losses is attributable primarily to the difference between book and tax amortization methods for premiums and discounts on fixed income securities, the deferral of compensation to trustees, the difference between the book and tax treatment of residual interests in tender option bond trusts and the timing of income recognition on partnership interests.

California Income

The tax character of distributions paid during the period November 1, 2007 to July 31, 2008 and the years ended October 31, 2007 and 2006 was as follows:

	11/01/07 to 7/31/08	10/31/07	10/31/06
Distributions paid from:			
Tax-exempt income	\$13,255,742	\$18,339,053	\$17,652,513
Ordinary income	485,697		
Total distributions	\$13,741,439	\$18,339,053	\$17,652,513

As of July 31, 2008, the components of accumulated losses on a tax basis were as follows:

Undistributed tax-exempt net	\$1,848,951
Capital loss carryforward	(4,567,977)*
Net unrealized losses	(625,832)**
Total accumulated net losses	\$(3,344,858)

* On July 31, 2008, the Fund had a capital loss carryforward of \$4,567,977, of which \$3,247,213 expires in 2012, and \$1,320,764 expires in 2014. This amount will be available to offset future realized capital gains.

** The difference between book-basis and tax-basis net unrealized losses is attributable primarily to the difference between book and tax amortization methods for premiums and discounts on fixed income securities, the deferral of compensation to trustees, the difference between the book and tax treatment of residual interests in tender option bond trusts and the timing of income recognition on partnership interests.

Florida Investment Quality

The tax character of distributions paid during the period November 1, 2007 to July 31, 2008 and the years ended October 31, 2007 and 2006 was as follows:

	11/01/07 to 7/31/08	10/31/07	10/31/06
Distributions paid from:			
Tax-exempt income	\$678,525	\$967,562	\$1,193,991
Ordinary income			2,626
Long-term capital gains		96,447	339,437
Total distributions	\$678,525	\$1,064,009	\$1,536,054

As of July 31, 2008, the components of accumulated losses on a tax basis were as follows:

Undistributed tax-exempt net income	\$22,893
Capital loss carryforward	(526,797)*
Net unrealized losses	(637,272)**
Total accumulated net losses	\$(1,141,176)

* On July 31, 2008, the Fund had a capital loss carryforward of \$526,797 of which \$137,267 expires in 2015, and \$389,530 expires in 2016. This amount will be available to offset future realized capital gains.

** The difference between book-basis and tax-basis net unrealized losses is attributable primarily to the difference between book and tax amortization methods for premiums and discounts on fixed income securities, the difference between the book and tax treatment of residual interests in tender option

bond trusts and the deferral of compensation to trustees.

Florida Income

The tax character of distributions paid during the period November 1, 2007 to July 31, 2008 and the years ended October 31, 2007 and 2006 was as follows:

	11/01/07 to 7/31/08	10/31/07	10/31/06
Distributions paid from:			
Tax-exempt income	\$5,850,358	\$8,128,970	\$7,830,368
Total distributions	\$5,850,358	\$8,128,970	\$7,830,368

As of July 31, 2008, the components of accumulated losses on a tax basis were as follows:

Undistributed tax-exempt net income	\$713,439
Capital loss carryforward	(2,089,409)*
Net unrealized gains	643,949 **
Total accumulated net losses	\$(732,021)

Notes to Financial Statements (continued)

* On July 31, 2008, the Fund had a capital loss carryforward of \$2,089,409, of which \$796,318 expires in 2012, \$426,674 expires in 2015 and \$866,417 expires in 2016. This amount will be available to offset future realized capital gains.

** The difference between book-basis and tax-basis net unrealized gains is attributable primarily to the difference between book and tax amortization methods for premiums and discounts on fixed income securities, the difference between the book and tax treatment of residual interests in tender option bond trusts and the deferral of compensation to trustees.

Florida 2020

The tax character of distributions paid during the period January 1, 2008 to July 31, 2008 and the years ended December 31, 2007 and 2006 was as follows:

	1/01/08 to 7/31/08	12/31/07	12/31/06
Distributions paid from:			
Tax-exempt income	\$2,898,556	\$5,124,598	\$5,322,631
Ordinary income		5,472	
Long-term capital gains		308,097	
Total distributions	\$2,898,556	\$5,438,167	\$5,322,631

As of July 31, 2008, the components of accumulated losses on a tax basis were as follows:

Undistributed tax-exempt net income	\$725,478
Capital loss carryforward	(28,100)*
Net unrealized gains	(841,535)**
Total accumulated net losses	\$(144,157)

* On July 31, 2008, the Fund had a capital loss carryforward of \$28,100, all of which expires in 2016.

** The difference between book-basis and tax-basis net unrealized losses is attributable primarily to the difference between the book and tax treatment of residual interests in tender option bond trusts and the deferral of compensation to trustees.

New Jersey Investment Quality

The tax character of distributions paid during the period November 1, 2007 to July 31, 2008 and the years ended October 31, 2007 and 2006 was as follows:

	11/01/07 to 7/31/08	10/31/07	10/31/06
Distributions paid from:			
Tax-exempt income	\$759,306	\$1,067,344	\$1,051,755
Ordinary income	39,919		
Long-term capital gains		55,732	152,406
Total distributions	\$799,225	\$1,123,076	\$1,204,161

As of July 31, 2008, the components of accumulated losses on a tax basis were as follows:

Undistributed tax-exempt net income	\$64,489
Capital loss carryforward	(297,372)*
Net unrealized gains	(578,214)**
Total accumulated net losses	\$(811,097)

* On July 31, 2008, the Fund had a capital loss carryforward of \$297,372 of which \$52,624 expires in 2015, and \$244,748 expires in 2016. This amount will be available to offset future realized capital gains.

** The difference between book-basis and tax-basis net unrealized losses is attributable primarily to the difference between book and tax amortization methods for premiums and discounts on fixed income securities, the difference between the book and tax treatment of residual interests in tender option bond trusts, the deferral of compensation to trustees and the timing of income recognition on partnership interests.

New Jersey Income

The tax character of distributions paid during the period November 1, 2007 to July 31, 2008 and the years ended October 31, 2007 and 2006 was as follows:

	11/01/07 to 7/31/08	10/31/07	10/31/06
Distributions paid from:			
Tax-exempt income	\$6,885,946	\$9,372,085	\$9,057,294
Ordinary income	417,360		
Total distributions	\$7,303,306	\$9,372,085	\$9,057,294

As of July 31, 2008, the components of accumulated losses on a tax basis were as follows:

Undistributed tax-exempt net income	\$1,388,759
Capital loss carryforward	(1,196,799)*
Net unrealized gains	(697,466)**
Total accumulated net losses	\$(505,506)

* On July 31, 2008, the Fund had a capital loss carryforward of \$1,196,799, of which \$588,553 expires in 2012, \$592,744 expires in 2015 and \$15,502 expires in 2016. This amount will be available to offset future realized capital gains.

** The difference between book-basis and tax-basis net unrealized losses is attributable primarily to the difference between book and tax amortization methods for premiums and discounts on fixed income securities, the deferral of compensation to trustees, the timing of income recognition on partnership interests and the difference between the book and tax treatment of residual interests in tender option bond trusts.

New York Investment Quality

The tax character of distributions paid during the period November 1, 2007 to July 31, 2008 and the years ended October 31, 2007 and 2006 was as follows:

	11/01/07 to 7/31/08	10/31/07	10/31/06
Distributions paid from:			

Edgar Filing: BLACKROCK NEW YORK MUNICIPAL INCOME TRUST - Form N-CSR

Tax-exempt income	\$972,213	\$1,446,723	\$1,423,375
Ordinary income	14,189		
Long-term capital gains	167,624	26,367	129,549
Total distributions	\$1,154,026	\$1,473,090	\$1,552,924

As of July 31, 2008, the components of accumulated losses on a tax basis were as follows:

Undistributed tax-exempt net income	\$61,127
Capital loss carryforward	(55,630)*
Net unrealized gains	(288,787)**
Total accumulated net losses	\$(283,290)

* On July 31, 2008, the Fund had a capital loss carryforward of \$55,630 all of which expires in 2016. This amount will be available to offset future realized capital gains.

