- (a) The Market Value Total Return is calculated assuming a purchase of Common Stock on the opening of the first business day and a sale on the closing of the last business day of each period reported. Dividends and distributions, if any, are assumed for the purposes of this calculation, to be reinvested at prices obtained under the Fund's Distribution Reinvestment and Cash Purchase Plan. Net Asset Value Total Return is calculated on the same basis, except that the Fund's net asset value is used on the purchase and sale dates instead of market value.
- (b) Expense ratios based on total average net assets including liquidation value of Preferred Stock were 1.38%, 1.30%, 1.12%, 1.06% and 1.06% for the periods ended December 31, 2002, 2001, 2000, 1999 and 1998, respectively.
- (c) Expense ratios based on average net assets applicable to Common Stockholders before waiver of fees by the investment adviser would have been 1.82%, 1.65%, 1.51%, 1.48% and 1.34% for the periods ended December 31, 2002, 2001, 2000, 1999 and 1998, respectively.

ROYCE VALUE TRUST, INC.

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Royce Value Trust, Inc. ("the Fund") was incorporated under the laws of the State of Maryland on July 1, 1986 as a diversified closed-end investment company. The Fund commenced operations on November 26, 1986. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

VALUATION OF INVESTMENTS:

Securities listed on an exchange or on the Nasdaq National Market System (NMS) are valued on the basis of the last reported sale prior to the time the valuation is made or, if no sale is reported for such day, at their bid price for exchange-listed securities and at the average of their bid and asked prices for Nasdaq NMS securities. Quotations are taken from the market where the security is primarily traded. Other over-the-counter securities for which market quotations are readily available are valued at their bid price. Securities for which market quotations are not readily available are valued at their fair value under procedures established by the Fund's Board of Directors. Bonds and other fixed income securities may be valued by reference to other securities with comparable ratings, interest rates and maturities, using established independent pricing services.

INVESTMENT TRANSACTIONS AND RELATED INVESTMENT INCOME:

Investment transactions are accounted for on the trade date. Dividend income is recorded on the ex-dividend date and any non-cash dividend income is recorded at the fair market value of the securities received. Interest income is recorded on the accrual basis. Realized gains and losses from investment transactions are determined on the basis of

Edgar Filing: ROYCE VALUE TRUST INC - Form N-CSR/A

identified cost for book and tax purposes.

EXPENSES:

The Fund incurs direct and indirect expenses. Expenses directly attributable to the Fund are charged to the Fund's operations, while expenses applicable to more than one of the Royce Funds are allocated in an equitable manner. Allocated personnel and occupancy costs related to The Royce Funds are included in administrative and office facilities expenses. The Fund has adopted a deferred fee agreement that allows the Fund's Directors to defer the receipt of all or a portion of Directors' Fees otherwise payable. The deferred fees remain invested in certain Royce Funds until distributed in accordance with the agreement.

TAXES:

As a qualified regulated investment company under Subchapter M of the Internal Revenue Code, the Fund is not subject to income taxes to the extent that it distributes substantially all of its taxable income for its fiscal year. The Schedule of Investments includes information regarding income taxes under the caption "Income Tax Information".

DISTRIBUTIONS:

The Fund currently has a policy of paying quarterly distributions on the Fund's Common Stock. Distributions are currently being made at the annual rate of 9% of the rolling average of the prior four calendar quarter-end NAVs of the Fund's Common Stock, with the fourth quarter distribution being the greater of 2.25% of the rolling average or the distribution required by IRS regulations. Distributions to Preferred Stockholders are recorded on an accrual basis and paid quarterly. Distributions are determined in accordance with income tax regulations that may differ from accounting principles generally accepted in the United States of America. Permanent book and tax basis differences relating to stockholder distributions will result in reclassifications within the capital accounts. Undistributed net investment income may include temporary book and tax basis differences, which will reverse in a subsequent period. Any taxable income or gain remaining undistributed at fiscal year end is distributed in the following year.

REPURCHASE AGREEMENTS:

The Fund enters into repurchase agreements with respect to its portfolio securities solely with State Street Bank and Trust Company ("SSB&T"), the custodian of its assets. The Fund restricts repurchase agreements to maturities of no more than seven days. Securities pledged as collateral for repurchase agreements, which are held by SSB&T until maturity of the repurchase agreements, are marked-to-market daily and maintained at a value at least equal to the principal amount of the repurchase agreement (including accrued interest). Repurchase agreements could involve certain risks in the event of default or insolvency of SSB&T, including possible delays or restrictions upon the ability of the Fund to dispose of the underlying securities.

2. SECURITIES LENDING:

The Fund loans securities to qualified institutional investors for the purpose of realizing additional income. This income is included in interest

income. Collateral on all securities loaned for the Fund is accepted in cash and is invested temporarily, typically, and specifically at December 31, 2002, in a registered money market fund, by the custodian. The collateral is equal to at least 100% of the current market value of the loaned securities.

3. CAPITAL STOCK:

The Fund currently has two issues of Preferred Stock outstanding: 7.80% Cumulative Preferred Stock and 7.30% Tax-Advantaged Cumulative Preferred Stock. Both issues of Preferred Stock have a liquidation preference of \$25.00 per share.

Under the Investment Company Act of 1940, the Fund is required to maintain an asset coverage of at least 200% for the Preferred Stock. In addition, pursuant to the Rating Agency Guidelines established by Moody's, the Fund is required to maintain a certain discounted asset coverage. The Fund has met these requirements since issuing Preferred Stock.

