**Item 1.01 Entry into a Material Definitive Agreement.**

On January 22, 2009, The Lubrizol Corporation (the Company) entered into an underwriting agreement (the Underwriting Agreement) with Citigroup Global Markets Inc., Deutsche Bank Securities Inc. and J.P. Morgan Securities Inc., as representatives of the several underwriters named therein (the Underwriters), relating to the offering and sale by the Company of \$500.0 million aggregate principal amount of its 8.875% Senior Notes due 2019 (the Notes). The Underwriting Agreement contains customary terms and conditions.

The offering of the Notes closed on January 27, 2009. The net proceeds payable from the offering of the Notes, after deducting the underwriters' discount and estimated offering expenses, were approximately \$492.5 million, and we intend to use the net proceeds for the repayment in full at maturity of the approximately \$381.8 million remaining aggregate principal amount of the Company's 4.625% Senior Notes, due on October 1, 2009. We intend to add the remaining net proceeds from the sale of the Notes to the Company's general corporate funds that may be used, including without limitation, to repay debt, finance acquisitions, fund share repurchases, finance capital expenditures and operating expenses and invest in any subsidiaries.

The Notes have been registered under the Securities Act of 1933, as amended, as part of the Company's Registration Statement on Form S-3ASR (File No. 333-154209) (the Registration Statement), as supplemented by the prospectus supplement dated January 22, 2009 (the Prospectus Supplement) relating to the Notes, filed with the Securities and Exchange Commission on October 14, 2008 and January 23, 2009, respectively. In connection with the offering of the Notes, certain of the exhibits filed herewith are incorporated by reference into the Registration Statement.

The Notes are governed by an Indenture, dated as of January 27, 2009, between the Company and Wells Fargo Bank, National Association as trustee (the Trustee), as supplemented by the First Supplemental Indenture, dated as of January 27, 2009 between the Company and the Trustee (the Indenture). The Indenture provides for customary events of default and contains certain negative covenants that limit the ability of the Company and its subsidiaries to grant liens on assets, to incur indebtedness and to enter into sale-leaseback transactions.

The Notes bear interest at a rate of 8.875% per year, and interest is payable on February 1 and August 1 of each year, beginning on August 1, 2009, to the holders of record at the close of business on the January 15 and July 15 prior to each interest payment date. The Notes will mature on February 1, 2019. The Company may redeem some or all of the Notes at any time at a redemption price that includes a make-whole premium, as described under the caption

Description of Notes - Optional Redemption in the Prospectus Supplement. In the event of a change in control triggering event, as defined in the Indenture, the Company may be required to make an offer to repurchase for cash the Notes at a purchase price equal to 101% of the principal amount of Notes, plus accrued and unpaid interest, if any. The Notes will be our senior unsecured obligations and will rank equally with all of our existing and future senior unsecured indebtedness. In addition, interest on the Notes is subject to adjustment from time to time if the credit rating assigned to the Notes is downgraded (or subsequently upgraded). The Notes will not be entitled to the benefit of a sinking fund.

time in the future, engage in transactions with and perform commercial and investment banking and advisory services for the Company and its subsidiaries, for which they have received or will receive customary fees and expenses.
