Each employment agreement also provides for a stock option grant vesting 1/3 upon issuance, 1/3 on the first anniversary of the respective employment agreement and 1/3 on the second anniversary of the respective employment agreement. Each employment agreement also contains a "change of control" severance arrangement if the employee is not retained in our employ after a change of control.

Stock Option Plans

Our board of directors and stockholders adopted a new stock option plan in February 2002 (the "2001 stock option plan"). Since the approval of the 2001 stock option plan, no new options were granted under our 1996 stock option plan and our 1996 director stock option plan, and any shares of common stock reserved for issuance upon the exercise of options that were not issued under such plans were cancelled. However, the terms of any option issued under the 1996 stock option plan and the 1996 director stock option plan will continue to be governed by such plans and by the option agreements currently in effect for such options.

Pursuant to the 2001 stock option plan, an aggregate amount of 2,400,000 shares of our common stock are reserved for issuance upon exercise of options granted thereunder. The option price per share of common stock may be any price determined by the 2001 stock option plan administrators, except that incentive stock option grants may not be less than fair market value per share of common stock on the date of grant (or not less than 110% of the fair market value for stockholders who own more than 10% of the company's stock).

The compensation committee administers our stock option plans. The compensation committee determines which persons will receive options and the number of options to be granted to such persons. The compensation committee also interprets the provisions of the stock option plans and makes all other determinations that it deems necessary or advisable for the administration of the stock option plans.

Pursuant to the 2001 stock option plan we may grant incentive stock options as defined in Section 422(b) of the Internal Revenue Code of 1986, as amended, (the "Code"), and non-qualified stock options, not intended to qualify under Section 422(b) of the Code. The price at which our common stock may be purchased upon the exercise of options granted under the 2001 stock option plan will be required to be at least equal to the per share fair market value of the common

Edgar Filing: TIMCO AVIATION SERVICES INC - Form 10-K/A

stock on the date the particular options are granted. Options granted under the 2001 stock option plan may have maximum terms of not more than 10 years and are not transferable, except by will or the laws of descent and distribution. None of the incentive stock options under the stock option plan may be granted to an individual owning more than 10% of the total combined voting power of all classes of stock issued by us unless the purchase price of the common stock under such option is at least 110% of the fair market value of the shares issuable on exercise of the option determined as of the date the option is granted, and such option is not exercisable more than five years after the grant date.

Generally, options granted under the 2001 stock option plan options may remain outstanding and may be exercised at any time up to three months after the person to whom such options were granted is no longer employed or retained by us or serving on our board of directors.

Pursuant to the 2001 stock option plan, unless otherwise determined by the compensation committee, one-third of the options granted to an individual is exercisable on the first anniversary of such grant, one-third is exercisable on the second anniversary of such grant and the final one-third is exercisable on the third anniversary of such grant. However, our board has

9

the discretion to make appropriate adjustments, including accelerating the vesting, to the outstanding options granted under the 2001 stock option plan if we undergo a "change of control." A "change in control" of TIMCO is generally is deemed to occur when (a) any person (other than our majority-owned subsidiary, our compensation plan or any person (other than our majority-owned subsidiary, our compensation plan or Lacy Harber and his affiliates) becomes the beneficial owner of or acquires voting control with respect to more than 20% of the common stock; (b) a change occurs in the composition of a majority of our board of directors during a two-year period, provided that a change with respect to a member of our board of directors shall be deemed not to have occurred if the appointment of a member of our board of directors is approved by a vote of at least 75% of the individuals who constitute the then existing board of directors; or (c) our stockholders approve the sale of all or substantially all of our assets.

Incentive stock options granted under the 2001 stock option plan are subject to the restriction that the aggregate fair market value (determined as of the date of grant) of options, which first become exercisable in any calendar year cannot exceed \$100,000 per individual.

The 2001 stock option plan provides for appropriate adjustment to the number and type of shares covered by such options granted thereunder in the event of any reorganization, merger, recapitalization or certain other transactions involving us.

As of the date of this Form 10-K/A, options to purchase 2,231,250 shares had been granted under the 2001 Stock Option Plan (772,917 of which are currently vested), 1,300,000 of which had been granted to our executive officers (433,333 of which are currently vested). Additionally, options to purchase 800,000 shares had been granted to one of our executive officers outside of the 2001 Stock Option Plan, 266,667 of which are currently vested. Further options to purchase 273,000 shares remain outstanding under previous option plans and agreements.

