ABOUT THE MEETING

WHAT IS THE PURPOSE OF THE MEETING?

At the meeting, holders of our common stock will act upon the matters described in the foregoing notice of the meeting -- the election of eleven directors and the ratification of the selection of PricewaterhouseCoopers LLP as our independent accountants for the year ending December 31, 2003.

Only stockholders of record on March 13, 2003, the record date for the meeting, are entitled to receive notice of and to vote at the meeting.

Stockholders who vote by telephone or the Internet may change their votes by re-voting by telephone or the Internet within the time periods listed above. A stockholder's last timely vote, including via the Internet or telephone, is the one that is counted.

WHAT CONSTITUTES A QUORUM?

Stockholders entitled to cast at least a majority of the votes that all stockholders are entitled to cast must be present at the meeting in person or by proxy to constitute a quorum for the transaction of business. At the close of business on March 13, 2003, the record date, there were 51,787,375 shares of our common stock outstanding.

WHAT VOTE IS REQUIRED TO APPROVE EACH ITEM?

The eleven nominees for election as directors who receive the greatest number of votes will be elected directors. Approval of the ratification of the selection of PricewaterhouseCoopers LLP as our independent accountants for 2003 requires the affirmative vote of a majority of the votes cast at the meeting. COMPENSATION OF DIRECTORS

DIRECTOR FEES. Our non-employee directors are paid a \$20,000 annual fee. During 2002, a fee of \$1,000 was paid to each non-employee director for attendance at each meeting of our Board and for attendance at any committee meeting, as a committee member, not held in conjunction with a meeting of our Board. Our non-employee directors were paid \$222,000 in the aggregate in 2002 as compensation for serving as directors. Only non-employee directors are compensated for serving as directors. Non-employee directors now receive a fee of \$1,500 per board meeting and committee meeting held on a day on which a board meeting is not held and a fee of \$750 for each telephonic board or committee meeting. In addition, non-employee directors will be paid a fee of \$1,000 for each committee meeting held on the same day as a board meeting if the committee meeting lasts for a substantial period of time. The annual fee will remain \$20,000, but committee chairmen will receive an additional annual fee of \$3,000. For purposes of annual fees, a new annual

Edgar Filing: NEWFIELD EXPLORATION CO /DE/ - Form DEF 14A

RESTRICTED STOCK. Pursuant to our 2000 Non-Employee Director Restricted Stock Plan each of our directors who is in office immediately after an annual meeting of stockholders and who has not been an employee of our company at any time since the beginning of the calendar year preceding the calendar year

6

in which the annual meeting is held receives a number of restricted shares of our common stock determined by dividing \$30,000 by the closing sales price of our common stock on the NYSE on the date of the annual meeting (rounded down to nearest whole share). In addition, each eligible non-employee director who is appointed to our Board (not in connection with an annual meeting of stockholders) is granted, effective on the date of appointment, a number of restricted shares of our common stock determined by dividing \$30,000 by the closing sales price of our common stock on the NYSE on the date of appointment (rounded down to nearest whole share). With respect to all such grants, the restrictions lapse on the day before the first annual meeting of stockholders following the date of grant. - (1) The options expire 10 years from the date of grant. Twenty percent of the options will vest on the first and each succeeding anniversary of the date of grant. The options were granted pursuant to our 2000 Omnibus Stock Plan.
- (2) The exercise price of the options is equal to the average of the high and low sales price of our common stock on the NYSE on the date of grant.
- (3) Calculated based upon the indicated rates of appreciation, compounded annually, from the date of grant to the end of each option term. Actual gains, if any, on stock option exercises and common stock holdings are dependent upon the future performance of our common stock and overall market conditions. There can be no assurance that the amounts reflected in this table will be achieved. The calculation does not take into account the effects, if any, of the terms and conditions of the options, including termination of options upon employment termination, restrictions on transfer and forfeiture prior to vesting.

EMPLOYMENT AGREEMENT

Contemporaneously with Joe B. Foster's retirement as our Chief Executive Officer on January 31, 2000, Mr. Foster entered into an employment agreement with us providing for Mr. Foster to be a non-officer employee of our company. The employment term under the agreement expired on February 15, 2003. Pursuant to the agreement, Mr. Foster was entitled to an annual base salary of \$225,000 and was eligible to participate in all benefit plans of the Company available to similarly situated employees. Mr. Foster is entitled to severance through January 30, 2005 at a rate of \$200,000 per year pursuant to the agreement.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Messrs. Duncan, Newman, Ricks and Hendrix and Mmes. Huffington and Farley served during all or part of 2002 on the Compensation Committee of our Board of Directors. There were no "interlocks" among any of the members of the Compensation Committee and any of our executive officers.