** The difference between book-basis and tax-basis net unrealized losses is attributable primarily to the deferral of compensation to trustees.

New York Income

The tax character of distributions paid during the period November 1, 2007 to July 31, 2008 and the years ended October 31, 2007 and 2006 was as follows:

Notes to Financial Statements (concluded)

	11/01/07 to 7/31/08	10/31/07	10/31/06
Distributions paid from:			
Tax-exempt income	\$11,129,098	\$14,996,361	\$14,642,419
Ordinary income	507,700		
Total distributions	\$11,636,798	\$14,996,361	\$14,642,419

As of July 31, 2008, the components of accumulated losses on a tax basis were as follows:

Undistributed tax-exempt net income	\$2,970,618
Capital loss carryforward	(656,574)*
Net unrealized losses	(6,492,650)**
Total accumulated net losses	\$(4,178,606)

* On July 31, 2008, the Fund had a capital loss carryforward of \$656,574, of which \$197,144 expires in 2012 and \$459,430 expires in 2016. This amount will be available to offset future realized capital gains.

** The difference between book-basis and tax-basis net unrealized losses is attributable primarily to the difference between book and tax amortization methods for premiums and discounts on fixed income securities, the deferral of post-October capital losses for tax purposes, the deferral of compensation to trustees, the difference between book and tax treatment of residual interests in tender option bond trusts and the timing of income recognition on partnership interests.

6. Concentration Risk:

Each Trust's investments are concentrated in certain states, which may be affected by adverse financial, social, environmental, economic, regulatory and political factors.

Many municipalities insure repayment of their bonds, which reduces the risk of loss to issuer default. The market value of these bonds may fluctuate for other reasons, including market perception of the value of such insurance, and there is no guarantee that the insurance company will meet its obligations.

7. Subsequent Events:

The Trusts paid a net investment income dividend in the following amounts per share on September 2, 2008 to shareholders of record on August 15, 2008:

Common Dividend

	Per Share
California Income	\$0.068200
California Investment Quality	0.046500
Florida 2020	0.051000
Florida Investment Quality	0.044500
Florida Income	0.072875
New Jersey Investment Quality	0.051400
New Jersey Income	0.077600
New York Investment Quality	0.058200
New York Income	0.075339

The dividends declared on Preferred Shares for the period August 1, 2008 to August 31, 2008 for the Trusts were as follows:

	Series Dividends Declared	
California Investment Quality	W7	\$16,986
California Income	T7	\$126,589
	R7	\$124,410
Florida 2020	F7	\$116,139
Florida Investment Quality	R7	\$14,660
Florida Income	T7	\$104,273
New Jersey Investment Quality	T7	\$17,754
New Jersey Income	R7	\$149,132
New York Investment Quality	F7	\$24,901
New York Income	W7	\$119,236
	F7	\$121,764

On September 12, 2008, the Board of Directors of Florida Investment Quality and Florida Income voted unanimously to change a non-fundamental investment policy of the Trusts, and to rename the Trusts BlackRock Investment Quality Municipal Income Trust and BlackRock Municipal Income Investment Trust, respectively. The Trusts' previous non-fundamental investment policy required Florida Investment Quality to invest at least 80% of its assets, and Florida Income to invest at least 80% of its total assets, in Florida municipal bonds rated investment grade at the time of investment. Due to the repeal of the Florida Intangible Personal Property Tax as of January 2007, the Board has approved an amended policy allowing the Trusts flexibility to invest in municipal obligations regardless of geographic location. The Trusts' new investment policy, under normal market conditions, is to invest at least 80% of their assets or total assets, as the case may be, in municipal bonds rated investment grade at the time of investment. The approved changes will not alter the Trusts' investment objectives.

Under current market conditions, the Advisor anticipates that it will gradually reposition the Trusts' portfolios over time and that during such period the Trusts may continue to hold a substantial portion of its assets in Florida municipal bonds. At this time, it is uncertain how long the repositioning may take, and the Trusts will continue to be subject to risks associated with investing a substantial portion of its assets in Florida municipal bonds until the repositioning is complete.

The Advisor and the Board believe the amended policy will allow the Advisor to better manage the Trusts' portfolios in the best interests of the Trusts' shareholders and to better meet the Trusts' investment objectives.

On September 15, 2008, Bank of America Corporation announced that it has agreed to acquire Merrill Lynch, one of the principal owners of BlackRock, Inc. The purchase has been approved by the directors of both companies. Subject to shareholder and regulatory approvals, the transaction is expected to close in the first quarter of 2009.

We have audited the accompanying statements of assets and liabilities, including the schedules of investments, of BlackRock California Investment Quality Municipal Trust Inc., BlackRock California Municipal Income Trust, BlackRock Florida Investment Quality Municipal Trust, BlackRock Florida Municipal Income Trust, BlackRock New Jersey Investment Quality Municipal Trust Inc., BlackRock New Jersey Municipal Income Trust, BlackRock New York Investment Quality Municipal Trust Inc. and BlackRock New York Municipal Income Trust as of July 31, 2008, and the related statements of operations for the period November 1, 2007 to July 31, 2008 and for the year ended October 31, 2007, the statements of changes in net assets for the period November 1, 2007 to July 31, 2008 and for each of the two years in the period ended October 31, 2007, and the financial highlights for the period November 1, 2007 to July 31, 2008 and for each of the five years in the period ended October 31, 2007. We have also audited the accompanying statement of assets and liabilities, including the schedule of investments, of BlackRock Florida Municipal 2020 Term Trust as of July 31, 2008, and the related statements of operations for the period January 1, 2008 to July 31, 2008 and for the year ended December 31, 2007, the statements of changes in net assets for the period January 1, 2008 to July 31, 2008 and for each of the two years in the period ended December 31, 2007, and the financial highlights for the periods presented. These financial statements and financial highlights are the responsibility of the Trusts' management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. The Trusts are not required to have, nor were we engaged to perform, an audit of their internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trusts' internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of July 31, 2008, by correspondence with the custodian and brokers; where replies were not received from brokers, we performed other auditing procedures. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial positions of BlackRock California Investment Quality Municipal Trust Inc., BlackRock California Municipal Income Trust, BlackRock Florida Investment Quality Municipal Trust, BlackRock Florida Municipal Income Trust, BlackRock New Jersey Investment Quality Municipal Trust Inc., BlackRock New Jersey Municipal Income Trust, BlackRock New York Investment Quality Municipal Trust

Inc. and BlackRock New York Municipal Income Trust as of July 31, 2008, the results of their operations for the period November 1, 2007 to July 31, 2008 and for the year ended October 31, 2007, the changes in their net assets for the period November 1, 2007 to July 31, 2008 and for each of the two years in the period ended October 31, 2007, and the financial highlights for the period November 1, 2007 to July 31, 2008 and for each of the five years in the period ended October 31, 2007, in conformity with accounting principles generally accepted in the United States of America. Additionally, in our opinion, the financial statements and financial highlights referred to above, present fairly, in all material respects, the financial position of BlackRock Florida Municipal 2020 Term Trust as of July 31, 2008, the results of its operations for the period January 1, 2008 to July 31, 2008 and for the year ended December 31, 2007, the changes in its net assets for the period January 1, 2008 to July 31, 2008 and for each of the two years in the period ended December 31, 2007, and the financial highlights for the periods presented, in conformity with accounting principles generally accepted in the United States of America.