The Fund is required to allocate long-term capital gain distributions and other types of income proportionately to distributions made to holders of shares of Common Stock and Preferred Stock. To the extent that distributions are not paid from long-term capital gains, net investment income or net short-term capital gains, they will represent a return of capital. The Fund issued 2,615,641 and 2,167,201 shares of Common Stock as reinvestment of distributions by Common Stockholders for the years ended December 31, 2002 and 2001, respectively.

4. INVESTMENT ADVISORY AGREEMENT:

As compensation for its services under the Investment Advisory Agreement, Royce & Associates, LLC ("Royce") receives a fee comprised of a Basic Fee ("Basic Fee") and an adjustment to the Basic Fee based on the investment performance of the Fund in relation to the investment record of the S&P 600 SmallCap Index ("S&P 600").

The Basic Fee is a monthly fee equal to 1/12 of 1% (1% on an annualized basis) of the average of the Fund's month-end net assets attributable to common stockholders plus liquidation value of Preferred Stock for the rolling 60-month period ending with such month. The Basic Fee for each month is increased or decreased at the rate of 1/12 of .05% for each percentage point that the investment performance of the Fund exceeds, or is exceeded by, the percentage change in the investment record of the S&P 600 for the performance period by more than two percentage points. The maximum increase or decrease in the Basic Fee for any month may not exceed 1/12 of .5%. Accordingly, for each month, the maximum monthly fee rate as adjusted for performance is 1/12 of 1.5% and is payable if the investment performance of the Fund exceeds the percentage change in the investment record of the S&P 600 by 12 or more percentage points for the performance period, and the minimum monthly fee rate as adjusted for performance is 1/12 of .5% and is payable if the percentage change in the investment record of the S&P 600 exceeds the investment performance of the Fund by 12 or more percentage points for the performance period.

Notwithstanding the foregoing, Royce is not entitled to receive any fee for any month when the investment performance of the Fund for the rolling 36-month period ending with such month is negative. In the event that the Fund's investment performance for such a performance period is less than zero, Royce will not be required to refund to the Fund any fee earned in respect of any prior performance period. Royce has voluntarily committed to waive the portion of its investment advisory fee attributable to an issue of the Fund's Preferred Stock for any month in which the Fund's average annual NAV total return since issuance of the Preferred Stock fails to exceed the applicable Preferred Stock dividend rate. For the year ended December 31, 2002, the Fund accrued and paid Royce advisory fees totaling \$10,024,212, which is net of \$665,068 voluntarily waived by Royce.

8. PREFERRED STOCK PRESENTATION

To reflect recent accounting guidance from the Securities and Exchange Commission, the Statement of Assets and Liabilities has been modified to present the liquidation value of Preferred Stock below Liabilities and above Net Assets Applicable to Common Stockholders. As revised, Preferred Stock is no longer included as a component of net assets of the Fund. Likewise, the Statement of Operations, the Statement of Changes in Net Assets, and the Financial Highlights have been revised to show distributions to Preferred Stockholders as a component of the net decrease in net assets applicable to Common Stockholders resulting from investment operations. These modifications do not change the amount of net assets applicable to Common Stockholders, the net asset value per share of Common Stock, or the total return per share of Common Stock.

ITEM 7: DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES -

In June 2003, in response to rules adopted by the Commission, Royce adopted written proxy voting policies and procedures (the "Proxy Voting Procedures") for itself, the Fund, and all The Royce Funds and clients accounts for which Royce is responsible for voting proxies. The Board of Directors of the Fund has delegated all proxy voting decisions to Royce. In voting proxies, Royce is guided by general fiduciary principles. Royce's goal is to act prudently, solely in the best interest of the beneficial owners of the accounts it manages. Royce attempts to consider all factors of its vote that could affect the value of the investment and will vote proxies in the manner it believes will be consistent with efforts to enhance and/or protect stockholder value.

Royce personnel are responsible for monitoring receipt of all proxies and ensuring that proxies are received for all securities for which Royce has proxy voting responsibility. Royce divides proxies into "regularly recurring" and "non-regularly recurring" matters. Examples of regularly recurring matters include non-contested elections of directors and non-contested approvals of independent auditors. Regularly recurring matters are usually voted as recommended by the issuer's board of directors or management. Non-regularly recurring matters are brought to the attention of portfolio manager(s) for the applicable account(s) and, after giving consideration to advisories provided by an independent third party research firm, the portfolio manager(s) directs that such matters be voted in a way that he believes should better protect or enhance the value of the investment. If the portfolio manager determines that information relating to a proxy requires additional analysis, is missing, or is incomplete, the portfolio manager will give the proxy to an analyst or another portfolio manager for review and analysis. Under certain circumstances, Royce may vote against a proposal from the issuer's board of directors or management. Royce's portfolio managers decide these issues on a case-by-case basis. A Royce

Edgar Filing: ROYCE VALUE TRUST INC - Form N-CSR/A

portfolio manager may, on occasion, decide to abstain from voting a proxy or a specific proxy item when such person concludes that the potential benefit of voting is outweighed by the cost or when it is not in the client's best interest to vote.

In furtherance of Royce's goal to vote proxies in the best interests of its clients, Royce follows specific procedures outlined in the Proxy Voting Procedures to identify, assess and address material conflicts that may arise between Royce's interests and those of its clients before voting proxies on behalf of such clients. In the event such a material conflict of interest is identified, the proxy will be voted by Royce in accordance with the recommendation given by an independent third party research firm.