Prior to our acquisition of Lariat Petroleum in January 2001, Warburg, Pincus Ventures, L.P. (WPV) owned approximately 88% of the outstanding capital stock of Lariat on a fully diluted basis. In the acquisition, WPV received cash and 1,864,735 shares of our common stock for its Lariat stock. In connection

Edgar Filing: NEWFIELD EXPLORATION CO /DE/ - Form DEF 14A

with the acquisition, we entered into a registration rights agreement with the former stockholders of Lariat that received our common stock in the acquisition, including WPV. Pursuant to this agreement, we filed a shelf registration statement under the Securities Act to register the reoffer and resale of these shares of common stock. We are required to maintain the effectiveness of the registration statement for the shorter of two years and the date upon which all of the shares covered by the registration statement have been sold. In addition, we agreed to provide customary indemnification and contribution for the benefit of the other parties to the registration rights agreement, including WPV.

The sole general partner of WPV is Warburg, Pincus & Co. (WP & Co.). Warburg Pincus LLC (WP LLC) manages WPV. Mr. Newman is a general partner of WP & Co and a Vice Chairman, Managing Director and member of WP LLC.

Three private equity funds (the WP funds) managed by WP LLC held all of the outstanding preferred stock of EEX Corporation prior to our acquisition of EEX and received an aggregate of 4,700,000 shares of our common stock in exchange for their EEX preferred stock in the acquisition. Concurrently with the execution of the merger agreement to acquire EEX, we entered into a registration rights agreement and a voting agreement with the WP funds. Pursuant to the registration rights agreement, we filed a shelf registration statement under the Securities Act to register the reoffer and resale of the shares of our common stock received by the WP funds in the acquisition. We are required to maintain the effectiveness of the registration statement until all of the shares of our common stock received by the WP funds in the acquisition have been sold or until such time as such shares are eligible for resale under Rule 144(k) under the Securities Act. In addition, if we propose to file a registration statement or a prospectus supplement to an already effective shelf registration statement with respect to an underwritten public offering of our common stock, the WP funds have the right to include their shares of our common stock in the registration, subject to certain limitations. We also agreed to provide customary indemnification and contribution for the benefit of the WP funds. Pursuant to the voting agreement, we paid the WP funds \$62,500, representing 50% of the filing fee paid by the WP funds in connection with antitrust filings they made in connection with the acquisition.

WP & Co is the sole general partner of the WP funds and Mr. Newman was a director of EEX prior to its acquisition. Individually, Mr. Newman received 3,250 shares of our common stock in exchange for 56,992 shares of EEX common stock he held prior to the acquisition.

Ms. Huffington is a principal owner of Huffco International L.L.C. and David A. Trice, our President and Chief Executive Officer, is a minority owner of Huffco. In May 1997, prior to Ms. Huffington and Mr. Trice becoming affiliated with us, we acquired from Huffco an entity now known as Newfield China, LDC, the owner of a 35% interest (subject to a 51% reversionary interest held by the Chinese government) in a production sharing contract area, referred to as "Block 05/36," in the Bohai Bay, offshore China. Huffco retained preferred shares of Newfield China that provide for an aggregate dividend equal to 10% of the excess of proceeds received by Newfield China from the sale of oil, gas and other minerals over all costs incurred with respect to exploration and production in Block 05/36, plus the cash purchase price we paid Huffco for Newfield China (\$6.2 million). At December 31, 2002, Newfield China had approximately \$36 million in unrecovered costs, no reserves and no revenue and, as a result, no dividends have been paid to date on its preferred shares.

INTERESTS OF MANAGEMENT AND OTHERS IN CERTAIN TRANSACTIONS

David A. Trice, President and Chief Executive Officer of the Company, is a minority owner of Huffco. See "-- Compensation Committee Interlocks and Insider Participation."