Disclosure of Investment Advisory Agreement and Subadvisory Agreement

The Board of Trustees or the Board of Directors, as the case may be (collectively, the Board, the members of which are referred to as Directors), of the BlackRock California Investment Quality Municipal Trust Inc. (RAA), BlackRock California Municipal Income Trust (BFZ), BlackRock Florida Investment Quality Municipal Trust (RFA), BlackRock Florida Municipal 2020 Term Trust (BFO), BlackRock New Jersey Investment Quality Municipal Trust Inc. (RNJ), BlackRock New Jersey Municipal Income Trust (BNJ), BlackRock New York Investment Quality Municipal Trust Inc. (RNY), BlackRock New York Municipal Income Trust (BNY) and BlackRock Florida Municipal Income Trust (BBF, and together with RAA, BFZ, RFA, BFO, RNJ, BNJ, RNY and BNY, the Funds) met in April and May 2008 to consider approving the continuation of each Fund's investment advisory agreement (each, an Advisory Agreement) with BlackRock Advisors, LLC (the Advisor), each Fund's investment adviser. The Board also considered the approval of each Fund's subadvisory agreement (each, a Subadvisory Agreement and, together with the Advisory Agreement, the Agreements) between the Advisor and BlackRock Financial Management, Inc. (the Subadvisor). The Advisor and the Subadvisor are collectively referred to herein as the Advisors and, together with BlackRock, Inc., BlackRock.

Disclosure regarding BFO's Investment Advisory Agreement and Subadvisory Agreement can be found in its semi-annual report dated June 30, 2008 and it is incorporated herein by reference.

Activities and Composition of the Board

The Board of each Fund consists of thirteen individuals, eleven of whom are not interested persons of the Funds as defined in the Investment Company Act of 1940 (the 1940 Act) (the Independent Directors). The Directors are responsible for the oversight of the operations of the Funds and perform the various duties imposed on the directors of investment companies by the 1940 Act. The Independent Directors have retained independent legal counsel to assist them in connection with their duties. The Chairman of the Board is an Independent Director. The Board has established four standing committees: an Audit Committee, a Governance and Nominating Committee, a Compliance Committee and a Performance Oversight Committee.

Advisory Agreement and Subadvisory Agreement

Upon the consummation of the combination of BlackRock, Inc.'s investment management business with Merrill Lynch & Co., Inc.'s investment management business, including Merrill Lynch Investment Managers, L.P., and certain affiliates, each Fund entered into an Advisory Agreement and a Subadvisory Agreement, each with an initial two-year term. Consistent with the 1940 Act, after the Advisory Agreement's and Subadvisory Agreement's respective initial two-year term, the Board is required to consider the continuation of each Fund's Advisory Agreement and Subadvisory Agreement on an annual basis. In connection with this process, the Board assessed, among other things, the nature, scope and quality of the services provided

[Disclosure of Investment Advisory Agreement and Subadvisory Agreement \(continued\)](#)

to each Fund by the personnel of BlackRock and its affiliates, including investment advisory services, administrative services, secondary market support services, oversight of fund accounting and custody, and assistance in meeting legal and regulatory requirements. The Board also received and assessed information regarding the services provided to each Fund by certain unaffiliated service providers.

Throughout the year, the Board also considered a range of information in connection with its oversight of the services provided by BlackRock and its affiliates. Among the matters the Board considered were: (a) investment performance for one-, three- and five-year periods, as applicable, against peer funds, as well as senior management and portfolio managers' analysis of the reasons for underperformance, if applicable; (b) fees, including advisory, administration and other fees paid to BlackRock and its affiliates by each Fund, as applicable; (c) Fund operating expenses paid to third parties; (d) the resources devoted to and compliance reports relating to each Fund's investment objective, policies and restrictions; (e) each Fund's compliance with its Code of Ethics and compliance policies and procedures; (f) the nature, cost and character of non-investment management services provided by BlackRock and its affiliates; (g) BlackRock's and other service providers' internal controls; (h) BlackRock's implementation of the proxy voting guidelines approved by the Board; (i) execution quality; (j) valuation and liquidity procedures; and (k) reviews of BlackRock's business, including BlackRock's response to the increasing scale of its business.

Board Considerations in Approving the Advisory Agreement and Subadvisory Agreement

To assist the Board in its evaluation of the Agreements, the Directors received information from BlackRock in advance of the April 22, 2008 meeting which detailed, among other things, the organization, business lines and capabilities of the Advisors, including: (a) the responsibilities of various departments and key personnel and biographical information relating to key personnel; (b) financial statements for BlackRock; (c) the advisory and/or administrative fees paid by each Fund to the Advisors, including comparisons, compiled by Lipper Inc. (Lipper), an independent third party, with the management fees, which include advisory and administration fees, of funds with similar investment objectives (Peers); (d) the profitability of BlackRock and certain industry profitability analyses for advisers to registered investment companies; (e) the expenses of BlackRock in providing various services; (f) non-investment advisory reimbursements, if applicable, and fallout benefits to BlackRock; (g) economies of scale, if any, generated through the Advisors' management of all of the BlackRock closed-end funds (the Fund Complex); (h) the expenses of each Fund, including comparisons of each such Fund's expense ratios (both before and after any fee waivers) with the expense ratios of its Peers; (i) an internal comparison of management fees classified by Lipper, if applicable; and (j) each Fund's performance for the past one-, three- and five-year periods, as applicable, as well as each Fund's performance compared to its Peers.

The Board also considered other matters it deemed important to the approval process, where applicable, such as payments made to BlackRock or its affiliates relating to the distribution of Fund shares, services related to the valuation and pricing of Fund portfolio holdings, and direct and indirect benefits to BlackRock and its affiliates from their relationship with the Funds.

In addition to the foregoing materials, independent legal counsel to the Independent Directors provided a legal memorandum outlining, among other things, the duties of the Board under the 1940 Act, as well as the general principles of relevant law in reviewing and approving advisory contracts, the requirements of the 1940 Act in such matters, an adviser's fiduciary duty with respect to advisory agreements and compensation, and the standards used by courts in determining whether investment company boards of directors have fulfilled their duties and the factors to be considered by boards in voting on advisory agreements.

The Independent Directors reviewed this information and discussed it with independent legal counsel prior to the meeting on April 22, 2008. At the Board meeting on April 22, 2008, BlackRock made a presentation to and responded to questions from the Board. Following the meeting on April 22, 2008, the Board presented BlackRock with questions and requests for additional information. BlackRock responded to these requests with additional written materials provided to the Directors prior to the meetings on May 29 and 30, 2008. At the Board meetings on May 29 and 30, 2008, BlackRock responded to further questions from the Board. In connection with BlackRock's presentations, the Board considered each Agreement and, in consultation with independent legal counsel, reviewed the factors set out in judicial decisions and Securities and Exchange Commission (SEC) statements relating to the renewal of the Agreements.

Matters Considered by the Board

In connection with its deliberations with respect to the Agreements, the Board considered all factors it believed relevant with respect to each Fund, including the following: the nature, extent and quality of the services provided by the Advisors; the investment performance of each Fund; the costs of the services to be provided and profits to be realized by the Advisors and their affiliates from their relationship with the Funds; the extent to which economies of scale would be realized as the Fund Complex grows; and whether BlackRock realizes other benefits from its relationship with the Funds.

A. Nature, Extent and Quality of the Services: In evaluating the nature, extent and quality of the Advisors' services, the Board reviewed information concerning the types of services that the Advisors provide and are expected to provide to each Fund, narrative and statistical information concerning each Fund's performance record and how such performance compares to each Fund's Peers, information describing BlackRock's organization and its various departments, the experience and responsibilities of key personnel and available resources. The Board noted the willingness of the personnel of BlackRock to engage in open, candid discussions with the Board. The Board further considered the quality of the Advisors' investment process in making portfolio management decisions.