Compensation Committee Interlocks and Insider Participation

Recent Capital and Equity Restructuring and Change of Control

In February 2002 we completed a significant restructuring of our capital and equity. Our restructuring consisted of four parts. The first part was a reverse split (on a one-share-for-ten-shares basis) of our outstanding common stock, reducing our outstanding common shares from 15 million shares to 1.5 million shares (5% of the restructured entity). The second part was an offer to the holders of the \$165 million of our 8 1/8% senior subordinated notes due 2008 to exchange their old notes (the "Old Notes") for up to \$10 million in cash, \$100 million of our Senior Notes, 4.5 million shares of our post-reverse split common stock (15% of the restructured entity) and five-year warrants to purchase an additional 3.0 million shares of our post-reverse split common stock at an exercise price of \$5.16 per share (the "Note Exchange"). A condition to the closing of the note exchange offer was that the holders of 80% or more of the outstanding Old Notes tender their Old Notes in the Note Exchange. The third part was a rights offering to our existing stockholders to raise funds to pay the cash portion of the note exchange offer and the expenses of the

Edgar Filing: TIMCO AVIATION SERVICES INC - Form 10-K/A

restructuring, and to provide us with working capital for our ongoing business operations. In the rights offering, we offered 24.0 million shares of our post-reverse split common stock (80% of the restructured entity) to raise \$20 million. In connection with the rights offering, Lacy J. Harber, our principal stockholder, agreed to purchase any unsold allotments. The last part consisted of the issuance to the pre-restructuring holders of our common stock of five-year warrants to purchase an additional 3.0 million shares of our post-reverse split common stock at an exercise price of \$5.16 per share.

On February 28, 2002, we completed all four parts of our restructuring. In the rights offering, we sold 12.1 million shares of our common stock to our existing stockholders (including Mr. Harber), and Mr. Harber purchased the balance of the shares offered in the rights offering pursuant to his obligation to purchase unsold allotments. Mr. Harber now owns 61% of our outstanding common stock and is our majority stockholder. In the Note Exchange, we exchanged \$148.8 million of our Old Notes (approximately 90% of the Old Notes) for \$5.1 million in cash, and all of the new Senior Notes, shares and warrants described above. We are using the net proceeds of the rights offering, approximating \$10.0 million after payment of the cash proceeds of the Note Exchange and the expenses of our restructuring, to reduce trade payables and to provide working capital for our ongoing business operations.

By virtue of his ownership of more than a majority of our outstanding shares, Mr. Harber is able to control the vote on all matters submitted to the vote of our stockholders and therefore, able to direct our management and policies, including, but not limited to, the election of our entire board of directors. In addition, under such circumstances, we will not, without Mr. Harber's approval, be able to consummate transactions involving an actual or potential change in our control, including transactions in which the holders of our common stock might otherwise receive a premium for their shares over then current market prices.

13

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS.

As of December 2, 1994, we entered into a 20-year lease with Aviation Properties, a Delaware general partnership ("Aviation Properties"), pursuant to which we leased our corporate headquarters and warehouse in Miami, Florida (the "Miami Property"). We were obligated to make annual payments under such lease in the amount of approximately \$893,000. Aviation Properties was an entity controlled by Robert Alpert, a former principal stockholder and director of TIMCO. In connection with the purchase of the Miami Property, we loaned Aviation Properties \$2.5 million and the loan was being repaid with interest at the rate of 8% per annum. In January 2001, we sold the loan to Lacy Harber, our principal stockholder, for 90% of the then outstanding balance of \$2.0 million. In connection with his purchase of the loan, Mr. Harber received a warrant to purchase 2,500 shares at an exercise price of \$36.25 per share. In March 2001, the Miami Property was sold and we were relieved of our remaining obligation under the lease agreement.

During 1999, 2000 and 2001, we leased certain real property from entities controlled by one of our directors, Ben Quevedo. These facilities were previously utilized as the headquarters of two of our MR&O operations. We have subsequently moved out of these facilities, although we remain liable on the leases. We recently subleased one of these facilities and are currently taking actions to defray our obligations under the second lease. During 1999, 2000 and 2001, we also utilized aircraft owned by an entity controlled by Mr. Quevedo. Payments for all of these items were approximately \$1.4 million in 1999, \$2.7 million in 2000 and \$400,000 in 2001.

In February 2001, we obtained a term loan from a financial institution. In connection with obtaining the term loan, four individuals provided credit support to the financial institution that advanced the loan. In return for providing credit support, each of these individuals (or entities under their control) were granted warrants to purchase 25,000 shares of our common stock at an exercise price of \$40.00 per share. Those providing credit support to the financial institution included Ben Quevedo, a director of our company, Robert Alpert, a former director and principal stockholder of our company, and Lacy Harber, our majority stockholder.

In April and May 2001, Messrs. Harber and Alpert provided credit support to us relating to our tax retention operating lease financing and with respect to a short-term increase in the above-described term loan. In return for providing such credit support, Mr. Alpert received a warrant to purchase 5,000 shares at an exercise price of \$17.50 per share and Mr. Harber received warrants to purchase 5,000 shares and 33,333 shares at exercise prices of \$17.50 and \$14.00 per share, respectively.

Mr. Schwartz is a stockholder in Akerman, Senterfitt & Eidson, P.A., which has in the past and continues to perform significant legal services for us. The fees paid by us to Akerman, Senterfitt & Eidson, P.A. for legal services rendered are no greater than those that would be charged to us by an unrelated third party law firm.

We believe that the terms of the above-described related party transactions were no less favorable than could be obtained from unaffiliated third parties.