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our officers and directors and persons who own more than 10% of our common stock to file reports of ownership and changes in ownership with the SEC. These persons are required by SEC regulations to furnish us with copies of all Section 16(a) reports they file. Based solely on our review of the copies of such reports received by us and representations from certain reporting persons that they have complied with the relevant filing requirements, we believe that all such filing requirements were complied with during the year ended December 31, 2002 except as follows: On November 26, 2002, David A. Trice, our Chief Executive Officer, was granted an option to purchase 20,000 shares of our common stock; David F. Schaible, our Vice President -- Acquisitions and Development, Terry W. Rathert, our Vice President and Chief Financial Officer, and Elliott Pew, our Vice President -- Exploration, were each granted an option to purchase 10,000 shares of our common stock; and William D. Schneider, our Vice President -- International, was granted an option to purchase 5,000 shares of our common stock. Each of these grants should have been reported on a "Form 4" filing with the SEC no later than November 28, 2002 but were filed late on January 17, 2003.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee oversees the administration of compensation programs applicable to all employees of Newfield, including its executive officers. Executive compensation is reviewed at least annually by the Committee.

The Compensation Committee seeks to encourage growth in Newfield's oil and gas reserves, earnings and cash flow and to enhance stockholder value through the creation and maintenance of compensation opportunities that attract and retain committed, highly qualified personnel. To achieve those goals, the Committee believes that the compensation of all employees, including executive officers, should include the following components:

- a base salary that is competitive with compensation offered by other similar oil and gas exploration and production enterprises;
- annual incentive compensation, based on company performance and profitability, to reward achievement of company objectives, individual responsibility and productivity, high quality work and impact on company results;
- the opportunity to purchase common stock at a discount of at least 15% through the Employee Stock Purchase Plan and the provision of other equity incentives as motivators for all employees and to better align the interests of employees and stockholders; and
- case specific compensation plans to accommodate individual circumstances or nonrecurring situations as required.

A substantial portion of the compensation of Newfield's executive officers and its employees in general is provided through Newfield's incentive compensation plan and grants of stock options and restricted stock. Newfield also encourages executive officers and other highly compensated employees to save for retirement through its Deferred Compensation Plan.

INCENTIVE COMPENSATION PLAN. The 1993 Incentive Compensation Plan provided for the creation each calendar year of an award pool that, in general, was equal to the revenues that would be attributable to a 1% overriding royalty interest

Edgar Filing: NEWFIELD EXPLORATION CO /DE/ - Form DEF 14A

on acquired producing properties and a 2% overriding royalty interest on exploration properties, bearing on both the interest of Newfield and certain investors that participated in Newfield's activities in such properties and proportionately reduced to the interest of Newfield and such investors. If, for a particular year, the portion of the pool that related to Newfield's interests was in excess of 5% of Newfield's adjusted net income (as defined in the plan) for that year, such excess could not be awarded to employees. Awards could consist of both a current and deferred amount. The deferred portion of awards varied from year to year depending on the size of award pool, overall performance and other factors. Eligible employees could elect for all or a portion of deferred awards to be paid in common stock instead of cash. In such case, the number of shares of common stock to be awarded was determined by

11

using the fair market value of the common stock on the date of the award. Deferred Awards are paid in four annual installments, each installment consisting of 25% of the deferred award, plus interest on awards paid in cash. Payment of deferred awards generally is conditioned on continued employment -- a significant retention tool.

Effective January 1, 2003, Newfield's Board of Directors terminated the 1993 Incentive Compensation Plan and adopted the 2003 Incentive Compensation Plan. The 2003 plan is very similar to the old plan. Under the new plan, the incentive pool is generally equal to 5% of Newfield's adjusted net income (as defined in the plan) plus the revenues attributable to an overriding royalty interest bearing on the interest of investors as described above. For the past six years, the portion of the pool generated by the phantom overriding royalty interest bearing on Newfield's interest had been limited by the cap of 5% of Newfield's adjusted net income. The new plan also eliminates the option to elect to have all or a portion of a deferred award to be paid in common stock instead of cash. This option was infrequently used by employees. The primary reason for terminating the old plan and adopting the new plan is to eliminate the administrative burden of accounting for the phantom overriding royalty interest bearing on Newfield's interests and the administrative burden associated with the election to receive stock in lieu of cash with respect to deferred awards.

DEFERRED COMPENSATION PLAN. Newfield's highly compensated employee Deferred Compensation Plan allows an eligible employee to defer a portion of his or her salary or bonus on an annual basis. Newfield matches 100% of an employee's deferral up to 8% of the employee's salary, subject to limitations imposed by the plan. Newfield's contribution with respect to any particular employee is reduced to the extent that Newfield made contributions to the 401(k) Plan on behalf of that employee.