In addition to advisory services, the Directors considered the quality of the administrative and non-investment advisory services provided to the Funds. The Advisors and their affiliates provided each Fund with such administra-

[Disclosure of Investment Advisory Agreement and Subadvisory Agreement \(continued\)](#)

tive and other services, as applicable (in addition to any such services provided by others for the Funds), and officers and other personnel as are necessary for the operations of the respective Fund. In addition to investment management services, the Advisors and their affiliates provided each Fund with services such as: preparing shareholder reports and communications, including annual and semi-annual financial statements and the Funds' websites; communications with analysts to support secondary market trading; assisting with daily accounting and pricing; preparing periodic filings with regulators and stock exchanges; overseeing and coordinating the activities of other service providers; administering and organizing Board meetings and preparing the Board materials for such meetings; providing legal and compliance support (such as helping to prepare proxy statements and responding to regulatory inquiries); and performing other Fund administrative tasks necessary for the operation of the respective Fund (such as tax reporting and fulfilling regulatory filing requirements). The Board considered the Advisors' policies and procedures for assuring compliance with applicable laws and regulations.

B. The Investment Performance of the Funds and BlackRock: As previously noted, the Board received performance information regarding each Fund and its Peers. Among other things, the Board received materials reflecting each Fund's historic performance and each Fund's performance compared to its Peers. More specifically, each Fund's one-, three- and five-year total returns (as applicable) were evaluated relative to its Peers (including the Peers' median performance).

The Board reviewed a narrative and statistical analysis of the Lipper data that was prepared by BlackRock, which analyzed various factors that affect Lipper rankings.

The Board noted that RAA, RFA and RNY performed below the median of each Fund's respective Peers in at least two of the one-, three- and five-year periods reported. The Board then discussed with representatives of BlackRock the reasons for each Fund's underperformance during these periods compared with its Peers. The Board noted that the underperformance of RAA, RFA and RNY was largely the result of overdistribution in prior periods and defensive investment in a period of generally declining yields.

For each of RAA, RFA and RNY, the Board concluded that BlackRock was committed to providing the resources necessary to assist the portfolio managers and to continue improving each Fund's performance. Based on its review, the Board generally was satisfied with BlackRock's efforts to manage each of the Funds.

The Board noted that, although RNJ underperformed its Peers in at least two of the one-, three- and five-year periods reported, it outperformed its Peers in a subset of the Lipper universe in at least two of such periods based on a customized performance comparison provided by BlackRock which gives a greater significance to current distributions, providing a more accurate comparison.

The Board noted that in general BFZ, BNJ, BBF and BNY performed better than their respective Peers in that their performance was at or above the median in at least two of the one-, three- and five-year periods reported. After considering this information, the Boards concluded that the performance of each Fund, in light of and after considering the other facts and circumstances applicable to each Fund, supports a conclusion that each Fund's Agreements should be renewed.

C. Consideration of the Advisory Fees and the Cost of the Services and Profits to be Realized by BlackRock and its Affiliates from their Relationship with the Funds: In evaluating the management fees and expenses that each Fund is expected to bear, the Board considered each Fund's current management fee structure and each Fund's expense ratios in absolute terms as well as relative to the fees and expense ratios of its applicable Peers. The Board, among other things, reviewed comparisons of each

Fund's gross management fees before and after any applicable reimbursements and fee waivers and total expense ratios before and after any applicable waivers with those of applicable Peers. The Board also reviewed a narrative analysis of the Peer rankings prepared by Lipper and summarized by BlackRock at the request of the Board. This summary placed the Peer rankings into context by analyzing various factors that affect these comparisons.

The Board noted that each of RAA, BFZ, RFA, RNJ, BNJ, RNY and BNY paid contractual management fees lower than or equal to the median contractual fees paid by each Fund's respective Peers. This comparison was made without giving effect to any expense reimbursements or fee waivers.

The Board noted that, although BBF paid contractual management fees higher than the median of its Peers, such fees were no more than 5 basis points greater than the median amount and therefore considered not to be materially higher than that of its Peers. This comparison was made without giving effect to any expense reimbursements or fee waivers.

The Board also compared the management fees charged and services provided by the Advisors to closed-end funds in general versus other types of clients (such as open-end investment companies and separately managed institutional accounts) in similar investment categories. The Board noted certain differences in services provided and costs incurred by the Advisor with respect to closed-end funds compared to these other types of clients and the reasons for such differences.

In connection with the Board's consideration of the fees and expense information, the Board reviewed the considerable investment management experience of the Advisors and considered the high level of investment management, administrative and other services provided by the Advisors. In light of these factors and the other facts and circumstances applicable to each Fund, the Board concluded that the fees paid and level of expenses incurred by each Fund under its Agreements support a conclusion that each Fund's Agreements should be renewed.

D. Profitability of BlackRock: The Board also considered BlackRock's profitability in conjunction with its review of fees. The Board reviewed BlackRock's profitability with respect to the Fund Complex and other fund complexes managed by the Advisors. In reviewing profitability, the Board recognized that one of the most difficult issues in determining profitability is establishing a method of allocating expenses. The Board also reviewed

[Disclosure of Investment Advisory Agreement and Subadvisory Agreement \(concluded\)](#)

BlackRock's assumptions and methodology of allocating expenses, noting the inherent limitations in allocating costs among various advisory products. The Board also recognized that individual fund or product line profitability of other advisors is generally not publicly available.

The Board recognized that profitability may be affected by numerous factors including, among other things, the types of funds managed, expense allocations and business mix, and therefore comparability of profitability is somewhat limited. Nevertheless, to the extent available, the Board considered BlackRock's operating margin compared to the operating margin estimated by BlackRock for a leading investment management firm whose operations consist primarily of advising closed-end funds. The comparison indicated that BlackRock's operating margin was approximately the same as the operating margin of such firm.

In evaluating the reasonableness of the Advisors' compensation, the Board also considered any other revenues paid to the Advisors, including partial reimbursements paid to the Advisors for certain non-investment advisory services, if applicable. The Board noted that these payments were less than the Advisors' costs for providing these services. The Board also considered indirect benefits (such as soft dollar arrangements) that the Advisors and their affiliates are expected to receive, which are attributable to their management of the Fund.

The Board concluded that BlackRock's profitability, in light of all the other facts and circumstances applicable to each Fund, supports a conclusion that each Fund's Agreements should be renewed.

E. Economies of Scale: In reviewing each Fund's fees and expenses, the Board examined the potential benefits of economies of scale, and whether any economies of scale should be reflected in the Fund's fee structure, for example through the use of breakpoints for the Fund or the Fund Complex. In this regard, the Board reviewed information provided by BlackRock, noting that most closed-end fund complexes do not have fund-level breakpoints because closed-end funds generally do not experience substantial growth after their initial public offering and each fund is managed independently consistent with its own investment objectives. The Board noted that only three closed-end funds in the Fund Complex have breakpoints in their fee structures. Information provided by Lipper also revealed that only one closed-end fund complex used a complex-level breakpoint structure. The Board found, based on its review of comparable funds, that each Fund's management fee is appropriate in light of the scale of the respective Fund.

F. Other Factors: In evaluating fees, the Board also considered indirect benefits or profits the Advisors or their affiliates may receive as a result of their relationships with the Funds ("fall-out benefits"). The Directors, including the Independent Directors, considered the intangible benefits that accrue to the Advisors and their affiliates by virtue of their relationships with the Funds, including potential benefits accruing to the Advisors and their affiliates as a result of participating in offerings of the Funds' shares, potentially stronger relationships with members of the broker-dealer community, increased name recognition of the Advisors and their affiliates, enhanced sales of other investment funds and products sponsored by the Advisors and their affiliates and increased assets under management which may increase the benefits realized by the Advisors from soft dollar arrangements with broker-dealers. The Board also considered the unquantifiable nature of these potential benefits.

Conclusion with Respect to the Agreements

In reviewing the Agreements, the Directors did not identify any single factor discussed above as all-important or controlling and different Directors may have attributed different weights to the various factors considered. The Directors, including the Independent Directors, unanimously determined that each of the factors described above, in light of all the other factors and all of the facts and circumstances

applicable to each respective Fund, was acceptable for each Fund and supported the Directors conclusion that the terms of each Agreement were fair and reasonable, that each Fund's fees are reasonable in light of the services provided to the respective Fund and that each Agreement should be approved.

ANNUAL REPORT

JULY 31, 2008

63

Dividend Reinvestment Plans

Pursuant to each Trust's Dividend Reinvestment Plan (the Plan), common shareholders are automatically enrolled to have all distributions of dividends and capital gains reinvested by Computershare Trust Company, N.A. (the Plan Agent) in the respective Trust's shares pursuant to the Plan. Shareholders who elect not to participate in the Plan will receive all distributions in cash paid by check and mailed directly to the shareholders of record (or if the shares are held in street or other nominee name, then to the nominee) by the Plan Agent, which serves as agent for the shareholders in administering the Plan.

At present, after an Investment Quality Trust and Florida 2020 declares a dividend or determines to make a capital gain distribution, the Plan Agent will acquire shares for the participant's account, by the purchase of outstanding shares on the open market, on the Trust's primary exchange or elsewhere (open market purchases). The Investment Quality Trusts do not presently issue any new shares under the Plan, which serves as agent for the shareholders in administering the Plan.

After the Income Trusts declare a dividend or determine to make a capital gain distribution, the Plan Agent will acquire shares for the participants' accounts, depending upon the circumstances described below, either (i) through receipt of unissued but authorized shares from the Trust (newly issued shares) or (ii) by open market purchases. If, on the dividend payment date, the net asset value per share (NAV) is equal to or less than the market price per share plus estimated brokerage commissions (such condition being referred to herein as market premium), the Plan Agent will invest the dividend amount in newly issued shares on behalf of the participants. The number of newly issued shares to be credited to each participant's account will be determined by dividing the dollar amount of the dividend by the NAV on the date the shares are issued. However, if the NAV is less than 95% of the market price on the payment date, the dollar amount of the dividend will be divided by 95% of the market price on the payment date. If, on the dividend payment date, the NAV is greater than the market value per share plus estimated brokerage commissions (such condition being referred to herein as market discount), the Plan Agent will invest the dividend amount in shares acquired on behalf of the participants in open market purchases.

At a meeting of the Boards of Trustees of the Investment Quality Trusts on November 21, 2006, the Boards approved an amendment to the Dividend Reinvestment Plans of each Investment Quality Trust. Although the Plans presently permit shares to be purchased only the open market, as a result of the amendment, the Plans will permit purchases of newly issued shares on terms similar to the Income Trusts described in the preceding paragraph. The amendments took effect on April 1, 2007.

Participants in the Plan may withdraw from the Plan upon written notice to the Plan Agent and will receive certificates for whole Trust shares and a cash payment for any fraction of a Trust share.

The Plan Agent's fees for the handling of the reinvestment of dividends and distributions will be paid by each Trust. However, each participant will pay a pro rata share of brokerage commissions incurred with respect to the Plan Agent's open market purchases in connection with the reinvestment of dividends and distributions. The automatic reinvestment of dividends and distributions will not relieve participants of any Federal income tax that may be payable on such dividends or distributions.

Each Trust reserves the right to amend or terminate the Plan. There is no direct service charge to participants in the Plan, however, each Trust reserves the right to amend the Plan to include a service charge payable by the participants. Participants who request a sale of shares through the Plan Agent are subject to a \$2.50 sales fee and a \$0.15 per share sold brokerage commission. All correspondence concerning the Plan should be directed to the Plan Agent at 250 Royall Street, Canton, MA 02021, or (800) 699-1BFM.

Additional Information

Fund Certification

The Trusts are listed for trading on the New York Stock Exchange (NYSE) and have filed with the NYSE their annual chief executive officer certification regarding compliance with the NYSE s listing standards. Each Fund filed with the Securities and Exchange Commission (SEC) the certification of their chief executive officer and chief financial officer required by section 302 of the Sabanes-Oxley Act.

Availability of Quarterly Schedule of Investments

Each Trust files their complete schedule of portfolio holdings with the Securities and Exchange Commission (SEC) for the first and third quarters of each fiscal year on Form N-Q. Each Trust s Forms N-Q are available on the SEC s website at <http://www.sec.gov> and may also be reviewed and copied at the SEC s Public Reference Room in Washington, DC.

Information on the operation of the Public Reference Room may be obtained by calling (800) SEC-0330. Each Trust s Forms N-Q may also be obtained upon request and without charge by calling (800) 441-7762.

Electronic Delivery

Electronic copies of most financial reports are available on the Trusts website or shareholders can sign up for e-mail notifications of quarterly statements, annual and semi-annual reports and prospectuses by enrolling in the Trusts electronic delivery program.

Shareholders Who Hold Accounts with Investment Advisors, Banks or Brokerages:

Please contact your financial advisor to enroll. Please note that not all investment advisors, banks or brokerages may offer this service.

General Information

The Trusts do not make available copies of their respective Statements of Additional Information because the Trusts shares are not continuously offered, which means that the Statement of Additional Information of each Trust has not been updated after completion of such Trust s offering and the information contained in each Trust s Statement of Additional Information may have become outdated.

During the period, there were no material changes in any Trusts investment objective or policies or to the Trusts charters or by-laws that were not approved by the shareholders or in the principal risk factors associated with investment in the Trusts. There have been no changes in the persons who are primarily responsible for the day-to-day management of the Trusts portfolios.

The Trusts will mail only one copy of shareholder documents, including annual and semi-annual reports and proxy statements, to shareholders with multiple accounts at the same address. This practice is commonly called householding and it is intended to reduce expenses and eliminate duplicate mailings of shareholder documents. Mailings of your shareholder documents may be householded indefinitely unless you instruct us otherwise. If you do not want the mailing of these documents to be combined with those for

other members of your household, please contact the Trusts at (800) 441-7762.

Quarterly performance, semi-annual and annual reports and other information regarding each Trust may be found on BlackRock's website, which can be accessed at <http://www.blackrock.com>. This reference to BlackRock's website is intended to allow investors public access to information regarding each Trust and does not, and is not intended to, incorporate BlackRock's website into this report.

Section 19 Notices

These amounts and sources of distributions reported are only estimates and are not being provided for tax reporting purposes. The actual amounts and source for tax reporting purposes will depend upon the Trusts' investment experiences during the remainder of its fiscal year end and may be subject to changes based on the tax regulations. The Trusts will send you a Form 1099-DIV for the calendar year that will tell you how to report these distributions for federal income tax purposes.