TAX DEDUCTIBILITY CONSIDERATIONS. Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to a public company for compensation paid to its chief executive officer and four other most highly compensated executive officers if the compensation of any these officers exceeds \$1 million in a particular year. Qualifying performance-based compensation is not subject to the deduction limit if certain requirements are met.

The Committee considers its primary goal to be the design of compensation strategies that further the best interests of Newfield and its stockholders. To the extent that they are not inconsistent with that goal, the Committee will attempt where practical to use compensation policies and programs that preserve the deductibility of compensation expense. Stock options granted under Newfield's stock option plans are designed to qualify as performance-based compensation. However, restricted stock awards and grants under Newfield's 1993 and 2003 Incentive Compensation Plans do not qualify as performance-based compensation for purposes of Section 162(m).

Edgar Filing: NEWFIELD EXPLORATION CO /DE/ - Form DEF 14A

EXECUTIVE COMPENSATION. Specific actions taken by the Compensation Committee regarding executive compensation are summarized below.

Base Salary. The Compensation Committee evaluated peer group information in setting base salary levels. Annual salary adjustments for Newfield's executive group are based on general levels of market salary increases, cost of living adjustments, individual performance and Newfield's overall financial and operating results, without any specific relative weight assigned to any of these factors.

Incentive Compensation Awards. Awards granted under the 1993 Incentive Compensation Plan to the named executive officers in February 2003 for the 2002 performance period are presented under "Bonus" in the Summary Compensation Table. The allocation of the available pool among employees was based upon an employee's position and level of responsibility at Newfield and an employee's impact on 2002 results (weighted approximately 40%), overall value to Newfield (e.g., leadership, consistency over a number of years) (weighted approximately 35%) and quality of performance (weighted approximately 25%). The Compensation Committee established awards for each of the executive officers after hearing the recommendations of Newfield's Chief Executive Officer. Based on the recommendation of Newfield's Chief Executive Officer, 30% of the grants were in the form of deferred awards.

Stock Option Awards. In February 2002, Each of Messrs. Schaible and Rathert was granted an option to purchase 15,000 shares of common stock and each of Messrs. Pew and Schneider was granted an option to purchase 10,000 shares of common stock. These awards are intended to provide these executive

12

officers with further incentive with respect to Newfield's future performance, to further align their interests with those of Newfield's stockholders and to reward them for their contribution to Newfield's performance in 2001.

In November 2002, each of Messrs. Schaible, Rathert and Pew was granted an option to purchase 10,000 shares of common stock and Mr. Schneider was granted an option to purchase 5,000 shares of common stock. These awards were made upon completion of Newfield's acquisition of EEX Corporation -- the most significant event of 2002. The awards are intended to help ensure that Newfield will retain the services of its highly valued employees, to provide further incentive and to reward the recipients for their past performance.

Restricted Stock Awards. In February 2002, the Compensation Committee awarded 10,000 restricted shares to each of Messrs. Schaible and Rathert pursuant to the 2000 Omnibus Plan. The value of these shares and the restricted shares awarded to Mr. Trice described below, on the date of their award, is reflected under "Long Term Compensation Awards" in the Summary Compensation Table. The restricted shares vest on the ninth anniversary of the date of grant. However, the restricted shares will vest earlier, at a rate of 20% per year, upon the achievement of certain annual performance targets (either (i) 10% or greater rate of return on average stockholders' equity or (ii) the addition of proved reserves during the performance year at least equal to production for the year). The awards were granted to these executive officers to provide them with further incentive with respect to Newfield's future performance, to further align their interests with those of Newfield's stockholders and to reward them for their contribution to Newfield's performance in 2002.

CHIEF EXECUTIVE OFFICER COMPENSATION. As described above, Newfield's executive compensation philosophy, including the compensation of its Chief Executive Officer, is a competitive base salary and incentive compensation based

Edgar Filing: NEWFIELD EXPLORATION CO /DE/ - Form DEF 14A

upon Newfield's performance. Specific actions taken by the Compensation Committee regarding Mr. Trice's compensation for the 2002 performance year are summarized below.

Base Salary. Mr. Trice's annual base salary increase of \$15,833 primarily represented a cost of living adjustment.