	Total Fiscal Period to Date Cumulative Distributions by Character			Percentage of Fiscal Period to Date Cumulative Distributions by Character		
	Net Investment Income	Net Realized Capital Gains	Total Per Common Share	Net Investment Income	Net Realized Capital Gains	Total Per Common Share
California Income	\$0.66892	\$0.02309	\$0.69201	97%	3%	100%

Deposit Securities

Effective May 30, 2008, following approval by the Trusts Board and the applicable ratings agencies, the definition of Deposit Securities in the Trusts Statement of Preference/Certificate of Designation/Articles Supplementary was amended in order to facilitate the redemption of the Trusts Preferred Shares. The following phrase was added to the definition of Deposit Securities found in the Trusts Statement of Preference/Certificate of Designation/Articles Supplementary:

; provided, however, that solely in connection with any redemption of Preferred Shares, the term Deposit Securities shall include (i) any committed financing pursuant to a credit agreement, reverse repurchase agreement facility or similar credit arrangement, in each case which makes available to the Corporation, no later than the day preceding the applicable redemption date, cash in an amount not less than the aggregate amount due to Holders by reason of the redemption of their shares of Preferred Shares on such redemption date; and (ii) cash amounts due and payable to the Corporation out of a sale of its securities if such cash amount is not less than the aggregate amount due to Holders by reason of the redemption of their shares of Preferred Shares on such redemption date and such sale will be settled not later than the day preceding the applicable redemption date.

BlackRock Privacy Principles

BlackRock is committed to maintaining the privacy of its current and former fund investors and individual clients (collectively, Clients) and to safeguarding their nonpublic personal information. The following information is provided to help you understand what personal information BlackRock collects, how we protect that information and why in certain cases we share such information with select parties.

If you are located in a jurisdiction where specific laws, rules or regulations require BlackRock to provide you with additional or different privacy-related rights beyond what is set forth below, then BlackRock will comply with those specific laws, rules or regulations.

BlackRock obtains or verifies personal nonpublic information from and about you from different sources, including the following: (i) information we receive from you or, if applicable, your financial intermediary, on applications, forms or other documents; (ii) information about your transactions with us, our affiliates, or others; (iii) information we receive from a consumer reporting agency; and (iv) from visits to our websites.

BlackRock does not sell or disclose to nonaffiliated third parties any nonpublic information about its Clients, except as permitted by law or as necessary to service Client accounts. These nonaffiliated third parties are required to protect the confidentiality and security of this information and to use it only for its intended purpose.

We may share information with our affiliates to service your account or to provide you with information about other BlackRock products or services that may be of interest to you. In addition, BlackRock restricts access to nonpublic personal information about its Clients to those BlackRock employees with a legitimate business need for the information. BlackRock maintains physical, electronic and procedural safeguards that are designed to protect the nonpublic personal information of its Clients, including procedures relating to the proper storage and disposal of such information.

Proxy Voting Policy

The Boards of the Trusts have delegated the voting of proxies for Trust securities to the Advisor pursuant to the Advisor's proxy voting guidelines. Under these guidelines, the Advisor will vote proxies related to Trust securities in the best interests of each Trust and its stockholders. From time to time, a vote may present a conflict between the interests of the Trusts' stockholders, on the one hand, and those of the Advisor or any affiliated person of the Trusts or the Advisor on the other. In such event, provided that the Advisor's Equity Investment Policy Oversight Committee, or a sub-committee thereof (the Committee) is aware of the real or potential conflict or material non-routine matter and if the Committee does not reasonably believe it is able to follow its general voting guidelines (or if the particular proxy matter is not addressed in the guidelines) and vote impartially, the Committee may retain an independent fiduciary to advise the Committee on how to vote or to cast votes on behalf of the Advisor's clients. If the Advisor determines not to retain an independent fiduciary, or does not desire to follow the advice of such independent fiduciary, the Committee shall determine how to vote the proxy after consulting with the Advisor's Portfolio Management Group and/or the Advisor's Legal and Compliance Department and concluding that the vote is in its client's best interest notwithstanding the conflict.

This report is transmitted to shareholders only. It is not a prospectus. Past performance results shown in this report should not be considered a representation of future performance. The Trusts have leveraged their Common Shares, which creates risks for Common Shareholders, including the likelihood of greater volatility of net asset value and market price of the Common Shares and the risk that fluctuations in the short-term dividend rates of the Preferred Shares, currently set at the maximum reset rate as a result of failed auctions, may affect the yield to Common Shareholders. Statements and other information herein are as dated and are subject to change.

A description of the policies and procedures that the Trusts use to determine how to vote proxies relating to portfolio securities is available (1) without charge, upon request, by calling toll-free (800) 411-7762; (2) at www.blackrock.com; and (3) on the Securities and Exchange Commission's website at <http://www.sec.gov>. Information about how each Trust voted proxies relating to securities held in each Trust's portfolio during the most recent 12-month period ended June 30 is available upon request and without charge (1) at www.blackrock.com or by calling (800) 441-7762 and (2) on the Securities and Exchange Commission's website at <http://www.sec.gov>.

#CEF-AR-BK9-0708

Item 2 ☐ Code of Ethics ☐ The registrant (or the ☐Fund☐) has adopted a code of ethics, as of the end of the period covered by this report, applicable to the registrant's principal executive officer, principal financial officer and principal accounting officer, or persons performing similar functions. During the period covered by this report, there have been no amendments to or waivers granted under the code of ethics. A copy of the code of ethics is available without charge at www.blackrock.com.

Item 3 ☐ Audit Committee Financial Expert ☐ The registrant's board of directors or trustees, as applicable (the ☐board of directors☐) has determined that (i) the registrant has the following audit committee financial experts serving on its audit committee and (ii) each audit committee financial expert is independent:

Kent Dixon

Frank J. Fabozzi

James T. Flynn (term began effective November 1, 2007)

W. Carl Kester (term began effective November 1, 2007)

Karen P. Robards (term began effective November 1, 2007)

Robert S. Salomon, Jr. (term began effective November 1, 2007)

The registrant's board of directors has determined that W. Carl Kester and Karen P. Robards qualify as financial experts pursuant to Item 3(c)(4) of Form N-CSR.

Prof. Kester has a thorough understanding of generally accepted accounting principles, financial statements and internal control over financial reporting as well as audit committee functions. Prof. Kester has been involved in providing valuation and other financial consulting services to corporate clients since 1978. Prof. Kester's financial consulting services present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by the registrant's financial statements.

Ms. Robards has a thorough understanding of generally accepted accounting principles, financial statements and internal control over financial reporting as well as audit committee functions. Ms. Robards has been President of Robards & Company, a financial advisory firm, since 1987. Ms. Robards was formerly an investment banker for more than 10 years where she was responsible for evaluating and assessing the performance of companies based on their financial results. Ms. Robards has over 30 years of experience analyzing financial statements. She also is a member of the audit committee of one publicly held company and a non-profit organization.

Under applicable securities laws, a person determined to be an audit committee financial expert will not be deemed an ☐expert☐ for any purpose, including without limitation for the purposes of Section 11 of the Securities Act of 1933, as a result of being designated or identified as an audit committee financial expert. The designation or identification as an audit committee financial expert does not impose on such person any duties, obligations, or liabilities greater than the duties, obligations, and liabilities imposed on such person as a member of the audit committee and board of directors in the absence of such designation or identification.

BlackRock New York Municipal Income Trust	\$26,800	\$28,500	\$3,500	\$1,975	\$6,100	\$6,100	\$1,049	\$1,042

1 The nature of the services include assurance and related services reasonably related to the performance of the audit of financial statements not included in Audit Fees.