Incentive Compensation Plan. In February 2003, Mr. Trice received a \$385,000 current award and a \$165,000 deferred award for the 2002 performance period pursuant to the 1993 Incentive Compensation Plan. These awards were based on Mr. Trice's level of responsibility, his relative contribution to Newfield's performance in 2002, the quality of his performance and his value to Newfield.

Stock Plans. In February 2002, Mr. Trice was granted an option to acquire 20,000 shares of common stock and awarded 7,500 restricted shares pursuant to the 2000 Omnibus Plan. These actions were taken to provide him with further incentive with respect to Newfield's future performance, to further align his interests with those of Newfield's stockholders and to reward him for his contribution to Newfield's performance in 2001.

In November 2002, Mr. Trice was granted an option to acquire 20,000 shares of common stock pursuant to the 2000 Omnibus Plan. This award was made upon completion of Newfield's acquisition of EEX Corporation -- the most significant event of 2002. The award is intended to serve as a retention device, to provide further incentive and to reward Mr. Trice for his past performance.

STOCKHOLDER RETURN PERFORMANCE PRESENTATION

As required by applicable rules of the SEC, the performance graph shown below was prepared based upon the following assumptions:

- \$100 was invested in our common stock, the S&P 500, our "old peer group" and our "new peer group" on December 31, 1997 at the closing price on such date;
- investment in each of our peer groups is weighted based on the stock market capitalization of each individual company within the peer group at the beginning of the period; and
- dividends are reinvested on the ex-dividend dates.

OLD PEER GROUP. Our old peer group is composed of Apache Corporation, XTO Energy Inc., Devon Energy Corporation, EOG Resources Inc., Noble Energy, Inc., Pogo Producing Company, Seagull Energy Corporation and Vintage Petroleum, Inc. Seagull is included in the old peer group only until March 1999, when it was acquired by Ocean Energy Inc. For purposes of the Stockholder Return Performance Presentation, the Seagull investment was allocated pro rata based on investment value among the remainder of the old peer group companies at the time of its acquisition.

Edgar Filing: NEWFIELD EXPLORATION CO /DE/ - Form DEF 14A

NEW PEER GROUP. Our new peer group is composed of Cabot Oil and Gas Corporation, Chesapeake Energy Corporation, EOG Resources Inc., Forest Oil Corporation, Noble Energy, Inc., Pioneer Natural Resources Company, Pogo Producing Company, Stone Energy Corporation, The Houston Exploration Company and XTO Energy Inc. With the exception of two peer group companies that fell out of the group because they were acquired (Seagull Energy and The Louisiana Land & Exploration Company), we have used the same peer group since 1994. Some of the members of our old peer group have become major independents. Other members' strategies and the location of their reserves are now significantly different than ours. We believe our new peer group more accurately reflects our industry peers based on market capitalization and business focus.

AUDIT COMMITTEE REPORT

The Audit Committee consists of the five directors whose names appear below. Each member of the Audit Committee is "independent" as defined in Sections 303.01(B)(2)(a) and 303.01(B)(3) of the NYSE's listing standards. The primary purpose of the Audit Committee is to assist the Board of Directors in monitoring:

- the integrity of Newfield's financial reporting process and systems of internal controls regarding finance, accounting and legal and regulatory compliance; and
- the independence and performance of Newfield's independent accountants and internal audit function.

Its specific responsibilities are set forth in its charter, which is attached as Appendix A to Newfield's 2001 proxy statement.

The Audit Committee has reviewed and discussed with Newfield's management and PricewaterhouseCoopers LLP, Newfield's independent accountants, the audited financial statements of Newfield contained in its Annual Report on Form 10-K for the year ended December 31, 2002.

The Audit Committee has also discussed with Newfield's independent accountant the matters required to be discussed pursuant to SAS 61, 89 and 90, "Codification of Statements on Auditing Standards, Communication with Audit Committees." The Audit Committee has received and reviewed the written disclosures and the letter from PricewaterhouseCoopers LLP required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," and has discussed with PricewaterhouseCoopers LLP such independent accountants' independence. The Audit Committee also has considered whether the provision of non-audit services to Newfield by

Edgar Filing: NEWFIELD EXPLORATION CO /DE/ - Form DEF 14A

PricewaterhouseCoopers LLP is compatible with maintaining their independence.

Based on the review and discussion referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in Newfield's Annual Report on Form 10-K for the year ended December 31, 2002 to be filed with the SEC.

This report is submitted on behalf of the Audit Committee.