2 The nature of the services include tax compliance, tax advice and tax planning.

3 The nature of the services include a review of compliance procedures and attestation thereto.

(e)(1) Audit Committee Pre-Approval Policies and Procedures:

The registrant's audit committee (the "Committee") has adopted policies and procedures with regard to the pre-approval of services. Audit, audit-related and tax compliance services provided to the registrant on an annual basis require specific pre-approval by the Committee. The Committee also must approve other non-audit services provided to the registrant and those non-audit services provided to the registrant's affiliated service providers that relate directly to the operations and the financial reporting of the registrant. Certain of these non-audit services that the Committee believes are a) consistent with the SEC's auditor independence rules and b) routine and recurring services that will not impair the independence of the independent accountants may be approved by the Committee without consideration on a specific case-by-case basis ("general pre-approval"). The term of any general pre-approval is 12 months from the date of the pre-approval, unless the Committee provides for a different period. Tax or other non-audit services provided to the registrant which have a direct impact on the operation or financial reporting of the registrant will only be deemed pre-approved provided that any individual project does not exceed \$10,000 attributable to the registrant or \$50,000 for all of the registrants the Committee oversees. For this purpose, multiple projects will be aggregated to determine if they exceed the previously mentioned cost levels.

Any proposed services exceeding the pre-approved cost levels will require specific pre-approval by the Committee, as will any other services not subject to general pre-approval (e.g., unanticipated but permissible services). The Committee is informed of each service approved subject to general pre-approval at the next regularly scheduled in-person board meeting. At this meeting, an analysis of such services is presented to the Committee for ratification. The Committee may delegate to one or more of its members the authority to approve the provision of and fees for any specific engagement of permitted non-audit services, including services exceeding pre-approved cost levels.

(e)(2) None of the services described in each of Items 4(b) through (d) were approved by the audit committee pursuant to paragraph (c)(7)(i)(C) of Rule 2-01 of Regulation S-X.

(f) Not Applicable

(g) Affiliates' Aggregate Non-Audit Fees:

Municipal Income Trust	\$298,149	\$293,617
---------------------------	-----------	-----------

Edgar Filing: BLACKROCK NEW YORK MUNICIPAL INCOME TRUST - Form N-CSR

(h) The registrant's audit committee has considered and determined that the provision of non-audit services that were rendered to the registrant's investment adviser (not including any non-affiliated sub-adviser whose role is primarily portfolio management and is subcontracted with or overseen by the registrant's investment adviser), and any entity controlling, controlled by, or under common control with the investment adviser that provides ongoing services to the registrant that were not pre-approved pursuant to paragraph (c)(7)(ii) of Rule 2-01 of Regulation S-X is compatible with maintaining the principal accountant's independence.

Regulation S-X Rule 2-01(c)(7)(ii) □ \$287,500, 0%

Item 5 □ Audit Committee of Listed Registrants □ The following individuals are members of the registrant's separately-designated standing audit committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(58)(A)):

Richard E. Cavanagh (not reappointed to audit committee as of November 1, 2007)

Kent Dixon

Frank J. Fabozzi

James T. Flynn (term began effective November 1, 2007)

W. Carl Kester (term began effective November 1, 2007)

Karen P. Robards (term began effective November 1, 2007)

Robert S. Salomon, Jr. (term began effective November 1, 2007)

Item 6 □ Investments

(a) The registrant's Schedule of Investments is included as part of the Report to Stockholders filed under Item 1 of this form.

(b) Not Applicable due to no such divestments during the semi-annual period covered since the previous Form N-CSR filing.

Item 7 □ Disclosure of Proxy Voting Policies and Procedures for Closed-End Management Investment Companies □

The Board of Directors of the Fund has delegated the voting of proxies for the Fund securities to the Investment Adviser pursuant to the Investment Adviser's proxy voting guidelines.

Under these guidelines, the Investment Adviser will vote proxies related to Fund securities in the best interests of the Fund and its stockholders. From time to time, a vote may present a conflict between the interests of the Fund's stockholders, on the one hand, and those of the Investment Adviser, or any affiliated person of the Fund or the Investment Adviser, on the other. In such event, provided that the Investment Adviser's Equity Investment Policy Oversight Committee, or a subcommittee thereof (the "Committee") is aware of the real or potential conflict or material non-routine matter and if the Committee does not reasonably believe it is able to follow its general voting guidelines (or if the particular proxy matter is not addressed in the guidelines) and vote impartially, the Committee may retain an independent fiduciary to advise the Committee on how to vote or to cast votes on behalf of the Investment Adviser's clients. If the Investment Adviser determines not to retain an independent fiduciary, or does not desire to follow the advice of such independent fiduciary, the Committee shall determine how to vote the proxy after consulting with the Investment Adviser's Portfolio Management Group and/or the Investment Adviser's Legal and Compliance Department and concluding that the vote cast is in its client's best interest notwithstanding the conflict. A copy of the Fund's Proxy Voting Policy and Procedures are attached as Exhibit 99.PROXYPOL. Information on how the Fund voted proxies relating to portfolio

Edgar Filing: BLACKROCK NEW YORK MUNICIPAL INCOME TRUST - Form N-CSR

securities during the most recent 12-month period ended June 30 is available without charge, (i) at www.blackrock.com and (ii) on the SEC's website at http://www.sec.gov.

Item 8 Portfolio Managers of Closed-End Management Investment Companies as of July 31, 2008.

(a)(1) BlackRock New York Municipal Income Trust is managed by a team of investment professionals comprised of Timothy T. Browse, Theodore R. Jaeckel and Walter O'Connor. Each is a member of BlackRock's municipal tax-exempt management group. Each is jointly responsible for the day-to-day management of the Fund's portfolio, which includes setting the Fund's overall investment strategy, overseeing the management of the Fund and/or selection of its investments. Messrs. Browse, Jaeckel and O'Connor have been members of the Fund's management team since 2006.

Mr. Jaeckel joined BlackRock in 2006. Prior to joining BlackRock, he was a Managing Director (Municipal Tax-Exempt Fund Management) of Merrill Lynch Investment Managers, L.P. (MLIM) from 2005 to 2006 and a Director of MLIM from 1997 to 2005. He has been a portfolio manager with BlackRock or MLIM since 1991.

Mr. O'Connor joined BlackRock in 2006. Prior to joining BlackRock, he was a Managing Director (Municipal Tax-Exempt Fund Management) of MLIM from 2003 to 2006 and was a Director of MLIM from 1997 to 2002. He has been a portfolio manager with BlackRock or MLIM since 1991.

Mr. Browse joined BlackRock in 2006. Prior to joining BlackRock, he was a Vice President (Municipal Tax-Exempt Fund Management) of MLIM from 2004 to 2006. He has been a portfolio manager with BlackRock or MLIM since 2004. From 2000 to 2003, he was a Vice President, portfolio manager and team leader of the Municipal Investment Team with Lord Abbott & Co.

(a)(2) As of July 31, 2008:

Name of Portfolio Manager	Number of Other Accounts Managed and Assets by Account Type			Number of Other Accounts and Assets for Which Advisory Fee is Performance-Based		
	Other Registered Investment Companies	Other Pooled Investment Vehicles	Other Accounts	Other Registered Investment Companies	Other Pooled Investment Vehicles	Other Accounts
Timothy T. Browse	12 \$2.66 Billion	0 \$0	0 \$0	0 \$0	0 \$0	0 \$0
Theodore R. Jaeckel, Jr.	81 \$19.3 Billion	0 \$0	0 \$0	0 \$0	0 \$0	0 \$0
Walter O'Connor	81 \$19.3 Billion	0 \$0	0 \$0	0 \$0	0 \$0	0 \$0

(iv) Potential Material Conflicts of Interest

BlackRock, Inc. and its affiliates (collectively, herein "BlackRock") has built a professional working environment, firm-wide compliance culture and compliance procedures and systems designed to protect against potential incentives that may favor one account over another. BlackRock has adopted policies and procedures that address the allocation of investment opportunities, execution of portfolio transactions, personal trading by employees and other potential conflicts of interest that are

designed to ensure that all client accounts are treated equitably over time. Nevertheless, BlackRock furnishes investment management and advisory services to numerous clients in addition to the Fund, and BlackRock may, consistent with applicable law, make investment recommendations to other clients or accounts (including accounts which are hedge funds or have performance or higher fees paid to BlackRock, or in which portfolio managers have a personal interest in the receipt of such fees), which may be the same as or different from those made for the Fund. In addition, BlackRock, its affiliates and any officer, director, stockholder or employee may or may not have an interest in the securities whose purchase and sale BlackRock recommends to the Fund. BlackRock, or any of its affiliates, or any officer, director, stockholder, employee or any member of their families may take different actions than those recommended to the Fund by BlackRock with respect to the same securities. Moreover, BlackRock may refrain from rendering any advice or services concerning securities of companies of which any of BlackRock's (or its affiliates') officers, directors or employees are directors or officers, or companies as to which BlackRock or any of its affiliates or the officers, directors or employees of any of them has any substantial economic interest or possesses material non-public information. Each portfolio manager also may manage accounts whose investment strategies may at times be opposed to the strategy utilized for a fund. In this regard, it should be noted that a portfolio manager may currently manage certain accounts that are subject to performance fees. In addition, a portfolio manager may assist in managing certain hedge funds and may be entitled to receive a portion of any incentive fees earned on such funds and a portion of such incentive fees may be voluntarily or involuntarily deferred. Additional portfolio managers may in the future manage other such accounts or funds and may be entitled to receive incentive fees.

As a fiduciary, BlackRock owes a duty of loyalty to its clients and must treat each client fairly. When BlackRock purchases or sells securities for more than one account, the trades must be allocated in a manner consistent with its fiduciary duties. BlackRock attempts to allocate investments in a fair and equitable manner among client accounts, with no account receiving preferential treatment. To this end, BlackRock has adopted a policy that is intended to ensure that investment opportunities are allocated fairly and equitably among client accounts over time. This policy also seeks to achieve reasonable efficiency in client transactions and provide BlackRock with sufficient flexibility to allocate investments in a manner that is consistent with the particular investment discipline and client base.

(a)(3) As of July 31, 2008:

Portfolio Manager Compensation Overview

BlackRock's financial arrangements with its portfolio managers, its competitive compensation and its career path emphasis at all levels reflect the value senior management places on key resources. Compensation may include a variety of components and may vary from year to year based on a number of factors. The principal components of compensation include a base salary, a performance-based discretionary bonus, participation in various benefits programs and one or more of the incentive compensation programs established by BlackRock such as its Long-Term Retention and Incentive Plan.

Base compensation. Generally, portfolio managers receive base compensation based on their seniority and/or their position with the firm. Senior portfolio managers who perform additional management functions within the portfolio management group or within BlackRock may receive additional compensation for serving in these other capacities.

Discretionary Incentive Compensation

Discretionary incentive compensation is a function of several components: the performance of BlackRock, Inc., the performance of the portfolio manager's group within BlackRock, the investment performance, including risk-adjusted returns, of the firm's assets under management or supervision by that portfolio manager relative to predetermined benchmarks, and the individual's seniority, role within the portfolio management team, teamwork and contribution to the overall performance of these portfolios and BlackRock. In most cases, including for the portfolio managers of the Fund, these benchmarks are the same as the benchmark or benchmarks against which the performance of the Fund or other accounts managed by the portfolio managers are measured. BlackRock's Chief Investment Officers determine the benchmarks against which the performance of funds and other accounts managed by each portfolio manager is compared and the period of time over which performance is evaluated. With respect to the portfolio managers, such benchmarks for the Fund include a combination of market-based indices (e.g. Lehman Brothers Municipal Bond Index), certain customized indices and certain fund industry peer groups.

BlackRock's Chief Investment Officers make a subjective determination with respect to the portfolio managers' compensation based on the performance of the funds and other accounts managed by each portfolio manager relative to the various benchmarks noted above. Performance is measured on both a pre-tax and after-tax basis over various time periods including 1, 3, 5 and 10-year periods, as applicable.

Distribution of Discretionary Incentive Compensation

Discretionary incentive compensation is distributed to portfolio managers in a combination of cash and BlackRock, Inc. restricted stock units which vest ratably over a number of years. The BlackRock, Inc. restricted stock units, if properly vested, will be settled in BlackRock, Inc. common stock. Typically, the cash bonus, when combined with base salary, represents more than 60% of total compensation for the portfolio managers. Paying a portion of annual bonuses in stock puts compensation earned by a portfolio manager for a given year "at risk" based on BlackRock's ability to sustain and improve its performance over future periods.

Long-Term Retention and Incentive Plan (LTIP) □ The LTIP is a long-term incentive plan that seeks to reward certain key employees. Beginning in 2006, awards are granted under the LTIP in the form of BlackRock, Inc. restricted stock units that, if properly vested and subject to the attainment of certain performance goals, will be settled in BlackRock, Inc. common stock. Each portfolio manager has received awards under the LTIP.

Deferred Compensation Program □ A portion of the compensation paid to eligible BlackRock employees may be voluntarily deferred into an account that tracks the performance of certain of the firm's investment products. Each participant in the deferred compensation program is permitted to allocate his deferred amounts among the various investment options. Each portfolio manager has participated in the deferred compensation program.

Other compensation benefits. In addition to base compensation and discretionary incentive compensation, portfolio managers may be eligible to receive or participate in one or more of the following:

Incentive Savings Plans □ BlackRock, Inc. has created a variety of incentive savings plans in which BlackRock employees are eligible to participate, including a 401(k) plan, the

Edgar Filing: BLACKROCK NEW YORK MUNICIPAL INCOME TRUST - Form N-CSR

BlackRock Retirement Savings Plan (RSP), and the BlackRock Employee Stock Purchase Plan (ESPP). The employer contribution components of the RSP include a company match equal to 50% of the first 6% of eligible pay contributed to the plan capped at \$4,000 per year, and a company retirement contribution equal to 3% of eligible compensation, plus an additional contribution of 2% for any year in which BlackRock has positive net operating income. The RSP offers a range of investment options, including registered investment companies managed by the firm. BlackRock contributions follow the investment direction set by participants for their own contributions or, absent employee investment direction, are invested into a balanced portfolio. The ESPP allows for investment in BlackRock common stock at a 5% discount on the fair market value of the stock on the purchase date. Annual participation in the ESPP is limited to the purchase of 1,000 shares or a dollar value of \$25,000. Each portfolio manager is eligible to participate in these plans

(a)(4) *Beneficial Ownership of Securities*. As of July 31, 2008, none of Messrs. Browse, Jaeckel or O'Connor beneficially owned any stock issued by the Fund.

Item 9 Purchases of Equity Securities by Closed-End Management Investment Company and Affiliated Purchasers Not Applicable due to no such purchases during the period covered by this report.

Item 10 Submission of Matters to a Vote of Security Holders The registrant's Nominating and Governance Committee will consider nominees to the board of directors recommended by shareholders when a vacancy becomes available. Shareholders who wish to recommend a nominee should send nominations that include biographical information and set forth the qualifications of the proposed nominee to the registrant's Secretary. There have been no material changes to these procedures.

Item 11 Controls and Procedures

11(a) The registrant's principal executive and principal financial officers or persons performing similar functions have concluded that the registrant's disclosure controls and procedures (as defined in Rule 30a-3(c) under the Investment Company Act of 1940, as amended (the "1940 Act")) are effective as of a date within 90 days of the filing of this report based on the evaluation of these controls and procedures required by Rule 30a-3(b) under the 1940 Act and Rule 13a-15(b) under the Securities Exchange Act of 1934, as amended.

11(b) There were no changes in the registrant's internal control over financial reporting (as defined in Rule 30a-3(d) under the 1940 Act) that occurred during the second fiscal quarter of the period covered by this report that have materially affected, or are reasonably likely to materially affect, the registrant's internal control over financial reporting.
